**1. Summary of Significant Accounting Policies****Basis of Presentation**

The condensed consolidated balance sheet as of October 31, 2011, the condensed consolidated statements of operations and comprehensive income (loss) for the three and six months ended October 31, 2011 and 2010, and the condensed consolidated statements of cash flows for the six months ended October 31, 2011 and 2010 have been prepared by the Company, without audit. In the opinion of management, all adjustments, which include only normal recurring adjustments, necessary to present fairly the financial position, results of operations and cash flows at October 31, 2011 and for all periods presented have been made. See below for discussion of our presentation of discontinued operations.

H&R Block, the Company, we, our and us are used interchangeably to refer to H&R Block, Inc. or to H&R Block, Inc. and its subsidiaries, appropriate to the context.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in our April 30, 2011 Annual Report to Shareholders on Form 10-K. All amounts presented herein as of April 30, 2011 or for the year then ended, are derived from our April 30, 2011 Annual Report to Shareholders on Form 10-K.

**Management Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Significant estimates, assumptions and judgments are applied in the determination of our allowance for loan losses, potential losses from loan repurchase and indemnity obligations associated with our discontinued mortgage business, contingent losses associated with pending litigation, fair value of reporting units, valuation allowances based on future taxable income, reserves for uncertain tax positions, credit losses on receivable balances and related matters. Estimates have been prepared on the basis of the most current and best information available as of each balance sheet date. As such, actual results could differ materially from those estimates.

**Seasonality of Business**

Our operating revenues are seasonal in nature with peak revenues occurring in the months of January through April. Therefore, results for interim periods are not indicative of results to be expected for the full year.

**Discontinued Operations    Recent Events**

In August 2011, our Board of Directors approved a non-binding letter of intent to sell substantially all assets of RSM McGladrey, Inc. (RSM) to McGladrey and Pullen LLP (M&P) and, on November 30, 2011, the sale of RSM was completed. At closing we received cash proceeds totaling \$475.0 million, a short-term receivable of \$34.0 million and a note in the principal amount of \$54.0 million. The final purchase price is subject to further post-closing adjustments. M&P also assumed substantially all liabilities of RSM, including contingent payments and lease obligations. We have indemnified M&P for certain litigation matters and certain obligations related primarily to previously sold RSM subsidiaries. In the first quarter we recorded an \$85.4 million impairment of goodwill in connection with the sale of RSM. The net loss ultimately resulting from the divestiture of RSM will be based on post-closing adjustments to the purchase price, as well as the additional realization of tax benefits related to the sale. In the first quarter, we also announced we were evaluating strategic alternatives for RSM EquiCo, Inc. (EquiCo), and recorded a \$14.3 million impairment of goodwill related to this business.

## Edgar Filing: H&R BLOCK INC - Form 10-Q

As of October 31, 2011, the results of operations of these businesses are presented as discontinued operations and the assets and liabilities of the businesses being sold are presented as held-for-sale in the

condensed consolidated financial statements. All periods presented in our condensed consolidated balance sheets and statements of operations have been reclassified to reflect our discontinued operations. See additional information in note 12.

**2. Loss Per Share and Stockholders Equity**

Basic and diluted loss per share is computed using the two-class method. The two-class method is an earnings allocation formula that determines net income per share for each class of common stock and participating security according to dividends declared and participation rights in undistributed earnings. Per share amounts are computed by dividing net income from continuing operations attributable to common shareholders by the weighted average shares outstanding during each period. The dilutive effect of potential common shares is included in diluted earnings per share except in those periods with a loss from continuing operations. Diluted earnings per share excludes the impact of shares of common stock issuable upon the lapse of certain restrictions or the exercise of options to purchase 13.0 million shares for the three and six months ended October 31, 2011, and 15.6 million shares for the three and six months ended October 31, 2010, as the effect would be antidilutive due to the net loss from continuing operations during each period.

The computations of basic and diluted loss per share from continuing operations are as follows:

	(in 000s, except per share amounts)			
	Three months ended		Six months	
	2011	October 31, 2010	ended October 31, 2011	2010
Net loss from continuing operations attributable to shareholders	\$ (123,013)	\$ (111,444)	\$ (242,168)	\$ (239,252)
Amounts allocated to participating securities (nonvested shares)	62	(26)	176	(7)
Net loss from continuing operations attributable to common shareholders	\$ (123,075)	\$ (111,418)	\$ (242,344)	\$ (239,245)
Basic weighted average common shares	299,895	306,804	302,693	313,247
Potential dilutive shares				
Dilutive weighted average common shares	299,895	306,804	302,693	313,247
Loss per share from continuing operations:				
Basic	\$ (0.41)	\$ (0.36)	\$ (0.80)	\$ (0.77)
Diluted	(0.41)	(0.36)	(0.80)	(0.77)

The weighted average shares outstanding for the three and six months ended October 31, 2011 decreased to 299.9 million and 302.7 million, respectively, from 306.8 million and 313.2 million for the three and six months ended October 31, 2010, respectively, primarily due to share repurchases completed in the current year. During the six months ended October 31, 2011, we purchased and immediately retired 13.0 million shares of our common stock at a cost of \$177.5 million. The cost of shares retired during the current period was allocated to the components of stockholders equity as follows:

	(in 000s)
Common stock	\$ 130
Additional paid-in capital	7,826
Retained earnings	169,548
	\$ 177,504

## Edgar Filing: H&R BLOCK INC - Form 10-Q

During the six months ended October 31, 2010, we purchased and immediately retired 19.0 million shares of our common stock at a cost of \$279.9 million.

During the six months ended October 31, 2011 and 2010, we issued 0.8 million and 1.0 million shares of common stock, respectively, due to the exercise of stock options, employee stock purchases and vesting of nonvested shares.

**Table of Contents**

During the six months ended October 31, 2011, we acquired 0.2 million shares of our common stock at an aggregate cost of \$2.7 million, and during the six months ended October 31, 2010, we acquired 0.2 million shares at an aggregate cost of \$3.5 million. Shares acquired during these periods represented shares swapped or surrendered to us in connection with the vesting of nonvested shares and the exercise of stock options.

During the six months ended October 31, 2011, we granted 2.3 million stock options and 1.0 million nonvested shares and units under our stock-based compensation plans. The weighted average fair value of options granted was \$3.37 for management options. These awards vest over a three year period with one-third vesting each year. Stock-based compensation expense of our continuing operations totaled \$4.5 million and \$7.8 million for the three and six months ended October 31, 2011, respectively, and \$1.8 million and \$3.8 million for the three and six months ended October 31, 2010, respectively. At October 31, 2011, unrecognized compensation cost for options totaled \$8.5 million, and for nonvested shares and units totaled \$19.8 million.

**3. Receivables**

Short-term receivables of our continuing operations consist of the following:

	October 31, 2011	April 30, 2011
As of		(in 000s)
Loans to franchisees	\$ 67,594	\$ 62,181
Receivables for tax preparation and related fees	34,561	38,930
Emerald Advance lines of credit	29,929	31,645

Allowance for doubtful accounts	(48,412)	(47,943)
	\$ 128,062	\$ 230,172

The short-term portion of Emerald Advance lines of credit (EAs), tax client receivables related to refund anticipation loans (RALs) and loans made to franchisees is included in receivables, while the long-term portion is included in other assets in the condensed consolidated financial statements. These amounts are as follows:

	Emerald Advance Lines of Credit	Tax Client Receivables-RALs	Loans to Franchisees
As of October 31, 2011:			(in 000s)
Short-term	\$ 29,929	\$ 1,933	\$ 67,594
Long-term	17,749	5,260	130,280
	\$ 47,678	\$ 7,193	\$ 197,874
As of April 30, 2011:			
Short-term	\$ 31,645	\$ 2,412	\$ 62,181
Long-term	21,619	5,855	110,420
	\$ 53,264	\$ 8,267	\$ 172,601

**Table of Contents**

We review the credit quality of our EA receivables and tax client receivables related to RALs based on pools, which are segregated by the year of origination, with older years being deemed more unlikely to be repaid. These amounts as of October 31, 2011, by year of origination, are as follows:

		(in 000s)	
		Emerald Advance Lines of Credit	Tax Client Receivables-RALs
Credit Quality Indicator	Year of origination:		
2011		\$ 24,829	\$
2010		4,950	85

2008 and prior		2,072	4,986
Revolving loans		10,897	
		\$ 47,678	\$ 7,193

As of October 31, 2011 and April 30, 2011, \$44.4 million and \$46.8 million, respectively, of EAs were on non-accrual status and classified as impaired, or more than 60 days past due. All tax client receivables related to RALs are considered impaired.

Loans made to franchisees totaled \$197.9 million at October 31, 2011, and consisted of \$146.3 million in term loans made to finance the purchase of franchises and \$51.6 million in revolving lines of credit made to existing franchisees primarily for the purpose of funding their off-season needs.

