Exchange Offer

On February 1, 2012, we completed a private offering of the outstanding notes. As part of this private offering, we entered into a registration rights agreement with the representative of the initial purchasers of the outstanding notes in which we agreed, among other things, to deliver this prospectus to you and to use commercially reasonable efforts to complete the exchange offer no later than 365 days after February 1, 2012. The following is a summary of the exchange offer.

Outstanding Notes	On February 1, 2012, we issued \$100 million aggregate principal amount of 7 ⁷ / ₈ % Senior Notes due 2018.
Exchange Notes	7 ⁷ / ₈ % Senior Notes due 2018. The terms of the exchange notes are identical to those terms of the outstanding notes, except that the transfer restrictions, registration rights and provisions for additional interest relating to the outstanding notes do not apply to the exchange notes.
Exchange Offer	We are offering to exchange up to \$100 million principal amount of our 7 ⁷ / ₈ % Senior Notes due 2018 that have been registered under the Securities Act of 1933, or the Securities Act, for an equal amount of our outstanding 7 ⁷ / ₈ % Senior Notes due 2018 issued on February 1, 2012 to satisfy our obligations under the registration rights agreement that we entered into when we issued the outstanding notes in a transaction exempt from registration under the Securities Act.
Expiration Date	The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2012, unless we decide to extend it.
Conditions to the Exchange Offer	The registration rights agreement does not require us to accept outstanding notes for exchange if the exchange offer or the making of any exchange by a holder of the outstanding notes would violate any applicable law or Commission policy. A minimum aggregate principal amount of outstanding notes being tendered is not a condition to the exchange offer. Please read Exchange Offer Conditions to the Exchange Offer for more information about the conditions to the exchange offer.
Procedures for Tendering Outstanding Notes	All of the outstanding notes are held in book-entry form through the facilities of The Depository Trust Company, or DTC. To participate in the exchange offer, you must follow the automatic tender offer program, or ATOP, procedures established by DTC for tendering notes held in book-entry form. The ATOP procedures require that the exchange agent receive, prior to the expiration date of the exchange offer, a computer-generated message known as an agent's message that is transmitted through ATOP and that DTC confirm that:

DTC has received instructions to exchange your notes; and

you agree to be bound by the terms of the letter of transmittal in Annex A hereto.

Edgar Filing: GENESIS ENERGY LP - Form S-4

For more details, please read Exchange Offer Terms of the Exchange Offer and Exchange Offer Procedures for Tendering.

We will return any outstanding note that we do not accept for exchange to you without expense promptly after the expiration date. We will deliver the exchange notes promptly after the expiration date. Please read Exchange Offer Terms of the Exchange Offer.
Fees and Expenses	We will bear all expenses related to the exchange offer. Please read Exchange Offer Fees and Expenses.

Table of Contents**TERMS OF THE EXCHANGE NOTES**

The exchange notes will be identical to the outstanding notes, except that the exchange notes are registered under the Securities Act and will not have restrictions on transfer, registration rights or provisions for additional interest. The exchange notes will evidence the same debt as the outstanding notes, and the same indenture will govern the exchange notes and the outstanding notes. We sometimes refer to both the exchange notes and the outstanding notes as the notes.

The following summary contains basic information about the exchange notes and is not intended to be complete. It does not contain all the information that is important to you. For a more complete understanding of the exchange notes, please read Description of Exchange Notes.

Issuers	Genesis Energy, L.P. and Genesis Energy Finance Corporation.
Securities Offered	\$100,000,000 principal amount of 7 ⁷ / ₈ % Senior Notes due 2018.
Interest Rate	7 ⁷ / ₈ % per annum.
Interest Payment Dates	Interest on the exchange notes will accrue from the date on which interest on the outstanding notes was most recently paid and will be payable semi-annually in arrears on June 15 and December 15 of each year, commencing on the first such date next following the date on which the exchange offer is consummated, to holders of record of notes as of the preceding June 1 and December 1, respectively. The initial interest payment on the exchange notes will include all accrued and unpaid interest on the outstanding notes exchanged therefor. See Description of Exchange Notes Principal, Maturity and Interest.
Maturity Date	December 15, 2018.
Subsidiary Guarantee	The exchange notes will be fully and unconditionally guaranteed jointly and severally by certain of our subsidiaries, including substantially all of our current subsidiaries (other than the co-issuer), who we refer to as our subsidiary guarantors. Not all of our future subsidiaries will have to become guarantors. See Description of Exchange Notes Subsidiary Guarantees.
Optional Redemption	We will have the option to redeem the notes, in whole or in part, at any time on or after December 15, 2014, at the redemption prices described in this prospectus under the heading Description of Exchange Notes Optional Redemption, together with any accrued and unpaid interest to, but not including, the date of redemption. In addition, before December 15, 2014, we may redeem all or any part of the notes at the make-whole price set forth under Description of Exchange Notes Optional Redemption. In addition, before December 15, 2013, we may, at any time or from time to time, redeem up to 35% of the aggregate principal amount of the notes with the net proceeds of a public or private equity offering at a redemption price of 107.875% of the principal amount of the notes, plus any accrued and unpaid interest to the date of redemption, if at least 65% of the aggregate principal amount of the notes issued under the

Table of Contents

indenture governing the notes remains outstanding immediately after such redemption and the redemption occurs within 120 days of the closing date of such equity offering.

Change of Control

When a change of control event occurs, each holder of notes may require us to repurchase all or a portion of its notes at a price equal to 101.0% of the principal amount of the exchange notes, plus any accrued and unpaid interest to the date of repurchase.

Ranking

The exchange notes will be our general unsecured obligations. The exchange notes will be:

equal in right of payment to all of our existing and future senior unsecured indebtedness;

effectively junior in right of payment to all existing and future secured indebtedness, including indebtedness under our credit agreement, to the extent of the value of the collateral securing such indebtedness;

effectively junior to all existing and future indebtedness and other liabilities of any non-guarantor subsidiaries; and

senior in right of payment to all existing and future subordinated indebtedness.

Certain Covenants

We issued the outstanding notes, and will issue the exchange notes, under an indenture with U.S. Bank National Association, as trustee. The indenture, among other things, limits our ability and the ability of our restricted subsidiaries to:

pay distributions or dividends on, or purchase, redeem or otherwise acquire, equity interests;

make certain investments;

incur additional indebtedness or liens;

sell certain assets or merge with or into other companies;

engage in transactions with affiliates;

enter into sale and leaseback transactions; and

Edgar Filing: GENESIS ENERGY LP - Form S-4

engage in an unrelated business.

These covenants are subject to important exceptions and qualifications that are described under the heading [Description of Exchange Notes](#) in this prospectus. If the exchange notes achieve an investment grade rating from each of Moody's and S&P, many of these covenants will terminate.

For more details, see [Description of Exchange Notes](#) [Certain Covenants](#).

Transfer Restrictions; Absence of a Public Market for the Notes The exchange notes generally will be freely transferable, but will also be new securities for which there will not initially be a market. We do not intend to make a trading market in the exchange notes after the

Table of Contents

exchange offer. Therefore, we cannot assure you as to the development of an active market for the exchange notes or as to the liquidity of any such market.

Form of Exchange Notes

The exchange notes will be represented initially by one or more global notes. The global exchange notes will be deposited with the trustee, as custodian for DTC.

Same-Day Settlement

The global exchange notes will be shown on, and transfers of the global exchange notes will be effected only through, records maintained in book-entry form by DTC and its direct and indirect participants.

The exchange notes are expected to trade in DTC's Same Day Funds Settlement System until maturity or redemption. Therefore, secondary market trading activity in the exchange notes will be settled in immediately available funds.

Trading

We do not expect to list the exchange notes for trading on any securities exchange.

Trustee, Registrar and Exchange Agent

U.S. Bank National Association.

Governing Law

The exchange notes and the indenture relating to the exchange notes will be governed by, and construed in accordance with, the laws of the State of New York.

Table of Contents

RISK FACTORS

An investment in the notes involves risk. We urge you to read and consider carefully the following risks, along with the risks that are discussed in our Annual Report on Form 10-K for the year ended December 31, 2011, which are incorporated by reference in this prospectus, together with all of the other information included or incorporated by reference in this prospectus, before deciding whether to invest in the notes. If any of these risks were to occur, our business, financial condition or results of operations could be materially and adversely affected. In such case, our ability to meet our obligations under the notes could be materially affected. You could lose all or part of your investment in, or fail to achieve the expected return on, the notes.

Risks Related to the Exchange Offer

If you fail to exchange outstanding notes, existing transfer restrictions will remain in effect and the market value of outstanding notes may be adversely affected because they may be more difficult to sell.

If you fail to exchange outstanding notes for exchange notes under the exchange offer, then you will continue to be subject to the existing transfer restrictions on the outstanding notes. In general, the outstanding notes may not be offered or sold unless they are registered or exempt from registration under the Securities Act and applicable state securities laws. Except in connection with this exchange offer or as required by the registration rights agreement, we do not intend to register resales of the outstanding notes.

The tender of outstanding notes under the exchange offer will reduce the principal amount of the currently outstanding notes. Due to the corresponding reduction in liquidity, this may have an adverse effect upon, and increase the volatility of, the market price of any currently outstanding notes that you continue to hold following completion of the exchange offer.

Risks Related to the Notes

We may be unable to generate sufficient cash to service all of our indebtedness, including the notes and our indebtedness under our credit agreement, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may be unsuccessful.

Our ability to make scheduled payments on, or to refinance, our debt obligations depends on our financial and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We cannot assure you that we will maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay capital expenditures, sell assets or operations, seek additional capital or restructure or refinance our indebtedness, including the notes. We cannot assure you that we would be able to take any of these actions, that these actions would be successful and would permit us to meet our scheduled debt service obligations or that these actions would be permitted under the terms of our existing or future debt agreements, including our credit agreement and the indenture governing the notes. In the absence of such cash flows and capital resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. Our credit agreement contains restrictions on our ability to dispose of assets. We may be unable to consummate those dispositions or to obtain the proceeds that we could realize from them, and any proceeds may be inadequate to meet any debt service obligations then due. Please read Description of Certain Other Indebtedness and Description of Exchange Notes.

Table of Contents

The notes and the related guarantees will be unsecured and effectively junior to our and the guarantors existing and future secured indebtedness and to debt of our non-guarantor subsidiaries and joint ventures.

The notes will be our senior unsecured debt and will rank equally in right of payment with all of our other existing and future senior unsecured debt. The notes will be effectively junior to all of our existing and future secured debt (to the extent of the value of the collateral securing that debt) and to the existing and future secured debt of any subsidiaries that guarantee the notes (to the extent of the value of the collateral securing that debt).

The notes will also be effectively junior to the existing and future debt of (i) our subsidiaries that do not guarantee the notes, including the Existing Unrestricted Subsidiaries and subsidiaries we designate in the future as Unrestricted Subsidiaries as described below under Description of Exchange Notes Brief Description of the Notes and the Subsidiary Guarantees and (ii) any joint ventures.

If we are involved in any dissolution, liquidation or reorganization, our secured debt holders would be paid before you receive any amounts due under the notes to the extent of the value of the assets securing their debt and creditors of our non-guarantor subsidiaries and joint ventures would be paid before you receive any amounts due under the notes to the extent of the value of our equity interests in such entities. In that event, you may be unable to recover any principal or interest you are due under the notes.

As of June 30, 2012, the notes would have been effectively subordinated in right of payment to approximately \$445.0 million of outstanding secured indebtedness under our credit agreement, to the extent of the value of the assets securing such indebtedness. On July 25, 2012, we amended and restated our credit agreement to, among other things, increase our borrowing capacity by \$225.0 million, with the ability to increase the aggregate size of the credit agreement up to \$1.3 billion, subject to lender consent and certain other customary conditions. As a result, after giving effect to such amendment and restatement of our credit agreement, as of June 30, 2012, we would have had \$541.1 million in additional borrowing capacity available under our credit agreement, subject to compliance with financial covenants, which, if borrowed, would be secured debt which would effectively be senior to the notes.

Fluctuations in interest rates could adversely affect our business or cause our debt service obligations to increase significantly.

We have exposure to movements in interest rates. The interest rates under our credit agreement are variable. Our results of operations and our cash flows, as well as our access to future capital and our ability to fund our growth strategy, could be adversely affected by significant increases in interest rates. If interest rates increase, our debt service obligations on the variable rate indebtedness would increase even though the amount borrowed remained the same, and our net income and cash available for servicing our indebtedness, including the notes, would decrease.

Our indebtedness could adversely restrict our ability to operate, affect our financial condition, and prevent us from complying with our requirements under our debt instruments, including the notes.

As of June 30, 2012, we had approximately \$445.0 million outstanding of senior secured indebtedness.

We must comply with various affirmative and negative covenants contained in our credit agreement and in the indenture governing the notes. Among other things, these covenants limit our ability to:

incur additional indebtedness or liens;

make payments in respect of or redeem or acquire any debt or equity issued by us;

sell assets;

make loans or investments;

Table of Contents

make guarantees;

enter into any hedging agreement for speculative purposes;

acquire or be acquired by other companies; and

amend some of our contracts.

The restrictions under our indebtedness may prevent us from engaging in certain transactions which might otherwise be considered beneficial to us and could have other important consequences to noteholders. For example, they could:

increase our vulnerability to general adverse economic and industry conditions;

limit our ability to make distributions; to fund future working capital, capital expenditures and other general partnership requirements; to engage in future acquisitions, construction or development activities; or to otherwise fully realize the value of our assets and opportunities because of the need to dedicate a substantial portion of our cash flows from operations to payments on our indebtedness or to comply with any restrictive terms of our indebtedness;

limit our flexibility in planning for, or reacting to, changes in our businesses and the industries in which we operate; and

place us at a competitive disadvantage as compared to our competitors that have less debt.

We may incur additional indebtedness (public or private) in the future under our existing credit agreement, by issuing debt instruments, under new credit agreements, under joint venture credit agreements, under capital leases or synthetic leases, on a project-finance or other basis, or a combination of any of these. If we incur additional indebtedness in the future, it likely would be under our existing credit agreement or under arrangements that may have terms and conditions at least as restrictive as those contained in our existing credit agreement or the indenture governing the notes. Failure to comply with the terms and conditions of any existing or future indebtedness would constitute an event of default. If an event of default occurs, the lenders or noteholders will have the right to accelerate the maturity of such indebtedness and foreclose upon the collateral, if any, securing that indebtedness.

Despite our and our subsidiaries' current level of indebtedness, we may still be able to incur substantially more debt.

We and our subsidiaries may be able to incur additional indebtedness in the future, subject to certain limitations, including under our credit agreement, under the indenture governing the notes, by issuing debt instruments, under new credit agreements, under joint venture credit agreements, under capital leases or synthetic leases, on a project-finance or other basis, or a combination of any of these. For example, as of June 30, 2012, after giving effect to the amendment and restatement of our credit agreement, we would have been able to borrow approximately an additional \$541.1 million available on a revolving basis under our credit agreement, subject to compliance with financial covenants.

If new debt is added to our current debt levels, the related risks that we and our subsidiaries currently face could intensify. In addition, the incurrence of additional indebtedness could make it more difficult to satisfy our existing financial obligations, including those relating to the notes.

If we incur any additional indebtedness, including trade payables, that ranks equally with the notes, the holders of that debt will be entitled to share ratably with you in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding up of our partnership. This may have the effect of reducing the amount of proceeds paid to you. Please read Description of Exchange Notes.

Table of Contents

We may be unable to repurchase the notes upon a change of control.

Upon the occurrence of certain change of control events, we would be required to offer to repurchase all or any part of the notes then outstanding for cash at 101% of the principal amount plus accrued and unpaid interest. The source of funds for any repurchase required as a result of any change of control will be our available cash or cash generated from our operations or other sources, including:

borrowings under our credit agreement or other sources;

sales of assets; or

sales of equity.

We cannot assure you that sufficient funds would be available at the time of any change of control to repurchase your notes after first repaying any of our senior debt that may exist at the time. In addition, restrictions under our credit agreement or any future credit facilities will not allow such repurchases.

Additionally, a change of control (as defined in the indenture governing the notes) will be an event of default under our credit agreement, which would permit the lenders to accelerate the debt outstanding under the credit agreement. Finally, using available cash to fund the potential consequences of a change of control may impair our ability to obtain additional financing in the future, which could negatively impact our ability to conduct our business operations.

A subsidiary guarantee could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the notes from relying on that subsidiary to satisfy claims.

Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, our subsidiary guarantees can be voided, or claims under the subsidiary guarantees may be further subordinated to all other debts of that subsidiary guarantor if, among other things, the subsidiary guarantor, at the time it incurred the indebtedness evidenced by its guarantee or, in some states, when payments become due under the guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee and:

was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

Our subsidiary guarantees may also be voided, without regard to the above factors, if a court found that the subsidiary guarantor entered into the guarantee with the actual intent to hinder, delay or defraud its creditors.

A court would likely find that a subsidiary guarantor did not receive reasonably equivalent value or fair consideration for its guarantee if the subsidiary guarantor did not substantially benefit directly or indirectly from the issuance of the guarantees. If a court were to void a subsidiary guarantee, you would no longer have a claim against the subsidiary guarantor. Sufficient funds to repay the notes may not be available from other sources, including the remaining subsidiary guarantors, if any. In addition, the court might direct you to repay any amounts that you already received from the subsidiary guarantor.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, were greater than the fair saleable value of all its assets;

Table of Contents

the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

Each subsidiary guarantee contains a provision intended to limit the subsidiary guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its subsidiary guarantee to be a fraudulent transfer. Such provision may not be effective to protect the subsidiary guarantees from being voided under fraudulent transfer law.

Many of the covenants contained in the indenture governing the notes will be terminated if the notes are rated investment grade by both S&P and Moody's and no default or event of default has occurred and is continuing.

Many of the covenants in the indenture governing the notes will be terminated if the notes are rated investment grade by both S&P and Moody's provided at such time no event of default has occurred and is continuing. The covenants restrict, among other things, our ability to pay dividends, incur debt, and to enter into certain other transactions. There can be no assurance that the notes will ever be rated investment grade. However, termination of these covenants would allow us to engage in certain transactions that would not have been permitted while these covenants were in force. Please read Description of Exchange Notes Certain Covenants Covenant Termination.

A financial failure by us or our subsidiaries may result in the assets of any or all of those entities becoming subject to the claims of all creditors of those entities.

A financial failure by us or our subsidiaries could affect payment of the notes if a bankruptcy court were to substantively consolidate us and our subsidiaries. If a bankruptcy court substantively consolidated us and our subsidiaries, the assets of each entity would become subject to the claims of creditors of all entities. This would expose holders of notes not only to the usual impairments arising from bankruptcy, but also to potential dilution of the amount ultimately recoverable because of the larger creditor base. Furthermore, forced restructuring of the notes could occur through the cram-down provisions of the U.S. bankruptcy code. Under these provisions, the notes could be restructured over your objections as to their general terms, primarily interest rate and maturity.

The interruption of distributions to us from our subsidiaries and joint ventures may affect our ability to make payments on our commitments, including the notes.

We are a holding company. As such, our primary assets are the equity interests in our subsidiaries and joint ventures. Consequently, our ability to fund our commitments, including payments on the notes, depends upon the earnings and cash flows of our subsidiaries and joint ventures and the distribution of that cash to us. Distributions from our joint ventures are subject to the discretion of their respective management committees. Further, each joint venture's charter documents typically vest in its management committee sole discretion regarding distributions. Accordingly, our joint ventures may not continue to make distributions to us at current levels or at all.

We distribute all of our available cash to our unitholders, which may limit the cash available to service the notes or repay them at maturity.

Subject to the limitations on restricted payments contained in the indenture governing the notes and in our credit agreement and other indebtedness, we distribute all of our available cash each quarter to our unitholders. Available cash is defined in our limited partnership agreement. As a result, we may not accumulate significant amounts of cash. If our board of directors fails to establish sufficient reserves, these distributions could significantly reduce the cash available to us in subsequent periods to make payments on the notes.

Table of Contents

Restrictive covenants under our indenture may adversely affect our operations.

The indenture governing the notes contains, and any future indebtedness we incur may contain, a number of restrictive covenants that impose significant operating and financial restrictions on us, including restrictions on our ability to, among other things:

sell assets, including equity interests in our subsidiaries;

pay distributions on, redeem or repurchase our units or redeem or repurchase our subordinated debt;

make investments;

incur or guarantee additional indebtedness or issue preferred units;

create or incur certain liens;

enter into agreements that restrict distributions or other payments from our restricted subsidiaries to us;

consolidate, merge or transfer all or substantially all of our assets;

engage in transactions with affiliates;

create unrestricted subsidiaries;

enter into sale and leaseback transactions; and

engage in certain business activities.

As a result of these covenants, we are limited in the manner in which we conduct our business, and we may be unable to engage in favorable business activities or finance future operations or capital needs.

There is no public market for the notes.

We do not intend to list the notes on any national securities exchange. There can be no assurance as to the development of any market or the liquidity of any market that may develop for the notes. Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes. We cannot assure you that the market for the notes, if any, will not be subject to similar disruptions. Any such disruptions may adversely affect you as a holder of the notes.

The tax treatment of publicly traded partnerships could be subject to potential legislative, judicial or administrative changes and differing interpretations, possibly on a retroactive basis.

Edgar Filing: GENESIS ENERGY LP - Form S-4

The present U.S. federal income tax treatment of publicly traded partnerships, including us, may be modified by administrative, legislative or judicial interpretation at any time. Any modification to the U.S. federal income tax laws and interpretations thereof may or may not be applied retroactively and could make it more difficult or impossible to meet the exception for us to be treated as a partnership for U.S. federal income tax purposes that is not taxable as a corporation, affect or cause us to change our business activities, affect the tax considerations of an investment in us and change the character or treatment of portions of our income. The current Administration and members of Congress have recently considered substantive changes to the existing U.S. federal income tax laws that would adversely affect the tax treatment of certain publicly traded partnerships. We are unable to predict whether any of these changes, or other proposals, will ultimately be enacted. Any such changes could cause a material reduction in our anticipated cash flow, which could materially and adversely affect our ability to make payments on the exchange notes and our other debt obligations and could cause a reduction in the value of the exchange notes.

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any cash proceeds from the issuance of the exchange notes in the exchange offer. In consideration for issuing the exchange notes as contemplated by this prospectus, we will receive outstanding notes in a like principal amount. The form and terms of the exchange notes are identical in all respects to the form and terms of the outstanding notes, except the exchange notes do not include certain transfer restrictions, registration rights or provisions for additional interest. Outstanding notes surrendered in exchange for the exchange notes will be retired and cancelled and will not be reissued. Accordingly, the issuance of the exchange notes will not result in any change in our outstanding indebtedness.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The table below sets forth the Ratios of Earnings to Fixed Charges for us for each of the periods indicated.

	Fiscal Year Ended December 31,					Six Months
	2007	2008	2009	2010	2011	Ended June 30, 2012
Ratio of Earnings to Fixed Charges	(1)	2.7	1.5	(2)	2.7	3.1

(1) Earnings were inadequate to cover fixed charges for the year ended December 31, 2007 by \$13,289,000.

(2) Earnings were inadequate to cover fixed charges for the year ended December 31, 2010 by \$43,874,000.

For the purpose of computing the ratio of earnings to fixed charges, earnings are comprised of income from continuing operations of consolidated subsidiaries before provision for income taxes and adjustment for non-controlling interests in consolidated subsidiaries or income or loss from equity investees, less capitalized interest, plus depreciation of capitalized interest, dividends from companies accounted for using the equity method, and fixed charges. Fixed charges are comprised of interest on long-term debt plus capitalized interest, amortization of capitalized costs related to indebtedness, and rental expense representative of an interest factor.

EXCHANGE OFFER

We sold the outstanding notes on February 1, 2012 pursuant to the purchase agreement, dated as of January 27, 2012, by and among us, Genesis Energy Finance Corporation, our subsidiary guarantors and the initial purchasers named therein. The outstanding notes were subsequently offered by the representative of the initial purchasers to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to non-U.S. persons pursuant to Regulation S under the Securities Act.

Purpose of the Exchange Offer

We sold the outstanding notes in transactions that were exempt from or not subject to the registration requirements under the Securities Act. Accordingly, the outstanding notes are subject to transfer restrictions. In general, you may not offer or sell the outstanding notes unless either they are registered under the Securities Act or the offer or sale is exempt from or not subject to registration under the Securities Act and applicable state securities laws.

In connection with each sale of the outstanding notes, we entered into a registration rights agreement with the representative of the initial purchasers of the outstanding notes. We are offering the exchange notes under this prospectus in an exchange offer for the outstanding notes to satisfy our obligations under the registration rights agreement. The exchange offer will be open for at least 20 business days. During the exchange offer period, we will exchange the exchange notes for all outstanding notes properly surrendered and not withdrawn before the expiration date. The exchange notes will be registered and the transfer restrictions, registration rights and provisions for additional interest relating to the outstanding notes will not apply to the exchange notes.

Resale of Exchange Notes

Based on no-action letters of the Commission staff issued to third parties, we believe that exchange notes may be offered for resale, resold and otherwise transferred by you without further compliance with the registration and prospectus delivery provisions of the Securities Act if:

you are not an affiliate of us or Genesis Energy Finance Corporation within the meaning of Rule 405 under the Securities Act;

such exchange notes are acquired in the ordinary course of your business; and

you do not intend to participate in a distribution of the exchange notes.

The Commission staff, however, has not considered the exchange offer for the exchange notes in the context of a no-action letter, and the Commission staff may not make a similar determination as in the no-action letters issued to these third parties.

If you tender in the exchange offer with the intention of participating in any manner in a distribution of the exchange notes, you

cannot rely on such interpretations by the Commission staff; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

Unless an exemption from registration is otherwise available, any securityholder intending to distribute exchange notes should be covered by an effective registration statement under the Securities Act. The registration statement should contain the selling securityholder's information required by Item 507 or 508, as applicable, of Regulation S-K under the Securities Act.

This prospectus may be used for an offer to resell, resale or other transfer of exchange notes only as specifically described in this prospectus. If you are a broker-dealer, you may participate in the exchange offer only if you acquired the outstanding notes as a result of market-making activities or other trading activities. Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge by way of the letter of transmittal that it will deliver this prospectus in connection with any resale of the exchange notes. Please read the section captioned "Plan of Distribution" for more details regarding the transfer of exchange notes.

Terms of the Exchange Offer

Subject to the terms and conditions described in this prospectus and in the letter of transmittal, we will accept for exchange any outstanding notes properly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer. We will issue exchange notes in principal amount equal to the principal amount of outstanding notes surrendered in the exchange offer. Outstanding notes may be tendered only for exchange notes and only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The exchange offer is not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered in the exchange offer.

As of the date of this prospectus, we have issued \$350,000,000 in aggregate principal amount of 7⁷/₈% Senior Notes due 2018, \$100,000,000 aggregate principal amount of which constitute notes subject to (i) restrictions on transfer under the Securities Act and (ii) the exchange offer. This prospectus is being sent to DTC, the sole registered holder of the outstanding notes. There will be no fixed record date for determining registered holders of outstanding notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the rules and regulations of the Commission. Outstanding notes whose holders do not tender for exchange in the exchange offer will remain outstanding and continue to accrue interest. These outstanding notes will be entitled to the rights and benefits such holders have under the indenture relating to the outstanding notes and the registration rights agreement.

We will be deemed to have accepted for exchange properly tendered outstanding notes when we have given oral or written notice of the acceptance to the exchange agent and complied with the applicable provisions of the registration rights agreement. The exchange agent will act as agent for the tendering holders for the purposes of receiving the exchange notes from us.

If you tender outstanding notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the letter of transmittal and "Transfer Taxes," transfer taxes with respect to the exchange of outstanding notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connection with the exchange offer. Please read "Fees and Expenses" for more details regarding fees and expenses incurred in connection with the exchange offer.

We will return any outstanding notes that we do not accept for exchange for any reason without expense to their tendering holders promptly after the expiration or termination of the exchange offer.

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2012, unless, in our sole discretion, we extend it.

Table of Contents

Extensions, Delays in Acceptance, Termination or Amendment

We expressly reserve the right, at any time or various times, to extend the period of time during which the exchange offer is open. We may delay acceptance of any outstanding notes by giving notice of such extension to their holders via a press release or other public announcement at any time until the exchange offer expires or terminates. During any such extensions, all outstanding notes previously tendered will remain subject to the exchange offer, and we may accept them for exchange.

To extend the exchange offer, we will notify the exchange agent in writing of any extension. We will notify the holders of outstanding notes of the extension via a press release or other public announcement issued no later than 9:00 a.m. New York City time on the business day after the previously scheduled expiration date.

If any of the conditions described below under **Conditions to the Exchange Offer** occur, we reserve the right, in our sole discretion by giving written notice of such delay, extension or termination to the exchange agent before 9:00 a.m. New York City time on the first business day following the previously scheduled expiration date,

to delay accepting for exchange any outstanding notes,

to extend the exchange offer, or

to terminate the exchange offer.

Subject to the terms of the registration rights agreement, we also reserve the right to amend the terms of the exchange offer in any manner.

Any such delay in acceptance, extension, termination or amendment will be followed promptly by notice thereof via a press release or other public announcement to holders of the outstanding notes. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose such amendment by means of a prospectus supplement. The prospectus supplement will be distributed to holders of the outstanding notes. Depending upon the significance of the amendment and the manner of disclosure to holders, we will extend the exchange offer if it would otherwise expire during such period. If an amendment constitutes a material change to the exchange offer, including the waiver of a material condition, we will extend the exchange offer, if necessary, to remain open for at least five business days after the date of the amendment. In the event of any increase or decrease in the consideration we are offering for the outstanding notes or in the percentage of outstanding notes being sought by us, we will extend the exchange offer to remain open for at least 10 business days after the date we provide notice of such increase or decrease to the registered holders of outstanding notes.

Conditions to the Exchange Offer

We will not be required to accept for exchange, or exchange any exchange notes for, any outstanding notes if the exchange offer, or the making of any exchange by a holder of outstanding notes, would violate applicable law or Commission policy. Similarly, we may terminate the exchange offer as provided in this prospectus before accepting outstanding notes for exchange in the event of such a potential violation.

We will not be obligated to accept for exchange the outstanding notes of any holder that has not made to us the representations described under **Procedures for Tendering** and **Plan of Distribution** and such other representations as may be reasonably necessary under applicable Commission rules, regulations or interpretations to allow us to use an appropriate form to register the exchange notes under the Securities Act.

Additionally, we will not accept for exchange any outstanding notes tendered, and will not issue exchange notes in exchange for any such outstanding notes, if at such time any stop order has been threatened or is in effect with respect to the exchange offer registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939, as amended.

Table of Contents

We expressly reserve the right to amend or terminate the exchange offer, and to reject for exchange any outstanding notes not previously accepted for exchange, upon the occurrence of any of the conditions relating to the exchange offer specified above. We will promptly give written notice of any extension, amendment, non-acceptance or termination to the exchange agent.

These conditions are for our sole benefit, and we may assert them or waive them in whole or in part at any time or at various times prior to the expiration of the exchange offer in our sole discretion. If we fail at any time to exercise any of these rights, this failure will not mean that we have waived our rights. Each such right will be deemed an ongoing right that we may assert at any time or at various times prior to the expiration of the exchange offer.

Procedures for Tendering

To participate in the exchange offer, you must properly tender your outstanding notes to the exchange agent as described below. We will only issue exchange notes in exchange for outstanding notes that you timely and properly tender. Therefore, you should allow sufficient time to ensure timely delivery of the outstanding notes, and you should follow carefully the instructions on how to tender your outstanding notes. It is your responsibility to properly tender your outstanding notes. We have the right to waive any defects. However, we are not required to waive defects, and neither we nor the exchange agent is required to notify you of any defects in your tender.

If you have any questions or need help in exchanging your outstanding notes, please call the exchange agent whose address and phone number are described in the letter of transmittal included as Annex A to this prospectus.

All of the outstanding notes were issued in book-entry form, and all of the outstanding notes are currently represented by global certificates registered in the name of Cede & Co., the nominee of DTC. We have confirmed with DTC that the outstanding notes may be tendered using the automatic tender offer program, or ATOP. The exchange agent will establish an account with DTC for purposes of the exchange offer promptly after the commencement of the exchange offer, and DTC participants may electronically transmit their acceptance of the exchange offer by causing DTC to transfer their outstanding notes to the exchange agent using the ATOP procedures. In connection with the transfer, DTC will send an agent's message to the exchange agent. The agent's message will state that DTC has received instructions from the participant to tender outstanding notes and that the participant agrees to be bound by the terms of the letter of transmittal.

