**Item 7.01 Regulation FD Disclosure**

On March 10, 2011, the Company issued a press release announcing the events described in Item 8.01 below. The press release is attached hereto as Exhibit 99.1 and is incorporated herein by this reference. **Item 8.01 Other Events**

On March 8, 2011, the Board of Directors of GreenMan Technologies, Inc. (the “Company”) determined, based on the magnitude of historical operating losses associated with the Company’s Green Tech Products, Inc. molded recycled rubber product subsidiary, that it is in the best interests of the Company’s shareholders to exit that business. The Company will instead devote all of its resources to advancing its dual fuel conversion initiative, operated by its American Power Group, Inc. subsidiary. Accordingly, the Board of Directors has authorized management to begin an immediate effort to identify potential buyers for Green Tech Products and to evaluate other strategic alternatives that may be available to the Company. Effective as of March 8, 2011, Green Tech Products operations have been classified as discontinue operations.
