Exhibit	Description
99.1	Press Release dated November 7, 2006

**Bennett Restructures Company and Cuts Costs;
Announces Q3 Results**

Highlights:

\$3.2 million cash at end of Q3

SG&A costs have been reduced by 22% since beginning of 2006

Indirect operating costs at the plants have been reduced by 18% since beginning of 2006

Business model has been redesigned to reduce overall breakeven point and to reduce cash burn

Recruitment of President and CEO on track and a search for a new VP of Sales Commenced

Net Sales of \$1.5 million/Net Earnings (\$4.5 million)

Oakville ON, November 7, 2006, For Immediate Release Bennett Environmental Inc. today announced that it has completed a strategic planning process, which involved senior management and the new board of directors, resulting in a restructuring plan for the Company that is intended to decrease sharply the amount of revenue required for the company to breakeven or generate cash. The plan further aims to rebuild and refocus the company's sales and marketing efforts, improving prospects for future revenue growth.

In addition, the Company announced its financial and operating results for the three and nine months ended September 30, 2006. The Company's revenues have declined over the past several years and this pattern continued through to the third quarter of 2006.

In response to these declining operating results, the Company implemented plans to significantly reduce operating and administrative costs, conserve cash and increase sales performance. Among other cost reduction steps, management cut the equivalent of 12 salaried positions from the Company during Q3. Acting Co/CEO Andy Boulanger commented that many of the cost reductions the Company has made over this quarter are expected to be seen on the bottom line early next year. The Company is committed to making additional reductions and short lead time margin enhancements that are intended to show results on the income statement in 2007.

The Company also plans to pursue revenue growth by expanding its product offering, improving relationships with third party environmental firms, and rebuilding and refocusing its sales and marketing teams. The Company announced that it has initiated a search for a new Vice President of Sales with broad experience in sales and marketing.

David Williams, Chairman of the Board and Co/CEO commented that Bennett's focus has been completely redirected and the Board and Management see a clear future for the Company. We are entirely focused on cost reduction, margin improvement, and cash flow. Even as we implement our plan in these areas, we are laying the groundwork for what we expect to be a resumption of revenue growth. We believe this is the path to profitability and positive cash flow.

The following table discloses certain unaudited financial data for the eight most recently completed quarters, expressed in Canadian dollars (millions) (except per share data - basic and diluted):
