SPECIAL MEETING OF STOCKHOLDERS
May 2, 2017

April , 2017

To our Stockholders:

We cordially invite you to attend a special meeting of the stockholders of Gastar Exploration Inc., a Delaware corporation (Gastar, the Company, we, us or our). This meeting will be held on May 2, 2017, at 10:00 a.m., central time, at the Four Seasons Hotel, 1300 Lamar Street, Houston, Texas 77010 (the Special Meeting).

In March 2017, we refinanced substantially all of our outstanding indebtedness and financed a strategic acquisition with a portion of net proceeds from equity and debt financing transactions with funds managed by an affiliate of Ares Management, L.P. (Ares). As part of these financing transactions, the Company issued and sold for cash, at par, an aggregate of \$200.0 million principal of our Convertible Notes due 2022 (the Notes) to funds (the Purchasers) managed by an affiliate of Ares.

At the Special Meeting, we are asking holders of our outstanding common stock, par value \$0.001 per share (the Common Stock), other than the Purchasers, to approve the issuance of our Common Stock pursuant to the conversion rights and certain mandatory repurchase rights related to the Notes issued to the Purchasers. The approval is required in order to comply with the listing standards of the NYSE MKT LLC (the NYSE MKT), the stock exchange on which our Common Stock is listed (ticker symbol: GST), as set forth in more detail in the attached Notice of Special Meeting of Stockholders and accompanying Proxy Statement.

The outstanding Notes will only become convertible pursuant to their terms in the event the stockholder proposal to be considered at the Special Meeting is approved by our stockholders on or before July 3, 2017. In addition, if the stockholder proposal is approved on or before such date, the Company has agreed to issue 25,456,521 shares of Common Stock to repurchase and retire \$37.5 million principal of the outstanding Notes, which would reduce the outstanding principal amount of the Notes to \$162.5 million.

In the event the proposal made at the Special Meeting is not approved by stockholders on or before July 3, 2017:

Edgar Filing: Gastar Exploration Inc. - Form PRE 14A

the outstanding \$200.0 million principal of Notes will not be convertible into Common Stock at any time;

\$37.5 million in principal of the outstanding Notes will not be retired in exchange for shares of Common Stock;

the Notes will not be redeemable by the Company prior to their scheduled maturity on March 1, 2022, except upon payment of a make-whole redemption premium;

Table of Contents

the interest rate on the Notes will increase from 6.0% per annum in increments to 15.0% per annum, up to 7.0% per annum of which may be payable in kind through the issuance of additional Notes in the principal amount of such interest at the option of the Company;

if we elect to minimize the increase in cash interest payments by issuing full pay in kind interest permitted under the Notes by issuing additional Notes, the principal balance of the \$200 million Notes would increase to approximately \$274 million at maturity, which would also result in an approximate incremental \$41 million in cash interest expense for the life of the Notes; and

a substantial portion of the Company's internally generated cash flow will be required to be used to service its debt rather than being invested in its planned capital programs which are intended to increase the value of the Company's assets.

As a result of these consequences, if the proposal is not approved by our stockholders, the Company's ability to re-invest in its assets and carry out its business plan may be significantly impaired.

Our Board believes that the recent Ares financings were integral to Gastar's ability to implement its business plan by extending near term maturities of our outstanding debt, providing additional equity support to the balance sheet and providing additional funds to make strategic acquisitions and for general corporate purposes. Approval of the stockholder proposal to be considered at the Special Meeting will further the Company goals by providing for the immediate reduction of \$37.5 million of our outstanding Notes and the opportunity to convert our Notes to equity at a price significantly above recent trading prices of our Common Stock. Approval of the Proposal also avoids burdening our future cash flow with increases in the cash requirements for our interest payments on the Notes of up to \$20.25 million per year. ***Accordingly, our board of directors unanimously recommends that our stockholders vote FOR the proposal.***

It is important that your shares of common stock are represented at the Special Meeting, whether or not you plan to attend in person and regardless of the number of shares of common stock you own. If you are a stockholder whose shares of common stock are registered in your name, to ensure your shares of common stock are represented, we urge you to submit a proxy containing your voting instructions as soon as possible via the Internet per the instructions provided or by signing and dating the enclosed proxy card and returning it in the envelope provided for that purpose, in the manner described in the Proxy Statement accompanying this notice (the "Proxy Statement"). Even if you submit your proxy, you may still vote in person if you attend the Special Meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the Special Meeting, you must obtain from the record holder a proxy issued in your name.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE SPECIAL MEETING TO BE HELD ON MAY 2, 2017.

In accordance with rules promulgated by the Securities and Exchange Commission (the "SEC") and in connection with the solicitation of proxies by the Board for the Special Meeting, we have made our proxy materials available to you free of charge on the Internet in addition to delivering paper versions of these materials to you by mail (including the attached Notice of Special Meeting of Stockholders, Proxy Statement and a form of proxy). Beginning on or about April 10, 2017, these proxy materials are being mailed to our stockholders and are available on the Internet at <http://www.proxyvote.com>.