By using the ATOP procedures to exchange outstanding notes, you will not be required to deliver a letter of transmittal to the exchange agent. However, you will be bound by its terms just as if you had signed it.

There is no procedure for guaranteed late delivery of the outstanding notes.

Determinations Under the Exchange Offer. We will determine in our sole discretion all questions as to the validity, form, eligibility, time of receipt, acceptance of tendered outstanding notes and withdrawal of tendered outstanding notes. Our determination will be final and binding. We reserve the absolute right to reject any outstanding notes not properly tendered or any outstanding notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defect, irregularities or conditions of tender as to particular outstanding notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, all defects or irregularities in connection with tenders of outstanding notes must be cured within such time as we shall determine. Although we intend to notify holders of defects or irregularities with respect to tenders of outstanding notes, neither we, the exchange agent nor any other person will incur any liability for failure to give such notification. Tendere of outstanding notes will not be deemed made until such defects or irregularities have been cured or waived. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned to the tendering holder promptly following the expiration date of the exchange.

Table of Contents

When We Will Issue Exchange Notes. In all cases, we will issue exchange notes for outstanding notes that we have accepted for exchange under the exchange offer only after the exchange agent receives, prior to 5:00 p.m., New York City time, on the expiration date,

a book-entry confirmation of such outstanding notes into the exchange agent's account at DTC; and

a properly transmitted agent's message.

Such notes will be issued promptly following the expiration or termination of the offer.

Return of Outstanding Notes Not Accepted or Exchanged. If we do not accept any tendered outstanding notes for exchange or if outstanding notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged outstanding notes will be returned without expense to their tendering holder. Such non-exchanged outstanding notes will be credited to an account maintained with DTC. These actions will occur promptly after the expiration or termination of the exchange offer.

Your Representations to Us. By agreeing to be bound by the letter of transmittal, you will represent to us that, among other things:

any exchange notes that you receive will be acquired in the ordinary course of your business;

you are not engaged in and do not intend to engage in the distribution of the exchange notes;

you have no arrangement or understanding with any person or entity to participate in the distribution of the exchange notes;

you are not an affiliate, as defined in Rule 405 under the Securities Act, of us, Genesis Energy Finance Corporation or any of our subsidiary guarantors; and

if you are a broker-dealer that will receive exchange notes for your own account in exchange for outstanding notes, you acquired those outstanding notes as a result of market-making activities or other trading activities and you will deliver this prospectus, as required by law, in connection with any resale of the exchange notes.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw your tender at any time prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer. For a withdrawal to be effective you must comply with the appropriate ATOP procedures. Any notice of withdrawal must specify the name and number of the account at DTC to be credited with withdrawn outstanding notes and otherwise comply with the ATOP procedures.

We will determine all questions as to the validity, form, eligibility and time of receipt of a notice of withdrawal. Our determination shall be final and binding on all parties. We will deem any outstanding notes so withdrawn not to have been validly tendered for exchange for purposes of the exchange offer.

Any outstanding notes that have been tendered for exchange but that are not exchanged for any reason will be credited to an account maintained with DTC for the outstanding notes. This return or crediting will take place promptly after withdrawal, rejection of tender, expiration or termination of the exchange offer. You may retender properly withdrawn outstanding notes by following the procedures described under Procedures for Tendering above at any time on or prior to the expiration date of the exchange offer.

Fees and Expenses

Edgar Filing: GENESIS ENERGY LP - Form S-4

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail; however, we may make additional solicitation by e-mail, telephone or in person by our officers and regular employees and those of our affiliates.

Table of Contents

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to broker-dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related reasonable out-of-pocket expenses.

We will pay the cash expenses to be incurred in connection with the exchange offer. They include:

Commission registration fees;

fees and expenses of the exchange agent and trustee;

accounting and legal fees and printing costs; and

related fees and expenses.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of outstanding notes under the exchange offer. Each tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if a transfer tax is imposed for any reason other than the exchange of outstanding notes under the exchange offer.

Consequences of Failure to Exchange

If you do not exchange your outstanding notes for exchange notes under the exchange offer, the outstanding notes you hold will continue to be subject to the existing restrictions on transfer. In general, you may not offer or sell the outstanding notes except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not intend to register outstanding notes under the Securities Act unless the registration rights agreement requires us to do so.

Accounting Treatment

We will record the exchange notes in our accounting records at the same carrying value as the outstanding notes. This carrying value is the face value of the outstanding notes. Accordingly, we will not recognize any gain or loss for accounting purposes in connection with the exchange offer, other than the recognition of the fees and expenses of the offering as stated under Fees and Expenses.

Other

Participation in the exchange offer is voluntary, and you should consider carefully whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered outstanding notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any outstanding notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered outstanding notes.

DESCRIPTION OF CERTAIN OTHER INDEBTEDNESS

Genesis Credit Facility

On July 25, 2012, we entered into a Third Amended and Restated Credit Agreement among the Company, as borrower, Wells Fargo Bank, National Association, as administrative agent (the *Administrative Agent*), Bank of America N.A. and Bank of Montreal as co-syndication agents, U.S. Bank National Association as documentation agent, and each of the other lenders party thereto, which we refer to as our credit agreement. Our credit agreement amends and restates the Second Amended and Restated Credit Agreement, dated as of June 29, 2010, among the Company, as borrower, the Administrative Agent and the other lenders party thereto. The amendment and restatement of our credit agreement increased our borrowing capacity by \$225 million and now provides for a \$1 billion senior secured revolving credit facility, with the ability to increase the aggregate size of the facility up to \$1.3 billion, subject to lender consent and certain other customary conditions. The inventory financing sublimit tranche, which we may use to finance the purchase and sale of certain petroleum products subject to sales contracts or hedging agreements and related storage and transportation costs, was increased from \$125 million to \$150 million.

At June 30, 2012, we had \$445.0 million borrowed under our credit agreement, with \$47.4 million of that amount designated as a loan under the inventory sublimit tranche. Additionally, we had \$13.9 million in letters of credit outstanding. Due to the revolving nature of loans under our credit agreement, additional borrowings and periodic repayments and re-borrowings may be made until the maturity date of July 25, 2017. Collateral under the credit agreement consists of a substantial portion of our assets.

The key terms for rates under our credit agreement are as follows:

The interest rate on borrowings may be based on the alternate base rate, or ABR, or a eurodollar rate, or LIBOR, at our option. The alternate base rate is equal to the sum of (a) the greatest of (i) the prime rate established by the Administrative Agent, (ii) the federal funds effective rate plus $\frac{1}{2}$ of 1% and (iii) the LIBOR rate for a one-month maturity plus 1% and (b) the applicable margin. The eurodollar rate is equal to the sum of (a) the LIBOR rate for the applicable interest period multiplied by the statutory reserve rate and (b) the applicable margin. The applicable margin varies from 0.75% to 1.75% for alternate base rate borrowings and from 1.75% to 2.75% for eurodollar rate borrowings, depending on our leverage ratio. Our leverage ratio is recalculated quarterly and in connection with each material acquisition. At June 30, 2012, our borrowing rate margins were 2.25% and 1.25% for LIBOR and ABR borrowings, respectively.

Letter of credit fees range from 1.75% to 2.75% based on our leverage ratio as computed under our credit agreement plus a 0.25% per annum fronting fee. This rate can fluctuate quarterly. At June 30, 2012, our letter of credit rate was 2.25%.

We pay a commitment fee ranging from 0.375% to 0.50% based on our leverage ratio on the unused portion of the commitments under our credit agreement. This rate can fluctuate quarterly. At June 30, 2012, the commitment fee was 0.375%.

Our credit agreement contains customary covenants (affirmative, negative and financial) that limit the manner in which we may conduct our business. Our credit agreement contains three primary financial covenants – a leverage ratio, a senior secured leverage ratio and an interest coverage ratio. In general, our leverage ratio calculations compare our consolidated funded debt (excluding the amounts borrowed under the inventory sublimit in our credit agreement) to EBITDA (as defined and adjusted in accordance with our credit agreement). Our interest coverage ratio compares EBITDA (as adjusted) to interest expense. Our credit agreement includes provisions for the temporary adjustment of the required ratios following certain material acquisitions. So long as we are in compliance with the terms of our credit agreement, we have no limitations on our ability to distribute all of our available cash (as defined in our partnership agreement).

Financial Covenant	Requirement	Required Ratio	Required Ratio Following a Material Acquisition	Actual Ratio as of June 30, 2012
Leverage Ratio	Maximum	5.00 to 1.0	5.50 to 1.0	3.43 to 1.0
Senior Secured Leverage Ratio	Maximum	3.75 to 1.0	4.25 to 1.0	1.84 to 1.0
Interest Coverage Ratio	Minimum	3.00 to 1.0	2.75 to 1.0	6.17 to 1.0

We believe the amounts included in our balance sheet for debt outstanding under our senior secured credit facility approximate fair value as interest rates reflect current market rates. We were in compliance with the financial covenants contained in our credit facility as of June 30, 2012.

DESCRIPTION OF EXCHANGE NOTES

You can find the definitions of certain terms used in this description under the subheading **Certain Definitions**. In this description, the term **Company**, **us**, **our** or **we** refers only to Genesis Energy, L.P. and not to any of its subsidiaries, the term **Finance Corp.** refers to Genesis Energy Finance Corporation and the term **Issuers** refers to the Company and Finance Corp. References to the **notes** in this section of the prospectus include (i) the notes offered in exchange for the notes originally issued on November 18, 2010, which we refer to as the existing registered notes, (ii) the notes originally issued on February 1, 2012, which we refer to as the outstanding notes and (iii) the exchange notes, unless the context otherwise requires.

The exchange notes will be issued and the existing registered notes and the outstanding notes were issued under an indenture dated as of November 18, 2010, as amended as of November 24, 2010, December 27, 2010, February 28, 2011, June 30, 2011, September 13, 2011, September 22, 2011, December 5, 2011, January 3, 2012 and January 27, 2012 among Genesis Energy, L.P. and Genesis Energy Finance Corporation, as issuers, the Guarantors (as defined below) party thereto and U.S. Bank National Association, as trustee. You can find the definition of various terms used in this **Description of Exchange Notes** under **Certain Definitions** below. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the **Trust Indenture Act**).

The following description is a summary of the material provisions of the indenture. It does not restate those provisions in their entirety. We urge you to read the indenture because the indenture, and not this description, defines the rights of Holders of the notes. Certain defined terms used in this description but not defined below under **Certain Definitions** have the meanings assigned to them in the indenture.

If the exchange offer is consummated, Holders of existing registered notes and Holders of outstanding notes who do not exchange their notes for exchange notes will vote together with the Holders of the exchange notes for all relevant purposes under the indenture. In that regard, the indenture requires that certain actions by the Holders under the indenture (including acceleration after an Event of Default) must be taken, and certain rights must be exercised, by specified minimum percentages of the aggregate principal amount of all notes issued under the indenture. In determining whether Holders of the requisite percentage in principal amount have given any notice, consent or waiver or taken any other action permitted under the indenture, any outstanding notes that were not exchanged for exchange notes after the exchange offer will be aggregated with the exchange notes and the existing registered notes, and the Holders of such notes, exchange notes and existing registered notes will vote together as a single series for all such purposes. Accordingly, all references in this **Description of Exchange Notes** to specified percentages in aggregate principal amount of the outstanding notes mean, at any time after the exchange offer for the notes is consummated, such percentage in aggregate principal amount of such notes, exchange notes and existing registered notes then outstanding.

The registered Holder of a note will be treated as the owner of it for all purposes. Only registered Holders will have rights under the indenture.

Brief Description of the Notes and the Subsidiary Guarantees

The Notes. The notes:

are general unsecured obligations of the Issuers;

are equal in right of payment with all existing and future Senior Debt (as defined below) of either of the Issuers; and

are unconditionally guaranteed by the Guarantors on a senior unsecured basis.

The Subsidiary Guarantees. Initially, the notes are guaranteed by all of the Company's existing Subsidiaries (other than Finance Corp. and the Existing Unrestricted Subsidiaries referred to below).

Table of Contents

Each guarantee of the notes:

is a general unsecured obligation of the Guarantor; and

is equal in right of payment with all existing and future Senior Debt of that Guarantor.

As of June 30, 2012, the Company and the Guarantors had:

total Senior Debt of approximately \$796.0 million, consisting of the notes and approximately \$445.0 million of secured Senior Debt outstanding under the senior secured revolving credit facility of Genesis Crude Oil, L.P., a wholly-owned direct subsidiary of the Company (excluding letters of credit aggregating approximately \$13.9 million); and

no Indebtedness contractually subordinated to the notes or the guarantees, as applicable.

The indenture permits us and the Guarantors to incur additional Indebtedness, including additional Senior Debt.

All of our existing Subsidiaries (other than Finance Corp. and the Existing Unrestricted Subsidiaries referred to below) guarantee the notes. Under the circumstances described below under the subheading Certain Covenants Additional Subsidiary Guarantees, in the future one or more of our newly created or acquired Subsidiaries may not guarantee the notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay current outstanding obligations to the holders of their debt and their trade creditors before they will be able to distribute any of their assets to us.

All of our Subsidiaries, except for TDC Americas, LLC, TDC South America, LLC, TDC Energy Canada Ltd., TDC Peru S.A.C., TDC Chile, SpA, Genesis NEJD Pipeline, LLC, and Genesis Free State Pipeline, LLC, Thunder Basin Holdings, LLC, Antelope Refining, LLC and Thunder Basin Pipeline, LLC (collectively, the Existing Unrestricted Subsidiaries), are Restricted Subsidiaries. The Existing Unrestricted Subsidiaries constitute Unrestricted Subsidiaries under the Indenture. Under the circumstances described below under the subheading Certain Covenants Designation of Restricted and Unrestricted Subsidiaries, we are permitted to designate additional Subsidiaries as Unrestricted Subsidiaries. Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the indenture. Our Unrestricted Subsidiaries will not guarantee the notes. As of June 30, 2012, our Existing Unrestricted Subsidiaries (1) represented less than 14% of our consolidated assets, (2) accounted for less than 5% of our consolidated revenues and 18% of our segment margin (with Genesis NEJD Pipeline, LLC accounting for 8% of our segment margin) for the twelve months ended June 30, 2012 and (3) had liabilities to trade creditors of approximately \$13.8 million.

We own a 50% interest in each of Cameron Highway, T&P Syngas Supply Company, Sandhill Group, L.L.C. and Southeast Keathley Canyon Pipeline Company, L.L.C., a 29% interest in Odyssey Pipeline L.L.C., a 28% interest in Poseidon Oil Pipeline Company, L.L.C. and a 10% interest in Faustina Hydrogen Products LLC, none of which Joint Ventures (i) are classified as a Subsidiary of the Company or (ii) guarantee the notes.

Principal, Maturity and Interest

The Issuers will exchange notes with up to an aggregate principal amount of \$100.0 million, maturing in 2018. The Issuers may issue additional notes having identical terms and conditions to the exchange notes offered in this exchange offer (the additional notes) from time to time after this exchange offer. Any offering of additional notes is subject to the covenant described below under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock. The exchange notes, any notes that remain outstanding after the exchange offer and any additional notes subsequently issued under the indenture will be treated as a single class under the indenture for all purposes, including, without limitation, waivers, amendments, redemptions and offers to purchase. The Issuers will issue notes in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The notes will mature on December 15, 2018.

Table of Contents

Interest on the exchange notes will accrue at the rate of $7\frac{7}{8}\%$ per annum, and will be payable semi-annually in arrears on June 15 and December 15 of each year, commencing on the first such date next following the date on which the exchange offer is consummated. The Issuers will make each interest payment to the Holders of record of notes on the June 1 and December 1 immediately preceding each interest payment date. The initial interest payment on the exchange notes will include all accrued and unpaid interest on the outstanding notes exchanged therefor.

Interest on the exchange notes will accrue from the date on which interest on the outstanding notes was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

If an interest payment date falls on a day that is not a Business Day, the interest payment to be made on such interest payment date will be made, without penalty, on the next succeeding Business Day with the same force and effect as if made on such interest payment date.

Methods of Receiving Payments on the Notes

If a Holder has given wire transfer instructions to the Issuers, the Issuers will pay all principal, interest and premium, if any, on that Holder's notes in accordance with those instructions. All other payments on the notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless the Issuers elect to make interest payments by check mailed to the Holders at their addresses set forth in the register of Holders.

