ANNUAL MEETING OF STOCKHOLDERS

January 24, 2018

The Board of Directors of PriceSmart, Inc., a Delaware corporation (the Company), is soliciting the enclosed Proxy for use at the Annual Meeting of Stockholders of the Company to be held on January 24, 2018 (the Annual Meeting), and at any adjournments thereof. This Proxy Statement will be first sent to stockholders on or about December 14, 2017. You can submit your Proxy by mail or you may provide voting instructions for your shares by telephone or via the Internet. Instructions for voting by telephone, by using the Internet or by mail are described on the enclosed Proxy. If you plan to attend the Annual Meeting and wish to vote your shares personally, you may do so. Unless contrary instructions are indicated on the Proxy, all shares represented by valid Proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted for the election of the Board of Directors' nominees for directors, or for a substitute or substitutes selected by the Board of Directors in the event a nominee or nominees are unable to serve or decline to do so; for the approval, on an advisory basis, of the compensation of the Company's executive officers for fiscal year 2017; for the approval, on an advisory basis, of holding an advisory vote on executive compensation every year; and for the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2018. As to any other business which may properly come before the Annual Meeting and be submitted to a vote of the stockholders, Proxies received by the Board of Directors will be voted in accordance with the best judgment of the holders thereof.

A Proxy may be revoked by written notice to the Secretary of the Company at any time prior to the Annual Meeting by executing a later Proxy or by attending the Annual Meeting and voting in person.

The Company will bear the cost of solicitation of Proxies. In addition to the use of mails, Proxies may be solicited by personal interview, telephone, facsimile or e-mail, by officers, directors and other employees of the Company. The Company also will request persons, firms and corporations holding shares in their names, or in the names of their nominees, which are beneficially owned by others, to send, or cause to be sent, Proxy material to, and obtain Proxies from, such beneficial owners and will reimburse such holders for their reasonable expenses in so doing.

The Company's mailing address is 9740 Scranton Road, San Diego, California 92121.

Voting

Edgar Filing: PRICESMART INC - Form DEF 14A

Stockholders of record at the close of business on December 1, 2017 (the Record Date) will be entitled to notice of, and to vote at, the Annual Meeting or any adjournments thereof.

As of December 1, 2017, 30,403,610 shares of the Company s common stock, \$.0001 par value per share (Common Stock), were outstanding, representing the only voting securities of the Company. Each share of Common Stock is entitled to one vote.

Votes cast by Proxy or in person at the Annual Meeting will be counted by the person appointed by the Company to act as Inspector of Election for the Annual Meeting. The Inspector of Election will treat shares represented by Proxies that reflect abstentions or include broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Because directors are elected by a plurality of the votes of the shares present in person or represented by Proxy at the Annual Meeting and entitled to vote on the election of directors, abstentions and broker non-votes do not constitute a vote for or against any nominee for the Board of Directors and thus will be disregarded in the calculation of votes cast for purposes of electing nominees to the Board of Directors. Abstentions will have the same effect as votes against this proposal and broker non-votes will have no effect on the outcome.

PriceSmart, Inc. Notice of Annual Meeting of Shareowners and 2017 Proxy Statement **1**

Table of Contents

The non-binding advisory vote on executive compensation and the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2018 require the affirmative vote of a majority of the aggregate votes present, in person or by proxy, and entitled to vote at the Annual Meeting. Abstentions will have the same effect as votes against this proposal and broker non-votes will have no effect on the outcome.

With regard to the non-binding advisory vote on the frequency with which the compensation of our executive officers will be subject to an advisory stockholder vote, the frequency (every one, two or three years) receiving the largest number of votes, even if not a majority, will be considered the preference of our stockholders. The Board of Directors recommends that stockholders vote for a frequency of every one year for the advisory vote regarding the compensation of our executive officers. However, because this vote is advisory and not binding on us in any way, we may decide that it is in our and our stockholders' best interests to hold an advisory vote on executive compensation more or less frequently than the preference expressed by our stockholders. Abstentions and broker non-votes will have no effect on the outcome.

Proposal 1 Election of Directors

Based on the recommendation of the Nominating/Corporate Governance Committee, the Board of Directors of the Company has nominated and recommends for election as directors the eleven persons named herein to serve until the next Annual Meeting of Stockholders and until their respective successors shall have been duly elected and qualified. All of the nominees are presently directors of the Company other than Beatriz V. Infante, and following the Annual Meeting there will be no vacancies on the Board of Directors. Each of the nominees has consented to serving as a nominee and being named as a nominee in this Proxy Statement and to serving as a director if elected. Directors are elected by a plurality of the votes of the shares present in person or represented by Proxy at the Annual Meeting and entitled to vote on the election of directors. The enclosed Proxy will be voted in favor of the persons nominated unless otherwise indicated. If any of the nominees should be unable to serve or should decline to do so, the discretionary authority provided in the Proxy will be exercised by the proxy holders to vote the shares represented by the Proxies for one or more substitute nominees selected by the present Board of Directors. The Board of Directors does not believe at this time that any substitute nominee or nominees will be required.

Nominations Process

Identification and Evaluation of Nominees for Directors

The Nominating/Corporate Governance Committee identifies nominees for director by first evaluating the current members of our Board of Directors willing to continue in service. Current members with qualifications and skills that are consistent with the Nominating/Corporate Governance Committee's criteria for board service, as set forth in the section below entitled *Director Qualifications*, and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of our Board of Directors with that of obtaining a new perspective.

