PROXY STATEMENT

For Annual Meeting of Stockholders To Be Held on May 15, 2006

GENERAL

This Proxy Statement and the accompanying form of proxy are being furnished to the stockholders of Westlake Chemical Corporation (the Company or Westlake) on or about April 3, 2006 in connection with the solicitation of proxies by our board of directors for use at the annual meeting of stockholders to be held on May 15, 2006 at 9:00 a.m. local time at the Westlake Center Annex, 2801 Post Oak Blvd., Houston, Texas 77056, and any adjournment of the annual meeting.

The following matters will be acted upon at the annual meeting:

- (1) To elect two members of the board of directors for the terms described herein;
- (2) To ratify the appointment of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2006; and
- (3) To act upon any other matters that may properly come before the annual meeting.

Our board of directors does not know of any other business to be brought before the annual meeting, but if any other business is properly brought before the annual meeting, proxies will be voted upon those matters in accordance with the judgment of the person or persons acting under the proxies.

The accompanying Notice of Annual Meeting of Stockholders, this Proxy Statement and the form of proxy are being first sent to stockholders on or about April 3, 2006.

All shares represented by proxies received will be voted in accordance with instructions contained in the proxies. The board of directors unanimously recommends a vote:

Edgar Filing: WESTLAKE CHEMICAL CORP - Form DEF 14A

- (1) FOR the nominees for director listed in these materials and on the proxy; and

- (2) FOR the ratification of the appointment of the Company's independent registered public accounting firm.

In the absence of voting instructions to the contrary, shares represented by validly executed proxies will be voted in accordance with the foregoing recommendations. A stockholder giving a proxy has the power to revoke it at any time before it is voted by providing written notice to the Secretary of the Company, by delivering a later-dated proxy, or by voting in person at the annual meeting.

Only stockholders of record at the close of business on March 30, 2006, also referred to as the record date, will be entitled to vote at the annual meeting. At the close of business on the record date, there were 65,169,299 shares of common stock, par value \$0.01 per share, outstanding, which represent all of the voting securities of the Company. Each share of common stock is entitled to one vote. Stockholders do not have cumulative voting rights in the election of directors.

A majority of the common stock entitled to vote at the annual meeting, present either in person or by proxy, will constitute a quorum. Abstentions and broker non-votes will be counted as present for purposes of determining whether there is a quorum present at the meeting. Shares held by a broker or other nominee as to which they have not received voting instructions from the beneficial owners and lack the discretionary authority

to vote on a particular matter are called broker non-votes. Approval of the proposal to elect the two nominees as directors requires the affirmative vote of a plurality of the votes cast. Abstentions and broker non-votes will not be included in the total of votes cast and will not affect the outcome of the vote. The affirmative vote of a majority of the votes cast at the annual meeting, either in person or by proxy, is required for the approval of the proposal to ratify the appointment of PricewaterhouseCoopers LLP. Abstentions on the proposal to ratify the appointment of PricewaterhouseCoopers LLP will be counted as a vote against the proposal. Broker non-votes will not be included in the total votes cast and will not affect the outcome of the vote.

In addition to mailing this material to the stockholders, the Company has asked banks and brokers to forward copies to persons for whom they hold common stock of the Company and request authority for execution of the proxies. The Company will reimburse the banks and brokers for their reasonable out-of-pocket expenses in doing so. Officers and employees of the Company may, without being additionally compensated, solicit proxies by mail, telephone, facsimile or personal contact. All proxy-soliciting expenses will be paid by the Company in connection with the solicitation of votes for the annual meeting. The Company has engaged American Stock Transfer & Trust Company to tabulate voting results.

INFORMATION REGARDING BOARD OF DIRECTORS

INDEPENDENCE OF DIRECTORS

As of the date of this Proxy Statement, TTWF LP, our principal stockholder, owns 79.03% of the outstanding common stock of the Company. Under the corporate governance rules of the New York Stock Exchange, we are considered to be controlled by TTWF LP. As a controlled company, we are eligible for exemptions from provisions of these rules requiring a majority of independent directors, nominating and governance and compensation committees composed entirely of independent directors and written nominating and governance and compensation committee charters addressing specified matters. We have elected to take advantage of certain of these exemptions. In the event that we cease to be a controlled company within the meaning of these rules, we will be required to comply with these provisions after the specified transition periods.

