This Form 10-KSB contains forward-looking statements within the meaning of the federal securities laws. These forward-looking statements are necessarily based on certain assumptions and are subject to significant risks and uncertainties. These forward-looking statements are based on management's expectations as of the date hereof, and the Company does not undertake any responsibility to update any of these statements in the future. Actual future performance and results could differ from that contained in or suggested by these forward-looking statements as a result of factors set forth in this Form 10-KSB (including those sections hereof incorporated by reference from other filings with the Securities and Exchange Commission), in particular as set forth in the "Plan of Operation" under Item 6.

In this filing references to "Company," "we," "our," and/or "us," refers to Voyager Entertainment International, Inc.

PART I

ITEM 1. DESCRIPTION OF BUSINESS

(a) General Business Development

Voyager Entertainment International, Inc. formerly named Dakota Imaging, Inc. was incorporated in North Dakota on January 31, 1991. Effective February 8, 2002, the Company completed a reverse triangular merger between Dakota Subsidiary Corp. ("DSC"), a wholly owned subsidiary of the Company, and Voyager Ventures, Inc., a Nevada corporation ("Ventures"), whereby the Company issued 3,660,000 shares of its Series A preferred stock in exchange for 100% of Ventures outstanding common stock. Pursuant to the terms of the merger, Ventures merged with DSC wherein DSC ceased to exist and Ventures became a wholly owned subsidiary of the Company.

The Series A preferred stock carries the following rights and preferences:

- 10 to 1 voting rights per share
- Each share has 10 to 1 conversion rights to shares of common stock (every 1 share of series A preferred stock has the right to convert into 10 shares of common stock)
- No redemption rights
- No face value

Concurrent with the closing of the Merger, 2,160,000 shares of the Series A preferred stock were immediately converted into 21,600,000 shares of common stock.

Pursuant to current North Dakota law the Company did not need the approval of its shareholders to consummate the Merger as the constituent corporation in the merger were Dakota Subsidiary Corp. and Voyager Ventures, Inc. The Company was not a constituent corporation in the merger.

Further, pursuant to the terms of the Merger Agreement, the board of directors of the Company, consisting of Lawrence Nieters, Joell Nieters and Frances Hedman, appointed Gregg Guffria, Veldon Simpson, and Richard

Hannigan as new directors of the Company to serve until the next annual meeting of shareholders; or until their successors have been elected. Following their appointment of new directors, Lawrence Nieters and Joell Nieters resigned as directors.

4

On April 2, 2002, we held our annual stockholders meeting and the stockholders voted on and approved changing the Company's name from Dakota Imaging, Inc. to Voyager Entertainment International, Inc.

On November 15, 2002, we entered into a loan and security agreement with Mr. Dan Fugal an unaffiliated individual, whereby Mr. Fugal is to provide us with a credit facility in the form of a secured line of credit not to exceed \$2.5 million. As of the date of the filing of this report Mr. Fugal has provided the company with \$500,000.

Subsequent Event

On February 5, 2003, the Clark County Commission approved our plan to build a 50-story hotel and a 50-story Ferris wheel around a man-made lake with 20 yachts on the Las Vegas Strip.

On February 15, 2003, we executed an amendment to the Loan and Security Agreement to amend the term date from February 15, 2003 to April 15, 2003. We believe that Mr. Fugal will continue to extend the date on Loan Security Agreement. However there can be no guarantee that this will occur.

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America that contemplate the continuance of the Company as a going concern. The Company's cash position may be inadequate to pay all of the costs associated with testing, production and marketing of products. Management intends to use borrowings and security sales to mitigate the effects of its cash position, however no assurance can be given that debt or equity financing, if and when required will be available. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue existence.

(b) Our Business

Our current business plan is to build two of the world's largest Ferris wheels, one on the Las Vegas Strip and the other in Shanghai, China.

Las Vegas "Voyager" Wheel

Outland Development, a wholly-owned subsidiary of the Company, for the past 5 years has extensively planned and/or evaluated the available locations at both the North and South ends of the Las Vegas Strip. The location selected for VOYAGER is the 26.87 acres owned by SLVC adjacent to the Sahara Hotel & Casino. It is anticipated that the project will benefit from the location on Las Vegas Blvd., both from the physical connection to be developed and future development properties on the north end of the strip.

5

"VOYAGER" is intended to be designed as a visual ICON and experience overlooking the "Las Vegas Strip". With 33 vehicles called Sky Cruiser's, the vertical revolving vehicle will overlook the Las Vegas Strip as it revolves higher than a 50-story building at 600 (+/-) feet. One slow rotation in a vehicle will last 27 minutes and each vehicle will travel at 0.652 MPH or .9567 feet per second. The vehicle will be controlled and enhanced by the on-board SS Navigator part entertainer, and part steward, an individual also skilled in life-safety and security.