The allowance for doubtful accounts for continuing operations consists of the following:

		(in 000s)	
		October 31, 2011	April 30, 2011
As of			
Allowance related to:			
Emerald Advance lines of credit		\$ 5,930	\$ 4,400
Tax client receivables related to RALs			
Loans to franchisees			
All other receivables		42,482	43,543
		\$ 48,412	\$ 47,943

Activity in the allowance for doubtful accounts for the six months ended October 31, 2011 and 2010 is as follows:

						(in 000s)
	Emerald Advance Lines of Credit	Tax Client Receivables-RALs	Loans to Franchisees	All Other	Total

When determining our allowance for loan losses, we evaluate loans less than 60 days past due on a pooled basis, while loans we consider impaired, including those loans more than 60 days past due or modified as troubled debt restructurings (TDRs), are evaluated individually. The balance of these loans and the related allowance is as follows:

Loans given our internal risk rating of high are generally originated by SCC, have no documentation or are stated income and are non-owner occupied. Loans given our internal risk rating of medium are generally full documentation or stated income, with loan-to-value at origination of more than 80% and have credit scores at origination below 700. Loans given our internal risk rating of low are generally full documentation, with loan-to-value at origination of less than 80% and have credit scores greater than 700.

Our mortgage loans held for investment include concentrations of loans to borrowers in certain states, which may result in increased exposure to loss as a result of changes in real estate values and underlying economic or market conditions related to a particular geographical location. Approximately 52% of our mortgage loan portfolio consists of loans to borrowers located in the states of Florida, California and New York.

<sup>(1)</sup> At October 31, 2011 and April 30, 2011, we had no investments that had been in a continuous loss position for more than twelve months.

We did not record any other-than-temporary impairments of AFS securities during the three or six months ended October 31, 2011. During the three and six months ended October 31, 2010, we recorded other-than-temporary impairments of AFS securities totaling \$0.1 million and \$0.3 million, respectively, as a result of an assessment that it was probable we would not collect all amounts due or an assessment that we would not be able to hold the investments until potential recovery of market value.

Contractual maturities of AFS debt securities at October 31, 2011, occur at varying dates over the next 30 years, and are set forth in the table below.

**6. Assets and Liabilities Measured at Fair Value**

We use the following valuation methodologies for assets and liabilities measured at fair value and the general classification of these instruments pursuant to the fair value hierarchy.

**Available-for-sale securities** Available-for-sale securities are carried at fair value on a recurring basis. When available, fair value is based on quoted prices in an active market for identical securities and as such, would be classified as Level 1. If quoted market prices are not available, we use a third-party pricing service to determine fair value and classify the securities as Level 2. The service s

## Edgar Filing: H&R BLOCK INC - Form 10-Q

pricing model is based on market data and utilizes available trade, bid and other market information for similar securities.

Available-for-sale securities that we classify as Level 2 include certain agency and non-agency mortgage-backed securities, U.S. states and political subdivisions debt securities and other debt and equity securities.

Real estate owned REO includes foreclosed properties securing mortgage loans. Foreclosed assets are adjusted to fair value less costs to sell upon transfer of the loans to REO. Fair value is generally based on independent market prices or appraised values of the collateral. Subsequent holding period losses and losses arising from the sale of REO are expensed as incurred. Because our REO is valued based on significant inputs that are unobservable in the market and our own estimates of assumptions that we believe market participants would use in pricing the asset, these assets are classified as Level 3.

**Table of Contents**

Impaired mortgage loans held for investment The fair value of impaired mortgage loans held for investment is generally based on the net present value of discounted cash flows for TDR loans or the appraised value of the underlying collateral for all other loans. These loans are classified as Level 3.

The following table presents for each hierarchy level the assets that were remeasured at fair value on both a recurring and non-recurring basis during the six months ended October 31, 2011 and 2010 and the gains (losses) on those remeasurements:

<sup>(1)</sup> Prior year amounts have been restated to include only impaired mortgage loans and REO that were remeasured during the quarter and the gain (loss) on those remeasurements.

There were no changes to the unobservable inputs used in determining the fair values of our level 2 and level 3 financial assets.

The following methods were used to determine the fair values of our other financial instruments:

Cash equivalents, accounts receivable, investment in Federal Home Loan Bank (FHLB) stock, accounts payable, accrued liabilities, commercial paper borrowings and the current portion of long-term debt The carrying values reported in the balance sheet for these items approximate fair market value due to the relative short-term nature of the respective instruments.

Mortgage loans held for investment The fair value of mortgage loans held for investment is generally determined using market pricing sources based on origination channel and performance characteristics.

Deposits The estimated fair value of demand deposits is the amount payable on demand at the reporting date. The estimated fair value of IRAs and other time deposits is estimated by discounting the future cash flows using the rates currently offered by HRB Bank for products with similar remaining maturities.

Long-term borrowings and FHLB borrowings The fair value of borrowings is based on rates currently available to us for obligations with similar terms and maturities, including current market yields on our Senior Notes.

**Table of Contents**

The carrying amounts and estimated fair values of our financial instruments at October 31, 2011 are as follows:

	Carrying Amount	Estimated Fair Value	(in 000s)

**7. Goodwill and Intangible Assets**

Changes in the carrying amount of the goodwill of our continuing operations, which is included in our Tax Services segment, for the six months ended October 31, 2011 consist of the following:

	(in 000s)
Balance at April 30, 2011:	
Goodwill	\$ 459,039
Accumulated impairment losses	(24,888)

Balance at October 31, 2011:	
Goodwill	467,548
Accumulated impairment losses	(29,145)
	\$ 438,403

In the current period, we decided to discontinue service under our ExpressTax brand. As a result, we recorded an impairment of the reporting unit's goodwill, which totaled \$4.3 million.

We test goodwill and other indefinite-life intangible assets for impairment annually or more frequently if events occur or circumstances change which would, more likely than not, reduce the fair value of a reporting unit below its carrying value.

Intangible assets of our continuing operations consist of the following:

Additionally, we recorded an impairment of customer relationships of \$4.0 million, related to the discontinuation of our ExpressTax brand, as discussed above. Amortization of intangible assets of our continuing operations for the three and six

**Table of Contents**

months ended October 31, 2010 was \$4.2 and \$8.3 million respectively. Estimated amortization of intangible assets for fiscal years 2012 through 2016 is \$17.4 million, \$15.8 million, \$14.0 million, \$10.6 million and \$10.0 million, respectively.

**8. Income Taxes**

We file a consolidated federal income tax return in the United States and file tax returns in various state and foreign jurisdictions. The U.S. Federal consolidated tax returns for the years 1999 through 2009 are currently under examination by the Internal Revenue Service, with the 1999-2007 years currently at the appellate level. Federal returns for tax years prior to 1999 are closed by statute. Historically, tax returns in various foreign and state jurisdictions are examined and settled upon completion of the exam.

We had gross unrecognized tax benefits of \$158.0 million and \$154.8 million at October 31, 2011 and April 30, 2011, respectively. The gross unrecognized tax benefits increased \$3.2 million net in the current year, due to accruals of tax on positions related to prior years partially offset by statute of limitations expirations and settlements with taxing authorities. Except as noted below, we have classified the liability for unrecognized tax benefits, including corresponding accrued interest, as long-term at October 31, 2011, and included this amount in other noncurrent liabilities on the condensed consolidated balance sheet.

Based upon the expiration of statutes of limitations, payments of tax and other factors in several jurisdictions, we believe it is reasonably possible that the gross amount of reserves for previously unrecognized tax benefits may decrease by \$16.8 million within twelve months of October 31, 2011. This portion of our liability for unrecognized tax benefits has been classified as current and is included in accounts payable, accrued expenses and other current liabilities on the condensed consolidated balance sheets.

**10. Regulatory Requirements**

HRB Bank files its regulatory Thrift Financial Report (TFR) on a calendar quarter basis with the Office of Thrift Supervision (OTS). In July 2011, as a result of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Reform Act), the responsibility and authority of the OTS moved to the Office of the Comptroller of the Currency (OCC). HRB Bank will continue to file TFR reports with the OCC through December 31, 2011. Beginning March 31, 2012, HRB Bank will file Reports of Condition and Income (Call Report) with the OCC quarterly.

Edgar Filing: H&R BLOCK INC - Form 10-Q

Additionally, H&R Block, Inc. as the bank holding company, is now regulated by the Federal Reserve Bank.

**11. Commitments and Contingencies**

Changes in deferred revenue balances related to our Peace of Mind (POM) program, the current portion of which is included in accounts payable, accrued expenses and other current liabilities and the long-term portion of which is included in other noncurrent liabilities in the condensed consolidated balance sheets, are as follows:

Six months ended October 31,	(in 000s)

We have recorded liabilities totaling \$8.7 million and \$11.0 million as of October 31, 2011 and April 30, 2011, respectively, in conjunction with contingent payments related to recent acquisitions of our continuing operations, with the short-term amount recorded in accounts payable, accrued expenses and deposits and the long-term portion included in other noncurrent liabilities. Our estimate is based on current financial conditions. Should actual results differ materially from our assumptions, the potential payments will differ from the above estimate.

