PROXY STATEMENT

Edgar Filing: COMMERCIAL NET LEASE REALTY INC - Form DEF 14A

This Proxy Statement is furnished by the Board of Directors of Commercial Net Lease Realty, Inc. (the Company) in connection with the solicitation by the Board of Directors of proxies to be voted at the annual meeting of stockholders to be held on May 30, 2003, and at any adjournment thereof, for the purposes set forth in the accompanying notice of such meeting. All stockholders of record at the close of business on April 8, 2003 (the Record Date) will be entitled to vote.

Any proxy, if received in time, properly signed and not revoked, will be voted at such meeting in accordance with the directions of the stockholder. If no directions are specified, the proxy will be voted FOR the election of directors. Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. A proxy may be revoked (1) by delivery of a written statement to the Secretary of the Company stating that the proxy is revoked, (2) by presentation at the annual meeting of a subsequent proxy executed by the person executing the prior proxy, or (3) by attendance at the annual meeting and voting in person.

The election of directors, the proposal to approve the 2003 Employee Stock Purchase Plan and any other matter submitted to a vote at the annual meeting will be approved by the affirmative vote of the holders of a majority of the outstanding shares present (in person or represented by proxy) at the annual meeting.

Votes cast in person or by proxy at the annual meeting will be tabulated and a determination will be made as to whether or not a quorum is present. The Company will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence or absence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders. If a broker submits a proxy indicating that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to such matter.

Solicitation of proxies will be primarily by mail. However, directors and officers of the Company may also solicit proxies by telephone or telegram or in person. All of the expenses of soliciting proxies, including preparing, assembling, printing and mailing the materials used in the solicitation of proxies, will be paid by the Company. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to forward soliciting materials, at the expense of the Company, to the beneficial owners of shares held of record by such persons. It is anticipated that this Proxy Statement and the enclosed Proxy will be mailed to stockholders on or about April 18, 2003.

As of the Record Date, 40,489,296 shares of the common stock of the Company (the Common Stock) were outstanding. Each share of Common Stock entitles the holder thereof to one vote on each of the matters to be voted upon at the annual meeting. As of the Record Date, executive officers and directors of the Company had the power to vote approximately 8.5% of the outstanding shares of Common Stock.

The Board of Directors believes this compensation level has been comparable to that provided by many other companies in the real estate investment trust (REIT) industry.

The Board of Directors met five times during the year ended December 31, 2002. Each nominated member attended 100% of the total meetings of the Board of Directors and of any committee on which he served.

Corporate Governance

The Company is committed to sound corporate governance standards. In July 2002, Congress passed the Sarbanes-Oxley Act of 2002, which established a number of new corporate governance standards and disclosure requirements. In addition, the New York Stock Exchange (NYSE) has proposed changes to its corporate governance and listing requirements. Many of the requirements of the Sarbanes-Oxley Act and the NYSE proposed rules have, as of the date of this proxy statement, not yet become effective. The Board of Directors has commenced a comprehensive review of its corporate governance policies and practices to ensure that those policies and practices meet all of the requirements of both the Sarbanes-Oxley Act and the NYSE rules. COMPENSATION COMMITTEE REPORT

The Board of Directors appointed a Compensation Committee comprised of the undersigned, Messrs. Hinkle, Jennings and Legler. Members of the Compensation Committee, all of whom must be independent directors of the Company, are selected each year by the full Board of Directors. The Compensation Committee is responsible for establishing and administering executive compensation programs including administration of the 2000 Commercial Net Lease Realty, Inc. Performance Incentive Plan (the "2000 Plan") as well as approval of changes in directors' compensation.

The Compensation Committee believes the Company's degree of success is largely attributable to the talent and dedication of its associates and to the management and leadership efforts of its executive officers. The goal of the Compensation Committee is to establish a compensation program that will attract and retain talented corporate officers, motivate them to perform to their fullest potential, as well as align their long-term interests with the interests of the Company's stockholders. In evaluating performance, the Compensation Committee considers quantitative and qualitative improvement in the Company's Funds From Operations (FFO), capital structure, absolute and relative shareholder returns and

individual performance and contribution to corporate goals and objectives.