Our board of directors has determined, after considering all of the relevant facts and circumstances, that Messrs. Blakely and Lukens and Dr. Whitaker are independent from our management, as independence is defined by the rules and regulations of the Securities & Exchange Commission (SEC) and the listing standards of the New York Stock Exchange. This means that none of these directors has any direct or indirect material relationship with us, either directly or as a partner, stockholder or officer of an organization that has a relationship with us and that none of the express disqualifications contained in the New York Stock Exchange rules applies to any of them. Dr. Whitaker is a Professor of Business Economics at the Jesse H. Jones Graduate School of Management of Rice University. In addition, Dr. Whitaker is the former Dean of the Jesse H. Jones Graduate School of Management of Rice University. Our President and Chief Executive Officer, Albert Chao, is a trustee of Rice University. Our board of directors has determined that, notwithstanding these relationships with Rice University, Dr. Whitaker is independent as such term is defined in the rules and regulations of the SEC and by the listing standards of the New York Stock Exchange. In making such determination, the board of directors considered, among other things, that: Rice University has 25 trustees; Dr. Whitaker reports to the Dean of the Jesse H. Jones Graduate School of Management of Rice University who in turn reports to the provost (chief academic officer) of the University, who in turn reports to the president (chief executive officer) of the University, who in turn reports to the board of trustees, and Dr. Whitaker thus does not report to the board of trustees; the Dean, not the board of trustees, sets Dr. Whitaker's compensation.

EXECUTIVE SESSIONS

The Company's governance guidelines require that non-management directors meet at regularly scheduled executive sessions without management. At these meetings of non-management directors, the non-management directors have decided that the non-management director

that presides over the meeting will rotate among the non-management directors.

Since one of the non-management directors is not independent, the Company's governance guidelines require that the independent directors meet at least once a year. At these meetings of independent directors, the independent directors have decided that the independent director that presides over the meeting will rotate among the independent directors.

Stockholders may communicate with these directors in the manner described under "Communications with Directors" below.

COMMITTEES OF THE BOARD OF DIRECTORS

The Audit Committee

The audit committee of the board of directors is comprised of Robert T. Blakely (chairman), Max L. Lukens and Dr. Gilbert R. Whitaker, Jr. All current committee members are independent as defined by the listing standards of the New York Stock Exchange and Section 10A(m)(3) of the Securities Exchange Act of 1934. The board has determined that each of Messrs. Blakely and Lukens and Dr. Whitaker is an audit committee financial expert as that term is defined by SEC regulations. The primary functions of the audit committee are to review the adequacy of the system of internal controls and management information systems, to review the results of our independent registered public accounting firm's quarterly reviews of our interim financial statements, and to review the planning and results of the annual audit with our independent registered public accounting firm. This committee held 11 meetings in 2005. The board of directors has adopted a written charter for the audit committee. The audit committee charter is publicly available on our Web site at: <http://www.westlakechemical.com> under "Investor Relations" Corporate Governance.

The Compensation Committee

The compensation committee of the board of directors is comprised of Albert Chao, Dorothy C. Jenkins and Max L. Lukens (chairman). Since Westlake is considered to be controlled by the principal stockholder under New York Stock Exchange rules, all compensation committee members are not required to be independent as defined by the listing standards of the New York Stock Exchange. The compensation committee's primary functions include overseeing our executive compensation, director compensation and equity and performance incentive compensation plans and policies. This committee held four meetings in 2005. The compensation committee has adopted a written charter. The compensation committee charter is publicly available on our Web site at: <http://www.westlakechemical.com> under "Investor Relations" Corporate Governance.

The Nominating and Governance Committee

The nominating and governance committee is comprised of Albert Chao, James Chao and Dr. Gilbert R. Whitaker, Jr. (chairman). Since Westlake is considered to be controlled by the principal stockholder under New York Stock Exchange rules, all nominating and governance committee members are not required to be independent as defined by the listing standards of the New York Stock Exchange. The nominating and governance committee's primary functions are (1) to identify individuals qualified to become directors of the Company, (2) to recommend to the board of directors director candidates to fill vacancies on the board of directors and to stand for election by the stockholders at the annual meeting of stockholders, (3) to recommend committee assignments for directors, (4) to monitor and periodically assess the performance of the board of directors and its committees, and (5) to develop and recommend to the board of directors appropriate corporate governance policies, practices and procedures for the Company. In assessing the qualifications of prospective nominees to serve as directors, the committee will consider, in addition to any criteria set forth in the Bylaws of the Company, each nominee's personal and professional integrity, experience, skills, ability and willingness to devote the time and effort necessary to be an effective director, and commitment to acting in the best interests of the Company and its stockholders. This committee held four meetings in 2005. The committee has the authority to retain an executive search

firm as needed to identify director candidates. The nominating and governance

committee has adopted a written charter. The charter is publicly available on our Web site at: <http://www.westlakechemical.com> under Investor Relations Corporate Governance.