**Table of Contents**

We routinely enter into contracts that include embedded indemnifications that have characteristics similar to guarantees. Guarantees and indemnifications of the Company and its subsidiaries include obligations to protect counterparties from losses arising from the following: (1) tax, legal and other risks related to the purchase or disposition of businesses; (2) penalties and interest assessed by federal and state taxing authorities in connection with tax returns prepared for clients; (3) indemnification of our directors and officers; and (4) third-party claims relating to various arrangements in the normal course of business. Typically, there is no stated maximum payment related to these indemnifications, and the terms of the indemnities may vary and in many cases are limited only by the applicable statute of limitations. The likelihood of any claims being asserted against us and the ultimate liability related to any such claims, if any, is difficult to predict. While we cannot provide assurance we will ultimately prevail in the event any such claims are asserted, we believe the fair value of guarantees and indemnifications relating to our continuing operations is not material as of October 31, 2011.

**Variable Interests**

We evaluated our financial interests in variable interest entities (VIEs) as of October 31, 2011 and determined that there have been no significant changes related to those financial interests.

**Discontinued Operations Mortgage Operations**

SCC, previously known as Option One Mortgage Corporation, ceased originating mortgage loans in December 2007 and, in April 2008, sold its servicing assets and discontinued its remaining operations. The sale of servicing assets did not include the sale of any mortgage loans.

In connection with the sale of loans and/or residential mortgage-backed securities (RMBS), SCC made certain representations and warranties, including, but not limited to, representations relating to matters such as ownership of the loan, validity of lien securing the loan, and the loan's compliance with SCC's underwriting criteria. Representations and warranties in whole loan sale transactions to institutional investors included a knowledge qualifier which limits SCC liability for borrower fraud to those instances where SCC had knowledge of the fraud at the time the loans were sold. In the event that there is a breach of a representation and warranty and such breach materially and adversely affects the value of a mortgage loan, SCC may be obligated to repurchase a loan or otherwise indemnify certain parties for losses incurred as a result of loan liquidation. Generally, these representations and warranties are not subject to a stated term, but would be subject to statutes of limitation applicable to the contractual provisions.

Claims received by SCC have primarily related to alleged breaches of representations and warranties related to a loan's compliance with the underwriting standards established by SCC at origination, borrower fraud and credit exceptions without sufficient compensating factors. Claims received since May 1, 2008 are as follows:

(in millions)

	Fiscal Year 2009		Fiscal Year 2010				Fiscal Year 2011				Fiscal Year 2012		Total

Note: The table above excludes amounts related to an indemnity agreement dated April 2008, which is discussed below.

SCC received \$483 million in claims in the second quarter of fiscal year 2012, the majority of which were asserted by a private-label securitization trustee on behalf of bondholders (\$385 million) and by a monoline insurer (\$84 million). The nature of the claims and the loans to which they relate, including loan vintage, loan performance characteristics, and alleged breaches of representations and warranties, is consistent

with claims received in prior periods.

For claims received, reviewed and determined to be valid or otherwise settled, SCC has complied with its obligations by either repurchasing the mortgage loans or related collateral, or providing for the reimbursement of losses in connection with liquidated collateral, or reaching other settlements. SCC has

---

**Table of Contents**

denied approximately 85% of all claims reviewed, excluding resolution reached under other settlements. Counterparties could reassert claims that SCC has denied. Of claims determined to be valid, approximately 22% resulted in loan repurchases and 78% resulted in indemnification or settlement payments. Losses on loan repurchase, indemnification and settlement payments totaled approximately \$120 million for the period May 1, 2008 through October 31, 2011. Loss severity rates on repurchases and indemnification have approximated 58% and SCC has not observed any material trends related to average losses. Repurchased loans are considered held for sale and are included in prepaid expenses and other current assets on the condensed consolidated balance sheets. The net balance of all mortgage loans held for sale by SCC was \$11.8 million at October 31, 2011.

SCC generally has 60 to 120 days to respond to representation and warranty claims and performs a loan-by-loan review of all repurchase claims during this time. Claims totaling approximately \$537 million remained subject to review as of October 31, 2011. Approximately \$46 million of claims under review represent a reassertion of previously denied claims.

All claims asserted against SCC since May 1, 2008 relate to loans originated during calendar years 2005 through 2007, of which, approximately 90% relate to loans originated in calendar years 2006 and 2007. During calendar year 2005 through 2007, SCC originated approximately \$84 billion in loans, of which less than 1% were sold to government sponsored entities. SCC is not subject to loss on loans that have been paid in full, repurchased, or were sold without recourse.

The majority of claims asserted since May 1, 2008, which have been determined by SCC to represent a valid breach of its representations and warranties, relate to loans that became delinquent within the first two years following the origination of the mortgage loan. SCC believes the longer a loan performs prior to an event of default, the less likely the default will be related to a breach of a representation and warranty. Loans originated in 2005, 2006 and 2007 which defaulted in the first two years totaled \$4.0 billion, \$6.3 billion and \$2.9 billion, respectively, at October 31, 2011.

SCC estimates losses relating to representation and warranty claims by estimating loan repurchase and indemnification obligations on both known claims and projections of future claims. Projections of future claims are based on an analysis that includes a review of valid claims and loss severities by counterparty, the terms and provisions of related agreements, the historical experience under repurchase and indemnification obligations related to breaches of representations and warranties and third-party activity, which includes inquiries from various third-parties, loan file access by third parties, and repurchase demands. SCC's methodology for calculating this liability also includes an assessment of the probability that individual counterparties (private label securitization trustees on behalf of bondholders, monoline insurers and whole-loan purchasers) will assert future claims.

SCC has recorded a liability for estimated contingent losses related to representation and warranty claims as of October 31, 2011, of \$142.9 million, which represents SCC's best estimate of the probable loss that may occur. During the quarter, SCC observed increased third-party activity. As a result of this third-party activity, SCC's estimate of probable claims increased from its prior expectations and accordingly, it recorded a loss provision. During the prior year, payments totaling \$49.8 million were made under an indemnity agreement dated April 2008 with a specific counterparty in exchange for a full and complete release of such party's ability to assert representation and warranty claims. The indemnity agreement was given as part of obtaining the counterparty's consent to SCC's sale of its mortgage servicing business in 2008. We have no remaining payment obligations under this indemnity agreement.

The recorded liability represents SCC's estimate of losses from future claims where assertion of a claim and a related contingent loss are both deemed probable. Because the rate at which future claims may be deemed valid and actual loss severity rates may differ significantly from historical experience, SCC is not able to estimate reasonably possible loss outcomes in excess of its current accrual. A 1% increase in both assumed validity rates and loss severities would result in losses beyond SCC's accrual of approximately \$28 million. This sensitivity is hypothetical and is intended to provide an indication of the impact of a change in key assumptions on the representations and warranties liability. In reality, changes in one assumption may result in changes in other assumptions, which may or may not counteract the sensitivity.

While SCC uses the best information available to it in estimating its liability, assessing the likelihood that claims will be asserted in the future and estimating probable losses are inherently difficult to estimate and require considerable management judgment. To the extent that the volume of asserted claims, the

**Table of Contents**

level of valid claims, the counterparties asserting claims, the nature of claims, or the value of residential home prices differ in the future from current estimates, future losses may be greater than the current estimates and those differences may be significant.

A rollforward of our liability for losses on repurchases for the six months ended October 31, 2011 and 2010 is as follows:

**12. Discontinued Operations**

As of October 31, 2011, the assets and liabilities of RSM and EquiCo are being presented as held-for-sale and the results of operations of these businesses are presented as discontinued operations in the condensed consolidated financial statements.

The major classes of assets and liabilities reported as held-for-sale are as follows:

The results of operations of our discontinued operations are as follows:

	Three months ended		(in 000s) Six months ended	
	October 31,		October 31,	
	2011	2010	2011	2010

Net income (loss) from discontinued operations	\$ (18,711)	\$ 2,395	\$ (74,654)	\$ (478)

During fiscal year 2008, we exited our mortgage business. Our discontinued operations also include pretax losses related to our mortgage business of \$24.1 million and \$26.6 million for the three and six months ended October 31, 2011, respectively, and \$2.1 million and \$6.6 million for the three and six months ended October 31, 2010, respectively.

For income tax purposes, the sale of RSM may result in a taxable gain, a portion of which could be capital in character. To the extent all or a portion of the tax gain is determined to be capital, it would be offset up to our existing capital loss carry forwards. In order to determine the amount of such gain, the purchase price will be allocated among the assets sold and liabilities assumed. Capital gains resulting from the sale would allow us to release additional portions of the valuation allowance on capital loss deferred tax assets. The amount of valuation allowance release has not yet been determined, but would result in a tax benefit recorded to discontinued operations and could have a material impact on our results of operations in the third quarter. In the second quarter, no benefit or expense was recorded relating to the RSM transaction because the sale of RSM had not yet closed.

**13. Litigation and Related Contingencies**

We are a defendant in a large number of litigation matters. In some of the matters, very large and/or indeterminate amounts, including punitive damages, are sought. Modern pleading practice in the U.S. permits considerable variation in the assertion of monetary damages or other relief. Jurisdictions may permit claimants not to specify the monetary damages sought or may permit claimants to state only that the amount sought is sufficient to invoke the jurisdiction of the trial court. In addition, jurisdictions may permit plaintiffs to allege monetary damages in amounts well exceeding reasonably possible verdicts in the jurisdiction for similar matters. This variability in pleadings, together with the actual experience in litigating or resolving through settlement numerous claims over an extended period of time, demonstrates to management that the monetary relief which may be specified in a lawsuit or claim bears little relevance to its merits or disposition value.

