Gilat Announces Second Quarter 2006 Results

Petah Tikva, Israel, August 14, 2006 Gilat Satellite Networks Ltd. (Nasdaq: GILT), a worldwide leader in satellite networking technology, solutions and services, today reported its results for the quarter ending June 30, 2006.

Revenues for the second quarter of 2006 were \$61.0 million, up from \$51.4 million in the same period of 2005. Net income for the second quarter of 2006 was \$2.1 million or \$0.09 per diluted share, compared to a net loss of \$1.1 million or \$0.05 per diluted share in the second quarter of 2005. Non-GAAP net income ⁽¹⁾ for the second quarter of 2006 was \$3.1 million, or \$0.12 per diluted share, versus a net loss of \$1.1 million or \$0.05 per diluted share in the same quarter of 2005. EBITDA ⁽²⁾ for the second quarter of 2006 was \$9.5 million, increased from \$5.2 million in the comparable period of 2005.

Revenues for the six month period ended June 30, 2006 were \$119.6 million, increased from \$104.4 million in the comparable period of 2005. Net income for the six month period ended June 30, 2006 was \$3.3 million or \$0.14 per diluted share, compared to a net loss of \$3.0 million or \$0.13 per diluted share in the same period of 2005. Non-GAAP net income for the six month period ended June 30, 2006 was \$5.7 million, or \$0.24 per diluted share, versus a net loss of \$3.0 million or \$0.13 per diluted share in the comparable period of 2005. EBITDA for the six month period ended June 30, 2006 was \$18.2 million, increased from \$9.9 million in the comparable period of 2005.

Non-GAAP net income, earnings per share and EBITDA for the three and six month period of 2006 exclude non cash stock option expenses in an amount of \$1.0 million and \$2.4 million respectively, which are not included in the comparable periods of 2005.

Gilat's Chief Executive Officer and Chairman of the Board Amiram Levinberg said, "We are pleased to see strong growth in the second quarter. These results were driven by growing sales in our core markets. We were also successful in achieving first orders in new market segments including, business continuity with Cisco and backhaul solutions for cellular and enterprise operators."

Recent Announcements

Gilat completed deployment of a SkyEdge network to Telecomunicacoes de Sao Paulo (TELESP), the largest subsidiary of Brazil's Telefonica Group responsible for fixed telephony and data services in the district. With the deployment of the SkyEdge network, TELESP was the first company to fulfill the Universal Service Obligation (USO) established by The Brazilian National Telecommunications Agency (ANATEL) for 2005. SkyEdge enables TELESP to provide public communication services to tens of thousands of citizens in schools, small businesses and public call offices throughout Sao Paulo state.

Gilat provided communications equipment and services to Angola Telecom, one of the largest operators in Sub-Saharan Africa. The contract includes an integrated redundant satellite solution to expand the existing fixed and cellular backhaul infrastructure. This will include efficient satellite modems equipped with higher-level modulation and advanced forward error correction that reduce satellite transmission costs.

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

Gilat's SkyEdge hub met the Cisco Technology Developer Program criteria for interoperability with the Cisco VSAT NM. The Cisco VSAT NM provides Cisco integrated services router customers with the ability to maintain highly secure voice, video, data and wireless communications over high-speed satellite links. Spacenet and Satlynx are the first SkyEdge service operators to offer satellite services compatible with the Cisco VSAT NM.

Impsat, one of Latin America's largest providers of private telecommunications networks and Internet services, will utilize a SkyEdge hub and VSAT terminals to provide services to enterprises throughout Argentina with a wide range of data networking applications, including broadband Internet access and VoIP.

Comsat International purchased two SkyEdge satellite hubs and nearly 5,000 VSAT terminals to provide broadband connectivity services for Caixa Econômica Federal in Brazil. Comsat is Brazil's second-largest satellite service provider and Caixa is one of Brazil's largest public banks and is the institution responsible for managing the country's lottery.

