Dear Fellow Stockholders:

It is my pleasure to invite you to attend our Annual Meeting of Stockholders. The meeting will be held on May 22, 2014, at 10:00 a.m. local time at the JW Marriott Cherry Creek, 150 Clayton Lane, Denver, CO 80206.

We have elected to take advantage of the Securities and Exchange Commission rules that allow companies to furnish proxy materials to their stockholders on the Internet. We believe that these rules allow us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of our annual meeting.

The business to be conducted at the meeting is set forth in the formal notice of annual meeting of stockholders and proxy statement that accompany this letter. At the meeting we will also report on the Company's performance and respond to questions.

Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote your shares electronically through the Internet, by telephone or, if you have requested and received a paper copy of the proxy statement, by completing, signing and returning the paper proxy card enclosed with the proxy statement. Table of Contents**EXECUTIVE COMPENSATION MATTERS (PAGE 21)**

We are requesting your non-binding vote to approve the compensation of our named executive officers as described on pages 21 through 46 of this proxy statement. The goals for our executive compensation program are to (i) attract, retain and motivate effective executive officers, (ii) align the interests of our executive officers with the interests of the Company and our stockholders, (iii) incentivize our executive officers based on clearly defined performance goals and measures of successful achievement, and (iv) closely align market competitive compensation with our short-term and long-term performance.

Our Compensation and Management Development Committee, which we refer to as the Compensation Committee, determines the form and amount of compensation, as well as the overall structure of our executive compensation program. The compensation of our named executive officers, who are identified in *Executive Compensation*, is comprised of a mix of base salary, short-term incentive compensation and long-term incentive compensation. The composition of our named executive officers' compensation is determined based on the consideration of a number of factors described in more detail *Executive Compensation Compensation Discussion and Analysis*, including a periodic review of relevant comparative market information.

Under our executive compensation program, as an executive officer's level of responsibility increases with his or her relative ability to impact the long term performance of the Company as a whole, a greater portion of that executive officer's compensation is based on performance-based incentive compensation, and less is based on base salary, thereby creating the potential for greater variability in the executive officer's compensation level from year to year. The mix, level and structure of the components of compensation generally reflect the executive officer's role and relative impact on business results as well as competitive market practices.

Our compensation policies and programs are built upon the strong foundation of corporate governance and compensation best practices, including:

WE DO:

- ii Provide a significant portion of our named executive officers' total compensation in the form of awards tied to our long-term strategy and our performance relative to key business and personal objectives and performance versus our peers.
- ii Require compliance with our Executive Stock Ownership Guidelines, which require that our executive officers own a specified number of shares of the Company's common stock.
- ii Have a Policy on Recoupment of Performance-Based Incentives, which applies to our executive officers, including our named executive officers, and their performance-based incentive compensation.
- ii Have a Compensation Committee comprised entirely of independent directors and the Compensation Committee has retained its own independent compensation advisor.
- ii Have a Compensation Committee that reviews external market considerations, as well as internal considerations and the long-term interests of our stockholders, when making compensation decisions.
- ii Have the ongoing consideration and oversight by the Compensation Committee with respect to any potential risks associated with our incentive compensation programs.

WE DO NOT:

- X Permit any Company personnel, including our named executive officers, to engage in any short-term, speculative securities transactions, engage in short sales, buying or selling put or call options, trading in options (other than those granted by the Company) and engaging in hedging transactions.
- X Permit purchasing securities on margin or pledging securities as collateral without prior approval.
- X Provide tax gross-ups for our named executive officers.
- X Have any employment agreements with our named executive officers.
- X Grant only time-vested restricted stock or options to our named executive officers, other than in limited circumstances such as the appointment of a new executive officer.
- X Time the grants of stock options, restricted stock and other equity awards to coordinate with the release of material non-public information, or time the release of material non-public information for the purpose of affecting the value of any named executive officer compensation.

Table of Contents

The key components of our named executive officers' compensation, base salary, short-term incentive compensation, and long-term incentive compensation, are described in more detail in the following table.

Compensation Component	Objectives Associated with the Compensation Component
Base Salary	Designed to reward individual effort associated with job-related duties and to attract and retain talented executive officers for our Company.
Short-Term Incentive Compensation	Designed to encourage outstanding individual and Company performance by motivating the named executive officers to achieve short-term Company and individual goals by rewarding performance measured against key annual strategic objectives and, for the CEO, using the independent directors' evaluation of his performance towards achieving short-term goals.
Long-Term Incentive Compensation	Our long-term incentive compensation is designed to foster significant ownership of our common stock by our management, to align the interests of our management with the creation of stockholder value and to motivate our management to achieve long-term growth and success of our Company.

APPROVAL OF THE AMENDED AND RESTATED 1999 LONG-TERM INCENTIVE PLAN (PAGE 51)

We are requesting that you approve the action of our board amending and restating the 1999 Long-Term Incentive Plan to:

increase the number of shares reserved for issuance under the Plan by 3,000,000 shares from 16,000,000 shares to 19,000,000 shares, subject to adjustment in the event of a corporate transaction (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares);

provide for cash-based awards; and

change the annual per person limit on awards other than stock options, stock appreciation rights and cash-based awards that are intended to constitute performance-based compensation under the Plan to 1,000,000 shares.

You are also being asked to expand the performance goals that may be used for performance-based awards. Finally, you are being asked to approve the material terms of the plan so that the Company will continue to have the ability to grant performance-based awards (in addition to stock options and stock appreciation rights) that are intended to be exempt from the \$1 million deductibility limit under Section 162(m) of the Internal Revenue Code.

A copy of the 1999 Long-Term Incentive Plan, as amended and restated, is attached to this proxy statement as Appendix A.

Identification and Selection of Nominees for Directors

The Governance Committee serves as our nominating committee. Our Governance Committee works closely with our Chief Executive Officer (CEO) and the Chairman of the Board (who currently serves as Chairman of the Governance Committee) in recommending to the board criteria for open board positions, taking into account such factors as the Governance Committee deems important, including, among others, the current composition of the board, the range of talents, experiences, expertise and skills that would complement those already represented on the board and those that would help achieve the Company's goals. In evaluating a nominee, the board, acting through our Governance Committee, will consider, among other things, whether a potential director nominee has the time available, in light of other business and personal commitments, to perform the responsibilities required for effective service on the board. The Governance Committee considers candidates that are suggested by members of the board, as well as management, our stockholders and any director search firm retained by the board or the Governance Committee, using the same criteria to evaluate all candidates.

The board believes its effectiveness is enhanced by being comprised of individuals with diverse backgrounds, skills and experience that are relevant to the role of the board and the needs of our business. Accordingly, the board, through the Governance Committee and in consultation with our CEO, will regularly review the changing needs of the business and the skills and experience resident in its members, with the intention that the board will be periodically renewed as certain directors rotate off and new directors are recruited. The board's commitment to diversity and renewal will be tempered by the need to balance change with continuity and experience. The board believes that its commitment in this regard has been effective in establishing a board that consists of members with diverse backgrounds, skills and experience that are relevant to the role of the board and the needs of the business, and the board will continue to monitor the effectiveness of these efforts as part of its periodic self-assessment process.

Once a potential director nominee has been identified, the Governance Committee, in consultation with the Chairman of the Board and our CEO, will evaluate the prospective nominee against the specific criteria that has been established, as well as the standards and qualifications contained in our Statement on Corporate Governance. If it is determined based upon a preliminary review that a candidate warrants further consideration, members of the board, as appropriate, will interview the prospective nominee. After completing this evaluation and interview process, the board makes the final determination as to whether to nominate or appoint the new director.

In addition to any other applicable requirements, Section 2.11 of our Amended and Restated Bylaws (as amended on May 12, 2011) sets forth the procedures and requirements relating to nominations of directors by stockholders. Any stockholder who wishes to recommend a prospective nominee for consideration at our 2015 annual meeting of stockholders must submit specified information, including the following, no sooner than November 10, 2014 and no later than December 10, 2014:

Biographical information about the candidate, including the name, age, business address and residence address of the person;

The principal occupation or employment of the candidate, as well as the candidate's previous and/or current memberships on all public company boards of directors;

The class and number of shares of our stock beneficially owned by the candidate, the date such shares were acquired and the investment intent of such acquisition;

Table of Contents

Information concerning bankruptcy filings, criminal convictions, and certain civil actions by the SEC or other regulatory agencies involving the candidate or his or her affiliates;

Information regarding any agreements, understandings or arrangements between the candidate and any other person or persons with respect to the candidate's nomination or our capital stock or business;

Any other information required to be disclosed about the candidate under the SEC's proxy rules (including the candidate's written consent to being named in the proxy statement and to serve as a director, if nominated and elected);

The names and addresses of the stockholder(s) recommending the candidate for consideration and the class and number of shares of our stock beneficially owned by each, as well as certain information regarding hedge transactions, derivative instruments and other arrangements entered into by such stockholder(s) and certain related persons; and

Information regarding compensation and other material relationships between or among the nominating stockholder(s), certain related persons, and the proposed candidate.

Each proposed candidate also must submit a written questionnaire, representation and agreement specifically addressing agreements, arrangements or understandings that the candidate has with certain other persons, including with respect to voting commitments and compensation, as well as a representation and agreement to comply with our applicable policies, codes and guidelines. Such information should be sent to the attention of our Corporate Secretary at 1745 Shea Center Drive, Suite 200, Highlands Ranch, Colorado 80129-1540.

Director Rotation and Retirement

Directors are elected annually to serve for a term until the next annual meeting of stockholders or until their successors are elected and qualified. The board does not impose arbitrary limits on the number of terms a director may serve. However, the Governance Committee will consider various criteria, including a director's contribution to the board, in determining whether or not to recommend a director for re-election. Employee directors are required to resign as a director after ceasing to be an employee, unless the board asks them to continue to serve. The Chairman will refer the resignation to the Governance Committee for review. The board will decide, in light of the circumstances and the recommendation of the Governance Committee, the date at which the resignation will become effective. A vacancy created by a director's retirement may be filled by a majority of the remaining directors in accordance with our bylaws. A director so appointed to fill the vacancy will stand for re-election at the first annual meeting of stockholders following that director's appointment to the board if recommended for re-election by the Governance Committee. In addition, the Company requires that directors tender their resignation when they change employment or other significant organizational affiliations. The board then decides, in light of the circumstances and the recommendation of the Governance Committee, whether to accept such resignation.

Director Independence

The board's policy is that a significant majority of its members should be independent directors (see our Statement on Corporate Governance, which is available on our website at www.udr.com). Each year the board affirmatively determines whether each director has any material relationship with the Company (directly, or as a partner, stockholder or officer of an organization that has such a relationship with the Company), as defined under the NYSE listing standards and the Company's director independence standards. The board has determined that all directors who served in 2013 and who are standing for election at the annual meeting are independent under both sets of standards, except Mr. Toomey, who is not independent because he is the Company's Chief Executive Officer and President. Additional information about each of the directors standing for election is set forth under Proposal No. 1 in this proxy statement. In making these independence determinations, the board considered information submitted by the directors in response to directors' questionnaires and information obtained from the Company's internal records.

Table of Contents

Director Responsibilities and Obligations

Our directors have specific responsibilities and obligations arising from their service on the board and the Committees of the board, as described in the table below:

Responsibilities of the

Board of Directors:

In addition to each director's basic duties of care and loyalty, the board has separate and specific obligations under our Statement on Corporate Governance. Among other things, these obligations require directors to effectively monitor management's capabilities, compensation, risk oversight, leadership and performance, without undermining management's ability to successfully operate the business. In addition, the board and the board's committees have the authority to retain outside legal, accounting or other advisors, as necessary, to carry out their responsibilities.

Director Education:

All directors are expected to be knowledgeable about the Company and its industry and to understand their duties and responsibilities as directors. The Company recognizes the importance of continuing education for directors and is committed to supporting continuing director education in order to enhance board and committee performance. We conduct periodic continuing education for directors and, at a director's request, we will arrange for the director's participation in cost-effective continuing education programs offered by third parties that are relevant to the director's role as a board and committee member. All of our independent directors are expected to participate in orientation programs upon the recommendation of our Governance Committee. In addition, orientation sessions are conducted by senior management to familiarize directors with the Company's strategic plans, significant financial, accounting and risk management issues, our compliance programs, our Code of Business Conduct and Ethics, and our principal officers, internal and external auditors.

Director Evaluations:

The board, acting through the Governance Committee, annually evaluates the effectiveness of the board collectively and of board members individually, and the performance of each standing board committee. The Governance Committee determines the appropriate means for this evaluation.

Directors' Share

Ownership Guidelines:

Our Statement on Corporate Governance provides that each director is expected to develop a meaningful equity stake in our Company over time and that after the fifth anniversary of election to the board, each director is required to own shares of the Company's common stock equivalent to not less than 5 times their respective annual cash retainer. Each of our directors is in compliance with our share ownership guidelines.

Board Attendance at

Annual Meeting:

The board has adopted the following policy on director attendance at meetings: Absent extenuating circumstances, directors are expected to attend in person our annual meeting of stockholders, all regularly scheduled board and committee meetings and to participate telephonically in regularly scheduled board and committee meetings when they are unable to attend in person. All of our directors attended our 2013 annual meeting of stockholders.

Table of Contents

Board Leadership Structure and Committees

The leadership structure of the board and information regarding the Audit, Compensation and Governance Committees is provided in the following table:

Board Leadership Structure:

We separate the roles of the Chairman of the Board and Chief Executive Officer in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board provides guidance to the Chief Executive Officer, sets the agenda for the board meetings and presides over meetings of the board. The board believes that the Chief Executive Officer offers the Company-specific expertise and extensive industry knowledge that is necessary as we seek to strengthen the quality of our portfolio, grow our cash flow to support dividend growth, increase our balance sheet strength and flexibility and maintain a great place to work and live, while our Chairman of the Board is able at the same time to lead the board's efforts in oversight of the Company and its management.

As stated in our Statement on Corporate Governance, the board will exercise its discretion in combining or separating the offices of Chairman of the Board and Chief Executive Officer. The determination will be based on the board's judgment of the best interests of the Company from time to time. If the offices of Chairman of the Board and Chief Executive Officer are combined or if the Chairman does not qualify as an independent director, the board will designate a Lead Independent Director, who will chair the executive sessions of the board and have such other duties as the board deems appropriate. The name of the Lead Independent Director will be disclosed in our annual proxy statement. The board's administration of its risk oversight function has not affected the board's leadership structure.

Independence of the Audit,

Compensation and

Governance Committees:

The Audit, Compensation and Governance Committees consist entirely of independent directors, as defined in the NYSE listing standards and the Company's director independence standards. Each member of the Audit Committee and the Compensation Committee also satisfies the additional independence requirements set forth in rules under the Securities Exchange Act of 1934 and the NYSE listing standards.