Paying Agent and Registrar for the Notes

The trustee will act as paying agent and registrar. The Issuers may change the paying agent or registrar without prior notice to the Holders of the notes, and the Company or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A Holder may transfer or exchange notes in accordance with the indenture. The registrar and the trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. No service charge will be imposed by the Issuers, the trustee or the registrar for any registration of transfer or exchange of notes, but Holders will be required to pay all taxes due on transfer. The Issuers are not required to transfer or exchange any note selected for redemption. Also, the Issuers are not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Subsidiary Guarantees

All of our existing Subsidiaries, excluding Finance Corp. and the Existing Unrestricted Subsidiaries, guarantee the notes on a senior unsecured basis. In the future, the Restricted Subsidiaries of the Company will be required to guarantee the notes under the circumstances described under Certain Covenants - Additional Subsidiary Guarantees. These Subsidiary Guarantees are joint and several obligations of the Guarantors. The obligations of each Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law. See Risk Factors - Risks Relating to the Notes. A subsidiary guarantee could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the notes from relying on that subsidiary to satisfy claims.

A Guarantor may not sell or otherwise dispose of all or substantially all of its properties or assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than the Company or another Guarantor, unless:

1. immediately after giving effect to such transaction, no Default or Event of Default exists; and

2. either:

- a. the Person acquiring the properties or assets in any such sale or other disposition or the Person formed by or surviving any such consolidation or merger (if other than the Guarantor) unconditionally assumes, pursuant to a supplemental indenture substantially in the form specified in the indenture, all the obligations of that Guarantor under the notes, the indenture and its Subsidiary Guarantee on terms set forth therein; or
- b. if the Person acquiring the properties or assets in any such sale or other disposition or the Person formed by or surviving any such consolidation or merger is not (either before or after giving effect to such transaction) a Guarantor, such transaction complies with the Asset Sales provisions of the indenture.

The Subsidiary Guarantee of a Guarantor will be released:

1. in connection with any sale or other disposition of all or substantially all of the properties or assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) a Restricted Subsidiary of the Company, if the sale or other disposition complies with the Asset Sales provisions of the indenture;
2. in connection with any sale or other disposition of all of the Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) a Restricted Subsidiary of the Company, if the sale or other disposition complies with the Asset Sales provisions of the indenture;
3. if the Company designates any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in accordance with the applicable provisions of the indenture;
4. upon Legal Defeasance or Covenant Defeasance as described below under the caption Legal Defeasance and Covenant Defeasance or upon satisfaction and discharge of the indenture as described below under the caption Satisfaction and Discharge ;
5. upon the liquidation or dissolution of such Guarantor provided no Default or Event of Default has occurred that is continuing; or
6. at such time as such Guarantor ceases to guarantee any other Indebtedness of either of the Issuers or any other Guarantor.

See Repurchase at the Option of Holders Asset Sales.

Optional Redemption

At any time prior to December 15, 2013, the Issuers may on any one or more occasions redeem up to 35% of the aggregate principal amount of the notes (including any additional notes) issued under the indenture, upon not less than 30 nor more than 60 days notice, at a redemption price of 107.875% of the principal amount, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), with the net cash proceeds of one or more Equity Offerings by the Company, provided that:

1. at least 65% of the aggregate principal amount of the notes (including any additional notes) issued under the indenture remains outstanding immediately after the occurrence of such redemption (excluding notes held by the Company and its Subsidiaries); and
2. the redemption occurs within 120 days of the date of the closing of such Equity Offering.

On and after December 15, 2014, the Issuers may redeem all or a part of the notes upon not less than 30 nor more than 60 days notice, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, on the notes redeemed to the applicable redemption date (subject

to the right of Holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), if redeemed during the twelve-month period beginning on December 15 of the years indicated below:

Year	Percentages
2014	103.938%
2015	101.969%
2016 and thereafter	100.000%

Prior to December 15, 2014, the Issuers may redeem all or part of the notes upon not less than 30 nor more than 60 days notice, at a redemption price equal to the sum of:

1. the principal amount thereof, plus
2. the Make Whole Premium at the redemption date,

plus accrued and unpaid interest, if any, to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date).

Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee will select notes for redemption as follows:

1. if the notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the notes are listed; or
2. if the notes are not listed on any national securities exchange, on a pro rata basis.

No notes of \$2,000 or less can be redeemed in part. Notices of optional redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of notes to be redeemed at its registered address, except that optional redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture. Notices of redemption may not be conditional, except that redemption pursuant to the first paragraph under the Optional Redemption section, may, at the Company's discretion, be subject to completion of the related Equity Offering.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the Holder of notes upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of them called for redemption.

A notice of redemption with respect to any redemption pursuant to the last paragraph under the caption Optional Redemption need not set forth the Make-Whole Premium but only the manner of calculation thereof in reasonable detail. The Issuers will notify the trustee of the Make-Whole Premium with respect to any such redemption promptly after the calculation, and the trustee shall not be responsible for such calculation.

Mandatory Redemption

Neither of the Issuers is required to make mandatory redemption or sinking fund payments with respect to the notes. However, under certain circumstances, we may be required to offer to purchase notes as described below under Repurchase at the Option of Holders. The Issuers may, at any time and from time to time, purchase notes in the open market or otherwise.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, unless the Issuers have previously or concurrently exercised their right to redeem all of the notes as described under Optional Redemption, each Holder of notes will have the right to require the Company to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess of \$2,000) of that Holder's notes pursuant to a Change of Control Offer on the terms set forth in the indenture. In the Change of Control Offer, the Company will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of settlement (the Change of Control Settlement Date), subject to the right of Holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the Change of Control Settlement Date. Within 30 days following any Change of Control, unless the Issuers have previously or concurrently exercised their right to redeem all of the notes as described under Optional Redemption, the Company will mail a notice to each Holder and the trustee describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes as of the Change of Control Settlement Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such conflict.

On the Change of Control Settlement Date, the Company will, to the extent lawful, accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer. Promptly thereafter on the Change of Control Settlement Date, the Company will:

1. deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
2. deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by the Company.

On the Change of Control Settlement Date, the paying agent will mail to each Holder of notes properly tendered the Change of Control Payment for such notes (or, if all the notes are then in global form, make such payment through the facilities of DTC), and the trustee will authenticate and mail (or cause to be transferred by book entry) to each Holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; provided, however, that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess of \$2,000. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The Company's ability to repurchase notes pursuant to a Change of Control Offer may be restricted by the terms of any Credit Facility and may be prohibited or otherwise limited by the terms of any then existing borrowing arrangements and the Company's financial resources. The exercise by the Holders of notes of their right to require the Company to repurchase the notes upon a Change of Control Offer could cause a default under these other agreements, even if the Change of Control itself does not, due to the financial effect of such repurchases on the Company or otherwise. The Credit Agreement provides that certain change of control events with respect to the Company would constitute an event of default thereunder, entitling the lenders, among other things, to accelerate the maturity of all Senior Debt outstanding thereunder. Any future credit agreements or other agreements relating to Senior Debt to which the Company or any Guarantor becomes a party may contain similar

Table of Contents

restrictions and provisions. The indenture provides that, prior to complying with any of the provisions of this Change of Control covenant, but in any event no later than the Change of Control Settlement Date, the Company or any Guarantor must either repay all of its other outstanding Senior Debt or obtain the requisite consents, if any, under all agreements governing such Senior Debt to permit the repurchase of notes required by this covenant. If the Company does not obtain the requisite consents or repay all of its other outstanding Senior Debt, the Company may remain prohibited from purchasing notes under those other agreements. The Company's failure to purchase tendered notes would constitute an Event of Default under the indenture which could, in turn, constitute a default under other Indebtedness.

The provisions described above that require the Company to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the Holders of the notes to require that the Company repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

The Company will not be required to make a Change of Control Offer upon a Change of Control if (i) a third party makes the Change of Control Offer in the manner, at the time and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by the Company and purchases all notes properly tendered and not withdrawn under the Change of Control Offer or (ii) irrevocable notice of redemption of all notes has been given pursuant to the indenture as described above under the caption Optional Redemption, unless there is a default in payment of the applicable redemption price.

A Change of Control Offer may be made in advance of a Change of Control, and conditioned upon the occurrence of such Change of Control, if a definitive agreement is in effect for the Change of Control at the time of making the Change of Control Offer.

In the event that upon consummation of a Change of Control Offer less than 10% of the aggregate principal amount of the notes (including any additional notes) that were originally issued are held by Holders other than the Issuers or Affiliates thereof, the Issuers will have the right, upon not less than 30 nor more than 60 days prior notice, given not more than 30 days following the purchase pursuant to the Change of Control Offer described above, to redeem all of the notes that remain outstanding following such purchase at a redemption price equal to the Change of Control Offer payment amount plus, to the extent not included in the Change of Control Offer payment amount, accrued and unpaid interest on the notes that remain outstanding, to the date of redemption (subject to the right of holders on the relevant record date to receive interest due on the relevant interest payment date).

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of the Company and its Restricted Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of notes to require the Company to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the properties or assets of the Company and its Subsidiaries taken as a whole to another Person or group may be uncertain.

The provisions under the indenture relative to the Company's obligation to make an offer to repurchase the notes as a result of a Change of Control may be waived or modified, prior to the occurrence of a Change of Control, with the written consent of the Holders of a majority in principal amount of the notes (including any additional notes) that are then outstanding.

Asset Sales

The Company will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

1. the Company (or a Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;
2. the fair market value is determined by (a) an executive officer of the General Partner if the value is less than \$20.0 million and evidenced by an officers' certificate delivered to the trustee, or (b) the Company's Board of Directors if the value is \$20.0 million or more and evidenced by a resolution of the Board of Directors set forth in an officers' certificate delivered to the trustee; and
3. at least 75% of the aggregate consideration received by the Company and its Restricted Subsidiaries in the Asset Sale and all other Asset Sales since the date of the indenture is in the form of cash. For purposes of this provision, each of the following will be deemed to be cash:
 - a. any liabilities, as shown on the Company's or any Restricted Subsidiary's most recent balance sheet, of the Company or such Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the notes or any Subsidiary Guarantee) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases the Company or such Restricted Subsidiary from further liability (or in lieu of such a release, the agreement of the acquiror or its parent company to indemnify and hold the Company or such Restricted Subsidiary harmless from and against any loss, liability or cost in respect of such assumed Indebtedness or liabilities accompanied by the posting of a letter of credit (issued by a commercial bank that has an Investment Grade Rating) in favor of the Company or such Restricted Subsidiary for the full amount of the liability and for so long as the liability remains outstanding; *provided, however,* that such indemnifying party (or its long term debt securities) shall have an Investment Grade Rating (with no indication of a negative outlook or credit watch with negative implications, in any case, that contemplates such indemnifying party (or its long term debt securities) failing to have an Investment Grade Rating) at the time the indemnity is entered into);
 - b. any securities, notes or other obligations received by the Company or any Restricted Subsidiary from such transferee that are, within 180 days after the Asset Sale, converted by the Company or such Subsidiary into cash, to the extent of the cash received in that conversion; and
 - c. any stock or assets of the kind referred to in clauses (2), (3) or (5) of the following paragraph.

Within 360 days after the receipt of any Net Proceeds from an Asset Sale, the Company or any Restricted Subsidiary may apply those Net Proceeds at its option to any combination of the following:

1. to repay Senior Debt;
2. to acquire all or substantially all of the properties or assets of a Person primarily engaged in a Permitted Business;
3. to acquire a majority of the Voting Stock of a Person primarily engaged in a Permitted Business;
4. to make capital expenditures; or
5. to acquire other long-term assets that are used or useful in a Permitted Business.

The acquisition of stock or assets, or making of a capital expenditure, pursuant to clauses (2), (3), (4) or (5) of the preceding paragraph shall be deemed to be satisfied if an agreement (including a lease, whether a capital lease or an operating lease) committing to make the acquisitions or expenditure referred to therein is entered into by the Company or any Restricted Subsidiary with a Person other than an Affiliate of the Company within the time period specified in the preceding paragraph and such Net Proceeds are subsequently applied in accordance with such agreement within six months following the date such agreement is entered into.

Table of Contents

Pending the final application of any Net Proceeds, the Company or any Restricted Subsidiary may invest the Net Proceeds in any manner that is not prohibited by the indenture. Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph will constitute Excess Proceeds.

On the 361st day after the Asset Sale (or, at the Company's option, any earlier date), if the aggregate amount of Excess Proceeds then exceeds \$20.0 million, the Company will make an Asset Sale Offer to all Holders of notes, and all holders of other Indebtedness that is *pari passu* with the notes containing provisions similar to those set forth in the indenture with respect to offers to purchase or redeem with the proceeds of sales of assets, to purchase the maximum principal amount of notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount plus accrued and unpaid interest, if any, to the date of settlement, subject to the right of Holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the date of settlement, and will be payable in cash. The Company may satisfy the foregoing obligations with respect to any Net Proceeds from an Asset Sale by making an Asset Sale Offer with respect to such Net Proceeds prior to the expiration of the relevant 360 days (or such longer period provided above). If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company or any Restricted Subsidiary may use those Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of notes and other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the notes and such other *pari passu* Indebtedness to be purchased on a pro rata basis (based on principal amounts of notes and *pari passu* Indebtedness (or, in the case of *pari passu* Indebtedness issued with significant original issue discount, based on the accreted value thereof) tendered). Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

The Company's ability to repurchase notes in an Asset Sale Offer may be restricted by the terms of any Credit Facility, and may be prohibited or otherwise limited by the terms of any then existing borrowing arrangements and the Company's financial resources. The exercise by the Holders of notes of their right to require the Company to repurchase the notes upon an Asset Sale Offer could cause a default under these other agreements, even if the Asset Sale itself does not, due to the financial effect of such repurchases on the Company or otherwise. In the event an Asset Sale occurs at a time when the Company is prohibited from purchasing notes, the Company could seek the consent of the applicable lenders to the purchase of notes or could attempt to Refinance the Indebtedness that contains such prohibitions. If the Company does not obtain a consent or repay the Indebtedness, the Company will remain prohibited from purchasing notes. In that case, the Company's failure to purchase tendered notes would constitute an Event of Default under the indenture which could, in turn, constitute a default under other Indebtedness.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sales provisions of the indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sales provisions of the indenture by virtue of such conflict.

The provisions under the indenture relative to the Company's obligation to make an offer to repurchase the notes as a result of an Asset Sale may be waived or modified with the written consent of the Holders of a majority in principal amount of the notes (including any additional notes) that are then outstanding.

4. the payment of any dividend or distribution by a Restricted Subsidiary of the Company to the holders of its Equity Interests on a pro rata basis;

Guarantor's Subsidiary Guarantee, as the case may be, by application of (i) cash provided from operations in the ordinary course of business or (ii) proceeds from borrowings under the revolving portion of a Credit Facility (so long as within 30 days prior to such purchase, redemption or other acquisition or retirement for value, a corresponding amount of borrowings under the revolving portion of a Credit Facility was repaid from cash provided from operations in the ordinary course of business); *provided*, in any such case, that the Company is able to incur an additional \$1.00 of Indebtedness pursuant to the first paragraph of the covenant described under the caption "Incurrence of Indebtedness and Issuance of Preferred Stock" after giving effect to such purchase or redemption; *provided* further, that this clause (14) shall not permit the application of any proceeds from any other borrowings under any Credit Facility to effect any such purchase, redemption or other acquisition or retirement for value; or

15. any other Restricted Payments not otherwise permitted pursuant to this covenant in an aggregate outstanding amount not to exceed \$10.0 million.

