Earthquake Impact on Honda Operations

Honda would like to express its deepest sympathy and condolences to the victims of the earthquake in Japan, and our sincere hopes for the earliest possible relief and recovery of the affected areas.

North American Operations

More than 80% of Honda and Acura products sold in the U.S. are produced in North America, and the vast majority of automotive parts for Honda automobiles manufactured in North America are sourced in the region. The following information (in boldface type) updates Honda's production situation as it impacts the supply of Honda and Acura cars and light trucks to the North American market.

-Overall automobile production volume will remain at significantly reduced levels as we continue to operate at adjusted levels of production through the summer months. Honda's goal in North America is to normalize overall production sometime around the end of the year. This recovery will occur step-by-step, and it will vary based on plant and model. As background, on March 30, Honda began to implement a strategy of temporary adjustments that reduce daily production levels at its North American auto plants as a result of interruptions in parts supplies from Japan in the aftermath of the earthquake and tsunami.

-Honda remains focused on minimizing the impact to associates and their families, and plans no layoffs at any of its North American facilities.

-The vast majority of Honda's parts and materials are sourced here in North America. However, for global efficiency, a few critical parts continue to be supplied from Japan. Most of Honda's Japan-based parts suppliers have resumed production. Honda is working with the few suppliers that have yet to resume production to re-establish their operations, while also evaluating additional sources for some parts in the supply chain. Teams throughout North America and global Honda continue to work diligently to overcome these temporary parts flow issues. Honda remains committed to doing what it can to minimize the impact on Honda associates, dealers and customers.

-As parts supply stabilizes and full auto production resumes, Honda will quickly develop a production schedule to meet the needs of Honda and Acura customers.

Table of Contents

Vehicle Availability

Following is a summary of information concerning the impact of the Japan-based parts supply issue on the availability of Honda and Acura vehicles.

-Production of the all new 2012 Honda Civic will be at significantly reduced levels at least through the summer months. While dealers will continue to receive product, supply will be severely restricted with limited availability of certain models.

-The fall launch of the all-new 2012 CR-V will be delayed by at least one month. To bridge to the launch of the new model, Honda will extend production of the current 2011 CR-V, which remains the best selling SUV in America.

-Approximately 80 percent of the vehicles Honda sells in America are built at Honda plants in North America. Regarding Japan production for the North American market, due to the limited parts supply from Japan, Honda will bring in only a very limited number of Japan-built vehicles for the remainder of the year. This may mean models such as the Honda Fit, CR-Z, Insight and Civic Hybrid, and the Acura TSX, TSX Wagon and RL, will be in very limited supply until later in the year.

-Due to problems with the supply of Japan-sourced paint pigment that adds a shiny luster, certain colors of vehicles may be in short supply. Honda is working diligently to find a suitable replacement for such paints, or to reconfigure its model line with alternative exterior colors. This situation varies by model and production facility.

Other North American Operations

-Honda's power equipment and all-terrain vehicle manufacturing operations to date are operating at normal production levels.

Table of Contents

Japan Operations

Following is the current outlook for the impact of the major March 11 earthquake in Northeastern Japan on Honda Motor Co., Ltd.'s automobile production operations within Japan.

-Concerning production in Japan of finished units and parts for overseas production, production volume will remain at approximately 50% of the original production plan until the end of June. As the supply of parts remains fluid, decisions concerning production from July on will be made step-by-step while monitoring the situation, toward the expected normalization of production in Japan before the end of 2011.

-On April 11, Honda resumed limited production of finished automobiles throughout Japan at approximately 50% of the original production plan, bringing all Honda auto plants in Japan back into production. On April 4, Honda Motor began limited production of component parts for North American plants at several Honda plants in Japan.

-However, since the component situation remains fluid, production of parts resumed at approximately 50% of the original production plan. Honda will carefully manage the situation and manage its operation accordingly.

-Honda will continue to make decisions based on the status of the recovery of Japanese society as a whole as well as the supply of parts. There are still many questions relating to the supply of parts manufactured by other suppliers in Japan and shipped directly from suppliers in Japan to Honda's suppliers in North America.

-While most of our Japan-based suppliers have resumed production, there are a few suppliers that have yet to resolve the challenge to resume their production. In those cases, Honda is working with its suppliers to help reestablish their operations, while evaluating other possible sources for those parts in the supply chain. Please understand that Honda is making every effort to work toward a full recovery as quickly as possible. We appreciate everyone's understanding during these challenging times.

-On March 28, Honda resumed motorcycle and power products production at Kumamoto Factory.

-Honda is exerting a company-wide effort to normalize our production as soon as possible. We deeply regret any inconvenience experienced by our customers and ask for their understanding during these challenging times.

Recovery of Operations in the Tochigi Area

-The impact of the earthquake was more severe at the Tochigi Factory (Moka, Tochigi), however, repair and inspection activities were completed for almost all facilities and equipment.

-At other operations, including the Automobile R&D Center (Tochigi) of Honda R&D Co., Ltd. and Honda Engineering Co., Ltd., associates who will work on the restoration started returning to work. However, based on the expectation that it will take several months until the complete recovery of these facilities, Honda has temporarily transferred some functions such as automobile product development, development of manufacturing technologies and procurement to Honda operations in other locations such as Sayama, Suzuka, and Wako.

-Honda is cooperating with electricity conservation efforts and rolling blackout measures, prioritizing the relief and recovery of affected areas.

Table of Contents

Aid

With the hope to contribute to the earliest possible relief and recovery of affected areas, Honda will provide the following aid:

- From Honda in Japan, 300 million yen (approximately \$3.7 million) toward the relief and recovery effort.
- A total of 1,000 generators (gasoline-powered and home-use gas canister-powered), along with a total of 13,000 gas canisters.
- The Honda family of companies in North America has established special matching gift programs for their associates for donations to the Red Cross to aid the victims of the earthquake and tsunami in Japan. Donations from associates will be matched on a dollar-for-dollar basis, with no personal or corporate donation limit. Honda employs more than 29, 000 associates in North America. In addition, American Honda has established a special website to channel donations to the American Red Cross* from customers, suppliers and others interested in supporting the Japan disaster recovery effort through the Red Cross. Originally established to accept donations from Honda and Acura automobile dealers, and Honda motorcycle and power equipment dealers, Honda opened the site to the public who may wish to donate. To date, the Honda Associate matching gift program and the Friends of Honda campaign through the Red Cross have raised more than \$800,000. Honda would like to sincerely thank everyone for their support of this important effort. <http://american.redcross.org/hondaacura-emp>

This is a very fluid situation, so we are not able to provide more detailed information at this time. We will communicate further details as they are confirmed and become available. Thank you for your continued patience and understanding.

The following vehicles we build in North America are supported primarily by our base of 600-plus North American first-tier suppliers:

<u>Marysville, Ohio</u>	Honda Accord, Honda Accord Coupe, Acura TL, Acura RDX
<u>East Liberty, Ohio</u>	Honda CR-V, Honda Element, Honda Accord Crosstour
<u>Greensburg, Ind.</u>	Honda Civic Sedan, Honda Civic GX natural gas
<u>Lincoln, Alabama</u>	Honda Odyssey, Honda Pilot, Honda Ridgeline
<u>Alliston, Ontario</u>	Honda Civic (Sedan, Coupe, Si) Acura MDX, Acura ZDX
<u>El Salto, Mexico</u>	Honda CR-V

Honda Fit, Insight, CR-Z, Civic Hybrid, Acura TSX and Acura RL are produced in Japan for the North American market. Honda produces a small percentage of CR-Vs in Japan for the U.S. as well.