If any member of the Board of Directors does not wish to continue in service or if the Board of Directors decides not to re-nominate a member for re-election, the Nominating/Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria set forth below in *Director Qualifications*. The Nominating/Corporate Governance Committee generally consults with other members of the Board of Directors and may seek input from management, independent counsel, industry experts or advisors that the Nominating/Corporate Governance Committee believes to be desirable and appropriate. The Nominating/Corporate Governance Committee reviews the qualifications, experience and background of any candidates who are identified. Final candidates are interviewed by the members of the Nominating/Corporate Governance Committee. In making its determinations, the Nominating/Corporate Governance Committee evaluates each individual in the context of the Board of Directors as a whole, with the objective of assembling a group that can best perpetuate the success of the Company and represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the Nominating/Corporate Governance Committee makes its recommendation to the Board of Directors.

Pursuant to the Nominating/Corporate Governance Committee Charter, stockholders of the Company who have held shares of the Company's Common Stock for at least one year and who hold a minimum of 1% of the Company's outstanding shares of Common Stock may suggest a candidate for director by writing to the Secretary of the Company. In order to be considered, the recommendation for a candidate must include the following written

information: (1) a detailed resume of the recommended candidate; (2) an explanation of the reasons why the stockholder believes the recommended candidate is qualified for service on the Board of Directors; (3) such other information that would be required by the rules of the SEC to be included in a proxy statement; (4) the written consent of the recommended candidate; (5) a description of any arrangements or undertakings between the stockholder and the recommended candidate regarding the nomination; and (6) proof of the recommending stockholder's stock holdings in the Company. In addition, we may require any candidate to furnish such other information as may reasonably be required by the Company to determine the eligibility of such candidate to serve as an independent director in accordance with the Company's corporate governance guidelines or that could be material to a reasonable stockholder's understanding of the independence or lack of independence of such candidate. In order to give the Nominating/Corporate Governance Committee sufficient time to evaluate a recommended candidate and/or include the candidate in the Company's proxy statement for the annual meeting to be held in 2019, the recommendation should be received by the Secretary of the

Company at the Company's principal executive offices no later than August 16, 2018. In the event that the Company receives director candidate recommendations from stockholders, those recommendations are evaluated in the same manner that potential nominees suggested by Board members, management or other parties are evaluated. The Company does not intend to treat stockholder recommendations in any manner different from other recommendations.

Director Qualifications

In evaluating director nominees, the Nominating/Corporate Governance Committee considers, among other things, the following factors:

personal and professional integrity, ethics and values;

experience in corporate management, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment;

experience in the Company's industry and with relevant social policy concerns;

experience as a board member of another publicly held company;

academic or professional expertise in one or more aspects of the Company's current or planned operations; and

practical and mature business judgment, including ability to make independent analytical inquiries.

While the Company does not have a specific policy regarding board diversity, in connection with its evaluation of director nominees, the Nominating/Corporate Governance Committee also considers diversity of expertise and experience in substantive matters pertaining to our business relative to other members of the Board of Directors. The Nominating/Corporate Governance Committee also considers diversity of background (including diversity of gender, race and ethnicity) and life experience. The Nominating/Corporate Governance Committee's objective is to assemble a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating/Corporate Governance Committee may also consider such other facts as it may deem are in the best interests of the Company and its stockholders. The Nominating/Corporate Governance Committee also believes it is

appropriate for at least one, and, preferably, several, members of the Board of Directors to meet the criteria for an audit committee financial expert as defined by SEC rules, and that a majority of the members of the Board of Directors be independent as required under the Nasdaq Stock Market listing standards applicable to the Company. The Nominating/Corporate Governance Committee also believes it is appropriate for the Company's chief executive officer to serve as a member of the Board of Directors. Directors' performance and qualification criteria are reviewed annually by the Nominating/Corporate Governance Committee.

A copy of the Nominating/Corporate Governance Committee Charter is available on the Company's website at www.pricemart.com.

Information Regarding the Board of Directors

Board Meetings

The Company's Board of Directors held five meetings during fiscal year 2017. No nominee for director who served as a director during the past year attended fewer than 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings of committees of the Board of Directors on which he or she served.

Board Leadership Structure

The positions of Chairman and Chief Executive Officer are separated, with Mr. Price serving as Chairman and Mr. Laparte serving as Chief Executive Officer and President. As Chief Executive Officer and President, Mr. Laparte is responsible for the day to day leadership and performance of the Company, with the Board of Directors being responsible for setting the strategic direction of the Company. As Chairman, Mr. Price provides guidance to the Chief Executive Officer and President, sets the agenda for meetings of the Board of Directors and presides over those meetings. The Board of Directors believes that the current leadership of the Board of Directors by the Company's non-executive Chairman enhances the effectiveness of its oversight of management and provides a perspective that is separate and distinct from that of management.

Role of the Board of Directors in Risk Oversight

The Board of Directors oversees the Company's risk management processes, either as a whole or through its committees. Committees of the Board of Directors review with management and the Company's internal audit department the Company's major risk exposures, their potential impact on the Company's business and the steps the Company takes to manage such risk exposures. The Board of Directors' risk oversight process includes receiving reports from committees of the Board of Directors and members of senior management.

