PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 18, 2006

This proxy statement is furnished to stockholders of Assurant, Inc. (which we sometimes refer to in this proxy statement as "Assurant" or the "Company") in connection with the solicitation by the Board of Directors of Assurant of proxies to be voted at the 2006 Annual Meeting of Stockholders (the "Annual Meeting") to be held in the Chelsea Room of the Millennium Hilton, 55 Church Street, New York, NY 10007 on May 18, 2006, at 9:30 a.m. or at any adjournment or postponement thereof. We expect to mail the proxy solicitation materials for the Annual Meeting on or about April 13, 2006.

The principal solicitation of proxies for the Annual Meeting is being made by mail. Officers, directors and employees of Assurant, none of whom will receive additional compensation therefor, may also solicit proxies by telephone or other personal or electronic contact. We have retained Mellon Investor Services LLC to assist in the solicitation of proxies for an estimated fee of \$3,750 plus reimbursement of expenses. We will bear the cost of the solicitation of proxies, including postage, printing and handling, and will reimburse brokerage firms and other record holders of shares beneficially owned by others for their reasonable expenses incurred in forwarding solicitation material to beneficial owners of shares.

A stockholder may revoke his or her proxy at any time before it is voted by delivering a later dated, signed proxy or other written notice of revocation to the Corporate Secretary of Assurant. Any record holder of shares present at the Annual Meeting may also withdraw his or her proxy and vote in person on each matter brought before the Annual Meeting. All shares represented by properly signed and returned proxies in the accompanying form, unless revoked, will be voted in accordance with the instructions given thereon. If no instructions are given, the shares will be voted in favor of Proposals One and Two described in this proxy statement.

Only stockholders of record at the close of business on March 31, 2006, the record date for the Annual Meeting, will be entitled to notice of and to vote at the Annual Meeting or at any postponement or adjournment thereof. As of the close of business on that date, 129,436,161 shares of our Common Stock, par value \$0.01 per share (the "Common Stock"), were outstanding. Common Stock holders will each be entitled to one vote per share of Common Stock held by them. In addition, on the record date, we had 24,160 shares of Preferred Stock, par value \$1.00 per share (the "Preferred Stock"), outstanding and entitled to vote on all matters to be voted upon at the Annual Meeting. All shares of Preferred Stock are held of record by Robert S. DeLue and Rita DeLue, as trustees of The Robert S. and Rita DeLue 1995 Revocable Family Trust. The holders of Preferred Stock are entitled to one vote per share of Preferred Stock held by them and vote with the holders of Common Stock as a single class, and not as a separate class.

Votes cast in person or by proxy at the Annual Meeting will be tabulated by the inspector of elections appointed for the meeting. Pursuant to Assurant's Bylaws and the Delaware General Corporation Law (the "DGCL"), the presence of the holders of shares representing a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, whether in person or by proxy, is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Under the DGCL, abstentions and broker non-votes will be treated as present for purposes of determining the presence of a quorum. Broker non-votes are proxies from brokers or nominees as to which such persons have not received instructions from the beneficial owners or other persons entitled to vote with respect to a matter on which the brokers or nominees do not have the discretionary power to vote.

The election of each of the director nominees under Proposal One requires that each director be elected by the holders of a plurality of the voting power present in person or represented by proxy and entitled to vote at the

Table of Contents

Annual Meeting. The approval of Proposal Two requires the affirmative vote of the holders of a majority in voting power of the stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting. Abstentions are not considered votes cast, so they will be disregarded when calculating the votes cast for and against Proposal One, and therefore, will have no legal effect with respect to the vote on Proposal One. For purposes of determining approval of Proposal Two, abstentions will be deemed present and entitled to vote and will, therefore, have the same legal effect as a vote against Proposal Two.

A broker non-vote will be deemed not entitled to vote on the proposal for which the non-vote is indicated and will, therefore, have no legal effect on the voting for Proposal One and Proposal Two.

Assurant Long Term Incentive Plan

During 2005, the Company introduced the ALTIP to provide key employees with the right to receive restricted stock and stock-based SARs. The ALTIP is a sub-plan of the Assurant, Inc. 2004 Long Term Incentive Plan and is administered by the Compensation Committee. In 2005, existing AAIR Plan rights were converted to SARs under the ALTIP, as described in the section below entitled AAIR Plan Conversion to ALTIP.

The 2005 ALTIP awards made to eligible employees of Assurant consisted of 25% restricted stock and 75% SARs.

The restricted stock awarded in 2005 vests at a rate of one-third per year on the anniversary of the grant date. If Assurant undergoes a change in control (as defined in the Assurant, Inc. 2004 Long Term Incentive Plan) or, if a participant retires, becomes disabled, or dies, the restrictions on the restricted stock lapse and the participant vests pro-rata, as follows: the participant would vest in 1/36th of each right for each completed month elapsed from the grant date to the date the participant terminates employment, subtracting from the aggregate 2005 award amount that number of shares which otherwise have become vested on the anniversary of the grant date.

SARs granted in 2005 become vested on December 31, 2007. If Assurant undergoes a change in control or if a participant retires, becomes disabled, or dies, the participant vests in 1/36th of each right for each completed month elapsed from January 1st of the year of grant to the date the participant terminates employment. Rights that have become vested may be exercised at any time, subject to the Assurant Insider Trading Policy. To the extent not previously exercised, all outstanding SARs will automatically be exercised on the fifth anniversary of the date of grant.

Both restricted stock and SARs are payable solely in shares and are delivered to the participant net of basic taxes, although the participant does have the right to request to pay all taxes in cash to receive all the shares.

AAIR Plan Conversion to ALTIP

Until June 29, 2005, Assurant maintained the AAIR Plan, which provided for the issuance of two types of cash-based appreciation rights: those based upon the increase in the value of Assurant, Inc. Common Stock; and those based upon the increase in the value of certain of Assurant's business units. During 2005, the Compensation Committee of the Board of Directors decided that it no longer wished to issue business unit rights or cash-based appreciation awards pursuant to the AAIR Plan and adopted the ALTIP as a replacement plan. The ALTIP provides for the grant of restricted stock and stock-based appreciation rights based solely upon the valuation of Assurant, Inc.'s Common Stock. The existing AAIR Plan rights were converted to stock-based ALTIP SARs on June 30, 2005. Pursuant to this conversion, 2,696,764 Assurant, Inc. rights (on a one-for-one basis) and 545,744 business unit rights were converted into a total of 4,677,437 ALTIP SARs. The conversion of AAIR Plan rights to ALTIP SARs maintained the full economic value of the rights, and the intrinsic value and term of the AAIR Plan rights remained unchanged. Approximately 46% of the converted rights are vested, and the remainder will continue to vest based upon their original AAIR Plan vesting schedules.

Table of Contents**Pension Plans**

The Company maintains three defined benefit pension plans. Two are executive defined benefit pension plans, the Supplemental Executive Retirement Plan (the SERP) and the Executive Pension and 401(k) Plan (the Executive Pension Plan), and the other is our broad-based, tax qualified, defined benefit pension plan, the Assurant Pension Plan (the Pension Plan). The SERP and Executive Pension Plan are interrelated with the Pension Plan.

The aggregate benefit payable to a participant under all of the Company's defined benefit pension plans and Social Security (the Aggregate Benefit) will not exceed the amounts shown in the table below. The benefit shown below represents a single life annuity commencing at age 60.

- (1) Final Compensation refers to the participant's base pay plus target short-term incentive bonus, each as most recently approved by our Board of Directors.
- (2) As of December 31, 2005, J. Kerry Clayton had 20* years of service and Final Compensation of \$1,747,000; Robert B. Pollock had 20* years of service and Final Compensation of \$1,500,000; Philip Bruce Camacho had 6.4* years of service and Final Compensation of \$1,200,000; Lesley Silvester had 20* years of service and Final Compensation of \$853,775; and Donald Hamm had 17.4* years of service and Final Compensation of \$787,500.

* Service reflects benefit service under the SERP, not actual service. Benefit service under the SERP is capped at 20 years.

Supplemental Executive Retirement Plan

Effective January 1, 1990, our Board of Directors adopted the SERP, which is a non-qualified, unfunded supplemental pension plan for certain key executives of the Company and its subsidiaries. Under the SERP, participants who meet certain conditions are entitled to receive a benefit, called a target benefit, that is then offset (reduced) by certain other benefits, such as the pension payable under our tax-qualified defined benefit pension plan (the Assurant Pension Plan, described below), the benefit payable under the pension portion of the Executive Pension and 401(k) Plan, described below, and Social Security benefits. If the SERP benefit commences at age 60 or later, the target benefit, expressed as a single life annuity, is 50% of the participant's SERP Compensation (also referred to as Final Compensation in the table above) multiplied by a fraction (not to exceed 1.0), the numerator of which is the participant's number of months of benefit service and the denominator of which is 240. In other words, after 20 years of benefit service, the participant will earn a full 50% target benefit under this plan. If the SERP benefit commences prior to age 60, then the target benefit will be reduced on an actuarially equivalent basis from age 60 to the date the benefit actually commences.