Honda's operations in North America and globally will do everything they can to support the recovery of Honda's operations in Japan. Honda and Acura products are made in North America using domestic and globally-sourced parts.

* *The American Red Cross name and emblem are used with its permission, which in no way constitutes an endorsement, express or implied, of any product, service, company, opinion or political position. For more information about the Red Cross, please visit www.redcross.org.*

President and Representative Director

Notice Concerning Partial Amendments to Articles of Incorporation

The Board of Directors of Honda Motor Co., Ltd. (the Company), at its meeting held on May 16, 2011, resolved to propose a matter of Amendments to Articles of Incorporation as follows as an agenda item for the Company's 87th ordinary general meeting of shareholders scheduled to be held on June 23, 2011.

Particulars

1. Reasons for Amendments

- 1) In light of the wide availability of internet access, in order to improve convenience for shareholders, the amendments change the provisions relating to the method of giving public notices to permit electronic public notice and prescribe measures to be taken in the event that a public notice is unable to be given by electronic public notice for any unavoidable reason (Article 5 of the proposed amendments). The new provisions allow the Company to provide shareholders through internet with information required to be described or indicated in reference documents, etc. for general meetings of shareholders (Article 15 of the proposed amendments).
- 2) For the purpose of accelerating and improving the efficiency of decision-making by the Board of Directors, and to further reinforce its monitoring and supervisory functions, the structure of the Board of Directors has been reviewed and the number of Directors has been changed from not more than thirty (30) in number to not more than fifteen (15) in number (Article 19 of the proposed amendments).
- 3) Pursuant to the abolition of the payment of bonuses to Corporate Auditors taking place at the end of the fiscal year under review and the unification of the remuneration paid as consideration for the performance of their duties, references to bonuses have been deleted from the provisions relating to the Remuneration of Corporate Auditors, etc. (Article 33 of the proposed amendments).

Table of Contents

2. Details of Amendments

Portions of the existing Articles of Incorporation will be amended as follows:

Existing Articles of Incorporation
Chapter I. General Provisions

(Method of giving public notices)

Article 5.

The public notices of the Company shall be given by publication in the Nihon Keizai Shinbun published in Tokyo.

Chapter III. General Meeting of Shareholders

[Newly established]

Article 15.

[Provisions omitted]

Article 17.

Proposed Amendments
Chapter I. General Provisions

(Method of giving public notices)

Article 5.

The public notices of the Company shall be given by way of electronic public notice; provided, however, that, if any public notice is unable to be given by electronic public notice due to an accident or for any other unavoidable reason, public notice of the Company shall be made by publishing such notice in the Nihon Keizai Shinbun published in Tokyo.

Chapter III. General Meeting of Shareholders

(Disclosure via Internet and Deemed Delivery of Reference Documents, etc. for General Meetings of Shareholders)

Article 15.

Upon convening a general meeting of shareholders, the Company may deem that the information required to be described or indicated in the reference documents for the general meeting of shareholders, business reports, financial statements and consolidated financial statements shall have been provided to the shareholders when such information is disclosed, pursuant to laws or regulations, through a method that uses the Internet.

Honda North American Production to Reach 100% in August for Most Models

TORRANCE, Calif., May 26, 2011 Honda today announced plans for the accelerated recovery of auto production in North America following the March 11 earthquake and tsunami in Japan. Honda will increase production volume at its North American automobile plants to a rate of 100 percent of the original production plan in August, for all models except the 2012 Civic.

As the supply of parts from Japan improves, production will ramp up in August on a step-by-step, plant-by-plant, and model-by-model basis, with production returning to 100 percent of the original plan for models including the 4-cylinder Accord, CR-V and Acura RDX, as well as all V-6 models including the Accord, Accord Crosstour, Odyssey, Pilot, Ridgeline, and the Acura TL, MDX and ZDX.

Production of the all-new 2012 Civic lineup will continue at a reduced rate of approximately 50 percent due to the limited supply of key components. However, this situation continues to be evaluated and full production is expected to resume sometime in the fall, with plans to meet anticipated strong demand for the fuel efficient new Civic lineup.

The light at the end of the tunnel is glowing brighter for us, represented by this significant improvement in our production situation, said John Mendel, executive vice president of American Honda Motor Co., Inc. Throughout this crisis, Honda has been fighting to achieve a speedy recovery, while maintaining a focus on our longer-term plans for continued growth in sales and production in order to meet the growing needs of our customers.

Honda has managed the unprecedented parts supply issues that resulted from the devastating impact of the March 11 earthquake and tsunami in Japan with no layoffs at any of its 14 production plants in North America.

I am quite proud of the efforts of our manufacturing team and the steps they have taken to keep our team of associates together during this difficult period, while maintaining their normal, outstanding focus on quality for the customer, said Mendel. We still have challenges to overcome, but once we have normalized operations we will owe them a great debt of thanks.

About Honda

In 2010, 87 percent of the Honda and Acura automobiles sold in the United States were produced in North America. Honda purchased more than \$17.5 billion in parts and materials from OEM suppliers in 2010, putting the average domestic content of Honda automobiles at 80 percent. Honda has 14 Honda plants in North America with the capacity to produce more than three million Honda and Acura products each year, including Honda and Acura automobiles, automobile engines and automatic transmissions, Honda all-terrain vehicles, and Honda power equipment products such as lawn mowers, mini-tillers and general purpose engines. Honda products are made in North America using domestic and globally-sourced parts.

Table of Contents

Outlook for Future Auto Production in Asia Oceania Region as of May 27, 2011

Bangkok, Thailand, May 27 2011 - Following is the current outlook for the impact of the major earthquake in Northeastern Japan on Honda's automobile production operations in the Asia Oceania Region.

Honda is currently making adjustments to its production volume in the Asia Oceania region based on the parts supply situation from Japan. The parts supply is now expected to increase gradually, production volume will be increased starting in July with the expectation that it will be normalized during the August to September time period at almost all auto plants in the region.

Honda is exerting a company-wide effort to normalize our production as soon as possible. We deeply regret any inconvenience experienced by our customers and ask for their understanding during these challenging times.

Table of Contents

27 May 2011

Honda's European Manufacturing Operations to Resume Normal Production

It is the intention of Honda of the UK Manufacturing Ltd (HUM) to return to their normal daily production plan during September. This follows the period of parts supply interruption and reduced production levels following the earthquake and tsunami in Japan. Associates and suppliers have all made tremendous efforts during this period to make this recovery possible.

With parts supply from Japan improving significantly, HUM will now plan production for the remainder of the year to recover volume and quickly respond to customers' requirements.

Due to the flexible working hours arrangements which exist at the Swindon Plant, Associates' pay has been maintained and non-production hours have been banked. I am proud of all of our Associates as they have shown great flexibility and commitment during this difficult time, said Andy Piatek, Director of Manufacturing at Honda in Swindon.

Honda Turkey is also intending to accelerate its recovery plan and is planning to resume normal daily production of its locally produced Honda Civic sedan during September.

We are extremely pleased that our European manufacturing operations can now plan for production to return to normal, said Ken Keir, Executive Vice President of Honda Motor Europe. We would like to thank our customers and dealers for showing great understanding during this challenging period. As production levels recover, we are fully focussed on satisfying customer demand.

