PROXY STATEMENT

For 2010 Annual Meeting of Stockholders

BACKGROUND

This Proxy Statement and the accompanying form of proxy are being furnished in connection with the solicitation by the Board of Directors of Universal Stainless & Alloy Products, Inc., a Delaware corporation ("Universal Stainless" or the "Company"), of proxies to be voted at this Annual Meeting of Stockholders. This Proxy Statement and form of proxy are first being sent or given to the stockholders on or about April 19, 2010. The cost of solicitation of proxies will be borne by Universal Stainless, including expenses incurred in connection with the preparation and mailing of the Proxy Statement. The solicitation will be by mail and may also be made personally and by telephone by directors, officers and employees of Universal Stainless, without any compensation, other than their regular compensation as directors, officers or employees. Arrangements will be made with brokerage houses, banks and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of the Company's common stock, and Universal Stainless will reimburse them for reasonable out-of-pocket expenses incurred by them in connection therewith.

VOTING PROCEDURES

Who May Vote

Universal Stainless common stockholders of record at the close of business on March 23, 2010 are entitled to vote at the Annual Meeting. Stockholders have one vote per share on each matter being voted on.

Voting Methods

Stockholders of record may complete, sign, date and return their proxy cards in the postage-paid envelope provided. If you sign, date and return your proxy card but do not mark any voting selections, your shares represented by your proxy card will be voted as recommended by the Board of Directors.

If you hold your shares in a broker, bank or other nominee account, you are a beneficial owner of Universal Stainless common stock. In order to vote your shares, you must give voting instructions to the nominee holder of your shares. Universal Stainless asks the nominee holders to obtain voting instructions from the beneficial owners of shares. Proxies that are transmitted by nominee holders on behalf of beneficial owners will be voted as instructed by the nominee holder.

Finally, you may vote in person if you attend the Annual Meeting. You may obtain directions to attend the Annual Meeting and vote in person by contacting Paul A. McGrath, Secretary, at (412) 257-7600.

We urge you to return the proxy card promptly.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the Annual Meeting by:

- Notifying the Secretary of Universal Stainless in writing that you have revoked your proxy;

Table of Contents

- Sending a revised proxy dated later than the earlier proxy; or
- Voting in person at the Annual Meeting.

Quorum and Voting Information

A quorum is required to conduct business at the Annual Meeting. As of the record date, 6,774,604 shares of Universal Stainless common stock were issued and outstanding. A majority of the outstanding shares, present in person or represented by proxy, constitutes a quorum. If you submit a properly executed proxy card, even if you abstain from voting or withhold votes from director nominees, you will be considered part of the quorum. Broker non-votes also count as shares present for purposes of determining whether a quorum is present.

Abstentions are counted in tabulations of the votes cast by stockholders on each proposal (other than with regard to the election of directors) and will have the effect of a negative vote. Brokers who hold shares in street name for customers have the authority to vote only on certain routine matters in the absence of instruction from the beneficial owners. A broker non-vote occurs when the broker does not have the authority to vote on a particular proposal in its discretion in the absence of voting instructions. The ratification of the appointment of Schneider Downs & Co. as the Company's independent registered public accountants is considered a routine matter with respect to which brokers will have the authority to vote in the absence of voting instructions. Brokers will not have the authority in the absence of voting instructions to vote in the election of directors or with respect to the approval of an amendment to the Company's Stock Incentive Plan to reserve an additional 400,000 shares of common stock for issuance under the plan. Under applicable Delaware law, broker non-votes will not be counted for purposes of determining whether any proposal has been approved and are not expected to have any effect on the outcome of any proposal to be considered at the Annual Meeting.

The affirmative vote of a plurality of the shares of common stock represented in person or by proxy at the Annual Meeting and entitled to vote thereon is required for the election of directors. With regard to the election of directors, votes may be cast in favor of nominees or withheld.

The approval of an amendment to the Company's Stock Incentive Plan to reserve an additional 400,000 shares of common stock for issuance under the plan requires the affirmative vote of a majority of the shares of common stock present and entitled to vote thereon at the meeting.

The ratification of the appointment of our independent registered public accountants requires the affirmative vote of a majority of the shares of common stock present and entitled to vote thereon at the meeting.

Confidential Voting Policy

Universal Stainless maintains a policy of keeping stockholder votes confidential. Overall voting results for the matters considered at the Annual Meeting will be disclosed publicly in accordance with applicable rules and regulations of the Securities and Exchange Commission.

PROPOSALS YOU MAY VOTE ON

1. Election of Directors

There are five nominees for election this year. Detailed information on each nominee is provided under the heading "Nominees for Election as Directors." All directors are elected annually and serve a one-year term until the next Annual Meeting, or until their successors are duly elected and qualified. If any director is unable to stand for re-election, the Board may reduce its size or designate a substitute. If a substitute is designated, shares represented by validly submitted and unrevoked proxies that would have been voted for the original candidate will be voted for the substituted candidate.

Table of Contents

Clarence M. McAninch was not eligible for nomination as a director under the Company's mandatory retirement policy for directors. The Company wishes to thank Mr. McAninch for his vision as founder of the Company, his many years of service and the many contributions he has made to the Board of Directors.

The Board of Directors unanimously recommends a vote FOR each of the nominee directors.

2. Approval of an amendment to the Company's Stock Incentive Plan to reserve an additional 400,000 shares of common stock for issuance under the plan.

The Company instituted its Stock Incentive Plan (the Plan) in September 1994, and the Plan most recently was amended in 2007. An aggregate of 1,350,000 shares of common stock is currently authorized for issuance under the Plan. As of December 31, 2009, options (net of cancelled or expired options) covering an aggregate of 1,210,832 shares of the Company's common stock have been granted under the Plan, of which options to purchase 649,532 shares have been exercised.

The Plan is designed to attract, retain and motivate employees and directors. Awards made pursuant to the Plan are an important component of the Company's overall compensation program because the Board of Directors believes that compensation should be strongly linked to Company performance. Moreover, the Board of Directors believes that the Plan can be used to promote profitability by aligning the interests of directors and employees with those of stockholders.

Accordingly, on February 5, 2010, the Board of Directors adopted an amendment to the Plan, subject to stockholder approval, to increase the number of shares of common stock authorized for issuance under the Plan from 1,350,000 shares to 1,750,000 shares, an increase of 400,000 shares. The Board of Directors adopted this amendment to ensure that the Company can continue to grant awards to directors, officers and employees at levels determined appropriate by the Board of Directors and the Compensation Committee.

Stockholders are requested in this Proposal No. 2 to approve the amendment to the Plan. The affirmative vote of the holders of a majority of the shares of common stock that are represented in person or by proxy and entitled to vote thereon at the meeting will be required to approve the amendment to the Plan. As a result, abstentions will have the same effect as negative votes. If the stockholders do not approve the amendment to the Plan, the Plan as amended will not become effective. Instead, the Plan and all outstanding awards in effect prior to the adoption of the amendment by the Board of Directors will continue, and new awards may be granted under the Plan up to the number of shares previously reserved for issuance under the Plan. The Company reserves the right to adopt such other compensation plans and programs from time to time as it deems appropriate and in the best interests of the Company and its stockholders.

The principal provisions of the Plan, as amended, are summarized below. The following summary of the material provisions of the Plan does not purport to be complete and is qualified in its entirety by the terms of the Plan, a complete copy of which, as amended, is attached hereto as Appendix A. On April 15, 2010, the market price per share of the Company's common stock was \$24.92 based on the closing price of the common stock on The Nasdaq Global Market on that date.

Stock Incentive Plan

Certain directors and employees of the Company and its subsidiaries may be granted options to purchase shares of common stock of the Company under the Plan. The Company currently has 453 employees, including four executive officers and other key employees, and five directors eligible to receive awards under the Plan. As of December 31, 2009, awards had been made to approximately 29 individuals. A maximum of 1,750,000 shares of common stock may be made the subject of options granted under the Plan. That number of shares may be adjusted in the event of certain changes in the capitalization of the Company.