Table of Contents

A participant is not vested in any of his or her benefit under the SERP until the second anniversary of the date he or she commences participation in the plan. On the second anniversary of participation, the participant vests in the SERP benefit at the rate of 3% for each month of employment thereafter with the Company or its subsidiaries. A participant will become 100% vested in his or her SERP benefit in the event of death or disability. If a participant is terminated for cause, as defined in the SERP, or commits a material breach of certain covenants regarding non-competition, confidentiality, non-solicitation of employees or non-solicitation of customers, then the participant will forfeit any remaining SERP benefits.

The default form of payment under the SERP is a single lump payment that is the actuarial equivalent of the SERP benefit. The participant may also elect optional forms of annuity payment under the SERP.

If there is a change in control with respect to the Company or a division, and within two years after the change in control a participant's employment is terminated without cause or the participant terminates employment for good reason, then (1) the participant will become 100% vested in his or her SERP benefit; (2) the participant will be credited with 36 additional months of service for purposes of computing his or her target benefit; and (3) the actuarial reduction for commencement of the SERP benefit prior to age 60 will be calculated as though the participant was 36 months older than his or her actual age.

The SERP provides that if the payments to a participant or beneficiary will be made over a period of more than one year and if at the time payments commence the Company is not subject to pending proceedings as a debtor under the U.S. Bankruptcy Code, then Fortis Insurance N.V. will guarantee the payment of SERP benefits to such participant or beneficiary. The SERP further provides that if Fortis Insurance N.V. ceases to be the beneficial owner of the Company, then such guarantee will be limited to the actuarially equivalent value of the participant's SERP benefit immediately following such cessation of beneficial ownership.

Executive Pension and 401(k) Plan

Effective January 1, 1994, our Board of Directors adopted the Executive Pension and 401(k) Plan, which is a non-qualified, unfunded deferred compensation plan for certain key executives of the Company and its subsidiaries. The pension portion of this plan (referred to herein as the Executive Pension Plan) is intended to restore to participants amounts that they are restricted from receiving under the Assurant Pension Plan, described below, due to section 401(a)(17) of the U.S. tax code, which generally limits the compensation that may be taken into account under a tax-qualified pension plan to no more than \$210,000 annually in 2005.

A participant becomes vested in the benefits under the Executive Pension Plan after three years of vesting service, if he or she has elected to participate in the pension equity portion of the Assurant Pension Plan, and after five years of vesting service, if he or she has elected to participate in the pension formula that predated the pension equity formula under the Assurant Pension Plan. The benefits under the Executive Pension Plan are payable in a single lump sum.

Assurant Pension Plan

Since 1983, we have maintained the Assurant Pension Plan, which is a tax-qualified, defined benefit pension plan subject to regulation under ERISA. Eligible employees generally may participate in the Plan after completing one year of service with the Company. The Assurant Pension Plan provides for multiple benefit formulas for different groups of participants. Benefits under the plan are payable at termination of employment. A participant's benefit may be paid in a lump sum or in various annuity forms.

Change in Control Agreements

The Company has entered into change in control severance agreements with Mr. Pollock, the other named executive officers and other officers and key employees of Assurant*. The severance agreements generally provide that if a change in control (as defined in the agreements) occurs with respect to the business segment for which an employee works, then a two-year trigger period begins. If the employee's employment is terminated by the Company without cause or if the employee resigns for good reason (each as defined in the agreements) during such two-year period, the employee is entitled to certain cash severance payments and continuation of medical and other welfare benefits for a period of 18 months following the termination of employment at the rate charged active employees.

The amount of cash severance benefits payable to an employee is equal to a multiple (ranging from one to three depending on the agreement, and equal to three for Mr. Pollock and our other named executive officers) times the sum of the employee's annual base salary and target annual bonus. The cash severance is payable within 30 days of the date of the employee's termination, subject to the key employee limitations under the American Jobs Creation Act of 2004. In addition, if a change in control has occurred and the employee's employment has been terminated by the Company without cause or if the employee has resigned for good reason within one year prior to the change in control, then the employee is entitled to the cash severance benefits described above, to be paid in a lump sum in cash within 30 days after the change in control has occurred, and continuation of medical and other welfare benefits for a period of 18 months at the rate charged active employees, except that the Company shall reimburse the employee for the cost of obtaining such welfare benefits between the date his or her termination and the date of the change in control. These agreements also provide additional rights including, but not limited to, outplacement services and legal fee reimbursement.

In December 2005, the Compensation Committee of the Board of Directors approved an extension of the term (through December 31, 2006) and an amendment to all change in control agreements, effective January 1, 2006. Under the amendment approved by the Compensation Committee, in the event of a change in control (as defined in the agreements), if there is an excise tax imposed on the employee by Section 4999 of the Internal Revenue Code, the Company may reduce the amount of cash and other value paid or otherwise provided to the employee under the change in control agreement by no more than 5% of such aggregate amount, if such reduction would prevent the application of section 4999 to the existing change in control agreement and the payment of excise tax. In addition, certain provisions were added to the change in control agreements in order to comply with Section 409A of the Internal Revenue Code, which provides for a six month deferral with regard to certain payments under the change in control agreement.

American Bankers Insurance Group, one of our subsidiaries, has a severance agreement with Mr. Camacho. If Mr. Camacho terminates his employment because of retirement (as determined in accordance with normal Company policies) or death, then Mr. Camacho will receive a severance payment equal to 150% of his current salary, defined as his salary for the 12 months preceding the severance, excluding any bonus or deferred compensation. If Mr. Camacho's employment is terminated because of disability, then Mr. Camacho will receive a severance payment equal to 50% of his current annual salary, as defined above. If either Mr. Camacho's employment is terminated without cause (as defined in the agreement), or Mr. Camacho terminates employment after a decrease in his base salary to a level less than 80% of the level for any prior year, then Mr. Camacho will receive a severance payment equal to 100% of his current salary, as defined. In each case the severance benefit will be paid in a lump sum on the fifth business day following termination of employment.

* Mr. Clayton's change in control severance agreement expired on December 31, 2005. In light of his retirement in 2006, he chose not to enter into a new change in control severance agreement in 2006.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Committee Report

The Compensation Committee (the Committee) of the Board of Directors has delivered the following report on executive compensation programs and practices for fiscal year 2005.

Background

During 2005, the Compensation Committee was composed of four non-employee, independent directors. The Committee approves, administers and interprets the Company's compensation policies and is responsible for administering the Company's executive incentive programs and establishing the compensation for the Chief Executive Officer. This report summarizes the Committee's compensation policies governing compensation to executive officers, the relationship of corporate performance to that compensation, and the basis for the compensation of the Chief Executive Officer in 2005.

Executive Compensation Policy

The Compensation Committee's objective is to attract, retain, and motivate highly talented individuals in a manner that provides incentives for outstanding performance, the attainment of the Company's strategic business objectives, and the enhancement of stockholder value. The Company's executive compensation program includes four principal components:

Base Salary designed to provide base pay at a level consistent with the individual's position and contributions to the Company

Short-Term Incentives designed to make a portion of each executive's annual compensation dependent upon the achievement of specific performance goals relating to the Company as a whole and, where appropriate, specific operating business segments

Long-Term Incentives intended to promote the Company's success and to enhance its long-term value by linking the personal interests of participants to those of the stockholders through the grant of stock-based awards

Retirement Program Contributions intended to provide appropriate and competitive retirement benefit opportunities to executives. In determining compensation levels, the Committee regularly reviews the compensation practices as well as the total compensation for executives in the insurance and financial services industry for officers with similar positions and responsibilities. Additionally, the Committee reviews the compensation practices and levels of other publicly held corporations with whom it competes for management talent. The objective is to achieve effective compensation programs and competitive levels to recognize and reward business results. In this manner, the Company will be positioned to attract and retain key talent as well as deliver levels of rewards consistent with levels of performance.

Components of Executive Compensation for 2005

Total Compensation. The Committee reviews and recommends changes to the levels of compensation within the context of total compensation. That is to say, no single component of pay is evaluated and changed independent of the other components. With this in mind, the Committee has given particular attention to the proportion of the pay mix that is at risk for an executive. These components would include both the short-term incentive which is tied to clearly defined annual performance targets and the long-term incentives, including Stock Appreciation Rights and restricted stock, directly tied to the Company's stock price. Within this total compensation framework, the components of the pay package are balanced to be competitive and motivating both in pay level and pay mix. Similarly, the Committee reviews the Retirement Plans and contributions made on behalf of executives.

Table of Contents

Base Salary. Salaries for the executive officers are determined by evaluating Company and individual performance for the prior year, each executive’s role and responsibilities, and competitive pay levels. Salaries are generally reviewed annually by the Committee. The Committee reviews peer group and other market data to evaluate salary levels but also exercises subjective judgment with respect to individual performance and compensation objectives. Total salary paid to the executive officers named in the Summary Compensation Table for 2005 (the “named executive officers”) is reported in the “Salary” column.

Short-Term Incentives. Short-term incentive awards are issued pursuant to the Company’s Executive Management Incentive Plan (the “EMIP”).

Each participant in the plan is eligible to receive an annual cash bonus based upon the attainment of performance goals set for that year by the Compensation Committee. Performance goals may be based on one or more performance criteria expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of a business unit or a division, department, region or function within the Company or a business unit. In select instances, performance goals for the short-term incentive awards may be tied to the results of the individual participant’s specific and quantifiable projects and objectives. Annual targets are weighted to reinforce the Company’s strategic goals.

