The Fund follows fair valuation accounting standards (FASB ASC 820-10) which establish a definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value and a discussion in changes in valuation techniques and related inputs during the period. These inputs are summarized in the three broad levels listed below:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access at the measurement date;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active;

Level 3 – Inputs that are unobservable.

Transfers between investment levels may occur as the markets fluctuate and/or the availability of data used in an investment's valuation changes. The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following table summarizes the inputs used to value the Fund's net assets as of March 31, 2011:

	Level 1	Level 2	Level 3	Total
Investments in Securities:				
Assets				
Common Stocks	\$107,351,616	\$0	\$0	\$107,351,616
Short-Term Investments	0	4,600,000	0	4,600,000
 Total Investments in Securities	 \$107,351,616	 \$4,600,000	 \$0	 \$111,951,616

The Fund follows the updated provisions surrounding fair value measurements and disclosures on transfers in and out of all levels of the fair value hierarchy on a gross basis and the reasons for the transfers as well as to disclosures about the valuation techniques and inputs used to measure fair value for investments that fall in either Level 2 or Level 3 fair value hierarchy.

For the period ended March 31, 2011, there was no significant transfer activity between Level 1 and Level 2.

For the period ended March 31, 2011, there were no Level 3 investments. The Schedule of Investments includes a breakdown of the Schedule's investments by category.
