Snuff / Snus

Sweden is the world's largest snuff market measured by per capita consumption. In Sweden, a substantially larger proportion of the male population uses the Swedish type of snuff called snus* compared to cigarettes. The Norwegian market, which is significantly smaller than the Swedish market, is at present showing strong growth. The US is the world's largest snuff market measured in number of cans and is approximately five times larger than the Swedish market. In Sweden and Norway, Swedish Match has a leading position. In the US, the Company is well positioned as number three on the market. Some of the best known brands include General, Ettan, and Grov in Sweden, Timber Wolf and Longhorn in the US and Taxi in South Africa.

During the fourth quarter, sales increased by 18 percent versus the previous year, to 963 MSEK (819), and operating income increased by 17 percent, to 460 MSEK (392). Currency translation impacts have affected the sales and operating income comparison negatively. Volumes increased in Scandinavia by 27 percent, mainly as a result of the trade load effect in anticipation of the weight based tax increase effective January 1, 2007 for snus in Sweden. Volumes in the US increased by 10 percent, measured in number of cans. Operating margin was 47.8 percent (47.8).

Sales for the year amounted to 3,363 MSEK (3,131), an increase of 7 percent. In Scandinavia sales volumes increased by 9 percent measured in number of cans. In

* Swedish snus is moist snuff which is produced using a special heat treated process, much like pasteurization as opposed to other snuff products for which a fermentation process is used.

Sweden the increase was 8 percent. Volumes in Norway and tax free sales also increased. Sales volume of both loose and pouched snuff increased. Of Swedish Match snuff volume sold in Sweden, the proportion of pouched snuff for the year was 59 percent compared to 58 percent in 2005.

In the US, sales volumes for 2006 were up by 13 percent versus previous year measured in number of cans. Sales of Longhorn were considerably higher than the year before, and sales for Timber Wolf increased.

In Sweden the Company continued its rollout of Onico, a nicotine and tobacco free pouch product, and Kardus, a premium loose snus product. Kronan, a value priced brand, continued to grow at a rapid pace, and became the best selling value priced brand on the Swedish market. In the US the launch of Wolf Packs, Timber Wolf in pouched form, has continued and Longhorn has been re-launched with a new package design.

Operating income for 2006 for the product area amounted to 1,604 MSEK (1,504), up 7 percent. Operating margin for snuff for the year was 47.7 percent (48.0).

Cigars

Swedish Match is the world's second largest producer of cigars and cigarillos in sales value. Swedish Match offers a full range of different cigars and brands. Well known brands include Macanudo, La Gloria Cubana, White Owl, Garcia y Vega, La Paz, Hajenius, Justus van Maurik, Willem II, Salsa, and Wings. The US is the largest cigar market in the world where Swedish Match has a leading position in the premium segment and is well established in the segment for machine made cigars. After the US, the most important cigar markets are in Europe, where Swedish Match is well represented in most countries, with an especially good market position in The Netherlands and in the Nordic area.

During the fourth quarter, sales increased by 3 percent, to 857 MSEK (834), while operating income declined to 163 MSEK (176). Currency translation impacts have negatively affected comparisons for both sales and operating income. In local currencies, sales in the fourth quarter increased by 12 percent, while operating income was flat. Operating margin reached 19.0 percent (21.1). During the fourth quarter sales and operating income increased in the US, while in Europe, sales increased but operating income declined. The main increase in sales on the European market came from the acquisition of the Hajenius and Oud Kampen cigar brands. In Europe, a shift toward smaller cigars, reorganization costs and somewhat higher marketing spending had a negative impact on operating margins.

Sales for the year amounted to 3,407 MSEK (3,283), an increase of 4 percent. Sales were up for US premium cigars, US mass market cigars, and European cigars.

Operating income for the year grew by 22 percent to 747 MSEK (613). Excluding restructuring costs of 75 MSEK in 2005, operating income grew by 9 percent. Operating margin amounted to 21.9 percent (21.0 excluding restructuring costs of 75 MSEK). The increase in operating income is primarily due to stronger sales and gross profit and lowered overhead costs following the integration of General Cigar.

Chewing Tobacco

Chewing tobacco is sold primarily on the North American market, mainly in the southern US. Well known brands include Red Man and Southern Pride. Swedish Match is the leading producer of chewing tobacco in the US. The chewing tobacco segment shows a declining trend.

During the fourth quarter, sales declined by 14 percent, to 240 MSEK (280). In local currency, sales declined by 3 percent. Operating income declined by 27 percent, to 73 MSEK (100). Currency translation affected the operating income comparison negatively. Operating margin was 30.5 percent (35.6).

Sales for the year declined by 2 percent to 1,063 MSEK (1,079), and operating income declined by 6 percent to 326 MSEK (347). In local currency, sales revenues for the year were flat as higher average prices compensated for volume declines. Operating margin amounted to 30.7 percent (32.1).