At the time the Compensation Committee sets the performance goals for a particular year, it also establishes target bonuses, expressed as a percentage of each participant’s salary, which will be awarded to the participant if the designated performance goals are achieved. The Committee reserves the right to collectively adjust incentive payments, positively or negatively, for extraordinary events, including, but not limited to, acquisitions or dispositions of businesses, litigation costs, tax or insurance recoveries or settlements, changes to accounting principles, asset impairment, and restructuring. Payments under the plan are made no later than March 15th promptly after the Compensation Committee determines whether the relevant performance goals and other terms of the plan were satisfied in connection with such payments.

The Committee determined that annual bonuses payable under the EMIP for 2005 would be conditioned upon four equally-weighted factors: (a) earnings per share, determined using net operating income, (for those in a business unit, net operating income of the business unit) (b) return on equity, determined using net operating income and equity excluding accumulated other comprehensive income, (for those in a business unit, return on equity of the business unit) (c) compliance with Section 404 of the Sarbanes-Oxley Act, as determined by the Audit Committee, and (d) Company growth performance, determined as a weighted average of the results of certain emphasized lines of business in each business unit, measured with respect to a new sales measure and/or GAAP revenue (for those in a business unit, growth performance of the business unit). Net operating income was normalized for the effect of acquisitions, divestitures, changes in accounting principles, and other significant events, and, for those in a business unit, for the economic effect of the variance of plan versus actual allocated equity. The Committee provided that actual bonuses would vary depending on the extent to which actual performance meets, exceeds, or falls short of the applicable performance goals. Performance against the criteria was measured on a five-point scale, as follows:

Level of Performance	Bonus Value
Distinguished	2.0 x target bonus
Commendable	1.5 x target bonus
Competent	1.0 x target bonus
Adequate	0.5 x target bonus
Provisional	0.0 x target bonus

With respect to Messrs. Clayton, Pollock and Ms. Silvester, 2005 bonuses based on the four criteria described above, were paid out in an amount equal to 1.62 times target bonus. Messrs. Camacho and Hamm received bonuses based upon the four criteria stated above as applied to the business unit each of them led in 2005, Assurant Solutions and Assurant Health, which were paid out in amounts equal to 1.76 times and 1.45 times, respectively, their target bonuses. Total bonuses paid to the named executive officers for 2005 are reported in the “Bonus” column of the Summary Compensation Table.

Table of Contents

Long-Term Incentives. The goals of our long term incentive program are to reward long time value creation in the enterprise and to encourage stock ownership. All long term incentive awards settle in Assurant shares. As such, long term incentive awards provide forward-looking incentives that focus on:

Aligning executives with shareholder value creation;

Fostering a stake in long-term corporate performance;

Encouraging executives to take on overall Company perspectives; and

Attracting and retaining critical top talent for continuing success.

The Assurant Long Term Incentive Plan (ALTIP), a sub-plan created under the Assurant, Inc. 2004 Long Term Incentive Plan, was adopted by the Compensation Committee of the Board of Directors in 2005. Under the ALTIP, the Compensation Committee granted restricted stock and stock-based SARs in 2005.

The Compensation Committee established the size and other terms of ALTIP awards by considering recommendations from outside compensation consultants based upon long-term compensation reported by peer companies in the insurance and financial services industry.

Shares of restricted stock issued to executives in 2005 are scheduled to vest in three annual installments, subject to full acceleration upon a change in control (as defined in the ALTIP) and subject to pro-rata acceleration upon the death, disability or retirement of the executive. The value of restricted stock granted to named executive officers for 2005 is reported in the Restricted Stock Awards column of the Summary Compensation Table.

Stock Appreciation Rights (SARs) awarded under the ALTIP are based upon the appreciation in value of the Company's share price. Each incentive right entitles the holder to a cash payment equal to the difference between the base value of the SAR at the time of grant and the value of the SAR as of the date of exercise.

All SAR awards issued under the ALTIP become vested as of December 31 of the second calendar year following the calendar year in which the right was granted, subject to full acceleration upon a change in control of the Company or the relevant business unit, or pro-rata acceleration upon the participant's retirement, death, or disability. To the extent not previously exercised, all rights issued to executives in 2005 will automatically be exercised on the earliest of (i) the fifth anniversary of the date of grant, (ii) the second anniversary of the participant's retirement, death or disability, (iii) the date the Company undergoes a change in control or (iv) ninety days following the participant's termination of employment.

During 2005, the executives also were granted SARs under the ALTIP pursuant to the conversion of AAIR Plan rights. Unlike the SARs described above, these conversion SARs vest based upon their original AAIR Plan vesting schedules. The conversion of AAIR Plan rights to ALTIP SARs maintained the full economic value of the rights, and the intrinsic value and term of the AAIR Plan rights remained unchanged. See the section entitled AAIR Plan Conversion to ALTIP for further information on the termination of the AAIR Plan and its replacement by the ALTIP.

Retirement Program Contributions. The pension portion of the Assurant Executive Pension and 401(k) Plan provides retirement benefits to executives above the benefits provided under the broad-based qualified pension plan. The 401(k) portion of the plan is intended to restore to participants amounts that they are restricted from receiving under the Assurant 401(k) Plan due to Section 401(a)(17) of the U.S. tax code, which generally limits the compensation that may be taken into account under a tax-qualified pension plan to no more than \$210,000 in 2005. The Company makes an annual contribution to executives participating in the 401(k) portion of the Executive Pension and 401(k) Plan equal to 7% of compensation in excess of this compensation limit. The amount credited to a participant's account is deemed to be invested at the participant's direction in investment vehicles that are also available under the Assurant 401(k) Plan, excluding the Assurant, Inc. Stock Fund. A

participant becomes vested in the credits and deemed investment earnings thereon in the Executive Pension and 401(k) Plan after three years of vesting service. Total Company contributions to the Assurant 401(k) Plan and the 401(k) portion of the Executive Pension and 401(k) Plan for the named executive officers for 2005 is reported in the All Other Compensation column of the Summary Compensation Table.

Compensation of Chief Executive Officer

In determining the 2005 compensation for Mr. Clayton, Chief Executive Officer of the Company, the Compensation Committee applied the principles outlined above in the same manner as they were applied to the other executives. It compared Mr. Clayton's compensation with the level of compensation paid to chief executive officers at peer companies in the insurance and financial services industry. In addition, consistent with past practices, the Committee assessed Mr. Clayton's 2004 performance, including the accomplishment of performance goals established for 2004, and an assessment of his individual performance. In recognition of Mr. Clayton's demonstrated results and continued strong leadership, the Committee increased Mr. Clayton's base salary to \$873,500, a 4% increase over 2004. Mr. Clayton's target bonus for 2005 increased to 100% of his base salary. These amounts placed Mr. Clayton's target cash compensation slightly below the median cash compensation paid by those companies selected for peer comparison.

The Committee's review of comparative data in early 2005 suggested that Mr. Clayton's long-term incentive compensation remained significantly below the median for peer companies. Based upon these considerations and Mr. Clayton's 2004 individual performance, in June 2005 the Committee granted Mr. Clayton 10,723 shares of restricted stock, having a grant date value equal to \$382,168, and 150,653 SARs under the ALTIP.

Consistent with contributions made to other executives, in 2005 Mr. Clayton received an aggregate of \$162,281 in Company contributions under the Assurant 401(k) Plan and the 401(k) portion of the Assurant Executive Pension and 401(k) Plan.

The Committee believes that under Mr. Clayton's leadership in 2005, the Company achieved key results. For the year 2005, earnings per share for Assurant increased from \$2.53 to \$3.50 (per diluted share) and operating return on equity significantly improved to 15.3%, thus increasing shareholder value. Additionally, significant progress was made with respect to the implementation of Section 404 of the Sarbanes-Oxley Act of 2002. The Committee also gave consideration to business results as measured against our growth objectives. In recognition of Mr. Clayton's demonstrated results, the Committee increased Mr. Clayton's base salary for 2006 to \$890,970, a 2% increase over 2005.

On a quarterly basis in 2005, the Committee reviewed and tracked progress against the annual performance targets established for the Short Term Incentive Program. The actual payout in March 2006 of Mr. Clayton's bonus award for 2005 was \$1,415,070 (1.62 times base salary) representing commendable performance under the Executive Management Incentive Plan.

On March 17, 2006, Mr. Clayton retired as Chief Executive Officer and began serving as Vice Chairman of the Board of Directors*, and Mr. Pollock became President, Chief Executive Officer and Director of the Company. Mr. Clayton's last day of employment with the Company will be April 30, 2006. His Aggregate Benefit will be \$935,519 per year. This Aggregate Benefit includes his benefit under the SERP, the pension portion of the Executive Pension and 401(k) Plan and his Pension Plan benefit. At age 62, the Company's obligation to pay Mr. Clayton's SERP benefit will be reduced by his Social Security benefit. Mr. Clayton's SERP benefit will be paid in the form of a 100% joint and survivor annuity and his other benefits will be paid out in

*Mr. Clayton has declined any compensation for his service as Vice Chairman. Additionally, due to the fact that Mr. Clayton decided to retire in early 2006, he declined the renewal of his change in control severance agreement as well as the receipt of any portion of 2006 ALTIP awards to which he is entitled.

alternate forms. In addition, his retirement package includes a Company contribution to the 401(k) Plan and the 401(k) portion of the Executive Pension and 401(k) Plan pro-rated through April 30, 2006 totaling \$119,844. He is also eligible for an annual Company contribution of \$6,975 to the Retiree Medical Plan. As of February 17, 2006, Mr. Clayton had approximately \$6.4 million of compensation, earned during the years 1997 through 2004, that was invested in the Assurant Investment Plan (the "AIP") (a predecessor of the currently effective Assurant Deferred Compensation Plan). Mr. Clayton is fully vested in these funds and may liquidate his investments and receive the proceeds at any time prior to March 17, 2016 (when all investments must be liquidated according to the terms of the AIP). Additionally, on April 30, 2006, 178,125 of Mr. Clayton's SARs and 4,042 of Mr. Clayton's restricted stock, awarded prior to 2006, will vest on a pro-rata basis, as provided for in the ALTIP. The SARs will have an expiration date of April 30, 2008.

