**Item 2.05. Costs Associated with Exit or Disposal Activities.**

Energizer Holdings, Inc. ( Energizer or the Company ) is filing this Amendment No. 1 to Form 8-K in part to update information reported in Item 2.05 to the Current Report on Form 8-K filed November 8, 2012 (the Original 8-K ) regarding the timing and estimated amount or range of amounts to be incurred for each major type of cost associated with the Company s previously announced restructuring.

Except for the foregoing, this Amendment No. 1 does not amend the Original 8-K in any way and does not modify or update any other disclosures contained in the Original 8-K. This Amendment No. 1 supplements and does not supersede the Original 8-K. Accordingly, this Amendment No. 1 should be read in conjunction with the Original 8-K.

The Company currently anticipates that the timing of plant closures and streamlining efforts will be as follows:

Plant Closures:

Tampoi, Malaysia packaging facility by March 31, 2013

St. Albans, Vermont battery and lights facility by September 30, 2013

Maryville, Missouri battery facility by December 31, 2013

Efforts to Streamline Operations:

Asheboro, North Carolina battery facility by June 30, 2013

Walkerton, Canada packaging facility by December 31, 2013

China lights facility by June 30, 2014

The Company estimates one-time charges associated with these and other actions to be completed in connection with the previously announced restructuring to be approximately \$250 million, with \$175 million of that amount in cash charges and the other \$75 million of that amount in non-cash charges. The Company also anticipates that \$120 million to \$140 million of these one-time charges will occur in fiscal 2013. Additionally, the Company expects to incur additional incremental capital expenditures of approximately \$50 million, primarily in information technology. At this time, the Company is not able, in good faith, to make a determination of the estimated amount or range of amounts to be incurred for each major type of cost. The Company will file an amendment to this report upon the determination of such amounts.

We expect that a majority of the one-time charges associated with these initiatives are expected to be recorded within the next 12 to 18 months.

This Form 8-K contains forward-looking statements including without limitation those regarding Energizer s future business outlook, potential cost savings and the timing of any such savings, costs to achieve such savings, future investment in the business, actions required to obtain the savings detailed, the impact of cost savings on financial metrics, future earnings, future earnings per share, changes to operating metrics, business strategy, the timing or amount of capital expenditures, compensation practices and the timing of future announcements.