Table of Contents

The Plan provides that it may be administered by the Board of Directors or a committee appointed by the Board of Directors. The Board of Directors has appointed the Compensation Committee as the committee to administer the Plan. Subject to the terms of the Plan, the Compensation Committee determines the employees who will receive grants of options, the number of shares of common stock subject to each option, the grant date, the expiration date, and other terms and conditions for the options. Options granted to non-employee directors are governed by the formula discussed below. The Compensation Committee has the authority to construe and interpret the provisions of the Plan or the options granted thereunder. Options granted under the Plan may not be transferred to another person except by will or the laws of descent and distribution.

At the Compensation Committee's discretion, payment for shares of common stock on the exercise of stock options may be made in cash, shares of the Company's common stock held by the participant or in any other form of consideration acceptable to the Compensation Committee (including one or more forms of "cashless" exercise).

Director Options

Directors who are not employees of the Company and do not, together with family members, own in excess of five percent of the Company's outstanding common stock ("Eligible Directors") will be granted options to purchase 10,000 shares of the Company's common stock annually in quarterly increments of 2,500 shares. The grants will be made following each Annual Meeting of Stockholders on the following dates: May 31, August 31, November 30 and February 28. The per share exercise price will be equal to the closing price of a share of the Company's common stock on The Nasdaq Global Market for the trading day immediately preceding the date on which the option is granted. Options granted to Eligible Directors will vest in three annual installments beginning on the first anniversary of the grant date, at which time 33% of the options shall vest, and on the second anniversary date of the original grant, at which time an additional 33% of the options shall vest, and the balance of the options shall vest on the third anniversary date of the original grant. Options granted to Eligible Directors will expire 10 years from the option grant date. Of the current directors, Messrs. Ayers, Dunn, Kornblatt, McAninch and Toledano are Eligible Directors.

If a non-employee director ceases to serve as a director of the Company, the options that have been previously granted to that director and that are vested as of the date of such cessation may be exercised by the director after the date that the director ceases to be a director of the Company. If an Eligible Director ceases to serve as a director of the Company or its subsidiaries due to the mandatory retirement policy, the options that have been previously granted to that Eligible Director will continue to vest as specified in the grant and may be exercised by the Eligible Director after the date such Eligible Director ceases to be a director of the Company or its subsidiaries. If an Eligible Director dies while a director of the Company or its subsidiaries, or subsequent to the Eligible Director retiring due to the mandatory retirement policy, the options that have been previously granted to that Eligible Director and that are vested as of the date of such death may be exercised by the administrator of the Eligible Director's estate, or by the person to whom such options are transferred by will or the laws of descent and distribution. In no event, however, may any option be exercised after the expiration date of such option.

Employee Options

Each employee who is granted a stock option by the Compensation Committee will receive an option agreement specifying the terms and conditions, as determined by the Compensation Committee, that apply to the option. No employee may be granted options in any calendar year to purchase more than 100,000 shares of common stock. The option exercise price may not be less than the closing price of a share of the Company's common stock on The Nasdaq Global Market on the trading day immediately preceding the date on which the option is granted. Unless the Compensation Committee provides otherwise, options granted to employees will vest in four equal annual installments beginning on the first anniversary of the grant date. Options granted to employees will be designated by the Compensation Committee as either incentive stock options which qualify for special tax treatment or non-qualified stock options. Employee options will terminate as specified in the applicable option agreement, but not later than 10 years from the date the option is granted.

Table of Contents

Options granted to employees pursuant to the Plan generally may not be exercised more than three months after the option holder ceases to be an employee of the Company, except that, in the event of the death or permanent and total disability of the option holder, the option may be exercised by the holder (or the holder's estate, as the case may be), for a period of up to one year after the date of death or permanent and total disability. Options terminate immediately if the employee is terminated for cause.

Amendment or Termination

The Board of Directors of the Company has the power to terminate or amend the Plan at any time. If the Board of Directors does not take action to earlier terminate the Plan, it will terminate on January 26, 2012. Certain amendments may require the approval of the Company's stockholders under applicable law or the rules of any stock exchange on which the Company's stock is listed, and no amendment may adversely affect options that have previously been granted.

Federal Income Tax Consequences Relating to Options

In general, an optionee will not recognize taxable income upon the grant or exercise of an incentive stock option (ISO), and the Company and its subsidiary will not be entitled to any business expense deduction with respect to the grant or exercise of an ISO. (However, upon the exercise of an ISO, the excess of the fair market value on the date of exercise of the shares received over the exercise price of the shares will be treated as an adjustment to alternative minimum taxable income.) In order for the exercise of an ISO to qualify for this tax treatment, the optionee generally must be an employee of the Company or its subsidiaries (within the meaning of Section 422 of the Internal Revenue Code) from the date the ISO is granted through the date three months before the date of exercise (one year preceding the date of exercise in the case of an optionee who is terminated due to disability). In addition, an option will not be treated as an ISO to the extent that the fair market value of stock with respect to which ISOs first become exercisable during any calendar year exceeds \$100,000.

If the optionee has held the shares acquired upon exercise of an ISO for at least two years after the date of grant and for at least one year after the date of exercise, when the optionee disposes of the shares, the difference, if any, between the sales price of the shares and the exercise price of the option will be treated as long-term capital gain or loss. If the optionee disposed of the shares prior to satisfying these holding period requirements (a disqualifying disposition), the optionee will recognize ordinary income at the time of the disqualifying disposition, generally in an amount equal to the excess of the fair market value of the shares at the time the option was exercised over the exercise price of the options. The balance of the gain realized, if any, will be long-term or short-term capital gain, depending upon whether or not the shares were sold more than one year after the option was exercised. If the optionee sells the shares in a disqualifying disposition at a price below the fair market value of the shares at the time the option was exercised, the amount of ordinary income will be limited to the amount realized on the sale over the exercise price of the option. The Company and its subsidiaries will be allowed a business expense deduction to the extent the optionee recognized ordinary income.

In general, an optionee who receives a non-qualified stock option will recognize no income at the time of the grant of the option. Upon exercise of a non-qualified stock option, an optionee will recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date of exercise over the exercise price of the option. The optionee's tax basis in shares acquired upon exercise of a non-qualified stock option will be the fair market value on the date income is recognized, and the optionee's holding period will commence on that date. The Company and its subsidiaries will be entitled to a business expense deduction in the same amount and at the same time as the optionee recognizes ordinary income.

Table of Contents**Stock Incentive Plan Benefits**

The following table shows in the aggregate the options that will be granted to Eligible Directors in fiscal year 2010 under the Plan if the stockholders approve the amendments to the Plan. Because future awards to executive officers and employees of the Company are discretionary and cannot be determined at this time, the table does not reflect any such awards.

Name and Position	Dollar Value (\$)	Number of Shares
Non-Executive Directors, as a group (5 persons)	Not Determinable ⁽¹⁾	42,500

(1) The exercise price of the options to acquire shares of common stock will be the closing price of a share of the Company's common stock on The Nasdaq Global Market for the trading day immediately preceding the date on which the option is granted.

Securities Authorized for Issuance under Equity Compensation Plans

The following table sets forth certain information as of December 31, 2009 with respect to Company's equity compensation plans:

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders:			
Stock Incentive Plan	561,300	\$ 20.37	139,168
Employee Stock Purchase Plan			36,933
Equity compensation plans not approved by security holders			
Total	561,300	\$ 20.37	176,101

The Board of Directors unanimously recommends a vote FOR the approval of an amendment to the Company's Stock Incentive Plan to reserve an additional 400,000 shares of common stock for issuance under the plan.

3. Ratification of the Appointment of Schneider Downs & Co., Inc. as the Company's Independent Registered Public Accountants for 2010.