In recognition of Mr. Pollock's promotion to Chief Executive Officer effective March 17, 2006, the Compensation Committee approved a compensation package consisting of \$800,000 base salary, 100% short-term incentive target and 160% ALTIP target. This represents a 4.6% increase in base salary and a 20% increase in ALTIP target over Mr. Pollock's prior compensation package. His short-term incentive target remained the same.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid for any fiscal year to the Company's Chief Executive Officer and four other most highly compensated executive officers. Until the annual meeting of stockholders in 2008, or until one of the Company's incentive plans is materially amended, if earlier, awards issued under the Company's incentive plans are exempt from the deduction limits of Section 162(m). As such, the Committee believes that all compensation for 2005 paid to named executive officers is properly deductible under the Code.

In addition, at the time of our initial public offering in February 2004 and the secondary offering in January 2005, we entered into agreements with Fortis relating to our ongoing relationship with Fortis, as described below.

Registration Rights Agreement

We entered into a Registration Rights Agreement with Fortis dated as of February 10, 2004, as amended by the Termination and Amendment Agreement dated January 10, 2005, pursuant to which we have granted to Fortis and its affiliates that become our stockholders rights to request registration under the Securities Act of 1933, as amended, to effect a public offering with respect to all or part of the shares of our Common Stock owned by them from time to time during the term of the agreement so long as the shares to be offered pursuant to the request have an aggregate offering price of at least \$250 million, based on the then current market price. We will be required to fulfill this obligation except in limited circumstances. The maximum number of shares to be included in any such public offering will not exceed the maximum number that the managing underwriter of such public offering considers to be appropriate. These demand registration rights may be exercised by Fortis on an unlimited number of occasions with respect to registration statements on Form S-3 and on not more than two occasions with respect to registration statements on Form S-1; provided that we will not be obligated to effect more than one registration in any 90-day period. We completed one demand registration on Form S-1 in connection with the secondary offering of our Common Stock by Fortis in January 2005.

In addition, subject to limited exceptions, if we propose to register any shares of our Common Stock, other equity securities or securities convertible into or exchangeable for equity securities, whether or not for sale for our own account, we are required to provide notice to Fortis, and if requested by Fortis, we will include its shares in the registration statement. The maximum number of shares to be included in any public offering will not exceed the maximum number that the managing underwriter of such public offering considers to be appropriate, with priority given to securities sought to be included at our request.

In connection with a registered offering pursuant to the Registration Rights Agreement, Fortis will agree not to sell, transfer or hedge any shares of our Common Stock or any securities convertible into or exchangeable for shares of our Common Stock for 10 days prior to and 90 days after the effective date of a registration statement for an underwritten public offering of any of our equity securities, unless the underwriters of such offering permit a shorter period.

In connection with any registration of Common Stock for Fortis, we will agree to indemnify Fortis for damages relating to a material misstatement or omission in any registration statement or prospectus relating to shares of our Common Stock to be sold by Fortis. Fortis will agree to indemnify us, our officers and our directors on the same basis with respect to material misstatements or omissions relating to information about Fortis up to the amount of net proceeds received.

Table of Contents

Generally, we may grant registration rights to other persons; however, any such registration rights cannot be exercised until after the second anniversary of the secondary offering which occurred in January 2005.

Shareholders Agreement and Corporate Governance Arrangements

We entered into a Shareholders Agreement with Fortis dated as of February 10, 2004 in connection with our initial public offering which provided that, among other things, so long as Fortis owned at least 10% of our Common Stock, Fortis had the right to nominate two designees to our Board of Directors. As stated above, currently Mr. Baise, who serves as a Class III director on our Board of Directors, is the only Fortis designee.

On January 10, 2005, we entered into the Termination and Amendment Agreement with Fortis that officially terminated the Shareholders Agreement. We also entered into a Letter Agreement with Fortis dated January 10, 2005, which triggered the other corporate governance arrangements described under CORPORATE GOVERNANCE Corporate Governance Arrangements in this proxy statement to come into effect.

Cooperation Agreement

On February 10, 2004 we entered into a Cooperation Agreement with Fortis and its affiliates relating to our separation from the Fortis Group and the ongoing relationship between our Company and the Fortis Group.

Pursuant to the Cooperation Agreement, we are required to permit the Fortis Group's internal audit group to inspect our books and records and to discuss affairs, finances and accounts with our officers and auditors as long as Fortis owns shares representing 10% or more of the voting power of our outstanding shares of Common Stock. In addition, the Cooperation Agreement contains provisions relating to, among other things, existing vendor purchasing arrangements pursuant to which we purchase products and services also used by Fortis, which to the extent permitted by the underlying arrangement will continue for their term.

We are entitled to indemnification from Fortis for losses arising out of any breach by Fortis of the Cooperation Agreement. We will be required to indemnify Fortis for any losses arising out of any breach by us of the Cooperation Agreement or any material untrue statement or omission contained in any Fortis regulatory or other governmental filing relating to information about us provided by us to Fortis for use in the filing and which is or would be required to be included in any filing by us.

SERP Guarantee

Our SERP program provides that if the payments to a participant or beneficiary will be made over a period of more than one year and if at the time payments commence, we are not subject to pending proceedings as a debtor under the U.S. Bankruptcy Code, then Fortis will guarantee the payment of SERP benefits to such participant or beneficiary. The SERP further provides that if Fortis ceases to be the beneficial owner of our Common Stock, then such guarantee will be limited to the actuarially equivalent value of the participant's SERP benefit immediately following the cessation of its beneficial ownership.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Exchange Act, our directors, executive officers, and any persons holding more than ten percent of our Common Stock and other equity securities are required to report their initial ownership of and subsequent changes in ownership of our Common Stock and other equity securities to the SEC and the New York Stock Exchange (NYSE). They are also required to send copies of these reports to us. Specific dates for filing these reports have been established by the SEC, and we are required to report in this proxy statement any failure of our directors and executive officers to file by the relevant due date any of these reports during 2005.

To our knowledge, based solely on our review of the copies of the reports prepared or received by us, we believe that all such filing requirements were satisfied except: Mr. Carver filed a late Form 4 reporting a transfer of shares to his spouse; Dr. Palms filed a late Form 4 reporting an award of restricted shares; and Messrs. Atkinson, Camacho, Cains, Clayton, Feagin, Haertel, Harper, Helman, Hamm, Lemasters, Owen, Pagano, Peninger, Pollock, Sondej and Yakre and Ms. Greenzang, Ms. Hege and Ms. Silvester filed late Form 4 s reporting a conversion of Stock Appreciation Rights.

CORPORATE GOVERNANCE

General

We amended our Corporate Governance Guidelines on January 13, 2006 and the Nominating and Corporate Governance Committee of the Board of Directors (the "Nominating Committee") will review those standards periodically to ensure they incorporate recent corporate governance developments and generally meet our corporate governance needs. You may obtain the Corporate Governance Guidelines and the charters of each of the Board's committees, including the charter of the Nominating Committee, by accessing the Corporate Governance subsection of the Investor Relations section of our website located at www.assurant.com, or by writing to our Corporate Secretary at Assurant, Inc., One Chase Manhattan Plaza, 41st Floor, New York, New York, 10005. The charters of the Board's committees and the Corporate Governance Guidelines are also attached to this proxy statement.

Corporate Governance Arrangements

Composition of Board of Directors. The current Board of Directors (the "Board") consists of eleven members and the Nominating Committee is in the process of searching for two directors. Mr. Clayton was appointed Vice Chairman of the Board effective March 17, 2006. He will serve as Vice Chairman until the earlier of the end of 2006 or the appointment of his successor. The Board plans to replace Mr. Clayton with an independent director and not to appoint another Vice Chairman. Mr. Pollock was appointed as a Class II director effective March 17, 2006 and will serve until his successor is duly appointed. Currently, Mr. Baise is the only Fortis designee on the Board. If at any time in the future, Fortis ceases to own more than 5% of our outstanding shares of Common Stock, Fortis will promptly cause any remaining Fortis director designees to resign from our Board of Directors.

Fortis Proxy. If at any time while at least one Fortis director designee remains on our Board of Directors, our Board of Directors, including any Fortis director designee, votes in favor of any of the following actions at any Board meeting at which a quorum is present or by written consent, Fortis will agree to vote its shares of our Common Stock in favor of such action and Fortis has granted the Company an irrevocable proxy coupled with an interest to effect such vote:

any recapitalization, reclassification, spin-off or combination of any of our securities or any of those of our significant subsidiaries; or

any liquidation, dissolution, winding up or commencement of voluntary bankruptcy, insolvency, liquidation or similar proceedings with respect to us or our subsidiaries.