Committees of the Board

Audit Committee. The Audit Committee, which currently consists of Mr. Janks, Mr. Barrutieta and Mr. Malino, held four meetings during fiscal year 2017. The Audit Committee oversees the Company's accounting and financial reporting processes and the audits of its consolidated financial statements. The Committee reviews the annual audits conducted by the Company's independent public accountants, reviews and evaluates internal accounting controls, is responsible for the selection of the Company's independent public accountants, and conducts such reviews and examinations as it deems necessary with respect to the practices and policies of, and the relationship between, the Company and its independent public accountants. Executive and Director Compensation

Compensation Discussion and Analysis

The Compensation Committee of our Board of Directors, comprised entirely of independent directors, administers the Company's executive compensation program. The role of the Compensation Committee is to oversee compensation and benefit plans and policies, administer stock plans and review and approve annually all compensation decisions relating to all executive officers.

Purposes and Structure of the Executive Compensation Program

The executive compensation program is designed to:

Attract, motivate and retain superior talent;

Encourage high performance, promote collaboration and accountability; and

Align a portion of compensation with Company performance and stockholder returns.

To achieve these objectives, the Compensation Committee, which is comprised of members who have knowledge of executive compensation levels of other companies by virtue of their professional background, experience and dealings external to the Company, has implemented compensation plans that provide a competitive salary and align compensation with the achievement of long-term financial and operational goals.

In determining specific amounts and components of compensation, the Compensation Committee considered each officer's performance, level of responsibility, skills and experience, and other compensation awards or arrangements, as more fully described below under Elements of Compensation.

Compensation Determination Process

The Compensation Committee reviews and approves all elements of compensation for all Named Executive Officers taking into consideration recommendations from management. The Compensation Committee also reviews and approves all equity awards for all executives and equity awards for all employees. The Company's Chairman makes recommendations to the Compensation Committee with respect to salary and restricted stock for the Chief Executive Officer and President, and the Chief Executive Officer and President makes recommendations to the Compensation Committee with respect to salary and restricted stock for the Executive Vice Presidents. The Chief Executive Officer and President also provides information to the Committee members at their request to aid in their decision-making. The information includes historical cash compensation and stock grants to the Company's executives, internal equity comparisons, and the financial impact to the Company of a particular compensation decision. The Compensation Committee also receives comparable company compensation information, as described below. After gathering this

input and receiving these recommendations, the Compensation Committee determines the compensation of our Named Executive Officers in executive session. In the case of employees below the level of Executive Vice President, the Chief Executive Officer and President sets their cash compensation and makes recommendations to the Compensation Committee with respect to equity awards.

The Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of compensation. However, the Committee believes that long-term compensation plays an increasingly important role in encouraging positive results through collaboration, aligning the compensation of the senior management team to stockholder returns and in the retention of key executives. In particular, the Committee believes that the Chief Executive Officer and President's compensation should be more heavily weighted towards long-term incentives as compared to other members of senior management given his greater ability to affect the results of the Company and the importance of retaining his services.

Use of Independent Compensation Consultant

In fiscal year 2017, the Compensation Committee retained Semler Brossy Consulting Group as its independent executive compensation consultant. Semler Brossy has no other business relationship with the Company and receives no payments from us other than the fees for services to the Compensation Committee. Semler Brossy reports directly to the Compensation Committee, and the Compensation Committee may replace Semler Brossy or hire additional consultants at any time.

During fiscal year 2017, the scope of Semler Brossy's engagement included:

Conducting a review of the competitive market information (including base salaries, annual incentive target, and longer-term incentives) for our executive officers, including our Chief Executive Officer.

Reviewing and commenting, as requested by the Compensation Committee, on our executive compensation programs and opportunities, as well as our executive compensation peer group.

Reviewing and commenting on the Compensation Committee's report for the proxy statement.

Conducting a review of our compensation for outside directors, including a review of competitive market data.

Role of Comparable Company Compensation Information in the Compensation Determination Process

The Compensation Committee establishes individual executive compensation at levels the Compensation Committee believes are comparable with those of executives in other companies of similar size and stage of development operating in retail industries and similarly sized public companies in the Southern California region, taking into account our relative performance and our own strategic goals. Management utilized Equilar Inc.'s Executive Insight research database, a resource for referencing executive compensation and analyzing executive pay trends based on information Equilar gathers from proxy statements and reports filed with the Securities and Exchange Commission, and information provided by our compensation consultant, Semler Brossy, to aid the Compensation Committee in the identification of a peer group of publicly traded companies so that the Compensation Committee could consider competitive market data in determining the Named Executive Officers' fiscal 2017 compensation program and compensation levels. While it is difficult to ascertain directly comparable companies given the unique characteristics of the Company's international warehouse club business, in establishing fiscal 2017 compensation levels for the Named Executive Officers, the Compensation Committee evaluated the compensation practices of the following public company peer groups:

U.S.-based retail companies with annual revenues ranging from \$1.9 billion to \$15 billion: 99 Cents Only Stores LLC, Belk, Inc., Big Lots, Inc., Bon-Ton Stores, Inc., Burlington Stores, Dillard's, Inc., Dollar Tree, Inc., Family Dollar Stores, Inc., Fred's, Inc., Neiman Marcus, Inc. and Sears Hometown and Outlet Stores, Inc.

Companies based in Southern California with revenues of \$196 million to \$3.8 billion: Callaway Golf Co., CareFusion Corporation, Cubic Corp., Guess, Inc., Illumina, Inc., Jack in the Box, Inc., Monster Beverage Corporation, Novatel Wireless, Inc., Pacific Sunwear of California, Inc., Quidel Corp., Quiksilver, Inc., ResMed, Inc., and WD-40 Company.

