PROXY

ESPRESSO SHAREHOLDERS COMMITTEE (ESC)

The undersigned shareholder(s) of Espresso Solutions, Inc. a Nevada Corporation, appoints Joseph Saline, Chris Wilson and Dave Della, any one acting alone, as proxy and attorney-in-fact, with full power of substitution, to represent the undersigned at the Special Shareholders Meeting on May 16th, 2009 and/or at any adjournment, postponement or continuance of that meeting and/or at a regular annual shareholder's meeting held during 2009.

The proxy holder shall be entitled to vote all shares of Espresso common stock that the undersigned would be entitled to vote if personally present, for or against any proposal, including the election of members of the Board of Directors, and any and all matters that may come before the meeting, in accordance with the instructions noted on enclosed the proxy card.

Shareholder(s):

Espresso Solutions, Inc. is currently in bankruptcy. There is a plan in place, already filed with the bankruptcy court, to liquidate your positions as shareholders. Espresso management has submitted a reorganization plan to erase all the common stock which translates to zero value for you and all of the individuals who invested to develop this company.

A group of concerned shareholders, the Espresso Shareholders Committee (ESC) is working to return Espresso to its original focus and profit potential. We need your support. Please take the time to review the information in this transmittal. Then, complete, sign, date and return the enclosed proxy form. Our committee is in the process of moving forward with legal representation with a litigator and a bankruptcy attorney. Our objective is to reinstate your stock by presenting an alternative plan to the bankruptcy court. That plan will propose new management, including directors, who will resume company efforts to pursue already identified as well as new potential revenue sources.

PROXY STATEMENT

The Espresso Shareholder's Committee (ESC), representing owners of more than 25% of the current outstanding shares, has requested a special shareholder's meeting be held on May 16, 2009. So far, management has ignored that request. So, the meeting will likely occur at a later date. The primary purpose of the meeting is to elect six ESC members as new directors of Espresso in accordance with our bylaws.

THE ESPRESSO SHAREHOLDER'S COMMITTEE (ESC) IS MAKING THIS PROXY SOLICITATION ON BEHALF OF ITS MEMBERS AND NOT ON BEHALF OF ESPRESSO'S CURRENT MANAGEMENT OR BOARD OF DIRECTORS.

The ESC has requested that this solicitation be made as part of Espresso's 'notice of meeting' with specified date, location and time, which should be sent to all shareholders at least two weeks before the scheduled meeting date. If the company does not cooperate, this solicitation may be made by mail, Email, facsimile and telephone. Funds expended to date are approximately \$2,000 and are expected to total less than \$10,000. All costs will initially be borne by ESC but reimbursement will be sought from the registrant with approval of its board of directors at a later date. According to information available to ESC there

Edgar Filing: SALINE JOSEPH - Form DEFN14A

are approximately 362 million shares outstanding and eligible to be voted at the special shareholder meeting. Each share may cast one vote for each board candidate and/or meeting item to be considered. Directors will be elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. A quorum may not consist of less than 1/3 of the outstanding shares eligible to vote.

Following are the principal coordinators of the ESC, none of whom are being compensated:

Name & Address -----	Occupation -----	Securities Held -----
Joseph P. Saline Jr. 5838 Redondo Dr. Bonsall, CA 92003	Retired	12,014,500
Christopher Wilson 2 West Rd South Salem, NY 10590	Business Owner	1,964,243
Dave Della Sr 2906 Eagleville Rd. Audubon, PA 19403	Business Owner	346,000

WHY YOU'RE RECEIVING THIS PROXY SOLICITATION

An investor who holds a senior convertible note, the Dalcour group, has forced Espre into unnecessary and destructive bankruptcy proceedings. The recovery plan Espre has submitted to the bankruptcy court proposes to eliminate your and all other equity positions. The ESC members believe your investment in Espre is being manipulated by a single investor, who we believe controls the Dalcour Group. He has taken control of the company from the original management team, completely dismantled the technical and sales teams and has placed the company into bankruptcy in order to selfishly protect his senior note but in reality wants to hijack the company for his sole benefit. However, Espre remains perfectly capable of being very successful as originally envisioned under new, competent management.

Please note that current management has not communicated with shareholders and is in violation of SEC rules by not holding annual meetings and elections of directors. Remember, management reports to the board of directors and in normal companies, the directors are elected by the shareholders. The directors are supposed to be YOUR representatives but you've never been allowed to vote for them. Annual shareholder meetings and director elections have not happened to date with Espre, even though it's almost five years old. Instead, the current director, appointed by special interests, has brought this company to Bankruptcy, violated his fiduciary duty to shareholders and proceeded with actions that are severely damaging to you and all other common shareholders.

The Espre Shareholder's Committee (ESC), representing more than 100 million (more than 25%) of the current 362 million outstanding shares has engaged the services of both paid and unpaid legal help to assist in our efforts to regain control of the company. We're currently proceeding on a two prong , parallel approach; 1) Appeal directly to the court with evidence of current management fraud, malfeasance and nonfeasance in order to stay the bankruptcy proceedings for at least 60 days and; 2) To gain control of the Board of Directors in order to work from within the company to rebuild the company.

