ABOUT THE 2005 ANNUAL MEETING AND VOTING AT THE MEETING

Why am I being furnished this Proxy Statement?

This Proxy Statement is furnished by the Company's Board of Directors in connection with its solicitation of proxies for use at the 2005 Annual Meeting of Stockholders to be held March 4, 2005, and at any adjournments thereof. The Company's 2004 Annual Report to Stockholders, including financial statements, accompanies this Notice and Proxy Statement but is not incorporated as part of the Proxy Statement and is not to be regarded as part of the proxy solicitation material.

What are the items of business for the meeting?

The items of business for the meeting are as follows:

To elect four members to the Board of Directors for three-year terms.

To ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2005.

To transact any other business properly coming before the meeting.

Who is soliciting my proxy?

The Board of Directors is soliciting your proxy in order to provide you an opportunity to vote on all matters scheduled to come before the meeting, whether or not you attend the meeting in person.

Who is entitled to vote?

You may vote if you owned shares of the Company's common stock as of the close of business on January 10, 2005. Each share of common stock is entitled to one vote. As of January 10, 2005, we had 113,058,400 shares of common stock outstanding.

How do I vote before the meeting?

Edgar Filing: AMERISOURCEBERGEN CORP - Form DEF 14A

You have three options for voting and submitting your proxy before the meeting:

Over the Internet We encourage you to vote and submit your proxy over the Internet. You may vote at the Internet address shown on your proxy card.

By telephone You may vote and submit your proxy by calling the number shown on your proxy card.

By mail You may vote by completing, signing and returning the enclosed proxy card.

If you hold your shares through an account with a bank or broker, your ability to vote over the Internet or by telephone depends on the voting procedures of the bank or broker. Please follow the directions provided to you by your bank or broker.

What shares can I vote?

You may vote all shares owned by you as of the close of business on January 10, 2005, which is the Record Date. These shares include:

Shares held directly in your name as the stockholder of record.

Shares of which you are the beneficial owner but not the stockholder of record. These are shares that are held for you through a broker, trustee or other nominee such as a bank. These include shares purchased through any 401(k) plan as well as the AmerisourceBergen 2002 Employee Stock Purchase Plan.

Table of Contents

May I vote at the meeting?

You may vote your shares at the meeting if you attend in person. If you hold your shares through an account with a bank or broker, you must obtain a legal proxy from the bank or broker in order to vote at the meeting. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy. You may vote by proxy over the Internet, by telephone or by mail.

How do I revoke my proxy?

If you are the stockholder of record, you may revoke your proxy at any time before the polls close at the meeting. You may revoke your proxy by:

Changing your vote in the manner described below.

Notifying William D. Sprague, Corporate Secretary, AmerisourceBergen Corporation, 1300 Morris Drive, Chesterbrook, PA 19087 in writing that you are revoking your proxy before it is voted at the meeting.

Can I change my mind after I vote?

You may change your vote at any time before the polls close at the meeting. You may change your vote by:

Signing another proxy card with a later date and returning it to us prior to the meeting.

Voting again over the Internet or by telephone prior to 2:00 p.m., Eastern Time, on March 4, 2005.

Voting at the meeting if you are the stockholder of record.

Voting at the meeting if you are the beneficial owner and have obtained a legal proxy from your bank or broker.

What if I return my proxy card but do not provide voting instructions?

Edgar Filing: AMERISOURCEBERGEN CORP - Form DEF 14A

Proxy cards that are signed and returned but do not contain instructions will be voted as follows:

For the election of the nominees for director named on pages 4-6 of this Proxy Statement.

For the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year.

In accordance with the best judgment of the individuals named as proxies on the proxy card on any other matters properly brought before the meeting.

What does it mean if I receive more than one proxy card or instruction form?

It means that you have multiple accounts with our transfer agent and/or banks or brokers. Please vote all of your shares.

We recommend that you consolidate as many accounts as possible under the same name and address. For assistance you may contact our transfer agent, The Bank of New York, at 1-800-524-4458.

Will my shares be voted if I do not provide my proxy?

If you are a registered stockholder and do not provide a proxy, you must attend the meeting in order to vote your shares.

Table of Contents

If you hold shares through an account with a bank or broker, your shares may be voted even if you do not provide voting instructions on your instruction form. Banks and brokers have the authority under the New York Stock Exchange (NYSE) rules to vote shares for which their customers do not provide voting instructions on certain routine matters. The election of directors and the ratification of the appointment of the Company's independent registered public accounting firm are considered routine matters for which banks and brokers may vote without specific instructions from their customers.