Audit Committee

Financial Expert:

Each member of the Audit Committee is financially literate, and the board has determined that each member of the Audit Committee is an audit committee financial expert within the meaning

of the SEC's regulations.

Executive Sessions of

Independent Directors:

Our independent directors hold regularly scheduled executive sessions at which our independent directors meet without the presence of management. These executive sessions generally occur around regularly scheduled meetings of the board. The Chairman of the Board, or the Vice Chair in the Chairman's absence, presides as chairman of these executive sessions. Both the Chairman of the Board and the Vice Chair are independent directors.

The members of the Compensation Committee meet each year in executive session, without the CEO present, to evaluate the performance of our CEO. Our CEO makes recommendations to, and consults with, the Compensation Committee with respect to the compensation for the executive officers who report directly to our CEO.

The Compensation Committee has the sole authority to retain and terminate any compensation consultants to be used to assist in establishing compensation for our senior executives and to approve such consultants' fees and other retention terms. During 2013, the Compensation Committee determined that it was advisable to engage FPL Advisory Group, or FPL. The Compensation Committee terminated its engagement with its prior compensation consultant, Mercer Consulting.

FPL reports directly to the Compensation Committee and the Compensation Committee is free to replace FPL or to hire additional consultants from time to time. FPL and its affiliates did not provide any other services to the Company in 2013, and we do not anticipate that FPL or any of its affiliates will provide any other services to the Company in the foreseeable future. FPL does not have any conflict of interest with the Company, the members of the Compensation Committee or our executive officers. The Audit Committee, established in accordance with the applicable provisions of the Securities Exchange Act of 1934, assists the board in fulfilling its oversight responsibility by performing the following:

reviewing with management the Company's major financial exposures, including risk exposure to floating rate debt and the steps management has taken to monitor and control such exposures, including the Company's risk assessment process and risk management policies;

reviewing and discussing with management, the internal auditors and the independent auditors, the Company's policies with respect to risk assessment and risk management; and

Director Compensation Table Discussion

Our compensation program for independent directors is designed to attract and retain highly qualified board members who can work with senior management to establish key strategic goals in support of long-term stockholder value creation. The program consists of a combination of cash retainers for board and committee service and service-based restricted stock. Total compensation associated with cash retainers and restricted stock was targeted at the median level of a diversified group of public REITs. Annual retainers for board and committee service were set at competitive levels in recognition of the time commitments and responsibility levels associated with serving on public company boards within the current environment.

We review our independent director compensation annually to ensure that we are competitive and to allow us to recruit and retain qualified candidates to serve as directors of the Company.

2013 Director Compensation Program

Retainer. For 2013, each non-employee director received an annual retainer fee of \$65,000 (\$100,000 for the non-employee Chairman of the Board). The chairpersons of each of the Audit and Compensation Committees received an annual retainer fee of \$7,500. These fees were paid in January 2013.

Stock Grant. On January 2, 2013, each non-employee director also received a grant of \$90,000 in value of shares of restricted stock (\$180,000 for the non-employee Chairman of the Board) priced at \$23.92 per share, which was the closing sales price of our common stock for January 2, 2013, the date of grant. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our Compensation Discussion and Analysis describes the Company's compensation program and decision-making process for our 2013 named executive officers:

Thomas W. Toomey, Chief Executive Officer and President

Warren L. Troupe, Senior Executive Vice President

Thomas M. Herzog, Senior Vice President and Chief Financial Officer

Jerry A. Davis, Chief Operating Officer

Harry G. Alcock, Senior Vice President - Asset Management

Executive Summary

Our executive compensation program has four principal goals:

attract, retain and motivate effective executive officers;

align the interests of our executive officers with the interests of the Company and our stockholders;

incentivize our executive officers based on clearly defined performance goals and measures of successful achievement; and

closely align market competitive compensation with our short-term and long-term performance.

Our stockholders have consistently supported our executive compensation program. At our 2013 Annual Meeting of Stockholders, over 96% of the votes cast were voted in favor of our resolution seeking advisory approval of our executive compensation. Over the last three years, stockholder support for our advisory vote on executive compensation has averaged 92%. While we have consistently had strong stockholder support for our executive compensation program, we do continue to engage in a dialogue with stockholders on executive compensation issues. We will continue to consider the outcome of future advisory votes on executive compensation when establishing the Company's compensation programs and policies and making compensation decisions regarding our named executive officers.

Our Compensation Committee determines the form and amount of compensation, as well as the overall structure of our executive compensation program. The compensation of our named executive officers, who are identified above, is comprised of a mix of base salary, short-term incentive compensation and long-term incentive compensation. The composition of our named executive officers' compensation is determined based on the consideration of a number of factors described in more detail below, including a periodic review of relevant comparative market

information.

Under our executive compensation program, as an executive officer's level of responsibility increases with his or her relative ability to impact the long-term performance of the Company as a whole, a greater portion of that executive officer's compensation is based on performance-based incentive compensation, and less is based on base salary, thereby creating the potential for greater variability in the executive officer's compensation level.

Table of Contents

from year to year. The mix, level and structure of the components of compensation generally reflect the executive officer's role and relative impact on business results as well as competitive market practices.

Our 2013 performance, including our 2013 performance relative to our peers, along with the individual performance of our named executive officers, including their contributions toward the achievements outlined below, served as key factors in determining compensation for 2013. Consistent with our variable pay-for-performance philosophy, the compensation mix for our CEO and the other named executive officers in 2013 placed a greater emphasis on performance-based incentive compensation, as demonstrated in the graphics below showing the breakdown of our CEO's Total Direct Compensation for 2013 and our named executive officers' Total Direct Compensation for 2013. For this purpose, the term "Total Direct Compensation" refers to total cash compensation (including salary and short-term incentive compensation) and the annualized value of target long-term incentive compensation.

Table of Contents***Our Compensation Best Practices***

Our compensation policies and programs are built upon a strong foundation of corporate governance and compensation best practices, including:

WE DO:

- ii Provide a significant portion of our named executive officers total compensation in the form of awards tied to our long-term strategy and our performance relative to key business and personal objectives and performance versus our peers.
- ii Require compliance with our Executive Stock Ownership Guidelines, which require that our executive officers own a specified number of shares of the Company's common stock.
- ii Have a Policy on Recoupment of Performance-Based Incentives, which applies to our executive officers, including our named executive officers, and their performance-based incentive compensation.
- ii Have a Compensation Committee comprised entirely of independent directors and the Compensation Committee has retained its own independent compensation advisor.
- ii Have a Compensation Committee that reviews external market considerations, as well as internal considerations and the long-term interests of our stockholders, when making compensation decisions.
- ii Have the ongoing consideration and oversight by the Compensation Committee with respect to any potential risks associated with our incentive compensation programs.

WE DO NOT:

- X Permit any Company personnel, including our named executive officers, to engage in any short-term, speculative securities transactions, engage in short sales, buying or selling put or call options, trading in options (other than those granted by the Company) and engaging in hedging transactions.
- X Permit purchasing securities on margin or pledging securities as collateral without prior approval.
- X Provide tax gross-ups for our named executive officers.
- X Have any employment agreements with our named executive officers.
- X Grant only time-vested restricted stock or options to our named executive officers, other than in limited circumstances such as the appointment of a new executive officer.
- X Time the grants of stock options, restricted stock and other equity awards to coordinate with the release of material non-public information, or time the release of material non-public information for the purpose of affecting the value of any named executive officer compensation.

Compensation Design and Philosophy

Our compensation philosophy is to attract and retain executive talent and to align the interests of our named executive officers with the interests of our stockholders by providing market competitive compensation that is closely tied to short-term and long-term performance goals set by the Compensation Committee. The compensation of our named executive officers is comprised of a mix of base salary, short-term incentive compensation and long-term incentive compensation. The Compensation Committee considers a variety of factors, including an executive officer's role and responsibilities and the levels of compensation necessary to remain competitive, when determining the target amount of compensation for each of the named executive officers.

Table of Contents

Consistent with this philosophy, our compensation programs are designed to further our strategic plan and our goal of increasing stockholder value by providing equitable economic motivation to our executive officers and other key employees. The compensation of each of our executive officers is influenced significantly by the executive officer's individual performance as well as the Company's overall performance, taking into account competitive pay practices. More specifically, our compensation program seeks to:

be grounded in the mission of our business and reflect key strategic imperatives and talent needs,

become a strategic advantage rather than simply a means for staying competitive,

provide appropriate incentives for the executive officers while aligning their interests with those of our stockholders,

provide market competitive compensation in order to attract, retain and reward experienced and highly-motivated executives who can contribute to our long-term growth and profitability,

focus executive officers on current and long-term business objectives and critical issues,

mitigate risk by emphasizing long-term compensation and financial performance measures correlated with growing stockholder value, and

remain consistent with our operating style, shared values, compensation history and overall culture.

The Compensation Committee

Our Compensation Committee is composed of independent directors and is responsible for developing and administering compensation programs for (1) our directors, (2) executive officers, including base salaries and short-term and long-term incentive compensation plans, and (3) long-term incentive compensation plans for all of our associates. The members of the Compensation Committee meet each year in executive session, without the CEO present, to evaluate the performance of our CEO. Our CEO makes recommendations to, and consults with, the Compensation Committee with respect to the compensation for the executive officers who report directly to our CEO. The Compensation Committee, in consultation with our CEO, sets the base salaries for the year for these executive officers and approves salary ranges for other executive officers.

Compensation Consultants

The Compensation Committee has the sole authority to retain and terminate any compensation consultants to be used to assist in establishing compensation for our senior executives and to approve such consultants' fees and other retention terms. The Compensation Committee initially engaged Mercer to assess the total compensation competitiveness of our executive officers for 2013 by conducting a market pay analysis to develop market values from peer group pay data and published surveys. During 2013, the Compensation Committee determined that it was advisable to engage a different compensation consultant, and after considering several alternatives, the Compensation Committee selected FPL Advisory Group, or FPL. The Compensation Committee also terminated its engagement of Mercer.

FPL reports directly to the Compensation Committee and the Compensation Committee is free to replace FPL or to hire additional consultants from time to time. Mercer and its affiliates did not provide any other services to UDR in 2013. FPL and its affiliates did not provide any other services to the Company in 2013, and we do not anticipate that FPL or any of its affiliates will provide any other services to the Company in the foreseeable future. Mercer did not have any conflict of interest with the Company, the members of the Compensation Committee or our executive officers, and FPL does not have any conflict of interest with the Company, the members of the Compensation Committee or our executive officers.

Table of Contents

As part of their engagement, the compensation consultants provided the Compensation Committee and our CEO with, among other things, analyses regarding market pay, which the Compensation Committee considered as part of its analysis of the compensation of our named executive officers. In addition, the compensation consultants reviewed the competitiveness of the pay levels of our named executive officers and certain other officers against pay levels for the diversified public REIT peer group, discussed below.

Consideration of Market Data

Consistent with the Company's goal to provide compensation that remains competitive, the Compensation Committee considers the executive compensation practices of companies in a peer group selected by the Company in consultation with the compensation consultants as one of several factors used in setting compensation. The Compensation Committee does not target a specific percentile range within the peer group when determining a named executive officer's compensation. Instead, the Compensation Committee uses the market data provided by the peer group as one of several reference points useful for determining the form and amount of compensation.

The Compensation Committee reviews the peer group annually. The companies comprising the peer group must be publicly traded REITs based in the United States and of a size and equity market capitalization that are comparable to UDR.

For 2013, the peer group, which we refer to herein as either the diversified public REIT peer group or the peer group, included the companies listed in the table below. The companies listed below consist of six apartment REITs and eleven comparably-sized REITs in other property sectors, recognizing that UDR competes with all REITs for executive talent and capital.

Components of Compensation

The mix, level and structure of the components of our named executive officers' compensation generally reflect real estate industry practices, as well as the executive's role and relative impact on business results consistent with our variable pay-for-performance philosophy. The mix of compensation elements for our named executive officers places relatively greater emphasis on at-risk incentive compensation, as compared with the median mix of compensation elements for the companies in our peer group. As an executive officer's level of responsibility increases consistent with his or her relative ability to impact the long-term performance of the Company as a whole, a greater portion of the named executive officer's compensation is based on performance-based incentive compensation and less on base salary, thereby creating the potential for greater variability in the individual's compensation level from year to year.

In 2013, the Compensation Committee determined that equity awards, comprised of restricted stock and/or stock options, with the amount of the awards determined by performance measured based on the achievement of two pre-determined targets over a one-year performance cycle, were the most appropriate means for providing long-term incentives for the named executive officers that drive the desired sustained, long-term performance results while aligning the interests of our named executive officers with the interests of the Company and our stockholders.

The key components of our named executive officers' compensation, base salary, short-term incentive compensation, and long-term incentive compensation, are described in more detail in the following table.

Compensation	Objectives Associated with the	Key Features of the
Component	Compensation Component	Compensation Component
Base Salary	Designed to reward individual effort associated with job-related duties and to attract and retain talented executive officers for our Company.	Paid in cash. The Compensation Committee annually reviews and determines the base salary of our named executive officers in consultation with our CEO.
Short-Term Incentive Compensation	Designed to encourage outstanding individual and Company performance by motivating the named executive officers to achieve short-term Company and individual goals by rewarding performance measured against key annual strategic objectives and, for the CEO, using the independent directors' evaluation of his performance towards achieving short-term goals.	Depending on the particular executive officer, short-term incentive compensation may be in the form of cash, restricted stock and/or stock options. The threshold, target and maximum dollar amounts for short-term incentive compensation are generally established in February each year, with the value of the award paid in February of the following year based upon an evaluation of

Long-Term Incentive Compensation	Our LTI compensation is designed to foster significant ownership of our common stock by our management, to align the interests of our management with the creation of stockholder value and to motivate our management to achieve long-term growth and success of our Company.	achievement of goals established at the time the targets are set as part of approval of the Annual Business Plan and Three-Year Strategic Plan. Our LTI compensation consists of awards of restricted stock and/or stock options, which vest only if the Company meets pre-determined performance targets over a specific performance period established by the Compensation Committee. The threshold, target and maximum dollar values for long-term incentive compensation are generally established in February of each year and awarded in the form of restricted stock and/or stock options, with the actual dollar value awarded determined in February of the following year based upon actual achievement of the goals established at the time the threshold, target and maximum dollar values are set as part of approval of the Annual Business Plan and Three-Year Strategic Plan. Each award will vest pro rata over three years, commencing with the establishment of the award and continuing for two years following determination of the amount of the award at the end of the annual performance period.