The amount of all Restricted Payments (other than cash) will be the fair market value on the date of the Restricted Payment of the Restricted Investment proposed to be made or the asset(s) or securities proposed to be transferred or issued by the Company or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any Restricted Investment, assets or securities that are required to be valued by this covenant will be determined, in the case of amounts under \$20.0 million, by an officer of the General Partner and, in the case of amounts over \$20.0 million, by the Board of Directors of the Company, whose determination shall be evidenced by a Board Resolution. In determining the aggregate net cash proceeds or fair market value of Property other than cash received by the Company from the issuance and sale of Equity Interests of the Company (other than Disqualified Stock) in accordance with clause (1)(b) of the second preceding paragraph, amounts of cash received by the Company pursuant to clause (2) of the preceding paragraph or clause (5) of the definition of "Permitted Investments" shall be excluded from such calculation. For purposes of determining compliance with this covenant, (x) in the event that a Restricted Payment meets the criteria of more than one of the exceptions described in (1) through (15) of the immediately preceding paragraph or is entitled to be made pursuant to the first paragraph of this covenant, the Company shall be permitted, in its sole discretion, to classify such Restricted Payment, or later classify, reclassify or re-divide all or a portion of such Restricted Payment, in any manner that complies with this covenant; and (y) in the event a Restricted Payment is made pursuant to clause (1) or (2) of the second preceding paragraph, the Company will be permitted to classify whether all or any portion thereof is being (and in the absence of such classification shall be deemed to have classified the minimum amount possible as having been) made with Incremental Funds. Not later than the date of making any Restricted Payment (excluding any Restricted Payment described in clauses (2) through (15) of the preceding paragraph) the Company will deliver to the trustee an officers' certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Restricted Payments' covenant were computed.

Incurrence of Indebtedness and Issuance of Preferred Stock

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt), the Company will not, and will not permit any of its Restricted Subsidiaries to, issue any Disqualified Stock, and the Company will not permit any of its Restricted Subsidiaries to issue any preferred securities; *provided, however*, that the Company and any of the Restricted Subsidiaries may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock or preferred securities, if, for the Company's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or preferred securities are issued, the Fixed Charge Coverage Ratio would have been at least 2.0 to 1.0, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or Disqualified Stock or preferred securities had been issued, as the case may be, at the beginning of such four-quarter period.

1. the incurrence by the Company or any of its Restricted Subsidiaries of additional Indebtedness (including letters of credit) under one or more Credit Facilities, provided that, after giving effect to any such incurrence, the aggregate principal amount of all Indebtedness incurred under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of the Company and its Subsidiaries thereunder) and then outstanding does not exceed the greater of (a) \$525.0 million or (b) \$400.0 million plus 20.0% of the Company's Consolidated Net Tangible Assets as of the date of incurrence;

2. the incurrence by the Company or its Restricted Subsidiaries of the Existing Indebtedness;

3. the incurrence by the Company and the Guarantors of Indebtedness represented by (a) the existing registered notes, (b) the outstanding notes and (c) the exchange notes issued pursuant to the exchange offer, in each case, including the related Subsidiary Guarantees;

4. the incurrence by the Company or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property, plant or equipment used in the business of the Company or such Restricted Subsidiary, including all Permitted Refinancing Indebtedness incurred to extend, refinance, renew, replace, defease or refund any Indebtedness incurred pursuant to this clause (4), *provided* that after giving effect to any such incurrence, the principal amount of all Indebtedness incurred pursuant to this clause (4) and then outstanding does not exceed the greater of (a) \$25.0 million or (b) 2.5% of the Company's Consolidated Net Tangible Assets as of the date of incurrence;

5. the incurrence or issuance by the Company or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to, extend, refinance, renew, replace, defease or refund Indebtedness or Disqualified Stock that was permitted by the indenture to be incurred under the first paragraph of this covenant or clauses (2), (3), (13) or (16) of this paragraph or this clause (5);

6. the incurrence by the Company or any of its Restricted Subsidiaries of intercompany Indebtedness between or among the Company and any of its Restricted Subsidiaries; *provided, however*, that:

a. if the Company is the obligor on such Indebtedness and a Guarantor is not the obligee, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the notes, or if a Guarantor is the obligor on such Indebtedness and neither the Company nor another Guarantor is the obligee, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the Subsidiary Guarantee of such Guarantor; and

b. (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Company or a Restricted Subsidiary of the Company and (ii) any sale or other transfer of any such Indebtedness to a Person that is neither the Company nor a Restricted Subsidiary of the Company will be deemed, in each case, to constitute an incurrence (as of the date of such issuance or transfer) of such Indebtedness by the Company or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);

7. the incurrence by the Company or any of its Restricted Subsidiaries of obligations under Hedging Contracts in the ordinary course of business and not for speculative purposes;

8. the guarantee by the Company or any of its Restricted Subsidiaries of Indebtedness of the Company or any of its Restricted Subsidiaries that was permitted to be incurred by another provision of this covenant;

11. the issuance by (x) any of the Company's Restricted Subsidiaries to the Company or to any of its Restricted Subsidiaries of any Disqualified Stock or preferred securities or (y) the Company or any of its Restricted Subsidiaries of any Disqualified Stock; *provided, however*, that, in the case of (x) or (y):

a. any subsequent issuance or transfer of Equity Interests that results in any such Disqualified Stock or preferred securities being held by a Person other than the Company or a Restricted Subsidiary of the Company; and

b. any sale or other transfer of any such Disqualified Stock or preferred securities to a Person that is not either the Company or a Restricted Subsidiary of the Company,

shall be deemed, in each case, to constitute an issuance of such Disqualified Stock or preferred securities by such Restricted Subsidiary or the Company, as applicable, that was not permitted by this clause (11);

12. the incurrence by the Company or any of its Restricted Subsidiaries of liability in respect of the Indebtedness of any Unrestricted Subsidiary of the Company or any Joint Venture but only to the extent that such liability is the result of the Company's or any such Restricted Subsidiary's being a general partner of such Unrestricted Subsidiary or Joint Venture and not as guarantor of such Indebtedness and provided that, after giving effect to any such incurrence, the aggregate principal amount of all Indebtedness incurred under this clause (12) and then outstanding does not exceed \$25.0 million;

13. the incurrence by the Company or any of its Restricted Subsidiaries of Acquired Debt in connection with a merger or consolidation satisfying either one of the financial tests set forth in clause (4) under the caption "Merger, Consolidation or Sale of Assets";

15. the incurrence of Indebtedness or the issuance of Disqualified Stock or preferred securities of any of the Company and the Restricted Subsidiaries to the extent the net proceeds thereof are concurrently (a) used to redeem all of the notes that are then outstanding or (b) deposited to effect Covenant Defeasance or Legal Defeasance or satisfy and discharge the indenture as described below under the caption "Legal Defeasance and Covenant Defeasance" or "Satisfaction and Discharge";

16. the incurrence of Indebtedness of the Company or any of its Restricted Subsidiaries consisting of the financing of insurance premiums in customary amounts consistent with the operations and business of the Company and the Restricted Subsidiaries; and

For purposes of determining compliance with this "Incurrence of Indebtedness and Issuance of Preferred Stock" covenant, in the event that an item of Indebtedness or Disqualified Stock or preferred securities (including Acquired Debt) meets the criteria of more than one of the categories of Permitted Debt described in clauses

Table of Contents

(1) through (17) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, the Company will be permitted to classify (or later classify or reclassify in whole or in part in its sole discretion) such item of Indebtedness or Disqualified Stock or preferred securities in any manner (including by dividing and classifying such item of Indebtedness or Disqualified Stock or preferred securities in more than one type of Indebtedness or Disqualified Stock or preferred securities permitted under such covenant) that complies with this covenant. The dollar equivalent principal amount of any Indebtedness denominated in a foreign currency and incurred pursuant to any dollar-denominated restriction on the incurrence of Indebtedness shall be calculated based on the relevant exchange rates in effect at the time of incurrence. Any Indebtedness under Credit Facilities on the date of the indenture shall be considered incurred under the first paragraph of this covenant, subject to any subsequent classification or reclassification permitted pursuant to this paragraph.

The accrual of interest, the accretion or amortization of original issue discount, the accretion of principal with respect to a non-interest bearing or other discount security, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, and the payment of dividends on Disqualified Stock or preferred securities in the form of additional shares of the same class of Disqualified Stock or preferred securities will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock or preferred securities for purposes of this covenant, *provided*, in each such case, that the amount thereof is included in Fixed Charges of the Company as accrued (adjusted, in the case of dividends, by the fraction specified in clause (4)(b) of the definition of Fixed Charges). For purposes of this covenant, (i) the accrual of an obligation to pay a premium in respect of Indebtedness or Disqualified Stock or preferred securities arising in connection with the issuance of a notice of redemption or making of a mandatory offer to purchase such Indebtedness or Disqualified Stock or preferred securities and (ii) unrealized losses or charges in respect of Hedging Contracts (including those resulting from the application of SFAS 133) will, in case of (i) or (ii), not be deemed to be an incurrence of Indebtedness or issuance of Disqualified Stock or preferred securities. Further, the accounting reclassification of any obligation or Disqualified Stock or preferred securities of the Company or any of its Restricted Subsidiaries as Indebtedness or Disqualified Stock or preferred securities will not be deemed an incurrence of Indebtedness or issuance of Disqualified Stock or preferred securities for purposes of this covenant.

For purposes of determining any particular amount of Indebtedness under this covenant, (i) guarantees of, or obligations in respect of letters of credit relating to, Indebtedness otherwise included in the determination of such amount shall not also be included and (ii) if obligations in respect of letters of credit are incurred pursuant to a Credit Facility and are being treated as incurred pursuant to clause (1) of the definition of Permitted Debt and the letters of credit relate to other Indebtedness, then such other Indebtedness shall not be included.

Liens

The Company will not and will not permit any of its Restricted Subsidiaries to, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind (other than Permitted Liens) securing Indebtedness upon any of their property or assets, now owned or hereafter acquired, unless the notes or any Subsidiary Guarantee of such Restricted Subsidiary, as applicable, is secured on an equal and ratable basis with (or on a senior basis (to at least the same extent as the notes are senior in right of payment) to, in the case of obligations subordinated in right of payment to the notes or such Subsidiary Guarantee, as the case may be) the obligations so secured until such time as such obligations are no longer secured by a Lien. Any Lien created for the benefit of the Holders of the notes pursuant to the preceding sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the initial Lien.

2. the indenture, the notes and the Subsidiary Guarantees;
3. applicable law;
4. any instrument of a Person acquired by the Company or any of its Restricted Subsidiaries as in effect at the time of such acquisition, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired, *provided* that, in the case of any instrument governing Indebtedness, such Indebtedness was otherwise permitted by the terms of the indenture to be incurred;
5. customary non-assignment provisions in Hydrocarbon purchase and sale or exchange agreements or similar operational agreements or in licenses or leases, in each case entered into in the ordinary course of business and consistent with past practices;
6. Capital Lease Obligations, mortgage financings or purchase money obligations, in each case for property acquired in the ordinary course of business that impose restrictions on that property of the nature described in clause (3) of the preceding paragraph;
7. any agreement for the sale or other disposition of all or substantially all the Capital Stock or assets of a Restricted Subsidiary of the Company as to restrictions on distributions by that Restricted Subsidiary pending its sale or other disposition or other customary restrictions pursuant thereto;
8. Permitted Refinancing Indebtedness, *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being Refinanced;
9. Liens securing Indebtedness otherwise permitted to be incurred under the provisions of the covenant described above under the caption **Liens** that limit the right of the debtor to dispose of the assets subject to such Liens;
10. customary provisions with respect to the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, stock sale agreements and other similar agreements or other customary provisions;

Table of Contents

11. any agreement or instrument relating to any property or assets acquired after the date of the indenture, so long as such encumbrance or restriction relates only to the property or assets so acquired and is not and was not created in anticipation of such acquisitions;
12. restrictions on cash, Cash Equivalents or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;
13. any other agreement governing Indebtedness or Disqualified Stock or preferred securities of the Company or any Guarantor that is permitted to be incurred or issued by the covenant described under Incurrence of Indebtedness and Issuance of Preferred Stock ; *provided, however*, that such encumbrances or restrictions are not materially more restrictive, taken as a whole, than those contained in the indenture or the Credit Agreement as it exists on the date of the indenture;
14. encumbrances and restrictions contained in contracts entered into in the ordinary course of business, not relating to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of, or from the ability of the Company and the Restricted Subsidiaries to realize the value of, property or assets of the Company or any Restricted Subsidiary in any manner material to the Company or any Restricted Subsidiary; and
15. Hedging Contracts permitted from time to time under the indenture.

Merger, Consolidation or Sale of Assets

Neither of the Issuers may, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not such Issuer is the survivor); or (2) sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions, to another Person, unless:

1. either: (a) such Issuer is the survivor; or (b) the Person formed by or surviving any such consolidation or merger (if other than such Issuer) or to which such sale, assignment, transfer, lease, conveyance or other disposition has been made is a Person organized or existing under the laws of the United States, any state of the United States or the District of Columbia; *provided, however*, that Finance Corp. may not consolidate or merge with or into any Person unless the Person formed by or surviving such consolidation or merger is a corporation satisfying such requirement so long as the Company is not a corporation;
2. the Person formed by or surviving any such consolidation or merger (if other than such Issuer) or the Person to which such sale, assignment, transfer, lease, conveyance or other disposition has been made assumes all the obligations of such Issuer under the notes, the indenture and the registration rights agreement pursuant to agreements reasonably satisfactory to the trustee;
3. immediately after such transaction no Default or Event of Default exists;
4. in the case of a transaction involving the Company and not Finance Corp., either
 - a. the Company or the Person formed by or surviving any such consolidation or merger (if other than the Company), or to which such sale, assignment, transfer, lease, conveyance or other disposition has been made will, on the date of such transaction immediately after giving pro forma effect thereto and to any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption Incurrence of Indebtedness and Issuance of Preferred Stock ; or
 - b. immediately after giving effect to such transaction and any related financing transactions on a pro forma basis as if the same had occurred at the beginning of the applicable four-quarter period, the Fixed Charge Coverage Ratio of the Company or the Person formed by or surviving any such consolidation or merger (if other than the Company), or to which such sale, assignment, transfer, lease, conveyance or other disposition has been made, will be equal to or greater than the Fixed Charge Coverage Ratio of the Company immediately before such transactions; and

5. such Issuer has delivered to the trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger or disposition and such supplemental indenture (if any) comply with the indenture; *provided, however*, that such counsel may rely, as to matters of fact, on a certificate or certificates of officers of the General Partner.

Notwithstanding the restrictions described in the foregoing clause (4), (i) any Restricted Subsidiary (other than Finance Corp.) may consolidate with, merge into or dispose of all or part of its properties and assets to the Company or (ii) the Company may consolidate or merge with or into a Subsidiary of the Company, in each case, without the Company being required to comply with the preceding clause (4) in connection with any such consolidation, merger or disposition.

Notwithstanding the second preceding paragraph, the Company is permitted to reorganize as any other form of entity in accordance with the following procedures, *provided that*:

1. the reorganization involves the conversion (by merger, sale, contribution or exchange of assets or otherwise) of the Company into a form of entity other than a limited partnership formed under Delaware law;

2. the entity so formed by or resulting from such reorganization is an entity organized or existing under the laws of the United States, any state thereof or the District of Columbia;

3. the entity so formed by or resulting from such reorganization assumes all the obligations of the Company under the notes, the indenture and the registration rights agreement pursuant to agreements reasonably satisfactory to the trustee;

4. immediately after such reorganization no Default or Event of Default exists; and

5. such reorganization is not materially adverse to the Holders or Beneficial Owners of the notes (for purposes of this clause (5), a reorganization will not be considered materially adverse to the Holders or Beneficial Owners of the notes solely because the successor or survivor of such reorganization (a) is subject to federal or state income taxation as an entity or (b) is considered to be an includible corporation of an affiliated group of corporations within the meaning of Section 1504(b) of the Code or any similar state or local law).

Upon any consolidation or merger or any disposition of all or substantially all of the properties or assets of the Company in accordance with the foregoing, in which the Company is not the surviving entity, the surviving entity formed by such consolidation or into which the Company is merged or to which such disposition is made shall succeed to, and be substituted for, and may exercise every right and power of, the Company under the indenture and the notes and the registration rights agreement with the same effect as if such surviving entity had been named as such, and thereafter (except in the case of a lease of all or substantially all of the Company's properties or assets) the Company will be relieved of all obligations and covenants under the indenture and the notes.

Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve all or substantially all of the properties or assets of a Person.

