UNITED STATES
SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended September 27, 2008

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number 0-00981

PUBLIX SUPER MARKETS, INC.

(Exact name of Registrant as specified in its charter)

Edgar Filing: PUBLIX SUPER MARKETS INC - Form 10-Q

Florida (State or other jurisdiction of incorporation or organization)	59-0324412 (I.R.S. Employer Identification No.)
3300 Publix Corporate Parkway	
Lakeland, Florida (Address of principal executive offices)	33811 (Zip code)
Registrant's telephone number, including area code: (863) 688-1188	

Indicate by check mark whether the Registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the Registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company

Indicate by check mark whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The number of shares outstanding of the Registrant's common stock, \$1.00 par value, as of October 24, 2008 was 804,394,000.

PUBLIX SUPER MARKETS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. The accompanying unaudited condensed consolidated financial statements of Publix Super Markets, Inc. and subsidiaries (the Company) have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) and the rules and regulations of the Securities and Exchange Commission (SEC) for interim financial reporting. Accordingly, the accompanying statements do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, these statements include all adjustments that are of a normal and recurring nature necessary to present fairly the Company's financial position, results of operations and cash flows. Due to the seasonal nature of the Company's business, the results of operations for the three and nine months ended September 27, 2008 are not necessarily indicative of the results for the entire 2008 fiscal year. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and accompanying notes included in the Company's Annual Report on Form 10-K for the year ended December 29, 2007.
2. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
3. Certain 2007 amounts have been reclassified to conform with the 2008 presentation. Additionally, the Company reclassified auction rate securities previously classified as cash and cash equivalents to short-term investments in the amounts of \$214.2 million and \$183.0 million as of September 29, 2007 and December 30, 2006, respectively. This reclassification also impacted net cash used in investing activities. There was no impact on net earnings or net cash provided by operating activities as a result of the reclassification.
4. On September 8, 2008, the Company acquired the assets of 49 supermarket locations in Florida from Albertson's LLC (Albertson's) for approximately \$500 million. Assets acquired include supermarkets that are owned and supermarkets that are subject to ground leases and traditional leases. All acquired supermarkets were closed prior to the acquisition date and will remain closed for some period of time based on the extent of the planned improvements. It is anticipated that substantially all supermarkets will open in one to eighteen months from the date of closing. Due to all of the acquired supermarkets being closed as of September 27, 2008, the acquired assets are classified as construction in progress in property, plant and equipment in the condensed consolidated balance sheets. The Company is finalizing the purchase price allocation and will reclassify amounts out of construction in progress as supermarkets are reopened.
5. In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard (SFAS) 157, Fair Value Measurement, effective for fiscal years beginning after November 15, 2007. SFAS 157 defines fair value, establishes a framework for measuring fair value in GAAP and expands disclosures about fair value measurements. SFAS 157 does not require any new fair value measurements. In February 2008, the FASB issued FASB Staff Position (FSP) 157-2, Effective Dates of FASB Statement No. 157, which defers the effective date of SFAS 157 for all nonrecurring fair value measurements of nonfinancial assets and liabilities until fiscal years beginning after November 15, 2008. As of December 30, 2007, the Company adopted SFAS 157 for its available-for-sale (AFS) securities. The partial adoption of SFAS 157 had no effect on the Company's financial condition, results of operations or cash flows.

PUBLIX SUPER MARKETS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Following are descriptions of the SFAS 157 measurement categories used as of the reporting date.

Level 1 Fair value is determined by using quoted prices in active markets for identical investments. AFS securities that are included in this category are primarily equity securities.

Level 2 Fair value is determined by using other than quoted prices. By using observable inputs (for example, interest rates), the fair value is determined through the use of models or other valuation methodologies. AFS securities that are included in this category are primarily tax exempt and taxable bonds.

Level 3 Fair value is determined by using other than observable inputs. Fair value is determined by using the best information available in the circumstances and requires significant management judgment or estimation. No AFS securities are currently included in this category.

Following is a summary of fair value measurements for AFS securities as of September 27, 2008:

	Fair Value	Level 1	Level 2	Level 3
	(Amounts are in thousands)			
AFS securities	\$ 2,182,338	170,928	2,011,410	

There are no other major categories of assets and liabilities that are recognized at fair value for which SFAS 157 has not been applied.