Land Acquisition

We are currently in the process of negotiating a long-term lease for a site located adjacent to the Sahara Hotel & Casino, owned by SLVC, whereby we are planning to jointly design and develop an entire master plan resort for the 26.87 acre parcel. The front portion of the site will be occupied by Voyager and will become the engine for the mixed-use complex. A hotel and casino are planned, as well as timeshare or other residential modules. The design of Voyager will be integrated throughout the entire resort. The site plan will detail Voyager's plans for the wheel, including a large lake with custom boats utilized for hotel rooms, a new hotel tower and a time share tower. As of March 31, 2003, no definitive agreement has been consummated. On August 16, 2002, we entered into an agreement with Residential Resources, Inc. ("RRI"), whereby RRI will sell/hypothecate our assets to act as collateral for a bond issuance, which will raise up to \$100 million. We paid an initial due diligence fee of \$30,000 and upon completion of the due diligence, RRI issued a securitization commitment on September 10, 2002. Pursuant to the agreement, we paid an additional fee of \$70,000 upon receipt of the securitization commitment.

Organization

The project will be owned by the parent company, however, will be designed, developed, built and operated by Outland Management, LLC, a wholly owned subsidiary of the Company. Outland will manage the project via a ten-year contract with performance-based extensions. All covenants, restrictions and protocol will be detailed in its operating agreement.

As the management company Outland will be responsible for the design, development, construction, and operation of VOYAGER, and provide the following: concept development, project design, location assessment and acquisition, strategic alliances in both entertainment and gaming, business plans and budgets, financial oversight and management during both construction and operation, marketing plans, insurance procurement and risk management, senior operational management including development of policies and procedures, and overall strategic focus for VOYAGER.

VOYAGER is fundamentally an amusement ride attraction, and its operational and maintenance requirements are very similar to those found in the theme park industry. In addition, Las Vegas is a unique marketplace, and the visitor when placed in the environment is also unique. The ability to understand the visitor, and successfully attract customers to VOYAGER will come as a result of clearly understanding the marketing strategies of the gaming industry. Outland Management intends to employ highly skilled individuals from the theme park industry and combine their specialized skills with those from the gaming industry.

The initial management team at Outland is anticipated to consist of: Richard Hannigan President and a Director, Veldon Simpson as CEO and a Director; Myong Hannigan as Secretary Treasurer; Michael Schaunessy, as CFO; and Sig Rogich, as Director of Public Relations & Communications.

Shanghai, China "Star of Shanghai"

Anticipated to be located on the western bank (Puxi) of the Huangpu River, the Bund ("muddy embankment") is the chosen location for a master planned development with the Star of Shanghai as the dominant feature. Star of Shanghai is to be designed as a special tribute to the legendary figure Huang Daopo who invented the "spinning wheel" that reformed the technique of cotton weaving, and gained fame for its production of clothing.

China's bright future and growth in all dimensions is anticipated to impact and attract international attention.

Voyager will require substantial additional funds to fulfill its business plan and successfully develop its two projects. Voyager intends to raise these needed funds from private placements of its securities, debt financing or internally generated funds from the licensing of its intellectual property or service fees. As of the date of this filing the Company has not received a firm commitment for financing of any of the projects.

At this time Voyager has decided to focus primarily on the Las Vegas project with the view that it is more difficult to build and finance both projects simultaneously. We anticipate that we will begin to focus on the Shanghai project in 2004. We continue to believe that there is a great prospect for a Voyager project in China as well as other locations.

Market Overview

Management believes that, in the foreseeable future, cash generated from operations will be inadequate to support full marketing roll out and ongoing product development, and that we will thus be forced to rely on additional debt and/or equity financing. Management is reasonably confident that it can identify sources and obtain adequate amounts of such financing. We intend to enter into a cooperative arrangement with distributors, whereby we will receive marketing and sales benefits from the professional staff of such distributors. To date, we have not established any such arrangements. In the event we are unsuccessful in generating equity capital, then the Company will be unable to continue with product development and/or marketing. The lack of equity capital may in turn cause the Company to become insolvent.

Competition

We compare with numerous other entertainment companies. Many of these competitors have substantially greater resources than we do. Should a larger and better financed company decide to directly compete with us, and be successful in its competitive efforts, our business could be adversely affected.

Research and Development

From inception in March of 1997 through present, we have devoted a majority of our time on research and development. During our development stage period from March 1, 1997 through December 31, 2002, we incurred operating expenses of \$1,942,952 against no revenues, which resulted in an operating loss of \$1,942,952.

Employees

As of December 31, 2002, we only had unpaid Officers and Directors. We are dependent upon Richard Hannigan, President Director of the Company; Veldon Simpson, CEO and Director and Myong Hannigan, Secretary Treasurer. We do not have any employees at this time and do not anticipate the need to hire any employees until such time as we have been sufficiently capitalized.