Historically, the key elements in the Company's executive compensation program have consisted of salary, annual bonus (which may be paid in cash or restricted stock) and long-term incentive compensation (paid in restricted shares). In making compensation decisions, the Compensation Committee considers the compensation practices and financial performance of other REIT industry participants and from time to time receives assessments and advice regarding compensation practices from independent compensation consultants. The Committee believes that total executive compensation is generally in line with median compensation levels for other similar public REITs. Additionally, the Compensation Committee makes a subjective assessment of the general performance of the Company, the officer's contribution to the Company's performance, the officer's anticipated performance and contribution to the Company's achievement of its long-term goals and the position, level, and scope of the officer's responsibility.

In keeping with its belief that tying the financial interests of executive officers of the Company to those of the shareholders will result in enhanced alignment of interests and shareholder value, the Committee has evaluated the stock ownership levels of executive management and determined them to be adequate. The Committee also established stock ownership guidelines of \$50,000 for directors to be achieved over the next three years.

16

For 2002, Mr. Seneff received total cash payments of \$144,200 in salary. The Compensation Committee considered this level of payment appropriate in light of Mr. Seneff's responsibilities and the Company's performance. A bonus of \$75,705 was paid to Mr. Seneff in 2002 based on FFO per share results, capital structure improvement, and total shareholder return for 2002. Additionally, 4,882 shares of restricted stock were awarded as long-term incentive compensation as a result of the outperformance of total shareholder returns relative to REIT and general equity market indices for the past one, three, five and ten year periods. Salary increases in 2002 for Executive Officers were based on FFO per share targets, individual performance, position, tenure, experience, leadership and competitive data in compensation surveys of comparable companies.

PROPOSAL II

APPROVAL OF 2003 EMPLOYEE STOCK PURCHASE PLAN

The Board of Directors, subject to stockholder approval, has adopted the 2003 Employee Stock Purchase Plan (the "2003 Plan"). The 2003 Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"). The Board believes that the 2003 Plan will provide a convenient method for the Company's employees to increase their proprietary interest in the Company, encourage such employees to continue in the employ of the Company and motivate them to exert their best efforts on behalf of the Company and certain of its subsidiaries. Although the Board anticipates that shares of Common Stock issued under the 2003 Plan will be purchased on the open market, the Board has reserved 500,000 shares of Common Stock for issuance under the 2003 Plan, subject to adjustment in the event of any stock splits, stock dividends, recapitalization, or other changes in the outstanding Common Stock. The 2003 Plan will become effective upon approval by the stockholders.

The following is a summary of the principal features of the 2003 Plan. The summary does not, however, purport to be a complete description of all of the provisions of the 2003 Plan. The full 2003 Plan has been attached to this proxy statement as Appendix A.

Administration and Termination. The 2003 Plan will be administered by an administrative committee appointed by the Board. The Board of Directors may terminate or amend the 2003 Plan in any respect at any time, except that stockholder approval is required for any amendment to increase the number of shares available for purchase under the 2003 Plan. The 2003 Plan will continue for a term of ten years (measured from the earlier of the date the Board adopts the 2003 Plan or the date the stockholders approve the 2003 Plan), unless sooner terminated by the Board.

Eligibility. Employees of the Company and its designated subsidiaries are eligible to participate in the 2003 Plan, on a purely voluntary basis, if they meet certain conditions. To be eligible, an employee must (1) have been employed by the Company or a designated subsidiary for at least one full year, (2) customarily work more than 20 hours per week and more than 5 months in a calendar year with the Company or a designated subsidiary and (3) not be deemed to own shares possessing 5% or more of the total combined voting power or value of all classes of the Company's Common Stock or its subsidiaries. The Company does not receive any consideration for the extension of eligibility to participate in the 2003 Plan to its employees. As of March 31, 2003, there were 39 individuals that were eligible to participate in the 2003 Plan.

Participation. An eligible employee may elect to participate in the 2003 Plan on the first day of the offering period (as determined by the administrative committee), following his or her satisfaction of the eligibility requirements, by executing and filing an election form with the Company. The first offering period will begin on a date chosen by the administrative committee or its designees after shareholder approval.