The public companies included in our peer groups change as companies move into and out of the annual revenue ranges or cease to be publicly traded. Our peer groups for fiscal year 2016 included Saks, Inc., which is no longer publicly traded. There were no other changes to our peer groups between fiscal year 2016 and fiscal year 2017.

In addition, the Compensation Committee reviewed and considered the compensation practices of Costco Wholesale Corporation because the Company's business is similar to Costco's. However, the Compensation Committee took into account Costco's significantly larger size and world-wide operations compared to the Company's in making comparisons about executive compensation.

Table of Contents

Executive and Director Compensation (continued)

As part of this process, the Compensation Committee reviews the mix of the compensation elements for the Named Executive Officers against the compensation data from Equilar and Semler Brossy for positions similar to those held by such officers within the peer group of companies and Costco. The Compensation Committee noted that there was substantial variation between the compensation levels of similarly situated Named Executive Officers across the comparable companies. In particular, the Compensation Committee noted that long-term equity compensation varied significantly company-to-company resulting from the timing of equity awards made to executives. As a result, the Compensation Committee focused on the cash compensation aspect of overall compensation of other companies executives relative to our Named Executive Officers' cash compensation. The Compensation Committee determined that the cash compensation of our Named Executive Officers was below the midpoint of the similarly titled executives at the comparable companies and therefore concluded that the compensation was not excessive.

Of the Named Executive Officers, four are employees of PriceSmart, Inc. and work and reside in the U.S. (either San Diego, California or in the case of Mr. Naylor, Miami, Florida). As such, the Compensation Committee concluded that the competition for executive talent for the Company's named executives would likely be either similarly sized U.S. headquartered companies in the retail industry and/or similarly sized companies in varying industries located in Southern California. The Company had to use a broader annual revenue range for U.S. retail companies than for Southern California companies to get an adequate sample of broad line retailers. Mr. Von Chong is an employee of PriceSmart, Panama S.A., a wholly owned subsidiary and resides in Panama. The Compensation Committee determined the compensation for Mr. Von Chong should be consistent with U.S. pay practices and consistent with the compensation of the other Named Executive Officers given his important role as Chief Merchandising Officer.

Based on the objectives outlined above, the Compensation Committee strives to set target total compensation opportunity levels and the individual components of compensation to be competitive with the market in which we compete for executive talent. The Compensation Committee does not, however, guarantee that any executive will receive a specific market-derived compensation level.

Compensation data for the peer group of companies is only one of the many factors the Compensation Committee considers in setting compensation for PriceSmart's Named Executive Officers, and actual compensation may vary based on the Compensation Committee's review of other considerations, including the Company's and the individual Named Executive Officer's performance and the value of the executive's leadership and other skills to the Company.

Elements of Compensation

In fiscal year 2017, the compensation of our Named Executive Officers was comprised of base salaries and long-term equity incentives in the form of restricted stock. Prior to fiscal year 2016, a portion of our Named Executive Officers' compensation included an annual bonus based upon achievement of certain short-term levels of operating income and sales performance. In fiscal year 2016, the Compensation Committee determined that our Named Executive Officers played an important and strategic role in guiding the Company toward sustainable and long-term success that could more effectively be incentivized by eliminating the annual bonus and increasing the long-term equity component of Named Executive Officers' compensation. Equity grants to our executives vest with continued service over multiple years. This multi-year approach closely reflects the long-term orientation inherent in our membership-based business.

model. Further, the Compensation Committee's administration of the annual cash incentive program had been challenging because of economic variability and fluctuations in currency exchange rates in certain of the Company's principal business markets that resulted in financial outcomes unrelated to the performance of management. The Compensation Committee determined that equity grants, with their longer-term orientation to Company performance and pay delivery, could help manage through this variability. Finally, equity compensation underscores the alignment of our executives and stockholders over time, enhancing the ownership ethic. In moving away from formal annual incentive opportunities, the Compensation Committee determined it was appropriate to increase base salaries for our Named Executive Officers to insure that their cash compensation was competitive in the market and reflective of their on-going contribution.

Base Salary. Base salaries for the Named Executive Officers were initially established either when they were hired into the position from outside the Company or as they were promoted to increasing levels of responsibility within the Company. Base salaries for the Named Executive Officers are generally established based on the scope of their responsibilities, level of experience and individual performance, taking into account both external competitiveness and internal equity considerations. While the goal for the base salary component is to compensate executives at a level that is competitive with the salaries of executives in comparable positions among our peer group, the Compensation Committee does not attempt to set base salaries at a certain target percentile within the peer group. Instead, the Compensation Committee considers the peer group information as merely a means by which to confirm that its base salary determinations based on the other factors described above are competitive within the peer group.

The Compensation Committee annually evaluates the base salary levels of the Named Executive Officers to ensure that there is consistency within the Company based upon scope of responsibility and also to ensure that the base salaries are not excessive relative to the peer companies listed above. In establishing changes to base salaries, the Compensation Committee may consider the overall financial condition of the Company but does not make changes to executive salaries based on the achievement of any particular financial criteria.

In January 2017, all of the Named Executive Officers received increases to their base salaries of 3%. The increase in base pay for non-executive U.S.-based employees within the Company was 3%. Mr. Laparte received an increase of \$21,939, Mr. Heffner received an increase of \$12,916, Mr. Naylon received an increase of \$15,635, Mr. Velasco received an increase of \$12,300 and Mr. Von Chong received an increase of \$12,353. In each case, these increases were intended to maintain base salaries at an appropriate level based upon the Compensation Committee's review of peer group companies and taking into account general economic inflation.