Honda Siel Cars India likely to resume normal production from the festival season

New Delhi, 27 May 2011: Honda Siel Cars India Ltd. (HSCI), leading manufacturer of premium cars in India, announced that its production volume is likely to get normalized from the festival season. HSCI is currently operating on 50% of its planned production volume in the wake of the shortage of components from Japan.

Meanwhile Honda Brio will be launched as per the original schedule during the festival season this year. Honda is currently making adjustments to its production volume in the Asia Oceania region based on the parts supply situation from Japan. The parts supply is now expected to increase gradually and production volume will be increased starting August 2011 with the expectation that HSCI will begin operating on normal production from the festival season.

Honda Motor is exerting a company wide effort to normalize our production as soon as possible. We deeply regret any inconvenience experienced by our customers and ask for their understanding during these challenging times.

Table of Contents

REFERENCE DOCUMENTS

CONCERNING EXERCISE OF VOTING RIGHT

Reference matters with respect to the proposals:

FIRST ITEM: Distribution of Dividends

The Company strives to maintain a global perspective, to develop its operations in many countries throughout the world and to increase its corporate value.

With respect to the distribution of profits, the Company regards the distribution of profits to its stockholders to be one of the most important issues for management. The Company will make dividend distributions after taking into account its long-term strategy and consolidated earnings performance and will also acquire its own stock from time to time with the objectives of improving capital efficiency and flexibly implementing capital policies.

Retained earnings will be allocated toward financing R&D activities that are essential for the future growth of the Company and toward capital expenditures and investment programs that will expand the Company's operations for the purpose of improving business results and strengthening the Company's financial condition.

Regarding the year-end dividends for the fiscal year under review, the following conditions are proposed:

(1) Conditions and Total Value of Dividend Assets Allocated to Stockholders

¥15 per share of common stock

Total value of ¥27,034,525,710

(2) Effective Date of Distribution of Dividends

June 24, 2011

Table of Contents

SECOND ITEM: Partial Amendments to the Articles of Incorporation

(1) Reasons for Amendments

- 1) In light of the wide availability of Internet access, in order to improve convenience for shareholders, the amendments change the provisions relating to the method of giving public notices to permit electronic public notice and prescribe measures to be taken in the event that a public notice is unable to be given by electronic public notice for any unavoidable reason (Article 5 of the proposed amendments). The new provisions allow the Company to provide shareholders through the Internet with information required to be described or indicated in reference documents, etc. for general meetings of shareholders (Article 15 of the proposed amendments).
- 2) For the purpose of accelerating and improving the efficiency of decision making by the Board of Directors, and to further reinforce its monitoring and supervisory functions, the structure of the Board of Directors has been reviewed and the number of Directors has been changed from not more than thirty (30) in number to not more than fifteen (15) in number (Article 19 of the proposed amendments).
- 3) Pursuant to the abolition of the payment of bonuses to Corporate Auditors taking place at the end of the fiscal year under review and the unification of the remuneration paid as consideration for the performance of their duties, references to bonuses have been deleted from the provisions relating to the Remuneration of Corporate Auditors, etc. (Article 33 of the proposed amendments).

(2) Contents of Amendments

Portions of the existing Articles of Incorporation will be amended as follows:

Notes: 1. denotes new candidate.

2. Matters related to outside Director candidates are as follows:

(1) Kensaku Hogen and Nobuo Kuroyanagi are candidates for the position of outside Director as defined in Article 2, Paragraph 3, Item 7 of the Enforcement Regulations of the Company Law.

(2) Kensaku Hogen has been registered as an independent director as provided for in the rules of the Tokyo Stock Exchange and the Osaka Securities Exchange, and if he is elected, he is scheduled to continue to serve as an independent director.

(3) Reasons for selection of candidates for the position of outside Director

Kensaku Hogen is proposed as a candidate because the Company wishes to receive his advice about the Company's activities given from an objective, broad-ranging and high-level perspective, and based on his rich experience and high level of insight regarding diplomacy. Although he has no experience of being engaged in corporate management other than having served as an outside officer in the past, the Company believes that he can perform the duties of an outside Director based on his experience and insight mentioned above.

Nobuo Kuroyanagi is proposed as a candidate because the Company wishes to receive his advice on the Company's activities given from an objective, broad-ranging and high-level perspective, and based on his rich experience and high level of insight regarding corporate management.

Edgar Filing: HONDA MOTOR CO LTD - Form 6-K

(4) Incidence of inappropriate corporate operations at other companies for which the candidate was serving as an officer (during the past five years), acts which were done to prevent the occurrence of such incidence and acts which were done as measures taken after the occurrence of such incidence

The candidate Nobuo Kuroyanagi served as a director of Mitsubishi UFJ Financial Group, Inc. (MUFG) and is currently serving as a representative director of The Bank of Tokyo-Mitsubishi UFJ, Ltd. (BTMU), and, in December 2006, those companies received enforcement actions ordering improvement of then-current operations from the competent U.S. regulatory authorities with respect to the failure to implement the anti-money laundering compliance regulations in the United States. BTMU was also ordered by Japan's Financial Services Agency (FSA) to improve its operations in connection with transactions of corporate banking service marketing units that were problematic from the perspective of compliance administration in February 2007; and in connection with problems related to management administration systems, legal and other compliance systems, and internal administration systems, etc. regarding overseas operations in June 2007.

Also, at The Senshu Ikeda Bank, Ltd., where Nobuo Kuroyanagi has been serving as an outside director since June 2010, there was an incidence of embezzlement of customers' savings by a part-time worker and an incidence of fraudulent withdrawal by an employee through the misuse of the maximum amount of overdrafts. While Nobuo Kuroyanagi was unaware of such facts in advance, he made various recommendations regarding legal compliance, at meetings of the board of directors, on a regular basis and, after the discovery of the aforesaid incidence, Nobuo Kuroyanagi has proactively advised the Company on the implementation of measures to prevent the recurrence of such incidence through the strengthening of the Company's internal systems for checks, etc. and the enhancement of employee training, etc.

(5) Number of years since the candidate initially assumed the position of outside Director (up to the end of this general meeting of shareholders)

Kensaku Hogen	Six years
Nobuo Kuroyanagi	Two years

Table of Contents**FOURTH ITEM: Election of Two (2) Corporate Auditors**

The term of office of each of the Corporate Auditors Koukei Higuchi and Yuji Matsuda is due to expire at the close of this meeting. It is proposed that two (2) Corporate Auditors be elected at this meeting. The names and particulars of the two (2) candidates for the position of Corporate Auditor are provided below. The Board of Corporate Auditors has consented to the submission of this item to this meeting.

Notes: 1. denotes new candidates.

2. Matters related to outside Corporate Auditor candidates are as follows:

(1) Hirotake Abe and Tomochika Iwashita are candidates for the position of outside Corporate Auditor as defined in Article 2, Paragraph 3, Item 8 of the Enforcement Regulations of the Company Law.

(2) Reasons for selection of candidates for the position of outside Corporate Auditor

Hirotake Abe is proposed as a candidate because the Company wishes him to audit the Company from a broad-ranging and high-level perspective, and based on his rich experience and high level of insight as a certified public accountant. Although he has no experience of being engaged in corporate management other than having served as an outside officer in the past, the Company believes that he can perform the duties of an outside Corporate Auditor based on his experience and insight that is mentioned above.

Tomochika Iwashita is proposed as a candidate because the Company wishes him to audit the Company from a broad-ranging and high-level perspective, and based on his rich experience and high level of insight regarding corporate management.