Due to the vagaries of litigation, the outcome of a litigation matter and the amount or range of potential loss at particular points in time may be difficult to ascertain. Uncertainties can include how fact finders will evaluate documentary evidence and the credibility and effectiveness of witness testimony, and how trial and appellate courts will apply the law in the context of the pleadings or evidence presented, whether by motion practice, or at trial or on appeal. Disposition valuations are also subject to the uncertainty of how opposing parties and their counsel will themselves view the relevant evidence and applicable law.

We establish liabilities for litigation and regulatory loss contingencies when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated. Liabilities have been established for a number of the matters noted below. For such matters where a loss is believed to be reasonably possible, but not probable, no accrual has been made. It is possible that some of the matters could require us to pay damages or make other expenditures or establish accruals in amounts that could not be estimated at October 31, 2011. While the potential future charges could be material in the particular quarterly or annual periods in which they are recorded, based on information currently known, we do not believe any such charges are likely to have a material adverse effect on our consolidated results of operations. As of October 31, 2011, we have accrued \$84.4 million, including obligations under indemnifications, compared to \$70.6 million at April 30, 2011.

---

**Table of Contents**

**Matters as to Which an Estimate Can Be Made**

For some of the matters disclosed below, we are able to estimate a reasonably possible range of loss. As of October 31, 2011, we estimate the aggregate range of reasonably possible losses in excess of amounts accrued for these matters to be approximately \$0 to \$104 million.

**Matters as to Which an Estimate Cannot Be Made**

For other matters disclosed below, we are not currently able to estimate the reasonably possible loss or range of loss. We are often unable to estimate the possible loss or range of loss until developments in such matters have provided sufficient information to support an assessment of the range of possible loss, such as quantification of a damage demand from plaintiffs, discovery from other parties and investigation of factual allegations, rulings by the court on motions or appeals, analysis by experts, and the progress of settlement negotiations. On a quarterly and annual basis, we review relevant information with respect to litigation contingencies and update our accruals, disclosures and estimates of reasonably possible losses or ranges of loss based on such reviews.

**Litigation and Claims Pertaining to Discontinued Mortgage Operations**

Although mortgage loan origination activities were terminated and the loan servicing business was sold during fiscal year 2008, SCC and HRB remain subject to investigations, claims and lawsuits pertaining to SCC's mortgage business activities that occurred prior to such termination and sale. These investigations, claims and lawsuits include actions by state and federal regulators, municipalities, third party indemnitees, individual plaintiffs, and cases in which plaintiffs seek to represent a class of others alleged to be similarly situated. Among other things, these investigations, claims and lawsuits allege discriminatory or unfair and deceptive loan origination and servicing practices, fraud, rights to indemnification, and violations of securities laws, the Truth in Lending Act, Equal Credit Opportunity Act and the Fair Housing Act. Given the non-prime mortgage environment, the number of these investigations, claims and lawsuits has increased over historical experience and is likely to continue to increase. The amounts claimed in these investigations, claims and lawsuits are substantial in some instances, and the ultimate resulting liability is difficult to predict and thus cannot be reasonably estimated. In the event of unfavorable outcomes, the amounts that may be required to be paid in the discharge of liabilities or settlements could be substantial and could have a material impact on our consolidated results of operations.

On February 1, 2008, a class action lawsuit was filed in the United States District Court for the District of Massachusetts against SCC and other related entities styled *Cecil Barrett, et al. v. Option One Mortgage Corp., et al.* (Civil Action No. 08-10157-RWZ). Plaintiffs allege discriminatory practices relating to the origination of mortgage loans in violation of the Fair Housing Act and Equal Credit Opportunity Act, and seek declaratory and injunctive relief in addition to actual and punitive damages. The court dismissed H&R Block, Inc. from the lawsuit for lack of personal jurisdiction. In March 2011, the court issued an order certifying a class, which defendants sought to appeal. On August 24, 2011, the First Circuit Court of Appeals declined to hear the appeal, noting that the district court could reconsider its certification decision in light of a recent ruling by the United States Supreme Court in an unrelated matter. SCC has filed a motion to decertify the class, which remains pending. A portion of our loss contingency accrual is related to this lawsuit for the amount of loss that we consider probable and estimable. We believe we have meritorious defenses to the claims in this case and intend to defend the case vigorously, but there can be no assurances as to its outcome or its impact on our consolidated results of operations.

On December 9, 2009, a putative class action lawsuit was filed in the United States District Court for the Central District of California against SCC and H&R Block, Inc. styled *Jeanne Drake, et al. v. Option One Mortgage Corp., et al.* (Case No. SACV09-1450 CJC). Plaintiffs allege breach of contract, promissory fraud, intentional interference with contractual relations, wrongful withholding of wages and unfair business practices in connection with the failure to pay severance benefits to employees when their employment transitioned to American Home Mortgage Servicing, Inc. in connection with the sale of certain assets and operations of Option One. Plaintiffs seek to recover severance benefits of approximately \$8 million, interest and attorney's fees, in addition to penalties and punitive damages on certain claims. On September 2, 2011, the court granted summary judgment in favor of the defendants on all claims. Plaintiffs have filed an appeal, which remains pending. We have not concluded that a loss related to this matter is probable nor have we established a loss contingency related to this matter. We believe we have

---

**Table of Contents**

meritorious defenses to the claims in this case and intend to defend the case vigorously, but there can be no assurances as to its outcome or its impact on our consolidated results of operations.

On October 15, 2010, the Federal Home Loan Bank of Chicago filed a lawsuit in the Circuit Court of Cook County, Illinois (Case No. 10CH45033) styled *Federal Home Loan Bank of Chicago v. Bank of America Funding Corporation, et al.* against multiple defendants, including various SCC related entities and H&R Block, Inc. related entities, arising out of FHLB's purchase of mortgage-backed securities. Plaintiff asserts claims for rescission and damages under state securities law and for common law negligent misrepresentation in connection with its purchase of two securities originated and securitized by SCC. These two securities had a total initial principal amount of approximately \$50 million, of which approximately \$42 million remains outstanding. Plaintiffs agreed to voluntarily dismiss H&R Block, Inc. from the suit. The remaining defendants, including SCC, have filed motions to dismiss, which are pending. We have not concluded that a loss related to this matter is probable nor have we established a loss contingency related to this matter. We believe the claims in this case are without merit and we intend to defend them vigorously. There can be no assurances, however, as to its outcome or its impact on our consolidated results of operations.

SCC or its subsidiaries entered into indemnification agreements with certain third parties that sold or underwrote the sale of securities. Some of those third parties are defendants in lawsuits where various parties are seeking damages and other remedies based on the activities of such third parties in the sale of RMBS, including in some instances, SCC securitizations. SCC has received claims from some of these third parties for indemnification against losses, including defense costs, that those third parties might incur as a result of these lawsuits. We have not concluded that a loss related to this matter is probable nor have we established a loss contingency related to this matter.

**Employment-Related Claims and Litigation**

We have been named in several wage and hour class action lawsuits throughout the country, including *Alice Williams v. H&R Block Enterprises LLC*, Case No. RG08366506 (Superior Court of California, County of Alameda, filed January 17, 2008) (alleging improper classification of office managers in California); *Arabella Lemus v. H&R Block Enterprises LLC, et al.*, Case No. CGC-09-489251 (United States District Court, Northern District of California, filed June 9, 2009) (alleging failure to timely pay compensation to tax professionals in California); *Delana Ugas v. H&R Block Enterprises LLC, et al.*, Case No. BC417700 (United States District Court, Central District of California, filed July 13, 2009) (alleging failure to compensate tax professionals in California for all hours worked and to provide meal periods); and *Barbara Petroski v. H&R Block Eastern Enterprises, Inc., et al.*, Case No. 10-CV-00075 (United States District Court, Western District of Missouri, filed January 25, 2010) (alleging failure to compensate tax professionals nationwide for off-season training).

A class was certified in the *Lemus* case in December 2010 (consisting of tax professionals who worked in company-owned offices in California from 2007 to 2010); in the *Williams* case in March 2011 (consisting of office managers who worked in company-owned offices in California from 2004 to 2011); and in the *Ugas* case in August 2011 (consisting of tax professionals who worked in company-owned offices in California from 2006 to 2011). In *Petroski*, a conditional class was certified under the Fair Labor Standards Act in March 2011 (consisting of tax professionals nationwide who worked in company-owned offices and who were not compensated for certain training courses occurring on or after April 15, 2007). Two classes were also certified under state law in California and New York (consisting of tax professionals who worked in company-owned offices in those states). A trial date has been set in the *Williams* case for April 30, 2012.