In October 2008, the FASB issued FSP 157-3, *Determining the Fair Value of a Financial Asset in a Market That Is Not Active*, which clarifies the application of SFAS 157 when the market for a financial asset is inactive. Specifically, FSP 157-3 clarifies how (1) management's internal assumptions should be considered in measuring fair value when observable data are not present, (2) observable market information from an inactive market should be taken into account, and (3) the use of broker quotes or pricing services should be considered in assessing the relevance of observable and unobservable data to measure fair value. The guidance in FSP 157-3 is effective immediately and is not expected to have a material effect on the Company's financial condition, results of operations or cash flows.

6. In September 2006, the FASB issued SFAS 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans* an amendment of FASB Statements No. 87, 88, 106 and 132(R). SFAS 158 requires financial statement recognition of the overfunded or underfunded status of a defined benefit postretirement plan or other postretirement plan as an asset or liability and recognition of changes in the funded status in comprehensive earnings in the year in which the changes occur, effective for fiscal years ending after December 15, 2006. SFAS 158 also requires that the measurement date for the calculation of plan assets and obligations coincide with a company's fiscal year end date, effective for fiscal years ending after December 15, 2008. On December 30, 2007, the Company adopted the measurement date provision. As of September 27, 2008, retained earnings includes a measurement date adjustment for the net periodic benefit cost of \$801,000, net of tax effect of \$505,000. In addition, accumulated other comprehensive earnings includes a measurement date adjustment to reduce the projected benefit obligation by \$1,315,000, net of tax effect of \$828,000. The adoption of the recognition and measurement provisions of SFAS 158 did not have a material effect on the Company's financial condition, results of operations or cash flows.

PUBLIX SUPER MARKETS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

7. In February 2007, the FASB issued SFAS 159, *The Fair Value Option for Financial Assets and Financial Liabilities*, effective for fiscal years beginning after November 15, 2007. SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be recognized in earnings at each subsequent reporting date. The Company has not elected the fair value option.

8. In December 2007, the FASB issued SFAS 141(R), *Business Combinations*, effective for fiscal years beginning after December 15, 2008. SFAS 141(R) will change the accounting treatment for business combinations on a prospective basis. SFAS 141(R) requires that all assets, liabilities, contingent considerations and contingencies of an acquired business be recorded at fair value at the acquisition date. SFAS 141(R) also requires that acquisition costs be expensed as incurred and restructuring costs be expensed in periods after the acquisition date. SFAS 141(R) will only affect the Company's financial condition or results of operations to the extent it has business combinations after the effective date.

9. In December 2007, the FASB issued SFAS 160, *Noncontrolling Interests in Consolidated Financial Statements*—an amendment of ARB No. 51, effective for fiscal years beginning after December 15, 2008. SFAS 160 requires the noncontrolling interest in a subsidiary be reported as a separate component of stockholders' equity in the consolidated financial statements. SFAS 160 also requires net income attributable to the noncontrolling interest in a subsidiary be reported separately on the face of the consolidated statements of earnings. Changes in ownership interest are to be accounted for as equity transactions and when a subsidiary is deconsolidated, any retained noncontrolling equity investment in the former subsidiary is to be measured at fair value with any gain or loss recognized in earnings. The adoption of SFAS 160 is not expected to have a material effect on the Company's financial condition, results of operations or cash flows.

10. In March 2008, the FASB issued SFAS 161, *Disclosures about Derivative Instruments and Hedging Activities*—an amendment of FASB Statement No. 133, effective for fiscal years beginning after November 15, 2008. SFAS 161 requires enhanced disclosures about an entity's derivative and hedging activities under SFAS 133, *Accounting for Derivative Instruments and Hedging Activities*. The Company does not currently have derivatives or enter into hedging activities as defined by SFAS 133; therefore, the adoption of SFAS 161 is not expected to have an effect on the Company's financial condition, results of operations or cash flows.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations
Overview

The Company is primarily engaged in the retail food industry, operating supermarkets in Florida, Georgia, South Carolina, Alabama and Tennessee. As of September 27, 2008, the Company operated 952 supermarkets, five convenience stores, 42 liquor stores and 41 Crispers restaurants.

Liquidity and Capital Resources

Cash and cash equivalents, short-term investments and long-term investments totaled \$2,359.9 million as of September 27, 2008 as compared with \$2,932.3 million as of December 29, 2007. The decrease in cash and cash equivalents, short-term investments and long-term investments was primarily related to the acquisition of the 49 Albertson's supermarket locations for approximately \$500 million. The Company had auction rate securities (ARS) totaling \$19.8 million as of September 27, 2008 as compared with \$132.5 million as of December 29, 2007.

