Item 3.02 Unregistered Sales of Equity Securities.

In November 2010, PDC Energy, Inc. (the Company) issued \$115,000,000 aggregate principal amount of 3.25% Convertible Senior Notes due 2016 (the Notes), with a maturity date of May 15, 2016. The Notes were originally issued to certain initial purchasers in reliance on the exemption from registration provided by Section 4(a)(2) of the Securities Act of 1933, as amended (the Securities Act). The Notes were offered and sold by the initial purchasers to qualified institutional buyers pursuant to Rule 144A under the Securities Act.

On May 16, 2016, the Company settled the Notes. Notes with an aggregate principal amount of \$114,800,000 were converted, and under the terms of the indenture, upon maturity, all of the converted Notes were to be settled based on the excess of the trading prices of the Company s common stock for the 40 trading days prior to the maturity date over the conversion price of \$42.40 per share. The Company had elected a combination settlement upon conversion consisting of cash and shares of Company common stock (the Conversion Shares). The final settlement in respect of converted Notes consisted of (i) a cash payment, plus cash in lieu of fractional shares, totaling \$114,800,534, and (ii) issuance of 792,406 Conversion Shares to converting holders of the Notes. The Conversion Shares were issued without restrictive legend in accordance with Rule 144 under the Securities Act, including the provisions thereof related to tacking of holding periods on conversion, based on representations made by converting holders that they were not affiliates of the Company and satisfied the holding period requirements of Rule 144.
