To announce the Company's September 2011 revenues

Date of events: 2011/10/11

Contents:

1. Date of occurrence of the event: 2011/10/11

2. Company name: Chunghwa Telecom Co., Ltd.

3. Relationship to the Company (please enter head office or affiliate company): Head office

4. Reciprocal shareholding ratios: N/A

5. Cause of occurrence: Chunghwa Telecom today announced a 1.3% year-over-year decrease in unconsolidated total revenue to NT\$15.75 billion in September 2011. Operating income decreased by 2.8% year-over-year to NT\$4.07 billion, net income increased by 7.3% year-over-year to NT\$3.81 billion, and EPS rose by 32.4% to NT\$0.49.

The revenue decrease was primarily attributable to (1) the revenue recognition of the government integrated taxation information system project for September last year, (2) refund of local service affiliated to ADSL services, (3) the tariff reduction mandated by regulator, (4) the hold back of handset sales due to customers' wait for new iPhone model, (5) the broadband tariff reduction and price discounts of wireless internet services, which offset the rise in local fixed line revenue resulting from the shift of the pricing right of fixed-to-mobile call from mobile operators to fixed network operators, as well as the revenue growth attributable to the increase of broadband and wireless internet subscribers. The decrease in operating income was primarily due to the decrease in revenue. Net income increased year over year mainly due to the increase of non-operating income from property sales of Light Era, our property development subsidiary. The increase in EPS was mainly due to the capital reduction in January 2011, which decreased the number of outstanding shares.
