Proxy Statement for
Annual Meeting of Common Stockholders
to be held May 2, 2006

March 20, 2006

This proxy statement contains information relating to our Annual Meeting of Common Stockholders, which will be held on Tuesday, May 2, 2006, beginning at 1:00 p.m., at the Marriott at Glenpointe Hotel, Teaneck, New Jersey 07666, and at any postponement or adjournment of that meeting. We are first sending this Proxy Statement and the enclosed form of proxy to stockholders on or about March 20, 2006. For purposes of this Proxy Statement, unless the context indicates otherwise, the use of the words *we*, *us*, *our* and *Cytec* shall refer to Cytec Industries Inc.

ABOUT THE MEETING

What is the purpose of the meeting?

At the annual meeting, stockholders will vote (i) to elect two directors, and (ii) to ratify the selection of KPMG LLP as our auditors for 2006. In addition, our management will be present to report on our company and respond to questions from stockholders.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, March 10, 2006, are entitled to receive notice of the annual meeting and to vote the shares of our common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

Who may attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Please note that if you hold shares in *street name* (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting in order to obtain an admission ticket.

What is a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of our shares of common stock outstanding on the record date will constitute a quorum. A quorum is necessary in order for business to be conducted at the meeting. As of the record date, 46,729,752 shares of our common stock were outstanding. Proxies received, but marked as abstentions and broker non-votes, will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

The accompanying proxy is solicited by our Board of Directors. You may vote by telephone or via the Internet by following the instructions on the enclosed proxy card or you may complete and properly sign the accompanying proxy card and return it to us. If voted by any of these methods, your vote will be cast as you direct. Do not return the proxy card if you vote by telephone or via the Internet. Even if you plan to attend the meeting, it is desirable that you vote in advance of the meeting.

May I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with our Secretary either a notice of revocation or a duly executed proxy card bearing a later date. A vote by telephone or via the Internet may be revoked by executing a later-dated proxy card, by subsequently voting by telephone or through the Internet, or by attending the annual meeting and voting in person.

How do I vote my Savings Plan shares?

Edgar Filing: CYTEC INDUSTRIES INC/DE/ - Form DEF 14A

If you participate in our Employee Savings and Profit Sharing Plan, Employee Savings Plan or Employee Stock Purchase Plan, shares of our common stock equivalent to the value of the common stock interest credited to your account under the respective plan will be voted automatically by the trustee in accordance with your proxy, if the proxy is received by April 27, 2006. Otherwise, the share equivalents credited to your account will be voted by the trustee in the same proportion that it votes share equivalents for which it receives timely instructions from all plan participants.

What are Our Board's recommendations?

Our Board of Directors recommends that you vote (i) to elect the nominated slate of directors, and (ii) to ratify the appointment of KPMG LLP to audit our 2006 consolidated financial statements. Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with this recommendation.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote in accordance with their own discretion.

CORPORATE GOVERNANCE

Our Board of Directors seeks to ensure that our business is managed in the best long-term interests of its stockholders. Our business is conducted by its employees under the direction of our Chief Executive Officer (CEO) and our other officers and managers. Our Board of Directors provides oversight to the CEO and other officers and managers as it reviews and approves our major business and financial strategies. Our Board also approves significant capital projects and commitments, acquisitions, divestitures and long-term financings. Our Board is responsible for hiring and assessing the performance of the CEO and determining his compensation and, through the Compensation Committee, the compensation of our other officers. Our Board regularly reviews succession planning strategy and plans for the CEO and other senior officers. Our Board believes that it is critical that we operate in compliance with all applicable laws and to the highest ethical standard. Our Board believes that the long-term interests of our stockholders are advanced by appropriately addressing concerns of other stakeholders affected by our actions, including our employees and the communities in which we operate.

2

A summary of certain important corporate governance practices follows:

Director Independence

A majority of our directors must be independent directors under the New York Stock Exchange (NYSE) Listed Company rules. The NYSE rules provide that no director can qualify as independent unless the Board affirmatively determines that the director has no material relationship with the listed company (either directly or as a partner, stockholder or officer of an organization that has a relationship with us). In addition to the NYSE rules regarding independence, our Board has adopted the following standards in determining whether a director has a material relationship with us:

the individual may not have been an employee of ours or any of our affiliates within the preceding five years;

the individual may not have within the previous five years been affiliated with or employed by an entity that has served as our auditor within the last five years;

the individual may not have been part of an interlocking directorate in which one of our executive officers serves on the compensation committee of another corporation that employs such person;

no immediate family member of the individual may fall within any of the preceding three categories; and

the individual may not have received any compensation from us within the past year other than for serving as a director.

Based on these independence standards and all of the relevant facts and circumstances, our Board determined that the following directors are considered independent: John E. Akitt, Chris A. Davis, Anthony G. Fernandes, Louis L. Hoynes, Jr., Dr. Barry C. Johnson, William P. Powell, Jerry R. Satrum, James R. Stanley and Raymond P. Sharpe.

Standards for Directors

In addition to the independence requirements, our Board has established the following standards for individuals to serve on our Board of Directors:

Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the stockholders;

Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively;

Directors are required to inform our Chairman of the Board of any significant change in their personal circumstances, including a change in their principal job responsibilities or acceptance of another directorship; and

Directors are not eligible for re-election as a director on or after their 72nd birthday.

