I General information on related party transaction

1. Introduction of the related party

CLIC is the controlling shareholder of the Company. The predecessor of CLIC is China Life Insurance Company which was established in January 1999 as approved by the State Council. As approved by China Insurance Regulatory Commission, China Life Insurance Company became China Life Insurance (Group) Limited after the restructuring in 2003. Basic information on CLIC is as follows:

(1) Legal representative: Yang Chao

(2) Registered capital: RMB 4.6 billion

(3) Date of incorporation: July 21, 2003

(4) Nature of the Company: a company with limited liability (wholly state-owned)

(5) Address: No. 17, Financial Street, Xicheng District, Beijing

(6) Business cope: engaging in various personal insurance businesses, such as life insurance, health insurance and accident insurance etc.; reinsurance of life insurance; capital operation permitted by PRC laws and regulations or approved by the State Council; various service, consulting and agent businesses relating to personal insurance; other businesses approved by the PRC insurance regulatory agencies.

2. Introduction of the related party transaction

On December 27, 2005, CLIC and China Life Insurance Asset Management Company Limited (AMC) renewed the Asset Management Agreement (the Agreement), according to which, AMC agreed to manage the assets entrusted to it by CLIC on a discretionary basis, subject to the investment guidelines and instructions given by CLIC, and proceed securities investment management on CLIC s behalf. CLIC retained the title of the entrusted assets, and AMC was authorized to operate the accounts associated with the entrusted assets for and on behalf of CLIC. In consideration of its asset management services provided under the Agreement by AMC, CLIC agreed to pay a service fee at a rate of 0.05% to AMC annually. The service fee shall be calculated on a monthly basis by multiplying the average net asset value (after deducting the capital financed through repurchase and the incurred interest) at the beginning and end of any given month by 0.05%, and then divided by 12. Although the rate of service fee may vary in expressions, the ultimate overall rate for service fee calculated under such renewed agreement is approximately the same as the one calculated under the asset management agreement concluded by the Company and AMC. The renewed agreement will remain effective within the three-year period from January 1, 2006 to December 31, 2008. CLIC and AMC shall discuss the renewal term 90 days before the termination of the Agreement, and the Company shall strictly follow the provisions regarding such renewal under the listing rules.

Set out below is the service fee paid by CLIC to AMC according to the Agreement as of December 31, 2006 and December 31, 2007:

Period	Upper Limit for the Year RMB (million)	Service Fee Paid by CLIC RMB (million)
As of December 31, 2006	94	84
As of December 31, 2007	102	104

Following the completion of the auditing by the external auditor, the Company realized that the upper limit of the service fee actually paid by the Company is slightly in excess of the original upper limit by RMB 2 million, which is due to the active RPC capital market in 2007, significant increase of share price at the A-share market and the change of price calculation methods defined by PRC Enterprise Accounting Standards (2006). Such changes in price calculation methods have an effect on the increase of value of the investment assets under AMC's management. The active PRC capital market, the significant increase of share price at A-share market and the changes to PRC Enterprise Accounting Standards were unforeseeable to the Company as compared with the historical data and the data then available in 2005.

The Board approved to amend the upper limit of the amount of such related party transaction for the year of 2008. The upper limit for 2008 after such amendment will be RMB 280 million.

The amendment to the upper limit of the service fee for the year of 2008 was primarily due to the active PRC capital market in 2007, significant increase of share prices at the A-share market, and consequently, the increase of the value of the investment assets under the management of AMC changes. It is impossible for the Company to predict such changes when it set the current upper limit two years ago. Due to the volatility of the capital market, it is difficult for the Company to set a suitable upper limit for the service fee in advance. Therefore, the Company wishes to set an amended upper limit for 2008 that should suffice to meet the maximum amount to be paid to AMC in 2008.

II Abstaining of related directors and review by the Board

According to the applicable listing regulations and Articles of Association of the Company, in the process of the Board's review of this proposal, directors Yang Chao, Wan Feng, Shi Guoqing and Zhuang Zuojin, abstained from the voting of this proposal as related directors.

All the directors (including independent directors) believed that the Company had taken into consideration the historical data and foreseeable increase of scale and portfolio of the assets under the management of AMC when the Company determined the above mentioned upper limit for the year of 2008. The terms under the asset management agreement between CLIC and AMC, the proposed upper limit for 2008 and the amended upper limit of the service fee actually paid of 2007 are fair and reasonable and are beneficial to the interest of the Company and shareholders. In addition, terms under the asset management agreement between CLIC and AMC, the proposed upper limit for 2008 and the amended upper limit of the service fee actually paid of 2007 were entered into in the normal course of business of the Company and are general commercial terms.