The Audit Committee has appointed Schneider Downs & Co., Inc. (SD) as our independent registered public accountants for 2010. The Board has directed that the appointment of the independent registered public accountants be submitted for ratification by the stockholders at the Annual Meeting. SD has served as our independent registered public accountants since 2003.

Stockholder ratification of the selection of SD as Universal Stainless' independent registered public accountants is not required by Universal Stainless' By-laws or otherwise. However, the Board of Directors is submitting the appointment of SD to the stockholders for ratification as a matter of what it considers to be best practices in corporate governance. If the stockholders fail to ratify the appointment, the Audit Committee will retain discretion as to whether or not to retain SD. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interest of Universal Stainless and its stockholders.

The Board of Directors unanimously recommends a vote FOR the ratification of the appointment of Schneider Downs & Co., Inc. as the Company's independent registered public accountants for 2010.

Ayers, Dunn and Toledano have no relationship with the Company other than as disclosed in this Proxy Statement and are independent under applicable Nasdaq rules. Mr. Kornblatt is Senior Vice President and Chief Financial Officer of Triumph Group, Inc., which made purchases from the Company of approximately \$53,000 in 2008, no purchases in 2009 and may make an estimated \$50,000 of purchases in 2010. The Board of Directors determined that Mr. Kornblatt's relationship is immaterial because of the relatively small amount of purchases involved, as well as the fact that Mr. Kornblatt did not receive any direct benefits from Triumph's ordinary course business transactions with the Company, all of which were negotiated at arm's-length with Triumph and involved prevailing market prices. As a result, the Board of Directors concluded that this relationship would not impair Mr. Kornblatt's independence and that he also is independent under applicable Nasdaq rules.

As part of regular meetings, the Board of Directors oversees the executive officers' management of risks relevant to the Company. While the full Board of Directors has overall responsibility for risk oversight, the Board of Directors has delegated responsibility related to certain risks to the Audit Committee and the Compensation Committee. The Audit Committee is responsible for overseeing management of risks related to the Company's financial statements and financial reporting process, the qualifications, independence and performance of the Company's independent accountants and the performance of the Company's internal audit function. The Compensation Committee is responsible for overseeing management of risks related to compensation of the Company's executive officers and the Company's equity-based and certain other compensation plans. The full Board of Directors regularly reviews reports from management on various aspects of the Company's business, including related risks, tactics and strategies for addressing them.

Committees of the Board of Directors

The standing Committees of the Board of Directors are the Audit Committee, Compensation Committee and Nominating and Governance Committee. The Board of Directors has determined that each member of each of these committees meets the independence standards under applicable Nasdaq rules. The Board of Directors has adopted a written charter for the Audit Committee and the Nominating and Governance Committee. A current copy of the charter for each of these committees is available on the Company's website at www.univstainless.com. The Compensation Committee does not have a written charter.

The Audit Committee currently consists of Mr. Dunn as Chairman and Messrs. Ayers, Kornblatt and Toledano. The Audit Committee reviews the scope and timing of services of Universal Stainless' independent registered public accountants. The Audit Committee reports on Universal Stainless' financial statements following completion of the independent registered public accountants' audit, and Universal Stainless' policies and procedures with respect to internal accounting and financial controls. In addition, the Audit Committee appoints the independent registered public accountants for the ensuing year, and the Chairman of the Audit Committee conducts reviews of the financial reports with management of the Company and the Company's independent registered public accountants. The Board of Directors also has delegated to the Audit Committee responsibility for reviewing and approving related party transactions, which the Company defines as those required to be disclosed by applicable regulations of the Securities and Exchange Commission, as those regulations may be amended or modified from time to time. While the Audit Committee has no written policies for the review and approval of related party transactions, the Audit Committee will analyze any proposed related party transactions against reasonable business practices.

Table of Contents

The Compensation Committee currently consists of Mr. Toledano as Chairman, and Messrs. Ayers, Dunn and Kornblatt. The Compensation Committee reviews and authorizes the compensation and benefits of all officers of Universal Stainless, reviews general policy matters relating to compensation and benefits of employees of Universal Stainless, and administers Universal Stainless' Stock Incentive Plan.

The Nominating and Governance Committee currently consists of Mr. Kornblatt as Chairman, and Messrs. Ayers, Dunn and Toledano. The Nominating and Governance Committee recommends candidates to be nominated by the Board of Directors for election by the stockholders to serve on the Board of Directors and creates and maintains the overall corporate governance policies for the Company.

The Nominating and Governance Committee will consider candidates proposed by the stockholders of the Company, taking into consideration the needs of the Board of Directors and the candidate's qualifications. While we do not have a formal diversity policy, in order to find the most valuable talent available to meet these criteria, the Board of Directors generally considers candidates diverse in geographic origin, background and professional experience. Our goal is to include board members with the skills and characteristics that, taken together, will facilitate a strong and effective Board of Directors. The Nominating and Governance Committee considers the particular experience, attributes, reputation and qualifications of directors standing for re-election and potential nominees for election, as well as the needs of our board of directors as a whole and its individual committees. The Nominating and Governance Committee's evaluation process does not vary based on whether the candidate is recommended by a stockholder.

To have a candidate considered by the Nominating and Governance Committee and the Board of Directors, a stockholder must submit the recommendation in writing to the Company's Secretary at the address given on the first page of this Proxy Statement and must include the following information with the recommendation:

- the name and address of the proposed candidate;
- the proposed candidate's resume or a list of his or her qualifications;
- a description of any relationship that could affect such person's qualification as an independent director;
- a confirmation of such person's willingness to serve as a director if selected by the Nominating Committee and nominated by the Board of Directors;
- the name of the stockholder submitting the name of the proposed candidate; and
- any information about the proposed candidate that would, under the federal proxy rules, be required to be included in the Company's proxy statement if such person were a nominee.

The stockholder recommendation and information described above must be received by the Company's Secretary not less than 120 days in advance of the anniversary date of the release of the proxy statement for the most recent annual meeting of stockholders in order to allow for timely consideration.

Director Compensation

Members of the Board of Directors of Universal Stainless who are employed by Universal Stainless presently receive no additional remuneration for acting as directors. Universal Stainless compensates its non-employee directors at the rate of \$20,000 per year, plus \$2,500 for each regular quarterly meeting of the Board of Directors attended. In addition, Universal Stainless reimburses directors for reasonable out-of-pocket expenses incurred by them in connection with their attendance at Board of Directors and Committee meetings. In April 2009, the Board of Directors approved a fee of \$750.00 to each non-employee director for the attendance at each meeting held in addition to the regularly scheduled meetings as referenced above. The additional fees payable to a director for attendance at the non-regular quarterly meetings will not exceed \$10,000.00 in the aggregate for each annual period during the director's term.

Table of Contents

The members of the Board of Directors of Universal Stainless who also serve as members of the Audit Committee or Compensation Committee receive \$1,000 for each regularly scheduled Audit Committee or Compensation Committee meeting attended. Two regularly scheduled Audit Committee meetings typically are held in the first quarter of the year, and one meeting typically is held in each of the remaining quarters of the year. Four regularly scheduled Compensation Committee meetings ordinarily are held during the year.

Certain members of the Board of Directors of Universal Stainless are also eligible for the grant of options under the Company's Stock Incentive Plan. Eligible Directors are directors who are not employees of Universal Stainless and do not own in excess of 5% of the Company's outstanding common stock. Eligible Directors are granted options to purchase 10,000 shares per year of common stock in four equal installments of 2,500 shares. The installments are granted on May 31, August 31, November 30 and February 28 of each year. The per share exercise price is equal to the closing price of a share of the Company's common stock on The Nasdaq Global Market for the trading day immediately preceding the date of the grant. Options granted to Eligible Directors vest in three installments beginning on the first anniversary of the grant date, at which time 33% of the options will vest. On the second anniversary of the grant date, an additional 33% of the options will vest, and the remainder of the options will vest on the third anniversary of the grant date. Options granted to Eligible Directors will expire on the tenth anniversary of the grant date. All of the current directors who are not employees of Universal Stainless are Eligible Directors.