Principles of Corporate Governance/Committee Charters/Codes of Ethics

We have published on our website (www.cytec.com) our Principles of Corporate Governance, the charter of each of the Audit, Compensation and Management Development, Environmental, Health and Safety, and Governance Committees of our Board, as well as our Code of Conduct that applies to all employees, Code of Ethics for Financial Executives and Code of Ethics for Senior Executives. Any waiver of, or amendments to, the codes of ethics for directors or executive officers, including the chief executive officer, the chief financial officer and the principal accounting officer, may be approved only by our Board and any such waivers or amendments will be disclosed promptly by us by posting such waivers or amendments on our website. Additionally, the Audit Committee is informed of any waivers of the Code of Conduct for any of our employees. Copies of each of the Principles of Corporate Governance, the Committee charters and the codes of ethics referred to above are also available free of charge by writing to our Secretary, Cytec Industries Inc., 5 Garret Mountain Plaza, West Paterson, New Jersey 07424.

Executive Sessions of Non-Employee Directors

Non-employee directors ordinarily meet in executive session without management present at regularly scheduled Board meetings and may meet at other times at the discretion of the presiding independent director or at the request of any non-employee director. The presiding director at such sessions rotates among the chairs of the Governance Committee, the Audit Committee and the Compensation and Management Development Committee on an annual basis.

Stockholder Communications with the Board of Directors

Stockholders may communicate directly to our Board of Directors or all of the non-management directors as a group with regard to Cytec. Any such communication may be mailed to the Cytec Compliance Office, Cytec Industries Inc., 5 Garret Mountain Plaza, West Paterson, New Jersey 07424 or submitted in any other manner described on the Compliance Office page of our web site (www.cytec.com). All such communications shall be promptly reviewed by our Compliance Office and sent to the Board of Directors or all of the non-management directors as a group, as appropriate.

OUR BOARD OF DIRECTORS AND BOARD COMMITTEES

Our Board of Directors is divided into three classes, the terms of which expire at the annual meetings in the following years:

<u>2006</u>	<u>2007</u>	<u>2008</u>
John E. Akitt	Chris A. Davis	Anthony G. Fernandes
Barry C. Johnson	Louis L. Hoynes, Jr.	David Lilley
James R. Stanley	William P. Powell	Jerry R. Satrum
		Raymond P. Sharpe

The Board of Directors held ten meetings during 2005 and each director attended at least seventy-five percent of the Board and respective committee meetings. All members of the Board attended the 2005 Annual Meeting of Stockholders. The Board of Directors authorized the reduction of the size of the Board of Directors to nine directors effective at the commencement of the 2006 Annual Meeting of Stockholders.

4

Committees of the Board

To increase its effectiveness and efficiency, our Board of Directors has established four committees to which it has delegated substantial responsibilities. Set forth below is certain information about those Committees.

Audit Committee. Our Audit Committee is comprised of Ms. Davis (Chair) and Messrs. Fernandes, Powell and Satrum. The Audit Committee is empowered by the Board of Directors to, among other things, assist in the oversight of our: accounting and financial reporting processes and the integrity of our financial statements; annual audit and our internal audit function; and compliance with legal and regulatory requirements as they may impact our financial statements. The Audit Committee also has direct responsibility for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm (the auditors).

Our Board has determined that each of the members of the Audit Committee is financially literate, has a basic understanding of finance and accounting and is able to read and understand fundamental financial statements. Our Board has also determined that each member of the Audit Committee is an independent director, based on the NYSE listing rules, the exchange on which our shares of common stock are listed, the Securities and Exchange Commission's additional independence requirements for audit committee members, and our Principles of Corporate Governance. In addition, our Board has determined that three of the members of our Audit Committee, among them Ms. Davis, are audit committee financial experts, as defined in applicable Securities and Exchange Commission rules.

The Audit Committee held nine meetings during 2005. The Audit Committee's report on its activities during 2005 appears later in this proxy statement under the caption Audit Committee Report .

Compensation and Management Development Committee. Our Compensation and Management Development Committee is comprised of Messrs. Akitt, Fernandes, Johnson and Satrum (Chair). Each of its members is an independent director based on the independence standards discussed under the heading Director Independence and all of the relevant facts and circumstances. This Committee approves the corporate goals and objectives relevant to our CEO and recommends the compensation for our CEO and approves the compensation for our other officers. It also approves compensation plans for our officers, administers incentive compensation and equity-based plans, evaluates our CEO's and other officers' performances against established goals and objectives, and makes related recommendations. This Committee also reviews succession plans for our CEO and other executive management positions.

Our Compensation and Management Development Committee held three meetings during 2005 and its report on its activities during 2005 appears later in this proxy statement under the caption Compensation and Management Development Committee Report .

Governance Committee. Our Governance Committee is comprised of Messrs. Akitt, Fernandes, Hoynes, Powell (Chair) and Stanley. Each of its members is an independent director based on the independence standards discussed under the heading Director Independence and all of the relevant facts and circumstances. This Committee was responsible for developing and recommending to the Board our Principles of Corporate Governance and is responsible for periodically reviewing and recommending changes to such principles. This Committee also makes recommendations to the Board on candidates for election to our Board and committee assignments. Our Governance Committee held two meetings during 2005.