Director Independence and Presiding Director

The NYSE rules require that we have a majority of independent directors. NYSE rules further provide that no director will qualify as independent unless the Board of Directors has affirmatively determined that the director has no material relationship with Assurant and its subsidiaries either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. In March 2005, the Nominating Committee and the Board of Directors adopted categorical standards, as described below, to assist in evaluating the independence of Assurant's directors.

Board of Directors

i. A director who is an employee, or whose immediate family member, as defined in the NYSE rules, is an executive officer of Assurant cannot be independent until three years after the end of the employment relationship.

Table of Contents

ii. A director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from Assurant, cannot be independent until three years after he or she, or the family member, ceases to receive more than \$100,000 per year. Fees for service as a director or committee member, as well as pension or other deferred compensation payments for prior service, provided such payments are not contingent on continued service, are excluded from the calculation of direct compensation.

iii. A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of Assurant is not independent until three years after the end of the affiliation or the employment or auditing relationship.

iv. A director is not independent if he, she or a member of his or her immediate family is, or in the past three years has been, employed as an executive officer of another company where any of Assurant's present executives serve on the compensation committee of the other company.

v. A director who is an executive officer or employee of, or whose immediate family member is an executive officer of, another company that makes payments to or receives payments from Assurant for property or services in an amount that in any single fiscal year exceeds the greater of \$1 million or 2% of the other company's consolidated gross revenues, is not independent until 3 years after falling below such threshold.

Audit Committee of the Board of Directors

In addition to satisfying the independence standards for directors in general, as set forth above, a director must satisfy the requirements of Rule 10A-3(b)(1) under the Exchange Act in order to serve on the Audit Committee. In order to satisfy the requirements of Rule 10A-3(b)(1):

i. The director must not accept directly or indirectly, as a partner, member, executive officer, or occupant of a similar position in an organization, any consulting, advisory or other compensatory fees from Assurant. This excludes (a) fees for services as a director or committee member, or (b) fixed amounts of compensation received as compensation under a retirement plan, including deferred compensation, for prior service with Assurant, so long as this compensation is not contingent in any way on continued service. Disqualifying fees would include fees for accounting, consulting, legal, investment banking or financial advisory services provided by the director to Assurant.

ii. The director must not be an affiliated person, as defined in the Exchange Act, of Assurant or any of its subsidiaries.

Compensation Committee of the Board of Directors

In addition to satisfying the independence standards for directors in general, as set forth above, a director must satisfy the requirements of Section 16 of the Exchange Act and the rules promulgated thereunder, as well as the requirements of Rule 162(m) under the Internal Revenue Code of 1986, as amended, in order to serve on the Compensation Committee.

It was according to these standards that the Nominating Committee and the Board of Directors undertook its annual review of director independence in March 2006. Based on the review, it was affirmatively determined that Dr. Blendon, Ms. Bronner, Mr. Carver, Mr. Koch, Mr. Mackin, Ms. Mayes and Dr. Palms are independent of Assurant and its management under the criteria established by the Nominating Committee. Therefore, 64% of the members of our current Board of Directors are independent. In addition, it was determined that each member of the Audit Committee and the Compensation Committee are independent of Assurant and its management under the criteria established by the Nominating Committee.

Our Corporate Governance Guidelines, which we have attached to this proxy statement as Appendix A, state that if the Chairman of the Board is an independent director, then the Chairman shall serve as the presiding

Table of Contents

director. Dr. Palms, the independent Chairman of the Board, is the presiding director. Therefore, the Board of Directors has not needed to affirmatively designate Dr. Palms as presiding director. As presiding director, Dr. Palms chairs the executive sessions of the Board meetings, in which the non-management directors meet. The Board of Directors met in executive session at 7 of its 9 meetings in 2005, including 1 session consisting exclusively of the independent directors.

Communicating with the Presiding Director and the Board of Directors

To contact the presiding director and the other non-management members of the Board of Directors you may write to: Dr. John M. Palms, Chairman of the Board, c/o the Law Department, Assurant, Inc., One Chase Manhattan Plaza, 41st Floor, New York, NY 10005 or submit your question or concern via email to the following address: boardchair@assurant.com. Communications are distributed to the Board, or to any individual directors as appropriate. Items that are unrelated to the duties and responsibilities of the Board are sent to the appropriate department of the Company.

Audit Committee Financial Expert

Pursuant to the applicable rules of the SEC, the Board undertook a review of the qualifications and expertise of the Audit Committee members in March 2006. Based on this review, the Board of Directors determined that all three members of the Audit Committee are independent as that term is used in the NYSE rules and Rule 10A-3(b)(1) of the Exchange Act and are financially literate as that qualification has been interpreted by the Board of Directors in its business judgment. Mr. Carver has been designated as the audit committee financial expert and meets the criteria for an audit committee financial expert set out in SEC Regulation S-K, Item 401.

Consideration of Stockholder Candidates and Selection Criteria

The Nominating Committee will consider candidates recommended by our stockholders for nomination for election to the Board of Directors at an annual meeting. A stockholder who wishes to recommend a candidate for nomination to the Board of Directors must submit such recommendation to the Corporate Secretary of Assurant. In accordance with our Bylaws, the stockholder must deliver the notice not less than ninety days nor more than one hundred twenty days prior to the first anniversary date of the preceding year's annual meeting. All such recommendations will be forwarded by the Corporate Secretary to the Chairman of the Nominating Committee. A stockholder may also satisfy these notice requirements if the stockholder notifies us of his or her intention to present a proposal at an annual meeting in compliance with Rule 14a-8 under the Exchange Act and such stockholder's proposal has been included in a proxy statement that has been prepared by us to solicit proxies for our annual meeting. We did not receive any stockholder nominations of persons for election to the Board of Directors in connection with the 2006 Annual Meeting.

All stockholder recommendations of candidates for nomination for election to our Board must be in writing and must set forth as to each director candidate recommended the following: (1) name, age, business address and residence address of the individual proposed to be nominated; (2) the principal occupation or employment of the person during the five-year period preceding the date of the recommendation; (3) the class and number of shares of capital stock of Assurant that are owned beneficially or of record by the individual; and (4) any other information relating to the person that would be required to be included in a proxy statement prepared in connection with the solicitation of proxies for an election of directors pursuant to applicable law and regulations. The information must also include certain information as to the stockholder providing the recommendation, which includes the name and address of the stockholder and the class and number of shares of capital stock of Assurant which are owned beneficially or of record by the stockholder. Each recommendation must be accompanied by the written consent of each individual recommended, which must include a statement that if the individual were to be nominated and elected, the individual would serve as a director of Assurant.

The Nominating Committee will consider prospective nominees for the Board of Directors, whether selected by the Nominating Committee or by the stockholders, based on the need for additional Board members to fill

Table of Contents

vacancies or to expand the size of the Board. Once the Nominating Committee has identified a prospective nominee, the Nominating Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Nominating Committee with the recommendation of the prospective candidate, as well as the Nominating Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation. The Nominating Committee then evaluates the prospective nominee against the standards and qualifications set forth in our Corporate Governance Guidelines, including relevant experience, industry and financial expertise, integrity, leadership, business judgment and high performance standards.

Code of Ethics

The Assurant Guidelines on Business Conduct Our Code of Ethics, is applicable to all of our employees, officers and directors, including the principal executive officer, the principal financial officer and the principal accounting officer. You may obtain the Assurant Guidelines on Business Conduct by accessing the Corporate Governance subsection of the Investor Relations section of our website located at www.assurant.com, or by writing to our Corporate Secretary at Assurant, Inc., One Chase Manhattan Plaza, 41st Fl., New York, NY 10005. We intend to post any amendments to or waivers from our code of ethics that apply to our executive officers or directors at this location on our website.

Board Meetings, Committees and Attendance

Each Board member is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties to Assurant. In addition to attendance at Board and Committee meetings, each member of the Board is expected to attend each of our annual meetings of stockholders. Seven directors attended our 2005 annual meeting of stockholders. The Board of Directors held 9 meetings, in person or by telephone, during 2005.

Our Board of Directors has an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and as of December 9, 2005, a Finance and Investment Committee.

The Audit Committee's purpose, as discussed in detail in the Audit Committee Charter, attached to this proxy statement as Appendix B, is (1) to assist the Board of Directors in its oversight of our quarterly and annual financial statements, our compliance with legal and regulatory requirements, our Independent Registered Public Accounting Firm's qualifications and independence, and the performance and effectiveness of the Company's internal controls over financial and management information and of the Independent Registered Public Accounting Firm; (2) to review and advise the Board of Directors on other matters at their request; and (3) to review and approve reports and other financial information provided by us to our stockholders and others. Currently, the Audit Committee consists of Mr. Carver, Mr. Mackin and Ms. Mayes. The Chairman of the committee is Mr. Carver. The Board of Directors has determined that all three members of the Audit Committee are independent as that term is defined by the NYSE rules and in Rule 10A-3(b)(1) of the Exchange Act and are financially literate as that qualification has been interpreted by the Board of Directors in its business judgment. Mr. Carver is the audit committee financial expert and meets the criteria set out in SEC Regulation S-K, Item 401. The Audit Committee held 17 meetings in 2005. Until March 10, 2006, Dr. Palms also served on the Audit Committee.

