Changes in Executive Officers

On December 18, 2013, the Board of Directors of Cathay Bank, a subsidiary of Cathay General Bancorp (the “Company”), elected Irwin Wong as Senior Executive Vice President and Chief Retail Administration and Regulatory Affairs Officer of Cathay Bank. His previous responsibilities as Chief Risk Officer will be assumed by Kim R. Bingham, Executive Vice President, who has served as Chief Credit Officer of Cathay Bank. Donald S. Chow was elected as Executive Vice President and Chief Credit Officer of Cathay Bank to succeed Mr. Bingham as Chief Credit Officer. Also, Perry Oei was elected as Executive Vice President, General Counsel, and Secretary of the Company and Cathay Bank, having previously served as Senior Vice President, General Counsel, and Secretary. All such changes become effective January 1, 2014.

Award of Restricted Stock Units

On December 18, 2013, the Compensation Committee (the “Committee”) of the Board of Directors of the Company approved the award of performance-based restricted stock units under the Company’s 2005 Incentive Plan for certain named executive officers. Each restricted stock unit represents the right to receive one share of common stock of the Company, subject to adjustment as described below. The performance period for the restricted stock unit awards is the period ending December 31, 2016, and the performance criteria for the awards are diluted earnings per share (“EPS”) and total stockholder return (“TSR”), which are each the subject of separate award agreements.

The target restricted stock units awarded to named executive officers are as follows:

| Officer | Number of Restricted Stock Units Based on EPS | Number of Restricted Stock Units Based on TSR |
|-----------------|-----------------------------------------------|-----------------------------------------------|
| Dunson K. Cheng | 38,095 | 39,292 |
| Peter Wu | 17,142 | 17,681 |
| Heng W. Chen | 13,333 | 13,752 |
| Irwin Wong | 9,523 | 9,823 |

The number of target restricted stock units will be increased to the extent that dividends are paid on the Company’s common stock, as if reinvested on the ex-dividend date in additional shares.

(a) *Awards Based on EPS.* For the awards based on EPS, the Committee used a projected cumulative EPS for the three-year performance period to establish a target EPS. If the actual cumulative EPS for the three-year period equals the target, 100% of the restricted stock units will be earned scaled up to 150% of the units if the actual cumulative EPS is up to 15% or more than the target. If the actual cumulative EPS is less than 100%, but not more than 15% below the target, the number of units earned will be scaled down to 50%. If the actual cumulative EPS is more than 15% below the target, none of the restricted stock units will be earned.

If a Change in Control (as defined) occurs before December 31, 2014, 100% of the target restricted stock units based on EPS will be earned. If it occurs on or after December 31, 2014, and before December 31, 2015, or on or after December 31, 2015, and before December 31, 2016, no restricted stock units or up to 150% of the target restricted stock units will be earned, depending upon the relationship of the EPS to amounts set forth in the award agreements for those periods.

(b) *Awards Based on TSR.* For the awards based on TSR, the number of earned restricted stock units will be determined by comparing the Company's TSR from the award date to December 31, 2016, with the TSR of each of the companies in the Comparator Peer Group (as defined). If the Company's TSR over the performance period is below the 30th percentile when ranked against each of the peer companies, no restricted stock units will be earned. If the ranking is equal to the 30th percentile, 50% of the target restricted stock units will be earned. To the extent that the Company's TSR is ranked above the 30th percentile up to the 70th percentile or above, the number of earned target restricted stock units will be scaled up to 150% of the target restricted stock units.

If a Change in Control occurs before December 31, 2014, a number of the target restricted stock units based on TSR will be earned as set forth above, but based on the Company's TSR and the TSR of each of the companies in the Comparator Peer Group through the date of the Change in Control (and, with respect to the Company, taking into account the consideration per share to be paid in the Change in Control transaction).

All the restricted stock units earned pursuant to the respective EPS and TSR criterion will be fully vested, and distribution of shares will commence generally within 90 days, provided the executive officer remains continuously employed by the Company or an affiliate through December 31, 2016.

If the officer dies, incurs a Total and Permanent Disability (as defined) or terminates employment on account of Retirement (as defined) prior to December 31, 2016 (regardless of whether such termination occurs prior to, coincident with, or following a Change in Control), he or she shall continue to be entitled to the earned restricted stock units, but the officer's benefit will be prorated to reflect the period from the date of the award through December 31, 2016, during which he or she was actually employed. For this purpose, "Retirement" means the termination of employment after December 31, 2015, by reason of having attained age 65, or having attained age 60 and having completed 10 or more consecutive years of employment with the Company or its affiliates.

Following a Change in Control, the earned restricted stock units will remain outstanding subject to the award agreements and vesting requirements. In the event of a Change in Control, unless the restricted stock units are continued or assumed by a public company, the earned restricted stock units will vest and the shares will be distributed. If the units are continued or assumed by a public company, they shall continue to be contingent on the executive officer's employment through December 31, 2016, unless the executive officer's employment is terminated by the Company for any reason other than Cause (as defined), or by the officer for Good Reason (as defined) within two years following the Change in Control. Death, Total and Permanent Disability, and Retirement are not considered a termination of employment for this purpose.

Riders to the award agreements provide for a cancellation of restricted stock unit awards or repayment under certain circumstances. In the event a restatement of financial results of the Company as described in the riders occurs, up to 50% of the aggregate awards under the award agreements for that individual can be forfeited or cancelled, whether or not such units are vested. If a distribution of shares has already occurred, provision is made for the surrender of up to 50% of the total shares received or, if shares have been sold, repayment the proceeds, but in no event more than 50% of the aggregate fair market value of all shares received by the employee pursuant to the award agreements. The riders apply in addition to the requirements of the Sarbanes-Oxley Act of 2002 and any rules and regulations promulgated under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Copies of the form of Restricted Stock Unit Agreement (Performance Shares – EPS), Restricted Stock Unit Agreement (Performance Shares – TSR), and Restricted Stock Unit Agreement (Clawback Rider) are attached to this Form 8-K, and the foregoing summary of the restricted stock unit awards is qualified by reference to those Agreements.