5

Our Governance Committee will consider nominees recommended by stockholders who submit such recommendations in writing to our Secretary and include the candidate's name, biographical data and qualifications. Stockholders recommending nominees must disclose the stockholder's name and address, class and number of shares of our stock that are owned, the length of such ownership and any relationship between the stockholder and the nominee. Stockholders must also comply with such other procedural requirements as we may establish from time to time. Each nominee is evaluated by our Governance Committee and should have distinguished him or herself in a career in industry, government or academia and should be capable of offering sound advice and counsel to us and our CEO. Nominees must possess the highest personal and professional ethics, integrity and values and must be eligible to serve a minimum of five years under our age qualification rules. The Governance Committee considers not only the individual talents and skills of each nominee, but also the range of talents and skills represented by all members of our Board of Directors. Our Governance Committee typically uses the services of an executive search firm to help it to identify, evaluate and attract the best candidates for nomination as a director.

Environmental, Health and Safety Committee. Our Environmental, Health and Safety Committee is comprised of Messrs. Akitt (Chair), Johnson and Stanley. This Committee reviews, monitors and, as it deems appropriate, advises the Board of Directors with respect to our policies and practices in the areas of occupational health and safety and environmental affairs. The Environmental, Health and Safety Committee held two meetings during 2005.

AUDIT COMMITTEE REPORT

Our powers and responsibilities, and the qualifications required of each of our members, are set forth in the Audit Committee Charter (the Charter). The full text of the Audit Committee Charter is set forth in Annex 1 to this Proxy Statement.

Responsibilities. We meet periodically with Cytec's auditors, internal auditors and management, including each in executive session. Management is solely responsible for the financial statements and the financial reporting process, including the system of internal controls. Management has represented to us and the Board of Directors that the financial statements discussed below were prepared in accordance with accounting principles generally accepted in the United States of America appropriate in the circumstances and necessarily include some amounts based on management's estimates and judgments and that an evaluation was carried out under the supervision and with the participation of Cytec's Chief Executive Officer and Chief Financial Officer of the effectiveness of Cytec's internal controls as of December 31, 2005 provided however, that management, in compliance with the Securities and Exchange Commission's guidelines, excluded from their evaluation an assessment of the internal controls over financial reporting related to the Surface Specialties business that Cytec acquired from UCB SA on February 28, 2005. Management's assessment of internal controls over financial reporting of Cytec to be disclosed in Cytec's Form 10-K for the year ending December 31, 2006 will include the Surface Specialties business. Cytec's auditors, KPMG LLP (KPMG), are responsible for expressing an opinion on the conformity of these financial statements, in all material respects, with accounting principles generally accepted in the United States of America and an opinion on management's assessment of and effectiveness of Cytec's internal controls which also excluded an evaluation of internal controls over financial reporting of Surface Specialties.

Independence. As part of our responsibilities, we pre-approve the services provided by KPMG and the related fees paid to them for audit and non-audit services and consider the effect of such services and the related fees on KPMG's independence. Details regarding fees paid to KPMG during the years 2005 and 2004 are set forth in this proxy statement under the caption Fees Paid to the Auditors. We have concluded that the services provided by KPMG and the compensation therefor is compatible with maintaining KPMG's independence.

6

Recommendation. Acting pursuant to our Charter, we reviewed Cytec's audited consolidated financial statements at, and for the year ended, December 31, 2005 and discussed such financial statements with management and the auditors, and recommended to the Board of Directors that such financial statements be included in Cytec's Annual Report on Form 10-K for 2005. This recommendation was based on: our discussion of the audited financial statements; review of the financial statements with management; discussion with KPMG of the matters required to be discussed by Statement on Auditing Standards No. 61 as well as other matters including the written material disclosed below; receipt from KPMG of the written disclosures and letter required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*); receipt from KPMG of the written disclosures and letter required by Public Company Accounting Oversight Board Auditing Standard No. 2, *An Audit of Internal Control Over Financial Reporting Performed in Conjunction with an Audit of Financial Statements*; receipt of the document entitled KPMG-Our System of Quality Controls; and KPMG's confirmation that: (i) it would issue its opinions that the financial statements present fairly, in all material respects, Cytec's financial position and the results of Cytec's operations and cash flows for the periods presented in conformity with accounting principles generally accepted in the United States of America and (ii) subject to the Surface Specialties exception set forth above, management's assessment that Cytec has maintained effective internal controls over financial reporting as of December 31, 2005 is fairly stated, in all material respects, and that Cytec maintained effective internal controls over financial reporting as of December 31, 2005, in all material respects.

**AGENDA ITEM 1
ELECTION OF DIRECTORS**

In accordance with the recommendation of the Governance Committee, our Board of Directors has nominated Barry C. Johnson and James R. Each nominee has consented to serve if elected. The nominees' biographies, as well as the biographies of the other directors, are set forth below.

Our Board of Directors recommends a vote for the election of each of these nominees as directors.