Transactions with Affiliates

The Company will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Company (each, an *Affiliate Transaction*), unless:

1. the *Affiliate Transaction* is on terms, taken as a whole, that are no less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person; and

Table of Contents

2. the Company delivers to the trustee, with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$20.0 million, a resolution of the Board of Directors of the Company set forth in an officers' certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

1. any employment, severance, employee benefit, director or officer indemnification, equity award, equity option or equity appreciation or other compensation agreement or plan entered into by the Company or any of its Restricted Subsidiaries in the ordinary course of business and payments, awards, grants or issuances of securities pursuant thereto;
2. transactions between or among any of the Company and its Restricted Subsidiaries;
3. transactions with a Person that is an Affiliate of the Company solely because the Company owns, directly or through a Restricted Subsidiary, an Equity Interest in, or otherwise controls, such Person;
4. transactions effected in accordance with the terms of (a) agreements described in the offering memorandum dated November 12, 2010 for the notes originally issued upon original issuance on November 18, 2010 under the caption "Related Party Transactions" or in notes 3, 4 and 14 to our audited historical financial statements included in such offering memorandum, in each case, as such agreements are in effect on the date of the indenture, (b) any amendment or replacement of any of such agreements or (c) any agreements entered into after the date of the indenture that are similar to any of such agreements, so long as, in the case of clause (b) or (c), the terms of any such amendment or replacement agreement or future agreement are, on the whole no less advantageous to the Company, or no less favorable to the Holders, in any material respect than the agreement so amended or replaced or the similar agreement referred to in the preceding clause (a), respectively;
5. customary compensation, indemnification and other benefits made available to officers, directors or employees of the Company or a Restricted Subsidiary or Affiliate of the Company, including reimbursement or advancement of out-of-pocket expenses and provisions of officers' and directors' liability insurance;
6. sales of Equity Interests (other than Disqualified Stock) to Affiliates of the Company, or receipt by the Company of capital contributions from holders of its Equity Interests;
7. Permitted Investments or Restricted Payments that are permitted by the provisions of the indenture described above under the caption "Restricted Payments";
8. payments to the General Partner with respect to reimbursement for expenses in accordance with the Partnership Agreement as in effect on the date of the indenture and as it may be amended, modified or supplemented from time to time, so long as any such amendment, modification or supplement is no less favorable to the Company in any material respect than the agreement prior to such amendment, modification or supplement;
9. in the case of contracts for gathering, transporting, treating, processing, marketing, distributing, storing or otherwise handling Hydrocarbons, or activities or services reasonably related or ancillary thereto, or other operational contracts, any such contracts are entered into in the ordinary course of business on terms substantially similar to those contained in similar contracts entered into by the Company or any Restricted Subsidiary and third parties, or if neither the Company nor any Restricted Subsidiary has entered into a similar contract with a third party, then the terms are no less favorable than those available from third parties on an arm's-length basis;
10. (a) guarantees by the Company or any of its Restricted Subsidiaries of performance of obligations of Unrestricted Subsidiaries or Joint Ventures in the ordinary course of business, except for guarantees of Indebtedness in respect of borrowed money, and (b) pledges by the Company or any Restricted Subsidiary

of Capital Stock in Unrestricted Subsidiaries or Joint Ventures for the benefit of lenders or other creditors of Unrestricted Subsidiaries or Joint Ventures as contemplated by clause (9) of the definition of Permitted Liens with respect to clause (b) so long as any such transaction, if involving aggregate consideration in excess of \$20.0 million, has been approved by a majority of the disinterested members of the Board of Directors;

11. transactions between the Company and any Person, a director of which is also a director of the General Partner; *provided, however*, that such director abstains from voting as a director of the General Partner on any matter involving such other Person;

12. any transaction in which the Company or any of its Restricted Subsidiaries, as the case may be, delivers to the trustee a letter from an Independent Advisor stating that such transaction is fair to the Company or such Restricted Subsidiary from a financial point of view or that such transaction meets the requirements of the first paragraph of this covenant; and

13. the Restructuring Transaction.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of the Company may designate any Restricted Subsidiary of the Company to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary of the Company is designated as an Unrestricted Subsidiary, the aggregate fair market value of all outstanding Investments owned by the Company and its Restricted Subsidiaries in the Subsidiary properly designated will either be deemed to be an Investment made as of the time of the designation that will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption Restricted Payments or represent Permitted Investments, as determined by the Company. That designation will only be permitted if the Investment would be permitted at that time and if the Subsidiary so designated otherwise meets the definition of an Unrestricted Subsidiary.

The Board of Directors of the Company may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary, provided that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of the Company of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described above under the caption Incurrence of Indebtedness and Issuance of Preferred Stock, either as Permitted Debt or pursuant to the first paragraph thereof with the Fixed Charge Coverage Ratio, calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period, and (2) no Default or Event of Default would be in existence following such designation.

Additional Subsidiary Guarantees

If, after the date of the indenture, any Restricted Subsidiary of the Company that is not already a Guarantor guarantees any other Indebtedness of either of the Issuers or any other Guarantor which, when combined with any other Indebtedness for which such Restricted Subsidiary is an obligor or guarantor, is at least \$10.0 million in aggregate principal amount, then that Subsidiary will become a Guarantor by executing a supplemental indenture and delivering it to the trustee within 20 Business Days of the date on which it guaranteed or incurred such Indebtedness, as the case may be; *provided, however*, that the preceding shall not apply to Subsidiaries of the Company that have properly been designated as Unrestricted Subsidiaries in accordance with the indenture for so long as they continue to constitute Unrestricted Subsidiaries. Notwithstanding the preceding, any Subsidiary Guarantee of a Restricted Subsidiary that was incurred pursuant to this paragraph will be released in the circumstances under Subsidiary Guarantees.

Table of Contents

Sale and Leaseback Transactions

The Company will not, and will not permit any of its Restricted Subsidiaries to, enter into any Sale and Leaseback Transaction other than an Equipment Lease Transaction; *provided, however*, that the Company or any of its Restricted Subsidiaries may enter into a Sale and Leaseback Transaction if:

1. the Company or that Restricted Subsidiary, as applicable, could have (a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such Sale and Leaseback Transaction under the Fixed Charge Coverage Ratio test in the first paragraph of the covenant described above under the caption *Incurrence of Indebtedness and Issuance of Preferred Stock* and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption *Liens* ;
2. the gross cash proceeds of that Sale and Leaseback Transaction are at least equal to the fair market value, as determined in accordance with the definition of that term and set forth in an officers' certificate delivered to the trustee, of the property that is the subject of that Sale and Leaseback Transaction; and
3. the transfer of assets in that Sale and Leaseback Transaction is permitted by, and the Company applies the proceeds of such transaction in compliance with, the covenant described above under the caption *Repurchase at the Option of Holders* *Asset Sales*.

Business Activities

The Company will not, and will not permit any Restricted Subsidiary to, engage in any business other than a Permitted Business, except to such extent as would not be material to the Company and its Restricted Subsidiaries taken as a whole.

Finance Corp. may not incur Indebtedness unless (1) the Company is an obligor or a co-obligor or guarantor of such Indebtedness or (2) the net proceeds of such Indebtedness are loaned to the Company, used to acquire outstanding debt securities issued by the Company or used to repay Indebtedness of the Company as permitted under the covenant described under the caption *Incurrence of Indebtedness and Issuance of Preferred Stock*. Finance Corp. may not engage in any business not related directly or indirectly to obtaining money or arranging financing for the Company or its Restricted Subsidiaries.

Reports

Whether or not required by the Commission, so long as any notes are outstanding, the Company will file with the Commission for public availability within the time periods specified in the Commission's rules and regulations (unless the Commission will not accept such a filing), and, if the Commission will not accept such a filing, the Company will furnish to the trustee and, upon its prior request, to any of the Holders or Beneficial Owners of notes (by hard copy or internet access), within five Business Days of the date such filing would otherwise be required to be made with the Commission:

1. quarterly and annual financial and other information with respect to the Company and its Subsidiaries that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Company were required to file such Forms, prepared in all material respects in accordance with the rules and regulations applicable to such Forms, and, with respect to the annual information only, a report on the annual financial statements that would be required to be contained in a Form 10-K by the Company's certified independent accountants; and
2. all current reports that would be required to be filed with the Commission on Form 8-K if the Company were required to file such reports.

If the Company has designated any of its Subsidiaries as Unrestricted Subsidiaries (other than Unrestricted Subsidiaries that, when taken together with all other Unrestricted Subsidiaries, are *minor* within the meaning of Rule 3-10 of Regulation S-X, substituting 5% for 3% where applicable), then, the quarterly and annual financial

information required by the preceding paragraph will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, or in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of the Company and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Company.

In addition, the Company and the Guarantors have agreed that, for so long as any notes remain outstanding, at any time they are not required to file the reports required by the second preceding paragraph with the Commission they will furnish to the Holders and Beneficial Owners of the notes and to securities analysts and prospective investors in the notes, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

The Company will be deemed to have furnished to the Holders and Beneficial Owners of notes and securities analysts and prospective investors the reports referred to in clauses (1) and (2) of the first paragraph of this covenant or the information referred to in the third paragraph of this covenant if the Company has posted such reports or information on the Company Website and issued a press release in respect thereof. For purposes of this covenant, the term *Company Website* means the collection of web pages that may be accessed on the World Wide Web using the URL address <http://www.genesisenergy.com> or such other address as the Company may from time to time designate in writing to the Trustee.

Covenant Termination

If at any time (a) the rating assigned to the notes by S&P and Moody's is an Investment Grade Rating, (b) no Event of Default has occurred and is continuing under the indenture and (c) the Issuers have delivered to the trustee an officers' certificate certifying to the matters specified in clauses (a) and (b) of this sentence as of the date of such certificate, the Company and its Restricted Subsidiaries will no longer be subject to the provisions of the indenture described under the caption *Repurchase at the Option of Holders*, *Asset Sales* and the following provisions of the indenture described under the caption *Certain Covenants* :

Restricted Payments,

Incurrence of Indebtedness and Issuance of Preferred Stock,

Transactions with Affiliates,

Business Activities,

Designation of Restricted and Unrestricted Subsidiaries,

clause (4) of the first paragraph of *Merger, Consolidation or Sale of Assets*, and

However, the Company and its Restricted Subsidiaries will remain subject to the provisions of the indenture described above under the caption *Repurchase at the Option of Holders*, *Change of Control*, and the following provisions of the indenture described above under the caption *Certain Covenants* :

Liens,

Merger, Consolidation or Sale of Assets (other than clause (4) of the first paragraph of such covenant),

Events of Default and Remedies

Each of the following is an Event of Default :

1. default for 30 days in the payment when due of interest on the notes;
2. default in payment when due of the principal of, or premium, if any, on the notes;
3. failure by the Company to comply with the provisions described under the captions Escrow of Proceeds; Special Mandatory Redemption and Certain Covenants Merger, Consolidation or Sale of Assets ;
4. failure by the Company for 180 days after notice as provided below to comply with the provisions described under Certain Covenants Reports ;
5. failure by the Company for 60 days after notice as provided below to comply with any of its other agreements in the indenture (including the provisions described under the captions Repurchase at the Option of Holders Asset Sales and Repurchase at the Option of Holders Change of Control ;
6. default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries (or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries), whether such Indebtedness or guarantee now exists, or is created after the date of the indenture, if that default:
 - a. is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness (a Payment Default); or
 - b. results in the acceleration of such Indebtedness prior to its Stated Maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$20.0 million or more; *provided, however*, that if any such Payment Default is cured or waived or any such acceleration rescinded, or such Indebtedness is repaid, within a period of 60 days from the continuation of such Payment Default beyond the applicable grace period or the occurrence of such acceleration, as the case may be, such Event of Default and any consequential acceleration of the notes shall be automatically rescinded, so long as such rescission does not conflict with any judgment or decree;
7. failure by the Company or any of its Restricted Subsidiaries to pay final judgments aggregating in excess of \$20.0 million (to the extent not covered by insurance by a reputable and creditworthy insurer as to which the insurer has not disclaimed coverage), which judgments are not paid, discharged or stayed for a period of 60 days;
8. any Subsidiary Guarantee shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, shall deny or disaffirm its obligations under its Subsidiary Guarantee (other than, in any such case, by reason of release of a Guarantor in accordance with the terms of the indenture); and
9. certain events of bankruptcy, insolvency or reorganization described in the indenture with respect to Finance Corp., the Company or any of the Company's Restricted Subsidiaries that is a Significant Subsidiary or any group of its Restricted Subsidiaries that, taken as a whole, would constitute a Significant Subsidiary of the Company.

In the case of an Event of Default arising from certain events of bankruptcy, insolvency or reorganization described in the indenture, with respect to Finance Corp., the Company, any Restricted Subsidiary of the Company that is a Significant Subsidiary or any group of its Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary of the Company, all notes that are then outstanding will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the

Table of Contents

trustee or the Holders of at least 25% in principal amount of the notes (including any additional notes) that are then outstanding may declare all the notes to be due and payable immediately. However, a default under clauses (4) and (5) of this paragraph will not constitute an Event of Default until the trustee or the holders of 25% in principal amount of the notes (including any additional notes) that are then outstanding notify the Issuers in writing and, in the case of a notice given by the holders, the trustee of the default and the Issuers do not cure such default within the respective times specified in clauses (4) and (5) of this paragraph after receipt of such notice.

The indenture will provide that, at any time after a declaration of acceleration with respect to the notes as described in the preceding paragraph, the Holders of a majority in principal amount of the notes (including any additional notes) may rescind and cancel such declaration and its consequences if:

1. the rescission would not conflict with any judgment or decree;
2. all existing Events of Default have been cured or waived except nonpayment of principal or interest that has become due solely because of such acceleration;
3. to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due other than by such declaration of acceleration, has been paid; and
4. the Issuers have paid the trustee its reasonable compensation and reimbursed the trustee for its expenses, disbursements and advances.

No such rescission shall affect any subsequent Default or impair any right consequent thereto.

Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, Holders of a majority in principal amount of the notes (including any additional notes) that are then outstanding may direct the trustee in its exercise of any trust or power. The trustee may withhold notice of any continuing Default or Event of Default from Holders of the notes if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal of, or interest or premium, if any, on, the notes.

The Holders of a majority in principal amount of the notes (including any additional notes) that are then outstanding (including, without limitation, waivers obtained in connection with a purchase of, or tender offer or exchange offer for, notes) by notice to the trustee may on behalf of the Holders of all of the notes waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of principal of, or interest or premium, if any, on, the notes.

The Issuers are required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon any officer of the General Partner or Finance Corp. becoming aware of any Default or Event of Default, the Issuers are required to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Unitholders and No Recourse to General Partners

None of the General Partner or any director, officer, partner, employee, incorporator, manager or unitholder or other owner of Capital Stock of the General Partner, Issuers or any Guarantor, as such, will have any liability for any obligations of the Issuers or any Guarantor under the notes, the indenture or the Subsidiary Guarantees, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

The Issuers may, at their option and at any time, elect to have all of their obligations discharged with respect to the outstanding notes and all obligations of the Guarantors discharged with respect to their Subsidiary Guarantees (Legal Defeasance), except for:

1. the rights of Holders of outstanding notes to receive payments in respect of the principal of, and interest or premium, if any, on, such notes when such payments are due from the trust referred to below;
2. the Issuers' obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
3. the rights, powers, trusts, duties and immunities of the trustee, and the Issuers' obligations in connection therewith; and
4. the Legal Defeasance provisions of the indenture.

In addition, the Issuers may, at their option and at any time, elect to terminate their obligations under the caption Repurchase at the Option of Holders and under all of the covenants that are described under the caption Certain Covenants (other than the covenant described in the first paragraph under the caption Merger, Consolidation or Sale of Assets, except to the extent described below) and the operation of clause (3) through (8) under the caption Events of Default and Remedies and the limitations described in clause (4) of the first paragraph under the caption Merger, Consolidation or Sale of Assets (Covenant Defeasance) and thereafter any failure to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, insolvency or reorganization events) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the notes. If the Issuers exercise either their Legal Defeasance or Covenant Defeasance option, each Guarantor will be released and relieved of any obligations under its Subsidiary Guarantee and any security for the notes (other than the trust) will be released.