Long-Term Incentive Compensation. We believe that long-term incentives for higher level executives are consistent with the values and culture of the Company and therefore should be an integral and more important part of the overall executive compensation program. Our long-term performance will be enhanced through the use of equity awards that reward Company executives for maximizing stockholder value over time.

PriceSmart has used restricted stock as the primary long-term incentive vehicle because:

restricted stock and the related vesting period help attract and retain executives;

the value received by the recipient of a restricted stock grant is enhanced as our stock price increases; therefore, restricted stock promotes teamwork and collaboration and enhances the executives' incentive to increase the stock price and maximize stockholder value; and

restricted stock helps to provide a balance to the overall executive compensation program as restricted stock rewards executives for increases in stockholder value over the longer term.

In determining the number of shares of restricted stock to be granted to our Named Executive Officers, the Compensation Committee takes into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the value of restricted stock in relation to other elements of the individual executive's total compensation. All awards of restricted stock are made by the Compensation Committee.

Beginning in fiscal year 2017, the Compensation Committee adopted a new practice with respect to restricted stock awards—annual grants, which would vest over a period of three years. Prior to fiscal year 2017, the Compensation Committee made restricted stock awards from time to time based upon the current level of unvested shares an executive had from previous grants for retention and incentive purposes. Such awards typically vested over a period of five years. In moving to annual awards, the

Table of Contents

Compensation Committee noted that moving to smaller, but more frequent, awards would give the Compensation Committee greater flexibility to adjust awards to take into account:

an individual's value to the Company, including any extraordinary skills or characteristics which might warrant special consideration;

changes in external benchmarks;

changes in internal benchmarks, addressing morale and fairness issues;

an individual's trend in compensation relative to changes in the financial performance of the Company; and

fiscal responsibility and appropriateness given the short- and long-term performance of the Company. The Committee also noted that annual awards would allow the Company to have better fiscal control of the compensation program; would more easily allow for the implementation of pay-for-performance metrics; and would help prevent a hardship or a windfall scenario.

We currently provide equity incentives through restricted stock awards that vest solely based on continued employment over the vesting period. However, we have observed a trend among our peer companies to move toward performance-based equity awards and recognize that performance-based awards are consistent with contemporary governance principles and pay-for-performance standards. We have engaged Semler Brossy to work with the Compensation Committee and Company management to evaluate the incorporation of performance-based compensation as a component of overall executive compensation.

Our Named Executive Officers recognize taxable income from restricted stock when and as shares vest. On each vesting date, the Company repurchases a portion of the shares vesting on such vesting date from the participant to cover the tax obligations triggered by the vesting. The Company repurchases the shares at their fair market value on the date of vesting and pays this amount directly to the taxing authorities. The Company generally receives a corresponding tax deduction for compensation expense in the year of vesting, subject to limits on the deductibility of compensation in excess of \$1.0 million paid to certain executives under Internal Revenue Code Section 162(m) when the compensation does not qualify as performance-based. The amount included in the participant's wages upon such vesting, and, subject to Section 162(m), the amount we may deduct, is equal to the fair market value of a share of Common Stock on the date the shares vest, multiplied by the number of shares vesting.

Severance and Change in Control Payments. We have entered into agreements and maintain plans that require us to make payments and/or provide benefits to our Named Executive Officers under specified circumstances in the event of a termination of their employment or a change in control. We provide for certain severance benefits in the event that a Named Executive Officer's employment is involuntarily terminated. Such severance benefits are designed to alleviate the financial impact of an involuntary termination through salary continuation and are intended to provide for a stable work environment. We believe that reasonable severance benefits for our Named Executive Officers are important because it may be difficult for our executive officers to find comparable employment within a short period of time following certain qualifying terminations. In addition to normal severance, we provide for accelerated vesting of all equity awards for all employees in the event of a change in control as a means of reinforcing and encouraging the continued attention and dedication of our employees to their duties of employment without personal distraction or conflict of interest in circumstances which could arise from the occurrence of a change in control. We believe that the interests of stockholders will be best served if the interests of our senior management are aligned with them, and providing these change-in-control benefits should eliminate, or at least reduce, the reluctance of senior management to pursue potential change in control transactions that may be in the best interests of stockholders.

Executive and Director Compensation (continued)

The Company provides severance, continuity and change-in-control benefits because they are essential to help us fulfill our objectives of attracting and retaining key managerial talent. These agreements are intended to be competitive with those of similarly sized companies in our industry and company size and to attract and retain highly qualified individuals. While these arrangements form an integral part of the total compensation provided to these individuals and are considered by the Compensation Committee when determining executive officer compensation, the decision to offer these benefits did not influence the Compensation Committee's determinations concerning other direct compensation or benefit levels.

Stock Ownership Guidelines. To further align executive and stockholder interests, we have adopted stock ownership guidelines for our executives and non-employee directors. The guidelines require our Chief Executive Officer and President to hold common stock with a value of at least five times his base salary and other executive officers to hold common stock with a value of at least one times their respective base salaries. The guideline for non-employee directors is one times their annual cash compensation.