The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. Therefore, an abstention or a broker non-vote is neither an affirmative nor a negative vote, and will not have any effect on the outcome of the election.

**AGENDA ITEM 2
RATIFICATION OF THE APPOINTMENT
OF THE AUDITORS**

RESOLVED, that the appointment by our Audit Committee of the firm of KPMG to audit our 2006 consolidated financial statements is hereby ratified.

Our Audit Committee has selected KPMG as the auditors to perform the audit of our financial statements for 2006. KPMG has audited our consolidated financial statements since our inception in 1993. KPMG has offices or affiliates at or near most of the locations where we operate. KPMG has advised us that neither the KPMG lead audit partner assigned to us nor the audit partner responsible for reviewing our audit has performed audit services for us in each of the five previous fiscal years. KPMG is an independent registered public accounting firm.

Before making its recommendation for appointment, the Audit Committee carefully considered KPMG's qualifications. This consideration included a review of KPMG's performance in prior years, its independence, as well as its reputation for integrity and for competence in the fields of accounting and auditing. Our Audit Committee has expressed its satisfaction with KPMG. In February 2006, KPMG advised the Audit Committee that it believed that the resolution of all litigation against KPMG will not affect its ability to serve as our auditors.

Representatives of KPMG will attend the Annual Meeting and may make a statement if they desire to do so. They will be available to respond to appropriate stockholder questions at the Meeting.

We are asking our stockholders to ratify the selection of KPMG as our auditors. Although ratification is not required by our by-laws, our Board of Directors is submitting the selection of KPMG to our stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, our Audit Committee in its discretion may select different auditors at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

Approval of this proposal to ratify the appointment of KPMG as our auditors requires the receipt of the affirmative vote of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote. The total number of votes that could be cast at the meeting is the number of votes actually cast plus the number of abstentions. Abstentions are counted as shares Present at the meeting for purposes of determining whether a quorum exists and have the effect of a vote against any matter as to which they are specified. If Agenda Item 2 does not pass, the selection of auditors will be reconsidered by our Audit Committee.

Our Board of Directors unanimously recommends that stockholders vote for the proposal to ratify the Audit Committee's selection of KPMG as our auditors for 2006.

11

FEES PAID TO THE AUDITORS

Pre-Approval Policies and Procedures. Our Audit Committee is required to pre-approve the audit and non-audit services performed by the auditors in order to assure that the provision of such services does not impair the auditors' independence. Our Audit Committee specifically pre-approves all audit fees, audit related fees, tax service fees and all other fees. Our Audit Committee has delegated authority to the Chair of the Committee to approve any services not exceeding \$50,000 not specifically pre-approved by the Committee provided that disclosure of such services and fees is made to the Audit Committee at the next scheduled meeting following such approval. During the years ended December 31, 2005 and 2004, all services provided by the auditors received specific pre-approval.

In connection with the audit of the 2005 financial statements, we entered into an engagement letter with KPMG which sets forth the terms by which KPMG will perform its audit services. Under the terms of the engagement letter, certain of our rights have been limited, such as, any disputes will be governed by binding arbitration instead of us having the ability to utilize the court systems and we are precluded from recovering punitive damages in a legal action against KPMG.

Audit Fees. The aggregate fees billed by KPMG for professional services rendered for the audit of our consolidated financial statements, for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q, various consents and a comfort letter for the years ended December 31, 2005 and 2004 were approximately \$4.3 million and \$2.4 million, respectively. The increase in audit fees was primarily related to services resulting from our acquisition of Surface Specialties.

Audit-Related Fees. The aggregate fees billed by KPMG for assurance and related services that are reasonably related to the performance of the audit or review of the financial statements and not reported under the caption Audit Fees above, during the year ended December 31, 2004 was approximately \$.1 million. There were no such fees in 2005.

Tax Fees. The aggregate fees billed by KPMG for tax services, primarily services regarding the preparation of certain of our international legal entities' income tax returns, during each of the years ended December 31, 2005 and 2004 were approximately \$.5 million.

All Other Fees. We did not utilize KPMG for any other services during either of the two years ended December 31, 2005.

As advised in the Audit Committee Report, our Audit Committee considered whether, and concluded that, provision of these services is compatible with maintaining KPMG's independence.

EMPLOYMENT AND SEVERANCE ARRANGEMENTS

All of our salaried employees in the United States have signed a form of employment agreement. These agreements provide for the initial salary paid to the employee for services performed by the employee, the confidentiality and non-use of proprietary information, assignment of inventions and improvements, a non-competition clause and termination of employment. The notice of termination period is one month, except in the case of termination for cause when no prior notice is required.

The restricted stock awards (including performance stock awards), stock options and deferred stock awards referred to in the Beneficial Stock Ownership of Directors & Officers table, the Summary Compensation table and under Compensation of Directors are awarded under our 1993 Plan. In the event of a change of control (as defined in our 1993 Plan), (i) any award under that Plan carrying a right to exercise that was not previously exercisable and vested will become fully exercisable and vested, (ii) the restrictions, deferral limitations, payment conditions and forfeiture applicable to any other award granted under our 1993 Plan will lapse and such awards will be deemed fully vested and (iii) any performance conditions imposed with respect to awards shall be deemed to be fully achieved.