Our future success also depends on our ability to attract and retain other qualified personnel, for which competition is intense. The loss of Mr. Hannigan, Mr. Simpson or our inability to attract and retain other qualified employees could have material adverse effect on us.

ITEM 2. DESCRIPTION OF PROPERTY

We currently lease 2,100 square feet of office space from Synthetic Systems of which our president is the owner. We lease the office space at cost for the amount of \$2,325 per month on a month-to-month basis.

ITEM 3. LEGAL PROCEEDINGS

Background

Voyager Entertainment International, Inc. ("VEII") started as Outland Development, LLC which was in business to develop and construct a "Wheel Based" entertainment/amusement attraction in Las Vegas, Nevada on the Las Vegas Strip. Richard Hannigan, Veldon Simpson and Gregg Guiffria were the main partners. After searching for capital and land for the project through 2001, Outland was introduced to Don and Nancy Tyner and Barclay Davis. Davis represented himself as a person who was experienced with public companies and the Tyners represented themselves as investors in the project. The Tyners made it clear that they would not invest in the project unless it was publicly traded and Barclay Davis was the individual involved in the process of taking the company public.

8

VEII is a N. Dakota corporation. Its principal place of business is in Las Vegas, Nevada. VEII became public and eligible to trade on the OTC:BB in or around March of 2002. Voyager Ventures, Inc. was formed and purchased Outland Development, LLC (the operating company) and subsequently completed a reverse merger with Dakota Imaging. The terms of the transaction were as follows:

1) purchase price \$600,000 for stock in Dakota Imaging.

VEII capital structure was 36M Restricted shares. Don Tyner and Barclay Davis purchased 3,600,000 shares of Voyager Ventures for the sum of \$10,000 which was divided between them and exchanged in the reverse merger for an equal number of VEII shares. Gregg Guiffria, Richard Hannigan and Veldon Simpson each received 11,000,000 shares (6,000,000 of common and 500,000 shares Preferred with 10 to 1 conversion rights.)

Unbeknownst to VEII and its management, Don and Nancy Tyner and Barclay Davis received an additional 5,807,000 shares of "free-trading" stock which were in the name of the original shareholders of VEII and which holdings and ownership interest were never disclosed to management or the general public by filing Section 13 or Section 16 reports as required under the Securities and Exchange Act of 1934.

Don and Nancy Tyner invested \$400,000 to Outland through a Private Placement at \$0.50 per share. Of those funds \$150,000 was given to John E. Dhonau for fees and expenses associated with the reverse merger process.

From the period of September thru October of 2002, Don and Nancy Tyner loaned VEII \$210,200.

During the fall/winter of 2002, VEII through a newspaper article, became aware Barclay Davis was sentenced to 30 months in Federal Prison.

Threatened Litigation

In the process of auditing the consolidated financial statements of VEII for the years ended December 31, 2002 and 2001, which are included in VEII's annual report on Form 10-KSB, its auditor, Stonefield Josephson, Inc. sent out "Note Payable Confirmation Requests" to Don and Nancy Tyner and First Nevada Development Company (collectively "Tyner") on or about March 14, 2003 to confirm the \$210,200 Tyner loaned to VEII during the period of September thru October of 2002. In response, Tyner sent a letter through its attorney alleging \$1,464,826.38 was immediately due and payable including interest at the legal rate.

Tyner is alleging that several payments made by it to various individuals and entities were actually for the benefit of VEII, and VEII should be responsible for those debts. In addition to the \$210,200 acknowledged by VEII, Tyner has alleged the following are owed by VEII:

- 1) Check 1068, dated 1/10/02 in the amount of \$600,000 made payable to "BLD Trust";
- 2) Check 10034, dated 2/15/02 in the amount of \$400,000 made payable to "Dakota Imaging, Inc.";
- 3) Check 1114, dated 3/25/02 in the amount of \$20,000 made payable to "John E. Dhonau";
- 4) Check 4003, dated 8/1/02 in the amount of \$50,000 made payable to "Rainbird Trust";
- 5) Check 1181, dated 8/1/02 in the amount of \$100,000 made payable to "Rainbird Trust";
- 6) Miscellaneous expenses totaling \$18,039.24 incurred by Don Tyner; and,
- 7) A \$50,000 bonus on the \$600,000 check dated 01/10/03 made payable to "BLD Trust".

9

VEII acknowledges the \$18,039.24 listed as expenses is a bona-fide debt of VEII, as such the company is of the opinion that it owes Tyner the sum of \$228,239.24.

Attempts to settle these matters have not been successful as of the time of this filing.

The Company intends to defend any action initiated by Tyner for collection of the aforementioned amounts vigorously.