Base Salary. In setting base salaries for named executive officers, the Compensation Committee considers the individual executive officer's qualifications, experience level, performance against specific goals and the competitive market for qualified executives. In some cases, base salary for our named executive officers may vary from comparative levels of compensation for other executive officers, principally because of our greater emphasis on at-risk incentive compensation for our more senior executive officers, the current recruiting or retention markets for a particular position, or the tenure of a particular officer in his or her position.

Short-Term Incentive Compensation. Short-term incentive compensation awards are based on pre-determined weighting between Company performance and individual performance. Company performance is weighted equal to or more heavily than individual performance based on the extent to which a particular named executive officer has responsibility for, and influence over, the overall performance of the Company, as the Compensation Committee seeks to provide a strong incentive for these named executive officers to maximize the Company's performance.

Table of Contents

The annual performance metrics utilized for determining short-term incentive compensation are determined by the Compensation Committee in consultation with our CEO. The performance metrics that we utilize are as follows:

Funds From Operations (FFO), as reported The Company defines FFO, as reported, as net income (computed in accordance with GAAP), excluding impairment write-downs of depreciable real estate or of investments in non-consolidated investees that are driven by measurable decreases in the fair value of depreciable real estate held by the investee, gains (or losses) from sales of depreciable property, plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. This definition conforms with the National Association of Real Estate Investment Trust s definition issued in April 2002.

FFO, as adjusted The Company defines FFO, as adjusted, as FFO as reported, excluding the impact of acquisition-related costs and other non-recurring items including, but not limited to, prepayment costs/benefits associated with early debt retirement, gains on sales of marketable securities and taxable REIT subsidiary property, deferred tax valuation allowance increases and decreases, storm-related expenses, severance costs and legal costs.

Adjusted FFO (AFFO) The Company defines AFFO as FFO, as adjusted, less recurring capital expenditures.

Same Store Net Operating Income (SSNOI) The Company defines Net Operating Income as rental income less direct property rental expenses. Rental income represents gross market rent less adjustments for concessions, vacancy loss and bad debt. Rental Expenses include real estate taxes, insurance, personnel, utilities, repairs and maintenance, administrative and marketing. Excluded from Net Operating Income is property management expense which is calculated as 2.75% of property revenue to cover the regional supervision and accounting costs related to consolidated property operations, and land rent. The Company defines Same Store as those communities stabilized as of a specific point in time. These communities were owned and had stabilized occupancy and operating expenses as of the beginning of the prior year, there is no plan to conduct substantial redevelopment activities, and the community is not held for disposition within the current year.

Net Financial Capabilities The Company defines net financial capabilities as cash, liquid receivables, and available lines of credit, as compared to debt maturities over a specified three-year period.

Long-Term Incentive Compensation. Long-term incentive compensation is comprised of awards of restricted shares of our common stock and/or stock options that are awarded if the Company meets specific performance targets. Long-term incentive compensation awards constitute the most significant component of our executive officers compensation, which closely aligns their long-term interests with the long-term interests of our stockholders, while mitigating potential risks related to our compensation programs.

Retirement Plans. We have a Profit Sharing Plan (the 401(k) Plan), which is a defined contribution plan covering all eligible full-time employees. Under the 401(k) Plan, the Company makes discretionary profit sharing and matching contributions to the plan as determined by the Compensation Committee. Details regarding matching contributions for our named executive officers are set forth below under the Summary Compensation Table. UDR does not have a pension plan, a SERP or any similar arrangements.

Perquisites and Other Benefits. The primary perquisites that we offer to our named executive officers are Company-paid health insurance (including dental), life insurance, long-term disability insurance and accidental death and disability insurance. Our named executive officers participate in these benefit plans on the same terms as other employees. In addition to the group medical plans that we provide, we reimburse up to a maximum of \$5,000 in expenses for annual physical exams for our named executive officers. To help us attract and retain qualified personnel, we also offer relocation benefits, but these benefits are individually negotiated when they occur.

Table of Contents

We review our policies with respect to perquisites on a regular basis to consider whether the perquisites should be maintained and whether, or to what extent, it may be appropriate for us to discontinue particular perquisites or to require repayment of the cost of perquisites. During 2013, we did not change our policies with respect to perquisites that we offer to our CEO and other named executive officers.

LTI Compensation

Long-Term Incentive Compensation. Long-term incentive compensation, consisting of equity awards including restricted stock and/or stock options, constitute the most significant component of our executive officers' compensation, which closely aligns their long-term interests with the long-term interests of our stockholders, while mitigating potential risks related to our compensation programs.

Consistent with its overall strategy, the Company has focused on high-barrier-to-entry markets with above-average job growth, low single-family home ownership affordability and limited new supply. In executing its strategy, the Company has focused on creating NAV and paying dividends, which has been done at a rate of 12.6% annually for 10 years. The Company's past growth in the period 2010-2012 generally reflected the recovery from the economic recession, while the Company's growth from 2012-2013 reflected continued fundamental strength in the Company's property operations, offset by dilution from balance sheet improvement through activities taking place in 2011 and 2012, including approximately \$1.8 billion of equity raised, portfolio repositioning of approximately \$2.2 billion in acquisitions (including joint ventures), and approximately \$1.2 billion of asset sales.

With the repositioning of the Company's portfolio now complete, the Compensation Committee determined, in February 2013, that grants of performance-based awards consisting of restricted stock, with the amounts that vest based on performance measured by achievement of pre-determined targets over a one-year performance cycle were the best means for aligning the potential value to be paid to the Company's management with the potential value that can now be created for stockholders over the performance cycle. These 2013 awards are based upon performance metrics which focus on stockholder value creation and operating performance that align with the Company's key strategic priorities. The awards focus on the Company's performance as measured by FFO (50%) and the Company's TSR (50%) based on the Company's TSR performance relative to eleven comparable apartment REITs. The FFO performance metric was selected and weighted at 50% for these awards to recognize the relative importance of FFO growth in driving overall stockholder value, while the TSR performance metric was selected and weighted at 50% in order to underscore the overall importance of the return to the Company's stockholders, and to align the interests of management with the interests of stockholders. The threshold, target and maximum dollar values for the awards were established in February of 2013, and the actual amount that vests was determined in February 2014 based upon actual achievement of the above-referenced performance metrics. Dividends accrue on the shares of restricted stock and once the shares vest the dividends are automatically reinvested into additional shares of restricted stock. In the event that all or part of an award does not vest then the restricted shares and accrued dividends shall be cancelled. Each award vests pro rata over three years commencing with the establishment of the award and continuing for two years following determination of the amount of the award at the end of the annual performance period.

The metrics utilized for the 2013 awards are as follows:

Performance Metric		Weighting	Range	Metric	Payout	Actual Result
FFO Growth			Below Target	Below \$1.39	0%	
			Target	\$1.39	100%	
Total Shareholder Return	Ranking	50%	Above Target	\$1.46	150%	\$1.41*
			Threshold	50 th or 6/12	50%	
		50%	Target	60 th or 7/12	100%	
			Above Target	70 th or 8/12	150%	
		50%	Maximum	80 th or 10/12	200%	80 th or 10/12

* 2013 Actual FFO was \$1.44, but was reduced by \$.03 to exclude the 2013 Hurricane Sandy recoveries.

The 2013 awards were granted to Messrs. Toomey, Troupe, Davis and Alcock, as well as to Mr. Herzog, who was appointed to the position of Chief Financial Officer and Senior Vice President effective January 1, 2013, in the following amounts:

	Minimum	Threshold	Target	Maximum	Actual Amount
Mr. Toomey	\$0	\$1,000,000	\$4,000,000	\$7,000,000	\$6,285,000
Mr. Troupe	\$0	\$375,000	\$1,500,000	\$2,625,000	\$2,350,000
Mr. Herzog	\$0	\$250,000	\$1,000,000	\$1,750,000	\$1,570,000
Mr. Davis	\$0	\$300,000	\$1,200,000	\$2,100,000	\$1,884,000
Mr. Alcock	\$0	\$350,000	\$1,400,000	\$2,450,000	\$2,200,000

In addition to his award under the 2013 LTI Program, Mr. Herzog received \$200,000 in value of restricted stock in connection with his appointment to the position of CFO effective January 1, 2013. The shares of restricted stock vest over four years from the date of grant and vesting is contingent upon the continued employment of Mr. Herzog by the Company on the vesting dates.

Under the 2014 LTI Program, our named executive officers were awarded a grant of performance-based awards consisting of restricted stock with the amounts that vest based on performance measured by achievement of pre-determined targets over a one-year performance cycle. Dividends will accrue on the shares of restricted stock and if the shares vest the dividends will be automatically reinvested into additional shares of restricted stock. In the event that all or part of an award does not vest then the restricted shares and accrued dividends shall be cancelled. These 2014 awards are based upon performance metrics which focus on stockholder value creation and operating performance that align with the Company's key strategic priorities. The awards focus on the Company's performance as measured by FFO as Adjusted (50%) and the Company's TSR (50%) based on the Company's TSR performance against the simple average of ten comparable apartment REITs. The FFO as Adjusted metric was selected and weighted at 50% for these awards to recognize the relative importance of FFO growth in driving overall stockholder value, while the TSR performance metric was selected and weighted at 50% in order to underscore the overall importance of the return to the Company's stockholders, and to align the interests of management with the interests of stockholders. The threshold, target and maximum dollar values for the awards were established in February of 2014, and the actual amount that vests will be determined in February 2015 based upon actual achievement of the above-referenced performance metrics. Each award will vest pro rata over three years commencing with the establishment of the award and continuing for two years following determination of the amount of the award at the end of the annual performance period. The 2014 awards were granted to Messrs. Toomey, Troupe, Herzog, Davis and Alcock.

Severance, Change of Control and Other Arrangements

We provide a description of the change of control provisions and the death, disability and retirement provisions in our 1999 Long-Term Incentive Plan and our policy with respect to severance benefits, below under *Post-Employment Compensation Severance, Change of Control and Other Arrangements*.

Advisory Vote on Executive Compensation

At the 2013 annual meeting of stockholders, the stockholders approved, on an advisory basis, the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, with over 96% of votes cast in favor of the resolution. The Compensation Committee reviewed the final vote results for that resolution, and we have not made any changes to our executive compensation policies or decisions as a result of the vote. While the vote on the compensation of our named executive officers is advisory, and therefore not binding on the Company, the Compensation Committee or our board, our board and our Compensation Committee value the opinions of our stockholders and, to the extent there is any significant vote against the named executive officer compensation, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. We have determined that our stockholders should cast an advisory vote on the compensation of our named executive officers on an annual basis. Accordingly, our board recommends that you vote FOR Proposal No. 3 at the annual meeting. For more information, see *Proposal No. 3 Advisory Vote on Executive Compensation* in this proxy statement.

Accounting and Tax Effects

The impact of accounting treatment is considered in developing and implementing our compensation programs generally, including the accounting treatment as it applies to amounts awarded or paid to our executives. The impact of federal tax laws on our compensation programs is also considered, including the deductibility of compensation paid to our named executive officers, as regulated by Section 162(m) of the Code.

Under Section 162(m) of the Code, we may not receive a federal income tax deduction for compensation paid to our CEO or any of the three other most highly compensated executive officers (other than the CFO) employed on the last day of the fiscal year to the extent that any of such persons receive more than \$1,000,000 in compensation in the fiscal year. However, if we pay compensation that is performance-based under Section 162(m), we can receive a federal income tax deduction for the compensation paid even if such compensation exceeds \$1,000,000 in a single year.

Our 1999 Long-Term Incentive Plan has been designed to permit awards under the plan to qualify as performance-based and, therefore, compensation realized in connection with options and grants of restricted stock that qualify as performance-based are fully tax deductible on our federal income tax return. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible on our federal income tax returns.

The foregoing policy is subject to change as the Compensation Committee deems necessary from time to time to respond to economic conditions, meet competitive standards and to serve our objectives and our stockholders.

The impact of Section 409A of the Code is also taken into account. The 1999 Long-Term Incentive Plan has been designed to comply with the requirements of Section 409A of the Code so as to avoid possible adverse tax consequences that may result from noncompliance.

Equity Granting Process

Grants of stock options, restricted stock and other equity awards to our executive officers and other employees are approved by the Compensation Committee at regularly scheduled meetings, or occasionally by unanimous

Table of Contents

written consent. If approval is made at a meeting, the grant date of the award is the date of the meeting; if approval is by unanimous written consent, the grant date of the award is the day the last Compensation Committee member signs the written consent.

We have no practice of timing grants of stock options, restricted stock and other equity awards to coordinate with the release of material non-public information, nor have we timed the release of material non-public information for the purpose of affecting the value of any named executive officer compensation.

Stock Ownership Guidelines

To align the interests of our executive officers with the interests of our stockholders, each of our executive officers is required to comply with our Executive Stock Ownership Guidelines. These guidelines require our executive officers to own a specified number of shares of the Company's common stock as determined by the executive officer's position within four years of the date of the executive officer's employment or appointment with the Company. The individual guidelines are as follows:

110,000 shares for the CEO and President,

50,000 shares for any Executive Vice President (or equivalent), and

20,000 shares for any Senior Vice President (or equivalent).

All of our named executive officers serving as of the end of 2013 are in compliance with the Executive Stock Ownership Guideline applicable to their position. The Governance Committee may, from time to time, re-evaluate and revise these guidelines to give effect to changes in the price of our common stock or our capitalization.

Stock that counts towards satisfaction of the ownership guidelines include:

shares owned outright by the participant or his or her immediate family members residing in the same household,

vested restricted stock, and

shares into which limited partnership units of United Dominion Realty, L.P. may be redeemed for shares of our common stock.

A copy of our Executive Stock Ownership Guidelines may be found on our corporate governance page on our website at www.udr.com. To access the guidelines on our website, click on "Investor Relations" and then click on "Corporate Governance."

Hedging, Pledging and Short-Term Speculative Transactions

We prohibit any Company personnel, including our named executive officers, from engaging in any short-term, speculative securities transactions, engaging in short sales, buying or selling put or call options, trading in options (other than those granted by the Company) and engaging in hedging transactions. We also prohibit purchasing securities on margin or pledging securities as collateral without prior approval.

Policy on Recoupment of Performance-Based Incentives

Our Compensation Committee adopted the Policy on Recoupment of Performance-Based Incentives, which applies to our executive officers, including our named executive officers, and their performance-based incentive compensation beginning with their compensation for the 2010 fiscal year. This policy provides that if the board determines that the Company's financial statements are required to be restated as a result of

fraud committed by

Table of Contents

an executive officer, the board may seek to recoup any portion of the performance-based awards that the executive officer would not have received if the Company's financial results had been reported properly. The board administers the policy and determines, in its sole discretion, the amount of the performance-based award to be recouped.