The plaintiffs in the wage and hour class action lawsuits seek actual damages, pre-judgment interest and attorneys' fees, in addition to statutory penalties under state and federal law, which could equal up to 30 days of wages per tax season for class members who worked in California. A portion of our loss contingency accrual is related to these lawsuits for the amount of loss that we consider probable and estimable. We believe we have meritorious defenses to the claims in these lawsuits and intend to defend them vigorously. The amounts claimed in these matters are substantial in some instances and the ultimate liability with respect to these matters is difficult to predict. There can be no assurances as to the outcome of these cases or their impact on our consolidated results of operations, individually or in the aggregate.

## Table of Contents

### RAL Litigation

We have been named in a putative class action styled *Sandra J. Basile, et al. v. H&R Block, Inc., et al.*, April Term 1992 Civil Action No. 3246 in the Court of Common Pleas, First Judicial District Court of Pennsylvania, Philadelphia County, instituted on April 23, 1993. The plaintiffs allege inadequate disclosures with respect to the RAL product and assert claims for violation of consumer protection statutes, negligent misrepresentation, breach of fiduciary duty, common law fraud, usury, and violation of the Truth In Lending Act. Plaintiffs seek unspecified actual and punitive damages, injunctive relief, attorneys' fees and costs. A Pennsylvania class was certified, but later decertified by the trial court in December 2003. An appellate court subsequently reversed the decertification decision. We are appealing the reversal. We have not concluded that a loss related to this matter is probable nor have we accrued a loss contingency related to this matter. We believe we have meritorious defenses to this case and intend to defend it vigorously. There can be no assurances, however, as to the outcome of this case or its impact on our consolidated results of operations.

### Express IRA Litigation

We have one remaining lawsuit regarding our former Express IRA product. That case was filed on January 2, 2008 by the Mississippi Attorney General in the Chancery Court of Hinds County, Mississippi First Judicial District (Case No. G 2008 6 S 2) and is styled *Jim Hood, Attorney for the State of Mississippi v. H&R Block, Inc., H&R Block Financial Advisors, Inc., et al.* The complaint alleges fraudulent business practices, deceptive acts and practices, common law fraud and breach of fiduciary duty with respect to the sale of the product in Mississippi and seeks equitable relief, disgorgement of profits, damages and restitution, civil penalties and punitive damages. We believe we have meritorious defenses to the claims in this case, and we intend to defend this case vigorously, but there can be no assurances as to its outcome or its impact on our consolidated results of operations.

Although we sold H&R Block Financial Advisors, Inc. (HRBFA) effective November 1, 2008, we remain responsible for any liabilities relating to the Express IRA litigation, among other things, through an indemnification agreement. A portion of our accrual is related to these indemnity obligations.

### Litigation and Claims Pertaining to the Discontinued Operations of RSM McGladrey

EquiCo, its parent and certain of its subsidiaries and affiliates, are parties to a class action filed on July 11, 2006 and styled *Do Right's Plant Growers, et al. v. RSM EquiCo, Inc., et al. (the RSM Parties)*, Case No. 06 CC00137, in the California Superior Court, Orange County. The complaint contains allegations relating to business valuation services provided by EquiCo, including allegations of fraud, conversion and unfair competition. Plaintiffs seek unspecified actual and punitive damages, in addition to pre-judgment interest and attorneys' fees. On March 17, 2009, the court granted plaintiffs' motion for class certification on all claims. To avoid the cost and inherent risk associated with litigation, the parties reached an agreement to settle the case for a maximum payment of \$41.5 million, although the actual cost of the settlement will depend on the number of valid claims submitted by class members. The California Superior Court granted final approval of the settlement on October 20, 2011. We previously recorded a liability for our best estimate of the expected loss.

At the closing of the sale of RSM, we indemnified M&P for certain litigation matters and certain obligations related primarily to previously sold RSM subsidiaries.

### Other

In October 2010, we signed a definitive merger agreement to acquire all of the outstanding shares of 2SS Holdings, Inc. (2SS), developer of TaxACT digital tax preparation solutions, for \$287.5 million in cash. In May 2011, the United States Department of Justice (DOJ) filed a civil antitrust lawsuit in the U.S. district court in Washington, D.C., (Case No. 1:11-cv-00948) against H&R Block and 2SS styled *United States v. H&R Block, Inc., 2SS Holdings, Inc., and TA IX L.P.*, to block our proposed acquisition of 2SS. On October 31, 2011, the court granted the DOJ's motion for a permanent injunction to block the transaction. The defendants did not file an appeal. On November 14, 2011, the parties agreed to terminate the merger agreement.

In addition, we are from time to time party to investigations, claims and lawsuits not discussed herein arising out of our business operations. These investigations, claims and lawsuits include actions by state

**Table of Contents**

attorneys general, other state regulators, individual plaintiffs, and cases in which plaintiffs seek to represent a class of others similarly situated. We believe we have meritorious defenses to each of these investigations, claims and lawsuits, and we are defending or intend to defend them vigorously. The amounts claimed in these matters are substantial in some instances, however, the ultimate liability with respect to such matters is difficult to predict. In the event of an unfavorable outcome, the amounts we may be required to pay in the discharge of liabilities or settlements could have a material impact on our consolidated results of operations.

We are also party to claims and lawsuits that we consider to be ordinary, routine litigation incidental to our business, including claims and lawsuits (collectively, Other Claims ) concerning the preparation of customers' income tax returns, the fees charged customers for various products and services, relationships with franchisees, intellectual property disputes, employment matters and contract disputes. While we cannot provide assurance that we will ultimately prevail in each instance, we believe the amount, if any, we are required to pay in the discharge of liabilities or settlements in these Other Claims will not have a material impact on our consolidated results of operations.

As of October 31, 2011, the results of operations of our previously reported Business Services segment are presented as discontinued operations in the condensed consolidated statements of operations. All periods presented have been reclassified to reflect our discontinued operations. See notes 1 and 12 for additional information.

**15. Accounting Pronouncements**

In September 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2011-08, Intangibles—Goodwill and Other (Topic 350): Testing Goodwill for Impairment. Under the amendments in this guidance, an entity may consider qualitative factors before applying Step 1 of the goodwill impairment assessment, but may no longer be permitted to carry forward estimates of a reporting unit's fair value from a prior year when specific criteria are met. These amendments are effective for goodwill impairment tests performed in fiscal years beginning after December 15, 2011. Early adoption is permitted. We are currently evaluating the effect of this guidance on our condensed consolidated financial statements.

In June 2011, the FASB issued Accounting Standards Update 2011-05, Comprehensive Income (Topic 220): Statement of Comprehensive Income. Under the amendments in this guidance, an entity has the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. This guidance eliminates the option to present the components of other comprehensive income as part of the

## Edgar Filing: H&R BLOCK INC - Form 10-Q

statement of changes in stockholders' equity. The amendments in this guidance do not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income. These amendments are

effective for fiscal years beginning after December 15, 2011. Early adoption is permitted. We elected to adopt this guidance as of May 1, 2011, and it did not have an effect on our presentation of comprehensive income in our condensed consolidated financial statements.

In April 2011, the FASB issued Accounting Standards Update 2011-02, *Receivables (Topic 310) – A Creditor’s Determination of Whether a Restructuring is a Troubled Debt Restructuring*. This guidance assists in determining if a loan modification qualifies as a TDR and requires that creditors must determine that a concession has been made and the borrower is having financial difficulties. We adopted this guidance as of May 1, 2011. We did not identify any new TDRs attributable to this new guidance and it did not have a material effect on our condensed consolidated financial statements.

In October 2009, the FASB issued Accounting Standards Update 2009-13, *Revenue Recognition (Topic 605) – Multiple-Deliverable Revenue Arrangements*. This guidance amends the criteria for separating consideration in multiple-deliverable arrangements to enable vendors to account for products or services (deliverables) separately rather than as a combined unit. This guidance establishes a selling price hierarchy for determining the selling price of a deliverable, which is based on: (1) vendor-specific objective evidence; (2) third-party evidence; or (3) estimates. This guidance also eliminates the residual method of allocation and requires that arrangement consideration be allocated at the inception of the arrangement to all deliverables using the relative selling price method. In addition, this guidance significantly expands required disclosures related to a vendor’s new multiple-deliverable revenue arrangements. We adopted this guidance as of May 1, 2011 and it did not have a material effect on our condensed consolidated financial statements.

In December 2010, the FASB issued Accounting Standards Update 2010-28, *Intangibles – Goodwill and Other (Topic 350): When to Perform Step 2 of the Goodwill Impairment Test for Reporting Units with Zero or Negative Carrying Amounts*. The amendments affect reporting units whose carrying amount is zero or negative, and require performance of Step 2 of the goodwill impairment test if it is more likely than not that a goodwill impairment exists. In determining whether it is more likely than not that a goodwill impairment exists, a reporting unit would consider whether there are any adverse qualitative factors indicating that an impairment may exist. The qualitative factors are consistent with existing guidance. The reporting unit would evaluate if an event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. We adopted this guidance as of May 1, 2011 and it did not have a material effect on our condensed consolidated financial statements.