The company believes the "BLD Trust" is Barclay and Loretta (wife) Davis, and that "Rainbird Trust" is Barclay and Loretta Davis.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

We held our annual meeting of shareholders on April 2, 2002. Business conducted at the meeting included the following proposals:

- (1) To elect two directors (Richard Hannigan and Veldon Simpson) to serve until the next annual meeting or until their successors are elected and qualified;
- (2) To change the Company's fiscal year end to December 31st;
- (3) To change the Company's name from Dakota Imaging, Inc. to Voyager Entertainment International, Inc.;
- (4) To amend the Company's Certificate of Incorporation;

- (5) To amend and restate the Company's Bylaws;
- (6) To confirm the reaffirmation of Merdinger, Fruchter, Rosen & Corso, P.C. as independent auditors for the Company;
- (7) To adopt a stock option plan providing for options up to 5,000,000 shares of common stock;
- (8) To ratify the merger between Dakota Subsidiary Corp. and Voyager Ventures, Inc.;
- (9) To schedule the next annual meeting of shareholders.

Each share of Common Stock was entitled to one vote. Only shareholders of record at the close of business on March 1, 2002, were entitled to vote. The number of outstanding shares at that time was 34,015,000 held by approximately 67 shareholders. The required quorum of shareholders was present at this meeting.

PART II

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

(a) Market Information

Our Common Stock is traded in the over-the-counter securities market through the National Association of Securities Dealers Automated Quotation Bulletin Board System, under the symbol "VEII". The following table sets forth the quarterly high and low bid prices for our Common Stock during our last fiscal year, as reported by the National Quotations Bureau. The quotations reflect inter-dealer prices, without retail mark-up, markdown or commission, and may not necessarily represent actual transactions.

	2002		2001	
	Low	High	Low	High
1 st Quarter	\$0.00	\$0.00	Not Trading	Not Trading
2 nd Quarter	\$4.93	\$8.25	Not Trading	Not Trading
3 rd Quarter	\$0.22	\$2.17	Not Trading	Not Trading
4 th Quarter	\$0.17	\$0.37	0.00	0.00

* The Company was eligible for trading on the OTC:BB in December of 2001 under the symbol "DAKI", however no trades occurred. The Company's symbol was changed to "VEII" in April of 2002.

(b) Holders of Common Stock

As of December 31, 2002, we had approximately 64 shareholders of record of the 38,652,500 shares outstanding. The closing bid stock price on March 31, 2003 was \$.17.

(c) Dividends

We have never declared or paid dividends on our Common Stock. We intend to follow a policy of retaining earnings, if any, to finance the growth of the business and do not anticipate paying any cash dividends in the foreseeable future. The declaration and payment of future dividends on the Common Stock will be the sole discretion of the Board of Directors and will depend on our profitability and financial condition, capital requirements, statutory and contractual restrictions, future prospects and other factors deemed relevant.

Recent Sales of Unregistered Securities

In the year ended December 31, 2002 we issued and sold the following unregistered securities:

11

On February 15, 2002, we sold 800,000 restricted shares of common stock at a price of \$.50 per share for \$400,000 in a transaction pursuant to an exemption provided by Regulation D 506. The investor as provided under the terms of the subscription agreement is an accredited investor as defined in Section 501 of Regulation D.

On April 5, 2002, we issued 200,000 restricted shares of common stock to Norman and Barbara Karp for services as a finder and assisting us in furthering our business plan, a total consideration of \$400,000. We believe that the issuance of the shares was exempt from the registration and prospectus delivery requirements of the Securities Act of 1933 by virtue of Section 4(2), and Rule 701 thereof. The shares were issued directly by us and did not involve a public offering or general solicitation. The recipient of the shares had a preexisting relationship with our management, had performed services for us and had full and complete access to the Company and had the opportunity to speak with management with regards to their investment decision.

On April 5, 2002, the Company issued 125,000 restricted common shares for investor relations services. The shares were being held by the Company in anticipation of executing a formal definitive agreement with the service provider. On June 6, 2002, the Company cancelled the shares due to an inability to reach an agreement with the service provider and are not reflected in the accompanying consolidated financial statements

On May 30, 2002, we issued 2,812,500 shares of restricted common stock to Western Architectural Services, LLC in exchange for \$18,141,533 of construction services.

During June 2002, we sold 50,000 restricted shares of common stock at a price of \$3.00 per share for cash consideration totaling \$150,000, which represents the fair market value of the common stock on the date of issuance. As of December 31, 2002, 5,000 of the shares had not been issued. The Shares were sold directly by us solely to Accredited Investors without registration based upon our exemption from registration afforded by Regulation D Rule 506 promulgated under the Securities Act. No commissions were paid on any funds raised.

On July 9, 2002, we issued a Warrant to purchase 1,000,000 shares of common stock to Technology Capital & Markets, Inc. for their assistance with certain fundraising assistance. The term of the Warrant was for 30 days and expired on August 9, 2002`. The warrant was issued without registration based upon our relationship with Technology Capital & Markets, Inc. in reliance upon the exemption from registration afforded by Section 4(2) of the Securities Act.