The Compensation Committee, as discussed in detail in the Compensation Committee Charter, attached to this proxy statement as Appendix C, establishes, reviews and monitors our compensation philosophy and practices in order to assist the Board in the discharge of its responsibilities relating to (1) the fair and competitive compensation of our Chief Executive Officer and our other executives, and (2) the production of an annual report on executive compensation for inclusion in our proxy statement. In addition, the Compensation Committee oversees management's administration of our executive compensation plans, deferred compensation plan and defined benefit pension plan, and monitors our executive compensation programs. The Compensation Committee

currently consists of Ms. Bronner, Mr. Koch and Dr. Palms. The Board of Directors has determined that all three members of the Compensation Committee are independent as that term is defined by the NYSE rules. The Chairperson of the committee is Ms. Bronner. Additionally, each of these directors satisfies the requirements of Section 16 of the Exchange Act as well as the requirements of Rule 162(m) under the Internal Revenue Code of 1986, as amended. The Compensation Committee held 9 meetings in 2005. Until March 10, 2006, Dr. Palms served as Chairman and Ms. Mayes served as a member of the Compensation Committee.

The Nominating and Governance Committee, as discussed in detail in the Nominating and Corporate Governance Committee Charter, attached to this proxy statement as Appendix D, sets guidelines for corporate governance and monitors our governance to assure that we have a best practices corporate governance program. Specifically the Nominating Committee reviews and recommends to the Board of Directors, among other things, Board membership criteria, nominees for election as directors, membership of the committees of the Board and matters relating to the performance, diversity and independence of Board members. The Nominating Committee considers candidates for the Board of Directors suggested by its members and other Board members, with input from the Chief Executive Officer. The Nominating Committee is authorized to and has in the past year retained a third-party executive search firm to identify candidates to be considered by the Nominating Committee for Board membership. The Nominating Committee will consider candidates for the Board that are recommended by our stockholders, as further discussed above under Corporate Governance Consideration of Stockholder Candidates and Selection Criteria. The Nominating Committee oversees and approves the management continuity and succession process. The Nominating Committee also works with our legal department to conduct an annual independence analysis and evaluation of the Board and its committees. The Nominating Committee completed these annual processes in March 2006. The Nominating Committee currently consists of Dr. Blendon, Ms. Mayes, and Dr. Palms, all of whom the Board of Directors has determined to be independent as required and defined by the NYSE. The Chairperson of the Nominating Committee is Ms. Mayes. Until March 10, 2006, Dr. Palms served as Chairman of the Nominating Committee. The Nominating Committee held 7 meetings in 2005. Dr. Blendon attended 69 percent of the aggregate meetings of the Board of Directors and Nominating and Corporate Governance Committee, of which he is a member, during fiscal year 2005.

The Finance and Investment Committee, as discussed in detail in the Finance and Investment Committee Charter, attached to this proxy statement as Appendix E, reviews policies and strategies for achieving the Company's objectives with regard to financing of the Company's capital, including issuance and management of debt, common and preferred stock, and such other capital instruments. The Finance Committee also reviews policies and strategies for achieving the Company's objectives with regard to investing the Company's assets for investment return, including the purchase, sale and management of bonds, mortgages, investment real estate, and such other investment instruments. The Finance Committee's responsibilities include recommending to the Board resolutions pertaining to the capital structure of the Company, such as resolutions pertaining to dividends, debt issuance levels and shelf registrations. The Finance Committee consists of Mr. Baise, Mr. Freedman, Mr. Koch, and Mr. Mackin. Mr. Koch is the Chairman of the Finance Committee. The Committee was established in December of 2005 and held meetings in January and March 2006.

The charters of the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Finance and Investment Committee also are available on our website at www.assurant.com.

Annual service for this

Table of Contents

purpose relates to the approximate 12-month periods between annual meetings of our stockholders. A prorated retainer will be paid to any person who becomes a non-employee director other than by election at an annual meeting. The Directors Compensation Plan also provides for the payment of participation fees of \$2,000 for each Board or Committee meeting attended and \$500 for each Board or Committee conference call, but not more than one fee for meetings or conference calls held on the same day. The Chairman of the Board or Chairperson of a committee may authorize the full meeting fee to be payable with respect to any extended conference call or any other special off-site meeting required as part of a director's service. The Directors Compensation Plan also provides for reasonable reimbursement of travel expenses in connection with attending meetings of our Board and its Committees, and other Company functions where the director's attendance is requested by our Chief Executive Officer. A participant may elect to have any cash amounts payable under the Directors Compensation Plan transferred to the Assurant Deferred Compensation Plan.

In addition to cash compensation, the Directors Compensation Plan provides that each non-employee director will receive, on the later of the effective date of the Directors Compensation Plan or the first date he or she becomes a non-employee director, an initial award of (1) shares of our Common Stock having an aggregate fair market value on the grant date equal to \$60,000, and (2) stock appreciation rights with respect to that number of shares of Common Stock having an aggregate fair market value on the grant date equal to \$60,000. On the day following each annual meeting of our stockholders, beginning with the 2005 Annual Meeting, each non-employee director then in office, other than a director who first became a non-employee director at the stockholders meeting held on the previous day, will receive (1) an award of shares of Common Stock having a fair market value on the date of grant equal to \$60,000, and (2) an award of stock appreciation rights with respect to that number of shares of Common Stock having a fair market value on the date of grant equal to \$60,000. In no event will a director receive both an initial award and an annual award of shares of Common Stock and stock appreciation rights for the same year of service. The stock appreciation rights granted under the Directors Compensation Plan will have a base value equal to the fair market value of our Common Stock on the date of grant. Upon exercise of a stock appreciation right, a director will receive shares of Common Stock having a fair market value equal to the excess, if any, of the fair market value of one share of our Common Stock on the date of exercise over the base value of the stock appreciation right. Stock appreciation rights granted under the Directors Compensation Plan will be fully vested and exercisable on the date of grant, but the shares of Common Stock issuable upon exercise of the stock appreciation rights and the Common Stock granted under the Directors Compensation Plan may not be sold, transferred, exchanged, assigned, pledged, hypothecated or otherwise encumbered to or in favor of any party other than the Company, or subjected to any lien, obligation, or liability of the grantee to any party other than the Company until the earlier of (i) the fifth anniversary of the date of grant or (ii) the non-employee director's termination as a director of the Company for any reason. To the extent not previously exercised, such stock appreciation rights will be automatically exercised on the earlier of the first anniversary of the grantee's termination as a director of the Company for any reason or the fifth anniversary of the date of grant.

The Directors Compensation Plan also provides that non-employee directors will be reimbursed for expenses related to financial planning with a firm that is used by the Company in an amount up to \$5,000 annually.

In addition to amounts received under the Directors Compensation Plan and in recognition of his outstanding contributions as Chairman of the Board, Dr. Palms received the following annual compensation in 2005: (i) the payment of an annual cash retainer of \$67,500; and (ii) an award of shares of Common Stock having a fair market value of \$25,000 issued pursuant to the Assurant, Inc. 2004 Long Term Incentive Plan and subject to a five year holding period.

Directors who are employees of the Company or any of its subsidiaries or affiliates, or of Fortis or any of its subsidiaries or affiliates, and directors who are designated by Fortis to serve as directors, are not eligible to participate in the Directors Compensation Plan or to receive payment for service as a director.

On July 19, 1999, Allen Freedman, one of our directors, entered into a Retirement Agreement with us and Fortis relating to the payments and benefits to be provided to Mr. Freedman in connection with his scheduled

retirement on July 31, 2000. The agreement provided that as of the date of Mr. Freedman's retirement on July 31, 2000, Mr. Freedman would be fully vested in all amounts earned under our long term incentive plan. The amounts due to Mr. Freedman under the long term incentive plan could be deferred by Mr. Freedman for a period of five years beyond the later of his retirement as an employee and his departure from our Board of Directors. The deferred amounts due to Mr. Freedman under the long term incentive plan would be put into a trust for the benefit of Mr. Freedman during the deferral period.

On August 1, 2000, we entered into a trust agreement with Wachovia Bank, N.A. for the benefit of Mr. Freedman. The trust was created to carry out the provisions of the Retirement Agreement and to hold assets contributed by us sufficient to fund our obligation to Mr. Freedman under the long term incentive plan. The trust constituted an unfunded arrangement, subject to the claims of our creditors in the event of insolvency. We have deposited into the trust an amount equal to our remaining obligation to Mr. Freedman under the long term incentive plan.

AUDIT COMMITTEE MATTERS

Audit Committee Report

During 2005, the Audit Committee was comprised of Messrs. Carver, Mackin and Palms. Mr. Carver is the Chairman. The purpose of the Audit Committee, as discussed in detail in the Audit Committee Charter, is (1) to assist the Board of Directors in its oversight of (a) the Company's quarterly and annual financial statements, (b) the Company's compliance with legal and regulatory requirements, (c) the Independent Registered Public Accounting Firm's qualifications and independence, and (d) the performance and effectiveness of the Company's internal controls over financial and management information and of the Independent Registered Public Accounting Firm; (2) to review and advise the Board of Directors on other matters at their request; and (3) to prepare this report. The Board of Directors has determined that all three members of the Audit Committee are independent as that term is used in Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, as amended, and are financially literate as that qualification has been interpreted by the Board of Directors in its business judgment. Mr. Carver is the audit committee financial expert and meets the criteria set out in SEC Regulation S-K, Item 401.