Payroll Deductions and Purchase Limitations. During an offering period, each participant may authorize payroll deductions from his or her compensation for the purpose of purchasing shares of Common Stock during that offering period. Payroll deductions may not be less than 1% nor more than 15% of the participant's compensation per pay period. However, an employee may not purchase more than \$25,000 worth of Common Stock (determined on the basis of the fair market value of the Common Stock on the first day of an offering period) during any calendar year or more than 2,000 shares of Common Stock (or such other maximum number of shares designated by the administrative committee) during any offering period. All funds received or held by the Company under the 2003 Plan may be used for any corporate purpose. No interest on the funds received by the Company will be credited or paid to any participant. A participant may change the amount of his or her payroll deduction by filing an amended election form with the Company. Participants have no interest or voting rights in the Common Stock until the date on which the shares are actually purchased with funds contributed to the participant's account.

Purchases. On the purchase dates established by the administrative committee for an offering period, the balance in each participant's account shall automatically be applied to purchase shares of Common Stock, unless he or she timely notifies the Company of his or her desire not to purchase Common Stock pursuant to a notice of withdrawal. The Company will purchase for the participant the largest number of shares of Common Stock as can be purchased with the amounts withheld from the participant's compensation as of the purchase date during the offering period at a price that is equal to the lower of (1) 85% of the fair market value of the Common Stock on the first day of the offering period or (2) 85% of the fair market value of the Common Stock on the purchase date. The price of the Common Stock as reported on the New York Stock Exchange at the close of business on March 31, 2003 was \$15.10 per share.

Withdrawal and Distribution. A participant may withdraw all but not less than all of the contributions credited to his or her account by submitting a notice of withdrawal to the Company. Upon payment to the participant of the amounts credited to his or her account, the employee's participation in that offering period will automatically terminate (but such termination will not affect the employee's ability to participate in future offering periods). Moreover, if a participant terminates his or her employment with the Company, or otherwise ceases to be an eligible employee, he or she will receive a refund in full (without interest) of the balance credited to the account of the employee and his or her participation will be terminated.

Restrictions on Transfer. The balance credited to a participant's account and any rights to receive shares of Common Stock under the 2003 Plan may not be assigned, encumbered, alienated, transferred, pledged or otherwise disposed of by a participant, other than by will or by the laws of descent and distribution. Each participant must provide the Company with notice of any disposition of shares purchased under the 2003 Plan within the later of two years after the first day of the offering period in which the shares were purchased or one year after the date the purchased shares are transferred to the participant.

Tax Treatment. The 2003 Plan is intended to qualify as an employee share purchase plan within the meaning of Section 423 of the Code. Under the Code, an employee who elects to participate in the 2003 Plan will not realize income at the time the offering commences or when the shares of Common Stock are actually purchased under the 2003 Plan. If an employee disposes of the shares of Common Stock after two years from the first date of the offering period or after one year from the actual date of transfer of the shares under the 2003 Plan (i.e., after the minimum holding period has elapsed), a portion of the participant's gain will be ordinary income and a portion will be capital gain. The participant will be taxed at ordinary income rates on the lesser of (1) the amount, if any, by which the fair market value of the shares, measured as of the first day of the offering period, exceeds the purchase price paid by the participant; or (2) the amount, if any, by which the shares' fair market value at the time of such disposition exceeds the purchase price paid by the participant. Upon a subsequent disposition, the participant will realize a capital gain or loss equal to the difference, if any, between the proceeds of the sale and the participant's basis in the shares of Common Stock (the purchase price plus any ordinary income previously realized). The capital gain tax rate will depend on how long the shares are held by the participant and other factors. If an employee disposes of the shares purchased under the 2003 Plan during the minimum holding period (referred to as a disqualifying disposition), the employee generally will realize ordinary compensation income equal to the excess, if any, of the shares' fair market value measured on the date the shares were purchased under the 2003 Plan over such shares' purchase price. In the event of a disqualifying disposition, the Company will be entitled to a compensation deduction in an amount equal to the amount the employee is required to recognize as ordinary income as a result of the disposition of shares. Otherwise, the Company is not entitled to a compensation deduction for amounts that participants must recognize as income due to their participation in the 2003 Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE 2003 EMPLOYEE STOCK PURCHASE PLAN. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY OTHERWISE IN THE PROXY.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act) requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Commission and the New York Stock Exchange. Officers, directors and greater than ten percent stockholders are required by Commission regulation to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company's review of the copies of such forms it has received, written representations from certain reporting persons that they were not required to file Forms 5 for the last fiscal year and other information known to the Company, the Company believes that all its officers, directors, and greater than ten percent beneficial owners complied with all filing requirements applicable to them with respect to transactions during fiscal 2002.

