EXPLANATORY NOTE

Comstock Homebuilding Companies, Inc. (the Company) is filing this Amendment No. 1 on Form 10-Q/A to our Quarterly Report of Form 10-Q for the three months ended March 31, 2009, filed with the Securities and Exchange Commission on May 13, 2009, to incorporate additional disclosure in Item 4. Controls and Procedures and to correct certain errors and omissions in the Exhibit 31 certification required by Exchange Act Rule 3a-14(a) or Rule 15d-14(a). Except as specifically indicated herein, no other information included in the Quarterly Report of Form 10-Q is amended by this Amendment No. 1 of Form 10-Q/A.

ITEM 4. CONTROLS AND PROCEDURES

As of the end of the period covered by this report, our Chairman and Chief Executive Officer and Chief Financial Officer have reviewed and evaluated the effectiveness of our disclosure controls and procedures, which included inquiries made to certain other employees. Based on their evaluation, our Chairman and Chief Executive Officer and Chief Financial Officer have each concluded that our disclosure controls and procedures are effective and sufficient to ensure that we record, process, summarize, and report information required to be disclosed by us in our periodic reports filed under the Securities Exchange Act within the time periods specified by the Securities and Exchange Commission's rules and forms and are also effective to ensure that information required to be disclosed in the reports we file or submit under the Exchange Act is accumulated and communicated to management, including our Chief Executive and Chief Financial Officers, to allow timely decisions regarding required disclosure.

We do not expect that our disclosure controls and internal controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, a control may become inadequate because of changes in conditions or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and may not be detected.

There has been no change in the Company's internal control over financial reporting during the Company's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