Recoupment Policy. We adopted a Compensation Recoupment Policy effective as of September 19, 2017. The recoupment (or clawback) policy provides the Compensation Committee with broad discretion to recoup certain incentive awards made to the Company's executive officers when it determines that (1) an executive engaged in serious misconduct or failed to supervise a subordinate employee who engaged in serious misconduct which the executive knew, or was reckless in not knowing, was occurring, and (2) such misconduct resulted in a material violation of law or a written Company policy that caused significant financial or reputational harm to the Company. This clawback policy is broader than current and expected regulatory requirements. The policy can be found on the Corporate Governance section of our website at www.pricemart.com.

Other Benefits. PriceSmart's Named Executive Officers are eligible to participate in all of our employee benefit plans, such as our 401(k) plan and our medical, dental, vision, long and short-term disability and life insurance plans, in each case on the same basis as other employees. We also offer our Chief Executive Officer and President a housing allowance and travel benefits in accordance with his employment agreement described below. The Compensation Committee believes that these perquisites are no greater than competitors' practices.

Grants of Plan-Based Awards

There were no grants of plan-based awards to Named Executive Officers in fiscal year 2017.

Employment Contracts

The Company has entered into employment agreements with each of the Named Executive Officers that automatically renew each year unless either the Company or the executive provides at least 60 days' notice that the Company or executive, as the case may be, wishes to terminate the agreement. Each employment agreement specifies the base salary in effect at the time the agreement was entered into and provides that the amount may be increased, but not decreased, at the Company's discretion.

The employment agreements state that the executive is eligible to participate in the Company's bonus plan in effect at the time and to receive all other benefits offered to senior executives of the Company under the Company's benefit practices and plans. The Company discontinued its annual bonus plan for fiscal 2016, so there was no payment required to be made thereunder during fiscal 2017.

In addition to termination at the end of the term if one party elects to terminate the agreement, the executive may terminate his employment on 60 days' prior written notice. The Company may terminate the executive's employment with cause upon immediate notice or without cause upon 30 days' prior written notice. In the event that (i) the Company terminates an executive's employment without cause; (ii) upon termination due to an executive's disability; (iii) the executive terminates his employment for good reason; or (iv) the Company elects to cause the non-renewal of the employment agreement such that it expires at the end of its then-current term, subject to the executive providing a release to the Company, the executive will be entitled to:

payment of an amount equal to one times base salary then in effect, payable in 24 equal installments over a period of 12 months,

continued contribution of the premium cost for executive s and his eligible dependents participation in the Company s group health plan for 12 months,

payment of any accrued but any unpaid bonus for year prior to termination and a pro rata bonus earned for the year of termination (payable when all other bonuses are paid).

Upon an executive s death, the executive s estate will be entitled to receive continued contribution of the premium cost for executive s eligible dependents participation in the Company s group health plan for 12 months and payment of any accrued but any unpaid bonus for year prior to termination and a pro rata bonus for the year of termination (payable when all other bonuses are paid).

The employment agreements also contain confidentiality provisions, restrictions on solicitation of employees and interference with the Company s customers and contracts, and other terms and conditions customary to executive employment agreements.

Equity Incentive Plans

Prior to January 22, 2013, the Company had three active Equity Incentive Plans. On January 22, 2013, the Company adopted the 2013 Equity Incentive Award Plan and agreed not to issue any additional awards under prior plans.

2002 Equity Participation Plan

The 2002 Equity Participation Plan of PriceSmart, Inc. (the 2002 Plan) has a total of 128,072 shares outstanding as of October 31, 2017, comprised of options to purchase an aggregate of 4,000 shares of Common Stock at an exercise price of \$67.20 per share and 124,072 shares subject to outstanding and unvested restricted stock awards and restricted stock units.

The 2013 Plan provides for awards covering up to (1) 600,000 shares of Common Stock plus (2) the number of shares that remained available for issuance under the 1998 Equity Participation Plan of PriceSmart, Inc., the 2001 Plan and the 2002 Plan (collectively, the Prior Plans) as of January 22, 2013. The number of shares reserved for issuance under the 2013 Plan increases during the term of the 2013 Plan by the number of shares relating to awards outstanding under the 2013 Plan or any of the Prior Plans that expire, or are forfeited, terminated, cancelled or repurchased, or are settled in cash in lieu of shares; however, in no event will more than an aggregate of 1,046,190 shares of our Common Stock be issued under the 2013 Plan. As of October 31, 2017, the 2013 Plan provided for the issuance of up to 906,803 shares (including shares originally authorized for

The 2013 Plan provides that in the event of a Change in Control or a Corporate Transaction, each as defined in the 2013 Plan, each outstanding award shall, immediately prior to the effective date of the Change in Control or Corporate Transaction, automatically become fully vested, exercisable or payable, as applicable, for all of the shares of Common Stock at the time subject to such award and, as applicable, may be exercised for any or all of those shares as fully vested shares of Common Stock.

The Retirement Plan of PriceSmart, Inc.