Our Board of Directors has adopted an executive income continuity plan to aid in the retention of key employees and to reinforce and encourage the continuing attention, dedication and loyalty of executives in the senior management group without the distraction of concern over the possibility of involuntary or constructive termination of employment resulting from unforeseen developments, by providing income continuity for a limited period. The plan provides for payments to members upon termination of employment, unless such termination is (i) on account of death, disability or retirement, (ii) by us for cause, or (iii) by the member without good reason (as defined in the plan). Generally, good reason for termination by a member involves actions by us inconsistent with the member's status or with our traditional compensation policies. Members of the plan consist of our chairman, executive officers, and such other employees as are designated by the Compensation and Management Development Committee. In general, the plan provides for payments upon termination of employment of an amount equal to annual salary and bonus (three times annual salary and three times bonus after a change in control as defined in the plan). The plan also provides for certain miscellaneous payments, including relocation payments, legal fees, and expenses incurred in seeking new employment. The benefits of this Plan are not available to any employee who is then currently eligible to retire with a pension based on credited service to age 65 or, in any event, for any period beyond the employee's sixty-fifth birthday.

19

Under our Executive Supplemental Employees Retirement Plan, in the event of a change in control, certain employees, including each current officer named in the Summary Compensation Table, are automatically elected members of the plan. In this event, each such officer will be credited with five additional years of service (but not beyond age 65), there will be included in pensionable compensation the amount, if any, by which such officer's target incentive compensation exceeds one third of base compensation and, under certain conditions the value of the benefit under this plan, as well as the benefit under other non-qualified pension plans, would be paid immediately as a lump-sum distribution.

The Board of Directors has adopted a Compensation Taxation Equalization Plan providing for the payment to any employee, officer or director who becomes subject to the tax imposed by Section 4999 of the Internal Revenue Code of 1986 (the Code) of reimbursement for the tax, plus all taxes imposed upon the reimbursement. A 20% non-deductible excise tax applies to the compensatory payments as measured under Code Section 280G (Compensatory Payments) (i) that are contingent or presumed to be contingent upon our change in the ownership or effective control or change in the ownership of a substantial part of the assets of Cytec. The base amount is the average annual compensation included in taxable income over the five-year period ending before the year during which the change in the ownership or effective control occurs. The excise tax provisions will apply if the present value of the Compensatory Payments as of the date of change is equal to or greater than three times the base amount. In such instance, the 20% excise tax is then applied to the Compensatory Payments in excess of the base amount.

In connection with the termination of Mr. Van Assche's employment, we entered into a separation agreement with Mr. Van Assche on November 30, 2005. Pursuant to the terms of this agreement and in accordance with Belgium employment laws, Mr. Van Assche will receive an aggregate severance payment of \$4,508,069 (euro 3,845,819 at \$1.1722 U.S. dollar per euro).

In connection with Mr. Fleming's appointment as President of Cytec Specialty Chemicals, he accepted a temporary relocation to Brussels, Belgium. His relocation agreement is effective January 1, 2006 and it contains allowances and expense reimbursements that are generally provided to Cytec executives when they accept temporary assignments outside their home country.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT

Committee's Purpose

Our purpose is to review and approve compensation arrangements for Cytec's officers other than the Chief Executive Officer (the CEO) and we review and recommend for approval to the Board of Directors the compensation for the CEO and the Board of Directors. We also administer certain compensation plans (such as Cytec's 1993 Stock Award and Incentive Plan). At various times, we make recommendations for shareholder approval on these plans and we also produce an annual report on executive compensation for inclusion in Cytec's proxy statement, in accordance with applicable rules and regulations. Additionally, in the interest of orderly management of Cytec, we annually review management development and succession plans, including establishing policies regarding succession in the event of an emergency or the retirement of the CEO. Our role, composition, duties and responsibilities are set forth in our charter which was approved by the Board of Directors. The charter may be viewed on Cytec's web site (www.cytec.com).

Executive Compensation Philosophy

Cytec's compensation philosophy emphasizes long-term performance and success as exemplified by the program's structure. Cytec targets lower fixed-costs associated with its cash compensation programs and correspondingly offers significant upside potential based upon achievement of financial and individual goals as well as stock price appreciation. As an example, approximately 75% of the CEO's targeted compensation is at risk. Cytec's executive compensation program is primarily set to be competitive with mid-sized specialty chemical companies which Cytec views as competitors for business, employee talent, and stockholder investments.

The CEO's and other officers' compensation is reviewed on an annual basis by us utilizing comparative information provided by management and which is supported by compensation information provided by an executive compensation consulting firm. The executive compensation consulting firm is retained by us and reports its findings, advice and guidance on future executive compensation reviews and programs directly to us.

2005 Compensation Committee Actions

The Compensation Committee is composed of Messrs. Akitt, Fernandes, Johnson and Satrum. Each of us is an independent director based on the independence standards discussed under the heading "Director Independence" and all of the relevant facts and circumstances. During 2005, we met three times. In addition to reviewing and approving the compensation arrangements for Cytec's officers and Board of Directors, major actions taken by us during 2005 included granting stock options under the terms of Cytec's 1993 Stock Award and Incentive Plan, a formal review of the development and succession plans of Cytec's key executives, a review of Cytec's Long Term Incentive (LTI) program and a review of Board of Directors' compensation.

