We will mail printed copies of the full set of proxy materials to the rest of our stockholders. If you receive the Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you follow the instructions contained on the Notice for requesting such materials. Table of Contents

If you hold your shares of common stock in street name you will receive a notice from your broker, bank or other nominee that includes instructions on how to vote your shares. Your broker, bank or other nominee will allow you to deliver your voting instructions via the internet and may also permit you to submit your voting instructions by telephone. In addition, you may request paper copies of our Proxy Statement and proxy card by following the instructions on the notice provided by your broker, bank or other nominee.

YOUR VOTE IS VERY IMPORTANT. You should submit your proxy even if you plan to attend the annual meeting. If you properly give your proxy and submit it to us in time to vote, the individuals named as your proxy holders will vote your shares as you have directed.

All shares entitled to vote and represented by properly submitted proxies received before the polls are closed at the annual meeting, and not revoked or superseded, will be voted at the annual meeting in accordance with the instructions indicated on those proxies.

If you submit a signed proxy card or submit your proxy by telephone or internet and do not specify how you want your shares voted, the proxy holder designated by the Company will vote your shares according to the recommendation of our board, as follows:

FOR the election of all of the director nominees; and

FOR ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending February 1, 2014 (which we refer to as fiscal 2013).

In their discretion, the proxy holders named in the proxy are authorized to vote on any other matters that may properly come before the annual meeting and at any continuation, postponement or adjournment of the annual meeting. As of the date of this Proxy Statement, our board does not know of any other items of business that will be presented for consideration at the annual meeting other than those described in this Proxy Statement.

Voting in Person

If you plan to attend the annual meeting and wish to vote in person, you will be given a ballot at the annual meeting. Please note that if your shares are held of record by a broker, bank or other nominee, and you decide to attend and vote at the annual meeting, your vote in person at the annual meeting will not be effective unless you present a legal proxy, issued in your name from your broker, bank or other nominee. Even if you plan to attend the annual meeting, we encourage you to submit your proxy to vote your shares in advance of the annual meeting.

Stockholders who wish to attend the annual meeting will be required to present verification of ownership of our common stock, such as a bank or brokerage firm account statement and will be required to present a valid government-issued picture identification, such as a driver's license or passport, to gain admittance to the annual meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the annual meeting.

How You May Revoke or Change Your Vote

As a stockholder of record, you have the power to revoke your proxy at any time before it is voted. A proxy may be revoked by a stockholder of record by:

delivering a written notice of revocation to our Secretary at or before the annual meeting;

presenting to our Secretary, at or before the annual meeting, a later dated proxy executed by the person who executed the prior proxy; or

attending the annual meeting and voting in person.

Table of Contents

Attendance at the annual meeting will not, by itself, revoke a proxy. Any written notice of revocation or delivery of a subsequent proxy by a stockholder of record may be sent to Tilly's, Inc., Attn: Secretary, 10 Whatney, Irvine, California, 92618, or hand delivered to our Secretary at or before the voting at the annual meeting.

If you hold your shares through a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your broker, bank or other nominee. If you wish to vote in person, you must obtain a legal proxy issued to you by your broker, bank or other nominee.

Quorum and Required Vote

The inspector of elections appointed for the annual meeting will tabulate votes cast by proxy or in person at the annual meeting. The inspector of elections will also determine whether or not a quorum is present. In order to constitute a quorum for the conduct of business at the annual meeting, the holders of a majority in voting power of the stock issued and outstanding and entitled to vote at the annual meeting must be present in person or represented by proxy. Shares that abstain from voting on any proposal, or that are represented by broker non-votes (as discussed below), will be treated as shares that are present and entitled to vote at the annual meeting for purposes of determining whether a quorum exists.

A broker holding shares of record for you is not entitled to vote on certain matters unless the broker receives voting instructions from you. Uninstructed shares, or broker non-votes, result when shares are held by a broker who has not received instructions from the beneficial owner on such matters and the broker has so notified us on a proxy form in accordance with industry practice or has otherwise advised us that the broker lacks voting authority.

Item No. 1: Election of Directors. Our Amended and Restated Bylaws provide for a plurality voting standard in the election of directors in uncontested elections, which are generally defined as elections in which the number of nominees does not exceed the number of directors to be elected at the meeting. In the election of directors, you may either vote for or withhold. Cumulative voting is not permitted. Under the plurality voting standard, the six nominees receiving the highest number of affirmative votes will be elected as directors to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified. Abstentions and broker non-votes will not count as a vote for or against a nominee's election and thus will have no effect in determining whether a director nominee has received a plurality of the votes cast.

Item No. 2: Ratification of Independent Registered Public Accounting Firm. The approval of Item No. 2, ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2013 requires the affirmative vote of a majority in voting power of shares present at the annual meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions on Item No. 2 will have the same effect as a vote against Item No. 2. The approval of Item No. 2 is a routine proposal on which a broker or other nominee is generally empowered to vote in the absence of voting instructions from the beneficial owner, so broker non-votes are unlikely to result from this proposal.

