Report of Independent Auditors

To the Participants and Investment Plan Committee of
the CONSOL Energy Inc. Investment Plan for
Salaried Employees

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the CONSOL Energy Inc. Investment Plan for Salaried Employees (the Plan) at December 31, 2002, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held (at end of year) as of December 31, 2002 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report of Independent Auditors

To the Investment Plan Committee

CONSOL Energy Inc.

We have audited the accompanying statement of net assets available for benefits of the CONSOL Energy Inc. Investment Plan for Salaried Employees as of December 31, 2001. This financial statement is the responsibility of the Plan's management. Our responsibility is to express an opinion on this financial statement based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Investment Plan for Salaried Employees

Notes to Financial Statements

December 31, 2002 and 2001

1. Description of the Plan

The following brief description of the CONSOL Energy Inc. Investment Plan for Salaried Employees (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan established in 1953. Salaried, operations and maintenance and, in certain circumstances, production and maintenance employees of CONSOL Energy Inc. and participating employers (CONSOL Energy or the Company) are eligible to participate in the Plan on the first of the month following regular full-time employment. In addition, temporary employees are eligible to participate in the Plan upon completion of a period of 12 consecutive months, commencing upon their employment date or anniversary date thereof, during which the employee completes 1,000 or more hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On April 29, 1999, CONSOL Energy underwent an initial public offering. In connection with the public offering, the Plan offers CONSOL Energy common stock (CONSOL Stock Fund) as an investment option. Participants of the Plan were able to transfer funds into the CONSOL Stock Fund in June 1999 and to allocate contributions to this fund in July 1999. In addition, participants were no longer able to allocate contributions to E.I. DuPont de Nemours & Company (DuPont) common stock (DuPont Stock Fund).

Effective January 1, 2002, the Plan was amended to convert the CONSOL Stock Fund within the CONSOL Investment Plan to an Employee Stock Ownership Plan (ESOP). As amended, a participant in the Plan will be given the opportunity for dividends on CONSOL Energy stock held in the Plan to be paid in the form of cash for any dividends declared on or after January 23, 2002. If a participant does not make an election, the dividends will be invested into the CONSOL Stock Fund.

Effective January 1, 2002, the Plan's allowable contribution limit for participants was amended. The amended Plan allows each participant to continue a maximum of the lesser of \$40,000 or 44 percent of their monthly base pay.

Contributions

Edgar Filing: CONSOL ENERGY INC - Form 11-K

Each year participants may, with certain restrictions, contribute up to 44 percent of monthly base pay to the Plan exclusive of supplemental make-up deposits. CONSOL Energy and participating employers match these contributions, dollar for dollar, up to 6 percent of base pay (as defined by the Plan). Contributions may be made with before-tax or after-tax dollars. In addition, subject to certain limitations, a participant is allowed to make lump-sum savings deposits in cash to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan investment earnings and is charged with an allocation of administrative expenses and plan investment losses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes to Financial Statements

December 31, 2002 and 2001

Vesting

Through December 31, 2001, Plan participants generally became vested upon completion of five years participation in the Plan or five cumulative years of service. Effective January 1, 2002, Plan participants vest upon completion of three cumulative years of service. Participants are always 100 percent vested in their deposits and in the earnings on both their deposits and the Company's contributions.

Forfeitures

Nonvested participants whose services with the Company have been terminated will forfeit their entire Company matching source. Total forfeitures for 2002 were approximately \$74,000. Forfeitures are used to reduce the employer matching contributions to the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the funds included in the supplemental schedule of assets (held at end of year), which is attached to these financial statements.

Participant Loans

Participants may borrow up to one-half of their nonforfeitable account balances subject to certain minimum and maximum loan limitations. Such loans are repayable over periods of 12 to 60 months (120 months maximum if for the purchase of a principal residence) and bear an interest rate equal to the average rate charged by selected major banks for secured personal loans. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Edgar Filing: CONSOL ENERGY INC - Form 11-K

Participants who retire from active service may elect to withdraw until April 1 of the calendar year following the year in which the participants attains age 70-1/2, or to elect an option to have their account distributed over a period of not less than two years or more than a period which would pay the account balance during the employee's actuarial life in either a fixed or variable amount. Before-tax deposits may be withdrawn only in the event of an employee's retirement, death, termination, attainment of age 59-1/2 or defined hardship. At December 31, 2002, approximately \$749,000 was payable to withdrawing participants. The Plan has recorded this amount as a liability on the Form 5500 as these claims have been processed and approved for payment but not paid prior to year-end.

Plan Termination

Although it has not expressed any intent to do so, CONSOL Energy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Table of Contents

CONSOL Energy Inc.

