INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Newtek Business Services, Inc. (the Company) for the Annual Meeting of Shareholders (the Annual Meeting) to be held at the offices of the Company at 462 Seventh Avenue, 14 floor, New York, NY 10018 on Tuesday, May 24, 2005, at 9:00 a.m., local time. The accompanying Notice of Annual Meeting and this Proxy Statement, together with the enclosed form of proxy, are first being mailed to shareholders on or about April 29, 2005.

VOTING AND REVOCATION OF PROXIES

Proxies solicited by the Board of Directors of the Company will be voted in accordance with the directions given therein. **Properly executed but unmarked proxies will be voted FOR Proposal I to elect seven nominees of the Board of Directors as directors of the Company, FOR Proposal II to approve an increase in the number of authorized shares of the Company to 54,000,000 shares of common stock, and FOR Proposal III to ratify the selection of PricewaterhouseCoopers LLP as auditors of the Company for the current year.** If any other matters are properly brought before the Annual Meeting as to which proxies in the accompanying form confer discretionary authority, the persons named in the accompanying proxy will vote the shares represented thereby on such matters as determined by a majority of the Board of Directors. The proxies solicited by the Board of Directors confer discretionary authority on the persons named therein to vote with respect to the election of any person as a director where the nominee is unable to serve or for good cause will not serve, with respect to matters incident to the conduct of the Annual Meeting and with respect to any other matter presented to the Annual Meeting if notice of such matter has not been delivered to the Company within a reasonable time before the date of this Proxy Statement. Proxies marked as abstentions will not be counted as votes cast. In addition, shares held in street name which have been designated by brokers on proxy cards as not voted (broker no votes) will not be counted as votes cast. Proxies marked as abstentions or as broker no votes, however, will be treated as shares present for purposes of determining whether a quorum is present.

Shareholders who execute the form of proxy enclosed herewith retain the right to revoke such proxies at any time prior to exercise. Unless so revoked, the shares represented by properly executed proxies will be voted at the Annual Meeting and all adjournments thereof. Proxies may be

Edgar Filing: NEWTEK BUSINESS SERVICES INC - Form DEF 14A

revoked at any time prior to exercise by written notice to the Secretary of the Company or by the filing of a properly executed, later-dated proxy. A proxy will not be voted if a shareholder attends the Annual Meeting and votes in person. The presence of a shareholder at the Annual Meeting alone will not revoke such shareholder's proxy.

VOTING SECURITIES

The securities which can be voted at the Annual Meeting consist of the Company's common shares, \$.02 par value per share (Common Shares). Shareholders of record as of the close of business on April 28, 2005 (the Record Date) are entitled to one vote for each Common Share then held on all matters. As of the Record Date 33,905,172 Common Shares were issued and outstanding. The presence, in person or by proxy, of at least one-third of the total number of Common Shares outstanding and entitled to vote will be necessary to constitute a quorum at the Annual Meeting.

Persons and groups owning in excess of 5% of Common Shares are required to file certain reports regarding such ownership with the Company and the Securities and Exchange Commission (SEC) pursuant to the

Securities Exchange Act of 1934, as amended (the Exchange Act). See Security Ownership of Certain Beneficial Owners.

PROPOSAL I ELECTION OF DIRECTORS

The persons named in the proxies solicited by the Board of Directors will vote for the election of the named nominees. Shareholders are not entitled to cumulate their votes for the election of directors. Edgar Filing: NEWTEK BUSINESS SERVICES INC - Form DEF 14A

Barry Sloane, as Chairman and Chief Executive Officer;

Jeffrey G. Rubin, as President; and

Brian A. Wasserman, as Treasurer and Chief Financial Officer.

Barry Sloane, as Chairman and Chief Executive Officer, is responsible for implementing the policies adopted by the Company's Board of Directors. Jeffrey G. Rubin, as President is responsible for overseeing all of the Company's operations. Brian A. Wasserman, as Treasurer and Chief Financial Officer, is responsible for overseeing the Company's financial operations.