If an Eligible Director ceases to serve as a director of Universal Stainless, the options that were previously granted to that director and that are vested as of the date of such cessation may be exercised by the director after the date that the director ceases to be a director of Universal Stainless. If an Eligible Director ceases to serve as a director of the Company or its subsidiaries due to the Company's mandatory retirement policy for directors, the options that were previously granted to that Eligible Director will continue to vest as specified in the grant and may be exercised by the Eligible Director after the date such Eligible Director ceases to be a director of the Company or its subsidiaries. If an Eligible Director dies while a director of Universal Stainless, the options that have been previously granted to that director and that are vested as of the date of his or her death may be exercised by the administrator of the director's estate, or by the person to whom those options are transferred by will or the laws of descent and distribution. In no event, however, may any option be exercised after the expiration date of such option.

Mandatory Retirement Policy

The Board of Directors has adopted a mandatory retirement policy with respect to the Company's directors. Under the policy, directors who attain the age of 75 prior to an annual meeting of the Company's stockholders are not eligible to be nominated for re-election to the Company's Board of Directors at that annual meeting.

Stockholder Communications with Directors

The Board of Directors has approved a process for stockholders to communicate with its members. Stockholders and other interested parties who wish to communicate with our directors may address their correspondence to the Board of Directors as a whole, to a particular director, to the non-employee directors as a group or any other group of directors or committee of the Board, in care of Paul A. McGrath, Secretary, Universal Stainless & Alloy Products, Inc. at the address given on the first page of this Proxy Statement. Unless the communication is primarily commercial in nature or pertains to a topic that is irrelevant or improper for director consideration, the Secretary will forward the communication to the director or directors to whom it is addressed. Any communication involving solely a request for information about the Company, such as an inquiry about stock-related matters, may be handled directly by the Secretary.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Program Objective

The Company's Compensation Committee is responsible for establishing and administering the Company's policies governing the compensation of its executive officers, who are appointed by the Company's Board of Directors. The Compensation Committee is composed entirely of non-employee directors. The primary objective of the Company's executive compensation program is to attract, motivate and retain the executive talent needed to achieve the Company's business strategies and long-range plans and to optimize stockholder value in a competitive environment.

The Compensation Committee employs the following principles to provide an overall framework for the compensation of the Company's executive officers:

- reward outstanding performance;
- motivate executive officers to perform to the fullest of their abilities;
- tie a significant portion of executives' total compensation to the Company's annual and long-term financial performance and the creation of stockholder value;
- encourage executives to manage from the perspective of stockholders as a result of their equity stakes in the Company;
- offer compensation opportunities that attract and motivate the best talent; and
- retain those with leadership abilities and skills necessary for building long-term stockholder value.

Compensation Categories

The Compensation Committee considers all elements of compensation when determining total compensation and the individual components of total compensation. The Compensation Committee allocates total compensation between that being paid currently and long-term compensation, cash and non-cash compensation and equity and other forms of non-cash compensation. The Compensation Committee believes that each of these compensation categories provides incentives and rewards to address different elements of the compensation program's objective, and when considered together serve to achieve the company's overall compensation objectives.

The Compensation Committee examines each of the compensation principles to determine the basis for allocating compensation to each different form of award. For example, the Compensation Committee examines the relationship of the award to the achievement of the Company's long-term goals, management's exposure to downside equity performance risk and the analysis of the cost to the company versus expected benefit to the executive. As part of this analysis, the Compensation Committee believes that a meaningful portion of each executive's compensation should be placed at-risk and linked to the accomplishment of results that are expected to lead to the creation of value for the Company's stockholders from both the short-term and long-term perspectives.

The Compensation Committee recognizes that currently paid cash compensation provides its executives with short-term rewards for success in achieving individual and Company performance goals. Currently paid cash consideration includes base salary and annual cash incentive compensation. The Compensation Committee believes that providing executives with competitive currently paid cash consideration is a central element of attracting, retaining and motivating high quality executives.

The Compensation Committee believes that currently paid non-cash compensation provides its executives with similar benefits as currently paid cash compensation. Items of currently paid non-cash compensation for certain named executive officers include a Company provided vehicle or car allowance, Company sponsored health insurance and other non-cash benefits.

Table of Contents

The Compensation Committee believes that long-term compensation is best provided by stock ownership by management, which ties a significant portion of management's compensation to the Company's long-term performance and success. Equity compensation items such as stock options and the Company's employee stock purchase program align the executive's compensation potential with the performance of the Company and the creation of value for our stockholders.

Compensation Elements

Our executive compensation program consists primarily of the following elements:

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of the executive officers in their roles. When establishing the 2009 base salaries of the executive officers other than the Chief Executive Officer, the Compensation Committee and our Chief Executive Officer considered a number of factors, including the seniority of the individual, the functional role of the position, the level of the individual's responsibility, the historical base salary of the individual, the terms of the individual's employment agreement and the recommendations from the Chief Executive Officer. The Compensation Committee considered these same factors in establishing the base salary of the Chief Executive Officer, as well as additional factors such as the Chief Executive Officer's industry experience and profile. In addition, the Compensation Committee considered competitive market practices with respect to these salaries based on the Compensation Committee members' knowledge of the market and publicly-available data on certain competitor companies provided by management, although it did not set base salaries according to specific benchmarking standards. The competitor companies included in the data provided by management are Allegheny Technologies Incorporated, Carpenter Technology Corporation and AK Steel Corporation, which are the companies with whom we compete most directly for executive talent.

The salaries of the executive officers are reviewed on an annual basis, as well as at the time of promotion or other changes in responsibilities, and modified for merit, the general performance of the Company, the executive's success in meeting or exceeding individual performance objectives and if significant corporate goals were achieved. If necessary, the Compensation Committee also reviews base salaries with market levels for the same positions in the companies of similar size to the Company represented in the compensation data it reviews. The terms of the employment agreements with the executive officers are also considered in the annual salary review process. In addition, the Compensation Committee also evaluates the performance of the Company and general market conditions. In 2009, except for contractual base salary obligations, no base salary increase adjustments were approved.

Annual Incentive Compensation

In 2009, the Company's variable compensation program included eligibility for an annual performance-based discretionary cash compensation for senior management, including each of the executive officers. The amount of the cash compensation depended on the level of achievement of corporate, department and individual performance expectations, with a target incentive compensation for executive officers generally set as a percentage of base salary. For 2009, the Compensation Committee evaluated the economic conditions affecting the Company and determined that the Company would not issue any variable compensation to the Chief Executive Officer or the other named executive officers in 2009 except as contractually required. The past awards of variable compensation to the Chief Executive Officer and the other named executive officers are reflected in the Summary Compensation Table below. The Compensation Committee considered: safety, quality, customer satisfaction, efficiencies, cash flow and business development when considering each executive officer and the level of influence that each one had related to areas of consideration when determining the executive officer's discretionary cash incentive compensation.

In 2010, the Compensation Committee has adopted a variable compensation plan that will align the compensation with the performance expectations of the Board of Directors to motivate and reward executive officers and senior

Table of Contents

management for the achievement of Company performance metrics. The performance metrics are tied to the annual budget. The budget plan for a given fiscal year is developed at the business unit and corporate levels and is then reviewed and approved by our Board of Directors. Each of the executive officers and senior management are eligible for variable compensation expressed as a percentage of their individual base salary. Performance criteria under the Company's variable compensation plan are adjusted to eliminate the effects of accounting changes, unplanned acquisitions and other unforeseen changes that have an effect on the performance measurements. The Company's variable compensation plan also allows the Chief Executive Officer to recommend, and the Compensation Committee to award, additional discretionary bonuses to employees, including executive officers, based on outstanding individual performance.