May stockholders ask questions at the meeting?

Yes. Representatives of the Company will answer stockholders' questions of general interest at the end of the meeting.

How many votes must be present to hold the meeting?

In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of January 10, 2005 must be present in person or by proxy at the meeting. This is referred to as a quorum. Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy over the Internet, by telephone or by mail. Abstentions and broker non-votes will be counted for purposes of establishing a quorum with respect to any matter properly brought before the meeting. Broker non-votes occur on a matter when a bank or broker is not permitted under applicable rules and regulations to vote on a matter without instruction from the beneficial owner of the underlying shares and no instruction has been given.

How many votes are needed for each proposal and how are the votes counted?

The nominees for director receiving the highest number of For votes will be elected as directors. This number is called a plurality. Because directors are elected by a plurality, abstentions are not taken into account determining the outcome of the election of directors.

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year will require the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy at the meeting in order to be approved. Abstentions will be included as negative votes in the tabulation of the votes cast by stockholders.

Any other proposal that might properly come before the meeting will require the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy at the meeting in order to be approved. On any such proposal, abstentions will be counted in the tabulation of the votes cast by stockholders as negative votes. Broker non-votes will not be counted in the tabulation of the votes cast on the proposal.

How will proxies be voted on other items or matters that properly come before the meeting?

Edgar Filing: AMERISOURCEBERGEN CORP - Form DEF 14A

If any other items or matters properly come before the meeting, the proxies received will be voted on those items or matters in accordance with the discretion of the proxy holders.

Is the Company aware of any other item of business that will be presented at the meeting?

The Company is not aware of any other business to be presented at the 2005 Annual Meeting of Stockholders. However, if any other matter should properly come before the Annual Meeting, the enclosed proxy confers discretionary authority with respect thereto.

Will there be any further solicitation of proxies for the meeting?

Our directors, officers and employees may solicit proxies by telephone or in person. In addition, we have hired Morrow & Co., Inc. to assist us in soliciting proxies, if necessary. Morrow may solicit proxies by telephone or in person. We anticipate paying Morrow a fee of \$6,500, plus expenses, for providing such services.

Table of Contents

Will we reimburse any expenses of banks, brokers, nominees and fiduciaries?

We will reimburse the expenses of banks, brokers, nominees and fiduciaries who send proxies and proxy materials to our stockholders.

ELECTION OF DIRECTORS

(Item 1 on the Proxy Card)

How often are directors elected?

The Company's directors are divided into three classes—Class I, Class II and Class III—with each class being as nearly equal in number as possible. The directors of each class serve for terms of three years. The terms of office of the classes are staggered so that only one class of directors is elected at each annual meeting of stockholders.

Who are this year's nominees?

The term of office of the current Class I directors will expire at the 2005 Annual Meeting. Four Class I directors are to be elected at the 2005 Annual Meeting.

The current Class I directors are Rodney H. Brady, Charles H. Cotros, Jane E. Henney, M.D. and R. David Yost. The current Class I directors are the nominees for election at the 2005 Annual Meeting.

The four nominees are to be elected for a three-year term and are expected to hold office until the 2008 Annual Meeting of Stockholders and until their successors are elected.

What if a nominee is unwilling or unable to serve?

Each nominee for director has consented to his or her nomination and, so far as the Board of Directors and management are aware, intends to serve a full term as a director if elected. Vested options may be exercised at any time prior to the tenth anniversary of the grant date unless a director ceases to be a member of the Board of Directors, in which case the options may expire earlier than the tenth anniversary of the grant date depending on the circumstances.

COMPENSATION MATTERS

Report of the Compensation and Succession Planning Committee on Executive Compensation

The Compensation and Succession Planning Committee consists of the four directors named below. All of the members of the Committee are independent (as independence is defined in Section 303A of the NYSE Listed Company Manual).

The Committee reviews and approves all compensation for the Chief Executive Officer and the other executive officers of the Company. The Committee periodically compares the Company's executive compensation levels with those of companies with which the Company believes that it competes in recruitment and retention of senior executives. The Committee also reviews and makes recommendations with respect to succession planning and management development.

