Item 7.01. Regulation FD Disclosure.

On October 5, 2012, Broadridge Financial Solutions, Inc. (the Company) made available to its stockholders its fiscal year 2012 annual report to stockholders (the Annual Report) which included the Chief Executive Officer's letter to stockholders (the Letter to Stockholders). An excerpt from the Annual Report describing Significant Events of the Company's past fiscal year and the Letter to Stockholders are attached hereto as Exhibit 99.1.

With regard to statements in the excerpt from the Annual Report describing Significant Events and the Letter to Stockholders that include certain Non-GAAP financial measures, the fiscal year 2012 earnings and fiscal year 2013 earnings guidance measures are adjusted to exclude the impact of certain significant non-recurring events from our results presented in accordance with generally accepted accounting principles (GAAP). In addition, free cash flow is a Non-GAAP measure and is defined as cash flow from operating activities, less capital expenditures and software purchases and other adjustments.

The Company believes Non-GAAP information helps investors understand the effect of these non-recurring events on reported results and provides a better representation of our actual performance. These Non-GAAP measures are indicators that management uses to provide additional meaningful comparisons between current results and prior reported results, and as a basis for planning and forecasting for future periods.

Set forth below is a reconciliation of Non-GAAP measures to the comparable GAAP measures in the order of their reference in the attached excerpt from the Annual Report describing Significant Events and the Letter to Stockholders.