Consideration of Risk

The Compensation Committee is aware of the consequences to companies that have not appropriately balanced risk and reward in executive compensation. The Compensation Committee believes that the emphasis on long-term performance in the 1999 Long-Term Incentive Plan results in an overall compensation program that does not reward excessive risk-taking for the Company. The Company's compensation strategy is intended to mitigate risk by emphasizing long-term compensation and financial performance measures correlated with growing stockholder value rather than rewarding shorter performance and payout periods. Typically 50% or less of our key executive officers' total compensation is base salary and short-term incentive compensation, while the remaining 50% is tied to Company and individual performance.

Our Compensation Committee believes that our executive incentive compensation arrangements do not encourage our executives to take unnecessary or excessive risks that could threaten the value of our Company. While performance-based compensation constitutes a significant percentage of our executives' overall total compensation and thereby the Compensation Committee believes motivates our executives to help fulfill our corporate mission and vision, including specific and focused Company performance objectives, the non-performance based compensation, for most executives for most years, is also a sufficiently high percentage of overall total compensation that the Compensation Committee does not believe that unnecessary or excessive risk taking is encouraged by the performance-based compensation. In addition, a significant portion of executive's performance-based compensation is in the form of long-term equity incentives, which do not encourage unnecessary or excessive risk because they generally vest over a three-to-four year period of time thereby focusing the executives on our Company's long-term interests. In order to align the interests of our executive officers with the interests of our stockholders, each of our executive officers is required to comply with our Executive Stock Ownership Guidelines. Further, the Compensation Committee has adopted the Policy on Recoupment of Performance-Based Incentives as a means of discouraging unnecessary or excessive risk taking.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table**Long Term Incentive Compensation**

The Compensation Committee determined in February 2013 that grants of performance-based awards consisting of restricted stock, with the amounts that vest based on performance measured by achievement of pre-determined

Table of Contents

targets over a one-year performance cycle were the best means for aligning the potential value to be paid to the Company’s management with the potential value that can now be created for stockholders over the performance cycle. These 2013 awards are based upon performance metrics which focus on stockholder value creation and operating performance that align with the Company’s key strategic priorities. The awards focus on the Company’s performance as measured by FFO (50%) and the Company’s TSR (50%) based on the Company’s TSR performance relative to eleven comparable apartment REITs. The FFO performance metric was selected and weighted at 50% for these awards to recognize the relative importance of FFO growth in driving overall stockholder value, while the TSR performance metric was selected and weighted at 50% in order to underscore the overall importance of the return to the Company’s stockholders, and to align the interests of management with the interests of stockholders. The threshold, target and maximum dollar values for the awards were established in February of 2013, and the actual amount that vests was determined in February 2014 based upon actual achievement of the above-referenced performance metrics. Dividends accrue on the shares of restricted stock and once the shares vest the dividends are automatically reinvested into additional shares of restricted stock. In the event that all or part of an award does not vest then the restricted shares and accrued dividends shall be cancelled. Each award vests pro rata over three years commencing with the establishment of the award and continuing for two years following determination of the amount of the award at the end of the annual performance period. Under each aircraft time-share agreement, we have agreed to lease an aircraft, including crew and flight services, to Messrs. Severance, Change of Control and Other Arrangements

Change of Control. Under the provisions of our 1999 Long-Term Incentive Plan, all outstanding options, stock appreciation rights and other awards that may be exercised generally become fully exercisable and all restrictions on outstanding awards will lapse upon the occurrence of a change of control unless otherwise provided in the award agreement. Change of control is defined in the Plan as (1) a merger or consolidation in which we are not the surviving entity, except for a transaction the principal purpose of which is to change the state in which we are incorporated; (2) the transfer or sale of all or substantially all of our assets other than to an affiliate or subsidiary of ours; (3) the liquidation of our Company; or (4) the acquisition by any person, or by a group of persons acting in concert, of more than 50% of our outstanding voting securities, which results in the resignation or addition of 50% or more independent members of our board. On February 8, 2013, the board approved an amendment and restatement of the 1999 Long-Term Incentive Plan which revised the definition of change in control to include (1) certain reverse mergers in which the Company is the surviving entity and (2) a change in the composition of the board over a period of 12 months or less such that a majority of the board ceases, by reason of one or more contested elections, to be comprised of individuals who are continuing directors (as defined in the Plan). The amendment and restatement also provides an exception to the rule that the Compensation Committee may provide that unexercised awards will expire in the event of a change in control if the change in control results from a change in the composition of the board, including a change in the composition of the board resulting from the acquisition of more than 50% of the Company's outstanding voting securities.

Table of Contents

If a change in control occurred effective as of December 31, 2013, the value of the cash payments and the benefits provided (based on the exercise of options and the release of restrictions on previously granted stock awards) to each of the named executive officers would have been as follows:

Name	Cash Payments	Value of Outstanding Options	Value of Outstanding Restricted Stock Awards	Value of Unused Vacation	Total
Thomas W. Toomey		\$ 22,336,131	\$ 430,527	\$ 66,065	\$ 22,832,723
Warren L. Troupe		\$ 4,176,848		\$ 41,921	\$ 4,218,769
Thomas M. Herzog			\$ 201,044	\$ 19,038	\$ 220,082

Harry G. Alcock			\$ 505,411	\$ 25,000	\$ 530,411

Death, Disability or Retirement. Our 1999 Long-Term Incentive Plan provides that, unless otherwise provided in the award agreement, upon a participant's death, disability or retirement, all outstanding options, stock appreciation rights and other awards that may be exercised shall become fully exercisable, and all restrictions on outstanding stock awards shall lapse. If the death, disability or retirement of each of our named executive officers occurred as of December 31, 2013, the benefits provided (based upon the exercise of options and the release of restrictions on previously granted stock awards) would have been as follows:

Name	Value of Outstanding Options	Value of Outstanding Restricted Stock Awards	Total
Thomas W. Toomey	\$ 22,336,131	\$ 430,527	\$ 22,766,658
Warren L. Troupe	\$ 4,176,848		\$ 4,176,848
Thomas M. Herzog		\$ 201,044	\$ 201,044
Jerry A. Davis		\$ 512,439	\$ 512,439
Harry G. Alcock		\$ 505,411	\$ 505,411

Severance Benefits. We believe that, in order to attract and retain the best management talent, companies should provide reasonable severance benefits to employees. We believe these severance benefits should reflect the fact that it may be difficult for employees to find comparable employment within a short period of time. They also should disentangle the Company from the former employee as soon as practicable. With respect to our senior management, severance benefits are individually negotiated.

We currently do not have any contractual severance arrangements with our named executive officers.

Compensation Risks

We have reviewed our overall compensation programs and practices for our employees, and we believe that any risks arising from those compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In reaching this conclusion, we reviewed the incentives created by our compensation policies and practices, how those incentives may create risks, and the mitigating factors or controls that addressed the potential adverse effect of any such risks. As with the compensation programs and practices in place for our executive officers, we do not believe that any of our incentive compensation arrangements for employees encourage them to take unnecessary or excessive risks that could threaten the value of our Company.

Table of Contents**Review, Approval or Ratification of****Transactions with Related Persons**

Our board has adopted a policy relating to the review, approval and ratification of transactions with related persons. The Company recognizes that there are situations where related person transactions may be in, or not inconsistent with, the best interest of the Company and therefore the board adopted a written policy to provide a procedure for the review, approval or ratification of related person transactions. The policy applies to any transaction, the amount of which exceeds \$120,000, between the Company and any person who is a director, executive officer or the beneficial owner of more than 5% of any class of the Company's voting securities. Any related person transaction is subject to approval by the board or the executive committee of the board.

All of the fees paid to the independent auditors that are shown in the chart above for 2013 were approved by the Audit Committee in accordance with the procedures described below.

The Audit Committee reviews at its meetings audit and non-audit services proposed to be provided by the independent registered public accounting firm. The Committee has delegated to the Chair, or an alternate member of the Audit Committee, the authority to grant pre-approvals if either deems it necessary or appropriate to consider a pre-approval request without a meeting of the full Audit Committee. Pre-approvals by the Chair or alternate member are reviewed with the Audit Committee at its next regularly scheduled meeting.

In considering the pre-approval of proposed audit or non-audit services by the independent auditors, management reviews with the Audit Committee or its delegate, a description of and the budget for the proposed service and the reasons that the independent auditors are being requested to provide the services, including any possible impact on the independence of the independent auditors. Additional Audit Committee approval is required if the pre-approved services exceed the pre-approved budgeted amount for the services.

RATIFICATION OF APPOINTMENT
OF INDEPENDENT AUDITORS

Ernst & Young LLP, independent registered public accounting firm, served as our auditors for fiscal 2013. Our Audit Committee has selected Ernst & Young LLP to audit our financial statements for fiscal 2014. We expect that a representative of Ernst & Young LLP will be present at the meeting, will have the opportunity to make a statement if he or she desires to do so and will be available to answer any appropriate questions from stockholders.

Vote Required and Board of Directors Recommendation

Although it is not required to do so, the board is submitting the Audit Committee's selection of our independent registered public accounting firm for ratification by the stockholders at the meeting in order to ascertain the view of our stockholders regarding such selection. The affirmative vote of a majority of the votes cast at the meeting will be required to approve this proposal. the ratification of the appointment of Ernst & Young LLP
as our independent registered public accounting firm for fiscal 2014.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Section 14A of the Exchange Act enables our stockholders to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in detail under the heading *Executive Compensation Compensation Discussion and Analysis*, our executive compensation programs are designed to attract and retain executive talent and to align the interests of our named executive officers with the interests of the Company and our stockholders by providing market competitive compensation that is closely tied to short-term and long-term performance goals set by our Compensation Committee. The compensation of our named executive officers is comprised of a mix of base salary, short-term incentive compensation and long-term incentive compensation. Please read the *Executive Compensation* section beginning on page 21, which includes the Compensation Discussion and Analysis, the tabular disclosure regarding the compensation of our named executive officers and the accompanying narrative disclosure set forth in this proxy statement for additional details about our executive compensation programs, including information about the fiscal year 2013 compensation of our named executive officers.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. Accordingly, our board is asking our stockholders to cast a non-binding advisory vote **FOR** the following resolution at the annual meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

Our board and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. We have determined that our stockholders should cast an advisory vote on the compensation of our named executive officers on an annual basis. Unless this policy changes, the next advisory vote on the compensation of our named executive officers will be at the 2015 annual meeting of stockholders. The affirmative vote of a majority of votes cast is required to approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

PROPOSAL NO. 4

APPROVAL OF AMENDED AND RESTATED

1999 LONG-TERM INCENTIVE PLAN

The stockholders are being asked to approve the action of our board amending and restating the 1999 Long-Term Incentive Plan (the "Plan") to (1) increase the number of shares reserved for issuance under the Plan by 3,000,000 shares from 16,000,000 shares to 19,000,000 shares, subject to adjustment in the event of a corporate transaction (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), (2) provide for cash-based awards and (3) change the annual per person limit on awards other than stock options, stock appreciation rights and cash-based awards that are intended to constitute performance-based compensation under the Plan to 1,000,000 shares. The stockholders are also being asked to expand the performance goals that may be used for performance-based awards. Finally, the stockholders are being asked to approve the material terms of the plan so that the Company will continue to have the ability to grant performance-based awards (in addition to stock options and stock appreciation rights) that are intended to be exempt from the \$1 million deductibility limit under Section 162(m) of the Internal Revenue Code (the "Code"). The following description of the Plan is qualified in its entirety by the actual provisions of the Plan, as amended and restated, which is attached to this proxy statement as [Appendix A](#).

Purpose of the Plan

The purpose of the Plan is to promote the success and enhance the value of the Company by linking the personal interests of our employees, officers, consultants and directors to those of our stockholders and by providing participants with an incentive for outstanding performance. The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract and retain the services of employees, officers, consultants and directors upon whose judgment, interest and special effort the successful conduct of our operations is largely dependent.

Background of the Plan

On May 8, 2001 our stockholders approved the Plan. Subsequent to May 8, 2001, our board amended and restated the Plan on May 4, 2004 to eliminate the express authority to pay the exercise price of an option with a promissory note, on July 23, 2004 to provide that unless otherwise provided in a participant's award agreement upon a participant's death, disability or retirement, all outstanding options, stock appreciation rights and other awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding awards shall lapse, on February 10, 2006, to eliminate the automatic grant of formula awards to non-employee directors, to update non-material or outdated terms of the Plan i.e., par value of common stock and references to pooling treatment and to conform to Maryland versus Virginia corporate law, and on February 7, 2008, to (1) reflect the change in our name to UDR, INC.; (2) make the award adjustment provisions that would apply in the event of a corporate transaction (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares) mandatory; and (3) except in connection with certain changes in capital structure, require stockholder approval for any reduction of the grant price of any stock appreciation right award (in addition to any reduction in the exercise price of any stock option). These amendments did not require stockholder approval.

On May 30, 2008, our board amended and restated the Plan to: (1) limit the term of stock appreciation rights (in addition to stock options) to 10 years; (2) provide that shares of stock that are (a) not issued or delivered as a result of the net settlement of a stock appreciation right or option, (b) used to pay the exercise price or withholding taxes related to an outstanding award or (c) repurchased on the open market with the proceeds of the

Table of Contents

option exercise price shall not again become available for issuance under the Plan; (3) provide that the exercise price per share of an option shall in no event be less than the fair market value of one share of stock on the date of grant; (4) provide that the maximum fair market value of any awards, other than options or stock appreciation rights, that may be received by a participant during any one calendar year shall be \$2,000,000; (5) provide that, except in connection with certain changes in capital structure, without the consent of stockholders an award may not be (a) granted in substitution of another award if the effect is to replace an option or stock appreciation right with an award with a lower exercise or grant price, or (b) exchanged or bought out if the effect is to lower the exercise price of the option or the grant price of the stock appreciation right; (6) expand the performance goals available for the grant of performance-based awards under the Plan; and (7) clarify that performance-based awards may be determined on the basis of any combination or subset of the specified performance goals.

On March 12, 2009, our board adopted, and our stockholders subsequently approved, an amendment and restatement of the Plan (1) to increase the number of shares of stock available for issuance pursuant to awards from 4,000,000 to 16,000,000; (2) to provide that the maximum fair market value of any awards, other than options or stock appreciation rights, that may be received by a participant during any one calendar year shall be \$5,000,000, (3) to provide that the maximum number of shares of stock with respect to one or more options and/or stock appreciation rights that may be granted during any one calendar year under the Plan to any one participant shall be 5,000,000 shares and (4) to provide that awards (other than options or stock appreciation rights) granted from and after the approval of the Plan at the company's 2009 Annual Meeting of Stockholders shall count against the Plan reserve as 2.28 shares of Stock for each share of stock actually subject to the award.