Objectives of the Company's Compensation Program for Executive Officers

The objectives of the Company's executive compensation program are:

to align individual objectives and performance with the Company's business objectives and performance,

to enable the Company to attract, retain and reward executive officers who contribute to the long-term success of the Company and

to motivate those executives to advance the interests of stockholders.

Compensation Policies for the Company's Executive Officers

The Company's compensation program for executive officers consists of three primary components: base salary, annual incentives (e.g., annual bonus) and long-term incentives (e.g., stock options).

In furtherance of the objectives of the Company's compensation program, the Committee believes that the executive officers of the Company should have a greater portion of their compensation at risk than other employees. The Company's compensation program for executive officers is designed to deliver base salary

Table of Contents

below the median of the companies with which the Company competes for senior executives and base plus annual incentive compensation in the range of the median.

Base Salary. The Committee reviews the base salaries of the executive officers of the Company annually and makes adjustments based on: past performance; changes in job duties, scope and responsibilities; competitive pay data; and expected future contributions of each executive. The Committee reviewed and determined the base salaries paid to the Company's executive officers for fiscal 2004 based on consideration of these factors.

Annual Incentives. All executive officers participate in the Company's annual incentive program. The program is designed to motivate and reward the executive officers of the Company by aligning pay primarily with the achievement of measurable Company or business group financial performance objectives. The annual incentive for the Company's other executive officers is tied primarily to Company or business group financial performance but in some instances also requires achievement of specific business operating objectives or individual non-financial objectives. The objectives are established for each executive officer at the beginning of each fiscal year.

In fiscal 2004, consistent with the Company's policies, financial performance measures were the primary determinant of each executive officer's annual incentive payment. The financial performance measures included some or all of the following: operating revenue, earnings before interest and taxes, return on committed capital, earnings per share and cash generation, at the Company and/or business group level as applicable for the particular executive officer. At the end of fiscal 2004, the performance of each executive officer was evaluated against the financial, and any non-financial, objectives established for that executive officer for the year and the annual incentive for each executive officer was determined.

In fiscal 2004, the target incentive level for each of the executive officers ranged from 100% to 120% of annual base salary. The annual incentive payments to the executive officers for fiscal 2004 ranged from 40% of target incentive level to 106% of target incentive level. The annual incentive payments to the executive officers for fiscal 2004 averaged approximately 56% of their target incentive levels and approximately 58% of their annual base salaries.

Long-Term Incentives. The Company currently provides long-term incentive compensation to the executive officers of the Company through annual non-qualified stock option grants under the Company's 2002 Management Stock Incentive Plan (the 2002 Plan). The Committee is responsible for overseeing the administration of the 2002 Plan and for making grants of stock options under the 2002 Plan. Stock options granted under the 2002 Plan generally are required to have an exercise price equal to or greater than the fair market value of the Company's stock on the date of grant. Generally, stock options vest 25% per year beginning on the first anniversary of the grant date and may be exercised over a term of ten years from the date of grant. The number of options granted to each executive officer of the Company is reviewed and approved by the Committee and is based on position within the Company, job performance, future potential, awards made to executives at comparable companies and other factors.

Options to purchase a total of 340,000 shares of the Company's common stock were granted pursuant to the 2002 Plan to the Named Executive Officers (as defined below), who comprised all of the executive officers of the Company in fiscal 2004. The options granted to the Named Executive Officers represented approximately 15% of the options granted to the Company's management and other employees. In addition, Mr. Collis was awarded 5,000 shares of restricted stock in fiscal 2004 pursuant to the 2002 Plan. No other types of awards were granted to the Named Executive Officers.

In December 2004, the Financial Accounting Standards Board issued a revised standard requiring companies to recognize the cost of stock options. In accordance with the revised standard, the Company will be required to expense unvested stock options (including those already

Edgar Filing: AMERISOURCEBERGEN CORP - Form DEF 14A

granted and outstanding at the time that the Company starts expensing unvested stock options) over their remaining vesting periods beginning in the fiscal quarter ending September 30, 2005. Effective September 1, 2004, the Committee authorized the Company to

Table of Contents

accelerate the vesting of all underwater stock options (i.e., stock options with an exercise price greater than the then market price of the Company's common stock) then outstanding and held by then current employees of the Company. As a result, the Company will avoid incurring any expense for any such options at the time that the Company starts expensing unvested stock options. The Committee and the Company are in the process of evaluating whether to continue using stock options as the primary form of long-term incentive compensation once stock option expensing commences and, if so, the extent to which stock options should be granted.

