**Item 7.01 Regulation FD Disclosure.**

YRC Worldwide Inc. (the Company) has released a notice to the Depository Trust & Clearing Corporation (DTCC) regarding the automatic conversion of its Class A convertible preferred stock to common stock if it obtains stockholder approval of an amendment to its certificate of incorporation to increase the number of authorized shares of common stock at a special meeting of the stockholders on February 17, 2010. In such event, the Company anticipates filing an amendment to its certificate of incorporation on February 18, 2010 and settling the conversion of preferred stock with DTCC on February 18, 2010 (the conversion date). If all shares of preferred stock are converted, there will be approximately one billion shares of common stock outstanding as of the conversion date.

The notice states that holders who may hold more than 9.9% of the Company's common stock on the conversion date if all of their shares of preferred stock are automatically converted to common stock should request their broker to DWAC their position in both common stock and preferred stock to the Company's transfer agent, Computershare Trust Company, no later than February 8, 2010. This will permit the Company to instruct the transfer agent to convert only such number of shares of preferred stock so that the holder holds no more than 9.9% of the Company's common stock on the conversion date.

If fewer than all shares of preferred stock are converted to common stock on the conversion date, the Company anticipates that fewer than approximately one billion shares of common stock will be outstanding as of such date. The Company cannot guarantee the number of shares of common stock that will be outstanding on the conversion date.

This summary does not purport to be complete and is subject to and qualified in its entirety by reference to the full text of the notice, which is attached hereto as Exhibit 99.1 and is incorporated by reference.