In order to align the incentive with the interests of the shareholders, the variable compensation plan will have metrics for Earnings per Share (EPS), and Return on Net Assets (RONA). The Compensation Committee considers EPS to be a fair measure of management's performance and RONA to be a fair measurement of longer-term management of the Company's assets. Recognizing that customer retention and growth is important to the long-term performance of the Company, another targeted goal is established for On Time Performance (OTP) based on the importance that OTP has in retaining and acquiring new customers. Each executive is also evaluated on their personal objectives for the year, and a portion of their variable compensation is based on meeting those objectives.

For the Chief Executive Officer, the annual variable compensation metrics include a threshold metric which is equal to 50% of his annual base salary and a target metric which is equal to 100% his annual base salary, with a maximum aggregate amount of annual variable compensation equal to 150% his annual base salary. The other executive officers have annual variable compensation threshold metrics of 33% of their annual base salary and target metrics of 67% of their annual base salaries, with a maximum aggregate amount of annual variable compensation equal to 100% of their annual base salaries. Senior management employees have variable compensation thresholds, targets and maximums that are set by the Chief Executive Officer, with the approval of the Compensation Committee.

Stock Incentive Plan

The purpose of the Company's Stock Incentive Plan is to provide long term additional incentive for the Company's directors and key employees to further the growth, development and financial success of the Company and its subsidiaries by allowing them to personally benefit through the ownership of the Company's common stock. The Board of Directors also believes that the Stock Incentive Plan enables the Company to obtain and retain the services of the directors and key employees who are considered essential to the Company's long-range success by offering them an opportunity to own shares of the Company's common stock. The Stock Incentive Plan aligns employee's interests with those of the stockholders because options only have realizable value if the price of the Company's stock increases after the options are granted, and the Board of Directors believes that options are the best mechanism for optimizing executive officers' long-term performance incentives given the cyclical nature of the Company's industry.

The number of options granted to an executive officer under the Stock Incentive Plan is intended to reward prior year individual performance and increase the potential of retaining the individual. Generally, the Compensation Committee does not consider an executive officer's equity holdings or previous equity grants in determining the number of equity incentive awards to be granted. The Compensation Committee believes that the Company's executive officers should be fairly compensated each year relative to market pay levels and relative to the Company's other executive officers. Moreover, the Compensation Committee believes that the Company's long-term incentive compensation program furthers the Company's emphasis on a positive correlation between compensation and performance.

The Compensation Committee is the plan administrator for the Stock Incentive Plan. In prior years, the Compensation Committee granted annual awards to executive officers, with the exercise price of the grant being

Table of Contents

the closing price of the Company's common stock on The Nasdaq Global Market on the trading day immediately preceding the date of grant. This practice was consistent, and no grants were coordinated with the public release of non-public material information. The equity awards made in 2007, 2008 and 2009 are reflected in the Summary Compensation Table below. Generally, grants of stock options are earned on the basis of level of responsibility, continued service to the Company and performance. The stock options generally vest over four years, with one-fourth vesting on each of the first four anniversary dates of the grant, contingent upon the executive officer's continued employment with the Company, with vesting subject to acceleration in limited circumstances. Stock options granted under the Stock Incentive Plan have a maximum life of ten years and an exercise price equal to the closing price of the Company's common stock on The Nasdaq Global Market on the trading day immediately preceding the date of grant.

For accounting purposes, the Company follows the requirements of Financial Accounting Standards Board ASC Topic 718 (formerly FAS 123R) to record compensation expense for its stock option grants. The Company develops the assumptions necessary and the model appropriate to value the awards, as well as the timing of the expense recognition over the requisite service period, generally the vesting period of the award in accordance with FASB ASC Topic 718.

The options received by executive officers have been non-qualified stock options. For non-qualified stock options, the executive officers recognize taxable income from stock option awards when a vested option is exercised. The Company generally receives a corresponding tax deduction for compensation expense in the year of exercise. The amount included in the executive officer's wages and the amount the Company may deduct for federal income tax purposes is equal to the common stock price when the stock options are exercised less the exercise price multiplied by the number of stock options exercised. The Company does not pay or reimburse any executive officer for any taxes due upon exercise of a stock option.

Employee Benefit Plans

The Company provides group life and health insurance plans for its hourly and salary employees. The Company also maintains a 401(k) retirement plan for its hourly and salary employees. Pursuant to the plan, participants may elect to make pre-tax and after-tax contributions to the plan, subject to certain limitations imposed under the plan and the Internal Revenue Code of 1986, as amended. In addition, the Company is required to make periodic contributions to the plans based on service, except as described below.

The Company also participates in the Steelworkers Pension Trust (the Trust), a multi-employer defined-benefit pension plan that is open to all hourly and salaried employees associated with the Bridgeville facility, which includes each of the named executive officers. The Company makes periodic contributions to the Trust based on hours worked at a fixed rate for each hourly employee and a fixed monthly contribution on behalf of each salaried employee. The Company also makes a monthly contribution to the 401(k) retirement plan on behalf of each salaried employee. The amount of the contribution will be dependent upon each salaried employee's contribution to the 401(k) retirement plan. The hourly and salary employees may continue to make their own contributions to the 401(k) retirement plan.

Employee Stock Purchase Plan

Under the 1996 Employee Stock Purchase Plan, as amended (the Purchase Plan), the Company is authorized to issue up to 150,000 shares of common stock to its full-time employees, nearly all of whom are eligible to participate. Under the terms of the Purchase Plan, employees can choose as of January 1 and July 1 of each year to have up to 10% of their total earnings withheld to purchase up to 100 shares of the Company's common stock each six-month period. The purchase price of the stock is 85% of the lower of its beginning-of-the-period or end-of-the-period market prices. At December 31, 2009, the Company had issued 113,067 shares of common stock since the Purchase Plan's inception.

Executive Severance Arrangements

The Company provides certain severance benefits to its executive officers. These benefits help the Company to attract and retain an appropriate caliber of talent for its senior officer positions. With respect to executive officers, these severance benefits in part are intended to reflect the fact that it may be difficult for these employees to find comparable employment within a short period of time. The Company believes that its severance benefits are consistent with the level of benefits necessary to attract and retain the executive officers. The severance benefits are provided in connection with employment agreements entered into with the executive officer and are more fully described below under Executive Severance Benefits and Potential Payments upon Change of Control.

Other Benefits and Perquisites

The Company provides the opportunity for its executive officers to receive certain perquisites and general health and welfare benefits. The Company offers these benefits to provide an additional incentive for its executives, to remain competitive in the general marketplace for executive talent and to enable its executives to better focus on their performance.

The Company has or may provide the following personal benefits and perquisites to its executive officers:

- eligibility to participate in the Company's health, dental, vision, disability insurance and life insurance programs;
- a Company-provided vehicle or car allowance, along with the reimbursement of expenses related to operating, maintaining and insuring the vehicle;
- select club memberships; and
- in certain circumstances, the reimbursement of relocation expenses.

Stock Ownership Guidelines

The Company has not implemented stock ownership guidelines for the Company's executive officers. The Company will continue to periodically review best practices and re-evaluate its position with respect to stock ownership guidelines.

Internal Revenue Code Section 162(m) Deductibility Limit

Under Section 162(m) of the Internal Revenue Code, the amount of compensation paid to the Company's named executive officers that is deductible with respect to the Company's corporate taxes is limited to \$1.0 million annually, except for specified performance-based compensation. It is the current policy of the Compensation Committee to maximize, to the extent reasonably possible, the Company's ability to obtain a corporate tax deduction for compensation paid to the Company's executive officers to the extent consistent with the best interests of the Company and its stockholders. However, in certain circumstances, the Committee may determine that it is in the best interests of the Company and its stockholders to provide compensation to the Company's executive officers that is in excess of the deduction limits.