On October 28, 2002, we entered into a professional architectural services agreement with A.C.E Architect, Inc. in exchange for 600,000 shares of common stock. In addition, we are responsible for reimbursement of expenses. The shares were issued without registration based upon our relationship with A.C.E Architect, Inc. in reliance upon the exemption from registration afforded by Section 4(2) of the Securities Act.

On November 15, 2002, we issued 300,000 shares of common stock to Dan Fugal, to which Rule 144 of the securities laws apply, for his assistance in the financial arrangement whereby he is willing to make available to us a credit facility in the form of a line of credit in the amount of \$2,500,000.

12

On November 16, 2002, we issued 250,000 shares of common stock to Kent Norton, to which Rule 144 of the securities laws apply, for services as a finder.

On November 16, 2002, we issued 100,000 shares of common stock to Wade Mitchell, to which Rule 144 of the securities laws apply, for services as a finder.

On December 9, 2002, the Company entered into a consulting agreement in exchange for 325,000 shares of common stock.

ITEM 6. MANAGERMENTS' DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

This report contains forward-looking statements. Actual results and events could differ materially from those projected, anticipated, or implicit, in the forward-looking statements as a result of the risk factors set forth below and elsewhere in this report.

With the exception of historical matters, the matters discussed herein are forward looking statements that involve risks and uncertainties. Forward looking statements include, but are not limited to, statements concerning anticipated trends in revenues and net income, the date of introduction or completion of our products, projections concerning operations and available cash flow. Our actual results could differ materially from the results discussed in such forward-looking statements primarily as the result of insufficient cash to pursue production and marketing efforts. The following discussion of our financial condition and results of operations should be read in conjunction with our financial statements and the related notes thereto appearing elsewhere herein.

Overview

Voyager Entertainment International, Inc., formerly named Dakota Imaging, Inc., was incorporated in North Dakota on January 31, 1991. Effective February 8, 2002 the Company completed a reverse triangular merger between Dakota Subsidiary Corp. ("DSC"), a wholly owned subsidiary of the Company, and Voyager Ventures, Inc., a Nevada Corporation ("Ventures"), whereby the Company issued 3,660,000 shares of its Series A preferred stock in exchange for 100% of Ventures outstanding common stock. Pursuant to the terms of the merger, Ventures merged with DSC ceased to exist and Ventures became a wholly owned subsidiary of the Company.

On April 2, 2002 we amended our Certificate of Incorporation to change our name from Dakota Imaging, Inc. to Voyager Entertainment International, Inc.

Plan of Operation

During the next 12 months, we plan to focus our efforts on our development of the Ferris Wheels; however actual production will not commence until we have sufficient capital for production and marketing. Currently, our monthly cash need is approximately \$25,000 per month. These costs consist primarily of rent expenses, overhead and printing expenses.

within our budget and a shortfall of funding due to our inability to raise capital in the equity securities market. If no funding is received during the next twelve months, we will be forced to rely on existing cash in the bank.

We have no operating history, no significant current operations, minimum cash on hand, and no profit. Because of these factors, our auditors have issued an audit opinion for us which includes a statement describing our going concern status. This means there is substantial doubt about our ability to continue as a going concern. While we believe we have made good faith estimates of our ability to secure additional capital in the future to reach our goals, there is no guarantee that we will receive sufficient funding to implement any future business plan steps. In the event that we do not receive additional financing, we will not be able to continue our operations.

The timing of most of our capital expenditures is discretionary. Currently there are no material long-term commitments associated with our capital expenditure plans. Consequently, we have a significant degree of flexibility to adjust the level of such expenditures as circumstances warrant. The level of our capital expenditures will vary in future periods depending on market conditions and other related economic factors.

Risks that could cause actual performance to differ from expected performance are detailed in the remainder of this section, and under the section titled "Factors That May Affect the Company's Future Operating Results."

Results of Operations

Year Ended December 31, 2002 and December 31, 2001

Revenues. We did not have any revenues for the fiscal year ending December 31, 2002. There was no change in revenues from the year ending 2002 versus 2001 because we are still in a development stage and revenues will not be generated until operations of a ride begin.

Project Costs

Project Costs for the year ended December 31, 2002 were \$29,388, an increase of \$26,575 over the \$2,813 of project costs incurred in the year ended December 31, 2001. These expenses consisted primarily of presentation development and materials provided to prospective funding sources.

General and Administrative. General and administrative expenses totalling \$1,724,939 for the year ended December 31, 2002 primarily consisted of office rental expenses, legal fees and professional expenses. If the company receives funding we expect these fees to increase substantially including support for employees that will be required.