2003 EMPLOYEE STOCK PURCHASE PLAN**

Section 1. Purpose of the Plan.

The purpose of the Plan is to provide employees of the Company and its Designated Subsidiaries with an opportunity to increase their proprietary interest in the Company by purchasing Stock of the Company on favorable terms through payroll deductions. It is the intention of the Company to have the Plan qualify as an Employee Stock Purchase Plan under Section 423 of the Internal Revenue Code of 1986, as amended. The provisions of the Plan shall, accordingly, be construed in a manner consistent with the requirements of that section of the Code.

Section 2. Definitions.

(s) **Subsidiary** means any corporation (other than the Company) in an unbroken chain of corporations beginning with the Company, if each of the corporations other than the last corporation in the unbroken chain owns stock possessing fifty percent (50%) or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.

Section 3. Administration of the Plan.

The Board shall appoint an Administrative Committee, which shall have the authority and power to administer the Plan and to make, adopt, construe, and enforce rules and regulations not inconsistent with the provisions of the Plan. The Administrative Committee shall adopt and prescribe the contents of all forms required in connection with the administration of the Plan, including, but not limited to, the enrollment agreements, payroll withholding authorizations, withdrawal documents, and all other notices required hereunder. The Administrative Committee shall have the fullest discretion permissible under law in the discharge of its duties. The Administrative Committee's interpretations and decisions in respect of the Plan, the rules and regulations pursuant to which it is operated, and the rights of Participants hereunder shall be final and conclusive.

Section 4. Enrollment and Offering Periods.

(a) **Offering Periods.** Offering Periods under the Plan shall commence at such time or times as may be determined by the Administrative Committee in its discretion.

(b) **Enrollment.** Any individual who is an Eligible Employee as of the Offering Date of a given Offering Period shall be eligible to participate in such Offering Period under the Plan, subject to the requirements of Section 4(d). An Eligible Employee may become a Participant in the Plan by completing an enrollment agreement in the form provided by the Administrative Committee and filing it with the Company at the prescribed location no later than the Offering Date for the Offering Period or such earlier date as is determined by the Administrative Committee in its discretion.

(c) **Duration of Participation.** Once enrolled in the Plan, a Participant shall continue to participate in the Plan for future Offering Periods, until the Participant ceases to be an Eligible Employee, withdraws from the Plan under Section 6(a) or reaches the end of an Offering Period in which the Participant's Contributions were discontinued under Section 5(c). A Participant who discontinued Contributions under Section 5(c) or withdrew under Section 6(a) may again become a Participant, if then an Eligible Employee, by filing a new enrollment agreement in accordance with subsection (b) above. A Participant whose Contributions were discontinued automatically under Section 7(d) shall automatically resume participation as of the first Offering Period ending in the next calendar year, if he or she is then an Eligible Employee.

A-2

(d) **Prohibition on Participation by Five Percent Owners.** Any provisions of the Plan to the contrary notwithstanding, no Eligible Employee shall be granted a right to purchase Stock under the Plan if, immediately after the grant of such right, such Eligible Employee (or any other person whose stock would be attributed to such an Eligible Employee pursuant to Section 424(d) of the Code) would own stock and/or hold outstanding options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any parent or Subsidiary of the Company.

Section 5. Employee Contributions.