Gilat announced industry veteran Andreas Georgiou has joined Spacenet as its new Chief Executive Officer and Glenn Katz to serve as the Company's President. In addition, David Myers recently joined Spacenet as Senior Vice President of Marketing and Business Development. Together, these moves complete the process of assembling a new Spacenet executive team with the skills, experience and focus to successfully grow the business and drive new market opportunities.

Gilat supplied Optus with an additional SkyEdge hub and several thousand VSATs for delivery of broadband services to sites across rural and remote Australia and New Zealand. Optus is one of Australia's leading integrated telecommunications companies. This network expansion supports the Australian government's program to subsidize the deployment of rural broadband services.

About Gilat Satellite Networks Ltd.

Gilat Satellite Networks Ltd. (Nasdaq: GILT) is a leading provider of products and services for satellite-based communications networks. The Company operates under three business units: (i) Gilat Network Systems (GNS), which is a provider of network systems and associated professional services to service providers and operators worldwide; (ii) Spacenet Inc., which provides managed services in North America for businesses and governments through its Connexstar service brand and for consumers through its StarBand service brand; (iii) Spacenet Rural Communications, which offers rural telephony and Internet access solutions to remote areas primarily in Latin America.

Gilat was founded in 1987 and has shipped over 600,000 Very Small Aperture Terminals (VSATs) to more than 85 countries across six continents. Gilat's headquarters is located in Petah Tikva, Israel. The Company has 14 local offices and three service facilities worldwide. Gilat markets the SkyEdge Product Family which includes the SkyEdge Pro, SkyEdge IP, SkyEdge Call, SkyEdge DVB-RCS and SkyEdge Gateway. In addition, the Company markets numerous other legacy products. Visit Gilat at www.gilat.com.

Safe Harbor:

Certain statements made herein that are not historical are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. The words estimate, project, intend, expect, believe and similar expressions are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties. Many factors could cause the actual results, performance or achievements of Gilat to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others, changes in general economic and business conditions, inability to maintain market acceptance to Gilat's products, inability to timely develop and introduce new technologies, products and applications, rapid changes in the market for Gilat's products, loss of market share and pressure on prices resulting from competition, introduction of competing products by other companies, inability to manage growth and expansion, loss of key OEM partners, inability to attract and retain qualified personnel, inability to protect the Company's proprietary technology and risks associated with Gilat's international operations and its location in Israel. For additional information regarding these and other risks and uncertainties associated with Gilat's business, reference is made to Gilat's reports filed from time to time with the Securities and Exchange Commission.

Notes:

1) The attached summary financial statements were prepared in accordance with U.S. GAAP. The attached summary financial statements for Q2 2006 are unaudited. To supplement the consolidated financial statements presented in accordance with GAAP, the Company presents Gilat's net income, EBITDA and earnings per diluted share, before the share-based payment charge, which is the non-cash stock option expense as per SFAS 123 (R). This non-GAAP presentation of net income, EBITDA and earnings per share is provided to enhance the understanding of the Company's historical financial performance and comparability between periods.

2) Operating income (loss) before depreciation, amortization, non cash stock option expenses as per SFAS 123(R) and exceptional items, (EBITDA) is presented because it is a measure commonly used and is presented solely in order to improve the understanding of the Company's operating results and to provide further perspective on these results. EBITDA, however, should not be considered as an alternative to operating income (loss) or net income (loss) for the period as an indicator of the operating performance of the Company. Similarly, EBITDA should not be considered as an alternative to cash flows from operating activities as a measure of liquidity. EBITDA is not a measure of financial performance under generally accepted accounting principles and may not be comparable to other similarly titled measures for other companies. EBITDA may not be indicative of the historic operating results of the Company; nor is it meant to be predictive of potential future results. Reconciliation between the Company's Operating income (loss) and EBITDA is presented in the attached summary financial statements.