As a result of the above reviews and in line with emerging trends, we recommend changes to the LTI programs for Officers as well as changes to the Board of Directors' compensation. The recommended changes as detailed below were approved by the Board of Directors and were effective January 1, 2006.

Long Term Compensation Changes for Officers

Cytec's stated philosophy is to target long term incentive opportunities between the 50th and 75th percentile of the competitive market. This philosophy has not changed. As part of our review of Cytec's long term incentives, we commissioned, from an independent executive compensation consulting firm, an analysis of current officers' salaries and a study of benchmark data relative to Cytec. The results of this analysis were presented to us in October.

The analysis and study indicated that the components of Cytec's LTI program, which consisted of stock options and performance stock, were strongly performance weighted. They noted that competitive market trends are continuing to shift emphasis from stock options to other forms of long term incentive vehicles, such as performance cash and restricted stock.

Edgar Filing: CYTEC INDUSTRIES INC/DE/ - Form DEF 14A

We considered several alternatives taking into account Cytec's strong pay-for-performance philosophy and stock ownership guidelines, the LTI reductions made in 2004 and 2005 to reflect trends and a higher share price, and an intention to conserve shares of Cytec's stock.

Based on this review, we approved the following changes in the LTI program:

Replace stock option grants with stock appreciation rights settled in Cytec's stock (SARs). The SARs will continue to have a three year vesting schedule, a ten year term and reward for share price appreciation above the market price on the date of grant. The effect of this change is to potentially lessen the use of Cytec stock since only the appreciated value of the SARs is settled in stock.

Replace the previous performance stock award with a performance cash award. The performance cash award will continue to cover a three year performance period and will have two equally weighted growth metrics, Earnings per Share (EPS) and Return on Invested Capital (ROIC).

Based on LTI compensation targeted to approximately the middle of the third quartile of the competitive market, we re-balanced the LTI components by allocating approximately 70% weight on SARs and 30% weight on performance cash awards. In 2005, the LTI components were allocated approximately 80% weight on stock options and 20% weight on performance stock awards. This change is reflective of general industry and peer group trends placing less emphasis on stock options and a stronger emphasis on other pay-for-performance vehicles.

We believe these changes will further strengthen the LTI program from an already robust pay-for-performance perspective and maintain management's alignment with shareholders.

Directors' Compensation

During 2005, we commissioned an independent compensation consultant to perform an analysis of Board of Directors' compensation. The consultant's analysis and recommendations were reviewed at the October 2005 Compensation Committee meeting and with the entire Board of Directors during the October and December 2005 Board meetings. The study indicated that as a result of Cytec's post acquisition size and market trends, Cytec's Board of Directors' compensation had fallen below competitive medians. In line with emerging trends effective January 2006, the Board's compensation was modified as follows:

The Committee membership retainers (\$1,500 per committee) and all meeting fees, including telephonic (\$1,500 for Board of Directors meetings and \$1,000 for Committee meetings) along with the \$25,000 annual retainer were combined into and replaced with an annual cash retainer in the amount of \$55,000.

In line with emerging trends, the annual grant of 3,000 stock options was replaced with an annual grant of restricted stock valued at \$55,000 that will vest on the third anniversary of the grant date. The restricted stock shall be forfeited if a director resigns or refuses to stand for re-election subject to certain exceptions.

There were no changes made in the amount of the retainer fees for each Committee Chairperson (\$10,000 for the Audit Committee and \$5,000 for the other Committees).

Additionally, the Board approved a change in the calculation and value of the one time restricted stock grant for *newly elected* Board members. Prior to January 1, 2006, newly elected Board members received

3,000 stock options and the lesser of 7,500 shares of Cytec restricted stock or such number of shares of restricted stock having a value of \$38,437.50. This grant vested in equal annual installments over a five year period. As of January 1, 2006, newly elected Board members will receive a grant of restricted stock valued at \$75,000. This grant will vest on the third anniversary of the grant date. The shares of restricted stock shall be forfeited if a director resigns or refuses to stand for re-election subject to certain exceptions.

The effect of these changes is to align the Board of Directors' Compensation with emerging trends and establish compensation levels at the median of Cytec's peer group companies.

Summary of Officer Compensation Components

Base Salaries are targeted slightly below median competitive levels and when combined with the other components of the compensation program, are set to attract and retain qualified executives and managers. Changes in base salaries are made after considering relative competitive positions, individual performance, and internal relative salary levels and comparable industry groups.

Annual Bonuses provide an opportunity to earn additional cash rewards for yearly business success. The incentive bonus targets for officers are set annually and are expressed as a percentage of base salary. In addition, we approve the performance goals at the beginning of each fiscal year and then, based on attainment or non-attainment of these corporate performance goals, approve the payment of the bonus amount after completion of the fiscal year. The corporate goals for 2005 target bonuses consisted of specific components weighted as follows: Earnings Per Share (60%); and other specific performance goals, which are measured subjectively (40%). The maximum award is 200% of target. In the case of Messrs. Shane D. Fleming and Steven C. Speak, the weighting is based 70% on their respective business unit goals and 30% on the corporate goals.