Pipe Tobacco and Accessories

Swedish Match is one of the largest pipe tobacco companies in the world and its products are marketed worldwide. The Borkum Riff brand is sold in over 60 countries. The Company has its most significant presence in South Africa, where local production takes place. Best Blend and Boxer are the most important brands in South Africa. Accessories include the sales of papers, filters, and other smoking related items, primarily in the UK and Australia. Pipe tobacco consumption is declining on most established markets.

During the fourth quarter, sales decreased to 226 MSEK (245). In local currencies, sales increased by 6 percent. Operating income grew by 4 percent, to 62 MSEK (60). Operating margin was 27.5 percent (24.4).

Sales for the year amounted to 899 MSEK (920). In local currencies, sales increased by 2 percent. Improved price levels compensated for lower volumes. Operating income was 261 MSEK (237). Operating margin amounted to 29.0 percent (25.8).

Lights (Matches and Lighters)

Swedish Match is a market leader in a number of markets for matches. The brands are mostly local, and have leading positions in their home countries. Larger brands include Solstickan, Three Stars, Fiat Lux, and Redheads. The Company produces and distributes disposable lighters and the main brand is Cricket. Swedish Match's largest market for lighters is Russia.

During the fourth quarter sales amounted to 388 MSEK (521), while operating income increased to 50 MSEK (negative 31). Excluding divested businesses, sales for the fourth quarter were 4 percent below the fourth quarter prior year. In the fourth quarter of previous year, a total of 85 MSEK of restructuring costs were incurred. Operating margin was 13.0 percent (negative 5.9).

Sales for the year amounted to 1,503 MSEK (1,936). Excluding divested businesses, sales increased by 1 percent. Operating income during the year was 247 MSEK (58). During 2005, restructuring charges of 116 MSEK were incurred. Operating margin amounted to 16.4 percent (3.0).

Other Operations

Other operations include primarily the distribution of tobacco products on the Swedish market, as well as corporate overheads.

Sales in Other operations for the year decreased to 2,677 MSEK compared to 2,962 MSEK previous year, mainly as a result of divested businesses. For the year, operating income for Other operations was a negative 99 MSEK (negative 140).

Taxes

Total tax expense for the year amounted to 836 MSEK (919), corresponding to a tax rate of 26 percent (34). Following the ratification of a new double taxation treaty between Sweden and the USA in August, a tax provision for withholding tax on unremitted earnings from US subsidiaries has been reversed. The tax rate in 2005 was unusually high due to the one-time gain on the sale of real estate in New York and the non-deductible nature of certain restructuring expenses.

During the fourth quarter, an income tax related contingency accrual related to General Cigar, which was recorded prior to Swedish Match's acquisition of General Cigar in 2000, was reversed. The reversal was recorded against goodwill, which decreased by 71 MUSD.

Earnings per share

Earnings per share for the year amounted to 8.12 SEK (5.61). This year's earnings per share was positively affected by the one time pension plan curtailment gain, the unusually low income tax expense, as well as the one-time gain on investments. Earnings per share for 2005 was favorably impacted by the income from sale of real estate.

The Board proposes an increased dividend to 2.50 SEK (2.10). The dividend then amounts to 686 MSEK based on the number of shares outstanding at the end of the year.

Depreciation and amortization

Total depreciation and amortization amounted to 435 MSEK (458), of which depreciation on tangible assets amounted to 303 MSEK (337) and amortization of intangible assets amounted to 132 MSEK (121).

Financing and cash flow

At the close of the period the Group's net debt amounted to 5,126 MSEK, as compared to 674 MSEK on December 31, 2005, an increase of 4,452 MSEK. The increase is primarily due to share repurchases, net, of 3,580 MSEK, acquisition of the Stockholm head office building, payments of dividend of 627 MSEK, unusually high tax payments and the acquisition of the Hajenius and Oud Kampen cigar brands. The Group's direct investments in tangible fixed assets amounted to 304 MSEK (328).

Cash flow from operations was 1,335 MSEK compared with 2,718 MSEK a year ago. Cash flow from operations has been negatively affected by unusually high tax payments of 1,732 MSEK compared with 606 MSEK during 2005. Income tax payments include tax payments during the first quarter after dissolution of a Swedish tax allocation reserve in 2005.

During the period new bond loans of 5,457 MSEK have been issued, including the issuance of a 300 MEUR Eurobond under the Group's Global MTN program.

Cash and cash equivalents, together with short term investments, amounted to 3,098 MSEK at the end of the period, compared with 3,657 MSEK at the beginning of the year.

Net financing cost for the year amounted to a negative 68 MSEK (negative 128). Net financing cost in the fourth quarter 2006 was positively affected by the gain on a sale of securities with an amount of 111 MSEK.

Average number of Group employees

The average number of employees in the Group during the year was 12,465 compared with 14,333 for the full year 2005. The number of employees decreased as a result of the divestment of businesses and rationalizations within several product areas.