The Audit Committee reviews with PricewaterhouseCoopers LLP, Assurant's Independent Registered Public Accounting Firm, the annual audited financial statements. The Independent Registered Public Accounting Firm expresses an opinion on (1) the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, (2) management's assessment, included in Management's Annual Report on Internal Control Over Financial Reporting appearing under Item 9A of the Company's Form 10-K, on the effectiveness of the Company's internal control over financial reporting as of December 31, 2005, and (3) the effectiveness of the Company's internal control over financial reporting as of December 31, 2005. The Audit Committee also meets with PricewaterhouseCoopers LLP to review the results of their procedures performed with respect to the Company's quarterly financial statements. The Audit Committee also discusses with Assurant's internal auditors and PricewaterhouseCoopers LLP the overall scope and plans for their respective audits.

The Audit Committee has discussed the audited consolidated financial statements with PricewaterhouseCoopers LLP and it also has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees) relating to the conduct of the audit including the quality of Assurant's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee also has received written disclosures and a letter from PricewaterhouseCoopers LLP regarding its independence from Assurant as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), has discussed with PricewaterhouseCoopers LLP the independence of the firm, and has considered all of the above communications as well as all audit, audit-related and non-audit services provided by PricewaterhouseCoopers LLP. Based on the foregoing, the Audit Committee has determined that PricewaterhouseCoopers LLP is independent with respect to Assurant within the meaning of the federal securities laws and the rules and regulations thereunder and Rule 3600T of the Public Company Accounting Oversight Board (United States), which designates as interim independence standards Rule 101 of the American Institute of Certified Public Accountants' Code of Professional Conduct and Standards Nos. 1, 2 and 3 of the Independence Standards Board.

The Audit Committee has reviewed and discussed with management, (1) the audited financial statements of Assurant for the fiscal year ended December 31, 2005, (2) management's assessment, included in Management's Annual Report on Internal Control Over Financial Reporting appearing under Item 9A of the Company's Form 10-K, that the Company maintained effective internal control over financial reporting as of December 31, 2005, and (3) PricewaterhouseCoopers LLP's opinion on management's assessment on the effectiveness of the Company's internal control over financial reporting as of December 31, 2005. In connection with that review, management represented to the Audit Committee that Assurant's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and that the Company maintained effective internal control over financial reporting as of December 31, 2005.

The Audit Committee, or Chairman when applicable, in order to approve the proposed non-audit services, also must be of the opinion that the proposed services, both individually and collectively with all other provided services, will not impair the independence of the Independent Registered Public Accounting Firm relative to their audit opinion given in connection with our financial statements. APPENDIX A

CORPORATE GOVERNANCE GUIDELINES

OF ASSURANT, INC.

I. NYSE Corporate Governance Guidelines

A. Director Qualification Standards

1. Selection of Directors

The Board of Directors (the Board) of Assurant, Inc. (hereinafter referred to as the corporation) is responsible for nominating directors. In nominating a slate of directors, the Board's objective, with the recommendation of the Nominating and Corporate Governance Committee, is to select individuals with skills and experience such that they can properly represent the shareholders and provide oversight of the corporation's management and be of assistance to management in operating the corporation's business. When evaluating the recommendations of the Nominating and Corporate Governance Committee, the Board should consider whether individual directors possess the following personal characteristics: integrity, accountability, informed judgment, financial literacy, mature confidence, interpersonal skills and high performance standards. The Board as a whole should possess all of the following core competencies, with each candidate contributing knowledge, experience and skills in at least one domain: accounting and finance, business judgment, management, industry knowledge, leadership and strategy/vision.

2. Independent Directors

To increase the quality of the Board's oversight and to lessen the possibility of damaging conflicts of interest, the Board shall have a majority of independent directors, as defined from time to time by the New York Stock Exchange, Inc. (the NYSE), by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the corporation.

3. Board Determination of Independence

No director will be considered independent unless the Board affirmatively determines that the director has no material relationship with the corporation (either directly or as a partner, shareholder or officer of an organization that has a relationship with the corporation). When making independence determinations, the Board shall broadly consider all relevant facts and circumstances, as well as any other facts and considerations specified by the NYSE, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the corporation. When assessing the materiality of a director's relationship with the corporation the Board shall consider the issue not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships (among others). The Board may adopt categorical standards to assist it in making independence determinations and these categorical standards, as well as whether a director meets the standards, must be disclosed in the corporation's annual proxy statement.

The following relationships shall be determinative of a director's independence:

A director who is an employee, or whose immediate family member is an executive officer, of the corporation is not independent until three years after the end of such employment relationship.

A director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the listed corporation, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation.

Table of Contents

A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the corporation is not independent until three years after the end of the affiliation or the employment or auditing relationship.

A director who is employed, or whose immediate family member is employed, as an executive officer of another corporation where any of the listed corporation's present executives serve on that corporation's compensation committee is not independent until three years after the end of such service or the employment relationship.

A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a corporation that makes payments to, or receives payments from, the listed corporation for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other corporation's consolidated gross revenues, is not independent until three years after falling below such threshold.

Notwithstanding the foregoing, the following relationships may not disqualify any director or nominee from being considered independent and such relationships may be deemed to be an immaterial relationship with the corporation:

direct and indirect contributions in any fiscal year by the corporation to a non-profit organization for which a director serves as an executive officer, provided, however, that the corporation must disclose in its annual proxy statement if, within the preceding three years, any such contributions in a single fiscal year exceeded the greater of \$1 million or 2% of such charitable organization's gross consolidated revenues;

a director's affiliation as an employee or an executive officer (or an immediate family member's affiliation as an executive officer) of a company that makes payment to or receives payments from the corporation in an amount in any fiscal year less than \$1 million or 2% of the company's consolidated gross revenues;

In addition, ownership of the corporation's stock, even a significant amount of stock, is not by itself a bar to an independence finding.

4. Additional independence requirements for Audit Committee membership

In addition to meeting the general director independence requirements described in paragraph 3, no director may serve on the Audit Committee of the Board unless such director meets all of the criteria established for audit committee service by each audit committee member by the NYSE, the Securities and Exchange Commission, the Securities Exchange Act of 1934, as amended, the Sarbanes-Oxley Act, any other law and any other rule or regulation of any other regulatory body or self-regulatory body applicable to the corporation.

5. Additional Director and Chair Qualifications

(a) No director may serve as a director of the corporation if, such director would be 70 years of age or older on the date of election or re-election.

(b) In light of the mandatory retirement policy and the evaluation of director performance, the Board does not believe that term limits are necessary. Term limits could deprive the Board of the contribution of directors who, over time, have developed increasing insight into the corporation and its operation.

(c) No director may simultaneously serve as Chair of the Audit Committee of more than two public companies. No Audit Committee member may simultaneously serve on the audit committees of more than three public companies.

(d) Directors who retire from employment or whose principal position of employment changes should advise the Board of any such retirement or change and volunteer to resign from the Board. This

Table of Contents

creates an opportunity for the Board, through its Nominating and Corporate Governance Committee, to review the continued appropriateness of Board membership under such circumstances.

(e) The Chairperson of the Board or any committee of the Board must be independent. In addition, no former employee of (i) the corporation or (ii) a current or former affiliate of the corporation may be Chairperson of the Board or any committee of the Board.

6. Disclosure of Independence Determinations

The corporation shall disclose in its annual proxy statement its independence determination, including the basis for determining that a relationship is not material, with respect to each director standing for election and each continuing director. The corporation shall promptly disclose the independence of any director elected by the Board. If the Board has adopted categorical standards for independence determinations, as described in paragraph 3, it may make a general disclosure that the independent directors meet the standards set by the Board without detailing particular aspects of any immaterial relationships between a director and the corporation.

B. Director Responsibilities

1. Board Meetings

Regular meetings of the Board shall be held at least five times per year and special meetings shall be held as required. Without limiting the foregoing, the Board shall meet as frequently as needed for directors to properly discharge their responsibilities. Every effort should be made to schedule meetings sufficiently in advance to ensure maximum attendance at each meeting. All directors are expected to participate, whether telephonically or in person, in all Board meetings, review relevant materials, serve on Board committees (if eligible), and prepare appropriately for meetings and for discussions with management. Accordingly, each director is expected to devote the time and attention necessary to properly discharge his or her responsibilities as director. The type of individual that the corporation seeks as a director may be involved with many other activities, which would add to his/her desirability as a director and which may occasionally cause such director to be unable to attend a Board meeting.

2. Conduct of Meetings

Board meetings shall be run by the Chairman, and shall be conducted in accordance with customary practice in a manner that ensures open communication, meaningful participation and timely resolution of issues. The Chairman shall set the agenda for each meeting together with the Chief Executive Officer. All directors should be given the opportunity to raise items for consideration to be placed on the agenda. Management and any committees of the Board should provide directors with materials concerning matters to be acted upon well in advance of the applicable meeting. Directors should review such materials carefully prior to the applicable meeting.