As noted above, based on our recommendations and approved by the Board of Directors, the LTI program was modified beginning with the three year performance period effective January 1, 2006. The LTI program is intended to provide a reward for business success in future years and, being based on performance, is linked to stockholders' interests. Cytec's long-term incentives granted in February 2006 and payable in future years, consist of two types of grants:

- (1) performance cash awards, which may or may not vest at the end of the 2008 performance period depending on the attainment of equally weighted performance metrics consisting of specific EPS growth goals and ROIC targets, both of which were set by the Compensation Committee.
- (2) SARs which are stock settled. This program encourages executives to enhance the value of Cytec's common stock by offering them an opportunity to receive the appreciated value of the SARs in the form of stock. The base value of SARs is set at the market price on the date of grant, and vests in one-third increments over three years and has a ten year exercise period.

Each year, we determine the amount and proportion of each type of long-term incentive for each Officer.

Compensation at Risk

The annual bonus and performance cash awards are at risk forms of compensation in that they do not become payable except to the extent that Cytec's business objectives are attained. Similarly, SARs are at risk in that their value depends upon success in enhancing stockholder value.

23

Alignment with Stockholder Interests

The compensation program is designed to contribute to Cytec's long-term success by meeting the following objectives:

To compensate fairly for financial and strategic success and the enhancement of stockholder value.

To attract and retain competent managers and professionals who are performance-oriented.

To reinforce a commitment to actions that will contribute to Cytec's long-term success.

To encourage the ownership of Cytec's stock so that management's long-term financial interests are closely linked with success in serving the long-term interests of Cytec's stockholders. This objective is demonstrated by having aggressive stock ownership guidelines.

Executive Stock Ownership Guidelines

Edgar Filing: CYTEC INDUSTRIES INC/DE/ - Form DEF 14A

Each officer and certain key executive are expected to attain (within a defined time period) and hold an ownership stake in Cytec that is a specified multiple of his or her salary. These guidelines are as follows:

<u>Position</u>	<u>Multiple of Annual Base Salary</u>
Chief Executive Officer	8
Executive Committee Member	5
Other Officers	3
Business Unit Presidents	3

In addition, directors are expected to attain and hold an ownership stake in Cytec that is five times their annual retainer for board membership. Covered employees and members of the Board of Directors are expected to be in compliance with these ownership guidelines within five years from their date of appointment.

Shares owned directly or in street name, shares held in Cytec's savings plan and deferred shares are counted in the ownership calculation.

CEO Compensation

Mr. Lilley's salary was increased for 2005 from \$707,000 to an annual rate of \$800,000, and his target bonus for 2005 was unchanged at 95% of his base salary. Following the change in base salary, the CEO's base salary and bonus target was slightly below the peer group's competitive median. For the 2005 performance period, based upon the level of achievement of Cytec's earnings and other factors as described earlier, we determined that in accordance with the Annual Bonus Plan, Mr. Lilley earned an annual bonus payment of \$288,880, which is 36% of his full year's salary. We also determined that Performance Stock Plan targets established for the three year performance period 2003-2005 were met and that Mr. Lilley earned 26,217 shares in accordance with these previously established goals. In February 2006, Mr. Lilley was granted \$700,000 in performance cash awards that have a payment range of zero to 200% and will vest at the end of 2008 provided certain financial targets are met and 80,000 SARs that will vest in one-third increments over a 3 year period.

Tax-Deductibility of Compensation Our objective is to design and implement programs that allow for the maximum tax deductibility of compensation paid to the CEO and other executive officers, while preserving our flexibility to maintain competitive compensation programs. Executives, while encouraged to elect deferral of amounts that are in excess of deductible limits, are afforded the individual choice not to do so.

24

Special Recognition Award

In 2005, Cytec acquired the Surface Specialties business of UCB SA. In recognition of the efforts of two of our executive officers, Messrs. Cronin and Avrin, in completing the transaction and acknowledging the roles that they will play in the integration of the Surface Specialties business, we approved on March 1, 2005 a Special Recognition Award for each of them.

For Mr. Cronin, the Compensation Committee granted a cash payment of \$50,000 and 4,000 shares of restricted stock units to vest in three equal annual installments commencing March 1, 2006. For Mr. Avrin, the Compensation Committee granted a cash payment of \$50,000 and 2,000 shares of restricted stock units to vest in three equal annual installments commencing March 1, 2006. The initial value of the restricted stock units for Messrs. Avrin and Cronin, was \$202,120 and \$101,060, respectively and was based on the closing stock price of the day preceding the award date. The restricted stock unit entitles the holder to a cash payment in an amount determined by using the average stock price for the month immediately preceding each award vesting date.

We believe that the compensation program established for Cytec has contributed to retaining and motivating highly qualified management personnel and to the significant increase in stockholder value achieved by Cytec since its formation at the end of 1993.