In 1998, the Company established a retirement plan. The retirement plan is designed to be a qualified plan under applicable provisions of the Internal Revenue Code of 1986, as amended, covering all employees, as defined in the retirement plan. Participants also may contribute amounts representing distributions from other qualified plans. Effective January 1, 2011, the Plan was amended to replace the Company match with a discretionary contribution of 4% of the employee's eligible compensation up to the IRS maximum allowed to all employees regardless of their own salary deferrals. Effective January 1, 2016, the Company began providing up to a 2% matching contribution to non-officer employees who contribute at least 1% of their eligible pay. Although the Company has not expressed any intent to do so, the Company has the right under the retirement plan to discontinue its contributions at any time and to terminate the retirement plan, subject to the provisions of Employee Retirement Income Security Act of 1974, as amended. Severance and Change in Control Payments

The following table summarizes the potential payments to each Named Executive Officer in two different potential scenarios: (1) a termination of the Named Executive Officer without cause, and (2) a change in control without a termination of employment. The table assumes that the termination of employment or change in control occurred on August 31, 2017, the last business day of our last completed fiscal year. For purposes of estimating the value of accelerated vesting of equity awards to be received in the event of a change in control, the Company has assumed a price per share of our Common Stock of \$81.25, which represents the closing market price of our Common Stock as reported on the Nasdaq Global Select Market on August 31, 2017 (the last trading day of fiscal year 2017).

⁽¹⁾ Under the Named Executive Officer's employment agreement, in the event of his termination other than for cause, death or disability, he will be entitled to the continuation of his base salary for a period of one year, payable over such severance period in conformity with our normal payroll.

⁽²⁾ Under the terms of our equity incentive award plans, vesting of all equity awards will accelerate upon a change in control.

⁽³⁾ In addition to salary continuation for one year, Mr. Von Chong would be entitled to receive in the event of his termination other than for cause, death or disability, a *Fondo de Cesentía* severance award in the amount of \$133,858 pursuant to Panama law.

Director Compensation

Each non-employee director receives an annual retainer for serving on the Board of Directors.

Effective February 3, 2015, the Board of Directors adopted the following cash compensation program for the non-employee directors. Under the program, each non-employee director receives an annual retainer of \$36,000 per year for serving on the Board of Directors. Additionally, non-employee directors who serve on, but do not chair, committees receive an additional \$5,000 per year per committee. Committee chairpersons receive additional annual retainers as follows: the chairperson of the Compensation Committee receives an additional annual retainer of

\$15,000, the chairperson of the Finance Committee receives an additional annual retainer of \$19,000, the chairperson of the Nominating/Corporate Governance Committee receives an additional annual retainer of \$10,000, and the chairperson of the Audit Committee receives an additional annual retainer of \$45,000. These annual retainers are paid on a quarterly basis.

Effective April 20, 2017, the Board of Directors granted to each non-employee director an award of 583 restricted stock units under the 2013 Plan, with dividend equivalents thereon, which number of restricted stock units was equal to (1) \$50,000 divided by (2) the 30-trading-day average of the Company's stock price prior to the grants. Risk Assessment

Management assessed the Company's compensation program for the purpose of reviewing and considering any risks presented by the Company's compensation policies and practices that are likely to have a material adverse effect on the Company.

As part of that assessment, management reviewed the primary elements of our compensation program, including base salary, annual short-term incentive compensation and long-term equity compensation. Management's risk assessment included a review of the overall design of each primary element of our compensation program and an analysis of the various design

features, controls and approval rights in place with respect to compensation paid to management and other employees that mitigate potential risks to the Company.

Management also noted that we have adopted stock ownership guidelines for our executives and non-employee directors. Management believes the adoption of such guidelines further aligns the interests of our Chief Executive Officer, our other executive officers and our Board of Directors with those of our stockholders. Management also noted that the adoption of the Company's Compensation Recoupment Policy provides the Compensation Committee with broad discretion to recoup certain incentive awards made to the Company's executive officers in instances of material violations of law or a written Company policy by an executive officer or by a subordinate employee if the executive failed to supervise the subordinate, if the misconduct caused significant financial or reputational harm to the Company.

Following the assessment, management determined that the Company's compensation policies and practices did not create risks that were reasonably likely to have a material adverse effect on the Company and reported the results of the assessment to the Compensation Committee.

Proposal 2 Approval of the Compensation of the Named Executive Officers

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, the Company's stockholders are entitled to vote at the Annual Meeting to provide advisory approval of the compensation of the Company's named executive officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission. Pursuant to the Dodd-Frank Act, the stockholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or our Board of Directors.

Although the vote is non-binding, our Compensation Committee and Board of Directors appreciate the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions. As described more fully in the Compensation Discussion and Analysis section of this Proxy Statement, the Company's executive compensation program is designed to attract, retain and motivate individuals with superior ability, experience and leadership capability to deliver on our annual and long-term business objectives necessary to achieve growth in stockholder value. We urge stockholders to read the Compensation Discussion and Analysis section of this Proxy Statement, which describes in detail how our executive compensation policies and procedures operate and are intended to operate in the future. The Compensation Committee and the Board of Directors believe that our executive compensation program fulfills these goals and is reasonable, competitive and aligned with our performance and the performance of our executives.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we ask that our stockholders vote **FOR** the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2018 Annual Meeting of Stockholders, pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

Recommendation of the Board of Directors

The Board of Directors recommends that stockholders vote FOR the approval of the compensation of the named executive officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission. Proxies solicited by the Board of Directors will be so voted unless stockholders specify otherwise on the accompanying Proxy.