In December 2010, the FASB issued Accounting Standards Update 2010-29, *Business Combinations (Topic 805): Disclosure of Supplementary Pro Forma Information for Business Combinations*. The amendments in this guidance specify that if a public entity presents comparative financial statements, the entity would disclose revenue and earnings of the combined entity as though the business combination(s) that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. Additionally, disclosures should be accompanied by a narrative description about the nature and amount of material, nonrecurring pro forma adjustments. We adopted this guidance as of May 1, 2011 and it did not have a material effect on our condensed consolidated financial statements.

**Table of Contents****16. Condensed Consolidating Financial Statements**

Block Financial LLC (BFC) is an indirect, wholly-owned consolidated subsidiary of the Company. BFC is the Issuer and the Company is the Guarantor of the Senior Notes issued on January 11, 2008 and October 26, 2004, our CLOCs and other indebtedness issued from time to time. These condensed consolidating financial statements have been prepared using the equity method of accounting. Earnings of subsidiaries are, therefore, reflected in the Company's investment in subsidiaries account. The elimination entries eliminate investments in subsidiaries, related stockholders' equity and other intercompany balances and transactions.

**Table of Contents****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS****RESULTS OF OPERATIONS**

Our subsidiaries provide tax preparation and retail banking services. We are the only major company offering a full range of software, online and in-office tax preparation solutions to individual tax clients.

**RECENT EVENTS**

In August 2011, our Board of Directors approved a non-binding letter of intent to sell substantially all assets of RSM McGladrey, Inc. (RSM) to McGladrey and Pullen LLP (M&P) and, on November 30, 2011, the sale of RSM was completed. At closing we received cash proceeds totaling \$475.0 million, a short-term receivable of \$34.0 million and a note in the principal amount of \$54.0 million. The final purchase price is subject to further post-closing adjustments. M&P also assumed substantially all liabilities of RSM, including contingent payments and lease obligations. We have indemnified M&P for certain litigation matters and certain obligations related primarily to previously sold RSM subsidiaries. In the first quarter we recorded an \$85.4 million impairment of goodwill in connection with the sale of RSM. The net loss ultimately resulting from the divestiture of RSM will be based on post-closing adjustments to the purchase price, as well as the additional realization of tax benefits related to the sale. In the first quarter, we also announced we were evaluating strategic alternatives for RSM EquiCo, Inc. (EquiCo), and recorded a \$14.3 million impairment of goodwill related to this business.

As of October 31, 2011, the results of operations of these businesses are presented as discontinued operations and the assets and liabilities of the businesses being sold are presented as held-for-sale in the condensed consolidated financial statements. All periods presented in our condensed consolidated balance sheets and income statements have been reclassified to reflect our discontinued operations. See additional information in note 12 to the condensed consolidated financial statements.

**TAX SERVICES**

This segment primarily consists of our income tax preparation businesses – retail, online and software. This segment includes our tax operations in the U.S. and its territories, Canada, and Australia. Additionally, this segment includes the product offerings and activities of H&R Block Bank (HRB Bank) that primarily support the tax network, refund anticipation checks, our prior participations in refund anticipation loans, and our commercial tax business, which provides tax preparation software to CPAs and other tax preparers.

**Table of Contents****Three months ended October 31, 2011 compared to October 31, 2010**

Tax Services revenues increased \$10.1 million, or 9.1% over the prior year, primarily due to favorable exchange rates and higher return volumes in our Australian operations.

Total expenses increased \$29.7 million, or 11.2%, for the three months ended October 31, 2011. Depreciation and amortization increased \$7.7 million, or 34.0%, primarily due to the write-off of certain intangibles associated with the previously announced discontinuation of our ExpressTax brand. Other expenses increased \$13.1 million, or 29.9%, primarily due to \$8.0 million in incremental legal charges compared to the prior year.

The pretax loss for the three months ended October 31, 2011 and 2010 was \$174.0 million and \$154.4 million, respectively.

**Six months ended October 31, 2011 compared to October 31, 2010**

Tax Services revenues increased \$9.9 million, or 4.9% over the prior year, primarily due to favorable exchange rates and higher return volumes in our Australian operations, and the extension of the 2011 tax filing season in Canada, which resulted in two days of revenue being reported in this fiscal year.

Total expenses increased \$24.3 million, or 4.6%, for the six months ended October 31, 2011. Compensation and benefits decreased \$19.9 million, or 9.3%, primarily due to severance costs recorded in the prior year. Depreciation and amortization increased \$6.7 million, or 15.0%, primarily due to the write-off of certain intangibles associated with the discontinuation of our ExpressTax brand. Other expenses increased \$33.1 million, or 38.6%, primarily due to \$23.0 million in incremental legal charges compared to the prior year.

The pretax loss for the six months ended October 31, 2011 and 2010 was \$343.4 million and \$329.0 million, respectively.

**CORPORATE, ELIMINATIONS AND INCOME TAXES ON CONTINUING OPERATIONS**

Corporate operating losses include interest income from U.S. passive investments, interest expense on borrowings, net interest margin and gains or losses relating to mortgage loans held for investment, real estate owned, residual interests in securitizations and other corporate expenses.

## Edgar Filing: H&R BLOCK INC - Form 10-Q

Our effective tax rate for continuing operations was 39.7% and 40.1% for the three and six months ended October 31, 2011, respectively, compared to 39.3% and 38.8% for the three and six months ended and October 31, 2010, respectively. Our effective tax rate increased from the prior year due primarily to losses in our investments in company-owned life insurance assets for which we do not receive a tax benefit, and an increase in the state effective tax rate. These increases were partially offset by a decrease in our reserve for uncertain tax positions.

**Table of Contents****DISCONTINUED OPERATIONS**

Our discontinued operations include the results of RSM and related businesses, which were previously reported in our Business Services segment, and Sand Canyon Corporation (SCC, previously known as Option One Mortgage Corporation).

**Three months ended October 31, 2011 compared to October 31, 2010**

The net loss from discontinued operations totaled \$18.7 million for the three months ended October 31, 2011, compared to net income of \$2.4 million for the three months ended October 31, 2010. Pretax results of SCC declined \$22.0 million, primarily due to incremental loss provisions of \$20.0 million recorded in the current quarter, related to an increase in SCC's estimated contingent losses for representation and warranty claims.

**Six months ended October 31, 2011 compared to October 31, 2010**

The net loss from our discontinued operations totaled \$74.7 million and \$0.5 million for the six months ended October 31, 2011 and 2010, respectively. The net loss increased due to a \$59.2 million after-tax goodwill impairment recorded in the first quarter related to the sale of RSM and the previously mentioned loss provision for representation and warranty claims by SCC. See additional discussion below and in notes 1, 11 and 12 to the condensed consolidated financial statements.

**Representation and Warranty Claims**

SCC ceased originating mortgage loans in December of 2007 and, in April 2008, sold its servicing assets and discontinued its remaining operations. The sale of servicing assets did not include the sale of any mortgage loans. SCC retained contingent liabilities that arose from the operations of SCC prior to its disposal, including certain mortgage loan repurchase obligations, contingent liabilities associated with litigation and related claims, lease commitments, and employee termination benefits. SCC also retained residual interests in certain mortgage loan securitization transactions prior to cessation of its origination business.

In connection with the securitization and sale of mortgage loans, SCC made certain representations and warranties. In the event that there is a breach of a representation and warranty and such breach materially and adversely affects the value of a mortgage loan, SCC may be obligated to repurchase a loan or otherwise indemnify certain parties for losses resulting from a liquidation of loan collateral.

SCC has recorded a liability for estimated contingent losses related to representation and warranty claims as of October 31, 2011, of \$142.9 million, which represents SCC's best estimate of the probable loss that may occur. Losses on valid claims totaled \$3.3 million for the six months ended October 31, 2011 and 2010. These amounts were recorded as reductions of our loan repurchase liability.

## Edgar Filing: H&R BLOCK INC - Form 10-Q

While SCC uses the best information available to it in estimating its liability, assessing the likelihood that claims will be asserted in the future and estimating probable losses is inherently difficult and requires considerable management judgment. To the extent that the volume of asserted claims, the level of valid claims, the counterparties asserting claims, the nature of claims, or the value of residential home prices differ in the future from current estimates, future losses may be greater than the current estimates and those differences may be significant. See additional discussion in note 11 to the condensed consolidated financial statements.

**Table of Contents**

**FINANCIAL CONDITION**

These comments should be read in conjunction with the condensed consolidated balance sheets and condensed consolidated statements of cash flows found on pages 1 and 3, respectively.

**CAPITAL RESOURCES AND LIQUIDITY** Our sources of capital include cash from operations, cash from customer deposits, issuances of common stock and debt. We use capital primarily to fund working capital, pay dividends, repurchase shares of common stock and acquire businesses. Our operations are highly seasonal and therefore generally require the use of cash to fund operating losses during the period May through mid-January.

Given the likely availability of a number of liquidity options discussed herein, including borrowing capacity under our unsecured committed lines of credit (CLOCs), we believe, that in the absence of any unexpected developments, our existing sources of capital at October 31, 2011 are sufficient to meet our operating needs.

**CASH FROM OPERATING ACTIVITIES** Cash used in operations totaled \$582.6 million for the first six months of fiscal year 2012, compared with \$548.0 million for the same period last year.