Chief Executive Officer's Compensation for Fiscal 2004

Each year Mr. Yost and the Committee agree upon performance objectives. At the end of each year the Committee reviews Mr. Yost's performance against those objectives.

The Committee determined at the beginning of fiscal 2004 that Mr. Yost would be eligible to receive annual incentive payments at a target level of 120% of his annual base salary if the Company met or exceeded specified targets in the five following measures of financial performance for fiscal 2004: operating revenue, earnings before interest and taxes, return on committed capital, earnings per share and cash generation. The financial measures were weighted such that Mr. Yost's ability to attain the 120% of annual base salary target level was 33.33% dependent on earnings per share and 16.67% dependent on each of the other financial measures. At the end of fiscal 2004, the Committee evaluated the financial performance of the Company and determined that the Company had met or exceeded only the return on committed capital and the cash generation targets on which Mr. Yost's annual incentive payments were dependent. Accordingly, the Committee determined that Mr. Yost was entitled to receive only 40% of his target incentive level. As a result, Mr. Yost received an annual incentive payment in the amount of 48% of his annual base salary.

At the end of fiscal 2004, Mr. Yost also recommended to the Committee that his base salary should not be increased for fiscal 2005, notwithstanding that modest increases to base salary were provided to employees of the Company generally for fiscal 2005. The Committee accepted Mr. Yost's recommendation and determined not to increase his base salary for fiscal 2005.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), imposes a \$1 million limit on the deductibility of compensation paid to certain executive officers of public companies, unless the compensation meets certain requirements for performance-based compensation. The Committee has not taken action to date to structure the elements of cash compensation payable to the Company's executive officers so as to comply specifically with Section 162(m) of the Code. The compensation paid to the Company's executive officers for fiscal year 2004 that is not considered performance-based for purposes of Section 162(m) of the Code exceeded the \$1 million limit per officer only for Mr. Yost.

The Committee will continue to consider and evaluate all the Company's compensation programs in light of Section 162(m) of the Code and related regulations. However, the Company may continue to pay compensation that is not deductible in certain circumstances if sound business judgment so requires.

The amounts shown for 2004 and 2003 consist of bonuses earned in the fiscal year identified but paid in full in the subsequent fiscal year. The amounts shown for 2002 consist of bonuses earned in the fiscal year identified but paid in part in the subsequent fiscal year.
- (3) No Named Executive Officer was paid or provided perquisites and other personal benefits, securities or property in fiscal 2004, 2003 or 2002 with an aggregate value of more than \$50,000 (or, if lower, 10% of the total of salary and bonus paid in such fiscal year to such individual).
- (4) Mr. Collis was paid \$1,500,000 and granted 5,000 restricted shares of Common Stock in February 2004 pursuant to the terms of the employment agreement that he entered into with the Company in February 2004. The terms of Mr. Collis' s employment agreement are described below under Agreements with Employees. The dollar value shown in the Summary Compensation Table for the restricted shares granted to Mr. Collis is based on a per share value of \$56.68, which was the closing price of the Common Stock on February 19, 2004, the date that the restricted shares were granted to Mr. Collis. As of September 30, 2004, Mr. Collis continued to hold all 5,000 restricted shares of Common Stock. The dollar value of the 5,000 restricted shares as of September 30, 2004 was \$268,550 (based on a per share value of \$53.71, which was the closing price of the Common Stock on September 30, 2004). The restricted shares granted to Mr. Collis vest on the third anniversary of the date of grant. Dividends accrue starting the date of grant on all of the restricted shares granted to Mr. Collis. The dividends accrued on any restricted shares of Common Stock will be paid to Mr. Collis upon vesting and delivery of the shares to Mr. Collis.

Options Granted and Exercised in Fiscal 2004

The following tables set forth certain information with respect to options granted to and exercised by the Named Executive Officers during fiscal 2004. - (1) The options were granted in March 2004. Under the terms of the grants, the options were scheduled to vest 25% one year after the date of grant and then 25% per year thereafter. Effective September 1, 2004, the Compensation and Succession Planning Committee of the Board of Directors authorized the Company to accelerate the vesting of all underwater stock options (i.e., stock options with an exercise price greater than the then market price of the Company's common stock) then outstanding and held by then current employees of the Company. All of the options granted in March 2004 to the Named Executive Officers were underwater as of September 1, 2004 and, therefore, all of such options became fully vested as of that date.