(a) **Amount of Payroll Deductions.** The Participants shall elect to have payroll deductions made on such paydays during the Offering Period as are specified in Section 5(b) in an amount not less than one percent (1%) and not more than fifteen percent (15%) (in whole number increments) of such Participant's Compensation on each such payday. All payroll deductions made by a Participant shall be credited to his or her Stock Purchase Account. A Participant may not make any additional payments into such account.

Edgar Filing: COMMERCIAL NET LEASE REALTY INC - Form DEF 14A

(b) **Application of Payroll Deductions.** A Participant's payroll deductions for an Offering Period shall commence on the first payroll date following or coinciding with the Offering Date for the Offering Period for which the Participant's enrollment application is applicable or such other date established by the Administrative Committee in its discretion. Payroll deductions for an Offering Period shall end on the last payroll paid prior to the Purchase Date of the Offering Period to which the Participant's enrollment agreement is applicable or such other date established by the Administrative Committee in its discretion, unless earlier terminated by the Participant as provided in Section 5(c).

(c) **Changing Contribution Rate.** A Participant, on one occasion only during the Offering Period, may change the rate of his or her Contributions (including ceasing to make additional Contributions) during the Offering Period by completing and filing with the Company a new enrollment form. The change in rate shall be effective as soon as reasonably practicable after the new enrollment form is received by the Company at the prescribed location.

Section 6. Voluntary Withdrawal; Change in Employment Status.

(a) **Voluntary Withdrawal.** A Participant may withdraw all but not less than all the Contributions credited to his or her Stock Purchase Account under the Plan at any time prior to ten (10) business days prior to the Purchase Date of the Offering Period by completing a Company approved notification. All of the Participant's Contributions credited to his or her Stock Purchase Account will be paid to him or her as soon as practicable after receipt of his or her notice of withdrawal and his or her participation for the current period will be automatically terminated, and no further Contributions for the purchase of shares will be made during the Offering Period. A Participant's withdrawal from an offering will not have any effect upon his or her eligibility to participate in a succeeding offering or in any similar plan which may hereafter be adopted by the Company.

(b) **Termination of Continuous Status as an Eligible Employee.** Upon termination of the Participant's Continuous Status as an Eligible Employee prior to the Purchase Date for an Offering Period for any reason, including retirement or death, the Contributions credited to his or her Stock Purchase Account will be refunded, and his or her participation will be automatically terminated.

Section 7. Purchase of Shares.

(a) **Purchase of Shares.** Unless a Participant withdraws from the Plan or is terminated from participation as provided in Section 6, the balance of his or her Stock Purchase Account will automatically be applied to the purchase of shares of Stock on the Purchase Date of the Offering Period, and the maximum number of whole shares will be purchased at the applicable purchase price with the accumulated Contributions in his or her Stock Purchase Account provided, however, that the maximum number of shares an Eligible Employee may purchase during each Offering Period shall be 2,000 shares (or such other maximum number of shares as the Administrative Committee shall specify in its discretion, provided that for any Offering Period such other maximum number shall be determined by the Administrative Committee prior to Offering Date for the Offering Period), and provided further that such purchase shall be subject to the limitations set forth in Section 7(c) and (d).

A-3

(b) **Purchase Price.** The purchase price for each share of Stock purchased at the end of an Offering Period shall be the lower of:

- (i) eighty-five percent (85%) of the Fair Market Value of a share of Stock on the Purchase Date, or
- (ii) eighty-five percent (85%) of the Fair Market Value of a share of Stock on the Offering Date.

(c) **Insufficient Available Shares.** If, on any Purchase Date, the aggregate balance of the Stock Purchase Accounts that are available to purchase Stock would purchase a number of shares of Stock in excess of the number of shares then authorized for purchase under the Plan, the following events shall occur:

- (i) The Administrative Committee shall make a pro rata allocation of the shares available in as uniform a manner as shall be practicable and as it shall determine to be equitable;
- (ii) The Plan shall automatically terminate immediately after the Purchase Date as of which the supply of available shares of Stock is exhausted; and
- (iii) Any amount then standing to the credit of the Stock Purchase Account of each of the Participants shall be repaid to such Participants.