The Committee may in its sole discretion grant Options to purchase shares of the Company's Common Stock to Employees, and issue shares upon exercise of such Options, as provided in the Plan. The Committee shall grant Options to purchase shares of the Company's Common Stock to the Eligible Directors, and issue shares upon exercise of such Options, as provided in the Plan. The Committee shall have authority, subject to the express provisions of the Plan, including, but not limited to Section 7 hereof, to construe the respective Award agreements and the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to determine the terms and provisions of the respective Award agreements, which need not be identical; to advance the lapse of any waiting or installment periods and exercise dates; and to make all other determinations in the sole judgment of the Committee necessary or desirable for the administration of the Plan. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Award agreement in the manner and to the extent it shall deem expedient to carry the Plan into effect, and such determination shall be in the sole and final judgment of the Committee. No director shall be liable for any action or determination taken or made under or with respect to the Plan or any Award in good faith.

3. *Eligibility*

(a) Generally.

(i) Except as provided in paragraph (b) of this Section 3 and Section 7 hereof, Awards shall be granted only to persons selected by the Committee who are, at the time of grant, directors or employees (including, without limitation, officers) of the Company or any Subsidiary of the Company.

Table of Contents

(ii) An Employee may be granted Incentive Stock Options and/or Non-Statutory Stock Options. An Employee who has been granted an Award may, if he or she is otherwise eligible, be granted one or more additional Awards if the Committee shall so determine.

(b) *Incentive Stock Options.* No person shall be granted any Incentive Stock Option under the Plan unless, at the time such Option is granted, such person is an employee of the Company or any Subsidiary of the Company, and does not own, directly or indirectly, Common Stock of the Company possessing more than 10% of the total combined voting power of all classes of stock of the Company or of any Subsidiary (unless the requirements of Section 6(f)(i) are satisfied).

4. *Stock Subject to Plan*

Subject to adjustment as provided in Sections 13 and 14 below, the maximum number of shares of Common Stock of the Company that may be issued and sold pursuant to Options granted under the Plan is 1,750,000 shares in the aggregate (one share per Option). No individual employee shall be granted Options to purchase more than 100,000 shares in any calendar year. The Company shall reserve for the purposes of the Plan, out of its authorized but unissued shares of Common Stock or out of shares held in the Company's treasury, or partly out of each, such number of shares of Common Stock as shall be determined by the Committee. If Options granted under the Plan shall expire or terminate for any reason without having been exercised in full, the shares subject to the unexercised portions of such Options shall again be available for subsequent Award grants under the Plan. Common Stock issuable upon exercise of Options may be subject to such restrictions on transfer, repurchase rights or other restrictions as shall be determined by the Committee.

5. *Form of Option Agreements*

As a condition to the grant of an Option under the Plan, each Employee recipient of an Option shall execute an Option Agreement, substantially in the form, not inconsistent with the Plan, as shall be specified by the Committee at the time such Option is granted. Each Eligible Director, as a condition to the grant of Options to him or her pursuant to Section 7(a) hereof, shall execute an Option Agreement, substantially in the form, not inconsistent with the Plan, as shall be specified by the Committee at the time such Option is granted.

6. *Grants of Awards to Employees*

(a) *Disinterested Committee.* Any Employee who is a director or officer of the Company shall be granted Awards only if such person has been selected for participation and the terms and provisions of such Awards have been determined, solely by, and in the sole discretion of, a Committee of two or more directors, each of whom is a disinterested person. For purposes of the Plan, a person shall be deemed to be disinterested only if such person qualifies as a disinterested person within the meaning of paragraph (c)(2) of Rule 16b-3 of the Securities and Exchange Commission (the SEC). The term officer shall have the same meaning as in paragraph (f) of Rule 16a-1. To the extent required to comply with the rules under Rule 16b-3, all references to the Committee in the Plan shall mean and relate to the Committee of two or more disinterested persons described in this Section 6(a).

(b) *Purchase Price.* The purchase price per share of stock issuable upon the exercise of an Option granted pursuant to this Section 6 shall be, the Fair Value on the date that such Option is granted. Notwithstanding anything to the contrary contained herein, in the case of an Incentive Stock Option, the exercise price shall not be less than 100% of the Fair Value (as defined in Section 18 hereof) of such stock at the date of grant of such Option, or less than 110% of such Fair Value in the case of Options described in Section 6(f)(i).

(c) *Exercise Period.* Each Award to an Employee shall expire on such date as the Committee shall determine on the date such Award is granted, but in no event after the expiration of ten years from the date on which such Award is granted, and in all cases each Award shall be subject to earlier termination as provided in the Plan.

Table of Contents

(d) *Vesting of Awards.* An Award granted to an Employee may be exercised, and payment shall be made upon exercise of such Award, only to the extent that such Award has vested. Awards shall vest based on the collective number of years of service with or for the Company or a Subsidiary, in accordance with the schedule or terms set forth in the Award agreement executed by the Award Owner and a duly authorized officer of the Company. Notwithstanding the foregoing, unless the Committee specifically authorizes a different vesting schedule with respect to an Award, an Award to an Employee shall become exercisable based on the number of full years of service that such Award Owner has completed with the Company or a Subsidiary since the date of the grant of such Award, in accordance with the following schedule:

Anniversary of Date of Grant	Percentage of Award Available for Exercise (Cumulative)
1	25%
2	50%
3	75%
4	100%

(e) *Effect of Termination of Employment.* No Award to an Employee may be exercised unless, at the time of such exercise the Employee is, and continuously since the date of grant of his or her Award has been, an employee of the Company or a Subsidiary, except that subject to Section 6(d) and if and to the extent the Award agreement or instrument so provides:

(i) if the Employee ceases to be an employee of the Company or a Subsidiary for any reason other than death or disability or a discharge for cause (as defined in (iv) below), the right to exercise the Award shall terminate three months after such cessation (or within such lesser period as may be specified in the Award agreement or instrument);

(ii) if the Employee dies while an employee of the Company or a Subsidiary, or within three months after the Employee ceases to be such an employee, the Awards may be exercised by the administrator of the Employee's estate, or by the person to whom the Options are transferred by will or the laws of descent and distribution, within the period of one year after the date of death (or within such lesser period as may be specified in the Award agreement or instrument);

(iii) if the Employee become disabled (within the meaning of Section 22(e)(3) of the Code) while an employee of the Company or a Subsidiary, the Awards may be exercised within the period of one year after the date the Employee ceases to be an employee of the Company or Subsidiary because of such disability (or within such lesser period as may be specified in the Award agreement or instrument); and

(iv) if the Employee, prior to the expiration date of an Award ceases his or her services as an employee of the Company or Subsidiary, because he or she is discharged for cause (as defined below), the right to exercise an Option shall terminate immediately upon such cessation of such services. Cause shall mean: willful misconduct in connection with the Employee's performance of services for the Company or willful failure to perform his or her services in the best interest of the Company, determined by the Committee, which determination shall be conclusive;

provided, however, that in no event may any Award be exercised after the expiration date of the Award. Any Award or portion thereof that is not exercised during the applicable time period specified above (or any shorter period specified in the Award agreement or instrument) shall be deemed terminated at the end of the applicable time period for purposes of Section 4 hereof.

(f) *Incentive Stock Options.* Options granted under the Plan that are intended to be Incentive Stock Options shall be specifically designated as intending to be Incentive Stock Options and shall be subject to the following additional terms and conditions:

(i) *10% Stockholder.* If an Employee to whom an Incentive Stock Option is to be granted under the Plan is at the time of the grant of such Option the owner of stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary, then the following

Table of Contents

special provisions shall be applicable to the Incentive Stock Option granted to such individual: (x) the exercise price per share of the Common Stock subject to such Incentive Stock Option shall not be less than 110% of the Fair Value (as defined in Section 18) of one share of Common Stock at the time of grant; and (y) the option exercise period shall not exceed five years from the date of grant.