Beginning in February 2008, as a result of the recent liquidity issues experienced in the global credit and capital markets, auctions for ARS held by the Company failed. An auction fails when secondary market makers withdraw from the auction process that provides rate resets and liquidity. However, a failed auction does not represent a default by the issuer. The underlying issuers of the ARS held by the Company have high credit ratings and continue to pay interest in accordance with the terms of the underlying security. Liquidity will be limited, however, until there is a successful auction or the issuers call the securities. Because of the current absence of a liquid market, the Company has reclassified ARS from short-term to long-term investments in the Company's 2008 condensed consolidated balance sheets. Due to the quality of the ARS held and the Company's ability to maintain the securities, the Company does not expect the valuation of these securities to be impacted by the secondary market issues. In addition, all of the Company's sales or issuer calls of ARS have been at cost. Therefore, no impairment charges have been recorded as of September 27, 2008.

Net cash provided by operating activities

Net cash provided by operating activities was \$1,485.7 million for the nine months ended September 27, 2008 as compared with \$1,420.1 million for the nine months ended September 29, 2007. Any net cash in excess of the amount needed for current operations is invested in short-term and long-term investments.

Net cash used in investing activities

Net cash used in investing activities was \$580.7 million for the nine months ended September 27, 2008 as compared with \$745.9 million for the nine months ended September 29, 2007. For the nine months ended September 27, 2008, the primary use of net cash in investing activities was funding capital expenditures. Capital expenditures totaled \$1,044.3 million. These expenditures were incurred in connection with the opening of 26 net new supermarkets and remodeling 63 supermarkets. Net new supermarkets included 37 new supermarkets opened (including nine replacement supermarkets) and 11 supermarkets closed. Replacement supermarkets opened during the nine months ended September 27, 2008 replaced one supermarket closed in 2007 and eight of the 11 supermarkets closed during the nine months ended September 27, 2008. The remaining three supermarkets closed during the nine months ended September 27, 2008 will be opened as replacement supermarkets in subsequent periods. Net new supermarkets added an additional 1.2 million square feet in the nine months ended September 27, 2008, a 2.8% increase. Expenditures were also incurred for the acquisition of the 49 Albertson's supermarket locations, construction of a second data center, new or enhanced information technology hardware and applications and emergency backup generators. For the same period, the proceeds from the sale and maturity of investments, net of the payment for such investments, were \$453.9 million.

For the nine months ended September 29, 2007, the primary use of net cash in investing activities was funding capital expenditures and net increases in investments. Capital expenditures totaled \$502.3 million. These expenditures were incurred in connection with the opening of 22 net new supermarkets and remodeling 68 supermarkets. Net new supermarkets included 30 new supermarkets opened (including seven replacement supermarkets) and eight supermarkets closed. Replacement supermarkets opened during the nine months ended September 29, 2007 replaced one supermarket closed in 2006 and six of the eight supermarkets closed during the nine months ended September 29, 2007. The remaining two supermarkets closed during the nine months ended September 29, 2007 opened as replacement supermarkets, one in the fourth quarter of 2007 and the other in 2008. Net new supermarkets added an additional 1.0 million square feet in the nine months ended September 29, 2007, a 2.4% increase. Expenditures were also incurred for new or enhanced information technology hardware and applications and emergency backup generators. For the same period, the payment for investments, net of the proceeds from the sale and maturity of such investments, was \$250.6 million.

Capital expenditure projection

Capital expenditures for the remainder of 2008, primarily consisting of new supermarkets, remodeling certain existing supermarkets, remodeling and opening certain of the supermarket locations acquired from Albertson's, constructing a second data center, adding new or enhanced information technology hardware and applications and installing emergency backup generators, are expected to be approximately \$156 million. This capital program is subject to continuing change and review. Also, in the normal course of operations, the Company replaces supermarkets and closes supermarkets that are not meeting performance expectations. The impact of future supermarket closings is not expected to be material.