The nominating and governance committee will consider nominees recommended by stockholders. Any recommendation should be addressed in writing to the Nominating and Governance Committee, Westlake Chemical Corporation, c/o Corporate Secretary, 2801 Post Oak Blvd., Houston, Texas 77056. Recommendations for potential nominees may come from any source, including members of the board of directors, stockholders, self-recommendations or search firms. All persons recommended for a vacant or new board position will be given equal consideration regardless of the source of the recommendation.

CORPORATE GOVERNANCE

We have a Code of Ethics that applies to our principal executive officer, principal financial officer and principal accounting officer, a Code of Conduct that applies to all directors, officers and employees and Principles of Corporate Governance. You can find the above-referenced documents by visiting our Web site: <http://www.westlakechemical.com> under Investor Relations Corporate Governance. We will post on our Web site any amendments to such documents as well as any waivers that are required to be disclosed by the rules of either the SEC or the New York Stock Exchange.

The Corporate Secretary will forward these communications to the addressee. If any stockholder would like to communicate with the non-management directors as a group, the stockholder should address such communication as follows: Non-management Directors, c/o Corporate Secretary, Westlake Chemical Corporation, 2801 Post Oak Blvd., Houston, Texas 77056. Upon receipt, Westlake's Corporate Secretary will forward the communication, unopened, to one of the non-management directors. The non-management director will, upon review of the communication, make a determination as to whether it should be brought to the attention of the other non-management directors and whether any response should be made to the person sending the communication, unless the communication was made anonymously.

MEETING ATTENDANCE

The board of directors held eight meetings in 2005. During 2005, no director attended fewer than 75% of the total number of meetings of the board of directors and any committee on which he or she served during the periods that he or she served. Westlake encourages its directors to attend the annual meeting of stockholders. Six directors attended our annual meeting in 2005.

COMPENSATION OF DIRECTORS

Directors who are also full-time officers or employees of Westlake or affiliates of our principal stockholder receive no additional compensation for serving as directors. Effective August 16, 2005, all other directors receive an annual retainer of \$45,000. The audit committee chairman receives an additional annual retainer of \$10,000 and the compensation committee chairman and nominating and governance committee chairman each receive an additional \$5,000.

Under our 2004 Omnibus Incentive Plan, which we refer to as our 2004 plan, the board of directors, effective August 16, 2005, authorized the issuance of 781 shares of restricted stock to each outside director. The shares of restricted stock will vest in three equal installments on August 31, 2006, 2007 and 2008, subject to the grantee's continuous position as a director of Westlake.

PROPOSAL 1 ELECTION OF DIRECTORS

Our Amended and Restated Certificate of Incorporation provides that the board of directors be divided into three classes, each consisting, as nearly as possible, of one-third of the total number of directors constituting the board of directors, with each class to serve for a term of three years. As a controlled company under the rules of the New York Stock Exchange, the Company is eligible, and has elected, to avail itself of an exemption from those rules requiring a compensation committee to consist only of independent directors. Mr. Lukens, the chairman of the Committee, is independent, while Mr. Chao and Ms. Jenkins are not.

The Committee is constituted and established by the Board (1) to review and approve the compensation of the executive officers and other key employees of the Company, (2) to review the fees and other compensation received by directors for service on the Board and its committees, (3) to administer, and make recommendations to the Board with respect to the design of, the Company's incentive compensation plans, equity-based plans and other compensation and benefit plans, (4) to review and approve executive employment agreements, (5) to review succession planning for the chief executive officer and other executive officers, and (6) to produce a compensation committee report on

executive compensation as required by the SEC for inclusion in the Company's annual Proxy Statement.

On a periodic basis the Committee reviews third-party market data to assess the Company's competitive position with respect to executive compensation and considers and approves changes in base salary and annual incentive levels for executive officers and other key employees, as well as all awards (including stock options, equity-based awards and long-term incentive plan awards) to executive officers and key employees. In considering these awards, the Committee also reviews annual and long-term performance criteria and goals at the beginning of each performance period to assess the appropriateness of the recommended award.