Loss from Operations. As a result of the increases, primarily in research and development and professional fees, loss from operations for the period ended December 31, 2002 were \$1,754,327 an increase of \$1,652,895, over the loss from operations of \$101,432 for the year ended December 31, 2001.

Liquidity and Capital Resources

A critical component of our operating plan impacting our continued existence is the ability to obtain additional capital through additional equity and/or debt financing. We do not anticipate enough positive internal operating cash flow until such time as we can generate substantial revenues, which may take the next few years to fully realize. In the event we cannot obtain the necessary capital to pursue our strategic plan, we may have to cease or significantly curtail our operations. This would materially impact our ability to continue operations.

Our near term cash requirements are anticipated to be offset through the receipt of funds from private placement offerings and loans obtained through private sources. Since inception, we have financed cash flow requirements through debt financing and issuance of common stock for cash and services. As we initiate operational activities, we may continue to experience net negative cash flows from operations, pending receipt of servicing or licensing fees, and will be required to obtain additional financing to fund operations through stock offerings and bank borrowings to the extent necessary to provide working capital.

Over the next twelve months, we believe that existing capital and anticipated funds from operations will not be sufficient to sustain operations and planned development. Consequently, we will be required to seek additional capital in the future to fund growth and expansion through additional equity or debt financing or credit facilities. No assurance can be made that such financing would be available, and if available it may take either the form of debt or equity. In either case, the financing could have a negative impact on our financial condition and our stockholders.

We anticipate incurring operating losses over the next twelve months. Our lack of operating history makes predictions of future operating results difficult to ascertain. Our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their early stage of development, particularly companies in new and rapidly evolving markets such as development related companies. Such risks include, but are not limited to, an evolving and unpredictable business model and the management of growth. To address these risks we must, among other things, implement and successfully execute our business and marketing strategy, continue to develop and upgrade technology and products, respond to competitive developments, and attract, retain and motivate qualified personnel. There can be no assurance that we will be successful in addressing such risks, and the failure to do so can have a material adverse effect on our business prospects, financial condition and results of operations.

As of December 31, 2002, we had current assets of \$116,454, and current liabilities of \$813,220, resulting in working capital deficit of \$696,766.

FACTORS THAT MAY AFFECT THE COMPANY'S FUTURE OPERATING RESULTS

We are a development stage company, recently reorganized and have minimal operating history, which makes an evaluation of us extremely difficult. At this stage of our business operations, even with our good faith efforts, potential investors have a high probability of losing their investment.

As a result of our recent reorganization, we have yet to generate revenues from operations and have been focused on organizational, start-up, market analysis and fund raising activities. Although we have a project to market, there is nothing at this time on which to base an assumption that our business operations will prove to be successful or that we will ever be able to operate profitably. Our future operating results will depend on many factors, including our ability to raise adequate working capital, demand and acceptance of our project, the level of our competition and our ability to attract and maintain key management and employees.

While Management believes its estimates of projected occurrences and events are within the timetable of its business plan, there can be no guarantees or assurances that the results anticipated will occur.

Our auditor's report reflects the fact that without realization of additional capital, it would be unlikely for us to continue as a going concern. If we are unable to continue as a going concern, it is unlikely that we will continue in business.

As a result of our deficiency in working capital and other factors, our auditors have included a paragraph in their report regarding substantial doubt about our ability to continue as a going concern. Our plans in this regard are to seek additional funding through future equity private placements or debt facilities.

There is a limited current public market for our common stock.

Although our common stock is listed on the Over-the-Counter Bulletin Board, there is a limited volume of sales, thus providing a limited liquidity into the market for our shares. As a result of the foregoing, stockholders may be unable to liquidate their shares for any reason.

Personnel

As of December 31, 2002, we had only unpaid Officers and Directors. We are dependent upon Richard Hannigan, President and Director and Veldon Simpson, CEO and Director and Myong Hannigan Secretary Treasurer. We do not have any employees at this time and do not anticipate the need to hire any employees until such time as we have been sufficiently capitalized.

Going Concern

The consolidated financial statements included in this filing have been prepared in conformity with accounting principles generally accepted in the United States of America that contemplate the continuance of the Company as a going concern. The Company's cash position may be inadequate to pay all of the costs associated with production and marketing. Management intends to use borrowings and security sales to mitigate the effects of its cash position, however no assurance can be given that debt or equity financing, if and when required will be available. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue existence.

ITEM 7. FINANCIAL STATEMENTS

See Index to Financial Statements and Financial Statement Schedules appearing on page F-1 through F-19 of this Form 10-KSB.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

At our annual stockholders' meeting held April 2, 2002, our stockholders reaffirmed the appointment of Merdinger, Fruchter, Rosen & Corso, P.C., as our independent accountants for the fiscal year ending December 31, 2002. This is a change in accountants recommended by our Executive Management and approved by our Board of Directors. Merdinger, Fruchter, Rosen & Corso, P.C. was engaged by us on April 9, 2002. Clyde Bailey P.C. was dismissed as our independent accountant on April 2, 2002.