Share structure

The Annual General Meeting on April 20, 2006 renewed the mandate to repurchase up to 10 percent of the shares of the Company. In addition, a decision was made to cancel 24.0 million shares held in treasury, with a contemporaneous bonus issue, without issuing new shares, of an amount equivalent to the amount represented by the cancelled shares or 28.8 MSEK. With the latter transaction the Company's share capital did not decrease through the cancellation of shares. At an Extraordinary Meeting of the Shareholders on December 4, 2006 it was decided to cancel a further 20.6 million shares with a contemporaneous bonus issue, without issuing new shares, of an amount equivalent to the amount represented by these cancelled shares or 26.7 MSEK. The total number of registered shares of the Company, after the cancellations, is 280 million shares with a ratio value of 1.39 SEK. The Extraordinary Meeting of the Shareholders also renewed the mandate to repurchase shares up to an amount of 1,250 MSEK until the Annual General Meeting in April 2007. Of this amount 298 MSEK was utilized in January 2007.

In June, after Annual General Meeting approval, the Company issued 523,817 call options to senior management and key employees for the stock option program for 2005. These call options can be exercised from March 2, 2009 to February 28, 2011. The exercise price is 127.10 SEK.

During the year 32.9 million shares were repurchased at an average price of 111.57 SEK. As at December 31, 2006 Swedish Match held 5.6 million shares in its treasury, corresponding to 2.0 percent of the total number of shares. Total shares bought back by Swedish Match since the buyback programs started in 2000 have been repurchased at an average price of 69.15 SEK. During the year the Company has also sold 1.4 million treasury shares as a result of option holders exercising their options. The number of shares outstanding, net after repurchase and after the sale of the treasury shares as per year end amounted to 274.4 million. In addition, the Company has call options outstanding at year end corresponding to 4.0 million shares exercisable in gradual stages from 2007-2011.

The Board will propose to the Annual General Meeting in April 2007 a renewed mandate to repurchase shares of the Company up to an amount of 3 billion SEK until the next Annual Meeting in 2008. In addition a proposal will be made to cancel shares held in treasury with a contemporaneous bonus issue without issuing new share of an amount equivalent to the reduction of share capital through the cancellation of shares.

Other events

In January, 2006, the Company sold its Arencos subsidiary. Arencos manufacture machines for match manufacturing and packaging in Kalmar and Halmstad, Sweden and Shanghai, China.

On March 31, 2006 the Company divested its advertising lights and accessories business.

In a matter regarding the use of the Cohiba brand in the United States, Cubatabaco has been seeking to cancel General Cigar's registration for the Cohiba trademark in the US. The US Court of Appeals of the Second Circuit concluded that General Cigar was the rightful owner of the Cohiba trademark in the US. The matter was appealed to the US Supreme Court, and in June 2006, the Supreme Court denied review of the case. General Cigar is now seeking a final order of dismissal from the district court which heard this in September 2006. Further, Cubatabaco has asked the Office of Foreign Assets Control for a license to register the Cohiba trademark in the US and thereby cancel General Cigar's registration of the trademark. General Cigar is opposing the granting of such a license.

On October 9, 2006, Standard & Poor's lowered Swedish Match AB's long term credit rating from A- to BBB+ with a negative outlook. Swedish Match's credit rating with Moody's is Baa1 with stable outlook.

Swedish Match North America and Lorillard Tobacco Company have agreed to jointly develop and market a select line of smokeless tobacco products in the United States. The parties anticipate that an initial product offering may be launched on some basis of geographic distribution in the not too distant future. Lorillard Tobacco Company is the third largest manufacturer of cigarettes in the United States, including the Newport brand, the best selling menthol cigarette in the country, and the Maverick, Old Gold, Kent and True brands. Lorillard is a wholly owned subsidiary of Loews Corporation, a NYSE company (LTR).

The Stockholm head office building was acquired in the fourth quarter. The book value of the building is 736 MSEK and is recorded as assets held for sale.

Nominating Committee

In accordance with the decision by the shareholders at the Annual General Meeting on April 20, 2006, the chairman of the Board, Bernt Magnusson, has formed a Nominating Committee with four representatives of the major shareholders of the Company. Accounting principles

The financial information in this interim report has been prepared in accordance with the International Financial Reporting Standards (IFRS) approved by the European Commission for application within the EU. The report is prepared in accordance with the Accounting Standard IAS 34 Interim Financial Reporting. The accounting principles are the same as in the 2005 Annual Report.

From 2006 Swedish Match reports its operation in six primary segments: snuff, cigars, chewing tobacco, pipe tobacco & accessories, lights, and other. The lights segment comprises the former matches and lighters segments. Previous periods have been restated.

Outlook

Our strategic orientation holds firm. We will continue working with measures to stimulate organic growth particularly for moist snuff and cigars. The work of strengthening our established brands and launching new brands continues. We are intensifying our search for suitable acquisitions within the cigar product area.

In terms of results, 2006 was strong. Specifically for 2007, our results will be impacted by higher spending to drive organic growth and the unwinding of hoarding of snuff in Sweden in 2006 ahead of the excise tax increase. The operating margin for snuff will also be impacted negatively by a general decline of consumption as a consequence of the tax increase, at least for the first half year.

Additional information

The Annual General Meeting will be held in Stockholm on April 23, 2007. The annual report for 2006 is expected to be released and distributed in mid March. The first quarter 2007 report will be released on April 27.