Costs of Solicitation

The total cost of this solicitation, including preparing, printing and mailing this Proxy Statement, will be borne by us. In addition to solicitation by mail, our officers and employees may solicit proxies by telephone, by facsimile or in person. We do not expect to use a proxy solicitor to assist in the solicitation of proxies. We will reimburse brokers, nominees, fiduciaries and other custodians for reasonable expenses incurred by them in sending proxy soliciting material to the beneficial owners of our common stock.

Table of Contents

A list of stockholders entitled to vote at the annual meeting will be available for examination by any stockholder for any purpose germane to the annual meeting during ordinary business hours at our corporate headquarters offices located at 10 Whatney, Irvine, California 92618 for the ten days prior to the annual meeting, and also at the annual meeting.

Confidentiality

It is our policy that all proxies, ballots and voting materials that identify the particular vote of a stockholder will be kept confidential, except in the following circumstances:

to allow the inspector of elections appointed for the annual meeting to certify the results of the vote;

as necessary to meet applicable legal requirements, including the pursuit or defense of a judicial action;

where we conclude in good faith that a bona fide dispute exists as to the authenticity of one or more proxies, ballots or votes, or as to the accuracy of the tabulation of such proxies, ballots or votes;

The Audit Committee of our board is responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. The Audit Committee has selected Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2013 and has further directed that management submit the selection of the independent registered public accounting firm for ratification by our stockholders at the annual meeting. Deloitte & Touche LLP has audited our financial statements since our fiscal year 2006 financial statements.

Although ratification by our stockholders is not a prerequisite to the Audit Committee's ability to select Deloitte & Touche LLP as our independent registered public accounting firm, the Audit Committee believes such ratification is advisable and in the best interests of our stockholders. Accordingly, stockholders are being requested to ratify, confirm and approve the selection of Deloitte & Touche LLP as our independent registered public accounting firm to conduct the annual audit of our consolidated financial statements for fiscal year 2013. If the stockholders do not ratify the selection of Deloitte & Touche LLP, the selection of our independent registered public accounting firm will be reconsidered by the Audit Committee; provided, however, the Audit Committee may select Deloitte & Touche LLP notwithstanding the failure of our stockholders to ratify its selection. If the appointment of Deloitte & Touche LLP is ratified, the Audit Committee will continue to conduct an ongoing review of Deloitte & Touche LLP's scope of engagement, pricing and work quality, among other factors, and will retain the right to replace Deloitte & Touche LLP at any time.

CORPORATE GOVERNANCE

Composition of the Board of Directors of Tilly's, Inc.

Our bylaws provide that our board of directors shall consist of at least one member, with the exact number of directors to be determined by resolution of our board of directors. Our board of directors currently consists of six members. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, with us, our senior management and our independent registered public accounting firm, our board of directors has determined that all but two of our directors, Messrs. Shaked and Griesemer, are independent directors under the applicable listing standards of the NYSE and the rules of the SEC. We expect that our independent directors will hold at least two executive sessions per year. Our board met six times during fiscal 2012. No director attended fewer than 75% of the aggregate of the total number of meetings held by our board and the total number of meetings held by all committees of our board on which such director served during fiscal 2012. The Company strongly encourages its directors to attend its annual meetings of stockholders.

Until the date all shares of our Class B common stock are converted to Class A common stock or otherwise cease to be outstanding, referred to as the Full Conversion Date, the members of our board of directors will be elected at annual meetings of the stockholders and hold office until the next annual meeting of the stockholders. Our Amended and Restated Certificate of Incorporation provides that on the Full Conversion Date, our board of directors will be divided into three classes to be comprised of the directors in office, with each class serving for a staggered three-year term. From the Full Conversion Date, Class I directors will serve an initial one-year term expiring at the first annual meeting of stockholders following the Full Conversion Date. Class II directors will serve an initial two-year term expiring at the second annual meeting of stockholders following the Full Conversion Date. Class III directors will serve an initial three-year term expiring at the third annual meeting of stockholders following the Full Conversion Date. Upon the expiration of the initial term of each class of directors, the directors in that class will be eligible to be elected for a new three-year term. Our directors will hold office until their successors have been elected and qualified or until their earlier death, resignation, disqualification or removal. Executive officers are appointed by and serve at the direction of our board of directors.

Committees of the Board of Directors

We currently have three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The charters of our standing board committees are available on our website, at www.tillys.com, in the Investor Relations section. The inclusion of our website address in this Proxy Statement does not include or incorporate by reference the information on our website into this Proxy Statement.

Audit Committee

Our Audit Committee consists of Messrs. Johnson (Chairperson), Collier and Zeichner. Our board of directors has determined that each member of the Audit Committee meets the financial literacy and experience requirements of the applicable SEC and NYSE rules. In addition, our board of directors has determined that Messrs. Collier and Johnson both qualify as an audit committee financial expert under the rules and regulations of the SEC and each are independent under applicable rules of the NYSE. Our independent auditors and our internal finance personnel regularly meet privately with, and have unrestricted access to, our Audit Committee. The Audit Committee met twelve times during fiscal 2012.