Table of Contents

FIFTH ITEM: Payment of Bonus to Directors and Corporate Auditors for the 87th Fiscal Year

It is proposed that the Company, after taking into consideration the business performance for the fiscal year under review, the amount of the bonuses that have been paid in the past to the Directors and the Corporate Auditors and other various circumstances, pay a bonus in the total amount of 332 million, 930 thousand yen (¥332,930,000) to the twenty (20) Directors in office as of the end of the fiscal year (including the total amount of 6 million, 400 thousand yen (¥6,400,000) to the two (2) outside Directors) and a bonus in the total amount of 39 million, 890 thousand yen (¥39,890,000) to the five (5) Corporate Auditors in office as of the end of the fiscal year in order to reward those Directors and Corporate Auditors for their service during the fiscal year. The amount of the bonus payable to each of the Directors and the Corporate Auditors would be left to the determination of the Board of Directors with regard to each Director's bonus, and to the consultation among the Corporate Auditors with regard to each Corporate Auditor's bonus.

Table of Contents

SIXTH ITEM: Amendment to the Amount of Remuneration, etc. given to Directors and Corporate Auditors

With regard to the amount of the remuneration payable to the Directors and the Corporate Auditors, it was determined at the 84th ordinary general meeting of shareholders held on June 24, 2008 that, in the case of the Directors, the amount of remuneration be 90 million yen or less per month (including 3.5 million yen or less per month for Outside Directors), and in the case of the Corporate Auditors, the amount of remuneration be 18 million yen or less per month, and the aforesaid amounts have remained unchanged up to this date. However, in order to achieve an agile management of remuneration from now on, the Company would like to change the basis of calculating the remuneration from a monthly basis to an annual basis, and to pay bonuses to the Directors within the limit of the annual remuneration. It is proposed that, taking into consideration the decrease in the number of Directors and various other factors, the total amount of the annual remuneration for the Directors be revised to 1,300 million yen or less per year (including 34 million yen or less per year for Outside Directors), and the total amount of the annual remuneration, etc. for the Corporate Auditors be revised to 270 million yen or less per year.

Furthermore, as in the past, the amount of remuneration paid to the Directors will not include any amount of salary payable to employee-directors for their services as employees.

In addition, currently, there are twenty (20) Directors (including two (2) Outside Directors) and five (5) Corporate Auditors; however, if Items 3 and 4 are passed as proposed, the number of Directors will become twelve (12) (including two (2) Outside Directors) and the number of Corporate Auditors will be five (5) as is currently the case.

Table of Contents

Business Report for the 87th Fiscal Year

For the Period From: April 1, 2010 To: March 31, 2011

1. OUTLINE OF BUSINESS

(1) Review of Operations

Honda's consolidated revenue for the period amounted to ¥8,936.8 billion, an increase of 4.2% from the previous fiscal year, primarily due to increased revenue in the automobile business and the motorcycle business, despite the unfavorable currency translation effects.

Consolidated operating income for the period totaled ¥569.7 billion, an increase of 56.6% from the previous fiscal year, due primarily to increased sales volume and model mix, a decrease in fixed costs as the volume of production increased and continuing cost reduction efforts, despite increased SG&A expenses and R&D expenses, the unfavorable foreign currency effects, and the impact of the Great East Japan Earthquake that occurred on March 11, 2011 (the Earthquake). Consolidated net income attributable to Honda Motor Co., Ltd. for the fiscal year ended March 31, 2011 totaled ¥534.0 billion, an increase of 99.0% from the previous fiscal year.

Motorcycles

Sales Volume and Profitability

With respect to Honda's motorcycles sales for the fiscal year ended March 31, 2011, unit sales of motorcycles totaled 11,445 thousand units, an increase of 18.7% from the previous fiscal year*, due mainly to increased unit sales in Asia and Other regions including South America. Revenue from sales to external customers increased 13.0%, to ¥1,288.1 billion from the previous fiscal year, primarily due to increased unit sales and revenue related to licensing agreements. Operating income totaled to ¥138.5 billion, an increase of 135.6% from the previous fiscal year, due primarily to increased sales volume and model mix, a decrease in fixed costs as the volume of production increased, and operating income related to licensing agreements.

* Of the net sales of Honda-brand motorcycle products that are manufactured and sold by overseas affiliates accounted for under the equity method, those with respect to which parts for manufacturing were not supplied from Honda or its subsidiaries are not included in net sales and other operating revenue, in conformity with U.S. generally accepted accounting principles. Accordingly, these unit sales are not included in the financial results.

Automobiles

Sales Volume and Profitability

Honda's unit sales of automobiles for the fiscal year totaled 3,512 thousand units, an increase of 3.5% from the previous fiscal year, due mainly to increased unit sales in North America and Asia, despite decreased unit sales in Japan and Europe. Revenue from sales to external customers increased 3.6%, to ¥6,794.0 billion, from the previous fiscal year**, due mainly to increased unit sales, despite unfavorable foreign currency translation effects. Operating income totaled ¥264.5 billion, an increase of 108.7% compared to the previous fiscal year, due primarily to increased sales volume and model mix, a decrease in fixed costs as the volume of production increased, and continuing cost reduction efforts, despite increased SG&A expenses and R&D expenses, the unfavorable foreign currency effects, and the impact of the Earthquake.

** Certain sales of automobiles that are financed with residual value type auto loans by our domestic finance subsidiaries are accounted for as operating leases in conformity with U.S. generally accepted accounting principles. As a result, they are not included in total sales of our automobile segment or in our measure of unit sales.

Table of Contents

Financial Services

Revenue from the financial services business to external customers decreased 7.3%, to ¥561.8 billion, from the same period last year, primarily due to unfavorable currency translation effects. Operating income decreased 4.4%, to ¥186.2 billion, from the previous fiscal year due mainly to unfavorable foreign currency effects, despite the decreased allowance for losses on both credit and lease residual values.

Power Products and Others

Sales Volume and Profitability

Honda's unit sales of power products totaled 5,509 thousand units, an increase of 16.1% from the previous fiscal year due primarily to an increase in unit sales in all the regions. Revenue from sales to external customers in power product and other businesses increased by 5.4%, to ¥292.6 billion, from the previous fiscal year, due mainly to increased unit sales of power products. Honda reported an operating loss of ¥5.5 billion, an improvement of ¥11.1 billion from the previous fiscal year due primarily to increased sales volume and model mix of power products, despite increased SG&A expenses and unfavorable foreign currency effects.

- Notes:
1. Unit sales are the total of sales of completed products of Honda and its consolidated subsidiaries, and sales of parts for local production at Honda's affiliates accounted for under the equity method.
 2. Certain sales of automobiles that are financed with residual value type auto loans by our domestic finance subsidiaries are accounted for as operating leases in conformity with U.S. generally accepted accounting principles. As a result, they are not included in total sales of our automobile segment or in our measure of unit sales.
 3. Unit sales of the Power Product and Other Businesses segment are the unit sales of power products. Net sales of this segment include power products and relevant parts, leisure businesses, trading and others.

Table of Contents**(2) Capital Expenditures**

Capital expenditures during the fiscal year totaled ¥311,360 million. The breakdown of capital expenditures by business segment was as follows:

Business Segment	FY2010 (reference)	FY2011	Yen (millions), %	
			Change in amount (reference)	Change (%) (reference)
Motorcycle Business	38,332	37,084	-1,248	-3.3
Automobile Business	267,257	260,149	-7,108	-2.7
Financial Services Business	398	164	-234	-58.8

Total	329,735	311,360	-18,375	-5.6
Operating Lease Assets	544,027	798,420	254,393	46.8

Note: Intangible assets are not included in the table above.