- (2) Present values were calculated using the Black-Scholes option valuation method. The actual value, if any, that an executive officer may receive is dependent on the excess of the stock price as of the date of exercise over the exercise price. Use of this model should not be viewed as a forecast of the future performance of the Company's stock price. The estimated grant date present value of the stock options was \$20.25 based on the following defined option terms and assumptions: (i) a grant price of \$57.49; (ii) an exercise price of \$57.49; (iii) an expected life of five years; (iv) a risk-free interest rate of 2.71%, which represents the yield on Treasury Bonds with maturity dates corresponding to that of the options; (v) a dividend yield of 0.14%, representing the stock's current yield; and (vi) a stock price volatility rate of 0.357.

Pension Plans

AmerisourceBergen Drug Corporation Participating Companies Pension Plan. The Company maintains a qualified defined benefit pension plan providing pension benefit coverage for employees of AmerisourceBergen Drug Corporation who meet the plan's eligibility requirements (the Pension Plan). The Pension Plan was frozen as to new participants shortly after the merger on August 29, 2001 of AmeriSource Health Corporation and Bergen Brunswig Corporation that resulted in the formation of the Company (the Merger). Thus, employees first hired after September 14, 2001 are not eligible to participate in the Pension Plan, unless pursuant to the terms of a collective bargaining agreement with the Company that provides for such participation. Effective August 1, 2004, no collective bargaining agreements allow new participants to enter the Pension Plan. In addition, the Pension Plan has been amended so that participants will cease to earn any additional benefits under the Pension Plan for any compensation paid or services performed after September 30, 2007. Accordingly, the maximum benefits payable to Pension Plan participants will be frozen as of September 30, 2007.

Under the Pension Plan, executive officers and other participants are entitled to annual pension benefits at age 65 equal to the number of years of credited service multiplied by 1% of average annual compensation earned during the three consecutive years within the last ten years of participation in the Pension Plan which yield the highest average.

Edgar Filing: AMERISOURCEBERGEN CORP - Form DEF 14A

All Pension Plan costs are paid by the Company and the plan and benefits are funded on an actuarial basis. Compensation earned by executive officers for purposes of the plan includes salaries and bonuses set forth in the cash compensation table under the Summary Compensation Table above, except that compensation recognized under the plan may not exceed certain limits, as required by the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Code. For 2004, the compensation limit was \$205,000.

AmerisourceBergen Drug Corporation Supplemental Retirement Plan. The Company also maintains a Supplemental Retirement Plan (the Supplemental Plan). Coverage under the Supplemental Plan is limited to certain participants in the Pension Plan whose benefits under the Pension Plan are limited due to (i) restrictions

Table of Contents

imposed by the Code on the amount of benefits to be paid from a tax-qualified plan, (ii) restrictions imposed by the Code on the amount of an employee's compensation that may be taken into account in calculating benefits to be paid from a tax-qualified plan, or (iii) any reductions in the amount of compensation taken into account under the Pension Plan due to an employee's participation in certain deferred compensation plans sponsored by the Company or one of its subsidiaries.

The Supplemental Plan provides for a supplement to the annual pension benefit paid under the Pension Plan to certain individuals who are pension participants and who have been employed by the Company or one of its subsidiaries for five continuous years or who suffer a total and permanent disability while employed by the Company or one of its subsidiaries, and to the pre-retirement death benefits payable under the Pension Plan on behalf of such participants who die with a vested interest in the Pension Plan. The amount of the supplement will be the difference, if any, between the pension or pre-retirement death benefit paid under the Pension Plan and that which would otherwise have been payable but for the restrictions imposed by the Code and any reduction in the participant's compensation for purposes of the Pension Plan due to his participation in certain deferred compensation plans of the Company or one of its subsidiaries.

