Enclosure: Partner Communications Announces New Organizational Structure and Leadership Team Designed to
Support Comprehensive Communications Provider Strategy

PARTNER COMMUNICATIONS ANNOUNCES NEW
ORGANIZATIONAL STRUCTURE AND LEADERSHIP TEAM
DESIGNED TO SUPPORT COMPREHANSIVE COMMUNICATIONS
PROVIDER STRATEGY

ROSH HA'AYIN, Israel, February 18, 2010 - Partner Communications Company Ltd. ("Partner" or "the Company") (NASDAQ and TASE: PTNR), a leading Israeli mobile communications operator announces today a comprehensive organizational change that is designed to accomplish its strategy of transforming from a pure cellular player into a comprehensive communications service provider, as well as strengthening Partner's customer-centric approach. The change is mainly driven by the trend of convergence in communications services and by the increasing complexity of products and customers' needs.

The new structure includes three modifications to the organizational structure:

- The establishment of Private and Business Customers Divisions - each of them incorporates all aspects of customer care, including sales of a wide variety of fixed and mobile products, customer services, technical support and retention activities.
- The amalgamation of the current Fixed Line Division into the new structure in order to maximize the synergy between the fixed line and the mobile services and also enlist existing sales channels to the new fixed services sale efforts.

The consequent main changes in the leadership team, effective March 1st 2010, are as follows:

- Mr. Erez Paz, who presently serves as V.P of Marketing and Content, will lead the Private Customers Segment Division;
 - Mr. Gil Rosenfeld, who presently serves as V.P of the Sales Division, will lead the Business Customers Segment Division.
-

- Mr. Yacov Kedmi will be appointed as Head of Marketing, Content and Growth Engines Division. Mr. Kedmi is an international strategic marketing expert who also served as the first V.P Marketing, Media and Content at Partner.
- Mr. Eli Glickman, the Deputy CEO, will lead and oversee the cross-company structural changes and the amalgamation of the fixed line division into the new organizational structure.

Mr. Chaim Beker, V.P of Operation and Logistics who joined the Company in 1998, was part of the founding team and orchestrated key processes throughout the years, has decided to retire at the age of 65. Mr. Beker will continue to serve as a V.P of Operation and Logistics until his successor assumes responsibility.

Following a highly successful tenure of seven years in the Company during which he served as CTO and then started up and led the Fixed Line Division, Mr. Alon Berman has decided to pursue other business and career opportunities. Mr. Berman will continue to serve as V.P of the Fixed Line Division until the completion of the division's amalgamation into the new organizational structure.

Mr. David Avner, Partner's CEO, said today, "The new organizational structure as well as the personnel changes mark the completion of the first phase of the Company's strategic plan to become a comprehensive communications service provider that was announced approximately 12 months ago and will better position the Company to implement and achieve its new corporate strategy and financial goals. I am certain that this talented, professional and seasoned management team will continue to leverage and maximize Partner's value and assets created over the years."

Mr. Avner added: "I would like to take this opportunity to thank my colleagues Mr. Chaim Beker, who was part of the founding team, and Mr. Alon Berman, who served as a CTO during the deployment of our 3G network and established our fixed line business, for their enormous contribution to the unprecedented success of Partner. I wish them success in their new endeavors. I would also like to congratulate Mr. Kedmi for joining our leading team and also Mr. Rosenfeld and Mr. Paz, for their new roles, wishing them a great success".
