1. Press Release re TAT Technologies announcement that it has entered into a definitive agreement to acquire Chromalloy Israel Ltd.

ITEM 1

TAT Technologies Announces Entering into a Definitive Agreement to Acquire  
Chromalloy Israel Ltd.

TAT Technology Ltd. (NASDAQ: TATT), a leading provider of services and products for the commercial and military aerospace and ground defense industries, today announced that it has entered into a definitive agreement to acquire Chromalloy Israel Ltd. (“Chromalloy Israel”) for approximately US\$ 3.5 million (subject to certain price adjustments) in cash payable at the closing of the transaction. TAT shall pay additional amounts of up to US\$ 2 million in the event that Chromalloy Israel meets certain annual revenue targets in 2015 and 2016. The acquisition is expected to close before the end of September 2015.

Chromalloy Israel, located in Kiryat Gat, Israel, specializes in overhaul and coating of jet engine components, including turbine vanes and blades, fan blades, variable inlet guide vanes, afterburner flaps and other components. Chromalloy Israel, an FAA and an EASA approved repair station, is ISO 9001 and AS9100 certified and has been approved by major OEMs to perform unique coatings with specific substances.

Mr. Itsik Maaravi, TAT's President and CEO, said “We are pleased with the acquisition of Chromalloy Israel. It enables us to expand our capabilities and increase the line of products and services we offer to our customers. Chromalloy Israel's unique capabilities allow us to expand into new segments and provide our customers with more comprehensive solutions. Chromalloy Israel operates in a large growing market that requires highly specialized know-how and approvals of regulatory authorities worldwide. Chromalloy Israel has all required approvals, know-how, experience and customer-base to enable its continuous growth in this market. TAT's financial stability, reflected by its strong balance sheet and free cash available for new investments, enables the company to acquire and invest in activities that would contribute to the company’s capabilities and its positioning in the aviation market.”

Following the completion of the transaction, Chromalloy Israel is expected to change its name to Turbochrome Ltd.

## About TAT Technologies LTD

TAT Technologies Ltd. is a leading provider of services and products to the commercial and military aerospace and ground defense industries. TAT operates under three segments: (i) Original Equipment Manufacturing or “OEM” of Heat Management Solutions (ii) Heat Transfer Services and Products and (iii) Maintenance, Repair and Overhaul or “MRO” services of Aviation Components.

TAT’s activities in the area of OEM of Heat Management Solutions primarily include the design, development, manufacture and sale of (i) a broad range of heat transfer components (such as heat exchangers, pre-coolers and oil/fuel hydraulic coolers) used in mechanical and electronic systems on-board commercial, military and business aircraft; (ii) environmental control and cooling systems on board aircraft and for ground applications; and (iii) a variety of other electronic and mechanical aircraft accessories and systems such as pumps, valves, power systems and turbines.

TAT’s activities in the area of Heat Transfer Services and Products include the maintenance, repair and overhaul of heat transfer equipment and in a lesser extent, the manufacturing of certain heat transfer products. TAT’s Limco subsidiary operates FAA certified repair station, which provides heat transfer MRO services and products for airlines, air cargo carriers, maintenance service centers and the military.

TAT’s activities in the area of MRO services for Aviation Components include the maintenance, repair and overhaul of APUs, Landing Gear and other aircraft components. TAT’s Piedmont subsidiary operates an FAA certified repair station, which provides aircraft component MRO services for airlines, air cargo carriers, maintenance service centers and the military.