In addition to those for the installation of new equipment, the Company's capital investments included those for expanding, strengthening, rationalizing and renovating manufacturing facilities as well as those for expanding and strengthening marketing and R&D facilities, etc.

(3) Liquidity and Capital Resources

Funds for financing capital investments in Honda's manufacturing and sales businesses are provided mainly from cash generated by operating activities, bank loans and the issuance of corporate bonds. The outstanding balance of funds for Honda's manufacturing and sales businesses at the end of the fiscal year under review was ¥399.8 billion.

Honda funds its financial programs for customers and dealers primarily from medium-term notes, commercial paper, corporate bonds, bank loans, securitization of monetary assets and from operating companies. The outstanding balance of funds for Honda's financial services subsidiaries at the end of the fiscal year under review was ¥4,207.9 billion.

Table of Contents**(4) Employees of the Group and the Parent Company****(a) Honda Employees**

The Bank of Tokyo-Mitsubishi UFJ, Ltd. (BTMU) is one of the Company's principal shareholders. The Company has borrowings from and conducts various other transactions with BTMU. There are no capital transactions or other special interest relationships between the Company and the other companies listed.

(b) Principal Activities during the Fiscal Year under Review

Post	Name	Principal Activities during the Fiscal Year under Review
Director	Kensaku Hogen	Based on abundant experience and considerable knowledge regarding international diplomacy, he provides advice regarding the Company's operations from an objective and highly sophisticated perspective. In addition, he attended all 12 meetings of the Board of Directors during the fiscal year under review and appropriately expressed necessary comments on resolutions under consideration.
Director	Nobuo Kuroyanagi	Based on abundant experience and considerable knowledge regarding corporate management, he provides advice regarding the Company's operations from an objective and highly sophisticated perspective. In addition, he attended 10 of 12 meetings of the Board of Directors during the fiscal year under review and appropriately expressed necessary comments on resolutions under consideration.
Corporate Auditor	Koukei Higuchi	Based on abundant experience and considerable knowledge regarding corporate management, he conducts auditing activities from a broad and sophisticated perspective. In addition, he attended 10 of 12 meetings of the Board of Directors as well as 11 of 12 meetings of the Board of Auditors during the fiscal year under review and appropriately expressed necessary comments on resolutions under consideration.
Corporate Auditor	Fumihiko Saito	Based on abundant experience and considerable knowledge as a legal affairs specialist, he conducts auditing activities from a broad and sophisticated perspective. In addition, he attended all 12 meetings of the Board of Directors and all 12 of the meetings of the Board

Edgar Filing: HONDA MOTOR CO LTD - Form 6-K

of Auditors during the fiscal year under review and appropriately expressed necessary comments on resolutions under consideration.

Corporate Auditor

Yuji Matsuda

Based on abundant experience and considerable knowledge regarding corporate management, he conducts auditing activities from a broad and sophisticated perspective. In addition, he attended all 12 meetings of the Board of Directors and all 12 of the meetings of the Board of Auditors during the fiscal year under review and appropriately expressed necessary comments on resolutions under consideration.

Table of Contents

5. FINANCIAL AUDIT COMPANY

(1) Name of Financial Audit Company

KPMG AZSA LLC

(2) Financial Audit Company Remuneration, Etc., for the Fiscal Year under Review

(a) Remuneration, etc.	¥ 439 million
(b) Total profit on monetary and other assets to be paid by the Company and its subsidiaries	¥ 501 million

- Notes:**
1. The audit contract between the Company and its financial audit company does not itemize remuneration for auditing work based on the Company Law of Japan, auditing work based on the Financial Instruments and Exchange Law of Japan and auditing work based on the Securities Exchange Law of the United States. Because of this and because it is impractical to itemize these categories of remuneration, the figure shown in line item (a) above is a total figure.
 2. In addition to the services specified in Article 2, Paragraph 1 of the Japanese Certified Public Accountants Law, the Company paid the independent accounting firm for advisory and other services related to the application of the International Financial Reporting Standards.
 3. Of the Company's principal subsidiaries, Yachiyo Industry Co., Ltd., as well as overseas subsidiaries are audited by financial audit companies other than the financial audit company employed by the Company.

(3) Policy Regarding Dismissal or Non-Re-Employment of Financial Audit Company

In the case that the Company's financial audit company was recognized to have committed a serious legal infraction, sharply lowered the quality of its audit services or otherwise shown grounds for determining it was inappropriate for employment as a financial audit company, the Company has the policy of, in accordance with procedures stipulated in the Company Law, dismissing its financial audit company or submitting resolutions proposing the financial audit company's dismissal or non-re-employment to the general meeting of shareholders.

Table of Contents**6. POLICY REGARDING DECISIONS FOR DISTRIBUTION OF DIVIDENDS, ETC.**

The Company strives to carry out its operations worldwide from a global perspective and to increase its corporate value. With respect to the redistribution of profits to our shareholders, which we consider to be one of the most important management issues, the Company's basic policy for dividends is to make distributions after taking into account its long-term consolidated earnings performance.

The Company will also acquire its own shares at the optimal timing with the goal of improving efficiency of the Company's capital structure and implementing a flexible capital policy. The present goal is to maintain a shareholders return ratio (i.e., the ratio of the total of the dividend payment and the repurchase of the Company's own shares to net income attributable to Honda Motor Co., Ltd.) of approximately 30%. Retained earnings will be allocated toward financing R&D activities that are essential for the future growth of the Company and capital expenditures and investment programs that will expand its operations for the purpose of improving business results and strengthening the Company's financial condition.

The Company plans to distribute year-end cash dividends of ¥15 per share for the year ended March 31, 2011. As a result, total cash dividends for the year ended March 31, 2011, together with the first quarter cash dividends of ¥12, the second quarter cash dividends of ¥12 and the third quarter cash dividends of ¥15, are planned to be ¥54 per share, an increase of ¥16 per share from the annual dividends paid for the year ended March 31, 2010.

Also, please note that the year-end cash dividends for the year ended March 31, 2011 is a matter to be resolved at the general meeting of shareholders.

Table of Contents

The Notes to the Consolidated Statutory Report

Significant Accounting Policies:

1. Consolidated subsidiaries

Number of consolidated subsidiaries: 383

Corporate names of principal consolidated subsidiaries:

American Honda Motor Co., Inc., Honda of America Mfg., Inc., Honda Canada Inc., Honda R&D Co., Ltd., American Honda Finance Corporation

2. Affiliated companies

Number of affiliated companies: 91

Corporate names of major affiliated companies accounted for under the equity method:

Guangqi Honda Automobile Co., Ltd., Dongfeng Honda Automobile Co., Ltd., P.T. Astra Honda Motor

3. Changes of consolidated subsidiaries and affiliated companies

Consolidated subsidiaries:

Newly formed consolidated subsidiaries: 20

Reduced through reorganization: 27

Affiliated companies:

Reduced through reorganization: 11; Hero Honda Motors Ltd.

4. The Company prepares its consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, since the Company has listed its American Depositary Shares on the New York Stock Exchange and files reports with the U.S. Securities and Exchange Commission.

5. The average exchange rates for the fiscal year ended March 31, 2011 were ¥85.71=U.S.\$1 and ¥113.11=Euro 1 as compared with ¥92.85=U.S.\$1 and ¥131.15=Euro 1 for the same period last year.