The Board of Directors of Gastar Exploration Inc., a Delaware corporation (the Company or Gastar, including references to we, us or our) is soliciting proxies for use at our Special Meeting of Stockholders (the Special Meeting) that is scheduled to be held on May 2, 2017, 10:00 a.m., central time, at the Four Seasons Hotel, 1300 Lamar Street, Houston, Texas 77010, or at any adjournment thereof, for the purposes set forth herein. Proxy materials are being mailed on or about April 10, 2017, to all stockholders entitled to vote at the Special Meeting, based on a April 10, 2017 record date.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS, SPECIAL MEETING AND VOTING

Why am I receiving these proxy materials?

The Board of Directors (the Board) of the Company is soliciting your proxy to vote at the Special Meeting because you owned shares of common stock, par value \$.001 per share, of the Company (the Common Stock) at the close of business on April 10, 2017, the record date for the Special Meeting (the Record Date), and are therefore entitled to vote at the Special Meeting. This Proxy Statement, along with a proxy card, is being mailed to stockholders on or about April 10, 2017. We have also made these materials available to you free of charge on the Internet. This Proxy Statement summarizes the information that you need to know in order to cast your vote at the Special Meeting. As a stockholder, your vote is very important and the Board strongly encourages you to exercise your right to vote. You do not need to attend the Special Meeting in person to vote your shares of our Common Stock, and we encourage you to vote even if you are unable to attend the Special Meeting. If you are unable to attend the Special Meeting in person, you may vote by Internet or by signing and returning the attached proxy card in the envelope provided. See How do I vote? below.

When and where will the Special Meeting be held?

The Special Meeting will be held on May 2, 2017, 10:00 a.m., central time, at the Four Seasons Hotel, 1300 Lamar Street, Houston, Texas 77010.

Who is soliciting my proxy?

The Board is soliciting your proxy to vote on all matters scheduled to come before the Special Meeting, whether or not you attend in person. By completing and returning the proxy card or by casting your vote via the Internet, you are authorizing the proxy holders to vote your shares at the Special Meeting, as you have instructed.

On what matters will I be voting? How does the board of directors recommend that I cast my vote?

At the Special Meeting, you will be asked to approve:

the issuance of Common Stock of the Company upon exercise of conversion rights of the Company's Convertible Notes due 2022 pursuant to the terms of such notes and the indenture governing such notes and

Edgar Filing: Gastar Exploration Inc. - Form PRE 14A

pursuant to a mandatory obligation of the Company to repurchase \$37.5 million principal of such outstanding notes for 25,456,521 shares of Common Stock (the Proposal).

Our Board unanimously recommends that our stockholders vote FOR the Proposal.

There will be no other matters presented for action at the Special Meeting other than the items outlined above.

Table of Contents

Who is entitled to vote?

Only holders of record of our Common Stock at the close of business on April 10, 2017, are entitled to notice of, and to vote at, the Special Meeting. In accordance with the policies and listing standards of the NYSE MKT LLC (NYSE MKT), the stock exchange on which our Common Stock is listed, the holders of 29,408,305 shares of Common Stock originally issued on March 3, 2017 to funds (the Purchasers) managed by an affiliate of Ares Management, L.P. (Ares) are not entitled to vote such shares on the Proposal.

How many votes may I cast?

Each share of our Common Stock that you own on the Record Date entitles you to cast one vote on each matter that is properly brought before the Special Meeting.

How many votes can be cast by all stockholders?

As of the Record Date, there were 10,000,000 shares of Common Stock outstanding and entitled to vote at the Special Meeting, which excludes 29,408,305 shares of Common Stock originally issued on March 3, 2017 to the Purchasers which holders are not entitled to vote on the Proposal under NYSE MKT policies.

Is my vote important?

Your vote is important regardless of how many shares of our Common Stock that you own. Please take the time to vote. Please read the instructions below, choose the way to vote that is easiest and most convenient for you and cast your vote as soon as possible.

Can I vote if my shares are held in street name ?

If your shares of Common Stock are held through a broker, bank or other nominee, you are considered the beneficial owner of the shares of Common Stock held in street name. As the beneficial owner, you have the right to direct your broker, bank or other nominee how to vote your shares of Common Stock and are also invited to attend the Special Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Special Meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares. In order to vote your shares of Common Stock, you will need to follow the directions your broker, bank or other nominee provides you.

Why is stockholder approval necessary for the right to convert the Notes into our Common Stock and issue Common Stock to repurchase a portion of the outstanding Notes?