Our Audit Committee charter requires that the Audit Committee oversee our corporate accounting and financial reporting processes. The primary duties of our Audit Committee are to, among other things:

evaluate our independent registered accounting firm's qualifications, independence and performance;

Table of Contents

determine the engagement and compensation of our independent registered accounting firm;

approve the retention of our independent registered accounting firm to perform any proposed, permissible non-audit services;

monitor the rotation of partners and managers of the independent registered accounting firm on our engagement team as required;

review our consolidated financial statements;

review our critical accounting policies and estimates;

meet periodically with our management and internal audit team to consider the adequacy of our internal controls and the objectivity of our financial reporting;

establish procedures for the receipt, retention and treatment of complaints regarding internal accounting controls or auditing matters and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters;

review on an ongoing basis and approve related party transactions, as defined in SEC and NYSE rules;

prepare the reports required by the rules of the SEC to be included in our annual proxy statement; and

discuss with our management and our independent registered accounting firm the results of our annual audit and the review of our quarterly consolidated financial statements.

Compensation Committee

Our Compensation Committee consists of Messrs. Zeichner (Chairperson) and Collier, and Ms. Kerr. Our board of directors has determined that each of these directors qualifies as a non-employee director and an outside director for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and Section 162(m) of the Code, respectively. The Compensation Committee met four times during fiscal 2012. The primary duties of the Compensation Committee are to, among other things:

establish overall employee compensation policies and recommend to our board of directors major compensation programs;

review and approve the compensation of our corporate officers and directors, including salary and bonus awards;

administer our various employee benefit, cash and equity incentive programs;

review and approve any officer employment agreement and severance arrangement; and

Edgar Filing: TILLY'S, INC. - Form DEF 14A

prepare an annual report on executive compensation for inclusion in our proxy statement.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee consists of Ms. Kerr (Chairperson), and Messrs. Collier and Johnson. The Nominating and Corporate Governance Committee met five times during fiscal 2012. The primary duties of the Nominating and Corporate Governance Committee are to, among other things:

establish standards for service on our board of directors and nominating guidelines and principles;

identify individuals qualified to become members of our board of directors and recommend director candidates for election to our board of directors;

consider and make recommendations to our board of directors regarding its size and composition, committee composition and structure and procedures affecting directors;

Table of Contents

establish policies regarding the consideration of any director candidates recommended by our stockholders, and the procedures to be followed by the stockholders in submitting such recommendations;

evaluate and review the performance of existing directors;

review executive officer and director indemnification and insurance matters;

evaluate and review the company's enterprise risk management policy and risk exposure; and

monitor our corporate governance principles and practices and make recommendations to our board of directors regarding governance matters, including our Amended and Restated Certificate of Incorporation, Bylaws and charters of our committees.

While the Nominating and Corporate Governance Committee does not have any specific, minimum qualifications for board nominees, in considering possible candidates for election as a director, the committee strives to compose a board with a collection of complementary skills and which, as a group, will possess the appropriate skills and experience to effectively oversee the Company's business. In evaluating a potential candidate for our board of directors, our Nominating and Corporate Governance Committee takes into account a number of factors, including: personal and professional integrity; ethics and values; experience in corporate management, such as current or past service as an officer of a publicly held company; and a general understanding of marketing, finance, and other elements relevant to the success of a publicly traded company; experience in the Company's industry; experience as a board member of another publicly held company; academic expertise in an area of the Company's operations; and practical and mature business judgment, including the ability to make independent analytical inquiries. Although diversity may be a consideration in the Nominating and Corporate Governance Committee's process, the committee does not have a formal policy regarding the consideration of diversity in identifying director nominees. The Nominating and Corporate Governance Committee will review the qualifications and backgrounds of directors and nominees (without regard to whether a nominee has been recommended by a stockholder), as well as the overall composition of our board of directors, and recommend the slate of directors to be nominated for election at the next annual meeting of stockholders. The Nominating and Corporate Governance Committee does not currently employ or pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential director nominees.

If our board of directors determines to seek additional directors for nomination, the Nominating and Corporate Governance Committee will consider as potential director nominees candidates recommended by various sources, including any member of our board of directors or senior management. The Nominating and Corporate Governance Committee may also retain a third-party search firm to identify candidates. The committee also considers recommendations for nominees that are timely submitted by stockholders if such recommendations are delivered in the manner prescribed by the advance notice provisions contained in our bylaws. In addition to satisfying the timing, ownership and other requirements specified in our bylaws, a stockholder's notice must set forth as to each person whom the stockholder proposes to recommend all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, pursuant to Regulation 14A under the Exchange Act and our bylaws (including such person's written consent to being named in the proxy statement as a nominee and to serve as a director if elected). Properly communicated stockholder recommendations will be considered in the same manner as recommendations received from other sources.

Other Committees

Our board of directors may establish other committees as it deems necessary or appropriate from time to time.

Risk Oversight

Our board of directors has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. Management is responsible for the Company's day-to-day risk management activities. The Company, through its internal auditor, has established an enterprise risk framework for identifying, aggregating, quantifying and evaluating risk across the enterprise. The review of risk management is a periodic agenda item for the Nominating and Corporate Governance Committee.