(ii) *Dollar Limitation.* Common Stock of the Company that is acquired pursuant to the exercise of an Incentive Stock Option granted to an Employee under the Plan shall be deemed to be acquired pursuant to the exercise of an Incentive Stock Option under Code Section 422, only to the extent that the aggregate Fair Value (determined as of the respective date or dates of grant) of the Common Stock with respect to which such Incentive Stock Option, and all other Incentive Stock Options that are granted to such Employee under the Plan (and under any other incentive stock option plans of the Company or any Subsidiary), are exercisable for the first time by such Employee in any one calendar year, does not exceed \$100,000. To effectuate the provisions of Section 6(f), the Committee may designate the shares of Common Stock that are treated as acquired pursuant to the exercise of an Incentive Stock Option by issuing a separate certificate for such shares and identifying such certificates as Incentive Stock Option stock in its stock transfer records.

(iii) If an Employee makes a disposition, within the meaning of Section 424(c) of the Code and regulations promulgated thereunder, of any share or shares of Common Stock issued to such Employee pursuant to the exercise of an Incentive Stock Option within the two-year period commencing on the day after the date of the grant or within the one-year period commencing on the day after the date of transfer of such share or shares to the Employee pursuant to such exercise, the Employee shall, within ten (10) days of such disposition, notify the Company thereof, by delivery of written notice to the Company at its principal executive office.

Except as modified by the preceding provisions of this Section 6(f), all the provisions of the Plan applicable to Options shall be applicable to Incentive Stock Options granted hereunder.

7. *Non-discretionary Formula Grants of Awards to Eligible Directors*

(a) *Non-discretionary Grants.* Notwithstanding anything to the contrary contained in this Plan, and for so long as shares of Common Stock remain available for grant under the Plan, as of each May 31, August 31, November 30 and February 28, commencing May 31, 2002, each person who is an Eligible Director on such date and who will continue to serve as an Eligible Director after such date shall automatically be granted Options (*Director Options*) to purchase 2,500 shares of Common Stock.

(b) *Purchase Price.* The purchase price per share of stock issuable upon the exercise of an Option granted pursuant to this Section 7 shall be the Fair Value on the date that such Option is granted.

(c) *Exercise Period.* The term of each Option granted pursuant to this Section 7 shall be ten years from the date of the grant thereof, subject to earlier termination as herein provided. Any Option that is not exercised during the applicable time period specified in this Section 7 shall be deemed terminated at the end of the applicable time period for purposes of Section 4 hereof. In no event may any Option granted pursuant to this Section 7 be exercised after the expiration date thereof.

(d) *Vesting of Awards.* Director Options shall be exercisable by an Eligible Director only to the extent that they have vested. Director Options shall vest based on years of service as follows:

Anniversary of Date of Grant	Percentage of Award Available for Exercise (Cumulative)
1	33%
2	66%
3	100%

(e) *Effect of Termination of Service or Death.* If an Eligible Director ceases to serve as a director of the Company or a Subsidiary, the Options that have been previously granted to that Eligible Director and that are vested as of the date of such cessation may be exercised by the Eligible Director after the date such Eligible

Table of Contents

Director ceases to be a director of the Company or Subsidiary. If an Eligible Director ceases to serve as a director of the Company or a Subsidiary, due to the mandatory retirement policy, the Options that have been previously granted to that Eligible Director will continue to vest as specified in the Grant and may be exercised by the Eligible Director after the date such Eligible Director ceases to be a director of the Company or Subsidiary. If an Eligible Director dies while a director of the Company or a Subsidiary or subsequent to the Eligible Director retiring due to the mandatory retirement policy, the Options that have been previously granted to that Eligible Director and that are vested as of the date of such death may be exercised by the administrator of the Eligible Director's estate, or by the person to whom such Options are transferred by will or the laws of descent and distribution. In no event, however, may any Option be exercised after the expiration date of such Option. Any Option or portion thereof that is not exercised during the applicable time period specified above shall be deemed terminated at the end of the applicable time period for purposes of Section 4 hereof.

(f) *Limitation on Amendments to Terms of Non-discretionary Grants.* Notwithstanding anything to the contrary contained in this Plan, the provisions of this Section 7 shall not be amended more than once every six months, other than to comport with changes in the Code, the Employee Retirement Income Security Act of 1974, as amended, or the rules thereunder. Any reference to Option or Options in this Section 7 shall refer to Options granted to Eligible Directors pursuant to this Section 7.

8. *Method of Exercise*

An Award Owner may exercise an Option granted hereunder by delivering to the Company at its main office (to the attention of the Secretary) written notice of exercise, which notice shall specify the number of shares with respect to which the Option is being exercised, together with payment of the purchase price in exchange for the Company's issuance and delivery of certificates therefor. The purchase price for any shares of Common Stock purchased pursuant to the exercise of an Option shall be paid in full in cash (including by check) by the Award Owner pursuant to the Option Agreement; provided, however, that the Committee may (but shall not be required to) permit payment to be made by delivery to the Company of either (a) Common Stock (which may include shares otherwise issuable in connection with the exercise of the Option, subject to such rules as the Committee deems appropriate), or (b) any combination of cash and Common Stock, or (c) such other consideration as the Committee deems appropriate and in compliance with applicable law (including payment under an arrangement constituting a brokerage transaction as permitted under the provisions of Regulation T applicable to cashless exercises promulgated by the Federal Reserve Board, unless prohibited by Section 402 of the Sarbanes-Oxley Act of 2002). Any shares transferred to the Company as payment of the purchase price under an Option shall be valued at their Fair Value determined as of the date of exercise of such Option. If requested by the Committee, the Award Owner shall deliver the related Award agreement to the Secretary of the Company who shall endorse thereon a notation of such exercise and return such agreement to the Award Owner. No fractional shares (or cash in lieu thereof) shall be issued upon exercise of an Option and the number of shares that may be purchased upon exercise shall be rounded to the nearest number of whole shares.

9. *Nontransferability of Awards*

No Award granted under the Plan shall be assignable or transferable by the person to whom it is granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution. During the life of the recipient, the Award shall be exercisable only by or on behalf of such person.

10. *General Restrictions*

(a) *Award Owner Representations.* The Company may require a person to whom an Award is granted, as a condition of exercising such Award, to:

(i) give such written assurances, in substance and form satisfactory to the Company, as the Company deems necessary or appropriate in order to comply with federal and applicable state securities

Table of Contents

laws, including, without limitation, that such person is acquiring the Common Stock subject to the Award for his or her own account for investment and not with any present intention of selling or otherwise distributing the same;

(ii) with respect to Employees only, grant to the Company the right, which may be upon such terms as the Committee, in its sole discretion, prescribes, to repurchase from the Award Owner any or all shares acquired by such Award Owner through the exercise of an Award which such Award owner may at any time desire to sell, transfer or otherwise dispose of; and

(iii) if the Award Owner is a director or officer, give written assurances, in substance and form satisfactory to the Company, that such person has consulted with competent counsel as to the application of Section 16(b) of the Securities Exchange Act of 1934 (the *Exchange Act*) to such exercise.

Certificates representing shares issued upon exercise of the Award shall bear such legends as are deemed appropriate by legal counsel to the Company, unless the Award Owner provides a written opinion of legal counsel, satisfactory to the Company, that any such legend is not required.

(b) Compliance With Securities Laws.

(i) Each Award shall be subject to the requirement that, if at any time counsel to the Company shall determine that the listing, registration or qualification of such Award or the shares subject to such Award upon any securities exchange or under any state or federal law, or the consent or approval of any governmental or regulatory body, is necessary as a condition of, or in connection with the grant or exercise of such Award or the issuance or purchase of shares thereunder, such Award shall not be effective or may not be accepted or exercised in whole or in part (as applicable) unless such listing, registration, qualification, consent or approval shall have been effected or obtained on conditions acceptable to the Committee. Nothing herein shall be deemed to require the Company to apply for or to obtain such listing, registration, qualification, consent or approval.

(ii) The Company shall provide each Award Owner with such information, statements, discussions and analyses with respect to the Company in such manner and at such times as may be required under state or federal securities laws.