On February 8, 2013, our board amended and restated the Plan to revise the treatment of awards in connection with certain change of control transactions. These amendments did not require stockholder approval.

Questions and Answers About the Plan

Why is the amended and restated Plan being submitted to stockholders for approval?

The stockholders are being asked to approve the action of our board amending and restating the Plan. Subject to stockholder approval, on February 6, 2014, the board approved the amendment and restatement of the Plan to (1) increase the number of shares reserved for issuance under the plan by 3,000,000 shares from 16,000,000 shares to 19,000,000 shares, subject to adjustment in the event of a corporate transaction (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), (2) provide for cash-based awards and (3) change the annual per person limit on awards other than stock options, stock appreciation rights and cash-based awards that are intended to constitute performance-based compensation under the Plan to 1,000,000 shares.

The stockholders are also being asked to expand the performance goals that may be used for performance-based awards to include (1) the achievement by the company or a parent or subsidiary of a specified target return, or target growth in return, on equity or assets, (2) the company's total stockholder return (stock price appreciation plus reinvested dividends) relative to a defined comparison group or target over a specific performance period or periods, (3) the company's stock price, (4) the achievement by an individual, group of individuals, the company, or a business unit or division of the company, parent or subsidiary of a specified target, or target growth in, relative to a defined comparison group or otherwise, revenues, net income or earnings per share, or including but not limited to, targets based, in whole or part, on funds from operations (adjusted or otherwise), net asset value, asset quality, same store revenue growth, same store expense growth, net operating income (including, but not limited to, same store net operating income), operating margin, development or redevelopment activities (including, but not limited to, development or redevelopment funds from operations), lease-up activities, funds from operations pay-out ratio, net financial capabilities (including, but not limited to,

Table of Contents

with respect to cash, liquid receivables, available lines of credit or debt maturities), leverage ratio, balance sheet, credit rating, debt maturity, liquidity, credit capacity, fixed charges (including, but not limited to, fixed charge ratios), debt, net debt, earnings before or after taxes, interest, depreciation, or amortization, transactions (including, but not limited to, consummation of acquisitions, sales, joint ventures or financings), portfolio enhancement, mitigation plans or strategies or (4) the achievement of objectively determinable goals with respect to service or product delivery, service or product quality, sales or marketing (including, but not limited to, web traffic, technology penetration, web platform (including, but not limited to, social networking platform), online leasing, concierge services or call centers), customer retention or satisfaction, expansion of revenue or income streams, sourcing of low cost capital, operational efficiencies, dividend growth, earnings multiple improvement, meeting budgets, staffing, retention, growth, development, engagement, integration, succession and/or reviewing performance of employees, business or strategic plans, investor communications or relations, compliance (including, but not limited to, with respect to accounting, tax, external or regulatory filings, internal financial reporting, audits (including, but not limited to, internal audits) or contract policies), financial planning or analysis or (5) any combination or subset of the goals set forth in (1) through (4) of the foregoing.

Finally, the stockholders are being asked to approve the material terms of the Plan so that the company will continue to have the ability to grant performance-based awards (in addition to stock options and stock appreciation rights) that are intended to be exempt from the \$1 million deductibility limit under Section 162(m) of the Code. Under Section 162(m), the federal income tax deductibility of compensation paid to our Chief Executive Officer and to each of our three other most highly-compensated executive officers (other than the Chief Financial Officer) may be limited to the extent that such compensation exceeds \$1 million in any one year. Under Section 162(m), we may deduct compensation in excess of that amount if it qualifies as performance-based compensation, as defined in Section 162(m). Re-approval for Section 162(m) is required every five years, and we last obtained this re-approval in 2009, therefore stockholder re-approval of the material terms of the Plan will not be required again under Section 162(m) until 2019. Obtaining stockholder approval is only one of several conditions that must be satisfied for awards under the Plan to qualify as performance-based compensation, and the rules and regulations promulgated under Section 162(m) are complicated and subject to change from time to time, potentially with retroactive effect. Accordingly, it is possible that awards intended to qualify as performance-based compensation could be determined by the Internal Revenue Service not to so qualify. In addition, the Compensation Committee may choose to provide awards under the Plan that are not intended to qualify as performance-based compensation.

What happens if stockholders do not approve the amended and restated Plan?

In the event stockholders do not vote to approve the amended and restated Plan, the Plan will still remain in effect. However, in that event, we will be limited to the 16,000,000 shares that are currently reserved for issuance under the Plan, the Plan will not provide for cash-based awards, the list of performance goals for performance-based compensation under the plan will be limited, and we will be limited in our ability to issue awards under the plan in the future. The maximum fair market value of any award (other than options and stock appreciation rights) that may be received by a participant (less any consideration paid by the participant for such award) during any one calendar year under the Plan will be \$5,000,000. In addition, in that event our ability to grant performance based awards (other than stock options and stock appreciation rights) that are intended to be exempt from the Section 162(m) deductibility limit will terminate in 2014, rather than 2019.

How many shares are reserved for issuance under the Plan?

We have presently reserved 16,000,000 shares for issuance upon the grant or exercise of awards pursuant to the Plan. In the event that stockholders approve the Plan as amended and restated, the number of shares reserved for issuance under the Plan will increase by 3,000,000 shares from 16,000,000 shares to 19,000,000 shares, subject to adjustment in the event of a corporate transaction (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off,

Table of Contents

combination or exchange of shares). As of February 28, 2014 there were 7,126,547 shares of common stock available for grant under the plan, and 4,433,959 shares of restricted stock have been awarded. As of February 28, 2014, the fair market value of a share of our common stock as reported on the New York Stock Exchange was \$25.81.

Who is eligible to participate in the Plan?

Employees, officers, consultants and directors of us or of any parent or subsidiary companies.

What awards are authorized under the Plan?

The Plan authorizes the granting of awards in any of the following forms:

options to purchase shares of common stock;

stock appreciation rights;

restricted stock;

performance units;

dividend equivalents;

other stock-based awards;

if the stockholders vote to amend and restate the plan, cash-based awards;

any other right or interest relating to common stock; or

cash.

Are there any limitations on the size of awards that may be granted?

The maximum number of shares of our common stock with respect to one or more options and/or stock appreciation rights that may be granted during any one calendar year under the Plan to any one person is 5,000,000 shares of common stock. If the stockholders approve the Plan as amended and restated, the maximum number of shares of our common stock with respect to any award (other than options, stock appreciation rights and cash-based awards) that is intended to constitute performance-based compensation under the Plan and that may be received by a participant during any one calendar year under the plan will be 1,000,000 shares of common stock. If the stockholders approve the Plan as amended and restated, for cash-based awards that are intended to constitute performance-based compensation under the Plan, with respect to each twelve month period that constitutes or is part of each applicable performance period, the maximum amount that may be paid to a participant pursuant to such awards will be \$10,000,000 (this limitation will be prorated for any performance period consisting of fewer than twelve months).

Who administers the Plan?

The Plan is administered by our Compensation Committee. The Compensation Committee has the authority to designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it may deem advisable to administer the Plan; and make all other decisions and determinations that may be required under the Plan. Our board may at any time administer the Plan. If it does so, it will have all the powers of the Compensation Committee.

Table of Contents***Can adjustments be made to the per-share exercise or base price of option awards?***

In no case (except due to an adjustment to reflect a stock split or similar event or any repricing that may be approved by stockholders) will any adjustment be made to a stock option or stock appreciation right award under the Plan (by amendment, cancellation and re-grant, substitution, exchange, buyout or other means) that would constitute a repricing of the per-share exercise price of the stock option award or the grant price of the stock appreciation right.

How will awards be made?

Stock Options. The Compensation Committee is authorized to grant incentive stock options or non-qualified stock options under the Plan. The terms of an incentive stock option are intended to meet the requirements of Section 422 of the Code. All options will be evidenced by a written award agreement with the participant, which will include any provisions specified by the Compensation Committee. However, the exercise price of an option may not be less than the fair market value of the underlying stock on the date of grant. No option may have a term of more than ten years. In addition, the Compensation Committee is not permitted to grant options with a re-load feature, which provides for the automatic grant of a new option if the optionee delivers shares of stock as full or partial payment of the exercise price of the original option.

Stock Appreciation Rights. The Compensation Committee may grant stock appreciation rights under the Plan. Upon the exercise of a stock appreciation right, the participant has the right to receive the excess, if any, of the fair market value of one share of our common stock on the date of exercise, over the grant price of the stock appreciation right as determined by the Compensation Committee, which will not be less than the fair market value of one share of our common stock on the date of grant. All awards of stock appreciation rights will be evidenced by an award agreement, reflecting the terms, methods of exercise, methods of settlement, form of consideration payable in settlement, and any other terms and conditions of the stock appreciation right, as determined by the Compensation Committee at the time of grant. No stock appreciation right may have a term of more than ten years.

Restricted Stock Awards. The Compensation Committee may make awards of restricted stock to participants, which will be subject to such restrictions on transferability and other restrictions as the Compensation Committee may impose (including, without limitation, limitations on the right to vote restricted stock or the right to receive dividends, if any, on the restricted stock).

Performance Units. The Compensation Committee is authorized to grant performance units to participants subject to such terms and conditions as may be selected by the Compensation Committee. Performance units do not represent any actual ownership interest in the company. The units can ultimately be paid in cash or shares of our common stock as determined by the Compensation Committee.

Dividend Equivalents. The Compensation Committee is authorized to grant dividend equivalents to participants subject to such terms and conditions as may be selected by the Compensation Committee. Dividend equivalents entitle the participant to receive payments equal to dividends with respect to all or a portion of the number of shares of our common stock, as determined by the Compensation Committee. The Compensation Committee may provide that dividend equivalents be paid or distributed when accrued or be deemed to have been reinvested in additional shares of our common stock or otherwise reinvested. Dividend equivalents may not be granted with respect to options or stock appreciation rights. Dividend equivalents granted with respect to performance units may not be paid except to the extent the underlying shares of stock have been earned.

Other Stock-Based Awards. The Compensation Committee may, subject to limitations under applicable law, grant to participants such other awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to shares of our common stock as deemed by the Compensation Committee to be

Table of Contents

consistent with the purposes of the Plan, including without limitation, shares of our common stock awarded purely as a bonus and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into shares of our common stock, and awards valued by reference to book value of shares of our common stock or the value of securities of or the performance of specified parents or subsidiaries. The Compensation Committee will determine the terms and conditions of any such awards.

Other Cash-Based Awards. The Compensation Committee may, subject to limitations under applicable law, grant to participants awards denominated in cash and that may be settled in cash and/or shares of stock, as deemed by the Compensation Committee to be consistent with the purposes of the Plan. The Compensation Committee will determine the terms and conditions of any such awards.

Performance Goals. The Compensation Committee may determine that any award will be determined solely on the basis of:

the achievement by the company or a parent or subsidiary of a specified target return, or target growth in return, on equity or assets;

the company's total stockholder return (stock price appreciation plus reinvested dividends) relative to a defined comparison group or target over a specific performance period or periods;

the company's stock price;

the achievement by an individual, group of individuals, the company, or a business unit or division of the company, parent or subsidiary of a specified target, or target growth in, relative to a defined comparison group or otherwise, revenues, net income or earnings per share, or including but not limited to, targets based, in whole or part, on funds from operations (adjusted or otherwise), net asset value, asset quality, same store revenue growth, same store expense growth, net operating income (including, but not limited to, same store net operating income), operating margin, development or redevelopment activities (including, but not limited to, development or redevelopment funds from operations), lease-up activities, funds from operations pay-out ratio, net financial capabilities (including, but not limited to, with respect to cash, liquid receivables, available lines of credit or debt maturities), leverage ratio, balance sheet, credit rating, debt maturity, liquidity, credit capacity, fixed charges (including, but not limited to, fixed charge ratios), debt, net debt, earnings before or after taxes, interest, depreciation, or amortization, transactions (including, but not limited to, consummation of acquisitions, sales, joint ventures or financings), portfolio enhancement, mitigation plans or strategies;

the achievement of objectively determinable goals with respect to service or product delivery, service or product quality, sales or marketing (including, but not limited to, web traffic, technology penetration, web platform (including, but not limited to, social networking platform), online leasing, concierge services or call centers), customer retention or satisfaction, expansion of revenue or income streams, sourcing of low cost capital, operational efficiencies, dividend growth, earnings multiple improvement, meeting budgets, staffing, retention, growth, development, engagement, integration, succession and/or reviewing performance of employees, business or strategic plans, investor communications or relations, compliance (including, but not limited to, with respect to accounting, tax, external or regulatory filings, internal financial reporting, audits (including, but not limited to, internal audits) or contract policies), financial planning or analysis; or

any combination or subset of the goals set forth above.

If an award is made on such basis, the Compensation Committee must establish goals prior to the beginning of the period for which such performance goal relates (or such later date as may be permitted under applicable tax regulations) and the Compensation Committee may for any reason reduce (but not increase) any award, notwithstanding the achievement of a specified goal. Any payment of an award granted with performance goals will be conditioned on the written certification of the Compensation Committee in each case that the performance goals and any other material conditions were satisfied.

Table of Contents***What are the limitations on transfer and beneficiaries?***

No award will be assignable or transferable by a participant other than by will or the laws of descent and distribution or, except in the case of an incentive stock option, pursuant to a qualified domestic relations order; provided, however, that the Compensation Committee may (but need not) permit other transfers where the Compensation Committee concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the Compensation Committee, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Will awards be accelerated upon certain events?

Unless otherwise provided in an award agreement, upon a participant's death, disability or retirement, all of his or her outstanding options, stock appreciation rights, and other awards in the nature of rights that may be exercised will become fully exercisable and all restrictions on his or her outstanding awards will lapse. Any of his or her options or stock appreciation rights will thereafter continue or lapse in accordance with the other provisions of the Plan and the award agreement, except that in the case of retirement such awards will remain exercisable for the full original term. Unless otherwise provided in an award agreement, upon the occurrence of a change in control of the company (as defined in the Plan), all outstanding options, stock appreciation rights, and other awards in the nature of rights that may be exercised will become fully vested and all restrictions on all outstanding awards will lapse. In addition, the Compensation Committee may at its discretion declare any or all awards to be fully vested, and/or all restrictions on all outstanding awards to lapse. The Compensation Committee may discriminate among participants or among awards in exercising such discretion.

Can the Plan be terminated or amended?

The Plan is for an indefinite term but the board or the Compensation Committee may, at any time and from time to time, terminate, amend or modify the Plan without stockholder approval; but they may condition any amendment on the approval of our stockholders if such approval is necessary or deemed advisable under tax, securities or other applicable laws, policies or regulations. No termination or amendment of the Plan may adversely affect any award previously granted under the Plan without the written consent of the participant. The Compensation Committee may amend or terminate outstanding awards. However, such amendments may require the consent of the participant and, unless approved by the stockholders or permitted by the anti-dilution provisions of the Plan, the exercise price of an outstanding option or the grant price of any outstanding stock appreciation right may not be reduced.