Net cash used in financing activities

Net cash used in financing activities was \$974.1 million for the nine months ended September 27, 2008 as compared with \$665.6 million for the nine months ended September 29, 2007. The primary use of net cash in financing activities was funding net common stock repurchases and payment of the annual cash dividend. The Company currently repurchases common stock at the stockholders' request in accordance with the terms of the Company's Employee Stock Purchase Plan (ESPP), 401(k) Plan, Employee Stock Ownership Plan (ESOP) and Non-Employee Directors Stock Purchase Plan (Directors Plan). Net common stock repurchases totaled \$637.9 million for the nine months ended September 27, 2008 as compared with \$326.9 million for the nine months ended September 29, 2007. The amount of common stock offered to the Company for repurchase is not within the control of the Company, but is at the discretion of the stockholders. The Company expects to continue to repurchase its common stock, as offered by its stockholders from time to time, at its then current value for amounts similar to those in prior years. However, such purchases are not required and the Company retains the right to discontinue them at any time.

Dividends

The Company paid an annual cash dividend on its common stock of \$0.44 per share or \$364.6 million on June 2, 2008 to stockholders of record as of the close of business on April 25, 2008. In 2007, the Company paid an annual cash dividend on its common stock of \$0.40 per share or \$338.6 million.

Cash requirements

In 2008, the cash requirements for current operations, capital expenditures and common stock repurchases are expected to be financed by internally generated funds or liquid assets. Based on the Company's financial position, it is expected that short-term and long-term borrowings would be readily available to support the Company's liquidity requirements if needed.

Results of Operations

Sales

Sales for the three months ended September 27, 2008 were \$5.8 billion as compared with \$5.6 billion for the three months ended September 29, 2007, an increase of \$209.6 million or a 3.7% increase. The Company estimates that its sales increased \$142.5 million or 2.5% from new supermarkets (excluding replacement supermarkets) and \$67.1 million or 1.2% from comparable store sales (supermarkets open for the same weeks in both periods, including replacement supermarkets). Sales for the nine months ended September 27, 2008 were \$17.9 billion as compared with \$17.1 billion for the nine months ended September 29, 2007, an increase of \$757.7 million or a 4.4% increase. The Company estimates that its sales increased \$398.1 million or 2.3% from new supermarkets and \$359.6 million or 2.1% from comparable store sales. The increase in comparable store sales during the three and nine months ended September 27, 2008 is primarily attributed to increases in retail pricing which are comparable to increases in product costs.

Gross profit

Gross profit (sales less cost of merchandise sold) as a percentage of sales was 26.0% and 26.4% for the three months ended September 27, 2008 and September 29, 2007, respectively. The gross profit percentage was 27.0% for the nine months ended September 27, 2008 and September 29, 2007. The decrease in gross profit as a percentage of sales for the three months ended September 27, 2008 was primarily due to an increase in the LIFO reserve and aggressive promotional pricing. Gross profit as a percentage of sales for the nine months ended September 27, 2008 remained relatively unchanged compared to the nine months ended September 29, 2007.

Operating and administrative expenses

Operating and administrative expenses as a percentage of sales were 21.6% and 21.0% for the three months ended September 27, 2008 and September 29, 2007, respectively. The operating and administrative expenses as a percentage of sales were 21.1% and 20.7% for the nine months ended September 27, 2008 and September 29, 2007, respectively. The increases in operating and administrative expenses as a percentage of sales for the three and nine months ended September 27, 2008 were primarily due to increases in health care costs, workers' compensation and repairs and maintenance expense.

Investment income, net

Investment income, net was \$7.7 million and \$35.8 million for the three months ended September 27, 2008 and September 29, 2007, respectively. Investment income, net was \$82.0 million and \$109.4 million for the nine months ended September 27, 2008 and September 29, 2007, respectively. The decrease in investment income is primarily due to the impairment of AFS securities of \$18.9 million and \$23.3 million for the three and nine months ended September 27, 2008, respectively, and a decrease in interest income resulting from lower average balances due to the acquisition of the 49 Albertson's supermarket locations and lower interest rates.

Income taxes

The effective income tax rates were 33.9% and 35.0% for the three months ended September 27, 2008 and September 29, 2007, respectively. The effective income tax rates were 34.6% and 35.1% for the nine months ended September 27, 2008 and September 29, 2007, respectively. The net decrease in the effective income tax rate is primarily due to the increase in dividends paid to ESOP participants partially offset by decreases in tax exempt interest and deductions for manufacturing production costs.