11. *Rights as a Stockholder*

The Award Owner shall have no rights as a stockholder with respect to any shares covered by the Award until the date upon which the stock certificates are issued to him or her for such shares. Except as otherwise expressly provided in the Plan, no adjustment shall be made for dividends or other rights for which the record date is prior to the date on which such stock certificate is issued.

12. *Recapitalization*

In the event that the outstanding shares of Common Stock of the Company are changed into or exchanged for a different number or kind of shares or other securities of the Company by reason of any recapitalization, reclassification, stock split, stock dividend, combination or subdivision, an appropriate and proportionate adjustment shall be made in the number and kind of shares subject to the Plan and in the number, kind, and per share exercise price, of shares subject to unexercised Options or portions thereof granted prior to such adjustment. Any such adjustment to an outstanding Option shall be made without change in the total price applicable to the unexercised portion of such Option as of the date of the adjustment. No such adjustment shall be made with respect to an Incentive Stock Option that would, within the meaning of any applicable provisions of the Code, constitute a modification, extension or renewal of any Option or a grant of additional benefits to the holder of an Option. *The Committee shall have the power and sole discretion to determine the amount of the adjustment to be made in each case.*

13. *Reorganization*

In the event the Company is merged or consolidated with another entity or person other than an Affiliate, and the Company is not a surviving entity, or in the event all or substantially all of the assets or more than 20% of the outstanding stock of the Company entitled to vote for directors is acquired by any other entity or person other than an Affiliate, or in the event of a reorganization or liquidation of the Company the Committee, or the board of directors of any corporation assuming the obligations of the Company, shall, as to outstanding Awards, either (i) in the case of a merger, consolidation or reorganization of the Company, make appropriate provision for the protection of any such outstanding Awards by the substitution on an equivalent basis of appropriate stock of the Company, or of the merged, consolidated or otherwise reorganized corporation that will be issuable in respect of the shares of Common Stock of the Company (provided that no additional benefit shall be conferred upon Award Owners as a result of such substitution), or (ii) upon written notice to the Award Owners, provide that all unexercised Awards must be exercised within a specified number of days of the date of such notice or they will be terminated, or (iii) upon written notice to the Award Owners, provide that all unexercised Awards shall be purchased by the Company or its successor within a specified number of days of the date of such notice at a price equal to the value the Award Owners would have received if they then exercised all their Awards and immediately received full payment in respect of such exercise, as determined in good faith by the Committee.

14. *No Special Employment Rights*

Nothing contained in the Plan or in any Award granted under the Plan shall confer upon any Award Owner any right with respect to the continuation of his or her employment by the Company (or any Subsidiary) or interfere in any way with the right of the Company (or any Subsidiary), subject to the terms of any separate employment agreement to the contrary, at any time to terminate such employment or to increase or decrease the compensation of the Award Owner from the rate in existence at the time of the grant of an Award. Whether an authorized leave of absence, or absence in military or government service, shall constitute termination or cessation of services for purposes of this Plan shall be determined by the Committee.

15. *No Special Directorship Rights*

Nothing contained in the Plan or in any Award granted under the Plan shall constitute evidence of any agreement or understanding, express or implied, that an Eligible Director has a right to continue as a director for any period of time.

16. *Other Employee Benefits*

The amount of any income deemed to be received by an Award Owner as a result of the exercise of an Award or the sale of shares received upon such exercise will not constitute compensation or earnings with respect to which any other benefits of such person are determined by the Company, including without limitation benefits under any pension, profit sharing, life insurance or salary continuation plan.

17. *Definitions*

(a) *Affiliate*. The term *Affiliate* shall mean a corporation or other entity or person which, at the time of reference, directly or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, the Company.

(b) *Fair Value*. The term *Fair Value* of a share of Common Stock shall mean (i) if the Common Stock is traded on a national securities exchange, the closing price for such stock on the day immediately preceding the date of determination or if there is no closing price on such date, the last preceding closing price, (ii) if the Common Stock is not traded on a national securities exchange, the mean of the high bid and ask quotes of such stock as reported in the NASDAQ/NMS reports or the National Quotation Bureau Inc.'s pink sheets

Table of Contents

or in the NASD Bulletin Board on the day immediately preceding the date of determination or if there were no high bid and ask quotes on such date, the last preceding day that there were, and (iii) if neither (i) or (ii) are applicable, as determined in good faith by the Committee, *provided, however*, that if the recipient is a director or holds 10% or more of the Common Stock possessing more than 10% of the total combined voting power of all classes of stock of the Company (directly or beneficially), Fair Value shall be determined by an independent securities valuation firm selected by a committee of disinterested persons (as defined in Section 6(a) hereof) appointed by the Committee.

(c) *Rule 16b-3*. The term Rule 16b-3 shall mean Rule 16b-3 of the SEC (or any successor rule).

(d) *Subsidiary*. The term Subsidiary shall mean any corporation in an unbroken chain of corporations beginning with the Company if, at the time of the grant of the Award, each of the corporations other than the last Corporation in the unbroken chain owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.

18. *Amendment of the Plan*

(a) Except as provided in Section 7 hereof, the Board may at any time and from time to time modify or amend the Plan in any respect, provided that, unless the Board shall have received the consent of the stockholders, the Board may not make any amendments that require approval of the stockholders under applicable law or regulations. The termination or any modification or amendment of the Plan shall not, without the consent of an Award Owner, affect his or her rights under an Award previously granted to him or her. With the consent of the Award Owners affected, the Committee may amend outstanding Award agreements in a manner not inconsistent with the Plan.

(b) Notwithstanding the provisions of Sections 19(a)(i) and (iii), the Board shall have the right, but not the obligation, without the consent of the Company's stockholders, to (i) amend or modify the terms and provisions of the Plan and of any outstanding Incentive Stock Options granted under the Plan to the extent necessary to qualify any or all such options for such favorable federal income tax treatment (including deferral of taxation upon exercise), as may be afforded incentive stock options under Section 422 of the Code; and (ii) amend or modify the terms and provisions of the Plan and of any outstanding Award granted under the Plan to the extent necessary to comply with any securities law to which, in the opinion of counsel to the Company, the Plan or Award is subject.

19. *Withholding*

At such times as an Award Owner recognizes taxable income in connection with the receipt of shares of Common Stock hereunder (a Taxable Event), the Award Owner shall pay to the Company an amount equal to the federal, state and local income taxes and other amounts as may be required by law to be withheld by the Company in connection with the Taxable Event (the Withholding Taxes) prior to the issuance, or release from escrow, of such shares. In satisfaction of the obligation to pay Withholding Taxes to the Company, the Committee may, in its discretion and subject to compliance with applicable securities laws and regulations, withhold Common Stock having an aggregate Fair Value on the date preceding the date of such issuance equal to the Withholding Taxes.

20. *Effective Date and Duration of the Plan*

(a) *Effective Date*. The Plan shall become effective when adopted by the Board, but no award granted under the Plan (other than Director Options granted pursuant to Section 7 hereof) shall become exercisable unless and until the Plan shall have been approved by the Company's stockholders within twelve months before or after the date of such adoption. If such stockholder approval is not obtained within such period, further Awards shall be granted under the Plan. Subject to this limitation, Awards may be granted under the Plan at any time after the effective date and before the date fixed for termination of the Plan.

(b) *Termination*. The Plan shall terminate upon the earlier of (i) the close of business on the day next preceding the tenth anniversary of the date of its adoption by the Board or (ii) the date on which all shares

Table of Contents

available for issuance under the Plan shall have been issued pursuant to the exercise of Awards granted under the Plan. If the date of termination is determined under (i) above, then Awards outstanding on such date shall continue to have force and effect in accordance with the provisions of the instruments evidencing such Awards.

21. *Governing Law*

The Plan and all Award agreements issued hereunder shall be governed by the laws of the State of Delaware, other than the conflict of laws provisions thereof.

22. *Expenses of Administration*

All costs and expenses incurred in the operation and administration of this Plan shall be borne by the Company.