The sale of RSM will trigger account distributions of approximately \$80 million to RSM employees who were participants in an H&R Block sponsored deferred compensation plan. We expect these amounts to be paid in December 2011.

**CASH FROM INVESTING ACTIVITIES** Cash used in investing activities totaled \$127.1 million for the first six months of fiscal year 2012, compared to \$16.6 million in the same period last year.

**Purchases of Available-for-Sale Securities.** During the six months ended October 31, 2011, HRB Bank purchased \$155.2 million in mortgage-backed securities. No such purchases were made in the first half of the prior year.

**Mortgage Loans Held for Investment.** We received net payments of \$23.0 million and \$30.8 million on our mortgage loans held for investment for the first six months of fiscal years 2012 and 2011, respectively. Cash payments declined primarily due to non-performing loans and continued run-off of our portfolio.

**Purchases of Property and Equipment.** Total cash paid for property and equipment was \$40.5 million and \$35.0 million for the first six months of fiscal years 2012 and 2011, respectively.

**Business Acquisitions.** Total cash paid for acquisitions was \$8.2 million and \$43.3 million during the six months ended October 31, 2011 and 2010, respectively. In July 2010 our Business Services segment acquired a Boston-based accounting firm, and cash used in investing activities includes payments totaling \$32.6 million related to this acquisition.

**Sales of Businesses.** Proceeds from the sales of businesses totaled \$37.0 million and \$58.8 million for the six months ended October 31, 2011 and 2010, respectively. During the first six months of fiscal year 2012, we sold 68 tax offices to franchisees, compared to 250 tax offices in the prior year. The majority of these sales were financed through affiliate loans. Also during the first half of fiscal year 2012, RSM sold one of its ancillary businesses for \$20.3 million.

**Loans Made to Franchisees.** Loans made to franchisees totaled \$27.7 million and \$64.9 million for the six months ended October 31, 2011 and 2010, respectively. These amounts included both the financing of sales of tax offices and franchisee draws under our Franchise Equity Lines of Credit (FELCs).

**CASH FROM FINANCING ACTIVITIES** Cash used in financing activities totaled \$389.5 million for the first six months of fiscal year 2012, compared to \$281.9 million in the same period last year.

**Short-Term Borrowings.** We had commercial paper borrowings of \$40.0 million and \$39.5 million at October 31, 2011 and 2010, respectively. These borrowings were used to fund our off-season losses and cover our seasonal working capital needs.

**Customer Banking Deposits.** Customer banking deposits declined \$129.3 million for the six months ended October 31, 2011 compared to an increase of \$77.0 million in the prior year. We utilize cash provided by deposit balances as a funding source for our Emerald Advance lines of credit during the tax season. Funding from customer deposits will be obtained later this year than in the prior year.

## Edgar Filing: H&R BLOCK INC - Form 10-Q

**Dividends.** We have consistently paid quarterly dividends. Dividends paid totaled \$91.4 million and \$95.1 million for the six months ended October 31, 2011 and 2010, respectively.

**Repurchase and Retirement of Common Stock.** We purchased and immediately retired 13.0 million shares of our common stock at a cost of \$177.5 million during the six months ended October 31, 2011, compared to 19.0 million shares of our common stock at a cost of \$279.9 million during the six months ended October 31, 2010. We expect to continue to repurchase and retire common stock or retire treasury stock in the future.

**BORROWINGS**

The following chart provides the debt ratings for Block Financial LLC (BFC) as of October 31, 2011:

	Short-term	Long-term	Outlook
Moody's	P-2	Baa2	Stable
S&P	A-2	BBB	Negative
DBRS	R-2 (high)	BBB (high)	Stable

At October 31, 2011, we maintained a CLOC agreement to support commercial paper issuances, general corporate purposes or for working capital needs. This facility provides funding up to \$1.7 billion and matures July 31, 2013. This facility bears interest at an annual rate of LIBOR plus 1.30% to 2.80% or PRIME plus 0.30% to 1.80% (depending on the type of borrowing) and includes an annual facility fee of 0.20% to 0.70% of the committed amounts, based on our credit ratings. Covenants include: (1) maintenance of a minimum net worth of \$650.0 million on the last day of any fiscal quarter; and (2) reduction of the aggregate outstanding principal amount of short-term debt, as defined in the agreement, to \$200.0 million or less for thirty consecutive days during the period March 1 to June 30 of each year (Clean-down requirement). At October 31, 2011, we were in compliance with these covenants and had net worth of \$862.8 million. We had no balance outstanding under the CLOCs at October 31, 2011.

There have been no material changes in our borrowings or debt ratings from those reported at April 30, 2011 in our Annual Report on Form 10-K.

**CONTRACTUAL OBLIGATIONS AND COMMERCIAL COMMITMENTS**

There have been no material changes in our contractual obligations and commercial commitments from those reported at April 30, 2011 in our Annual Report on Form 10-K.

There have been no material changes in our regulatory environment from those reported at April 30, 2011 in our Annual Report on Form 10-K.

**FORWARD-LOOKING INFORMATION**

This report and other documents filed with the Securities and Exchange Commission (SEC) may contain forward-looking statements. In addition, our senior management may make forward-looking statements orally to analysts, investors, the media and others. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include words such as expects, anticipates, intends, plans, believes, seeks, estimates, will, would, should, could or may. Forward-looking statements provide current expectations or predictions of future conditions, events or results. They may include projections of revenues, income, earnings per share, capital expenditures, dividends, liquidity, capital structure or other financial items, descriptions of management's plans or objectives for future operations, products or services, or descriptions of assumptions underlying any of the above. They are not guarantees of future performance. By their nature, forward-looking statements are subject to risks and uncertainties. These statements speak only as of the date made and management does not undertake to update them to reflect changes or events occurring after that date except as required by federal securities laws.

Litigation and Claims Pertaining to Discontinued Mortgage Operations

Although mortgage loan origination activities were terminated and the loan servicing business was sold during fiscal year 2008, SCC and HRB remain subject to investigations, claims and lawsuits pertaining to SCC's mortgage business activities that occurred prior to such termination and sale. These investigations, claims and lawsuits include actions by state and federal regulators, municipalities, third party indemnitees, individual plaintiffs, and cases in which plaintiffs seek to represent a class of others alleged to be similarly situated. Among other things, these investigations, claims and lawsuits allege discriminatory or unfair and deceptive loan origination and servicing practices, fraud, rights to indemnification, and violations of securities laws, the Truth in Lending Act, Equal Credit Opportunity Act and the Fair Housing Act. Given the non-prime mortgage environment, the number of these investigations, claims and lawsuits has increased over historical experience and is likely to continue to increase. The amounts claimed in these investigations, claims and lawsuits are substantial in some instances, and the ultimate resulting liability is difficult to predict and thus cannot be reasonably estimated. In the event of unfavorable outcomes, the amounts that may be required to be paid in the discharge of liabilities or settlements could be substantial and could have a material impact on our consolidated results of operations.

On February 1, 2008, a class action lawsuit was filed in the United States District Court for the District of Massachusetts against SCC and other related entities styled *Cecil Barrett, et al. v. Option One Mortgage Corp., et al.* (Civil Action No. 08-10157-RWZ). Plaintiffs allege discriminatory practices relating to the origination of mortgage loans in violation of the Fair Housing Act and Equal Credit Opportunity Act, and seek declaratory and injunctive relief in addition to actual and punitive damages. The court dismissed H&R Block, Inc. from the lawsuit for lack of personal jurisdiction. In March 2011, the court issued an order certifying a class, which defendants sought to appeal. On August 24, 2011, the First Circuit Court of Appeals declined to hear the appeal, noting that the district court could reconsider its certification decision in light of a recent ruling by the United States Supreme Court in an unrelated matter. SCC has filed a motion to decertify the class, which remains pending. A portion of our loss contingency accrual is related to this lawsuit for the amount of loss that we consider probable and estimable. We believe we have meritorious defenses to the claims in this case and intend to defend the case vigorously, but there can be no assurances as to its outcome or its impact on our consolidated results of operations.

On December 9, 2009, a putative class action lawsuit was filed in the United States District Court for the Central District of California against SCC and H&R Block, Inc. styled *Jeanne Drake, et al. v. Option One Mortgage Corp., et al.* (Case No. SACV09-1450 CJC). Plaintiffs allege breach of contract, promissory fraud, intentional interference with contractual relations, wrongful withholding of wages and unfair business practices in connection with the failure to pay severance benefits to employees when their employment transitioned to American Home Mortgage Servicing, Inc. in connection with the sale of certain assets and operations of Option One. Plaintiffs seek to recover severance benefits of approximately \$8 million, interest and attorney's fees, in addition to penalties and punitive damages on certain claims. On September 2, 2011, the court granted summary judgment in favor of the defendants on all claims. Plaintiffs have filed an appeal, which remains pending. We have not concluded that a loss related to this matter is probable nor have we established a loss contingency related to this matter. We believe we have meritorious defenses to the claims in this case and intend to defend the case vigorously, but there can be no assurances as to its outcome or its impact on our consolidated results of operations.