Your ESC volunteer representatives have requested, in accordance with our bylaws, that Espre conduct a special shareholder's meeting to be held on May 16, 2009. (see letter below) So far, management has ignored that request. So, the

Edgar Filing: SALINE JOSEPH - Form DEFN14A

meeting will likely occur at a later date, following anticipated litigation. The primary purpose of the meeting, whenever held, is to elect six ESC members as new directors of Espre in accordance with our bylaws. Those directors will represent the interests of the shareholders instead of just one creditor, Dalcor.

2

Mr. William Hopke, CEO and
Chairman of The Board of Directors
Espre Solutions, Inc.

Dear Mr Hopke,

Shareholders owning in excess of 100 million shares of common stock of Espre Solutions, Inc. respectfully request that you call a `special meeting' of shareholders in accordance with Espre Bylaws sect. 1.2. The purpose of the meeting is to elect six (6) shareholder members of the Espre Shareholders Committee (ESC) to become directors of the Corporation in accordance with sect 2.6 of the bylaws. Their term of office shall be one year from the special meeting date or until the next annual shareholder's meeting whichever is later. Affidavits of support by the requesting shareholders are on file with the ESC attorney, Steven Skovron 215-885-0786.

Please arrange the meeting to be held at the corporate offices in Plano or such other local facility you select which will accommodate an estimated minimum of 50 persons. Request the meeting be held on Saturday, May 16th, 2009. In advance of the meeting the ESC intends to solicit shareholder proxies for the election. We will shortly submit to the SEC, via Edgar, a formal proxy statement in accordance with SEC Sched 14A . That statement (including return proxy card) will also be provided to you for inclusion along with Espre's meeting notice to shareholders as of record date 1 April, 2009. Please arrange for the stock transfer agent and The Depository Trust and Clearing Corporation to expeditiously mail these items to all common shareholders.

Thank you in advance for your cooperation,

Joseph P. Saline Jr,
Espre Shareholder and ESC Representative

760-643-1796

If current management resists this special meeting initiative we will advise the SEC and appeal to the bankruptcy court to require Espre to comply. When successful, the new directors will have control of the board and will petition for the withdrawal of the current bankruptcy recovery filing and to present a new plan to the court within 90 days. That plan will reinstate your equity position and detail the opportunities available to Espre under changed, professional management.

The ESC members have uncovered a substantial amount of evidence that will be submitted to the court by our lawyers. The purpose is to show that the initial bankruptcy filing itself is fraudulent and the current Espre recovery plan presented to the court does not fairly consider all stakeholders. It completely wipes out all equity (common stock) holders. It will show that many of the allegations in the court filings are at least inaccurate if not outright lies. It is a blatant attempt by Dalcor to hijack the company from the shareholders.

IT IS THE BELIEF OF THE ESPRE SHAREHOLDERS COMMITTEE (ESC), AS DOCUMENTED WITH EVIDENCE, THAT THESE AND OTHER ISSUES DETRIMENTAL TO SHAREHOLDERS EXIST:

CURRENT `MANAGEMENT' (1 DIRECTOR?) is obviously only interested in preserving

Edgar Filing: SALINE JOSEPH - Form DEFN14A

Dalcor's interest. Dalcor `controls' only ~80 million of the ~362 million shares outstanding.

Dalcor can convert their `senior note' to controlling common shares but then they'd have to get in line like the rest of the shareholders now that they've filed for bankruptcy protection.

3

Espre Solutions, under the direction of William Hopke, CEO and Chairman of the Board, has been working under the direction of John W Hunter (Dalcor) to bankrupt this company and pirate away everything developed to date with your investment.

William Hopke, in filing the Form 8 documents to the SEC, has done so on a fraudulent basis and we have the documentation to support our claim. Our members have also reported this act to the SEC.

William Hopke and Mr. Hunter have been acting in a capacity that violates Espre's bylaws and SEC Regulations. There has been no SEC required annual meeting and/or election of directors.

They've allowed the stock to be de-listed from the OTC Bulletin Board.

William Hopke has turned down revenue opportunities in the last six months which would have prevented the current dire financial status of Espre.

Hopke is completely ignoring the shareholders. He has not communicated with shareholders about ESPRE's progress/status/future plans.

Cancelling the common-sense Blideo combination (announced by Hopke in a press release last summer) is blatantly anti-shareholder, benefitting only Dalcor's separate interest in Blideo.

Deliberately not pursuing common sense `corrections' to the `blue sky' and other `formation' issues is gross malfeasance/non-feasance

Hopke has delayed pursuing sales opportunities developed in the past and has refused to pursue new sales opportunities proffered by interested persons.

The ESC intends to add six directors to Espre's board. Our candidates have extensive business and investment experience. They will act to stop the current movement to liquidate your positions. The proposed new shareholder/directors will take control of the Board of Directors from the current director (placed there by Dalcor) who also serves as officer and executive manager of Espre.