6. Honda's common stock-to-ADS exchange ratio is one share of common stock to one ADS.

7. Inventories are stated at the lower of cost, determined principally by the first-in, first-out method, or market.

Edgar Filing: HONDA MOTOR CO LTD - Form 6-K

8. Honda classifies its debt and equity securities in the following categories: available-for-sale, trading, or held-to-maturity. Debt securities that are classified as held-to-maturity securities are reported at amortized cost. Debt and equity securities classified as trading securities are reported at fair value, with unrealized gains and losses included in earnings. Other marketable debt and equity securities are classified as available-for-sale securities and are reported at fair value, with unrealized gains or losses, net of deferred taxes included in accumulated other comprehensive income (loss) in the stockholders' equity section of the consolidated balance sheets.
9. Goodwill, all of which is allocated to Honda's reporting units, is not amortized but instead is tested for impairment at least annually.
10. Depreciation of property, plant and equipment is calculated principally by the declining-balance method based on estimated useful lives and salvage values of the respective assets.
11. Honda applies hedge accounting for certain foreign currency forward contracts related to forecasted foreign currency transactions between the Company and its subsidiaries.
12. The allowance for credit losses on finance subsidiaries' receivables is maintained at an amount management deems adequate to cover estimated losses on finance receivables. The allowance is based on management's evaluation of many factors, including current economic trends, industry experience, inherent risks in the portfolio and the borrower's ability to pay.
13. Finance subsidiaries of the Company purchase insurance to cover a substantial amount of the estimated residual value of vehicles leased to customers. The allowance for losses on lease residual values is maintained at an amount management deems adequate to cover estimated losses on the uninsured portion of the vehicles' lease residual values. The allowance is also based on management's evaluation of many factors, including current economic conditions, industry experience and the finance subsidiaries' historical experience with residual value losses.
14. Provisions for retirement benefits are provided based on the fair value of both projected benefit obligations and plan assets at the end of the fiscal year to cover for employees' retirement benefits. The Company recognizes its overfunded or underfunded status for the defined benefit postretirement plan as an asset or liability in its consolidated balance sheets and recognizes changes in the funded status in accumulated comprehensive income (loss), net of taxes. Prior service cost (benefit) is amortized by using the straight-line method and the estimated average remaining service years of employees. Actuarial loss is amortized if unrecognized net gain or loss exceeds ten percent of the greater of the projected benefit obligation or the market-related value of plan assets by using the straight-line method and the estimated average remaining service years of employees.
15. Estimated warranty expenses are provided based on historical warranty claim experience with consideration given to the expected level of future warranty costs as well as current information on repair costs. Included in warranty expenses accruals are costs for general warranties on vehicles Honda sells and product recalls.

Table of Contents**Significant Accounting Policy Change****1. Transfers of Financial Assets and Consolidation of Variable Interest Entities**

Honda adopted Accounting Standards Update (ASU) 2009-16 Accounting for Transfers of Financial Assets and ASU2009-17 Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities, effective April 1, 2010. These standards amend the FASB Accounting Standards Codification (ASC) 860 Transfers and Servicing and ASC 810 Consolidation. ASU 2009-16 removes the concept of a qualifying special purpose entity (QSPE) and removes the exception from applying consolidation accounting standards to QSPEs. ASU 2009-17 requires reporting entities to evaluate former QSPEs for consolidation, changes the approach to determining a variable interest entity's primary beneficiary from a mainly quantitative assessment to an exclusively qualitative assessment designed to identify a controlling financial interest, and increases the frequency of required reassessments to determine whether a company is the primary beneficiary of a variable interest entity.

Upon the adoption of these standards, former 10 QSPEs treated as legacy off-balance sheet in prior fiscal years were consolidated by the Company as of April 1, 2010. As a result, previously derecognized assets held by former QSPEs, including finance subsidiaries receivables of ¥282,353 million and their related secured debt of ¥274,329 million, were included in the Company's consolidated balance sheet as of April 1, 2010. The assets and liabilities associated with former legacy off-balance sheet securitizations, including retained interests in securitizations and servicing assets were removed from the Company's consolidated balance sheet from April 1, 2010. The cumulative effect adjustment upon the adoption of these standards increased the Company's beginning retained earnings for the year ended March 31, 2011 by ¥1,432 million, net of tax effect.

2. Multiple Deliverable Revenue Arrangements

Honda adopted Accounting Standards Update (ASU) 2009-13 Multiple - Deliverable Revenue Arrangements a consensus of the FASB Emerging Issues Task Force, which amends the FASB Accounting Standards Codification (ASC) 605-25 Revenue Recognition - Multiple-Element Arrangements, effective April 1, 2010. This standard requires allocation of the overall consideration to each deliverable in an arrangement with multiple deliverables using the estimated selling price in the absence of vendor-specific objective evidence or third-party evidence of selling price for deliverables and eliminates the residual method of allocation. The adoption of this standard did not have a material impact on the Company's consolidated financial position or results of operations.

Notes to Consolidated Balance Sheets:

- The allowance for assets are as follows:

	Yen (millions)	
	Mar. 31, 2010	Mar. 31, 2011
The allowance for doubtful trade accounts and notes receivables	8,555	7,904
The allowance for credit losses for finance subsidiaries' receivables	34,927	24,890
The allowance for losses on lease residual values for finance subsidiaries' receivables	9,253	7,225
The allowance for inventory losses and obsolescence	25,569	21,748
The allowance for doubtful accounts for other assets	9,319	23,275

- Net book value of property, plant and equipment that were subject to specific collateral securing indebtedness and debt-related mortgages are as follows:

	Yen (millions)	
	Mar. 31, 2010	Mar. 31, 2011
Mortgaged assets:		
Trade accounts and notes receivable	8,655	13,808
Inventories	3,777	11,691
Other current assets		5,337

Edgar Filing: HONDA MOTOR CO LTD - Form 6-K

Property, plant and equipment	20,492	24,548
Finance subsidiaries receivables	352,618	504,587
Mortgage-related debts:		
Short-term debt	44,503	298,379
Long-term debt	326,851	232,577

Honda adopted Accounting Standards Update (ASU) 2009-16 Accounting for Transfers of Financial Assets and ASU 2009-17 Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities, effective April 1, 2010. Upon the adoption of these standards, former 10 QSPEs treated as legacy off-balance sheet in prior fiscal years were consolidated by the Company as of April 1, 2010. As a result, the finance subsidiaries receivables pledged as collateral and related secured debt obligations have increased in the Company's consolidated financial statements.

Table of Contents

3. Honda has entered into various guarantee and indemnification agreements which are primarily for employee bank loans to cover their housing costs as follows: Yen (millions)

	Mar. 31, 2010	Mar. 31, 2011
Bank loans of employees for their housing costs	31,772	30,393

If an employee defaults on his/her loan payments, Honda is required to perform under the guarantee. The undiscounted maximum amount of Honda's obligation to make future payments in the event of defaults is shown above. As of March 31, 2011, no amount has been accrued for any estimated losses under these obligations, as it is probable that the employees will be able to make all scheduled payments.

Notes to Consolidated Statements of Stockholders' Equity:

	Mar. 31, 2010	Mar. 31, 2011
1. The number of shares outstanding	1,834,828,430	1,811,428,430

	Mar. 31, 2010	Mar. 31, 2011
2. The number of treasury shares	20,225,694	9,126,716

Based on the resolution of the Board of Directors, the Company acquired 12,295.5 thousand shares of its own shares and retired 23,400 thousand shares during the fiscal year ended March 31, 2011.