Our other board committees also consider and address risk as they perform their committee responsibilities. For example, our Compensation Committee discusses and reviews compensation arrangements for the Company's executive officers to avoid incentives that would promote excessive risk-taking that reasonably would have a material adverse effect on the Company (see Compensation Risk Management), and the Nominating and Corporate Governance Committee oversees risks associated with operations of the board and its governance structure. In addition, at each regular Audit Committee meeting the Company's General Counsel reports on significant litigation, regulatory, public policy and other legal risks that may affect the Company. Our entire board monitors risks through regular reports from each of the committee chairs and members of management, and is apprised of particular risk management matters in connection with its general oversight and approval of corporate matters. We believe the division of risk management responsibilities described above is an effective approach for evaluating and addressing the risks facing the Company and that our board leadership structure supports this approach because it allows our independent directors, through the independent board committees, to exercise effective oversight of the actions of management.

Communication with the Board of Directors

Our annual meeting of stockholders provides an opportunity for stockholders to ask questions of, or otherwise communicate directly with, members of the board of directors on appropriate matters. In addition, stockholders may communicate in writing with our Executive Chairman or to our non-employee directors by sending such written communication to our Secretary at Tilly's, Inc., Attn: Secretary, 10 Whatney, Irvine, California 92618. Copies of written communications received at such address will be provided to the board of directors or the relevant director unless such communications are considered, in the reasonable judgment of our Secretary, to be inappropriate for submission to the intended recipient(s). Examples of stockholder communications that would be considered inappropriate for submission to the board of directors include, without limitation, customer complaints, solicitations, communications that do not relate directly or indirectly to our business or communications that relate to improper or irrelevant topics. The Secretary may analyze and prepare a response to the information contained in communications received and may deliver a copy of the communication to other Company staff members or agents who are responsible for analyzing or responding to complaints or requests.

Code of Ethics and Business Conduct

We have adopted a code of ethics and business conduct, which applies to all of our employees, executive officers and directors. Our code of ethics and business conduct is available on our website, at www.tillys.com, in the Investor Relations section. We will disclose future amendments to certain provisions of our code of ethics and business conduct, or waivers of such provisions, applicable to our directors and executive officers, at the same location on our website identified above.

Compensation Committee Interlocks and Insider Participation

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section discusses the material elements of the compensation programs and policies in place for our named executive officers, or NEOs, during fiscal year 2012. For fiscal year 2012, we had five NEOs, as follows:

Hezy Shaked, our Co-Founder, Executive Chairman of the Board of Directors and Chief Strategy Officer;

Daniel Griesemer, our President and Chief Executive Officer;

Bill Langsdorf, our Senior Vice President and Chief Financial Officer;

Debbie Anker-Morris, our Vice President and General Merchandising Manager; and

Craig DeMerit, our Vice President, Chief Information Officer and Chief Operating Officer.

Specifically, this section provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program and each compensation component that we provide. Each of the key elements of our executive compensation program is discussed in more detail below. Our compensation programs are designed to be flexible and complementary and to collectively serve the principles and objectives of our executive compensation and benefits program.

Role of our Compensation Committee and President and Chief Executive Officer in Compensation Decisions

Our Compensation Committee reviews and approves the future compensation of our NEOs and oversees and administers our executive compensation programs and policies. As we gain experience as a public company, we expect that the specific direction, emphasis and components of our executive compensation program will continue to evolve. Accordingly, the compensation paid to our NEOs for fiscal year 2012 is not necessarily indicative of how we will compensate our NEOs going forward.

The Compensation Committee annually reviews and meets outside the presence of all of our executive officers, including our NEOs, to consider appropriate compensation for our President and Chief Executive Officer. Our President and Chief Executive Officer review annually each of the other NEO's performance with the Compensation Committee and recommends appropriate compensation levels, which the Compensation Committee takes into account as one factor in its determinations regarding executive compensation. In addition, Mr. Shaked, given his tenure with the company and his role in shaping compensation historically, continues to have a purely advisory role in discussions with the Compensation Committee with respect to NEO compensation. In the context of such annual reviews and further periodic reviews as deemed necessary, in addition to a review of other factors discussed below, the Compensation Committee assesses the proper mix of base salary, cash incentive awards and grants of long-term equity incentive awards, levels of compensation and appropriate individual and corporate performance metrics in furtherance of the objectives and principles described below.

Our Compensation Committee may consider additional factors in determining executive compensation, including, comparing our executives compensation against executive compensation at a peer group of comparable companies. In furtherance of this objective, we previously engaged J. Richard & Co., an independent executive compensation and consulting firm, to advise management in its efforts to construct, from publicly available data, a peer group of companies to be used for compensation purposes in preparation for our initial public offering in May 2012, and to provide market compensation data on such peer group companies, supplemented by survey data, as appropriate, and general market trends and developments. Management used the information provided by J. Richard & Co. and other resources and tools to develop compensation recommendations presented to our Compensation Committee for fiscal 2012. The Compensation Committee believes that there was no conflict of interest between J. Richard & Co. and the Compensation Committee during the 2012 fiscal year.

Compensation Philosophy and Objectives

Our Compensation Committee strives to create an executive compensation program that balances short-term versus long-term payments and awards, cash payments versus equity awards and fixed versus contingent payments and awards in ways that we believe are most appropriate to motivate our executive officers. Our philosophy is that executive compensation should be competitive in the marketplace in which we compete for executive talent, and structured to emphasize incentive-based compensation as determined by the achievement of both company and individual performance objectives. The retail industry is extremely competitive and in order to continue to succeed we believe we need a highly talented and seasoned team of sales, marketing, buying, financial and other business professionals. We recognize that our ability to attract and retain these professionals, as well as to grow our organization, largely depends on how we compensate and reward our employees.