The audit reports issued by Clyde Bailey P.C. with respect to our financial statements for 2000 and 2001 did not contain an adverse opinion or disclaimer of opinion, and were not qualified as to uncertainty, audit scope or accounting principles. From October 1999 through April 2, 2002, when Clyde Bailey P.C. was dismissed as our independent accountant, there were no disagreements between us and Clyde Bailey P.C. on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Clyde Bailey P.C., would have caused it to make a reference to the subject matter of the

disagreement in connection with its audit report.

The change in accountants did not result from any dissatisfaction with the quality of professional services rendered by Clyde Bailey P.C. as our independent accountants.

On August 8, 2002 Merdinger, Fruchter, Rosen & Corso, P.C. was dismissed as the registrant's independent accountant.

The registrant has appointed Stonefield Josephson, Inc., as Registrant's independent accountants for the fiscal year ending December 31, 2002. This is a change in accountants recommended by Registrant's Executive Management and approved by Registrant's Board of Directors. Stonefield Josephson, Inc. was engaged by Registrant on August 8, 2002.

The audit reports issued by Merdinger, Fruchter, Rosen & Corso, P.C. with respect to the registrant and its subsidiaries financial statements for January 31, 2002, December 31, 2001 and December 31, 2000 did not contain an adverse opinion or disclaimer of opinion, and were not qualified as to uncertainty, audit scope or accounting principles. During the two most recent fiscal years and any subsequent interim period through August 8, 2002, there were no disagreements between the registrant and Merdinger, Fruchter, Rosen & Corso, P.C. on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Merdinger, Fruchter, Rosen & Corso, P.C., would have caused it to make a reference to the subject matter of the disagreement in connection with its audit report.

17

The change in accountants does not result from any dissatisfaction with the quality of professional services rendered by Merdinger, Fruchter, Rosen & Corso, P.C., as the independent accountants of Registrant.

The company specialized in design, manufacturing, installation and retail/wholesale products. Ms. Hannigan is the wife of Richard Hannigan, President, Treasurer and Director of the Company.

Directors are elected to serve until the next annual meeting of stockholders and until their successors have been elected and qualified. Officers are appointed to serve until the meeting of the Board of Directors following the next annual meeting of stockholders and until their successors have been elected and qualified.

No Executive Officer or Director of the Corporation has been the subject of any Order, Judgment, or Decree of any Court of competent jurisdiction, or any regulatory agency permanently or temporarily enjoining, barring suspending or otherwise limiting him from acting as an investment advisor, underwriter, broker or dealer in the securities industry, or as an affiliated person, director or employee of an investment company, bank, savings and loan association, or insurance company or from engaging in or continuing any conduct or practice in connection with any such activity or in connection with the purchase or sale of any securities.

No Executive Officer or Director of the Corporation has been convicted in any criminal proceeding (excluding traffic violations) or is the subject of a criminal proceeding which is currently pending.

No Executive Officer or Director of the Corporation is the subject of any pending legal proceedings.

Board of Directors Committees and Compensation

Compensation Committee Interlocks and Insider Participation

The Board of Directors does not have a Compensation Committee. Richard Hannigan, President, oversaw the compensation of our executive officers.

19

Board of Director's Report on Executive Compensation

General. As noted above, our Board of Directors does not have a Compensation Committee and, accordingly, during the year ended December 31, 2002, the Board of Directors, through the President, reviewed and approved the compensation of our executive officers.

Overall Policy; Significant Factors. The compensation decisions made by the Board of Directors in respect of our executive officers were influenced by two major factors. First, our startup nature brings with it all of the normal capital requirements to sustain growth, therefore certain stock compensation was granted in lieu of salaries, commissions and for services rendered. This practice may be extended into the future on a case-by-case basis and accordingly filed with the Securities and Exchange Commission. Finally, as we continue to mature, certain additions to the executive staff will be required. As we are required to seek talent in outside market, we will be required to provide a competitive compensation package.

As overall policy, however, the Board continues to believe that long-term compensation tied to the creation of stockholder value should constitute a significant component of the compensation to be earned by our executive officers. In this respect, it will be the Board's policy to attempt to restrain base cash compensation (subject to competitive pressures), while providing the incentive for Management to increase stockholder value by providing such officers with significant numbers of market-price stock that will not confer value upon the officers unless and until the Company's share price rises. The Board of Directors expects that stock options will constitute a significant component of the compensation package provided to executive officers.

The Board believes that cash bonuses are, at times, appropriate based upon the performance of our business compared to our internal expectations and general business conditions.

Stock Option Plan

Our shareholders approved a 2002 Stock Option Plan on April 2, 2002 at our annual meeting. The plan authorizes the Company to issue 5,000,000 shares of common stock for issuance upon exercise of options.

