Item 1.01 Entry into a Material Definitive Agreement.

Merger Agreement

On September 24, 2008, Ligand Pharmaceuticals Incorporated (the “Company” or “Ligand”) entered into an Agreement and Plan of Merger (the “Merger Agreement”), with Pharmacoepia, Inc., a Delaware corporation (“Pharmacoepia”), Margaux Acquisition Corp, a direct wholly-owned subsidiary of the Company (“Merger Sub 1”) and Latour Acquisition, LLC, a Delaware limited liability company (“Merger Sub 2”). Under the Merger Agreement, the Company will acquire Pharmacoepia pursuant to a two-step merger, whereby Merger Sub 1 will merge with and into Pharmacoepia, with Pharmacoepia as the surviving corporation, and Pharmacoepia will immediately thereafter merge with and into Merger Sub 2, with Merger Sub 2 as the surviving entity (collectively, the “Merger”).

Under the terms of the Merger Agreement, the Company will issue to Pharmacoepia stockholders 17.6 million Ligand shares, subject to specified adjustments as provided therein. The Merger Agreement includes a collar provision that provides for a fixed exchange ratio within a stock price range of Ligand common stock of \$3.00 and \$3.75. At Ligand stock prices greater than \$3.75 but not greater than \$4.50, the value of the transaction is fixed at \$66 million. At Ligand stock prices greater than \$4.50, the number of Ligand’s shares to be issued to Pharmacoepia stockholders is reduced to 14.7 million. At Ligand stock prices below \$3.00, the value of the transaction is fixed at \$52.8 million, including some cash consideration at varying stock price levels. If Ligand’s stock price is below \$2.38, the number of Ligand’s shares to be issued to Pharmacoepia’s stockholders would not be greater than 18.0 million, and Pharmacoepia stockholders would receive cash of \$10 million in the aggregate. The number of shares issuable is subject to potential adjustments as provided in the Merger Agreement. In addition, each share of Pharmacoepia common stock will be entitled to receive one contingent value right (“CVR”), which is subject to the terms and conditions of the Contingent Value Right Agreement described below.

The Company and Pharmacoepia each made representations, warranties and covenants in the Merger Agreement that are similar to those made by parties in similar business combinations. The Merger is subject to customary closing conditions, including obtaining the approval of Pharmacoepia’s stockholders and termination or expiration of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended. The Board of Directors of the Company and Pharmacoepia have approved the Merger and the Merger Agreement. Pharmacoepia has agreed, unless the Merger Agreement is terminated earlier, to cause a stockholders meeting to be held, for the purpose of considering approval of the Merger and the Merger Agreement. If the Merger Agreement is terminated under certain circumstances specified in the Merger Agreement, Pharmacoepia may be required to pay a termination fee of \$3.375 million and/or reimbursement of actual documented reasonable expenses up to a maximum of \$1.4 million.

The Company expects to incur substantial additional costs in connection with the Merger, including costs associated with severance payments, repayment of outstanding debt, advisors’ fees and other transaction-related expenses.

Contingent Value Rights Agreement

At the closing of the Merger, the Company, Pharmacoepia and a rights agent will enter into a Contingent Value Rights Agreement (the “CVR Agreement”), a form of which is attached to the Merger Agreement. The CVR Agreement sets forth the rights that former Pharmacoepia securityholders will have with respect to each CVR to be held by them after the closing of the Merger. The CVR Agreement provides for the payment of an aggregate of \$15 million in cash payable to the holders of the CVRs if, on or prior to December 31, 2011, Ligand enters into a license or sale agreement related to DARA (as defined in the CVR Agreement) or any other agreement for the development, marketing or sale of DARA, or any option to enter into such agreement, with any party other than Bristol-Myers Squibb Company or any of its affiliates.