(d) **Maximum Purchase Amount.** Notwithstanding anything in this Plan to the contrary, a Participant may not during a calendar year purchase Stock with a Fair Market Value, determined as of the Offering Date for such Stock during such calendar year, of more than \$25,000 under the Plan and all other stock purchase plans (within the meaning of Section 423 of the Code) of the Company's parent or a Subsidiary. If a Participant is precluded by this subsection (d) from purchasing additional Stock under the Plan, the Participant's Contributions shall be automatically discontinued and shall resume as of the beginning of the earliest Offering Period ending in the next calendar year (if then an Eligible Employee).

(e) **Unused Stock Purchase Account Balances.** Any cash remaining to the credit of a Participant's Stock Purchase Account under the Plan after a purchase by him or her of shares of Stock on the Purchase Date, other than amounts representing fractional shares, will be returned to him or her as soon as practicable. Amounts representing fractional shares will be carried forward for use in subsequent Offering Periods.

(f) **Share Ownership; Issuance of Stock.** The shares of Stock purchased by a Participant on a Purchase Date shall, for all purposes, be deemed to have been issued and/or sold at the close of business on the Purchase Date. Prior to that time, none of the rights or privileges of a shareholder of the Company shall inure to the Participant with respect to such shares. All the shares of Stock purchased under the Plan shall be delivered by the Company in a manner as determined by the Administrative Committee. As promptly as practicable after the Purchase Date of each Offering Period, the Company shall arrange the delivery to each Participant, as appropriate, including, but not limited to, direct deposits into a book entry account or brokerage account, the shares purchased. Shares to be delivered to a Participant under the Plan may, if so directed by the Administrative Committee, be registered in the name of the Participant or in the Street Name of a Company approved broker.

Section 8. Conditions Upon Issuance of Shares.

(a) Shares shall not be issued with respect to an offer under the Plan unless the purchase of the shares and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange or system upon which the shares may then be listed or approved for trading, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

A-4

Section 9. Authorized Shares.

The maximum number of shares of the Company's Stock which may be issued under the Plan shall be 500,000 shares, subject to adjustment upon changes in capitalization of the Company as provided in Section 10.

Section 10. Adjustments Upon Changes in Capitalization; Corporate Transactions.

(a) **Adjustment.** Subject to any required action by the shareholders of the Company, the number of shares of Stock which have been authorized for issuance under the Plan (the Reserves), the maximum number of shares a Participant may purchase during an Offering Period under Section 7(a), as well as the price per share of Stock subject to an outstanding Offering Period, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Stock or any other increase or decrease in the number of shares of Stock affected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrative Committee or the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issue by the Company, of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or purchase price of shares of Stock.

(b) **Corporate Transactions.** In the event of the proposed dissolution or liquidation of the Company, the Offering Period will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Administrative Committee or the Board. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of Company with or into another corporation, the offering of shares under the Plan shall be assumed or an equivalent offering shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the Administrative Committee or the Board determines, in the exercise of its sole discretion and

in lieu of such assumption or substitution, to shorten the Offering Period then in progress by setting a new Purchase Date (the New Purchase Date). If the Administrative Committee or the Board shortens the Offering Period then in progress in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrative Committee shall notify each Participant in writing, at least ten (10) days prior to the New Purchase Date, that the Purchase Date has been changed to the New Purchase Date and that the balance in his or her Stock Purchase Account will be automatically applied to purchase Stock on the New Purchase Date, unless prior to such date he or she has withdrawn from the Offering Period as provided in Section 6(a) or terminated his or her status as an Eligible Employee as provided in Section 6(b). For purposes of this paragraph, an offering under the Plan shall be deemed to be assumed if, following the sale of assets or merger, the new offering confers the right to purchase, for each share of Stock subject to purchase immediately prior to the sale of assets or merger, the consideration (whether stock, cash or other securities or property) received in the sale of assets or merger by holders of Stock for each share of Stock held on the effective date of the transaction (and if such holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Stock); provided, however, that if such consideration received in the sale of assets or merger was not solely common stock of the successor corporation or its parent (as defined in Section 424(e) of the Code), the Board or Administrative Committee may, with the consent of the successor corporation and the Participant, provide for the consideration to be received upon exercise of the purchase right to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by holders of Stock.