General Compensation Philosophy

The Committee believes that pay should be administered on a total remuneration basis, with consideration of the value of all components of compensation. Total remuneration opportunities should be competitive and serve to attract, retain, motivate and reward employees based upon their experience, responsibility, performance and marketability. Incentive programs should create a strong mutuality of interest between executives and stockholders through the use of equity-based compensation and the selection of performance criteria that are consistent with the Company's strategic objectives.

Executive Compensation

The Company's executive compensation program has the following principal components: base salary, annual cash incentive compensation and long-term incentive compensation. When combined these make up a total remuneration program designed to attract, incentivize and retain qualified executive talent. The total remuneration program is reviewed periodically and compared to pay opportunities provided by other companies of similar size and market segments within the chemical industry.

Base Salaries

The Committee annually reviews the base salaries of the Company's executive officers. Prior to the meeting at which the annual review occurs, the Committee is furnished with data on the base salary of each executive, current marketplace data for comparable positions within chemical companies of similar size and market segments, individual performance information and adjustments recommended by the Chief Executive Officer for each executive officer except himself. At the meeting, the Committee reviews relevant data and considers and approves adjustments. In addition, the Committee reviews marketplace data for, and the performance of, the Chairman of the Board and the Chief Executive Officer and determines their adjustments. Based upon the Committee's review of the survey material and given the increasing demand for qualified executive talent and the improving performance of the Company and the industry at large, the Committee has recommended increases in the salaries of the Chairman of the Board, the Chief Executive Officer and certain other executive officers.

Incentive Compensation

The Company's EVA Incentive Plan (the "EVAIP") provides for awards that are principally contingent upon the attainment of specific targeted EVA[®] results. EVA, or economic value added, is a measure of financial performance based upon the achievement of returns for stockholders above the invested cost of capital. EVA is equal to net operating profit after taxes less a capital charge (capital times the weighted average cost of capital). Under the provisions of the plan, if the EVA for the year is equal to the expected improvement in EVA, participants in the plan are awarded a cash bonus equal to one times their target bonus. Where the results exceed the expected improvement, awards will be granted at a rate corresponding to the rate of increase above the expectation. In years where expectations are not met, awards will be correspondingly lower. In each year the gross EVA declared bonus is further modified by an individual performance factor as recommended by management and approved by the Committee.

The Committee believes that the EVAIP is designed to reward and incentivize management to achieve improvements in EVA which is designed in turn to return value to the stockholders. The Committee annually

reviews the results of the EVAIP and determines the target bonus rate for the Chief Executive Officer and other executive officers and key employees.

In addition to the EVAIP, the executive officers are eligible for payments from a Quarterly Incentive Plan (QIP) with a maximum annual payment potential of 8% of eligible earnings. These incentive awards are based upon the achievement of various operating results which include, but are not limited to, production, cost, quality, environmental and safety, sales volumes and other related targets. These results are measured against objectives established by management at the beginning of each year which may change from year to year depending on the then current needs of the Company. The Committee believes these programs encourage the executive officers to remain aligned with the operating objectives of the Company which in turn affect EVA and stockholder value.

Long-Term Incentives

Under the Westlake Chemical Corporation 2004 Omnibus Incentive Plan, the Company awarded, effective August 31, 2005, the Chief Executive Officer, non-employee directors, other executive officers and other key employees options to purchase shares of the Company's common stock and shares of restricted stock. The exercise price for these options is \$27.22, the average of the high and low trading prices on the date of the grant. The options will become exercisable in four equal installments of 25% on August 31, 2006, 2007, 2008 and 2009. The expiration date of these options is August 31, 2015. The shares of restricted stock will vest in three equal installments on August 31, 2006, 2007, and 2008, subject to continuous employment with us. Individual grants were made on the basis of position, individual performance and company service. Effective March 15, 2006, the Company awarded options to purchase shares of the Company's common stock and shares of restricted stock to the Chief Executive Officer, other executive officers and other key employees. The exercise price of the options is \$36.10, the average of the high and low trading prices on the date of the grant. The options will become exercisable in four equal installments of 25% on March 15, 2007, 2008, 2009 and 2010. The expiration date of these options is March 15, 2016. The shares of restricted stock will vest in three equal installments on March 15, 2007, 2008, and 2009, subject to continuous employment with us. Individual grants were made on the basis of position, individual performance and company service.