What are the U.S. federal tax effects of awards granted under the Plan?

The following summary of the U.S. federal income tax consequences of awards granted under the Plan is based upon federal income tax laws in effect on the date of this proxy statement. This summary does not purport to be complete, and does not discuss non-U.S., state or local tax consequences.

Non-Qualified Stock Options. The grant of a non-qualified stock option under the Plan will not result in any federal income tax consequences to the participant or to us. Upon exercise of a non-qualified stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares on the date of exercise. This income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by

Table of Contents

Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares of common stock will receive long- or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. We do not receive a tax deduction for any such gain.

Absent special limitations on exercisability, in the event a non-qualified stock option is granted with an exercise price less than 100% of the fair market value of our common stock on the date of grant or amended in certain respects, such option may be considered deferred compensation and subject to Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation, plus potential penalties and interest.

Incentive Stock Options. The grant of an incentive stock option under the Plan will not result in any federal income tax consequences to the participant or to us. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and we receive no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares of common stock. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. We are not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods, he or she must recognize ordinary income in the year of the disposition (referred to as a disqualifying disposition). The amount of such ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. We, in the year of the disqualifying disposition, are entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the participant's total compensation is deemed reasonable in amount.

The spread under an incentive stock option i.e., the difference between the fair market value of the shares at exercise and the exercise price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the same calendar year in which the incentive stock options are exercised. However, such a sale of shares within the same year of exercise will constitute a disqualifying disposition, as described above.

In the event an incentive stock option is amended in certain respects, such option may be considered deferred compensation and subject to the rules of Section 409A of the Code, which provide rules regarding the timing of the payment of deferred compensation. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A of the Code can result in the acceleration of income recognition, an additional 20% tax obligation, plus potential penalties and interest. In addition, the amendment of an incentive stock option may convert the option from an incentive stock option to a nonqualified stock option.

Restricted Stock. The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject

Table of Contents

to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. We do not receive a tax deduction for any such gain.

Recipients of restricted stock may make an election under Section 83(b) of the Code to recognize as ordinary compensation income in the year that such restricted stock is granted, the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. The Section 83(b) election must be made within thirty days from the time the restricted stock is issued.

Stock Appreciation Rights. Recipients of stock appreciation rights generally should not recognize income until the stock appreciation right is exercised (assuming there is no ceiling on the value of the right). Upon exercise, the participant will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value the shares, if any, received upon such exercise. Participants who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of a stock appreciation right. Participants will recognize gain upon the disposition of any shares received on exercise of a stock appreciation right equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long- or short-term capital gain, depending on whether the shares were held for more than one year.

We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount.

A stock appreciation right can be considered deferred compensation and subject to Section 409A of the Code. A stock appreciation right that does not meet the requirements of Section 409A of the Code, such as with respect to the timing of the delivery of cash or shares following vesting, can result in the acceleration of income recognition, an additional 20% tax obligation, plus potential penalties and interest.

Performance Units. Recipients of performance units generally should not recognize income until such units are converted into cash or shares of stock. Upon conversion, the participant will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such conversion. Participants who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon conversion of the performance units. Participants will recognize gain upon the disposition of any shares received upon conversion of the performance units equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long- or short-term capital gain, depending on whether the shares were held for more than one year.

We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount.

Performance units also can be considered non-qualified deferred compensation and subject to the rules of Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. A grant of performance units that does not meet the requirements of Section 409A of the Code can result in the acceleration of income recognition, an additional 20% tax obligation, plus potential penalties and interest to such participant.

Table of Contents

Dividends and Dividend Equivalents. Recipients of stock-based awards that earn dividends or dividend equivalents will recognize taxable ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards, which income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the individual's total compensation is deemed reasonable in amount.

FREQUENTLY ASKED QUESTIONS ABOUT THE ANNUAL MEETING

Why did you provide this proxy statement to me?

We are providing this proxy statement and proxy card to you on the Internet or, upon your request, we are sending printed versions of this proxy statement and proxy card to you by mail, because you owned shares of our common stock and/or our Series E preferred stock or our Series F preferred stock at the close of business on March 24, 2014, which is the record date for the meeting. This proxy statement describes matters on which we would like you, as a stockholder, to vote. It also gives you information on these matters so that you can make an informed decision.

The holders of shares of our common stock and our Series E and Series F preferred stock outstanding at the close of business on the record date are entitled to receive notice of the meeting and are entitled to one vote for each share held on each proposal presented at the meeting. Cumulative voting is not permitted. At the record date of March 24, 2014, we had 251,439,127 shares of common stock, 2,803,812 shares of our Series E preferred stock and 2,464,183 shares of Series F preferred stock issued and outstanding.

When you vote, you appoint James D. Klingbeil and Thomas W. Toomey, or either of them, as your representatives at the meeting. Messrs. Klingbeil and Toomey will vote your shares at the meeting as you instructed them when you voted. This way, your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, you should vote by telephone, through the Internet or, if you have requested and received a paper copy of the proxy statement, by completing, signing and returning the paper proxy card enclosed with this proxy statement in advance of the meeting, just in case your plans change.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules and regulations adopted by the SEC, instead of mailing a printed copy of our proxy materials to each stockholder of record, we may furnish proxy materials, including this proxy statement and our 2013 Annual Report, by providing access to such documents on the Internet. Most stockholders will not receive printed copies of the proxy materials unless they request them, in which case printed copies of the proxy materials will be provided at no charge.

Instead of mailing a printed copy of our proxy materials to each stockholder of record, a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) was mailed to such stockholders on or about April 9, 2014 that instructs you as to how you may access and review all of the proxy materials on the Internet. The Notice of Internet Availability also instructs you as to how you may submit your proxy on the Internet or by telephone.

Any stockholder may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis by following the instructions set forth in the Notice of Internet Availability. Choosing to receive future proxy materials by e-mail will save us the cost of printing and delivering documents to stockholders and will reduce the environmental impact of our annual meetings. A stockholder's election to receive proxy materials by e-mail will remain in effect until the stockholder terminates the election.

What constitutes a quorum in order to hold and transact business at the meeting?

The presence, in person or by proxy, of holders of at least a majority of the total number of shares of our outstanding common stock, Series E preferred stock and Series F preferred stock, taken together, as of the record date, constitutes a quorum that is required to hold the meeting and to conduct business. If a quorum is not present at the meeting, the meeting may be adjourned from time to time until a quorum is obtained. Your shares will be counted as being present at the meeting if you vote your shares in person at the meeting, if you vote your shares by telephone or through the Internet, or if you submit a properly executed proxy card. Votes against a particular proposal will be counted to determine the presence of a quorum. Abstentions, broker non-votes, which are explained below, and shares as to which authority to vote on any proposal is withheld, are each included in the determination of the number of shares present at the meeting for purposes of obtaining a quorum. Each will be tabulated separately.

How do I vote?

For Shares Directly

Registered in Your

Name:

If you hold your shares in your own name as holder of record with Wells Fargo Shareowner Services, there are four different ways to vote:

Internet: You can go to www.proxyvote.com and vote through the Internet.

Telephone: You can submit your vote by proxy over the telephone by following the instructions provided on the separate proxy card if you received a printed set of the proxy materials.

Mail: If you have requested and received a paper copy of the proxy statement, you can mark, sign, date and return the paper proxy card enclosed with the proxy statement in the postage-paid envelope that we have provided to you. Please note that if you vote through the Internet or by telephone, you do not need to return your proxy card.

In person: If you are a stockholder as of the record date, you may vote in person at the meeting. Submitting a proxy prior to the meeting will not prevent a stockholder from attending the meeting and voting in person.

All valid proxies received and not revoked prior to the meeting will be voted in accordance with each stockholder's instructions.

For Shares Held in

Street Name:

Edgar Filing: UDR, Inc. - Form DEF 14A

If your shares are held by a brokerage firm, bank or other nominee (i.e., in street name), you will receive instructions from your nominee that you must follow in order to have your shares voted. Street name stockholders who wish to vote in person at the meeting will need to obtain a proxy form from the brokerage firm, bank or other nominee that holds their shares of record.

In addition, a number of brokers and banks are participating in a program provided through Broadridge Financial Solutions, Inc. (Broadridge) that offers telephone and Internet voting options. This program is different from the program provided by Wells

Fargo Shareowner Services for shares registered directly in the name of the stockholder. If your shares are held in an account with a broker or a bank participating in the Broadridge program, you may vote those shares telephonically by calling the telephone number shown on the voting form received from your broker or bank, or via the Internet at the Broadridge voting website (*www.proxyvote.com*).

How will my proxy be voted?

All shares represented by properly executed proxies received in time for the meeting will be voted at the meeting in accordance with the instructions marked thereon or otherwise as provided therein, unless such proxies have previously been revoked. Unless instructions to the contrary are marked, or if no instructions are specified, shares represented by proxies will be voted:

FOR the election of all nominees for director.

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2014.

FOR the approval, on an advisory basis, of the compensation of our named executive officers disclosed in this proxy statement.

FOR the approval of the Amended and Restated 1999 Long-Term Incentive Plan.

Will other matters be voted on at the annual meeting?

We have not received notice of any other matters that may properly be presented at the meeting. However, if a matter comes up for vote at the meeting that is not described in this proxy statement or listed on the proxy card, Messrs. Klingbeil and Toomey will vote your shares, under your proxy, in their discretion. It is the intention of Messrs. Klingbeil and Toomey to vote the shares they represent as directed by the board.

Can I revoke my proxy and change my vote?

Yes. If you are a record holder of your shares, you may revoke your proxy at any time prior to the date of the meeting by:

submitting a later-dated vote in person at the meeting, through the Internet, by telephone or, if you originally voted by returning a paper proxy card to us, by mail; or

delivering instructions to the attention of the Corporate Secretary at 1745 Shea Center Drive, Suite 200, Highlands Ranch, Colorado 80129-1540. Any notice of revocation sent to us must include the stockholder's name and must be received prior to the date of the meeting to be effective.

If you hold your shares in street name, you should follow the directions provided by your broker or other nominee regarding how to revoke your proxy.

What vote is required for the proposals if a quorum is present?

The affirmative vote of a plurality of the votes cast with respect to Proposal No. 1 is required to elect directors.

The affirmative vote of a majority of the votes cast is required to approve Proposal No. 2, the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2014.

Table of Contents

The affirmative vote of a majority of the votes cast is required to approve, on an advisory basis, the compensation of our named executive officers disclosed in this proxy statement, as specified in Proposal No. 3.

The affirmative vote of a majority of the votes cast is required to approve the Amended and Restated 1999 Long-Term Incentive Plan.

What is an abstention, and how will it affect the vote on a proposal?

An abstention occurs when the beneficial owner of shares is present, in person or by proxy, and entitled to vote at the meeting (or when a nominee holding shares for a beneficial owner is present and entitled to vote at the meeting), but such person does not vote on the particular proposal. For purposes of Proposal Nos. 1, 2 and 3, abstentions will not be counted as votes cast and will have no effect on the results of the vote with respect to such proposals. In accordance with the rules of the NYSE, abstentions will be counted as votes cast for purposes of Proposal No. 4 and will have the effect of a vote against Proposal No. 4. Abstentions will be considered present for the purpose of determining the presence of a quorum.

What are broker non-votes, and how will they affect the vote on a proposal?

A broker non-vote occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Under applicable rules, brokers or other nominees have discretionary voting power with respect to matters that are considered routine, but not with respect to non-routine matters. A broker or other nominee cannot vote without instructions on non-routine matters, therefore there may be broker non-votes on any such proposals. Broker non-votes will have no effect on the voting results for the Proposals, although they will be considered present for the purpose of determining the presence of a quorum.

The effect of broker non-votes is summarized in the table below:

	Proposal No. 1: Election of Directors Non-routine	Proposal No. 2: Ratification of Independent Registered Public Accounting Firm Routine	Proposal No. 3: Advisory Vote on Executive Compensation Non-Routine	Proposal No. 4: Approval of the Amended and Restated 1999 Long-Term Incentive Plan Non-Routine
Status of the matter				
Possibility of broker non-votes on the Proposal	Yes	No	Yes	Yes
Status of broker non-votes for purposes of determining whether stockholder approval has been obtained for the Proposal	Broker non-votes are not deemed to be votes cast	N/A	Broker non-votes are not deemed to be votes cast	Broker non-votes are not deemed to be votes cast
Status of broker non-votes for quorum purposes	Considered present	N/A	Considered present	Considered present

Who will tabulate the votes?

Broadridge will tabulate votes cast by proxy by an automated system. Votes cast by proxy or in person at the meeting will be counted by the persons appointed by us to act as election inspectors for the meeting.

Who is soliciting the proxy, and who will pay for the proxy solicitation?

This solicitation is being made on behalf of our board, but may also be made without additional remuneration by our officers or employees by telephone, telegraph, facsimile transmission, e-mail or personal interview. We will bear the expense of the preparation, printing and delivery of the enclosed form of proxy, notice of annual meeting of stockholders and this proxy statement and any additional materials relating to the meeting that may be furnished to our stockholders by our board subsequent to the furnishing of this proxy statement. We will reimburse banks and brokers who hold shares in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. To obtain the necessary representation of stockholders at the meeting, supplementary solicitations may be made by mail, telephone or interview by our officers or employees, without additional compensation.

Where do I find the voting results of the meeting?

We will announce the preliminary voting results at the meeting and publish the final results in a Current Report on Form 8-K filed with the SEC within four business days following the meeting.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC. Such executive officers, directors and 10% stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) reports they file.

To our knowledge, based solely on our review of the copies of such forms received by us or written representations from certain reporting persons that no Form 5s were required for such persons, we believe that, during fiscal 2013, our executive officers, directors and 10% stockholders complied with all applicable Section 16(a) filing requirements.

Delivery of Voting Materials

To reduce the expenses of delivering duplicate materials to our stockholders, we are delivering one copy of the Notice of Internet Availability to stockholders who share the same address unless otherwise requested. The Notice of Internet Availability will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice of Internet Availability also instructs you as to how you may submit your proxy through the Internet. If you would like to receive a paper or e-mail copy of the proxy materials, you should follow the instructions for requesting such materials in the Notice of Internet Availability.