Section 11. Miscellaneous.

(a) **Collection of Taxes.** The Company and each Designated Subsidiary shall be entitled to require a Participant to remit, through payroll withholding or otherwise, any tax that it determines it is so obligated to collect on account of the operation of the Plan, including without limitation, the issuance of Stock under the Plan or the subsequent sale or disposition of such Stock, and the Administrative Committee shall institute such mechanisms as shall insure the collection of such taxes.

A-5

(b) **No Rights As An Employee.** Neither the adoption of this Plan, nor any right granted under the Plan shall confer upon any individual any right to continue in the employ or service of the Company or a Designated Subsidiary or in any way affect any right and power of the Company or a Designated Subsidiary to terminate the employment or service of any individual at any time with or without cause and without assigning a reason therefor.

(c) **Rights Not Transferable.** Neither Contributions credited to a Participant's Stock Purchase Account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged, or otherwise disposed of in any way (other than by will, the laws of descent and distribution) by the Participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as election to withdraw from participation in accordance with Section 6(a).

(d) **Use of Funds.** All Contributions credited to a Participant's Stock Purchase Account received or held by the Company may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such Contributions.

(e) **Notice of Disposition of Stock.** Each Participant agrees, by entering the Plan, to promptly give the Company notice of any disposition of shares of Stock purchased under the Plan where such disposition occurs within two (2) years after the Offering Date of the Offering Period pursuant to which such shares were purchased or within one (1) year of the date that such shares were transferred to the Participant pursuant to their purchase under the Plan.

(f) **Notices.** All notices or other communications by a Participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Administrative Committee at the location, or by the person, designated by the Administrative Committee for the receipt thereof.

(g) **Repurchase of Stock.** The Company shall not be required to purchase or repurchase from any Participant any of the shares of Stock that the Participant acquired under the Plan.

(h) **Headings, Captions, Gender.** The headings and captions herein are for convenience of reference only and shall not be considered as part of the text. The masculine shall include the feminine, and vice versa.

(i) **Severability of Provisions; Prevailing Law.** The provisions of the Plan shall be deemed severable. In the event any such provision is determined to be unlawful or unenforceable by a court of competent jurisdiction or by reason of a change in an applicable statute, the Plan shall continue to exist as though such provision had never been included therein (or, in the case of a change in an applicable statute, had been deleted as of the date of such change). The Plan shall be governed by the laws of the State of Maryland, to the extent such laws are not in conflict with, or superseded by, federal law.

Section 12. Amendment; Termination.

(a) The Board of Directors of the Company may at any time terminate or amend the Plan. Except as provided in Sections 10 and 12(b), or as may be required to comply with Section 423 of the Code or applicable law, no such termination or amendment may make any change in an outstanding Offering Period which adversely affects the rights of any Participant. In addition, to the extent necessary to comply with Section 423 of the Code (or any successor rule or provision) or any other applicable law or regulation, the Company shall obtain shareholder approval in such a manner and to such a degree as so required.

(b) Without shareholder consent and without regard to whether any Participant rights may be considered to have been adversely affected, the Administrative Committee shall be entitled to determine and/or change the Offering Periods and Purchase Dates, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by the Participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Stock for each Participant properly correspond with amounts withheld from the Participant's Compensation, and establish such other limitations or procedures as the Administrative Committee determines in its sole discretion advisable which are consistent with the Plan.

A-6

Section 13. Term of Plan; Effective Date.

The Plan shall become effective upon such date specified by the Board of Directors. Unless sooner terminated under Section 7(c) or 12(a), the Plan shall continue in effect for a term of ten (10) years from the earlier to occur of the Plan's adoption by the Board of Directors or its approval by the shareholders of the Company. No shares of Stock shall be purchased under the Plan unless and until the Company's shareholders have approved the Plan.

Section 14. Execution.

To record the adoption of the Plan by the Board, the Company has caused its authorized office to execute the same.