The following table shows estimated aggregate annual retirement benefits that would be payable to participants under the Pension Plan and, if applicable, the Supplemental Plan, upon normal retirement at age 65 under various assumptions as to final average annual compensation and years of credited service and on the assumption that benefits will be paid in the form of a single life annuity. The benefit amounts listed are not subject to any deduction for Social Security benefits. As of October 1, 2004, the years of credited service under the Pension Plan for the Named Executive Officers of the Company were as follows: R. David Yost, 30.08 years; Kurt J. Hilzinger, 13.58 years; Michael D. DiCandilo, 14 years; and Terrance P. Haas, 15.33 years. As required by ERISA and the Code, the Pension Plan limits the maximum annual benefits payable at Social Security retirement age as a single life annuity to the lesser of \$165,000 or 100% of a plan participant's average total taxable earnings during his highest three consecutive calendar years of participation, subject to certain exceptions for benefits which accrued prior to September 30, 1988.

AGREEMENTS WITH EMPLOYEES**AmerisourceBergen Employment Agreements**

Effective October 1, 2003, the Company entered into employment agreements (each, an Employment Agreement and collectively, Employment Agreements) with Messrs. Yost, Hilzinger, DiCandilo and Haas. Mr. Yost's Employment Agreement specifies that he shall serve as Chief Executive Officer of the Company and

Table of Contents

shall report to the Board of Directors. Mr. Hilzinger's Employment Agreement specifies that he shall serve as President and Chief Operating Officer of the Company and shall report to the Chief Executive Officer. Mr. DiCandilo's Employment Agreement specifies that he shall serve as the Senior Vice President and Chief Financial Officer of the Company and shall report to the Chief Executive Officer. Mr. Haas' Employment Agreement specifies that he shall serve as the Senior Vice President Operations of the Company, or in any other capacity with the Company or any subsidiary as may be determined from time to time by the Company, so long as he is compensated at a salary grade level that is substantially the same as or greater than his salary grade level as of October 1, 2003.

With the exception of the foregoing, the Employment Agreements are substantially similar in form and substance. Each Employment Agreement provides for the following, among other things:

Two-year term of employment, with an automatic two-year extension on each two-year anniversary date.

Continuation of annual base salary at the rate in effect for the executive as of October 1, 2003, subject to increase in accordance with the Company's prevailing practices from time to time.

Incentive compensation, bonuses and benefits in accordance with the Company's prevailing practices from time to time.

Customary rights on the part of the Company to terminate for cause (which includes, among other things, conviction of a crime of moral turpitude).

Rights on the part of the executive to terminate for good reason (which includes notice by the Company of non-renewal of the Employment Agreement upon the end of any two-year term or a reduction in the salary grade of the executive).

Each Employment Agreement obligates the Company to continue to pay the executive base salary and bonus (based on average of annual bonuses paid in the prior three years) and to reimburse the costs incurred by the executive to continue health coverage, in each case for two years after termination if the executive is terminated without cause or the executive terminates for good reason. Good reason is defined to include, among other things, reduction in base salary and notice of non-renewal by the Company at the end of the initial two-year term or any renewal term.

Each Employment Agreement indicates that payments to be made to the executive are intended not to constitute excess parachute payments within the meaning of Section 280G of the Internal Revenue Code of 1986 and provides for reduction of the amount of the payments, if necessary, to ensure that they do not constitute excess parachute payments.

Each Employment Agreement obligates the executive to refrain for a period of two years after any termination of the executive's employment from competing, directly or indirectly, with any business in which the Company or its subsidiaries engages and from soliciting any other employees of the Company or its subsidiaries.

Employment Agreement with Steven H. Collis

Edgar Filing: AMERISOURCEBERGEN CORP - Form DEF 14A

In September 2000, Bergen Brunswig Corporation entered into a written employment agreement (the Bergen Employment Agreement) with Mr. Collis. The form of this agreement was substantially the same as the forms of such agreements that were entered into with other executive officers of Bergen starting in 1994. The Bergen Employment Agreement provided for an initial term of three years but provided for automatic extension on a monthly basis so that the outstanding term was always three years, subject to the option of either party to terminate the automatic extension provision at any time. The automatic extension provision of the Bergen Employment Agreement was terminated on August 29, 2001, the effective date of the merger of Bergen Brunswig Corporation and AmeriSource Health Corporation, resulting in an agreement with term ending on August 29, 2004. The Bergen Employment Agreement also was terminable prior to August 29, 2004 in the following circumstances:

by Mr. Collis with or without good reason upon written notice of termination delivered to the Company,

Table of Contents

by mutual agreement between Mr. Collis and the Company and

by the Company for cause.