3. The total amount of dividends for the fiscal year ended March 31, 2011, was ¥92,170 million. The Company intends to distribute year-end cash dividends of ¥27,034 million to the stockholders of record on March 31, 2011.

Note on Financial Instruments:**Current Status of Financial Instruments****1. Policy Regarding Financial Instruments**

The policy of Honda is to support its business activities by maintaining sufficient capital resources, a sufficient level of liquidity and a sound balance sheet. In its cash management activities, the Company invests principally in highly safe, short-term financial instruments. Honda meets its operating capital requirements primarily through cash generated by operations, bank loans and the issuance of commercial paper. In addition, the Company's finance subsidiaries fund those financial programs for customers and dealers primarily from corporate bonds, medium-term notes, commercial paper, securitization of finance receivables and intercompany loans.

2. Risk Associated with Financial Instruments and Related Risk Management System

The Company reduces the credit risk arising from trade accounts and notes receivables and finance subsidiaries' receivables by requiring compliance with its internal credit management regulations. To minimize the foreign currency fluctuation risk of the foreign currency denominated receivables, the Company enters into foreign currency forward exchange contracts and foreign currency purchased option contracts. Regarding the lease receivables held by the Company's finance subsidiaries, losses may be incurred when proceeds from the sale of the returned vehicles are less than the contractual residual value. The Company's finance subsidiaries periodically review the estimated residual value of the leased vehicles to monitor the residual value risk.

Available-for-sale securities mainly consist of equity securities. Held-to-maturity securities mainly consist of government and agency debt securities. In order to manage the price fluctuation risk, the Company periodically estimates the fair value of these securities.

To manage the liquidity risk associated with short-term and long-term debt, the Company diversifies its sources of funds. To reduce the interest rate fluctuation risk, the Company enters into interest rate swap contracts. To minimize the foreign currency fluctuation risk of the foreign currency denominated payables, the Company enters into currency swap contracts.

Edgar Filing: HONDA MOTOR CO LTD - Form 6-K

The Company enters into derivative contracts within the actual demand of its business activities in accordance with the risk management policy. The derivative instruments contain an element of risk in the event the counterparties are unable to meet the terms of the agreement. However, Honda minimizes the risk exposure by limiting the counterparties to major international banks and financial institutions meeting established credit guidelines.

The Company applies hedge accounting for certain foreign currency forward exchange contracts related to forecasted foreign currency transactions between the Company and its subsidiaries.

Table of Contents**Fair Value of Financial Instruments**

The carrying amount, estimated fair value and difference of financial instruments at March 31, 2011 are as follows:

	Carrying Amount	Estimate Fair Value	Yen (millions) Difference
Finance subsidiaries receivables	3,642,235	3,701,218	58,983
Available-for-sale securities	99,369	99,369	
Held-to-maturity securities	40,725	40,649	(76)
Short-term and long-term debt	(4,100,435)	(4,159,300)	(58,865)
Derivative instruments	39,491	39,491	

Note: The carrying amount of finance subsidiaries receivables at March 31, 2011 in the table excludes ¥333,979 million of direct financing leases, net, classified as finance subsidiaries receivables in the consolidated balance sheets. The carrying amount of finance subsidiaries receivables at March 31, 2011 in the table also includes ¥496,233 million of finance receivables classified as trade receivables and other assets in the consolidated balance sheets.

The methodologies used to estimate the fair value of financial instruments are as follows.

1. Cash and cash equivalents, trade accounts and notes receivables and notes and accounts payables

The carrying amounts approximate fair values because of the short maturity of these instruments.

2. Finance subsidiaries receivables

The fair values of retail receivables and term loans to dealers are estimated by discounting future cash flows using the current rates for these instruments of similar remaining maturities. Given the short maturities of wholesale receivables, the carrying amount of those receivables approximates fair value. The fair values of the retained interests in securitizations are estimated by calculating the present value of the future cash flows using a discount rate commensurate with the risks involved.

3. Marketable equity securities

The fair value of marketable equity securities is estimated using quoted market prices. The fair value of auction rate securities is estimated by discounting future cash flows considering liquidity risk and other factors.

4. Held-to-maturity securities

The fair values of government bonds and U.S. government and agency debt securities were estimated by using quoted market prices. The carrying amount of certificates of deposit approximates fair value because of the short maturity of the instrument.

5. Short-term debt and long-term debt

The fair values of bonds and notes are estimated based on the quoted market prices for the same or similar issues. The fair value of long-term loans is estimated by discounting future cash flows using rates currently available for loans of similar terms and remaining maturities. The carrying amounts of short-term bank loans and commercial paper approximate fair values because of the short maturity of these instruments.

6. Derivative instruments

The Company holds foreign currency and interest rate derivative instruments. The fair values of foreign currency instruments are estimated based on foreign exchange rates, discount rates and implied volatility. The fair values of interest rate instruments are estimated by discounting future cash flows using LIBOR rates, swap rates and foreign exchange rates. The fair values of a limited number of interest rate swap agreements related to certain off-balance sheet securitizations are estimated using internally developed prepayment assumptions in order to forecast future notional amounts on these structured derivative contracts.

Non-marketable securities are excluded from the above table as it is not possible to estimate the future cash flow and it is deemed to be extremely difficult to measure the fair value. The carrying amount of non-marketable securities is ¥13,147 million at March 31, 2011.

Notes to Information about Per Common Share:

Honda Motor Co., Ltd. shareholders' equity per common share and basic net income attributable to Honda Motor Co., Ltd. per common share are as follows: Yen

	Mar. 31, 2010	Mar. 31, 2011
Honda Motor Co., Ltd. shareholders' equity per common share	2,385.45	2,469.05
Basic net income attributable to Honda Motor Co., Ltd. per common share	147.91	295.67

Honda Motor Co., Ltd. shareholders' equity per common share has been computed by dividing Honda Motor Co., Ltd. shareholders' equity by the number of shares outstanding at the end of each period. The numbers of common shares, at the end of the years ended March 31, 2010 and 2011 were 1,814,602,736 and 1,802,301,714, respectively. Basic net income attributable to Honda Motor Co., Ltd. per common share has been computed by dividing net income attributable to Honda Motor Co., Ltd. by the weighted average number of shares outstanding during each period. The weighted average numbers of shares outstanding for the years ended March 31, 2010 and 2011 were 1,814,605,803 and 1,806,360,505, respectively. There were no potentially dilutive shares issued during the years ended March 31, 2010 or 2011.

Table of Contents

Other

1. Out-of-period adjustments

The overstatements of trade accounts and notes receivable, inventories, net sales and other operating revenue, and cost of sales in the previously issued consolidated financial statements, in relation to inventory management trading activities in which a domestic subsidiary of the Company has involved were found. The Company recorded the related cumulative loss, which amounted to ¥14,123 million, which was incurred in prior fiscal years, as selling, general and administrative expenses in the Company's consolidated statements of income for the year ended March 31, 2011, not by retrospectively adjusting the prior year financial statements. As a result, operating income for the year ended March 31, 2011 decreased by ¥14,123 million. Honda believes that these out-of-period adjustments are immaterial to the Company's consolidated financial statements or results of operations as of and for the year ended March 31, 2011 as well as prior periods.

Note: Inventory management trading means transactions in which a domestic subsidiary of the Company temporarily purchases seafood products from seafood companies with the promise that they will buy back such products after a certain period, in order to bridge the gap between the purchasing period (the fishing season) and the sales period for seafood products.