Net earnings

Net earnings were \$201.8 million or \$0.25 per share and \$249.0 million or \$0.30 per share for the three months ended September 27, 2008 and September 29, 2007, respectively. Net earnings were \$840.7 million or \$1.02 per share and \$873.0 million or \$1.04 per share for the nine months ended September 27, 2008 and September 29, 2007, respectively.

Forward-Looking Statements

From time to time, certain information provided by the Company, including written or oral statements made by its representatives, may contain forward-looking information as defined in Section 21E of the Securities Exchange Act of 1934. Forward-looking information includes statements about the future performance of the Company, which is based on management's assumptions and beliefs in light of the information currently available to them. When used, the words plan, estimate, project, intend, believe and other similar expressions, as they relate to the Company, are intended to identify such forward-looking statements. These forward-looking statements are subject to uncertainties and other factors that could cause actual results to differ materially from those statements including, but not limited to: competitive practices and pricing in the food and drug industries generally and particularly in the Company's principal markets; results of programs to control or reduce costs, improve buying practices and control shrink; results of programs to increase sales, including private-label sales, improve perishable departments and improve pricing and promotional efforts; changes in the general economy; changes in consumer spending; changes in population, employment and job growth in the Company's principal markets; and other factors affecting the Company's business in or beyond the Company's control. These factors include changes in the rate of inflation, changes in state and federal legislation or regulation, adverse determinations with respect to litigation or other claims, ability to recruit and retain employees, increases in operating costs including, but not limited to, labor costs, credit card fees and utility costs, particularly electric utility costs, ability to construct new supermarkets or complete remodels as rapidly as planned and stability of product costs. Other factors and assumptions not identified above could also cause the actual results to differ materially from those set forth in the forward-looking statements. The Company assumes no obligation to update publicly these forward-looking statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company does not utilize financial instruments for trading or other speculative purposes, nor does it utilize leveraged financial instruments. There have been no material changes in the market risk factors from those disclosed in the Company's Form 10-K for the year ended December 29, 2007.

Item 4. Controls and Procedures

As of the end of the period covered by this quarterly report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Exchange Act Rule 13a-15. Based upon this evaluation, the Chief Executive Officer and Chief Financial Officer each concluded that the Company's disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, and that such information has been accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, in a manner that allows timely decisions regarding required disclosure. There have been no changes in the Company's internal control over financial reporting identified in connection with the evaluation that occurred during the quarter ended September 27, 2008, that have materially affected, or are reasonably likely to materially affect, the internal control over financial reporting.

PUBLIX SUPER MARKETS, INC.**PART II. OTHER INFORMATION****Item 1. Legal Proceedings**

As reported in the Company's Form 10-K for the year ended December 29, 2007, the Company is a party in various legal claims and actions considered in the normal course of business. In the opinion of management, the ultimate resolution of these legal proceedings will not have a material adverse effect on the Company's financial condition, results of operations or cash flows.

Item 1A. Risk Factors

There have been no material changes in the risk factors from those disclosed in the Company's Form 10-K for the year ended December 29, 2007.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**Issuer Purchases of Equity Securities**

Shares of common stock repurchased by the Company during the three months ended September 27, 2008 were as follows (amounts are in thousands, except per share amounts):

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs(1)	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs(1)
June 29, 2008 through August 2, 2008	4,683	\$ 19.45	N/A	N/A
August 3, 2008 through August 30, 2008	5,626	19.70	N/A	N/A
August 31, 2008 through September 27, 2008	2,316	19.70	N/A	N/A
Total	12,625	\$ 19.61	N/A	N/A

- (1) Common stock is made available for sale only to the Company's current employees through the Company's ESPP and 401(k) Plan. In addition, common stock is made available under the ESOP. Common stock is also made available for sale to members of the Company's Board of Directors through the Directors Plan. The Company currently repurchases common stock subject to certain terms and conditions. The ESPP, 401(k) Plan, ESOP and Directors Plan each contain provisions prohibiting any transfer for value without the owner first offering the common stock to the Company.

The Company's common stock is not traded on any public stock exchange. The amount of common stock offered to the Company for repurchase is not within the control of the Company, but is at the discretion of the stockholders. The Company does not believe that these repurchases of its common stock are within the scope of a publicly announced plan or program (although the terms of the plans discussed above have been communicated to the participants). Thus, the Company does not believe that it has made any repurchases during the three months ended September 27, 2008 required to be disclosed in the last two columns of the table.