If you share an address with another stockholder and have received only one copy of the Notice of Internet Availability, and would like to request a separate copy of the Notice of Internet Availability, you may write or call us to request a separate copy of the Notice of Internet Availability at no cost to you. For future annual meetings, you may request a separate copy of the Notice of Internet Availability or request that we only send one copy of the Notice of Internet Availability to you if you are receiving multiple copies by calling us at (720) 283-6120 or by writing to us to the attention of Investor Relations, 1745 Shea Center Drive, Suite 200, Highlands Ranch, Colorado 80129-1540.

Subject to stockholder approval, the Plan was amended and restated by the Board of Directors on March 12, 2009 generally as follows: (i) to increase the number of shares of Stock available for issuance pursuant to Awards from 4,000,000 to 16,000,000; (ii) to provide that the maximum Fair Market Value of any Awards, other than Options or Stock Appreciation Rights, that may be received by a Participant during any one calendar year shall be \$5,000,000, (iii) to provide that the maximum number of shares of Stock with respect to one or more Options and/or Stock Appreciation Rights that may be granted during any one calendar year under the Plan to any one Participant shall be 5,000,000 shares and (iv) to provide that Awards (other than Options or Stock Appreciation Rights) granted from and after the approval of the Plan at the Company's 2009 Annual Meeting of Stockholders shall count against the Plan reserve as 2.28 shares of Stock for each share of Stock actually subject to the Award.

ADMINISTRATION

4.1 COMMITTEE. The Plan shall be administered by the Compensation Committee of the Board or, at the discretion of the Board from time to time, by the Board. The Committee shall consist of two or more members of the Board. It is intended that the directors appointed to serve on the Committee shall be non-employee directors (within the meaning of Rule 16b-3 promulgated under the 1934 Act) and outside directors (within the meaning of Code Section 162(m) and the regulations thereunder) to the extent that Rule 16b-3 and, if necessary for relief from the limitation under Code Section 162(m) and such relief is sought by the Company, Code Section 162(m), respectively, are applicable. However, the mere fact that a Committee member shall fail to qualify under either of the foregoing requirements shall not invalidate any Award made by the Committee, which Award is otherwise validly made under the Plan. The members of the Committee shall be appointed by, and may be changed at any time and from time to time in the discretion of, the Board. During any time that the Board is acting as administrator of the Plan, it shall have all the powers of the Committee hereunder, and any reference herein to the Committee (other than in this Section 4.1) shall include the Board.

4.2 ACTION BY THE COMMITTEE. For purposes of administering the Plan, the following rules of procedure shall govern the Committee. A majority of the Committee shall constitute a quorum. The acts of a majority of the members present at any meeting at which a quorum is present, and acts approved unanimously in writing by the members of the Committee in lieu of a meeting shall be deemed the acts of the Committee. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company or any Parent or Subsidiary, the Company's independent certified public accountants, or any executive compensation consultant or other professional retained by the Company to assist in the administration of the Plan.

4.3 **AUTHORITY OF COMMITTEE**. The Committee has the exclusive power, authority and discretion to do the following; except as such discretion shall be delegated as provided below in this Section 4.3:

- (a) Designate Participants;
- (b) Determine the type or types of Awards to be granted to each Participant;
- (c) Determine the number of Awards to be granted and the number of shares of Stock to which an Award will relate;
- (d) Determine the terms and conditions of any Award granted under the Plan, including but not limited to, the exercise price, grant price, or purchase price, any restrictions or limitations on the Award, any schedule for lapse of forfeiture restrictions or restrictions on the exercisability of an Award, and accelerations or waivers thereof, based in each case on such considerations as the Committee in its sole discretion determines;
- (e) Accelerate the vesting, exercisability or lapse of restrictions of any outstanding Award, based in each case on such considerations as the Committee in its sole discretion determines;
- (f) Determine whether, to what extent, and under what circumstances an Award may be settled in, or the exercise price of an Award may be paid in, cash, Stock, other Awards, or other property, or an Award may be canceled, forfeited, or surrendered;
- (g) Prescribe the form of each Award Agreement, which need not be identical for each Participant;
- (h) Decide all other matters that must be determined in connection with an Award;
- (i) Establish, adopt or revise any rules and regulations as it may deem necessary or advisable to administer the Plan;
- (j) Make all other decisions and determinations that may be required under the Plan or as the Committee deems necessary or advisable to administer the Plan; and
- (k) Amend the Plan or any Award Agreement as provided herein.

Notwithstanding the above, the Board or the Committee may expressly delegate to a special committee consisting of one or more directors who are also officers of the Company some or all of the Committee's authority under subsections (a) through (g) above with respect to those eligible Participants who, at the time of grant are not, and are not anticipated to become, either (i) Covered Employees or (ii) persons subject to the insider trading rules of Section 16 of the 1934 Act.

ARTICLE 5

SHARES SUBJECT TO THE PLAN

5.1 **NUMBER OF SHARES**. Subject to adjustment as provided in Section 15.1, the aggregate number of shares of Stock reserved and available for Awards or which may be used to provide a basis of measurement for or to determine the value of an Award (such as with a Stock Appreciation Right or Performance Unit Award) shall be 16,000,000. The maximum number of shares of Stock that may be issued subject to Incentive Stock Options shall

Table of Contents

be 16,000,000 shares. Awards (other than Options or Stock Appreciation Rights) granted from and after the approval of the Plan at the Company's 2009 Annual Meeting of Stockholders, shall be counted against this number as 2.28 shares of Stock for each share of Stock actually subject to the Award.

5.2 **LAPSED AWARDS**. To the extent that an Award is canceled, terminates, expires, is forfeited or lapses for any reason, any shares of Stock subject to the Award will again be available for the grant of an Award under the Plan and shares subject to SARs or other Awards settled in cash will be available for the grant of an Award under the Plan. Shares of Stock that are (a) not issued or delivered as a result of the net settlement of a Stock Appreciation Right or Option, (b) used to pay the exercise price or withholding taxes related to an outstanding Award, or (c) repurchased on the open market with the proceeds of the Option exercise price shall not again become available for issuance under the Plan. If shares subject to an Award again become available under the Plan pursuant to this Section 5.2, the number of shares that become available shall equal the number of shares that counted against the Plan reserve pursuant to Section 5.1.

5.3 **STOCK DISTRIBUTED**. Any Stock distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Stock, treasury Stock or Stock purchased on the open market.

5.4 **LIMITATION ON AWARDS**. Notwithstanding any provision in the Plan to the contrary (but subject to adjustment as provided in Section 15.1), the maximum number of shares of Stock with respect to one or more Options and/or SARs that may be granted during any one calendar year under the Plan to any one Participant shall be 5,000,000. The maximum number of shares of Stock with respect to Awards (other than Options, SARs and/or Cash-Based Awards) that are intended to constitute qualified performance-based compensation under Code Section 162(m) that may be received by a Participant during any one calendar year under the Plan shall be 1,000,000. For Cash-Based Awards that are intended to constitute qualified performance-based compensation under Code Section 162(m), with respect to each twelve month period that constitutes or is part of each performance period, the maximum amount that may be paid to a Participant pursuant to such Awards shall be \$10,000,000. In addition, the foregoing limitation shall be prorated for any performance period consisting of fewer than twelve months by multiplying such limitation by a fraction, the numerator of which is the number of months in the performance period and the denominator of which is twelve.

ARTICLE 6

ELIGIBILITY

6.1 **GENERAL**. Awards may be granted only to individuals who are employees, officers, consultants or directors of the Company or a Parent or Subsidiary.

ARTICLE 7

STOCK OPTIONS

7.1 **GENERAL**. The Committee is authorized to grant Options to Participants on the following terms and conditions:

(a) **EXERCISE PRICE**. The exercise price per share of Stock under an Option shall be determined by the Committee, but shall in no event be less than the Fair Market Value of one share of Stock on the date of grant.

(b) **TIME AND CONDITIONS OF EXERCISE**. The Committee shall determine the time or times at which an Option may be exercised in whole or in part, subject to Section 7.1(e). The Committee also shall determine the performance or other conditions, if any, that must be satisfied before all or part of an Option may be exercised or

Table of Contents

vested. The Committee may waive any exercise or vesting provisions at any time in whole or in part based upon factors as the Committee may determine in its sole discretion so that the Option becomes exercisable or vested at an earlier date. The Committee may permit an arrangement whereby receipt of Stock upon exercise of an Option is delayed until a specified future date.

(c) PAYMENT. The Committee shall determine the methods by which the exercise price of an Option may be paid, the form of payment, including, without limitation, cash, shares of Stock, or other property (including cashless exercise arrangements), and the methods by which shares of Stock shall be delivered or deemed to be delivered to Participants; provided that if shares of Stock are used to pay the exercise price of an Option, such shares must have been held by the Participant for the minimum period required to avoid an adverse accounting impact for the Company. When shares of Stock are delivered, such delivery may be by attestation of ownership or actual delivery.

(d) EVIDENCE OF GRANT. All Options shall be evidenced by a written Award Agreement between the Company and the Participant. The Award Agreement shall include such provisions, not inconsistent with the Plan, as may be specified by the Committee.

(e) EXERCISE TERM. In no event may any Option be exercisable for more than ten years from the date of its grant.

(f) NO RE-LOAD OPTIONS. The Committee shall not provide in an Award Agreement, or in an amendment thereto, for the automatic grant of a new Option to any Participant who delivers shares of Stock as full or partial payment of the exercise price of the original Option.

7.2 INCENTIVE STOCK OPTIONS. The terms of any Incentive Stock Options granted under the Plan must comply with the following additional rules:

(a) EXERCISE PRICE. The exercise price per share of Stock shall be set by the Committee, provided that the exercise price for any Incentive Stock Option shall not be less than the Fair Market Value as of the date of the grant.

(b) EXERCISE. In no event may any Incentive Stock Option be exercisable for more than ten years from the date of its grant.

(c) LAPSE OF OPTION. An Incentive Stock Option shall lapse under the earliest of the following circumstances; provided, however, that the Committee may, prior to the lapse of the Incentive Stock Option under the circumstances described in paragraphs (3), (4) and (5) below, provide in writing that the Option will extend until a later date, but if an Option is exercised after the dates specified in paragraphs (3), (4) and (5) below, it will automatically become a Non-Qualified Stock Option:

(1) The Incentive Stock Option shall lapse as of the option expiration date set forth in the Award Agreement.

(2) The Incentive Stock Option shall lapse ten years after it is granted, unless an earlier time is set in the Award Agreement.

(3) If the Participant terminates employment for any reason other than as provided in paragraph (4) or (5) below, the Incentive Stock Option shall lapse, unless it is previously exercised, three months after the Participant's termination of employment; provided, however, that if the Participant's employment is terminated by the Company for cause or by the Participant without the consent of the Company (in either case, as determined by the Company and communicated in writing to the Participant), the Incentive Stock Option shall (to the extent not previously exercised) lapse immediately.

Table of Contents

(4) If the Participant terminates employment by reason of his Disability, the Incentive Stock Option shall lapse, unless it is previously exercised, one year after the Participant's termination of employment.

(5) If the Participant dies while employed, or during the three-month period described in paragraph (3) or during the one-year period described in paragraph (4) and before the Option otherwise lapses, the Option shall lapse one year after the Participant's death. Upon the Participant's death, any exercisable Incentive Stock Options may be exercised by the Participant's beneficiary, determined in accordance with Section 14.5.

If a Participant exercises an Option after termination of employment, the Option may be exercised only with respect to the shares that were otherwise vested on the Participant's termination of employment.

(d) **INDIVIDUAL DOLLAR LIMITATION**. The aggregate Fair Market Value (determined as of the time an Award is made) of all shares of Stock with respect to which Incentive Stock Options are first exercisable by a Participant in any calendar year may not exceed \$100,000.00.

(e) **TEN PERCENT OWNERS**. No Incentive Stock Option shall be granted to any individual who, at the date of grant, owns stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary unless the exercise price per share of such Option is at least 110% of the Fair Market Value per share of Stock at the date of grant and the Option expires no later than five years after the date of grant.

(f) **EXPIRATION OF INCENTIVE STOCK OPTIONS**. No Award of an Incentive Stock Option may be made pursuant to the Plan after the day immediately prior to the tenth anniversary of a Plan effective date under Code Section 422(b)(2).

(g) **RIGHT TO EXERCISE**. During a Participant's lifetime, an Incentive Stock Option may be exercised only by the Participant or, in the case of the Participant's Disability, by the Participant's guardian or legal representative.

(h) **DIRECTORS AND CONSULTANTS**. The Committee may not grant an Incentive Stock Option to a non-employee director or consultant. The Committee may grant an Incentive Stock Option to a director who is also an employee of the Company or Parent or Subsidiary but only in that individual's position as an employee and not as a director.

ARTICLE 8

STOCK APPRECIATION RIGHTS

8.1 **GRANT OF SARs**. The Committee is authorized to grant SARs to Participants on the following terms and conditions:

(a) **RIGHT TO PAYMENT**. Upon the exercise of a Stock Appreciation Right, the Participant to whom it is granted has the right to receive the excess, if any, of:

(1) The Fair Market Value of one share of Stock on the date of exercise; over

(2) The grant price of the Stock Appreciation Right as determined by the Committee, which shall not be less than the Fair Market Value of one share of Stock on the date of grant.

(b) **TERM OF SARs**. In no event may any Stock Appreciation Right be exercisable for more than ten years from the date of its grant.

(c) **OTHER TERMS**. All awards of Stock Appreciation Rights shall be evidenced by an Award Agreement. The terms, methods of exercise, methods of settlement, form of consideration payable in settlement, and any

other terms and conditions of any Stock Appreciation Right shall be determined by the Committee at the time of the grant of the Award and shall be reflected in the Award Agreement.

ARTICLE 9

PERFORMANCE UNITS

9.1 **GRANT OF PERFORMANCE UNITS.** The Committee is authorized to grant Performance Units to Participants on such terms and conditions as may be selected by the Committee. The Committee shall have the complete discretion to determine the number of Performance Units granted to each Participant, subject to Section 5.4. All Awards of Performance Units shall be evidenced by an Award Agreement.

9.2 **RIGHT TO PAYMENT.** A grant of Performance Units gives the Participant rights, valued as determined by the Committee, and payable to, or exercisable by, the Participant to whom the Performance Units are granted, in whole or in part, as the Committee shall establish at grant or thereafter. The Committee shall set performance goals and other terms or conditions to payment of the Performance Units in its discretion which, depending on the extent to which they are met, will determine the number and value of Performance Units that will be paid to the Participant. If the terms of a Performance Unit so provide, the Participant may elect to defer payment of the Performance Unit under an applicable deferred compensation plan maintained by the Company.

9.3 **OTHER TERMS.** Performance Units may be payable in cash, Stock, or other property, and have such other terms and conditions as determined by the Committee and reflected in the Award Agreement.