The goals of our executive compensation program are to:

attract and retain talented and experienced executives in our industry;

motivate and reward executives whose knowledge, skills and performance are critical to our success;

align compensation incentives with our business and financial objectives and the long-term interests of our stockholders;

foster a shared commitment among executives by aligning their individual goals with the goals of the executive management team and our company; and

ensure that our total compensation is fair, reasonable and competitive.

Elements of 2012 Compensation

During fiscal year 2012, our NEOs' total direct compensation, which was determined by our Compensation Committee, included both fixed components (base salary, other executive benefits and perquisites) and variable components (annual incentive cash bonuses and stock option grants). The following describes each component of compensation, the rationale for that component and how the compensation amounts were determined.

Base Salary

Base salaries historically have been the most heavily weighted component of compensation for our executive officers as a percentage of total compensation, and this remained true in fiscal year 2012. Base salary levels are designed to be competitive in order to induce talented executives to join our company. In addition, base salaries support our retention objective by providing our executive officers with steady cash flow during the course of the fiscal year that is not contingent on short-term variations in our corporate performance.

The base salary established for each of our NEOs is intended to reflect each individual's professional responsibilities, the skills and experience required for the job, their individual performance, the performance of our business, labor market conditions and competitive market salary levels.

Base salary levels for our NEOs in fiscal year 2012 were determined by our Compensation Committee as part of its annual review process, and were set as follows:

Mr. Shaked: \$400,000, which was approximately 37.5% lower than the base salary he received in fiscal year 2011 as a result of the completion of Mr. Shaked's executive management transition to our Chief Executive Officer Daniel Griesemer, and focusing his efforts as Chief Strategy Officer as part of our becoming a publicly traded company;

Mr. Griesemer: \$700,000, which was the base salary he received in fiscal 2011;

Table of Contents

Mr. Langsdorf: \$375,000, which was approximately 5% higher than the base salary he received in fiscal 2011;

Ms. Anker-Morris: \$325,000, which was approximately 10.2% higher than the base salary she received in fiscal year 2011; and

Mr. DeMerit: \$280,000, which was approximately 3.7% higher than the base salary he received in fiscal year 2011.

The base salary increases for Ms. Anker-Morris, and Messrs. Langsdorf and DeMerit were, in part, designed to reward these executives for their management activities during the 2011 fiscal year and to maintain their level of income with respect to cost of living increases.

Annual Incentive Cash Bonus

In March 2012, our Compensation Committee approved an incentive cash bonus plan for certain employees, including our NEOs. For fiscal 2012, the committee approved performance measures of operating income and comparable store sales increase, as described below. The committee selected these performance measures because it believes that achieving the target operating income and the target comparable store sales increase would generate significant stockholder returns. Consistent with his offer letter, our chief executive officer's bonus was determined based on achievement of operating income. No payouts were made until audited financial results were received, reviewed and approved by the Audit Committee after our fiscal year end.

For each of the performance measures of operating income and comparable store sales increase, the Compensation Committee established minimum performance, target performance and maximum target thresholds for the NEOs. The minimum performance threshold related to a minimum acceptable level of financial performance. Each succeeding threshold was designed to reward the NEOs based upon the improved financial performance of the business. The target threshold was the company's goal. The maximum threshold would pay out a higher percentage of base salary, which was designed as a stretch challenge. The Compensation Committee believed these goals would not be easily achieved. The following table shows the performance thresholds for each measure for fiscal 2012:

	Performance Threshold		
	Minimum	Target	Maximum
Comparable store sales growth	5.3%	8.2%	12.5%
Operating income, excluding stock-based compensation expense (in millions)	\$ 37.9	\$ 44.6	\$ 53.5

The following table represents the percentage of the respective NEO's base salary that will be earned upon achievement of the performance thresholds. The incentive cash bonus amount increases in a linear manner between the minimum threshold and the target threshold and between the target threshold and the maximum threshold.

	Executive Chairman/CSO and CEO/President			
	SVP/CFO	VP/GMM	VP/ CIO/COO	
Minimum threshold	0%	0%	0%	0%
Target threshold	100%	50%	40%	40%
Maximum threshold	200%	100%	80%	80%

Table of Contents

The Compensation Committee weighted operating income 75% and comparable store sales increase 25% in the structure of the cash incentive bonus, except for our Chief Executive Officer as described above. Therefore, for each performance threshold achieved, the calculation of the incentive cash bonus earned is as follows:

Base Salary (\$) x Threshold Percentage x Weighted Percentage

	Incentive Cash Bonus Compensation Target	Incentive Cash Bonus Compensation Actually Paid
Hezy Shaked, Executive Chairman of the Board and Chief Strategy Officer	\$ 460,000	\$ 158,679
Daniel Griesemer, President and Chief Executive Officer	\$ 700,000	\$ 321,957
Bill Langsdorf, Senior Vice President and Chief Financial Officer	\$ 187,500	\$ 64,679
Debbie Anker-Morris, Vice President and General Merchandising Manager	\$ 130,000	\$ 44,844
Craig DeMerit, Vice President, Chief Information Officer and Chief Operating Officer	\$ 112,000	\$ 38,635

Long-Term Equity-Based Compensation

We believe that long-term equity-based compensation is an important component of our executive compensation program. In addition, providing a portion of our NEOs' total compensation package in long-term equity-based compensation aligns the incentives of our executives with the interests of our stockholders and with our long-term corporate success.