In order to exercise either Legal Defeasance or Covenant Defeasance:

1. the Issuers must irrevocably deposit with the trustee, in trust, for the benefit of the Holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, and interest and premium, if any, on, the outstanding notes on the date of fixed maturity or on the applicable redemption date, as the case may be, and the Issuers must specify whether the notes are being defeased to the date of fixed maturity or to a particular redemption date;
2. in the case of Legal Defeasance, the Issuers must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that:
 - a. the Issuers have received from, or there has been published by, the Internal Revenue Service a ruling; or
 - b. since the date of the indenture, there has been a change in the applicable federal income tax law.

in either case to the effect that, and based thereon such opinion of counsel will confirm that, the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred; *provided, however,* that such counsel may rely, as to matters of fact, on a certificate or certificates of officers of the General Partner;

3. in the case of Covenant Defeasance, the Issuers must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the Holders of the outstanding notes will not recognize

income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred; *provided, however*, that such counsel may rely, as to matters of fact, on a certificate or certificates of officers of the General Partner;

4. no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the incurrence of Indebtedness or other borrowing of funds, or the grant of Liens securing such Indebtedness or other borrowing, all or a portion of which are to be applied to such deposit);
5. such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which the Company or any of its Subsidiaries is a party or by which the company or any of its Subsidiaries is bound;
6. the Issuers must deliver to the trustee an officers' certificate stating that the deposit was not made by the Issuers with the intent of preferring the Holders of notes over the other creditors of the Issuers with the intent of defeating, hindering, delaying or defrauding creditors of the Issuers or others; and
7. the Issuers must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with; *provided, however*, that such counsel may rely, as to matters of fact, on a certificate or certificates of officers of the General Partner.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture or the notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the notes (including any additional notes) that are then outstanding issued under the indenture (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing default or compliance with any provision of the indenture or the notes may be waived with the consent of the Holders of a majority in principal amount of the notes (including any additional notes) that are then outstanding issued under the indenture including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes.

Without the consent of each Holder affected, an amendment, supplement or waiver may not (with respect to any notes held by a non-consenting Holder):

1. reduce the principal amount of notes whose Holders must consent to an amendment, supplement or waiver;
2. reduce the principal of or change the fixed maturity of any note or alter the provisions with respect to the redemption of the notes (other than provisions relating to the covenants described above under the caption "Repurchase at the Option of Holders");
3. reduce the rate of or change the time for payment of interest on any note;
4. waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on the notes (except a rescission of acceleration of the notes by the Holders of at least a majority in principal amount of the notes and a waiver of the payment default that resulted from such acceleration);
5. make any note payable in currency other than that stated in the notes;
6. make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of Holders of notes to receive payments of principal of, or interest or premium, if any, on the notes (other than payments required by one of the covenants described under the caption "Repurchase at the Option of Holders");

Table of Contents

7. waive a redemption payment with respect to any note (other than a payment required by one of the covenants described above under the caption "Repurchase at the Option of Holders");

8. release any Guarantor from any of its obligations under its Subsidiary Guarantee or the indenture, except in accordance with the terms of the indenture; or

9. make any change in the preceding amendment, supplement and waiver provisions.

Notwithstanding the preceding, without the consent of any Holder of notes, the Issuers, the Guarantors and the trustee may amend or supplement the indenture or the notes:

1. to cure any ambiguity, defect or inconsistency;

2. to provide for uncertificated notes in addition to or in place of certificated notes;

3. to provide for the assumption of an Issuer's obligations to Holders of notes in the case of a merger or consolidation or sale of all or substantially all of such Issuer's properties or assets;

4. to make any change that would provide any additional rights or benefits to the Holders of notes or that does not adversely affect the legal rights under the indenture of any such Holder or to conform the indenture to the offering memorandum dated November 12, 2010 for the notes issued upon original issuance on November 18, 2010;

5. to secure the notes or the Subsidiary Guarantees pursuant to the requirements of the covenant described above under the subheading "Certain Covenants - Liens";

6. to provide for the issuance of additional notes in accordance with the limitations set forth in the indenture;

7. to add any additional Guarantor or to evidence the release of any Guarantor from its Subsidiary Guarantee, in each case as provided in the indenture;

8. to comply with requirements of the Commission in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

9. to evidence or provide for the acceptance of appointment under the indenture of a successor trustee; or

10. to provide for the reorganization of the Company as any other form of entity in accordance with the third paragraph of "Certain Covenants - Merger, Consolidation or Sale of Assets."

Neither the Company nor any of its Subsidiaries shall, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Beneficial Owner or Holder of any notes for or as an inducement to any consent to any waiver, supplement or amendment of any terms or provisions of the indenture or the notes, unless such consideration is offered to be paid or agreed to be paid to all Beneficial Owners and Holders of the notes which so consent in the time frame set forth in solicitation documents relating to such consent.

The consent of the Holders is not necessary under the indenture to approve the particular form of any proposed amendment, supplement or waiver. It is sufficient if such consent approves the substance of the proposed amendment, supplement or waiver. After an amendment, supplement or waiver under the indenture becomes effective, the Company is required to mail to the Holders a notice briefly describing the amendment, supplement or waiver. However, the failure to give such notice, or any defect in the notice, will not impair or affect the validity of the amendment, supplement or waiver.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder (except as to surviving rights of registration of transfer or exchange of the notes and as otherwise specified in the indenture), when:

1. either:

a. all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to the Issuers, have been delivered to the trustee for cancellation; or

b. all notes that have not been delivered to the trustee for cancellation have become due and payable or will become due and payable within one year by reason of the mailing of a notice of redemption or otherwise and the Issuers or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the notes not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest to the date of fixed maturity or redemption;

2. no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit (other than a Default or Event of Default resulting from the incurrence of Indebtedness or other borrowing of funds, or the granting of Liens securing such Indebtedness or other borrowing of funds, all or a portion of which are to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which the Company or any of its Subsidiaries is a party or by which the Company or any of its Subsidiaries is bound;

3. the Issuers or any Guarantor has paid or caused to be paid all sums payable by it under the indenture; and

4. the Issuers have delivered irrevocable instructions to the trustee to apply the deposited money toward the payment of the notes at fixed maturity or the redemption date, as the case may be.

In addition, the Issuers must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied; *provided, however*, that such counsel may rely, as to matters of fact, on a certificate or certificates of officers of the General Partner.

Concerning the Trustee

If the trustee becomes a creditor of an Issuer or any Guarantor, the indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest (as defined in the Trust Indenture Act) after a Default has occurred and is continuing, it must eliminate such conflict within 90 days, apply to the Commission for permission to continue as trustee (if the indenture has been qualified under the Trust Indenture Act) or resign.

The Holders of a majority in principal amount of the notes that are then outstanding will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its powers, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any Holder of notes, unless such Holder has offered to the trustee security or indemnity satisfactory to it against any loss, liability or expense.

Book-Entry, Delivery and Form

The exchange notes initially will be represented by one or more permanent global notes in registered form without interest coupons (collectively, the Global Notes).

The Global Notes will be deposited upon issuance with the trustee as custodian for DTC, in New York, New York, and registered in the name of DTC's nominee, Cede & Co., in each case for credit to an account of a direct or indirect participant in DTC as described below. Beneficial interests in the Global Notes may be held through the Euroclear System (Euroclear) and Clearstream Banking, S.A. (Clearstream) (as indirect participants in DTC).

The Global Notes may be transferred, in whole but not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for notes in registered, certificated form (Certificated Notes) except in the limited circumstances described below. See Exchange of Global Notes for Certificated Notes.

In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the Participants) and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the Indirect Participants). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it:

1. upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the exchange agent with portions of the principal amount of the Global Notes; and

Table of Contents

2. ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants in such system. Euroclear and Clearstream may hold interests in the Global Notes on behalf of their participants through customers securities accounts in their respective names on the books of their depositories, which are Euroclear Bank S.A./N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems.

The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of beneficial interests in the Global Notes will not have notes registered in their names, will not receive physical delivery of Certificated Notes and will not be considered the registered owners or Holders thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered Holder under the indenture. Under the terms of the indenture, the Issuers, the Guarantors and the trustee will treat the Persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Issuers, the Guarantors, the trustee nor any agent of an Issuer or the trustee has or will have any responsibility or liability for:

1. any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
2. any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised us that its current practice, at the due date of any payment in respect of securities such as the notes, is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the notes as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or the Issuers. Neither the Issuers nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the notes, and the Issuers and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Table of Contents

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised us that it will take any action permitted to be taken by a Holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange the Global Notes for Certificated Notes, and to distribute such notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of the Issuers, the trustee or any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes in minimum denominations of \$2,000 and in integral multiples of \$1,000 in excess of \$2,000, if:

1. DTC (a) notifies the Issuers that it is unwilling or unable to continue as depository for the Global Note or (b) has ceased to be a clearing agency registered under the Exchange Act and in either event the Issuers fail to appoint a successor depository within 90 days; or
2. there has occurred and is continuing an Event of Default and DTC notifies the trustee of its decision to exchange the Global Note for Certificated Notes.

Beneficial interests in a Global Note may also be exchanged for Certificated Notes in the other limited circumstances permitted by the indenture, including if an Affiliate of ours acquires such interests. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note, except in the limited circumstances provided in the indenture.

Same-Day Settlement and Payment

The Issuers will make payments in respect of the notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by the Global Note Holder. The Issuers will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the Holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such Holder's registered address. The notes represented by the Global Notes are eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. We expect that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised us that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following general discussion summarizes certain U.S. federal income tax considerations that may be relevant to the exchange of outstanding notes for exchange notes and the ownership and disposition of the notes by holders who purchased notes for cash at their original issuance at their issue price (i.e. the first price at which a substantial amount of the notes is sold to the public, excluding sales to bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters or wholesalers). References to the outstanding notes in this section of the prospectus include solely the existing notes issued upon original issue on February 1, 2012 and references to the notes in this section of the prospectus include both the outstanding notes and the exchange notes, unless, in each case, the context otherwise requires. This discussion is based upon the Internal Revenue Code of 1986, or the Code, regulations of the Treasury Department, Internal Revenue Service, or the IRS, rulings and pronouncements, and judicial decisions now in effect, all of which are subject to change (possibly on a retroactive basis). We have not sought and will not seek any rulings or opinions from the IRS regarding the matters discussed below. There can be no assurance that the IRS will not take positions concerning the tax consequences of the purchase, exchange, ownership or disposition of the notes which are different from those discussed below.

This discussion is a summary for general information only and does not consider all aspects of U.S. federal income taxation that may be relevant to the purchase, exchange, ownership and disposition of the notes. In addition, this discussion is limited to the U.S. federal income tax consequences to initial holders who exchange outstanding notes for exchange notes in this exchange offer, and who hold the notes as capital assets (generally, property held for investment). It does not describe any tax consequences arising out of the tax laws of any state, local or foreign jurisdiction, any estate or gift tax consequences, or the U.S. federal income tax consequences to investors subject to special treatment under the U.S. federal income tax laws, such as:

dealers in securities or foreign currency;

tax-exempt entities;

banks;

thrifts;

regulated investment companies;

real estate investment trusts;

traders in securities that have elected the mark-to-market method of accounting for their securities;

insurance companies;

persons that hold notes as part of a straddle, a hedge or a conversion transaction or other risk reduction transaction;

persons liable for alternative minimum tax;

expatriates;

U.S. holders (defined below) that have a functional currency other than the U.S. dollar;

pass-through entities (e.g., partnerships) or investors who hold the notes through pass-through entities;

passive foreign investment companies; and

controlled foreign corporations.

If a partnership, including any entity or arrangement that is treated as a partnership for U.S. federal income tax purposes, is a beneficial owner of notes, the treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. If you are a partner in a partnership that is considering the exchange of outstanding notes for exchange notes, you should consult with your tax advisor.

Table of Contents

IF YOU ARE CONSIDERING EXCHANGING OUTSTANDING NOTES FOR EXCHANGE NOTES, WE URGE YOU TO PLEASE CONSULT YOUR TAX ADVISOR ABOUT THE PARTICULAR U.S. FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF THE EXCHANGE, OWNERSHIP AND DISPOSITION OF THE NOTES, AND THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO YOUR PARTICULAR SITUATION.

Exchange Offer

The exchange of outstanding notes for exchange notes pursuant to the exchange offer should not constitute a taxable event for United States federal income tax purposes. As a result, (1) a holder should not recognize a taxable gain or loss as a result of exchanging such holder's outstanding notes for exchange notes; (2) the holding period of the exchange notes should include the holding period of the outstanding notes exchanged therefor; and (3) the adjusted tax basis of the exchange notes should be the same as the adjusted tax basis of the outstanding notes exchanged therefor immediately before such exchange.

U.S. Holders

A U.S. holder is a beneficial owner of a note that, for U.S. federal income tax purposes, is:

an individual who is a citizen or resident of the United States;

a corporation, or other entity taxable as a corporation, that was created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate if its income is subject to U.S. federal income taxation, regardless of its source; or

a trust if a U.S. court is able to exercise primary supervision over administration of the trust and one or more United States persons have authority to control all substantial decisions of the trust, or if a trust has validly elected to continue to be treated as a domestic trust.

Pre-Issuance Accrued Interest

A portion of the offering price paid for the outstanding notes (which will be exchanged for exchange notes pursuant to the exchange offer) is attributable to the amount of unpaid interest on the outstanding notes that had accrued since December 15, 2011 (the Pre-Issuance Accrued Interest). Any Pre-Issuance Accrued Interest applicable to an outstanding note should carry over to the exchange note received in exchange therefor. Pre-Issuance Accrued Interest was included in the accrued interest that was paid on the exchange notes on June 15, 2012. For purposes of the rules governing original issue discount, we intend to treat the amount allocated to Pre-Issuance Accrued Interest as a non-taxable return of the Pre-Issuance Accrued Interest, and not as an amount payable on the exchange notes. Accordingly, the payment of Pre-Issuance Accrued Interest would not be treated as taxable interest income to a U.S. holder of the exchange notes and a U.S. holder's tax basis in the exchange notes would exclude the amount of Pre-Issuance Accrued Interest. U.S. holders should consult their own tax advisors concerning the treatment of the Pre-Issuance Accrued Interest on the exchange notes.

Taxation of interest

Stated interest on the notes (which should exclude the Pre-Issuance Accrued Interest described above) generally will be taxable to you as ordinary income:

when it accrues, if you use the accrual method of accounting for U.S. federal income tax purposes; or

Edgar Filing: GENESIS ENERGY LP - Form S-4

when you receive it, if you use the cash method of accounting for U.S. federal income tax purposes.
Certain debt instruments that provide for one or more contingent payments are subject to Treasury regulations governing contingent payment debt instruments. A payment is not treated as a contingent payment

Table of Contents

under these regulations if, as of the issue date of the debt instrument, the likelihood that such payment will be made is remote. In certain circumstances (see, the discussion under *Description of Exchange Notes* *Optional Redemption* and *Description of Exchange Notes* *Repurchase at the Option of Holders* *Change of Control*), we may pay amounts on the notes that are in excess of the stated interest or principal of the notes. We intend to take the position that the possibility that any such payment will be made is remote so that such possibility will not cause the notes to be treated as contingent payment debt instruments. Our determination that these contingencies are remote is binding on you unless you disclose your contrary position to the IRS in the manner that is required by applicable Treasury regulations. Our determination is not, however, binding on the IRS. It is possible that the IRS might take a different position from that described above, in which case the timing, character and amount of taxable income in respect of the notes may be different from that described herein.

Amortizable Bond Premium

Because the outstanding notes (which will be exchanged for exchange notes pursuant to the exchange offer) were purchased for an amount (which should exclude any amount attributable to the Pre-Issuance Accrued Interest) in excess of the amount payable at maturity of such outstanding notes, the U.S. holder is considered to have purchased the outstanding note with *amortizable bond premium* equal in amount to the excess of the U.S. holder's purchase price for such outstanding note over the amount payable at maturity of such outstanding note (or on an earlier call date if it would result in a smaller amortizable bond premium). Any bond premium applicable to an outstanding note should carry over to the exchange note received in exchange therefor. Generally, a U.S. holder may elect to amortize such bond premium as an offset to interest income, using a constant yield method. However, under the applicable Treasury Regulations, for purposes of calculating the amortization, it is assumed that we will exercise any redemption rights in a manner that maximizes the U.S. holder's yield to maturity and, consequently, such amortization may be reduced and/or deferred. If a U.S. holder makes such an election, the U.S. holder's tax basis in the exchange note will be reduced by the amount of the allowable amortization. If a U.S. holder does not elect to amortize bond premium, the premium will decrease the gain or increase the loss that such U.S. holder would otherwise recognize on a disposition of its exchange note. An election to amortize bond premium applies to all taxable debt obligations held during or after the taxable year for which the election is made and may be revoked only with the consent of the IRS. U.S. holders should consult their own tax advisors before making this election and regarding the calculation and amortization of any bond premium on the exchange note.