Our Common Stock is listed on the NYSE MKT and, as a result, we are subject to Sections 712 and 713 of the NYSE MKT pursuant to which we are required to obtain stockholder approval prior to any sale, issuance, or potential issuance of common stock, or securities convertible into common stock, in any transaction if the number of shares of common stock issued or issuable upon conversion represents greater than 20% of our outstanding Common Stock and may be viewed as a change in control under NYSE MKT policies. The number of shares of Common Stock, including (i) the shares of Common Stock issued to the Purchasers on March 3, 2017, (ii) shares which may be issued upon the exercise of the right to convert our Convertible Notes due 2022 (the Notes) into Common Stock at an initial conversion price of \$2.2103 per share pursuant to the terms of the Notes and the indenture governing the Notes and (iii) the proposed issuance of 25,456,521 shares of Common Stock pursuant to a mandatory obligation of the Company to repurchase \$37.5 million principal equal to \$1.4731 per share of the currently outstanding Notes in the

event of approval of the Proposal, collectively represent greater than 20% of our outstanding Common Stock and may be viewed as a change in control under NYSE MKT policies (though not for other purposes). Consequently, the right of the Purchasers to exercise any conversion rights pursuant to the Notes and the governing indenture, and the obligation to issue of 25,456,521

Table of Contents

shares of Common Stock to repurchase \$37.5 million principal of the currently outstanding Notes, are conditioned on the approval by the Company's stockholders as required under NYSE MKT Sections 712 and 713. Accordingly, at the Special Meeting, holders of shares of our Common Stock will be asked to vote on the Proposal.

Why is our board of directors recommending approval of each of the Proposals?

Our Board believes that the recent Ares financings were integral to Gastar's ability to continue its business plan by extending maturities of our outstanding debt, providing additional equity support to the balance sheet and providing additional funds to make strategic acquisitions and fund a portion of our 2017 capital expenditure program. Approval of the stockholder proposal to be considered at the Special Meeting will further the Company goals by providing for the immediate reduction of \$37.5 million of our outstanding Notes and the opportunity to convert our Notes to equity at a price significantly above recent trading prices of our Common Stock. Approval of the Proposal also avoids burdening our future cash flow with increases in our cash requirements for our interest payments on the Notes of up to \$20.25 million per year.

For these reasons, our board of directors has unanimously recommended that our stockholders approve each of these Proposals.

What will be the consequences to the Company if stockholder approval of the Proposals is not obtained?

In the event the proposal made at the Special Meeting is not approved by stockholders on or before July 3, 2017:

the outstanding \$200.0 million principal of Notes will not be convertible into Common Stock at any time;

the \$37.5 million in principal of the outstanding Notes will not be retired in exchange for the issuance of 25,456,521 shares of Common Stock;

the Notes will not be redeemable by the Company prior to their scheduled maturity on March 1, 2022, except upon payment of a make-whole redemption premium;

the interest rate on the Notes will increase from 6.0% per annum in increments to 15.0% per annum, up to 7.0% per annum of which may be payable in kind through the issuance of additional Notes in the principal amount of such interest at the option of the Company, resulting in increases in cash interest payments of up to \$20.25 million per year

if we elect to minimize the increase in cash interest payments by issuing full pay in kind interest permitted under the Notes by issuing additional Notes, the principal balance of the \$200 million Notes would increase to approximately \$274 million at maturity, which would also result in an approximate incremental \$41 million in cash interest expense for the life of the Notes; and

a substantial portion of the Company's internally generated cash flow will be required to be used to service its debt rather than being invested in its planned capital programs which are intended to increase the value of the Company's assets.

As a result of these consequences, if the proposal is not approved by our stockholders, the Company's ability to re-invest in its assets and carry out its business plan may be significantly impaired.

How many shares must be present to hold the special meeting?

A quorum of stockholders is necessary for a valid Special Meeting. The required quorum for the transaction of business at the Special Meeting is the presence, either in person or by proxy, of holders of not less than one-third (33 1/3%) of the total outstanding shares of common stock entitled to vote at the Special Meeting.

Table of Contents

Abstentions and broker non-votes will be counted for the purpose of determining the presence of a quorum. The stockholders present at a duly called or convened meeting, at which a quorum is present, may continue to transact business until further adjournment or recess, notwithstanding the withdrawal of enough stockholders to leave less than a quorum.

How do I vote?

Stockholders of Record. Stockholders of record may vote their shares or submit a proxy to have their shares voted by one of the following methods:

In order to be valid and acted upon at the Special Meeting, your proxy card must be received by our registrar and transfer agent, American Stock Transfer & Trust Company, Attention: Proxy Department, 6201 15th Avenue, Brooklyn, New York 11219, at least 24 hours before the time of the Special Meeting or any adjournment thereof, excluding weekends and holidays.

Please consult the voting instruction form or other information sent to you by the record holder to determine how to obtain a legal proxy in order to vote in person at our Special Meeting.

Table of Contents

What happens if I don't vote for the Proposal? What is discretionary voting? What is a broker non-vote?