In April 2012, our board of directors adopted the Tilly's 2012 Equity and Incentive Award Plan, or the 2012 Plan.

Upon completion of our initial public offering in May 2012, we made grants of stock options covering an aggregate of 650,500 shares of our common stock, including the following grants of stock options to certain of our NEOs. The exercise price of these stock options is equal to the initial offering price of \$15.50 per share of our common stock, and the options vest in equal annual installments over four years from the date of grant.

Executive	IPO Stock Option Grant
Daniel Griesemer	100,000
Bill Langsdorf	100,000
Debbie Anker-Morris	100,000
Craig DeMerit	50,000

These stock option grants were awarded to reflect the increased expectations in our NEOs once we became a public company, and to further align their interests with those of our stockholders.

Other Executive Benefits and Perquisites

In fiscal 2012, we provided Mr. Shaked with tax preparation services, and Mr. Griesemer received a car allowance and reimbursement of his relocation expenses. We provide the following benefits to our executive officers on the same basis as other eligible employees:

health insurance;

holidays and sick days; and

a 401(k) plan with matching contributions.

The vacation benefit for executive officers is determined on an individual basis. We believe these benefits are generally consistent with those offered by other companies in our industry.

Table of Contents*Retirement Savings*

We have established a 401(k) retirement savings plan for our employees, including the NEOs, who satisfy certain eligibility requirements. Under the 401(k) plan, eligible employees may elect to contribute pre-tax amounts, up to a statutorily prescribed limit, to the 401(k) plan. For 2012, the prescribed annual limit was \$17,000. In addition, the company matches a portion of pre-tax contributions on behalf of eligible employees, up to 6% of the individual's contribution. We believe that providing a vehicle for tax-preferred retirement savings through our 401(k) plan adds to the overall desirability of our executive compensation package and further incents our employees, including our NEOs, in accordance with our compensation policies.

Employment Agreements and Severance Benefits

The employment of our NEOs historically has been at will, and we did not have any employment agreements or other severance arrangements with our NEOs for fiscal year 2012, other than the offer letter agreement with Mr. Griesemer as discussed below. Mr. Langsdorf and Ms. Anker-Morris are parties to a Stock Option Grant Agreement in connection with stock option grants under our 2007 Plan that provides for certain severance benefits in the form of accelerated vesting of outstanding stock options, as described in further detail under the heading

Potential Payments Upon Termination or Change in Control.

Offer Letter With Daniel Griesemer

In January 2011, we entered into an offer letter with Mr. Griesemer related to our hiring of him as our President and Chief Executive Officer effective February 21, 2011, which includes certain provisions related to his compensation including severance benefits and change-in-control provisions. The compensation amounts and other terms of Mr. Griesemer's offer letter were highly individualized and resulted from arm's length negotiations and consideration of numerous factors as well as input from an independent third-party compensation consultant. Under the offer letter, Mr. Griesemer's annual base salary was set at \$700,000. Pursuant to the offer letter, Mr. Griesemer was granted stock options covering an aggregate of 400,000 shares of Class A common stock, as more fully discussed above under *Elements of 2012 Compensation Long-Term Equity-Based Compensation*. The offer letter also provides for participation in our existing employee benefit programs, plus an annual automobile allowance of \$18,000, a temporary housing allowance and the reimbursement of certain of his and his family's reasonable travel and moving expenses to relocate to the Orange County, California area during 2011. The offer letter also provides that Mr. Griesemer will be eligible to receive an annual incentive bonus, with a target of 100% of base salary and a maximum of 200% of base salary, based on performance metrics set by the Compensation Committee such as, but not limited to, budgeted operating income, pre-tax income or net income. Pursuant to the offer letter, Mr. Griesemer may not solicit any of our employees during the term of his employment and for one year following his date of termination.

In addition, under the terms of his offer letter, Mr. Griesemer is entitled to the following severance and change-in-control benefits:

Severance if his employment is terminated by us without Cause or by him for Good Reason, equal to:

accrued but unpaid base salary, including accrued but unused vacation time;

12 months of his base salary in effect at termination;

his annual incentive bonus for the most recently completed fiscal year, or if that year's bonus has already been paid, then the current year's annual incentive bonus based on the company's performance, pro-rated for the number of days employed during the year of termination;

one-year acceleration of vesting of any outstanding unvested stock option or other equity awards;

Edgar Filing: TILLY'S, INC. - Form DEF 14A

to the extent permitted, continuation of employee benefits for the earlier of 12 months following termination or until re-employed, or at the option of the company, one lump sum payment; and

90 days to exercise any unexercised and exercisable stock options, but in no event later than the expiration date of the stock options.

Severance, if his employment is terminated because of death or disability, equal to:

accrued but unpaid base salary, including accrued but unused vacation time;

12 months of his base salary in effect at termination;

his annual incentive bonus for the most recently completed fiscal year, or if that year's bonus has already been paid, then the current year's annual incentive bonus based on the company's performance, pro-rated for the number of days employed during the year of termination; and

to the extent permitted, continuation of employee benefits for 12 months following termination, to the extent permitted, or at the option of the company, one lump sum payment.