In keeping with the Company's philosophy of nurturing a mutuality of interest between the executives and stockholders, the Company intends to provide equity-based long-term incentives which comprise a significant portion of each executive's total compensation package. Long-term incentive awards during 2005 and 2006 to date consisted of the stock option and restricted stock awards discussed above.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally limits the tax deductibility to public companies for compensation in excess of \$1 million paid to specified executive officers. Qualifying performance based compensation is not subject to the deduction limit if Internal Revenue Code requirements are met. The Committee does not anticipate any material payment of compensation in 2005 or 2006 in excess of the amount deductible under Section 162(m) of the Internal Revenue Code; however, the Committee considers it important to retain flexibility to design compensation programs with the participation of all members of the Committee, even where compensation payable under such programs may not be fully deductible, if such programs effectively recognize a full range of criteria important to the Company's success and result in a gain to the Company that would outweigh the limited negative tax effect.

Chief Executive Officer Compensation and Chairman of the Board Compensation

Edgar Filing: WESTLAKE CHEMICAL CORP - Form DEF 14A

The Committee reviewed the corporate goals and objectives relevant to the compensation of the President and Chief Executive Officer and the compensation of the Chairman of the Board and evaluated their performance in light of those goals and objectives. In consideration of this evaluation and a review of the remuneration package for chief executive officers and chairmen of companies of comparable size and market segments within

the chemical industry, the Committee recommended the 2006 base salary of Mr. Albert Chao to be set at \$640,000, an increase of \$190,000 from \$450,000 in 2005, and the 2006 base salary of Mr. James Chao to be set at \$470,000, an increase of \$140,000 from \$330,000 in 2005. The EVA-based cash incentive award for 2005, payable in 2006, was established at \$689,034 for Mr. Albert Chao and \$505,292 for Mr. James Chao, pursuant to the provisions of the EVAIP. Further, the Committee established the EVAIP target bonus rate for both Mr. Albert Chao and Mr. James Chao at 75% of base pay for the 2006 plan year.

Summary

The Committee believes that base pay levels and performance-based awards are reasonable and competitive with compensation packages provided to executive officers at companies of comparable size and market segments within the chemical industry.

(1) Mr. Morse had 38 estimated credited years of service as of January 1, 2006.

The amounts shown in the above table are necessarily based upon certain assumptions, including retirement of the employee at age 65 based on credited services as of January 1, 2006 and payment of the benefit under the basic form of allowance provided under the Westlake Salaried Employees Defined Benefit Plan (payment for the life of the employee five years certain). The amounts will change if the payment is made under any other form of allowance permitted by the retirement plan or if an employee's actual retirement occurs after January 1, 2006 since the annual covered compensation level of such employee (one of the factors used in computing the annual retirement benefits) may change during the employee's subsequent years of benefit service. The covered compensation for which retirement benefits are computed under the Westlake Salaried Employees Defined Benefit Plan is the average of the participant's highest four consecutive years out of the last ten years of base salary plus annual bonus. Base salary and annual bonus amounts for 2005 are set forth under the Salary and Bonus headings in the Summary Compensation Table for Mr. Morse. The benefits shown are not subject to deduction for Social Security benefits or other offset amounts, including any offset for payments made from the Goodrich Corporation plan for certain former employees of Goodrich Corporation, including Mr. Morse.

The basic fee under the agreement is \$0.5 million per year, plus additional reimbursements of actual costs, overhead, administrative fees, and/or profit margin for certain additional services. The agreement expires on June 30, 2007. WMS received \$0.5 million for services under the agreement in 2005.

Effective as of July 1, 2004, WMS entered into a technical assistance agreement with WEC International Corporation, or WEICI, a former affiliate of ours, on behalf of Suzhou Huasu Plastics Co. Ltd., a joint venture in which we have a 43% interest, whereby WMS will perform certain technical and administrative services, including technical training, engineering, plant operations and project management for WEICI and/or Suzhou Huasu Plastics. WMS received \$49,000 for these services in 2005.