If you properly execute and return a proxy or voting instruction card, your shares will be voted as you specify. If you are a stockholder of record and you make no specifications on your proxy card, your shares will be voted in accordance with the recommendations of our board of directors, as provided above.

If you are a beneficial owner and you do not provide voting instructions to your broker, bank or other holder of record holding shares for you, your shares will not be voted with respect to any proposal for which your broker does not have discretionary authority to vote. Rules of the NYSE MKT determine whether proposals presented at stockholder meetings are *discretionary* or *non-discretionary*. If a proposal is determined to be *discretionary*, your broker, bank or other holder of record is permitted under NYSE MKT rules to vote on the proposal without receiving voting instructions from you. If a proposal is determined to be *non-discretionary*, your broker, bank or other holder of record is not permitted under NYSE MKT rules to vote on the proposal without receiving voting instructions from you. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a *non-discretionary* proposal because the holder of record has not received voting instructions from the beneficial owner.

What vote is required to approve the proposal discussed in this Proxy Statement?

Proposal	Vote Required
<p>To approve the issuance of common stock of the Company upon exercise of conversion rights of the Company's Convertible Notes due 2022 pursuant to the terms of such notes and the indenture governing such notes and pursuant to a mandatory obligation of the Company to repurchase \$37.5 million principal of such outstanding notes for 25,456,521 shares of common stock.</p> <p>Approval of the Proposal requires the affirmative vote of the holders of a majority of the votes cast in person or by proxy. Under applicable NYSE MKT rules, abstentions will be deemed votes cast and will have the same effect as votes against the proposal. Broker non-votes will not be counted as votes cast and therefore will not affect the outcome of the vote.</p>	<p>A majority of the votes cast in person or by proxy.</p>

Can I change my vote after I have mailed my proxy card?

Yes, if you are a stockholder of record, you can revoke your proxy at any time before it is exercised by:

submitting written notice to that effect or a new proxy to our Corporate Secretary at our registered office at any time up to and including the last business day preceding the day of the Special Meeting;

submitting written notice to that effect or a new proxy to the chairperson of the Special Meeting at the Special Meeting at any time before the polls close at the Special Meeting;

voting again through the Internet prior to 11:59 p.m. Eastern Time on _____, 2017;

voting in person at the Special Meeting; and

in any other manner permitted by law.

If you are a street name stockholder and you vote by proxy, you may change your vote by submitting new voting instructions to your broker, bank or other nominee in accordance with such entity's procedures. In either case, your attendance at the Special Meeting alone will not revoke your proxy.

What happens if the Special Meeting is adjourned?

The Special Meeting may be adjourned for the purpose of, among other things, soliciting additional proxies. Under our bylaws, the chairman of the meeting may adjourn or recess any meeting of stockholders, annual or special, at any time and for any reason, whether or not a quorum is present, to reconvene at the same or some other place. Under the DGCL and our bylaws, we are not required to notify stockholders of any adjournments of less than 30 days if the time and place of the adjourned meeting are announced at the meeting at which adjournment is taken, unless after the adjournment a new record date is fixed for the adjourned meeting. Unless a new record date is fixed, your proxy will still be valid and may be voted at the adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

Who should I call if I have questions or need assistance voting my shares?

If you have any questions or need assistance in voting your shares, please call our proxy solicitor, D.F. King, toll-free at 1-800-431-9643.

Purchase Agreements

On March 3, 2017, pursuant to a Securities Purchase Agreement dated February 16, 2017 (as amended, the February Purchase Agreement) among the Company and the Purchasers, the Company issued and sold to the Purchasers (i) \$125.0 million aggregate principal amount of its Notes at par for cash and (ii) 29,408,305 shares of Common Stock for \$50.0 million cash. The Notes are governed by an Indenture dated March 3, 2017 (the Original Indenture) by and among the Company, the subsidiary guarantor named therein, and Wilmington Trust, National Association, as trustee (the Trustee) and collateral trustee. The Notes, subject to approval of the Proposal, will be convertible into Common Stock or, in certain circumstances, cash in lieu of Common Stock or a combination of cash and shares of Common Stock as described below. In addition, on March 3, 2017, a fund managed by an affiliate of Ares also loaned the Company \$250.0 million pursuant to a first-lien secured term loan (the Term Loan). The proceeds from the sale of the Notes, the Common Stock and the Term Loan were used to fully repay the \$69.2 million outstanding on the Company's revolving credit facility, which was scheduled to mature on November 14, 2017, and to satisfy and discharge the Company's \$325.0 million 8.625% senior secured notes due May 2018, which were redeemed in accordance with the governing indenture at a price of 102.156% of the principal amount, and to pay the expenses related to the Ares transactions.