Each employment agreement provides for:

a one year term at an annual base salary of \$286,000 except for Mr. Sloane who receives a salary of \$350,000;

at least one annual salary review by the Board of Directors;

participation in any discretionary bonus plan established for senior executives;

retirement and medical plans, customary fringe benefits, vacation and sick leave; and

\$2 million of split-dollar life insurance coverage.

Each agreement contains a non-competition provision that requires the employee to devote substantially his full business time and efforts to the performance of the employee's duties under the agreement. The employee is not prohibited, however, from:

serving on the boards of directors of, and holding offices or positions in, companies or organizations which, in the opinion of the Board of Directors, will not present conflicts of interest with the Company; or

investing in any business dissimilar from the Company's or, solely as a passive or minority investor, in any business.

The Company may terminate an employee's employment for just cause as defined in the agreement, and upon the termination, no severance benefits are available. If the Company terminates an employee without just cause, or if the term of the agreement is not extended for an additional year, the employee will be paid an amount equal to six months' compensation. If the employee voluntarily terminates his employment for good reason as defined in the agreement, or the employee's employment terminates during the term of the agreement due to death, disability, or retirement after age 62, the employee will be entitled to a continuation of his salary and benefits from

the date of termination through the remaining term of the agreement. The employee is able to voluntarily terminate his agreement by providing 60 days written notice to the Board of Directors, in which case the employee is entitled to receive only his compensation, vested rights, and benefits up to the date of termination.

Each employment agreement contains provisions stating that in the event of the employee's involuntary termination of employment (other than for cause) in connection with, or within six months after, any change in control of the Company, the employee will be paid within 10 days of the termination a sum equal to 2.99 times the average annual compensation he received during the five-year period immediately prior to the date of change in control. Control generally refers to the acquisition, by any person or entity, of the ownership or power to vote more than 25% of the Company's voting stock, or the control of the election of a majority of directors or the exercise of a controlling influence over the Company's management or policies.

Each employment agreement also provides for a similar lump sum payment to be made in the event of the employee's voluntary termination of employment within 30 days of a change in control, or within 90 days thereafter, of certain specified events following any change in control, whether approval by the Board of Directors or otherwise which have not been consented to in writing by the employee including:

requiring the employee to move his personal residence or perform his principal executive functions more than 50 miles from the employee's primary office;

failing to maintain existing employee benefit plans, including material vacation, fringe benefits, and retirement plans;

assigning duties and responsibilities to the employee which are other than those normally associated with his position;

materially diminishing the employee's authority and responsibility; and

failing to elect or re-elect the employee to the Company's Board of Directors.

If an employee's employment is terminated for cause as defined in the plan, then the employee shall be ineligible to receive a bonus, and an employee whose employment otherwise terminates shall be eligible for a bonus that fiscal year, prorated to the number of days the employee was employed by the Company during its fiscal year. The Compensation Committee administers the plan. Bonuses are paid at the discretion of the Compensation Committee or the full Board of Directors. REPORT OF THE COMPENSATION COMMITTEE

The mission of the Compensation Committee (the Committee) is to assure that the Company's compensation program for our executives is effective in attracting and retaining executives, that it links pay to performance, that it is reasonable in light of economic position of the company and the relevant practices of other, similar companies, and that it is administered fairly and in the shareholders' interests. The Committee acts on behalf of the Board of Directors in setting executive compensation policy and administering Board approved plans with respect to the compensation of our three top executives.

The goals of the Committee are to assist in attracting and retaining highly qualified management, motivating executives to achieve performance goals, rewarding management for outstanding performance and ensuring that the financial interests of management and shareholders are aligned.

Overview. The Company's compensation program for executive officers is designed to attract, retain, and motivate superior executive talent and to align a significant portion of each officer's total compensation with the performance of the Company and the interests of its shareholders.

We have implemented a competitive total compensation program for executive officers composed of the following elements discussed below: base salary, annual bonus, and long-term incentive compensation. Since its implementation in 2002, based on the Committee's review of the Company's performance and market condition, there has been little need for change in the basic features.