3. Executive Sessions of Directors

Those directors of the corporation who are not officers of the corporation shall hold regular executive sessions at which management, including the CEO, is not present. These sessions shall occur, at a minimum, prior to each regularly scheduled meeting of the Board. If one or more independent directors is chosen to preside at all executive sessions to be held in the coming year, the corporation shall identify such directors in the corporation's annual proxy statement. As an alternative, the Board may choose to alternate directors who will lead the executive sessions and establish a procedure (which must be disclosed in the annual proxy statement) by which the presiding director will be selected for each executive session. If the Chairman of the Board is an independent director, then the Chairman shall serve as presiding director. In order that interested parties may be able to make their concerns known to the non-management directors, the corporation shall post a statement on its web site indicating that such parties may contact the non-management directors by writing to the Chairman of the Board at the corporation's headquarters. In addition, the independent directors shall hold at least one executive session a year, which shall include only the independent directors.

Table of Contents

C. Director Access to Management and Independent Advisors

1. Board Access to Management

Directors shall have complete access to the corporation's management in order to become and remain informed about the corporation's business and for such other purposes as may be helpful to the Board in fulfilling its responsibilities. Directors are expected to use judgment to be sure that this contact is not distracting to the business operations of the corporation and that the CEO is appropriately informed of significant contacts between the Board members and management.

The Board encourages management to, from time to time, invite to Board meetings managers who (a) can provide additional insight into the items being discussed because of responsibility for and/or personal involvement in these areas, and/or (b) are managers with future potential that the senior management believes should be given exposure to the Board.

2. Director Access to Independent Advisors

The Board shall have the autonomy to retain such outside professionals to act as advisors to the Board and/or management as may be deemed necessary or appropriate in the discharge of their duties.

Board committees may wish to hire their own outside counsel, consultants and other professionals to advise them in the discharge of their duties. The parameters for any such retention shall be set forth in the respective committee charters.

3. Funding for Committee Advisors

The corporation shall provide appropriate funding as determined by the Audit Committee, for payment of compensation: (i) to the registered public accounting firm employed by the corporation for the purposes of rendering an audit report or performing other audit, review or attest services for the corporation; and (ii) to any other advisers employed by the Audit Committee. In addition, the corporation shall provide appropriate funding as determined by the Nominating and Corporate Governance Committee and the Compensation Committee, respectively, to any advisers employed by such committees.

D. Director Compensation

1. Compensation Generally

The corporation shall disclose its policy regarding compensation for directors in its annual proxy statement. The Board, with the assistance of the Compensation Committee and any outside advisor as appropriate, shall periodically review director compensation (including additional compensation for committee members) in comparison to corporations that are similarly situated to ensure that such compensation is reasonable, competitive and customary. Directors may be awarded compensation sufficient to compensate them for the time and effort they expend to fulfill their duties.

2. Other Compensation

If a director serves as an officer of or is compensated by a charitable organization and such charitable organization receives contributions from the corporation and/or the Assurant Foundation, such director will report such contributions to the Nominating and Corporate Governance Committee. Contributions made under the corporation's charitable gift matching program are excluded from such reporting requirement. The Board shall review all consulting contracts with the corporation, or other arrangements that provide other indirect forms of compensation from the corporation to any director or former director.

3. Stock Ownership

As part of a director's total compensation and to more closely align the interests of directors and the corporation's shareholders, the Board believes that a meaningful portion of a director's compensation should be paid in the form of common stock of the corporation.

Table of Contents

E. Director Orientation and Continuing Education

The corporation shall establish an orientation program for all newly elected directors in order to ensure that the corporation's directors are fully informed as to their responsibilities and are able to effectively discharge those responsibilities. The orientation program shall, at a minimum, familiarize new directors with the corporation's (i) strategic plans, (ii) financial control systems and procedures and any significant financial, accounting and risk-management issues, (iii) compliance programs, including with SEC reporting obligations and NYSE corporate governance listing standards, (iv) code of ethics, conflict policies and other controls, (v) principal officers, (vi) internal and independent auditors and (vii) the corporation's business. The new directors shall be introduced to such management and other personnel, and representatives of the corporation's outside legal, accounting and other outside advisors as is appropriate to familiarize them with the resources available to them. Each director shall be required periodically to attend a continuing education program for directors approved by the Nominating and Corporate Governance Committee.

F. Management Succession

The Nominating and Corporate Governance Committee shall establish policies, principles and procedures for the selection of the CEO and his or her successors, including policies regarding succession in the event of an emergency or the retirement of the CEO. The Board, with the assistance of the Nominating and Corporate Governance Committee, shall review annually with the CEO management succession planning and development.

The CEO shall communicate to the Board from time to time the CEO's successor recommendation should the CEO be unexpectedly disabled.

G. Annual Performance Evaluations

1. Board Evaluation

The Nominating and Corporate Governance Committee coordinates the process of evaluating the performance of the individual directors, Board committees and the Board as a whole. The purpose of this evaluation is to increase the effectiveness of the Board as a whole, and specifically review areas in which the Board and/or management believes a better contribution could be made from the Board. This evaluation shall include an overview of the talent base of the Board as a whole as well as an individual assessment of each outside director's qualification as independent under the NYSE corporate governance rules and all other applicable laws, rules and regulations regarding director independence; consideration of any changes in a director's responsibilities that may have occurred since the director was first elected to the Board; and such other factors as may be determined by the Nominating and Corporate Governance Committee to be appropriate for review. Each committee conducts an annual self-evaluation of its performance. The Nominating and Corporate Governance Committee reviews the self-assessments and incorporates the results into its annual assessment of the effectiveness of the full Board. The Nominating and Corporate Governance Committee evaluates the performance of individual directors when their class terms expire and they are considered for reelection. As appropriate, the Board shall then meet in executive session to discuss these assessments.

2. Evaluation of CEO

The Nominating and Corporate Governance Committee shall establish policies, principles and procedures for evaluation of the CEO. The CEO submits an annual self assessment of performance to the Chair of the Nominating and Corporate Governance Committee for review by such Committee. The Compensation Committee reviews data from comparable companies and develops a range of appropriate compensation for the CEO. The Chair of the Nominating and Corporate Governance Committee and the Chair of the Compensation Committee lead the discussion, and the directors evaluate the CEO's performance and establish the appropriate compensation. The Nominating and Corporate Governance Committee coordinates the Board's establishment of the CEO's performance criteria.

Table of Contents

H. Financial Reporting

The corporation shall have an internal audit function.

I. Board Committees

1. Number and Independence of Committees

The corporation shall have an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, each to be comprised of a number of independent directors as set forth in the respective charter for each committee. The corporation shall also have a Finance and Investment Committee. The corporation shall have an Executive Committee, which shall have and may exercise, when the Board of Directors is not in session, the powers of the Board of Directors in the management of the business affairs of the corporation, including the power to authorize the seal of the corporation to be affixed to all papers that may require it, provided that in no case shall the Executive Committee or any other committee act in respect to dividends to shareholders, election of principal officers or the filling of vacancies in the Board of Directors or other committees. The Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee shall be comprised of all independent directors (as described in paragraph 3, above) within the time period required by the NYSE.

2. Selection of Committee Members

The Board shall select the directors to serve on each committee and its Chair, giving consideration to the independence and other requirements of the NYSE (and any other applicable law or any rule or regulation of any other regulatory body or self-regulatory body applicable to the corporation) and to any recommendations put forth by the Nominating and Corporate Governance Committee.

Because of each committee's demanding role and responsibilities, and the time commitment attendant to membership on each committee, each prospective committee member, prior to being nominated, should be encouraged to evaluate carefully the existing demands on his or her time before accepting any nomination.

3. Responsibilities

The Board, or the applicable committee pursuant to a Board delegation of authority, shall adopt a charter for such committee in compliance with all applicable rules and regulations. The charters for each of the Nominating and Corporate Governance Committee, the Compensation Committee and the Audit Committee shall include, at a minimum, those responsibilities required to be set forth therein by the rules of the NYSE, by law or by the rules or regulations of any other regulatory body or self-regulatory body applicable to the corporation.

II. *Further Corporate Governance Guideline Recommendations*

A. Corporate Objective and Mission of the Board of Directors

The Board of Directors represents the shareholders' interests. As such, the Board shall conduct its business activities so as to enhance corporate profit and shareholder gain. In pursuing this objective, the Board's role is to select and oversee a well-qualified and ethical CEO and management team to run the corporation on a daily basis.

In addition to fulfilling its obligations for increased shareholder value, the Board has responsibility to the corporation's customers, employees, suppliers and the communities where it operates. These responsibilities are founded upon the successful perpetuation of the business.

B. Board Size

The Board should determine, with the assistance of the Nominating and Corporate Governance Committee, the appropriate Board size, taking into consideration any parameters set forth in the corporation's certificate of incorporation and by-laws as well as any contractual agreements, and

Table of Contents

periodically assess overall Board composition to ensure the most appropriate and effective Board membership mix. The Board should neither be too small to maintain the needed expertise and independence, nor too large to be efficiently functional. If appropriate, the Board should recommend amendments to the corporation's charter or by-laws in order to provide for a different Board size than may be set forth therein.

C. Positions on Boards of Other Corporations

Directors should notify the Board before accepting a seat on the Board of another business corporation, in order to avoid potential conflicts of interest as well as to help discuss whether the aggregate number of directorships and attendant responsibilities held by a director would interfere with such director's ability to properly discharge his or her duties.

D. Corporate Spokesperson

The Board believes that management should speak for the corporation. Individual directors may from time to time meet or otherwise communicate with various constituencies that are involved with the corporation, but it is expected that Board members would do this with the knowledge of management and in most cases, at the request of management. Board members shall refer any requests for public comment to the Corporate Marketing and Communications Department.
