In addition, CVR Energy also indirectly owns CVR Refining GP, LLC, the general partner of the Partnership (the General Partner), CVR Refining Holdings, LLC (CVR Refining Holdings), CVR Refining Holdings Sub, LLC (CVR Refining Holdings Sub) and Coffeyville Resources, LLC (Coffeyville Resources).

Initial Public Offering

On January 23, 2013, the Partnership completed its initial public offering (the Offering) of 24,000,000 common units representing limited partner interests (the Common Units) at a public offering price of \$25.00 per Common Unit. The 24,000,000 Common Units includes 4,000,000 Common Units sold to Icahn Enterprises Holdings L.P. (IEP Holdings). In connection with the Offering, the Partnership granted the underwriters a 30-day over-allotment option (the Option) for up to an additional 3,600,000 Common Units. On January 25, 2013, the representatives of the underwriters notified the Partnership of their exercise of the Option in full, the closing of which will take place on January 30, 2013. The net proceeds received from the underwriters' exercise of the Option will be distributed to CVR Refining Holdings. Following the issuance of 3,600,000 Common Units to the underwriters pursuant to the Option, CVR Energy will indirectly own approximately 81.3% of the Partnership's outstanding Common Units. In connection with the Offering, the Partnership and its operating subsidiaries entered into various intercompany agreements, as described below.

Registration Rights Agreement

On January 23, 2013, in connection with the closing of the Offering, the Partnership entered into a Registration Rights Agreement (the Registration Rights Agreement) with IEP Holdings, CVR Refining Holdings and CVR Refining Holdings Sub, pursuant to which the Partnership may be required to register the sale of Common Units held by IEP Holdings, CVR Refining Holdings and CVR Refining Holdings Sub. Under the Registration Rights Agreement, IEP Holdings, CVR Refining Holdings and CVR Refining Holdings Sub have the right to request that the Partnership register the sale of Common Units held by them on their behalf on six occasions, including requiring the Partnership to make available shelf registration statements permitting sales of Common Units into the market from time to time over an extended period, and requiring the Partnership to undertake a public or private offering and use the proceeds (net of underwriting or placement agency discounts, fees and commissions, as applicable) to redeem an equal number of Common Units from them. In addition, IEP Holdings, CVR Refining Holdings and CVR Refining Holdings Sub and their permitted transferees have the ability to exercise certain piggyback registration rights with respect to their securities if the Partnership elects to register any of its equity interests. The Registration Rights Agreement also includes provisions dealing with holdback agreements, indemnification and contribution, and allocation of expenses. All of the Partnership's Common Units held by IEP Holdings, CVR Refining Holdings and CVR Refining Holdings Sub and any permitted transferee will be entitled to these registration rights.

The foregoing description is qualified in its entirety by reference to the full text of the Registration Rights Agreement, which is attached as Exhibit 10.1 to this Current Report on Form 8-K and incorporated in this Item 1.01 by reference.

The Intercompany Credit Facility is for a term of six years and bears interest at a rate of LIBOR plus 3% per annum.

The Intercompany Credit Facility contains covenants that require the Partnership to, among other things, notify Coffeyville Resources of the occurrence of any default or event of default and provide Coffeyville Resources with information in respect of the Partnership's business and financial status as it may reasonably require, including, but not limited to, copies of the Partnership's unaudited quarterly financial statements and audited annual financial statements. In addition, the Intercompany Credit Facility contains customary events of default, including, among others, failure to pay any sum payable when due; the occurrence of a default of other indebtedness in excess of \$25.0 million; and the occurrence of an event that results in either (i) Coffeyville Resources no longer directly or indirectly controlling the General Partner, or (ii) Coffeyville Resources and its affiliates no longer owning a majority of the Partnership's equity interests.