The issuance of the shares of Common Stock to the Purchasers on March 3, 2017 was priced based on a 30-trading day volume weighted average trading price (the VWAP) of \$1.7002 per share, determined as of February 15, 2017, the date immediately prior to the signing date of the February Purchase Agreement. Under the February Purchase Agreement, for so long as the Purchasers, collectively, beneficially own 10% or more of the Common Stock (including for this purpose all shares of Common Stock issuable upon conversion of the Notes), the Purchasers will have certain preemptive rights to purchase their pro rata share of any additional equity securities offered by the Company in the future on similar terms as are offered to other purchasers.

On March 22, 2017, the Company completed the acquisition of additional working and net revenue interests in approximately 66 gross (9.5 net) producing wells and 5,670 net acres of additional STACK oil and gas leasehold interests in Kingfisher County, Oklahoma from multiple sellers for an aggregate cash purchase price of approximately \$51.4 million, subject to adjustment for a transaction effective date of March 1, 2017 (the Acquisition).

In order to provide funding for the Acquisition and a portion of the Company's 2017 capital budget, the Company entered into an additional Securities Purchase Agreement dated March 20, 2017 (the March Purchase Agreement and together with the February Purchase Agreement, the Purchase Agreements) with the Purchasers, pursuant to which, on March 21, 2017, the Company issued and sold at par for cash to the Purchasers an additional \$75.0 million aggregate principal amount of the Notes pursuant to a First Supplemental Indenture dated March 21, 2017 to the Original Indenture among the Company, the guarantor named therein and Wilmington Trust, National Association, as indenture trustee and collateral trustee (the First Supplemental Indenture). If the Proposal is approved by stockholders on or before July 3, 2017, then (i) the Notes will become convertible at any time at the option of the holder into shares of Common Stock, or cash or a combination of cash and shares of Common Stock in accordance with the terms of the

Original Indenture, as amended and supplemented by the First Supplemental Indenture (the Indenture) and (ii) under the March Purchase

Table of Contents

Agreement, \$37.5 million principal of the Notes will be required to be repurchased by the Company pursuant to a mandatory repurchase obligation of the Company (the **Mandatory Repurchase**) in exchange for the issuance of (a) 25,456,521 newly issued shares of Common Stock (the **Repurchase Shares**) and (b) 2,000 shares of the Company's Special Voting Preferred Stock, par value \$0.01 per share, as described in more detail below. Under the Mandatory Repurchase, one Repurchase Share would be issued for \$1.4731 of outstanding principal of the repurchased Notes, which was based on the 10-day volume weighted average trading price of the Common Stock for the period ended March 17, 2017.

Indenture

The principal terms of the Notes are governed by the Indenture. The Notes bear interest initially at 6.0% per annum and will mature on March 1, 2022, unless earlier repurchased, redeemed or converted in accordance with the terms of the Indenture. Interest is payable on the Notes on each March 1, June 1, September 1 and December 1 of each year, commencing on June 1, 2017.

If the Proposal is approved, the Notes will become convertible at any time at the option of the holder into shares of Common Stock based on an initial conversion rate of 452.4355 shares of Common Stock per \$1,000 principal amount of the Notes (which is equivalent to an initial conversion price of \$2.2103 per share), subject to certain adjustments and the issuance of additional **make-whole** shares under circumstances specified in the Indenture. Subject to certain limitations, the Company will have the right to settle its conversion obligations on the Notes in cash, shares of Common Stock or a combination of cash and shares of Common Stock. If the Proposal is approved, the Company will have the right to redeem the Notes (i) on or after March 3, 2019, if the last reported sale price per share of Common Stock exceeds 150% of the conversion price for periods specified in the Indenture and (ii) on or after March 1, 2021 without regard to such condition, in each case at cash redemption price equal to the principal amount of the Notes to be redeemed plus accrued interest, if any.

In the event the Proposal is not approved, (a) the Notes will not become convertible into Common Stock and will not be redeemable by the Company prior to maturity except upon payment of a **make-whole** redemption premium and (b) the interest rate on the Notes will increase in increments to 15% per annum, up to 7.0% per annum of which is payable **in kind** through the issuance of additional Notes in the principal amount of such interest at the option of the Company. The interest rate on the Notes will also be subject to an increase in certain circumstances if the Company fails to comply with certain obligations under the Registration Rights Agreement (as defined below), and will increase by 2.0% per annum in the case of certain issuances of Common Stock by the Company at a price below \$1.7002 per share (subject to adjustment) (excluding shares issued in a Mandatory Repurchase).

The Notes are secured by a second-priority lien, on substantially all of the assets of the Company. The Indenture restricts the ability of the Company and certain of its subsidiaries to, among other things: (i) pay dividends or make other distributions in respect of the Company's capital stock or make other restricted payments; (ii) incur additional indebtedness and issue preferred stock; (iii) make certain dispositions and transfers of assets; (iv) engage in transactions with affiliates; (v) create liens; (vi) engage in certain business activities that are not related to oil and gas; and (vii) impair any security interest. These covenants are subject to a number of exceptions and qualifications.