The plan is intended to encourage directors, officers, employees and consultants of the Company to acquire ownership of Common Stock. Officers (including officers who are members of the Board of Directors), directors (other than members of the Stock Option Committee (the "Committee") to be established to administer the Stock Option Plan) and other employees and consultants of the Company and its subsidiaries (if established) will be eligible to receive options under the planned Stock Option Plan. The Committee will administer the Stock Option Plan and will determine those persons to whom options will be granted, the number of options to be granted, the provisions applicable to each grant and the time periods during which the options may be exercised. No options may be granted more than ten years after the date of the adoption of the Stock Option Plan.

20

Unless the Committee, in its discretion otherwise, non-qualified stock options will be granted with an option price equal to the fair market value of the shares of Common Stock to which the non-qualified stock option relates on the date of grant. In no event may the option price with respect to an incentive stock option granted under the Stock Option Plan be less than the date the incentive stock option is granted. Each option granted under the Stock Option Plan will be exercisable for a term of not more than ten years after the date of grant. Certain other restrictions will apply in connection with this Plan when some awards may be exercised.

In the event of a change of control (as defined in the Stock Option Plan), the date on which all options outstanding under the Stock Option Plan may first be exercised will be accelerated. Generally, all options terminate 90 days after a change of control. As of December 31, 2002, no options have been issued under this plan.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires our executive officers and directors, and persons who beneficially own more than ten percent of our common stock, to file initial reports of ownership and reports of changes in ownership with the SEC. Executive officers, directors and greater than ten percent beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based upon a review of the copies of such forms furnished to us and written representations from our executive officers and directors, our belief is that during the year ended 2002, Richard Hannigan, Veldon Simpson and Myong Hannigan filed there forms 5 on a timely basis.

ITEM 10. EXECUTIVE COMPENSATION

The following table sets forth the cash compensation of our executive officers and directors for the fiscal year.

Summary Compensation Table

Name and Principal Position	Year	<u>Annual Compensation</u>			<u>Long Term Compensation</u>		
		Salary	Bonus	Other Annual Compensation	Restricted Stock	Options	Others

	=====	=====

(1) As used in this table, "beneficial ownership" means the sole or shared power to vote, or to direct the voting of, a security, or the sole or shared investment power with respect to Common Stock (i.e., the power to dispose of, or to direct the disposition of, a security). The address of each person is care of the Company.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have numerous related party transactions with Synthetic Systems, Inc. ("Synthetic"). Synthetic is a company owned 100% by Richard Hannigan, Sr., our President of the Company. Synthetic advances funds when needed for operating purposes. These advances bear interest at 5% per annum and are payable upon demand. Interest expense totaled \$150, \$2,000 and \$1,500, respectively, as of January 31, 2002, and December 31, 2001 and 2000. As of January 31, 2002, we had a balance due to Synthetic in the amount of \$46,356.

Additionally, we have received funds from Gregg Giuffria, former officer and director of the Company, and Veldon Simpson, an officer and director of the Company, from time to time in the past. As of January 31, 2002, we had a balance due to Mr. Giuffria of \$1,884 and a balance due to Mr. Simpson of \$834.

Apex Ford

Apex Ford is a chinese company and was established by the officers and directors of VEII in order to operate and create a presence in China. Apex Ford is not economically dependent on VEII and has not entered into any transactions with VEII.

of Apex Ford received \$150,000 from CML Group of China. The original agreement was to be for \$1,500,000. As of this date the CML Group has only provided the initial \$150,000 and is unlikely that CML will fund any additional funds.

ITEM 13. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Within 90 days prior to the date of this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective.

There has been no significant changes in our internal controls or in other factors that could significantly affect the internal controls subsequent to the date we completed our evaluation.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Voyager Entertainment International, Inc. and Subsidiaries
Las Vegas, Nevada

We have audited the accompanying consolidated balance sheet of Voyager Entertainment International, Inc. (a Development Stage Company) and Subsidiaries as of December 31, 2002 and the related consolidated statements of operations, stockholders' deficit and cash flows for the years ended December 31, 2002 and 2001 and for the period from inception on March 1, 1997 to December 31, 2002. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Voyager Entertainment International, Inc. and Subsidiaries as of December 31, 2002, and the consolidated results of its operations and its cash flows for the two years ended December 31, 2002 and 2001 and for the period from inception on March 1, 1997 to December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the accompanying consolidated financial statements, the Company has no established source of revenue, has a working capital deficit of \$696,766, has an accumulated deficit of \$1,942,952, incurred significant net loss and has used cash for operating activities of \$1,126,442 in 2002, all of which raise substantial doubt about its ability to continue as a going concern. Management's plan in regard to these matters is also discussed in Note 1. These financial statements do not include any adjustments that might result from the outcome of

this uncertainty.