Investment Plan for Salaried Employees

Notes to Financial Statements

December 31, 2002 and 2001

Investment Valuation and Income Recognition

For financial reporting purposes, the assets of the Plan are reflected on the accrual basis of accounting. The underlying assets of the Stable Value Fund consist primarily of guaranteed investment contracts (GIC), separate account portfolios (SAP) and synthetic guaranteed investment contracts (SYN). These contracts are held for investment purposes by the Plan and are fully benefit responsive. The Stable Value Fund is stated at cost plus accrued interest, using the contracted interest rates applied to the daily account balances. The contract value of the investment contracts is provided by the Plan's trustee and approximates market value. Changes in contract value are recognized in the statement of changes in net assets available for benefits as they occur. Investments in common stock funds and interests in registered investment companies are stated at fair value based on publicly quoted market prices. Investments in the Merrill Lynch Small Cap Index Trust, Merrill Lynch International Index Trust, Merrill Lynch Equity Index Trust, Barclays 3-Way Fund and Aggressive Asset Allocation, Conservative Asset Allocation and Moderate Asset Allocation Portfolios are valued at the net asset value of units held by the Plan at year end by the applicable custodian.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Gains and losses on the sale of DuPont and CONSOL Energy common stock are based on the average cost of the securities sold and are recognized on the trade date. The CONSOL Stock Fund, which is comprised solely of CONSOL Energy common stock, is valued at its quoted market price at year end. Participant loans are valued at cost, which approximates fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

Edgar Filing: CONSOL ENERGY INC - Form 11-K

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the near or long term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Administrative Expenses

Certain administrative expenses of the Plan, such as trustee fees, accounting and legal fees are provided to the Plan by CONSOL Energy without cost. Other administrative expenses are borne by the Plan.

The Stable Value Fund is a nonpooled separate account held by the Plan. Prior to March 1999, the Plan and the Thrift Plan for Employees of Conoco Inc., a wholly owned subsidiary of DuPont, jointly owned the Stable Value Fund. During 1999, the balance of all investment contracts, as of December 31, 1998, was allocated to the two plans by Merrill Lynch based on the relationship of the Plan's Stable Value Fund participant balances to total Stable Value Fund participant balances.

Table of Contents**CONSOL Energy Inc.****Investment Plan for Salaried Employees****Notes to Financial Statements****December 31, 2002 and 2001**

The investment contracts are entered into based on an evaluation of the credit risk of the contract issuers and/or third party guarantors. Collateral is generally not provided. The Stable Value Fund includes traditional guaranteed investment contracts as well as synthetic guaranteed investment contracts. A synthetic guaranteed investment contract provides for a guaranteed return on principal over a specified period of time through the use of underlying assets and a benefit responsive wrapper contract issued by a third party. Included in the contract value of synthetic guaranteed investment contracts is approximately (\$144.4 million) at December 31, 2002 attributable to wrapper contract providers representing the amounts by which the value of contracts are less than the value of the underlying assets.

The composition of assets of the Stable Value Fund as of December 31, 2002 and 2001 are as follows:

	<u>2002</u>	<u>2001</u>
<i>(in thousands of dollars)</i>		
Investment contracts	\$ 519,267	\$ 505,379

The aggregate crediting rates for all contracts as of December 31, 2002 was 5.88 percent. The crediting rates for SAP and SYN contracts are reset annually and are based on the market value of the underlying portfolio of assets backing these contracts. Inputs used to determine the crediting rate include each contract's portfolio market value, current yield-to-maturity, duration (i.e., weighted average life), and market value relative to contract value. The average yield of the Stable Value Fund was approximately 6.07 percent in 2002.

Participants investing in the Stable Value Fund, Barclays 3-Way Fund, Merrill Lynch Equity Index Trust, Merrill Lynch Small Cap Index Trust, Merrill Lynch International Index Trust, and Aggressive Asset Allocation, Conservative Asset Allocation and Moderate Asset Allocation Portfolios are assigned units at the time of investment based on the net asset value per unit.

Table of Contents**CONSOL Energy Inc.****Investment Plan for Salaried Employees****Notes to Financial Statements****December 31, 2002 and 2001****4. Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated September 17, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2002 and 2001 to Form 5500:

	<u> </u>
Benefits paid to participants per Form 5500	<u>\$ 79,999</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2002, but not yet paid as of that date.

6. Transactions with Parties-in-Interest

Edgar Filing: CONSOL ENERGY INC - Form 11-K

Plan investments in the Merrill Lynch Balanced Capital Fund, the Merrill Lynch Basic Value Fund, the Merrill Lynch Fundamental Growth Fund, the Merrill Lynch Premier Institutional Fund, the Merrill Lynch Aggressive Asset Allocation Portfolio, the Merrill Lynch Conservative Asset Allocation Portfolio, the Merrill Lynch Moderate Asset Allocation Portfolio, the Merrill Lynch Small Cap Index Trust, the Merrill Lynch International Index Trust and the Merrill Lynch Equity Index Trust are managed by Merrill Lynch. Merrill Lynch is the trustee as defined by the Plan and, therefore, these transactions qualify as those conducted with a party-in-interest to the Plan. Trustee and investment fees paid during 2002 were based upon customary and reasonable rates for such services.

One of the investment vehicles available to employees, the CONSOL Stock Fund, contains stock of CONSOL Energy. The Plan held 2,288,668 shares and 1,442,310 shares of CONSOL Energy's common stock at December 31, 2002 and 2001, respectively.