2. Dissolution of the joint venture

On March 22, 2011, Honda sold all of its investments in Hero Honda Motors Ltd. (HHML) with book value of ¥34,275 million, which represented 26.0% of HHML's total outstanding shares, to its joint venture partner at ¥71,073 million for the dissolution of the joint venture. In addition, Honda and HHML have signed a new licensing agreement which enables HHML to continue producing, selling and servicing its current products. Consideration for the licensing agreement was ¥45,000 million, and becomes due through 2014.

Total consideration received less the interest portion, including the fair value attributable to the termination of certain obligations under the joint venture agreement, is allocated to each element using the relative selling price method in accordance with FASB ASC 605 Revenue Recognition. As a result, the Company recognized revenue of ¥32,015 million related to the licensing agreement in Net sales and other operating revenue and the gain on sale of the investments of ¥46,756 million in Other income (expense) Other, net.

Transaction prices were determined through negotiation based on the estimate by management of Honda after considering economic rationality.

3. Impact on the Company's consolidated financial position or results of operations of the Great East Japan Earthquake occurred on March 11, 2011

On March 11, 2011, Japan experienced a large earthquake commonly referred to as the Great East Japan Earthquake, which caused damage to certain of property, plant and equipment and inventory, and temporary suspension of production of the Company's plants and research and development activities of the Company and its domestic consolidated subsidiaries.

As a result, the Company and its domestic consolidated subsidiaries recognized ¥45,720 million in losses, of which ¥17,450 million is included in cost of sales and ¥28,270 million is included in Selling, general and administrative in the accompanying consolidated statement of income for the year ended March 31, 2011. The losses mainly consist of unallocated fixed production overhead of ¥15,062 million, which is included in cost of sales, and loss on damaged property, plant and equipment of ¥15,647 million, which is included in selling, general and administrative.

The Company and its domestic consolidated subsidiaries did not recognize the costs of future restoration activities expected to be incurred in the next fiscal year in the current year's consolidated financial statements.

Regarding the Notes for the Previous Fiscal Year

The notes for the previous fiscal year contain additional information for reference.

We have audited the consolidated statutory report, that is the consolidated balance sheet, the consolidated statement of income, the consolidated statement of stockholders' equity and comprehensive income and the notes to the consolidated statutory report of Honda Motor Co., Ltd. for the year from April 1, 2010 to March 31, 2011 in accordance with Article 444 (4) of the Corporate Law. The consolidated statutory report is the responsibility of the Company's management. Our responsibility is to express an opinion on the consolidated statutory report based on our audit as independent auditors.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those auditing standards require that we obtain reasonable assurance about whether the consolidated statutory report is free of material misstatement. An audit is performed on a test basis, and includes assessing the accounting principles used, the method of their application and estimates made by management, as well as evaluating the overall presentation of the consolidated statutory report. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated statutory report referred to above presents fairly, in all material respects, the consolidated financial position of Honda Motor Co., Ltd. and consolidated subsidiaries as of March 31, 2011 and the consolidated results of their operations for the year then ended, in conformity with the Article 3, Paragraph 1 of the Supplementary Provision of the Company Accounting Regulations (the Ministry of Justice Ordinance No. 46 of 2009) and the recognition and measurement criteria of accounting principles generally accepted in the United States of America (Refer to Note 4 of "Significant Accounting Policies" of the notes to the consolidated statutory report).

Additional information

As described in "Significant Changes in Accounting Policy" in the Notes to Consolidated Financial Statements, Honda adopted Accounting Standards Update (ASU) 2009-16 "Accounting for Transfers of Financial Assets", and ASU 2009-17 "Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities", effective April 1, 2010.

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Law of Japan.

Audit Report of the Board of Corporate Auditors

Audit Report

Mr. Takanobu Ito

President and Representative Director of

Honda Motor Co., Ltd.

The Board of Corporate Auditors has prepared this Audit Report regarding the performance of duties by the Directors for the 87th fiscal year from April 1, 2010 to March 31, 2011, upon deliberation based on the audit reports prepared by each Corporate Auditor, and hereby reports as follows:

1. Auditing Methods Employed by the Corporate Auditors and the Board of Corporate Auditors and Details of Such Methods

The Board of Corporate Auditors established auditing policies, assignment of duties, etc., and received reports from each Corporate Auditor regarding their execution of audits and results thereof, and received reports from the Directors, etc. and the Accounting Auditor regarding performance of their duties, and sought explanations as necessary.

Each Corporate Auditor, in accordance with the auditing standards of Corporate Auditors established by the Board of Corporate Auditors, following the auditing policies, assignment of duties and other relevant matters, communicated with the Directors, the Audit Office and other employees, etc., made efforts to collect information and establish the environment for auditing, and participated in the meetings of the Board of Directors and other important meetings, received reports from the Directors and employees regarding performance of their duties, sought explanations as necessary, examined important documents on business decisions, etc., and surveyed the status of operations and assets at the head office and principal business offices. In addition, each Corporate Auditor monitored and verified the content of the resolution of the Board of Directors regarding the establishment of the system for ensuring that the performance of duties by the Directors conforms to the laws and regulations and Articles of Incorporation and other systems stipulated in Paragraphs 1 and 3 of Article 100 of the Enforcement Regulations of the Corporation Law as being necessary for ensuring appropriateness of the Company's operations, and the status of the systems established based on such resolution (Internal Control Systems). With respect to subsidiaries, Corporate Auditors communicated and exchanged information with Directors and Corporate Auditors of subsidiaries, and received business reports from subsidiaries as necessary. Based on the above methods, Corporate Auditors examined the business report and the accompanying detailed statements for this fiscal year.

Furthermore, Corporate Auditors monitored and verified whether the Accounting Auditor maintained its independence and implemented appropriate audits, and received reports from the Accounting Auditor regarding the performance of its duties and sought explanations as necessary. In addition, Corporate Auditors received notice from the Accounting Auditor that System for ensuring that duties are performed properly (matters set forth in each item of Article 131 of the Company Accounting Regulations) is established in accordance with the Quality Control Standards Regarding Audits (Business Accounting Council, October 28, 2005), etc., and sought explanations as necessary. Based on the above methods, Corporate Auditors examined the unconsolidated financial statements (unconsolidated balance sheets, unconsolidated statements of operations, unconsolidated statements of stockholders' equity and notes to the unconsolidated financial statements) and the supplementary schedules thereto, and the consolidated financial statements (consolidated balance sheet, consolidated statement of income, consolidated statements of stockholders' equity and notes to consolidated financial statements) for this fiscal year.

2. Results of Audit

(1) Results of Audit of Business Report, etc.

1. The business report and the supplementary schedules thereto fairly represent the status of the Company in accordance with the applicable laws and regulations and Articles of Incorporation.

Edgar Filing: HONDA MOTOR CO LTD - Form 6-K

2. No misconduct or material violation of laws, regulations or the Articles of Incorporation was found with regard to the performance of duties by the Directors.
3. The content of the resolution of the Board of Directors regarding the Internal Control Systems is appropriate. In addition, no matter was found on which to remark in regard to the performance of duties by the Directors regarding the Internal Control Systems.

(2) Results of Audit of unconsolidated financial statements and the supplementary schedules thereto.
The methods and results of the audit performed by the Accounting Auditor, KPMG AZSA LLC, are appropriate.

(3) Results of Audit of consolidated financial statements.
The methods and results of the audit performed by the Accounting Auditor, KPMG AZSA LLC, are appropriate.