The Indenture provides that a number of events will constitute an Event of Default (as defined in the Indenture), including, among other things: (i) a failure to pay the Notes when due at maturity, upon redemption or repurchase; (ii) failure to pay interest for 30 days; (iii) the Company's failure to deliver certain notices; (iv) a default in the Company's obligation to convert the Notes; (v) the Company's failure to comply with certain covenants relating to merger, consolidation or sale of assets; (vi) the Company's failure to comply, for 60 days following notice, with any of the other covenants or agreements in the Indenture; (vii) a default, which is not cured within 30 days, by the Company

or any Restricted Subsidiaries (as defined in the Indenture) with respect to any mortgages or any indebtedness for money borrowed of at least \$15 million; (viii) one or more final

Table of Contents

judgments against the Company or any of its Restricted Subsidiaries for the payment of at least \$15 million; (ix) the Company's failure to make any payments required under that certain development agreement; (x) causing any Guarantee (as defined in the Indenture) to cease to be in full force and effect; (xi) the cessation to be in full force and effect of any of the collateral agreements related to the Transactions; and (xii) certain events of bankruptcy or insolvency. In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to the Company, all outstanding Notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee or the holders of at least 25% in aggregate principal amount of the then outstanding Notes may declare all the Notes to be due and payable immediately. If the Proposal is not approved, then upon any acceleration of the Notes following an Event of Default, holders will be entitled to receive a "make-whole" premium in addition to principal and accrued interest.

If at least a majority of the Notes issued cease to be held by affiliates of Ares after approval of the Proposal, as provided in the Indenture, the liens securing the Notes will be released and substantially all of the restrictive covenants in the Indenture will terminate.

The description of the Original Indenture is qualified in its entirety by reference to the full text of the Original Indenture, a copy of which was previously filed as Exhibit 4.1 to the Company's Current Report on Form 8-K filed with the SEC on March 7, 2017. The description of the First Supplemental Indenture is qualified in its entirety by reference to the full text of the First Supplemental Indenture, a copy of which was previously filed as Exhibit 4.2 to the Company's Current Report on Form 8-K filed with the SEC on March 22, 2017.

Special Voting Shares

On March 22, 2017, the Company filed a Certificate of Designation of Special Voting Preferred Stock of the Company (the "Certificate of Designation") with the Secretary of State of the State of Delaware with respect to the creation of a new series of 2,000 shares of the Company's authorized but unissued preferred stock, par value \$0.01 (the "Special Voting Shares").

The issuance of the 2,000 Special Voting Shares is conditioned upon approval of the Proposal and will be issued in connection with the Mandatory Repurchase by the Company in accordance with the March Purchase Agreement. The Special Voting Shares may be redeemed in whole at a price of \$0.01 per share at any time after the Initial Holders (as defined in the Certificate of Designation) Beneficially Own (as defined in the Certificate of Designation) less than 5% of the Common Stock subject to the terms of the Certificate of Designation. There is no mandatory redemption of the Special Voting Shares. Holders of the Special Voting Shares are not entitled to receive any dividends declared and paid by the Company.

Holders of the Special Voting Shares will have no voting rights other than the right to elect two (2) members of the Company's board of directors for so long as the Initial Holders, any Subsequent Holders (as defined in the Certificate of Designation) and their respective affiliates Beneficially Own at least 15% of the outstanding Common Stock in the aggregate and the right to elect one (1) member of the Board for so long as the Initial Holders, Subsequent Holders and their affiliates Beneficially Own at least 5% but less than 15% of the outstanding Common Stock in the aggregate. The Certificate of Designation contains certain restrictions on transfer of the Special Voting Shares.

Other Matters Relating to the Purchase Agreement

Board Representation. Pursuant to the Purchase Agreements, and so long as the Purchasers beneficially own at least 15% of the Common Stock (excluding shares issuable upon conversion of the Notes), the Purchasers will be entitled to nominate two individuals to serve on an expanded eight member Board. If the Purchasers beneficially own 5% or

more, but less than 15% of the Common Stock (excluding shares issuable upon conversion of the Notes), the Purchasers will be entitled to nominate one individual to serve on our Board. The

Table of Contents

Purchasers have indicated their intent to designate Nathan W. Walton and Ronald D. Scott as Purchaser's nominees for directors to serve on the Board. The Board has indicated their intent to appoint these nominees as directors prior to the Annual Meeting of Stockholders of the Company.

Registration Rights Agreement. In connection with the transactions contemplated by the Purchase Agreements, the Company entered into a Registration Rights Agreement (as amended, the "Registration Rights Agreement") with the Purchasers, pursuant to which the Company has agreed that the future resale of the Common Stock sold pursuant to the Purchase Agreements and the shares of Common Stock issued upon conversion of the Notes will be subject to certain registration rights.