Severance, if his employment is terminated by us without Cause or by him for Good Reason upon a Change in Control, equal to:

accrued but unpaid base salary, including accrued but unused vacation time;

18 months of his base salary in effect at termination;

one and a half times his annual incentive bonus for the most recently completed fiscal year, or if that year's bonus has already been paid, then one and a half times the annual incentive bonus for the current year at the target rate;

full acceleration of vesting of any stock option or other equity grants; and

to the extent permitted, continuation of employee benefits for the earlier of 12 months following termination or until re-employed, or at the option of the company, one lump sum payment.

For purposes of the offer letter, Cause is defined as having:

been determined by a court of law to have committed any felony;

been convicted, or entered a plea of no contest, for violation of any criminal statute constituting a felony, provided that our board of directors reasonably determines that the continuation of his employment after such event would have an adverse impact on the operation or reputation of the company or its affiliates;

engaged in an act of fraud, theft, embezzlement, or misappropriation against the company;

Edgar Filing: TILLY'S, INC. - Form DEF 14A

committed one or more acts of gross negligence or willful misconduct, either within or outside the scope of his employment that has the effect of materially impairing the goodwill or business of the company or causing material damage to its property, goodwill or business, or would, if known, subject the company to public ridicule;

failed to materially perform the duties commonly associated with the position of President and Chief Executive Officer (continuing without cure for 10 days after receipt of written notice by him from our board of directors of the need to cure);

allowed the company's performance to be materially weaker than its competitors and the retail industry generally (as determined by our board of directors);

materially breached the company's Code of Ethics and Business Conduct or other written company policies;

breached the terms of his employment agreement, after we have provided him notice and given him a reasonable opportunity to cure;
or

failed to use reasonable efforts to relocate himself and his family to the Orange County, California area by September 15, 2011.

Table of Contents

For purposes of the offer letter, "Good Reason" is defined as:

a material diminution in his duties, responsibilities or authority as President and Chief Executive Officer of the company; or

the company failed to pay him material compensation or benefits that are required to be provided under his employment agreement. For purposes of the offer letter, "Change in Control" is defined as an event or series of related events where a person or group of persons acting in concert acquire direct or indirect beneficial ownership of more than 50% of the total combined voting power of the outstanding voting stock of the company or the corporation or corporations to which the assets of the company were transferred, as the case may be.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code

Generally, Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, disallows a tax deduction to any publicly held corporation for any individual remuneration in excess of \$1.0 million paid in any taxable year to its chief executive officer and each of its other named executive officers, other than its chief financial officer. However, remuneration in excess of \$1.0 million may be deducted if, among other things, it qualifies as "performance-based compensation" within the meaning of the Code.

At such time as Section 162(m) of the Code applies to us, we expect that, where reasonably practicable, the Compensation Committee may seek to qualify the compensation paid to our NEOs for the "performance-based compensation" exemption under Section 162(m) of the Code. As such, in approving the amount and form of compensation for our NEOs in the future, the Compensation Committee will consider all elements of the cost to us of providing such compensation, including the potential impact of Section 162(m) of the Code. The Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemption from the deductibility limit in Section 162(m) of the Code when it believes that such payments are appropriate to attract and retain executive talent.

Furthermore, we do not expect Section 162(m) of the Code to apply to awards under our 2012 Plan until the earliest to occur of our annual stockholders' meeting in 2016, a material modification of the 2012 Incentive Award Plan or exhaustion of the share supply under the 2012 Plan.

Section 280G of the Internal Revenue Code

Section 280G of the Code disallows a tax deduction with respect to excess parachute payments to certain executives of companies which undergo a change in control. In addition, Section 4999 of the Code imposes a 20% excise tax on the individual with respect to the excess parachute payment. Parachute payments are compensation linked to or triggered by a change in control and may include, but are not limited to, bonus payments, severance payments, certain fringe benefits, and payments and acceleration of vesting from long-term incentive plans including stock options and other equity-based compensation. Excess parachute payments are parachute payments that exceed a threshold determined under Section 280G of the Code based on the executive's prior compensation. In approving the compensation arrangements for our NEOs in the future, our Compensation Committee will consider all elements of the cost to us of providing such compensation, including the potential impact of Section 280G of the Code. However, our Compensation Committee may, in its judgment, authorize compensation arrangements that could give rise to loss of deductibility under Section 280G of the Code and the imposition of excise taxes under Section 4999 of the Code when it believes that such arrangements are appropriate to attract and retain executive talent.

ASC Topic 718

Accounting Standards Codification Topic 718, *Compensation - Stock Compensation* (ASC 718) requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock-based

Table of Contents

compensation are accounted for under ASC 718. The Compensation Committee regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to equity compensation awards. As accounting standards change, we may revise certain programs to appropriately align the cost of our equity awards with our overall executive compensation philosophy and objectives.

Section 409A of the Internal Revenue Code

Section 409A of the Code requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities, penalty taxes and interest on their vested compensation under such plans. Accordingly, as a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including our named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A of the Code.