Base Salary. Executive base salaries continue to reflect our operating philosophy, culture and business direction with each salary determined subjectively by the skills, experience and performance level of the individual executive, and the needs and resources of the Company. Base salaries are targeted to market levels based on reviews of published salary surveys and peer company compensation. The Committee also continues to believe that the Company's most direct competitors for executive talent are not necessarily restricted to those companies that are included in the industry index used to compare shareholder returns, but encompass a broader group of companies engaged in the recruitment and retention of executive talent in competition with the Company.

Annual Bonus. Annual bonuses may be earned by executive officers under the Company's cash bonus plan. Payments under the plan are based on the company's overall performance. Annual bonus targets for the Chief Executive Officer are determined by the Committee and none were awarded with respect to 2004. The Chief Executive Officer recommends annual bonus targets and goals for other participants. The goals incorporate the achievement of business plans and performance relative to other high performing companies of a similar size. The mix and weighting of the goals vary and are subjectively determined. The level of achievement of the goals determines the level of bonus.

Compensation of the Chief Executive Officer. The Committee and Board determined the compensation for Barry Sloane, Chairman and Chief Executive Officer for 2003. Recognizing the Chief Executive Officer's leadership in building a highly talented management team and in driving the company forward with superior operational and financial performance as well as shareholder returns, Mr. Sloane's salary was maintained at \$285,000 less than the competitive labor market median, but reflective of the company's current cash position. It was increased to \$350,000 for 2004.

Committee Governance. The Compensation Committee will continue to review and evaluate executive compensation programs at least annually. When and where appropriate, the Committee will consult with its independent sources and its legal advisors with respect to the proper design of the program toward achieving the Company's strategic business objectives and balancing the interests of key stakeholders.

REPORT OF THE AUDIT COMMITTEE*

The Board of Directors (Board), through its Audit Committee (Committee), and in accordance with its written charter, reviews the audit function, internal controls and financial statements of the Company. The Committee consists solely of directors who are not Company employees and are considered independent under applicable rules of the Securities and Exchange Commission and the Nasdaq Stock Market. In 2004, the Audit

* The Report of the Audit Committee does not constitute solicitation material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

Committee convened 9 times to discuss with management and the independent auditors their respective accounting, auditing and financial reporting responsibilities with respect to the fiscal year 2003 or 2004.

In connection with the December 31, 2004 financial statements of the Company, the Committee: (1) reviewed and discussed the audited and interim unaudited financial statements with management; (2) discussed with the auditors the matters required by Statement on Auditing Standards No. 61 and the independence of the auditors; and (3) received and discussed with the auditors the matters required by Independence Standards Board Statement No. 1. In discharging these oversight responsibilities as to the audit process, the Committee obtained from the independent auditors a formal written statement describing all relationships between the auditor and the Company that might bear on the auditors independence and discussed with the auditors any relationships that may impact their objectivity and independence. Based upon these procedures and discussions with Company management, the Committee considered whether it was necessary to exclude PricewaterhouseCoopers LLP from performing any work for the Company separate and apart from auditing the Company's financial statements. After a thorough analysis, the Committee concluded that at this time there was no conflict that would jeopardize auditor independence and that it is satisfied as to the auditors independence. The Committee also discussed with management and the independent auditors the quality and adequacy of the Company's internal controls.

The Committee, with and without management present, discussed and reviewed the results of the independent auditor's examination of the financial statements. The Committee reviewed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2004, with management and the independent auditors. Based upon this review and the resulting discussions, the Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

The Committee also discussed the necessity of rotating accountants for the next fiscal year, and determined that it is not legally necessary nor practically required under the present circumstances.

PROPOSAL II INCREASE IN AUTHORIZED COMMON SHARES

The Board of Directors has adopted and recommended for approval an amendment to the Company's Certificate of Incorporation to increase the number of authorized shares from the current 40,000,000 to 55,000,000. Currently the Company is authorized to issue 39,000,000 Common Shares and 1,000,000 serial preferred shares, of which 33,905,172 Common Shares and no preferred shares are outstanding. The proposal would increase the authorized Common Shares from 39,000,000 to 54,000,000.