## Edgar Filing: H&R BLOCK INC - Form 10-Q

On October 15, 2010, the Federal Home Loan Bank of Chicago filed a lawsuit in the Circuit Court of Cook County, Illinois (Case No. 10CH45033) styled *Federal Home Loan Bank of Chicago v. Bank of America Funding Corporation, et al.* against multiple defendants, including various SCC related entities and H&R Block, Inc. related entities, arising out of FHLB's purchase of mortgage-backed securities. Plaintiff asserts claims for rescission and damages under state securities law and for common law negligent misrepresentation

## Table of Contents

in connection with its purchase of two securities originated and securitized by SCC. These two securities had a total initial principal amount of approximately \$50 million, of which approximately \$42 million remains outstanding. Plaintiffs agreed to voluntarily dismiss H&R Block, Inc. from the suit. The remaining defendants, including SCC, have filed motions to dismiss, which are pending. We have not concluded that a loss related to this matter is probable nor have we established a loss contingency related to this matter. We believe the claims in this case are without merit and we intend to defend them vigorously. There can be no assurances, however, as to its outcome or its impact on our consolidated results of operations.

SCC or its subsidiaries entered into indemnification agreements with certain third parties that sold or underwrote the sale of securities. Some of those third parties are defendants in lawsuits where various parties are seeking damages and other remedies based on the activities of such third parties in the sale of RMBS, including in some instances, SCC securitizations. SCC has received claims from some of these third parties for indemnification against losses, including defense costs, that those third parties might incur as a result of these lawsuits. We have not concluded that a loss related to this matter is probable nor have we established a loss contingency related to this matter.

### Employment-Related Claims and Litigation

We have been named in several wage and hour class action lawsuits throughout the country, including *Alice Williams v. H&R Block Enterprises LLC*, Case No. RG08366506 (Superior Court of California, County of Alameda, filed January 17, 2008) (alleging improper classification of office managers in California); *Arabella Lemus v. H&R Block Enterprises LLC, et al.*, Case No. CGC-09-489251 (United States District Court, Northern District of California, filed June 9, 2009) (alleging failure to timely pay compensation to tax professionals in California); *Delana Ugas v. H&R Block Enterprises LLC, et al.*, Case No. BC417700 (United States District Court, Central District of California, filed July 13, 2009) (alleging failure to compensate tax professionals in California for all hours worked and to provide meal periods); and *Barbara Petroski v. H&R Block Eastern Enterprises, Inc., et al.*, Case No. 10-CV-00075 (United States District Court, Western District of Missouri, filed January 25, 2010) (alleging failure to compensate tax professionals nationwide for off-season training).

A class was certified in the *Lemus* case in December 2010 (consisting of tax professionals who worked in company-owned offices in California from 2007 to 2010); in the *Williams* case in March 2011 (consisting of office managers who worked in company-owned offices in California from 2004 to 2011); and in the *Ugas* case in August 2011 (consisting of tax professionals who worked in company-owned offices in California from 2006 to 2011). In *Petroski*, a conditional class was certified under the Fair Labor Standards Act in March 2011 (consisting of tax professionals nationwide who worked in company-owned offices and who were not compensated for certain training courses occurring on or after April 15, 2007). Two classes were also certified under state law in California and New York (consisting of tax professionals who worked in company-owned offices in those states). A trial date has been set in the *Williams* case for April 30, 2012.

The plaintiffs in the wage and hour class action lawsuits seek actual damages, pre-judgment interest and attorneys' fees, in addition to statutory penalties under state and federal law, which could equal up to 30 days of wages per tax season for class members who worked in California. A portion of our loss contingency accrual is related to these lawsuits for the amount of loss that we consider probable and estimable. We believe we have meritorious defenses to the claims in these lawsuits and intend to defend them vigorously. The amounts claimed in these matters are substantial in some instances and the ultimate liability with respect to these matters is difficult to predict. There can be no assurances as to the outcome of these cases or their impact on our consolidated results of operations, individually or in the aggregate.

### RAL Litigation

We have been named in a putative class action styled *Sandra J. Basile, et al. v. H&R Block, Inc., et al.*, April Term 1992 Civil Action No. 3246 in the Court of Common Pleas, First Judicial District Court of Pennsylvania, Philadelphia County, instituted on April 23, 1993. The plaintiffs allege inadequate disclosures with respect to the RAL product and assert claims for violation of consumer protection statutes, negligent misrepresentation, breach of fiduciary duty, common law fraud, usury, and violation of the Truth In Lending Act. Plaintiffs seek unspecified actual and punitive damages, injunctive relief, attorneys' fees and costs. A Pennsylvania class was certified, but later decertified by the trial court in December 2003. An appellate court subsequently reversed the decertification decision. We are appealing the reversal. We have not concluded that a loss related to this

**Table of Contents**

matter is probable nor have we accrued a loss contingency related to this matter. We believe we have meritorious defenses to this case and intend to defend it vigorously. There can be no assurances, however, as to the outcome of this case or its impact on our consolidated results of operations.

**Express IRA Litigation**

We have one remaining lawsuit regarding our former Express IRA product. That case was filed on January 2, 2008 by the Mississippi Attorney General in the Chancery Court of Hinds County, Mississippi First Judicial District (Case No. G 2008 6 S 2) and is styled *Jim Hood, Attorney for the State of Mississippi v. H&R Block, Inc., H&R Block Financial Advisors, Inc., et al.* The complaint alleges fraudulent business practices, deceptive acts and practices, common law fraud and breach of fiduciary duty with respect to the sale of the product in Mississippi and seeks equitable relief, disgorgement of profits, damages and restitution, civil penalties and punitive damages. We believe we have meritorious defenses to the claims in this case, and we intend to defend this case vigorously, but there can be no assurances as to its outcome or its impact on our consolidated results of operations.

Although we sold H&R Block Financial Advisors, Inc. (HRBFA) effective November 1, 2008, we remain responsible for any liabilities relating to the Express IRA litigation, among other things, through an indemnification agreement. A portion of our accrual is related to these indemnity obligations.

**Litigation and Claims Pertaining to the Discontinued Operations of RSM McGladrey**

EquiCo, its parent and certain of its subsidiaries and affiliates, are parties to a class action filed on July 11, 2006 and styled *Do Right's Plant Growers, et al. v. RSM EquiCo, Inc., et al. (the RSM Parties)*, Case No. 06 CC00137, in the California Superior Court, Orange County. The complaint contains allegations relating to business valuation services provided by EquiCo, including allegations of fraud, conversion and unfair competition. Plaintiffs seek unspecified actual and punitive damages, in addition to pre-judgment interest and attorneys' fees. On March 17, 2009, the court granted plaintiffs' motion for class certification on all claims. To avoid the cost and inherent risk associated with litigation, the parties reached an agreement to settle the case for a maximum payment of \$41.5 million, although the actual cost of the settlement will depend on the number of valid claims submitted by class members. The California Superior Court granted final approval of the settlement on October 20, 2011. We previously recorded a liability for our best estimate of the expected loss.

At the closing of the sale of RSM, we indemnified M&P for certain litigation matters and certain obligations related primarily to previously sold RSM subsidiaries.

**Other**

In October 2010, we signed a definitive merger agreement to acquire all of the outstanding shares of 2SS Holdings, Inc. (2SS), developer of TaxACT digital tax preparation solutions, for \$287.5 million in cash. In May 2011, the United States Department of Justice (DOJ) filed a civil antitrust lawsuit in the U.S. district court in Washington, D.C., (Case No. 1:11-cv-00948) against H&R Block and 2SS styled *United States v. H&R Block, Inc., 2SS Holdings, Inc., and TA IX L.P.*, to block our proposed acquisition of 2SS. On October 31, 2011, the court granted the DOJ's motion for a permanent injunction to block the transaction. The defendants did not file an appeal. On November 14, 2011, the parties agreed to terminate the merger agreement.

In addition, we are from time to time party to investigations, claims and lawsuits not discussed herein arising out of our business operations. These investigations, claims and lawsuits include actions by state attorneys general, other state regulators, individual plaintiffs, and cases in which plaintiffs seek to represent a class of others similarly situated. We believe we have meritorious defenses to each of these investigations, claims and lawsuits, and we are defending or intend to defend them vigorously. The amounts claimed in these matters are substantial in some instances, however, the ultimate liability with respect to such matters is difficult to predict. In the event of an unfavorable outcome, the amounts we may be required to pay in the discharge of liabilities or settlements could have a material impact on our consolidated results of operations.

We are also party to claims and lawsuits that we consider to be ordinary, routine litigation incidental to our business, including claims and lawsuits (collectively, Other Claims) concerning the preparation of customers' income tax returns, the fees charged customers for various products and services, relationships with franchisees, intellectual property disputes, employment matters and contract disputes. While we cannot provide assurance that we will ultimately prevail in each instance, we believe the amount, if any, we are required to pay in the discharge of liabilities or settlements in these Other Claims will not have a material impact on our consolidated results of operations.

**Table of Contents****ITEM 1A. RISK FACTORS**

There have been no material changes in our risk factors from those reported at April 30, 2011 in our Annual Report on Form 10-K.