The Registration Rights Agreement includes a plan of distribution permitting the Purchasers to sell the covered Common Stock by various means, including in open market sales from time to time, pursuant to underwritten offerings or in negotiated sales. The failure to (i) file a registration statement prior to July 3, 2017, (ii) have the registration statement declared effective on or before July 9, 2017 or (iii) thereafter, with certain exceptions, maintain the effectiveness of the registration statement, will result in additional interest accruing on the Notes for so long as they are outstanding. In addition, under the Registration Rights Agreement, the Company will be required to cooperate in a maximum of four underwritten offerings at the expense of the Company (other than underwriting discounts).

THE PROPOSAL

Our board of directors has determined unanimously that this proposal is in our and our stockholders' best interests and further directed that the Proposal be submitted for consideration by our stockholders at the Special Meeting.

Background

Since the downturn in domestic oil and natural gas prices which commenced in the last quarter of 2014, management of the Company has been actively managing the Company to avoid a financial restructuring through reducing costs and capital expenditures as well as selling non-core assets to reduce leverage and increase liquidity. Management and the Board of Directors have reviewed numerous financing alternatives and strategies with financial advisors, investment bankers and potential investor groups and strategic partners to address the Company's significant leverage and looming debt maturities. The Company's revolving bank credit facility, which was fully drawn to the extent of its available borrowing base, was maturing on November 14, 2017. Its \$325.0 million of 8-5/8% senior secured notes were maturing in May 2018.

After the most recent review of alternative proposals, management selected and the Board approved a proposal made by Ares which ultimately reflected the transactions with Purchasers contemplated in the February Purchase Agreement. These transactions were closed on March 3, 2017, when the Company issued and sold to the Purchasers an aggregate of \$125.0 million principal of the Notes for cash at par and 29,408,305 shares of Common Stock for \$50.0 million cash. The Company used a substantial portion of proceeds, net of transaction costs, from these financing transactions to refinance substantially all of its outstanding indebtedness.

The Company subsequently sought to increase its interest in some of its core properties and negotiated the purchase from private sellers of additional oil and gas leasehold interests in properties in the Acquisition. The Acquisition was funded from proceeds of the further transactions with Purchasers under the March Purchase Agreement which provided for the issuance and sale of an additional \$75.0 million principal of the Notes at par for cash to the Purchasers and the agreement to repurchase one-half of the principal of those additional Notes for Common Stock valued at \$1.4731 per share, in the event the Proposal was approved by stockholders on or prior to July 3, 2017.

As described in more detail below, we are asking our stockholders to approve, in accordance with Sections 712 and 713 of the NYSE MKT and the terms of the Indenture governing the Notes, the issuance of Common Stock upon exercise of conversion rights of the Notes pursuant to the terms of the Indenture and the consummation of the Mandatory Repurchase. If the Proposal is not approved by stockholders on or before July 3, 2017, the Notes will not become convertible, the interest rate applicable to the Notes will increase substantially, the Notes will cease to be redeemable prior to stated maturity except with the payment of a cash "make whole" premium and the Mandatory Repurchase will not occur.

New York Stock Exchange Requirement

Our Common Stock is listed on the NYSE MKT and, as a result, we are subject to Sections 712 and 713 of the NYSE MKT pursuant to which we are required to obtain stockholder approval prior to any sale, issuance, or potential issuance of common stock, or securities convertible into common stock, in any transaction if the number of shares of common stock issued or issuable upon conversion represents greater than 20% of our outstanding Common Stock and may be viewed as a change in control under NYSE MKT policies. The number of shares of Common Stock, including (i) the shares of Common Stock issued to the Purchasers under the March Purchase Agreement, (ii) shares which may be issued upon the exercise of the right to convert our Notes into Common Stock pursuant to the terms of the governing Indenture and (iii) the shares proposed to be issued in the Mandatory Repurchase, collectively represent

greater than 20% of our outstanding Common Stock and may be viewed as a change in control under NYSE MKT policies (though not for other purposes). Consequently, the

Table of Contents

right of the Purchasers to exercise any conversion rights pursuant to the terms of the Notes and the governing Indenture, and the obligation to issue of 25,456,521 shares of Common Stock to repurchase \$37.5 million principal of the currently outstanding Notes in the Mandatory Repurchase, are conditioned on the approval by the Company's stockholders as required under NYSE MKT Sections 712 and 713. Accordingly, at the Special Meeting, holders of shares of our Common Stock will be asked to consider and vote on the Proposal.

Purpose of the Proposal

The purpose of the Proposal is to approve the right of the Purchasers to exercise the Conversion Right pursuant to the Indenture and as required by the 20% threshold requirement as established by the NYSE MKT rules. The approval by stockholders of the Proposal on or before July 3, 2017 is also a condition to the conversion rights of the Notes under the governing Indenture, which, in turn, is a condition to the Mandatory Repurchase under the March Purchase Agreement.