ARTICLE 10

RESTRICTED STOCK AWARDS

10.1 **GRANT OF RESTRICTED STOCK.** The Committee is authorized to make Awards of Restricted Stock to Participants in such amounts and subject to such terms and conditions as may be selected by the Committee. All Awards of Restricted Stock shall be evidenced by a Restricted Stock Award Agreement.

10.2 **ISSUANCE AND RESTRICTIONS.** Restricted Stock shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter.

10.3 **FORFEITURE.** Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of employment during the applicable restriction period or upon failure to satisfy a performance goal during the applicable restriction period, Restricted Stock that is at that time subject to restrictions shall be forfeited and reacquired by the Company; provided, however, that the Committee may provide in any Award Agreement that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

10.4 **CERTIFICATES FOR RESTRICTED STOCK.** Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing shares of Restricted Stock are registered in the name of the Participant, certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

ARTICLE 11

DIVIDEND EQUIVALENTS

11.1 **GRANT OF DIVIDEND EQUIVALENTS.** The Committee is authorized to grant Dividend Equivalents to Participants subject to such terms and conditions as may be selected by the Committee. Dividend Equivalents shall entitle the Participant to receive payments equal to dividends with respect to all or a portion of the number of shares of Stock subject to an Award, as determined by the Committee. The Committee may provide that Dividend Equivalents be paid or distributed when accrued or be deemed to have been reinvested in additional shares of Stock, or otherwise reinvested. Dividend Equivalents shall not be granted with respect to Options or SARs. Dividend Equivalents granted with respect to Performance Units may not be paid except to the extent the underlying shares of Stock have been earned.

ARTICLE 12

OTHER STOCK-BASED AWARDS

12.1 **GRANT OF OTHER STOCK-BASED AWARDS.** The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to shares of Stock, as deemed by the Committee to be consistent with the purposes of the Plan, including without limitation shares of Stock awarded purely as a bonus and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into shares of Stock, and Awards valued by reference to book value of shares of Stock or the value of securities of or the performance of specified Parents or Subsidiaries. The Committee shall determine the terms and conditions of such Awards.

ARTICLE 13

13.1 **GRANT OF OTHER CASH-BASED AWARDS.** The Committee is authorized, subject to limitations under applicable law, to grant to Participants Awards that are denominated in cash and that may be settled in cash and/or shares of Stock, as deemed by the Committee to be consistent with the purposes of the Plan. The Committee shall determine the terms and conditions of such Awards.

ARTICLE 14

PROVISIONS APPLICABLE TO AWARDS

14.1 **STAND-ALONE, TANDEM, AND SUBSTITUTE AWARDS.** Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution for, any other Award granted under the Plan. If an Award is granted in substitution for another Award, the Committee may require the surrender of such other Award in consideration of the grant of the new Award. Notwithstanding the foregoing, as provided in Section 16.1, except as provided in Section 15.1, without the consent of the stockholders, an Award may not be granted in substitution of another Award if the effect is to replace an Option or Stock Appreciation Right with an Award with a lower exercise or grant price. Awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

14.2 **EXCHANGE PROVISIONS.** The Committee may at any time offer to exchange or buy out any previously granted Award for a payment in cash, Stock, or another Award (subject to Section 15.1), based on the terms and conditions the Committee determines and communicates to the Participant at the time the offer is made, and after taking into account the tax, securities and accounting effects of such an exchange. Notwithstanding the

Table of Contents

foregoing, as provided in Section 16.1, except as provided in Section 15.1, without the consent of the stockholders an Award may not be exchanged or bought out if the effect is to lower the exercise price of the Option or the grant price of the Stock Appreciation Right.

14.3 **TERM OF AWARD.** The term of each Award shall be for the period as determined by the Committee, provided that in no event shall the term of any Incentive Stock Option or a Stock Appreciation Right granted in tandem with the Incentive Stock Option exceed a period of ten years from the date of its grant (or, if Section 7.2(e) applies, five years from the date of its grant).

14.4 **FORM OF PAYMENT FOR AWARDS.** Subject to the terms of the Plan and any applicable law or Award Agreement, payments or transfers to be made by the Company or a Parent or Subsidiary on the grant or exercise of an Award may be made in such form as the Committee determines at or after the time of grant, including without limitation, cash, Stock, other Awards, or other property, or any combination, and may be made in a single payment or transfer, in installments, or on a deferred basis, in each case determined in accordance with rules adopted by, and at the discretion of, the Committee.

14.5 **LIMITS ON TRANSFER.** No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or a Parent or Subsidiary, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or a Parent or Subsidiary. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution or, except in the case of an Incentive Stock Option, pursuant to a domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such Section applied to an Award under the Plan; provided, however, that the Committee may (but need not) permit other transfers where the Committee concludes that such transferability (i) does not result in accelerated taxation, (ii) does not cause any Option intended to be an incentive stock option to fail to be described in Code Section 422(b), and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable Awards.

14.6 **BENEFICIARIES.** Notwithstanding Section 14.5, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Agreement applicable to the Participant, except to the extent the Plan and Award Agreement otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, payment shall be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant at any time provided the change or revocation is filed with the Committee.

14.7 **STOCK CERTIFICATES.** All Stock issued under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place legends on any Stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

14.8 **ACCELERATION UPON DEATH OR DISABILITY.** Notwithstanding any other provision in the Plan and unless otherwise provided in any Participant's Award Agreement, upon the Participant's death or Disability during his employment or service as a director or consultant, all outstanding Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding Awards shall lapse. Any Option or Stock Appreciation Rights Awards shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Agreement. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(d), the excess Options shall be deemed to be Non-Qualified Stock Options.

Table of Contents

14.9 **ACCELERATION UPON RETIREMENT**. Notwithstanding any other provision in the Plan and unless otherwise provided in any Participant's Award Agreement, upon the Participant's Retirement, all outstanding Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding Awards shall lapse. Any Option or Stock Appreciation Rights Awards shall thereafter remain exercisable until the original expiration date of the Award. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(d), the excess Options shall be deemed to be Non-Qualified Stock Options.

14.10 **ACCELERATION UPON A CHANGE OF CONTROL**. Except as otherwise provided in the Award Agreement, upon the occurrence of a Change of Control, all outstanding Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding Awards shall lapse. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(d), the excess Options shall be deemed to be Non-Qualified Stock Options.

14.11 **RESERVED**.

14.12 **RESERVED**.

14.13 **EFFECT OF ACCELERATION**. In the event of a Change of Control, the Committee may, in its sole discretion, provide (i) (other than in the event of a Change of Control defined in Section 3.1(e)(4) or 3.1(e)(6)) that the Award will expire after a designated period of time to the extent not then exercised, (ii) that the Award will be settled in cash rather than Stock, (iii) that the Award will be assumed by another party to the transaction giving rise to the acceleration or otherwise be equitably converted in connection with such transaction, or (iv) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated.

14.14 **PERFORMANCE GOALS**. The Committee may determine that any Award granted pursuant to this Plan to a Participant (including, but not limited to, Participants who are Covered Employees) shall be determined solely on the basis of (a) the achievement by the Company or a Parent or Subsidiary of a specified target return, or target growth in return, on equity or assets, (b) the Company's total stockholder return (stock price appreciation plus reinvested dividends) relative to a defined comparison group or target over a specific performance period or periods, (c) the Company's stock price, (d) the achievement by an individual, group of individuals, the Company, or a business unit or division of the Company, Parent or Subsidiary of a specified target, or target growth in, relative to a defined comparison group or otherwise, revenues, net income or earnings per share, or including but not limited to, targets based, in whole or part, on funds from operations (adjusted or otherwise), net asset value, asset quality, same store revenue growth, same store expense growth, net operating income (including, but not limited to, same store net operating income), operating margin, development or redevelopment activities (including, but not limited to, development or redevelopment funds from operations), lease-up activities, funds from operations pay-out ratio, net financial capabilities (including, but not limited to, with respect to cash, liquid receivables, available lines of credit or debt maturities), leverage ratio, balance sheet, credit rating, debt maturity, liquidity, credit capacity, fixed charges (including, but not limited to, fixed charge ratios), debt, net debt, earnings before or after taxes, interest, depreciation, or amortization, transactions (including, but not limited to, consummation of acquisitions, sales, joint ventures or financings), portfolio enhancement, mitigation plans or strategies or (e) the achievement of objectively determinable goals with respect to service or product delivery, service or product quality, sales or marketing (including, but not limited to, web traffic, technology penetration, web platform (including, but not limited to, social networking platform), online leasing, concierge services or call centers), customer retention or satisfaction, expansion of revenue or income streams, sourcing of low cost capital, operational efficiencies, dividend growth, earnings multiple improvement, meeting budgets, staffing, retention, growth, development, engagement, integration, succession and/or reviewing performance of employees, business or strategic plans, investor communications or relations, compliance (including, but not limited to, with respect to accounting, tax, external or regulatory filings, internal financial reporting, audits (including, but not limited to, internal audits) or contract policies), financial planning or analysis

or (e) any combination or subset of the goals set forth in (a) through (d) above. If an Award is made on such basis, the Committee shall establish goals prior to the beginning of the period for which such performance goal relates (or such later date as may be permitted under Code Section 162(m) or the regulations thereunder) and the Committee has the right for any reason to reduce (but not increase) the Award, notwithstanding the achievement of a specified goal. Any payment of an Award granted with performance goals shall be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied.

14.15 **TERMINATION OF EMPLOYMENT.** Whether military, government or other service or other leave of absence shall constitute a termination of employment shall be determined in each case by the Committee at its discretion, and any determination by the Committee shall be final and conclusive. A termination of employment shall not occur (i) in a circumstance in which a Participant transfers from the Company to one of its Parents or Subsidiaries, transfers from a Parent or Subsidiary to the Company, or transfers from one Parent or Subsidiary to another Parent or Subsidiary, or (ii) in the discretion of the Committee as specified at or prior to such occurrence, in the case of a spin-off, sale or disposition of the Participant's employer from the Company or any Parent or Subsidiary. To the extent that this provision causes Incentive Stock Options to extend beyond three months from the date a Participant is deemed to be an employee of the Company, a Parent or Subsidiary for purposes of Section 424(f) of the Code, the Options held by such Participant shall be deemed to be Non-Qualified Stock Options.

ARTICLE 15

CHANGES IN CAPITAL STRUCTURE

15.1 **GENERAL.** In the event of a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the authorization limits under Section 5.1 and 5.4 shall be adjusted proportionately, and the Committee shall adjust Awards to preserve the benefits or potential benefits of the Awards. Action by the Committee shall include: (i) adjustment of the number and kind of shares which may be delivered under the Plan; (ii) adjustment of the number and kind of shares subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards; and (iv) any other adjustments that the Committee determines to be equitable. Without limiting the foregoing, in the event a stock dividend or stock split is declared upon the Stock, the authorization limits under Section 5.1 and 5.4 shall be increased proportionately, and the shares of Stock then subject to each Award shall be increased proportionately without any change in the aggregate purchase price therefor.

ARTICLE 16

AMENDMENT, MODIFICATION AND TERMINATION

16.1 **AMENDMENT, MODIFICATION AND TERMINATION.** The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan without stockholder approval; provided, however, that the Board or Committee may condition any amendment or modification on the approval of stockholders of the Company if such approval is necessary or deemed advisable with respect to tax, securities or other applicable laws, policies or regulations.

16.2 **AWARDS PREVIOUSLY GRANTED.** At any time and from time to time, the Committee may amend, modify or terminate any outstanding Award without approval of the Participant; provided, however, that, subject to the terms of the applicable Award Agreement, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination, and provided further that, except as provided in Section 15.1 or otherwise with the consent of the stockholders, the exercise

price of any Option or the grant price of any Stock Appreciation Right may not be reduced. No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the Participant.

ARTICLE 17

GENERAL PROVISIONS

17.1 **NO RIGHTS TO AWARDS.** No Participant or eligible participant shall have any claim to be granted any Award under the Plan, and neither the Company nor the Committee is obligated to treat Participants or eligible participants uniformly.

17.2 **NO STOCKHOLDER RIGHTS.** No Award gives the Participant any of the rights of a stockholder of the Company unless and until shares of Stock are in fact issued to such person in connection with such Award.

17.3 **WITHHOLDING.** The Company or any Parent or Subsidiary shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any taxable event arising as a result of the Plan. With respect to withholding required upon any taxable event under the Plan, the Committee may, at the time the Award is granted or thereafter, require or permit that any such withholding requirement be satisfied, in whole or in part, by withholding from the Award shares of Stock having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes.

17.4 **NO RIGHT TO CONTINUED SERVICE.** Nothing in the Plan or any Award Agreement shall interfere with or limit in any way the right of the Company or any Parent or Subsidiary to terminate any Participant's employment or status as an officer, consultant or director at any time, nor confer upon any Participant any right to continue as an employee, officer, consultant or director of the Company or any Parent or Subsidiary.

17.5 **UNFUNDED STATUS OF AWARDS.** The Plan is intended to be an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give the Participant any rights that are greater than those of a general creditor of the Company or any Parent or Subsidiary.

17.6 **INDEMNIFICATION.** To the extent allowable under applicable law, each member of the Committee shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit, or proceeding to which such member may be a party or in which he may be involved by reason of any action or failure to act under the Plan and against and from any and all amounts paid by such member in satisfaction of judgment in such action, suit, or proceeding against him provided he gives the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

17.7 **RELATIONSHIP TO OTHER BENEFITS.** No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Parent or Subsidiary unless provided otherwise in such other plan.

17.8 **EXPENSES.** The expenses of administering the Plan shall be borne by the Company and its Parents or Subsidiaries.

17.9 **TITLES AND HEADINGS**. The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

17.10 **GENDER AND NUMBER**. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

17.11 **FRACTIONAL SHARES**. No fractional shares of Stock shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional shares or whether such fractional shares shall be eliminated by rounding up.

17.12 **GOVERNMENT AND OTHER REGULATIONS**. The obligation of the Company to make payment of awards in Stock or otherwise shall be subject to all applicable laws, rules, and regulations, and to such approvals by government agencies as may be required. The Company shall be under no obligation to register under the 1933 Act, or any state securities act, any of the shares of Stock issued in connection with the Plan. The shares issued in connection with the Plan may in certain circumstances be exempt from registration under the 1933 Act, and the Company may restrict the transfer of such shares in such manner as it deems advisable to ensure the availability of any such exemption.

17.13 **GOVERNING LAW**. To the extent not governed by federal law, the Plan and all Award Agreements shall be construed in accordance with and governed by the laws of the Commonwealth of Virginia.

17.14 **ADDITIONAL PROVISIONS**. Each Award Agreement may contain such other terms and conditions as the Committee may determine; provided that such other terms and conditions are not inconsistent with the provisions of this Plan.