COMPENSATION UNDER RETIREMENT PLANS

Our employees' retirement program provides most U.S. employees, including the officers named in the Summary Compensation Table, with an annual defined pension benefit upon retirement which is made up of the sum of three components: (i) a benefit which, in general, is equal to 1.67% of the retiree's average base salary plus actual annual bonus (up to one-third of base salary) during the highest five of the last ten years of service (but not beyond the year 2003) times the number of years of service at Cyanamid, subject to certain adjustments including a social security offset (this benefit component does not apply in the case of Mr. Lilley, and Mr. Speak), plus (ii) a benefit which, in general, is equal to 1.33% of the retiree's base salary plus actual annual bonus (up to one-third of base salary) for each year of service at Cytec (for any Cytec employee whose pension calculated as provided in (i) and (ii) above would exceed the limit on benefits payable from a pension plan qualified under the Internal Revenue Code, such excess is payable from the general funds of Cytec), plus (iii) for persons whom the Compensation and Management Development Committee has elected to membership in the Executive Supplemental Employees Retirement Plan, in case of retirement on or after age 60 (or earlier in certain circumstances) a supplemental benefit (also payable from Cytec's general funds) calculated by (x) determining the benefit under the formula under (i) above based on the highest three of the last ten years of service and utilizing target bonus (not limited to one-third of base salary) instead of actual bonus and (y) crediting to the retiree additional years of service under the formula described in (ii) above (but not more than five and not beyond age 65) at a rate of compensation equal to base salary plus target bonus for the final year of actual service.

The estimated annual pensions payable under this program upon retirement at age 65 and reflecting the normal form of benefit which includes a 50% joint and survivor annuity in favor of the retiree's spouse to the officers named in the Summary Compensation Table, based upon their salaries and target bonuses as of year-end 2005, with years of actual service projected to age 65, are: Mr. Lilley, \$225,996; Mr. Cronin, \$202,563; Mr. Fleming \$167,784; Mr. Speak, \$110,318; and Mr. Avrin \$163,509.

During Mr. Van Assche's combined service with UCB and Cytec, he accrued benefits under funded pension plans covering Belgian employees. When Mr. Van Assche's employment with the Company ended on November 30, 2005. As of March 1, 2006, he was entitled to a lump sum pension of \$6,569,192 (euro 5,604,256 at \$1.1722 U.S. dollar per euro) from those plans.

COMPENSATION OF DIRECTORS

During 2005, directors who were not employees of Cytec or of any of its subsidiaries were paid an annual retainer of \$25,000. Such directors also received annual retainers while chairmen (\$5,000, or \$10,000 in the case of the Audit Committee), or other members (\$1,500) of committees of the Board of Directors on which such directors serve. Each such director was also paid a fee of \$1,500 for attendance at a meeting of our Board of Directors or stockholders and a fee of \$2,000 (in the case of Committee Chairman) or \$1,000 (in the case of other Committee members) for attending committee meetings, except that the attendance fees were reduced by 50% of the amounts shown in the case of telephonic meetings of the Board and its Committees. Directors who are employees are not entitled to any extra compensation by reason of their directorships or their attendance at meetings of our Board of Directors, any committee of the Board, or of the stockholders.

Pursuant to the 1993 Plan, each non-employee director (for purposes of the 1993 Plan, a non-employee director does not include any employee of Cytec or its subsidiaries or affiliates) who was elected to serve as a director of Cytec for the first time received a grant of restricted shares of Cytec common stock equal to the lesser of (a) 7,500 shares and (b) the shares of common stock having a fair market value on the date the director was duly elected and qualified of \$38,437.50. The restrictions on the shares of common stock granted to non-employee directors lapse one-fifth each year over a five-year period commencing on the date of grant if the non-employee director

27

continues to be a director of Cytec on each such date. If a non-employee director's service on the Board terminates before the award is entirely vested, any portion of the award that is not vested will revert to Cytec; *provided, however*, that if the non-employee director's service terminates by reason of death or disability (as defined in the 1993 Plan), then any installment with respect to which the grantee had commenced (but not completed) serving the requisite amount of time to vest in such installment, will become vested. If a director elects to defer vesting until the year following his or her 70th birthday, as permitted by the 1993 Plan, then during the extended deferral period there exist certain additional grounds upon which reversion can be waived. In addition, each non-employee director automatically received an option to purchase 3,000 shares of common stock at the time of his election to the Board and on the date of the annual meeting of stockholders. All options had an exercise price per share equal to the fair market value of a share of common stock on the date of grant. Options granted to a non-employee director were for a term of ten years and become exercisable as to one-third of the shares covered by such options on the first anniversary of the date of grant, and with respect to an additional one-third of the shares covered by such options on each of the next two succeeding anniversaries of the date of grant. Upon the occurrence of a Change in Control (as defined in the 1993 Plan), all outstanding options held by our non-employee directors become immediately exercisable and all restricted stock awards become immediately nonforfeitable in full.

Other 2005 personal benefit-type compensation for the entire group of directors and officers is not individually significant or reportable.

During 2005 and as described in the Compensation Management Development Committee Report above, commencing in 2006 directors will receive an annual retainer fee of \$55,000 and an annual grant of our restricted stock valued at \$55,000. The Chair of each Committee will receive a \$5,000 annual retainer (\$10,000 for the Audit Committee). Directors will no longer receive annual grants of stock options nor will they receive fees for attending meetings of the Board or any Committee of the Board.