Approval of the Proposal will further the Company goals by providing for the immediate reduction of \$37.5 million of our outstanding Notes and the opportunity to convert our Notes to equity at a price significantly above recent trading prices of our Common Stock. Approval of the Proposal also avoids burdening our future cash flow with increases in our cash requirements for our interest payments on the Notes of up to \$20.25 million per year.

Consequences if the Proposal is Approved

In the event that stockholders approve Proposal, the Notes will become convertible at any time the option of the holders into shares of Common Stock based on an initial conversion rate of 452.4355 shares of Common Stock per \$1,000 principal amount of the Notes (which is equivalent to an initial conversion price of \$2.2103 per share, or 30% above the VWAP of the Common Stock for the 30 trading days prior to execution of the Purchase Agreement), subject to certain adjustments and the issuance of additional make-whole shares under circumstances specified in the Indenture. Subject to certain limitations, the Company will have the right to settle its conversion obligations on the Notes in Common Stock, or in cash or a combination thereof.

In addition, Company will have the right to redeem the Notes:

on or after March 3, 2019 if the Common Stock trades above 150% of the conversion price for periods specified in the Indenture; and

on or after March 1, 2021 without regard to such condition, in each case at par plus accrued interest. The interest rate, conversion rate and other financial terms of the Notes were determined by negotiations between the Company and the Purchasers.

The interest rate on the Notes will be subject to an increase in certain circumstances if the Company fails to comply with certain obligations under the Registration Rights Agreement, or an increase of 2.0% per annum in the case of certain issuances of Common Stock by the Company at below the initial reference price of \$1.7002 per share (excluding shares issued in a Mandatory Repurchase).

As a result of any such conversion of the Notes or issuance of shares in the Mandatory Repurchase, existing Company stockholders will incur dilution to their voting interests and will own a smaller percentage of our outstanding Common Stock. Further, following the exercise of the Conversion Right, as a substantial stockholder, the Purchasers will have

an increased ability to significantly influence matters submitted to our stockholders for a vote. While our Board believes that approving the Proposal so that the Notes will become convertible and the issuance of shares of Common Stock Mandatory Repurchase will occur is advisable and in the best interests of the Company and our stockholders, you should consider these factors, together with the other information included in this Proxy Statement, in evaluating the Proposal.

Table of Contents

Potential Consequences if the Proposal is Not Approved

In the event the proposal made at the Special Meeting is not approved by stockholders on or before July 3, 2017:

the outstanding \$200.0 million principal of Notes will not be convertible into Common Stock at any time;

the \$37.5 million in principal of the outstanding Notes will not be retired in exchange for the issuance of 25,456,521 shares of Common Stock;

the Notes will not be redeemable by the Company prior to their scheduled maturity on March 1, 2022, except upon payment of a make-whole redemption premium;

the interest rate on the Notes will increase from 6.0% per annum in increments to 15.0% per annum, up to 7.0% per annum of which may be payable in kind through the issuance of additional Notes in the principal amount of such interest at the option of the Company, resulting in increases in cash interest payments of up to \$20.25 million per year

if we elect to minimize the increase in cash interest payments by issuing full pay in kind interest permitted under the Notes by issuing additional Notes, the principal balance of the \$200 million Notes would increase to approximately \$274 million at maturity, which would also result in an approximate incremental \$41 million in cash interest expense for the life of the Notes; and

a substantial portion of the Company's internally generated cash flow will be required to be used to service its debt rather than being invested in its planned capital programs which are intended to increase the value of the Company's assets.

As a result of these consequences, if the proposal is not approved by our stockholders, the Company's ability to re-invest in its assets and carry out its business plan may be significantly impaired.

Vote Required for Approval

Assuming the presence of a quorum, approval of the Proposal requires the affirmative vote of the holders of a majority of the votes cast in person or by proxy. Holders of the 29,408,305 shares of Common Stock originally issued on March 3, 2017 to the Purchasers and are not entitled to vote such shares on the Proposal under NYSE MKT policies. Under applicable NYSE MKT rules, abstentions will be deemed votes cast and will have the same effect as votes against the proposal. HOUSEHOLDING OF PROXY MATERIALS

We have adopted a procedure approved by the SEC called householding. Under this procedure, stockholders of record who have the same last name and address will receive only one copy of the proxy materials unless we have received instructions from one or more of such stockholders that they would like to receive multiple copies. This procedure reduces duplicate mailings and saves significant printing costs and postage fees. Stockholders who receive a household mailing this year and who would like to receive additional copies of the proxy materials (including with respect to those materials that may be delivered to stockholders in connection with future annual or special meetings of stockholders) should contact us by written notification to our corporate offices at 1331 Lamar Street, Suite 650, Houston, Texas 77010 or by telephone at (713) 739-1800, and upon receipt of such request, we will promptly provide separate copies of the proxy materials. Stockholders who currently receive multiple copies of the proxy materials at their shared address and would like to request householding of their communications should notify us of the same at the contact information set out above.