The new directors will immediately re-establish a strong sales and marketing organization. We will request the key technical and marketing/salespeople, whose revenue deals were rejected and who then were subsequently fired by Hopke, to re-establish those contacts. We will initiate talks with those customers as soon as we gain control. We believe we can re-secure several of our former potential customers for almost immediate revenue creation. ESC expects to begin generating revenue within three months of takeover. Your ESC volunteers are working on such plans now.

We have prepared a very positive, preliminary, pro-forma revenue forecast that will be provided to the bankruptcy court to validate the viability of Espre as a valuable business and demonstrate the gross mismanagement by the current Espre leadership. We will also shortly ask all the shareholders that were missed in the Blue-Sky filings to submit a waiver releasing Espre of any liability. This is important for our reorganization plan. This waiver is the only method we can think of to protect your interests at this time.

The ESC is working on a reorganization plan that will raise some working capital and re-shuffle management as necessary. This new capital investment plan is contingent upon the bankruptcy court finding that Dalcors default is fraudulent and either negating or changing the terms of the original note in order for Espre to satisfy that creditor and others, over time, from earnings.

BOARD OF DIRECTORS CANDIDATES

ATTENTION SHAREHOLDERS: The Espre Shareholder's Committee has identified a slate of candidates for Espre's Board of Directors who we believe will best represent the interests of SHAREHOLDERS. Six shareholder director candidates are listed below and brief resumes are provided. Please be aware that these individuals have been long-time Espre investors and have been active in various aspects of the company's early development. You can be assured that these candidates are pledged to focus on SHAREHOLDER VALUE ahead of management, bondholder or other self-interests.

Candidates:

1. Joe Saline (Organization & Planning Expertise)
2. Dave Della (Company Development & Former Espre Director)
3. Craig Tabler (Information Technology Expertise)
4. David Broderick (Sales & Marketing Expertise)
5. Eric Langford (Realty Development and Banking)
6. Bob Nimon (Technical Engineering Expertise)

BRIEF RESUMES:

JOSEPH P. SALINE JR.

Retired Aerospace Manager. Retired Colonel, USAF. Former Chairman of the Board, Orange County (Calif.) Chamber of Commerce. Former Board Member, Commonwealth Energy Corp. Board member, InterBill Corp. Bachelor of Mechanical Engineering; Master of Science in Industrial Administration. Forty years investment experience including numerous start-up companies. Technical expertise in workflow management tools, automated test equipment, software productivity, telecommunications applications, internet video/audio delivery, enterprise applications, industrial automation and fault-tolerant multiprocessor systems.

6

SUMMARY

Espre is a valuable company that can become successful almost immediately. Our Company still has the great potential that caused you to invest. However, today Espre is being grossly mismanaged for the benefit of Dalcors and to the detriment of all other shareholders (YOU!). The current legal challenge by the ESC is your only hope of salvaging your investment unless you want to personally pursue costly legal actions. The current management of Espre Solutions feels that because they are funded by a wealthy individual, they can break the law. With your help we will show them that the legal system does work when shareholders assert and defend their rights. Through ESC's current legal efforts we intend to bring these individuals to justice and save the shareholder's interests. You must understand that your shares today are essentially WORTHLESS. The ESC shareholders who will represent you are not being compensated but they do ask that everyone respond quickly so we can help save your investment. You must sign and return the enclosed proxy TODAY.

If you would like to actively participate as a member of the ESC we welcome your support. To do so please Email your contact information, including name, mailing address, telephone number and number of shares held to: drwilson99@aol.com

7

SHAREHOLDER RETURN PROXY

The Espre Shareholder's Committee (ESC) [not Espre's current Board of Directors/Management] requests that you complete, sign, date and mail this proxy as soon as possible. This proxy authorizes the ESC holder to vote in your name for Espre Board of Director candidates and such other business as may properly be presented to the Espre special or annual shareholder's meeting or any continuance or postponement thereof during 2009. It may be revoked by you any time before or at such meeting(s). Please mark the first, large box only, so we

Edgar Filing: SALINE JOSEPH - Form DEFN14A

may vote your shares on all issues.

[] I authorize the holder of this proxy to vote all my shares for what the holder judges to be in the best interests of the shareholders.

[] Withhold Authority

If you don't want the proxy holder to vote for specific candidate(s), cross out only those names below:

Joseph Saline	David Della	Craig Tabler
David Broderick	Eric Langford	Bob Nimon

Shareholder also agrees to any waiver of meeting notice in accordance with Espre bylaw sect 1.5.

_____ Print name(s) as shown on share certificates
_____ Total # of shares

_____ Signature(s) _____ Date Signed

_____ Email address _____ Title
(if Trustee or Corp.)

Note:

Please sign exactly as your name appears on the stock certificate. When shares are held by more than one person, all must sign. When signing as attorney, executor, administrator, trustee or guardian, please provide title as such. If corporation or partnership use authorized signatures. Signer hereby revokes all proxies previously given (if any) Completing proxy but failing to check any boxes will give holder complete voting discretion for all shares held.