In the event of termination of the Bergen Employment Agreement by the Company for any reason other than cause, or by Mr. Collis for good reason, Mr. Collis was entitled to termination damages equal to three years of salary and bonuses and the value of three years of benefits. The damages were subject to mitigation if Mr. Collis were to obtain other employment during the three years after termination. The Merger constituted good reason for Mr. Collis to terminate his Bergen Employment Agreement. Accordingly, Mr. Collis could have terminated the Bergen Employment Agreement in his discretion at any time on or before August 29, 2004 and Mr. Collis would have been entitled to receive termination damages.

By letter agreement dated July 27, 2001 (the Letter Agreement), the Company and Mr. Collis agreed to a method for calculating the termination damages payable under the Bergen Employment Agreement as follows:

Salary in effect at the time of employment termination would be deemed to continue at that rate until the immediately following September 30 and to increase thereafter on each October 1 by 4%.

Bonus would be calculated as the average of the three highest bonuses paid over the preceding five years, which amount would then increase at 4% per annum during the three year period used to calculate damages.

Value of all other benefits and perquisites would be deemed to be \$25,000 per year.

The amount so determined was then to be reduced to present value using a discount rate equal to 120% of the then applicable federal rate determined under Section 1274 of the Internal Revenue Code of 1986, compounded semiannually.

In February 2004, Mr. Collis entered into a new employment agreement with AmerisourceBergen Corporation (the New Employment Agreement) that replaced and superseded the Bergen Employment Agreement. The New Employment Agreement specifies that Mr. Collis will serve as Senior Vice President of the Company and President of AmerisourceBergen Specialty Group, or in any other capacity with the Company or any subsidiary as may be determined from time to time by the Company, so long as he is compensated at a salary grade level that is substantially the same as or greater than his salary level as of February 2004. In consideration for the benefits extended to him under the New Employment Agreement, Mr. Collis agreed to waive his rights under the Bergen Employment Agreement, including the right to terminate for good reason and receive termination damages. Under the terms of his New Employment Agreement, Mr. Collis received a one-time payment of \$1,500,000 and a one-time grant of 5,000 restricted shares of the Company's common stock, both in February 2004. The restricted shares of the Company's common stock were granted under the 2002 Management Incentive Plan. Mr. Collis also agreed to refrain for a period of two years after any termination of his employment from being employed or engaged as a director, officer, employee, consultant or independent contractor for certain specified competitors of the Company and/or the AmerisourceBergen Specialty Group. The foregoing non-competition covenant differs from the more general non-competition covenant that appears in the standard form of the AmerisourceBergen Employment Agreement. With the exception of the foregoing, the terms of Mr. Collis's New Employment Agreement are substantially similar in form and substance to the AmerisourceBergen Employment Agreements described above and into which the other Named Executive Officers have entered.

Bergen Deferred Compensation Loan Program

In April 1990, Bergen's board of directors approved an unfunded deferred compensation loan program available to Bergen's executive officers (the ELP) for the purpose of providing them with an incentive to remain with Bergen. Under the ELP, Bergen made a loan in the amount of \$375,000 to Mr. Collis. This loan was

forgiven by Bergen in August 2001. Bergen then made an additional loan in the amount of \$170,000 to Mr. Collis in order to enable him to pay the income tax he incurred as a result of the forgiveness of the ELP loan. In February 2004, Mr. Collis paid the tax assistance loan in full.

What is the Company's current policy with regard to loans to directors or officers?

The Company does not have any programs under which it extends loans either to its directors or to its officers. Accordingly, no loans have been extended to any director or officer of the Company subsequent to the Merger.

BENEFICIAL OWNERSHIP OF COMMON STOCK

This table shows how much of our outstanding common stock is beneficially owned by each of the Named Executive Officers (who comprise all of the executive officers of the Company), each of the directors, and all directors and executive officers as a group as of December 31, 2004. The table also shows how much of our outstanding common stock is beneficially owned by owners of more than 5% of our outstanding common stock.

According to the rules adopted by the SEC, a person beneficially owns securities if the person has or shares the power to vote them or to direct their investment or has the right to acquire beneficial ownership of such securities within 60 days through the exercise of an option, warrant, right of conversion of a security or otherwise. Except as otherwise noted, the beneficial owners listed have sole voting and investment power with respect to the shares shown. An asterisk in the Percent of Class column indicates beneficial ownership of less than 1%, based on 113,044,982 shares of common stock outstanding as of the close of regular trading on the NYSE on December 31, 2004.