Sale or other disposition of notes

You generally must recognize taxable gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a note. The amount of your gain or loss equals the difference between the sum of the amount of cash plus the fair market value of all other property you receive for the note (to the extent such amount does not represent accrued but unpaid interest), minus your adjusted tax basis in the note. Your adjusted tax basis in a note generally will equal the amount paid for the note excluding any Pre-Issuance Accrued Interest, decreased by any amortized bond premium on the notes. Any such gain or loss on a taxable disposition of a note will generally constitute capital gain or loss. This capital gain or loss will be long-term capital gain or loss if at the time of the sale or other taxable disposition you have held the notes for more than one year. The deductibility of capital losses is subject to limitations.

Information reporting and backup withholding

Information reporting may apply to payments of interest on, or the proceeds of the sale or other disposition of, notes held by you, and backup withholding generally will apply unless you are an exempt recipient (such as a corporation) or you provide us or the appropriate intermediary with a taxpayer identification number, certified under penalties of perjury, and comply with certain certification procedures. U.S. backup withholding tax is not an additional tax. Any amount withheld under the backup withholding rules is allowable as a credit against your

Table of Contents

U.S. federal income tax liability, if any, and a refund may be obtained if the amounts withheld exceed your actual U.S. federal income tax liability and you provide the required information or appropriate claim form to the IRS.

New Legislation

A 3.8% Medicare tax will be imposed on certain investment income earned by individuals for taxable years beginning after December 31, 2012. For these purposes, net investment income generally includes interest on the notes and gain realized by a U.S. holder from a sale or other disposition of notes. The tax will be imposed on the lesser of (i) the U.S. holder's net income from all investments, and (ii) the amount by which the U.S. holder's adjusted gross income exceeds \$250,000 (if the U.S. holder is married and filing jointly) or \$200,000 (if the U.S. holder is unmarried).

Non-U.S. Holders

You are a non-U.S. holder for purposes of this discussion if you are a beneficial owner of notes and are for U.S. federal income tax purposes an individual, corporation, estate or trust that is not a U.S. holder.

Income and Withholding Tax on Payments on the Notes

Subject to the discussion of backup withholding below, you will generally not be subject to U.S. federal income or withholding tax on payments of interest on a note, provided that:

you are not:

an actual or constructive owner of 10% or more of our capital or profits interests; or

a controlled foreign corporation related (directly or indirectly) to us within the meaning of the Code;

such interest payments are not effectively connected with the conduct by you of a trade or business within the United States; and

we or our paying agent receives:

from you, a properly completed Form W-8BEN (or substitute Form W-8BEN or the appropriate successor form) signed under penalties of perjury, which provides your name and address and certifies that you are a non-U.S. holder; or

from a security clearing organization, bank or other financial institution that holds the notes in the ordinary course of its trade or business (a financial institution) on your behalf, certification under penalties of perjury that such a Form W-8BEN (or substitute Form W-8BEN or the appropriate successor form) has been received by it, or by another such financial institution, from you, and a copy of the Form W-8BEN (or substitute Form W-8BEN or the appropriate successor form) must be attached to such certification.

Special rules may apply to holders who hold notes through qualified intermediaries within the meaning of U.S. federal income tax laws.

If interest on a note is effectively connected with your conduct of a trade or business in the United States (and, if you are entitled to benefits under an applicable tax treaty, such interest is attributable to a permanent establishment or a fixed base maintained by you in the United States), then you will be exempt from U.S. withholding tax but will be subject to U.S. federal income tax on the interest on a net basis at the rates applicable to U.S. persons generally (and, if you are a corporate holder, such income may also be subject to a 30% branch profits tax or such lower rate as may be available under an applicable income tax treaty). If interest is subject to U.S. federal income tax on a net basis in

Edgar Filing: GENESIS ENERGY LP - Form S-4

accordance with the rules described in the preceding sentence, payments of such interest will not be subject to U.S. withholding tax so long as you provide us or our paying agent with a properly completed Form W-8ECI, signed under penalties of perjury.

Table of Contents

A non-U.S. holder that does not qualify for exemption from withholding under the preceding paragraphs generally will be subject to withholding of U.S. federal income tax at the rate of 30% (or lower applicable treaty rate) on payments of interest on the notes.

NON-U.S. HOLDERS SHOULD CONSULT THEIR TAX ADVISORS ABOUT ANY APPLICABLE INCOME TAX TREATIES, WHICH MAY PROVIDE FOR AN EXEMPTION FROM OR A LOWER RATE OF WITHHOLDING TAX, EXEMPTION FROM OR REDUCTION OF BRANCH PROFITS TAX, OR OTHER RULES DIFFERENT FROM THOSE DESCRIBED ABOVE.

Sale or other disposition of notes

Subject to the discussion of backup withholding below, any gain realized by you on the sale, exchange, redemption, retirement or other disposition of a note generally will not be subject to U.S. federal income or withholding tax, unless:

such gain is effectively connected with your conduct of a trade or business in the United States (and, if you are entitled to benefits under an applicable tax treaty, such gain is attributable to a permanent establishment or a fixed base maintained by you in the United States);

in the case of an amount which is attributable to interest, you do not meet the conditions for exemption from U.S. federal income or withholding tax, as described above; or

you are an individual who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are satisfied.

If the first bullet point applies, you generally will be subject to U.S. federal income tax with respect to such gain in the same manner as U.S. holders, as described above, unless an applicable income tax treaty provides otherwise. In addition, if you are a corporation, you may also be subject to the branch profits tax described above. If the third bullet point applies, you generally will be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty) on the amount by which your capital gains from U.S. sources exceed capital losses allocable to U.S. sources.

Information reporting and backup withholding

Payments to you of interest on a note, and amounts withheld from such payments, if any, generally will be required to be reported to the IRS and to you. U.S. backup withholding tax generally will not apply to payments of interest and principal on a note if you duly provide a certification as to your foreign status, or you otherwise establish an exemption, provided that we do not have actual knowledge or reason to know that you are a United States person.

Payment of the proceeds on the sale or other disposition of a note (including redemption or retirement) by you within the United States or conducted through certain U.S. intermediaries generally will not be subject to information reporting requirements and backup withholding provided you properly certify under penalties of perjury as to your foreign status and certain other conditions are met, or you otherwise establish an exemption.

We urge to consult your tax advisor regarding the application of information reporting and backup withholding to your particular situation, the availability of an exemption therefrom, and the procedure for obtaining such an exemption, if available. Any amount withheld under the backup withholding rules may be credited against your U.S. federal income tax liability and any excess may be refundable if the proper information is provided to the IRS. U.S. backup withholding tax is not an additional tax.

PLAN OF DISTRIBUTION

Based on interpretations by the staff of the Commission in no-action letters issued to third parties, we believe that you may transfer exchange notes issued under the exchange offer in exchange for the outstanding notes if:

you acquire the exchange notes in the ordinary course of your business; and

you are not engaged in, and do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of such exchange notes.

You may not participate in the exchange offer if you are:

an affiliate within the meaning of Rule 405 under the Securities Act of us or Genesis Energy Finance Corporation; or

a broker-dealer that acquired outstanding notes directly from us.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver this prospectus in connection with any resale of such exchange notes. To date, the staff of the Commission has taken the position that broker-dealers may fulfill their prospectus delivery requirements with respect to transactions involving an exchange of securities such as this exchange offer, other than a resale of an unsold allotment from the original sale of the outstanding notes, with this prospectus. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such outstanding notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period ending on the earlier of _____, 2012 and the date on which a broker-dealer is no longer required to deliver a prospectus in connection with market-making or other trading activities, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until such date, all dealers effecting transactions in exchange notes may be required to deliver this prospectus.

Any broker-dealer or holder using the exchange offer to participate in a distribution of the securities to be acquired in the exchange offer (1) could not, under Commission staff policy, rely on the position of the Commission staff enunciated in *Morgan Stanley and Co., Inc.* (available June 5, 1991) and *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the Commission staff's letter to *Shearman & Sterling* dated July 2, 1993, and similar no-action letters, and (2) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction and that such a secondary resale transaction should be covered by an effective registration statement containing the selling security holder information required by Item 507 or 508, as applicable, of Regulation S-K.

If you wish to exchange notes for your outstanding notes in the exchange offer, you will be required to make representations to us as described in Exchange Offer Procedures for Tendering Your Representations to Us in this prospectus. As indicated in the letter of transmittal, you will be deemed to have made these representations by tendering your outstanding notes in the exchange offer. In addition, if you are a broker-dealer who receives exchange notes for your own account in exchange for outstanding notes that were acquired by you as a result of market-making activities or other trading activities, you will be required to acknowledge, in the same manner, that you will deliver this prospectus in connection with any resale by you of such exchange notes.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions:

in the over-the-counter market;

Table of Contents

in negotiated transactions;

through the writing of options on the exchange notes; or

a combination of such methods of resale;
at market prices prevailing at the time of resale, at prices related to such prevailing market prices or at negotiated prices.

Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act. Each letter of transmittal states that by acknowledging that it will deliver and by delivering this prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Subject to certain exceptions, for a period ending on the earlier of _____, 2012 and the date on which a broker-dealer is no longer required to deliver a prospectus in connection with market-making or other trading activities, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents. We have agreed to pay all expenses incident to the exchange offer (including the reasonable expenses of one counsel for the holders of the outstanding notes) other than underwriting discounts and commissions and will indemnify the holders of the outstanding notes against certain liabilities, including liabilities under the Securities Act.

INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

The statements in this prospectus or incorporated by reference into this prospectus that are not historical information may be forward-looking statements as defined under federal law.

All statements, other than historical facts, included in this document that address activities, events or developments that we expect or anticipate will or may occur in the future, including things such as plans for growth of the business, future capital expenditures, competitive strengths, goals, references to future goals or intentions, and other such references are forward-looking statements. These forward-looking statements are identified as any statement that does not relate strictly to historical or current facts. INSTRUCTIONS

FORMING PART OF THE TERMS AND CONDITIONS OF THE EXCHANGE OFFER

1. Book-Entry Confirmations.

Any confirmation of a book-entry transfer to the Exchange Agent's account at DTC of Outstanding Notes tendered by book-entry transfer (a Book-Entry Confirmation), as well as an agent's message, and any other documents required by this Letter of Transmittal, must be received by the Exchange Agent at its address set forth herein prior to 5:00 P.M. New York City time on the Expiration Date.

2. Partial Tenders.

Tenders of Outstanding Notes will be accepted only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The entire principal amount of Outstanding Notes delivered to the Exchange Agent will be deemed to have been tendered unless otherwise communicated to the Exchange Agent. If the entire principal amount of all Outstanding Notes is not tendered, then Outstanding Notes for the principal amount of Outstanding Notes not tendered and Exchange Notes issued in exchange for any Outstanding Notes accepted will be delivered to the holder via the facilities of DTC promptly after the Outstanding Notes are accepted for exchange.

3. Validity of Tenders.

All questions as to the validity, form, eligibility (including time of receipt), acceptance, and withdrawal of tendered Outstanding Notes will be determined by the Company and Finance Corp. The Issuers reserve the absolute right to reject any or all tenders not in proper form or the acceptance for exchange of which may, in the opinion of counsel for the Issuers, be unlawful. The Issuers also reserve the absolute right to waive any of the conditions of the Exchange Offer or any defect or irregularity in the tender of any Outstanding Notes. The Issuers' interpretation of the terms and conditions of the Exchange Offer (including the instructions on this Letter of Transmittal) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Outstanding Notes must be cured within such time as the Issuers shall determine. Although the Issuers intend to notify holders of defects or irregularities with respect to tenders of Outstanding Notes, none of the Issuers, the Exchange Agent, nor any other person shall be under any duty to give notification of any defects or irregularities in tenders or incur any liability for failure to give such notification. Tenders of Outstanding Notes will not be deemed to have been made until such defects or irregularities have been cured or waived. Any Outstanding Notes received by the Exchange Agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the Exchange Agent to the tendering holders via the facilities of DTC, promptly following the Expiration Date.

Until _____, 2012 all dealers that effect transactions in the exchange notes, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriters with respect to their unsold allotments or subscriptions.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. *Indemnification of Directors and Officers.*
Genesis Energy, L.P.

Section 17-108 of the Delaware Revised Uniform Limited Partnership Act provides that, subject to such standards and restrictions, if any, as are set forth in its limited partnership agreement, a Delaware limited partnership may, and shall have the power to, indemnify and hold harmless any partner or other person from and against all claims and demands whatsoever. The partnership agreement of Genesis Energy, L.P. provides that Genesis Energy, L.P. will indemnify (to the fullest extent permitted by applicable law) certain persons (each, an Indemnitee) from and against any and all losses, claims, damages, liabilities, joint or several, expenses (including legal fees and expenses), judgments, fines, penalties, interest, settlements or other amounts incurred by such Indemnitee in connection with any claim, demand, action, suit or proceeding to which the Indemnitee is or was an actual or threatened party by reason or its status as an Indemnitee. This indemnity is available only if the Indemnitee acted in good faith, in a manner in which such Indemnitee believed to be in, or not opposed to, the best interests of Genesis and, with respect to any criminal proceeding, had no reasonable cause to believe its conduct was unlawful. Indemnitees include our general partner, any Departing Partner (as defined in the partnership agreement of Genesis Energy, L.P.), any affiliate of our general partner or any Departing Partner, any person who is or was a director, officer, employee, agent or trustee of our general partner or any Departing Partner or any affiliate of either (including Genesis Energy, L.P. and its subsidiaries), or any person who is or was serving at the request of our general partner, any Departing Partner, or any such affiliate as a director, officer, employee, member, partner, agent fiduciary or trustee of another person. Expenses subject to indemnity will be paid by the partnership to the Indemnitee in advance, subject to receipt of an undertaking by or on behalf of the Indemnitee to repay such amount if it is ultimately determined that the Indemnitee is not entitled to indemnification. Genesis Energy, L.P. will, to the extent commercially reasonable, purchase and maintain insurance on behalf of the Indemnitees, whether or not Genesis Energy, L.P. would have the power to indemnify such Indemnitees against liability under the partnership agreement.

Genesis Energy, L.P. has entered into indemnification agreements with the directors of its general partner. Those agreements provide, among other things, that Genesis Energy, L.P. will indemnify each director in the event that such director becomes a party or otherwise a participant in any action or proceeding on account of such director's service as a director (or service for another entity in any capacity at the request of our general partner or Genesis Energy, L.P.) to the fullest extent permitted by applicable law. Under each indemnification agreement, Genesis Energy, L.P. has agreed to pay, in advance of the final disposition of any such action or proceeding, expenses (including attorneys' fees) incurred by each director in defending or otherwise responding to such action or proceeding. The contractual rights to indemnification provided by the indemnification agreements are subject to the limitations and conditions specified in those agreements, and are in addition to any other rights the directors may have under our general partner's limited liability company agreement and the partnership agreement of Genesis Energy, L.P. (each as amended from time to time) and applicable law. Our general partner is party to each of those indemnification agreements. Genesis Energy, L.P. has joint and several liability with our general partner for all obligations owed to those directors under those indemnification agreements. Under the partnership agreement of Genesis Energy, L.P., it has agreed to reimburse and indemnify our general partner for all costs and expenses it incurs in connection with being general partner of Genesis Energy, L.P., including any costs and expenses related to indemnifying its directors.

Genesis Energy Finance Corporation

Section 145 of the Delaware General Corporation Law empowers a Delaware corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that such

Table of Contents

person is or was a director, officer, employee or agent of another corporation or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Similar indemnity is authorized for such persons against expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of any such threatened, pending or completed action or suit if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and provided further that (unless a court of competent jurisdiction otherwise provides) such person shall not have been adjudged liable to the corporation. Any such indemnification may be made only as authorized in each specific case upon a determination by the stockholders or disinterested directors or by independent legal counsel in a written opinion that indemnification is proper because the indemnitee has met the applicable standard of conduct.

Section 145 further authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise, against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would otherwise have the power to indemnify him under Section 145. Also, Article VIII of the certificate of incorporation and Article VIII of the bylaws of Genesis Energy Finance Corporation provide for the indemnification of directors and officers of the company and such directors and officers who serve at the request of the company as directors, officers, employees or agents of any other enterprise against certain liabilities under certain circumstances.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling our company as set forth above, we have been informed that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 21. Exhibits and Financial Statement Schedules.

(a) Exhibits:

Reference is made to the Index to Exhibits following the signature pages hereto, which Index to Exhibits is hereby incorporated into this item.

(b) Financial Statement Schedules:

None.

Item 22. Undertakings.

Each undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered

would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, each undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

Each undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Table of Contents

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of any registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of any registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

Each undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

Each undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