Our board of directors or Compensation Committee may elect to adopt qualified or nonqualified benefit plans in the future if it determines that doing so is in our best interest.

Nonqualified Deferred Compensation

Our NEOs did not participate in or have account balances in nonqualified defined contribution plans or other nonqualified deferred compensation plans maintained by us during fiscal year 2012. Our board of directors or Compensation Committee may elect to provide our executive officers and other employees with nonqualified defined contribution or other nonqualified deferred compensation benefits in the future if it determines that doing so is in our best interest.

Table of Contents**Potential Payments Upon Termination or Change in Control**

The following table summarizes the potential payments to certain of our NEOs in four scenarios: (1) upon termination by us without cause or the executive's resignation for good reason apart from a change in control; (2) upon termination by us following the executive's permanent disability or as a result of the executive's death; (3) upon termination by us without cause or the executive's resignation for good reason upon a change in control; or (4) in the event of a change in control without a termination of employment. The amounts shown assume that such change in control and/or termination was effective as of February 1, 2013, the last business day of fiscal year 2012, and are only estimates of the amounts that would be paid to such executives. The actual amounts to be paid can be determined only at the time of such change in control or termination of employment.

- (1) The severance payment represents an amount equal to the sum of (a) Mr. Griesemer's then-current annual base salary for 12 months, paid as salary continuation during such period, and (b) Mr. Griesemer's incentive cash bonus for fiscal year 2012, prorated for the number of days he was employed during the fiscal year and paid in a lump sum.
- (2) The severance payment represents an amount equal to the sum of (a) Mr. Griesemer's then-current annual base salary for 18 months, paid as salary continuation during such period, and (b) Mr. Griesemer's incentive cash bonus for fiscal year 2012 multiplied by $\frac{1}{2}$, paid in a lump sum.
- (3) Represents the value of those stock options that would immediately vest as a result of Mr. Griesemer's termination. In the event of a termination of employment not in connection with a change in control, Mr. Griesemer is entitled to accelerated vesting of 125,000 unvested stock options that otherwise would have vested during the one year following such termination. In the event of a termination of employment in connection with a change in control, Mr. Griesemer is entitled to fully accelerated vesting of 400,000 unvested stock options.

Compensation Risk Management

In March 2013, management assessed our compensation design, policies and practices to determine whether any risks arising from our compensation design, policies and practices are reasonably likely to have a material adverse effect on us. The Compensation Committee reviewed and agreed with management's conclusion that our compensation policies and practices do not create such risks. In doing so, the Compensation Committee considered various features of our compensation policies and practices that discourage excessive or unnecessary risk taking, including but not limited to the following:

appropriate pay philosophy, peer group and other market comparability data, and market positioning to align with and support business objectives;

effective balance in the design of our compensation programs, including: (i) cash and equity pay mix, (ii) short-and longer-term performance focus, (iii) corporate, business unit, and individual performance focus and measurement; and (iv) financial and non-financial performance measurement together with top management and board discretion to manage pay appropriately; and

stock grant guidelines, stock ownership guidelines, an incentive plan clawback policy, and independent Compensation Committee oversight of our compensation policies and practices.

Stockholder Proposals for 2014 Annual Meeting

Our Amended and Restated Certificate of Incorporation contains an advance notice provision with respect to matters to be brought at an annual meeting of stockholders and not included in our Proxy Statement. Our Bylaws expand upon and supplement the advance notice provisions in our Amended and Restated Certificate of Incorporation. Pursuant to our Amended and Restated Certificate of Incorporation and Bylaws, only such business shall be conducted at an annual meeting of stockholders as is properly brought before the meeting. For business to be properly brought before our 2014 annual meeting of stockholders, in addition to any other applicable requirements, timely notice of the matter must be first given to our Secretary. To be timely, written notice must be received by our Secretary no later than March 14, 2014 (90 days before the one-year anniversary of our 2013 annual meeting) and no earlier than February 12, 2014 (120 days prior to the one-year anniversary of the 2013 annual meeting); provided, however, that if the date of the 2014 annual meeting is more than 30 days before or more than 60 days after such anniversary date, the notice must be received by our Secretary not later than the 90th day prior to such annual meeting or, if later, the tenth day following the day on which public disclosure of the date of such annual meeting was first made. While our board will consider proper stockholder proposals that are properly brought before the annual meeting, we reserve the right to omit from our 2014 proxy statement stockholder proposals that we are not required to include under the Exchange Act, including Rule 14a-8 thereunder.

Stockholder Nominations of Directors

Our Amended and Restated Certificate of Incorporation provides that any stockholder entitled to vote for the election of directors at a meeting of stockholders may nominate persons for election as directors only if timely written notice of such stockholder's intent to make such nomination is timely given in proper form to our Secretary, at Tilly's, Inc., Attn: Secretary, 10 Whatney, Irvine, California 92618. Submissions satisfying the required qualifications will be forwarded to the chairperson of the Nominating and Corporate Governance Committee or such other member of the Nominating and Corporate Governance Committee delegated to review and consider candidates for director nominees.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," is also permissible under the General Corporation Law of the State of Delaware and potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of banks and brokers with account holders who are our stockholders will be householding our proxy materials. A single Notice of Internet Availability of Proxy Materials or proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your bank or broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker or bank. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker or bank.