In addition, effective as of January 1, 2004, our subsidiary WMS entered into an agreement with our affiliate Gulf United Investments Corporation, or GUIC, to perform certain administrative services, including tax, accounting, human resources, legal and risk management, for GUIC on behalf of itself and on behalf of TTWF LP, our principal stockholder, and its affiliates Westlake Industries, Inc., or WII, and Tanglewood Property Management Co., or TPMC, for an annual base fee of \$300,000, based upon actual costs, a pre-determined percentage of overhead and profit margin. In addition to this base fee, GUIC will reimburse WMS for all direct costs and expenses incurred by WMS on behalf of GUIC and those affiliates in the course of providing services under the agreement. GUIC will also reimburse WMS for a pre-determined percentage of overhead and profit margin of WMS for certain services. This agreement was subsequently modified in 2004 to have TTWF LP replace GUIC as the signatory to the agreement. This modification did not change any other terms and conditions of the agreement, and WMS still performs the above-described services for GUIC, TTWF LP, WII and TPMC. WMS received \$300,000 for these services in 2005.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the board of directors has appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2006. PricewaterhouseCoopers LLP served as our independent registered public accounting firm for the fiscal year ended December 31, 2005. Although the ratification of the appointment of an independent registered public accounting firm is not required to be submitted to a vote of stockholders, our board of directors has decided to ask our stockholders to ratify this appointment. If our stockholders do not ratify the appointment of PricewaterhouseCoopers LLP, the audit committee will consider the appointment of another accounting firm.

THE BOARD OF DIRECTORS RECOMMENDS THAT THIS APPOINTMENT BE RATIFIED.

PricewaterhouseCoopers LLP, or its predecessor, has served as our auditors since 1993. Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual meeting. AUDIT COMMITTEE PRE-APPROVAL

The audit committee has adopted a policy for the pre-approval of services provided by the independent auditors. Under the policy, pre-approval is generally provided for work associated with audit, review or attest engagements, tax and permissible non-audit services, including the fees and terms thereof, to be performed by the independent auditors, subject to, and in compliance with, the de minimis exception for non-audit services described in the Securities Exchange Act of 1934 and the applicable rules and regulations of the SEC.

REPORT OF THE AUDIT COMMITTEE

Three directors make up the audit committee of our board of directors: Robert T. Blakely (chairman), Max L. Lukens and Dr. Gilbert R. Whitaker, Jr.

During the course of performing its duties, the audit committee issued the following report.

The information contained in this report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

The charter of the Audit Committee of the Board of Directors specifies that the purpose of the Audit Committee is to assist the Board of Directors in its oversight of:

the integrity of the Company's financial statements;

the Company's compliance with legal and regulatory requirements;

the qualifications and independence of the Company's independent auditors; and

the performance of the Company's independent auditors and internal audit function.

The Audit Committee charter is available on the Company's Investor Relations Web site (www.westlakechemical.com under Investor Relations).

In carrying out these responsibilities, the Audit Committee, among other things:

monitors preparation of quarterly and annual financial reports by the Company's management;

supervises the relationship between the Company and its independent auditors, including: having direct responsibility for their appointment, compensation and retention; reviewing the scope of their audit services; approving audit and non-audit services; and confirming the independence of the independent auditors; and

oversees management's implementation and maintenance of effective systems of internal and disclosure controls, including review of the Company's policies relating to legal and regulatory compliance, ethics and conflicts of interests and review of the Company's internal auditing program.

During 2005, the Audit Committee was comprised of Mr. Robert T. Blakely, Mr. Max L. Lukens and Dr. Gilbert Whitaker, Jr. The Audit Committee met 11 times during 2005. The Audit Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Audit Committee's meetings include, whenever appropriate, executive sessions with the Company's independent auditors and with the Company's internal auditors, in each case without the presence of the Company's management.

As part of its oversight of the Company's financial statements, the Audit Committee reviews and discusses with both management and the Company's independent auditors all annual and quarterly financial statements prior to their issuance. During 2005, management advised the

Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the independent registered public accountants of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication with Audit Committees)* (as modified by *Statement on Auditing Standards No. 90*), including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Committee also discussed with PricewaterhouseCoopers LLP matters relating to its independence, including a review of audit and non-audit fees and the written disclosures and letter from PricewaterhouseCoopers LLP to the Committee pursuant to *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*, which the Audit Committee has received.

The Audit Committee also reviewed and discussed with the Company's management and the independent registered public accounting firm management's report and PricewaterhouseCoopers LLP's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

In addition, the Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls.

Taking all these reviews and discussions into account, the undersigned Audit Committee members recommend to the Board of Directors that the Board of Directors approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the SEC.