Proposal 3 Frequency of Stockholder Vote on Executive Compensation

Under the Dodd-Frank Act, the Company's stockholders are entitled to vote at the annual meeting regarding whether the stockholder vote to approve the compensation of the named executive officers as required by Section 14A (a)(2) of the Securities Exchange Act of 1934, as amended (and as described in Proposal 2 of this Proxy Statement), should occur every one, two or three years. Under the rules issued by the Securities and Exchange Commission, stockholders also have the option to abstain from voting on the matter. Pursuant to the Dodd-Frank Act, the stockholder vote on the frequency of the stockholder vote to approve executive compensation is an advisory vote only, and it is not binding on the Company or our Board of Directors. The Securities and Exchange Commission requires a vote on the frequency of the say on pay vote at least every six years. At the 2012 Annual Meeting of Stockholders, the Company's stockholders voted to require a say on pay vote every three years, which was in accordance with the recommendation of the Board of Directors at that time; however, since 2012, we have received feedback from stockholders asking that we hold the say on pay vote each year, which the Board of Directors is now recommending.

Although the vote is non-binding, our Compensation Committee and Board of Directors value the opinions of the stockholders and will consider the outcome of the vote when determining the frequency of the stockholder vote on executive compensation.

Our Board of Directors has determined that an advisory stockholder vote on executive compensation every year is the best approach for the Company and its stockholders for a number of reasons:

Although our executive compensation program is designed to promote a long-term connection between pay and performance, our public disclosures on executive compensation are made annually.

Our Board of Directors has considered that an advisory vote on named executive officer compensation annually will allow stockholders to provide more immediate feedback on the Company's compensation philosophy, objectives and practices as disclosed in the Company's annual proxy statement.

The market trend is that annual say-on-pay votes are held every year. As discussed in our Compensation Discussion and Analysis section, our executive compensation program consists of a variety of objectives that include linking compensation to performance over time and aligning the interests of our executive officers and our long-term stockholders. Accordingly, an annual advisory vote is appropriate to judge the effectiveness of our compensation program on motivating performance of our executives and retaining them.

The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the Board's recommendation. Although this advisory vote on the frequency of the say on pay vote is nonbinding, the Board and the Compensation Committee will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

Recommendation of the Board of Directors

The Board of Directors recommends a vote FOR EVERY YEAR regarding the frequency of the stockholder vote to approve the compensation of the named executive officers as required by Section 14A (a)(2) of the Securities Exchange Act of 1934, as amended. Proxies solicited by the Board of Directors will be so voted unless stockholders specify otherwise on the accompanying Proxy. Please note: stockholders are not voting to approve or disapprove our Board of Directors recommendation regarding this Proposal.

Table of Contents**Proposal 4** Ratification of Selection of Independent Registered Public Accounting Firm

Subject to ratification by the shareholders at the Annual Meeting, the Board, upon recommendation of the Audit Committee, has selected Ernst & Young LLP (EY) to audit the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending August 31, 2018. EY has issued its reports, included in the Company's Form 10-K, on the audited consolidated financial statements of the Company and internal control over financial reporting for the fiscal year ended August 31, 2017. EY has served the Company as independent auditors since the Company's spin-off from Price Enterprises, Inc. in 1997. Representatives of EY are expected to be present at the Annual Meeting, will have the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Stockholders are not required to ratify the appointment of EY as our independent registered public accounting firm. However, we are submitting the appointment of EY to the stockholders for ratification as a matter of good corporate practice. If you fail to ratify the appointment, the Board of Directors and the Audit Committee will reconsider whether or not to retain EY. Even if the appointment is ratified, the Board of Directors and the Audit Committee in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and our stockholders.

Independent Registered Public Accounting Firm

The Audit Committee of the Company's Board of Directors has selected EY to serve as the Company's independent registered public accounting firm for the 2018 fiscal year, subject to the Company and EY agreeing on a mutually acceptable engagement letter. Representatives of EY are expected to be present at the Annual Meeting. Such representatives will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Audit and non-audit fees. The aggregate fees billed to the Company by EY, the Company's independent registered public accounting firm, for the indicated services for each of the last two fiscal years were as follows (in thousands):

Audit-Related Fees ⁽²⁾	0	0
Tax Fees ⁽³⁾	30	55
All Other Fees ⁽⁴⁾	5	5

(2)

Audit-Related Fees consist of fees for assurance and related services performed by EY that are reasonably related to the performance of the audit or review of the Company's financial statements.

(3) Tax Fees consist of fees for professional services performed by EY with respect to tax compliance, tax advice and tax planning.

(4) For fiscal years 2017 and 2016, All Other Fees consist of license fees for a software tool provided by EY.

Audit Committee Policy Regarding Pre-Approval of Audit and Permissible Non-Audit Services of Our Independent Registered Public Accounting Firm

Our Audit Committee has established a policy that generally requires that all audit and permissible non-audit services provided by the Company's independent registered public accounting firm be pre-approved by the Audit Committee. These services may include audit services, audit-related services, tax services and other services. From the time that the pre-approval requirements

Proposal 4 Ratification of Selection of Independent Registered Public Accounting Firm (continued)

became effective, all permissible non-audit services provided by the Company's independent registered public accounting firm have been pre-approved by the Company's Audit Committee. Our Audit Committee has considered whether the provision of services under the heading "All Other Fees" is compatible with maintaining the accountants independence and determined that it is consistent with such independence.

The Board of Directors recommends a vote FOR the ratification of the selection of EY as our independent registered public accounting firm. Proxies solicited by the Board of Directors will be so voted unless stockholders specify otherwise on the accompanying Proxy.

Householding of Proxy Materials

If you share an address with another stockholder, you may receive only one set of proxy materials unless you have provided contrary instructions. The rules promulgated by the SEC permit companies, brokers, banks or other intermediaries to deliver a single copy of a proxy statement and annual report to households at which two or more stockholders reside. This practice, known as house holding, is designed to reduce duplicate mailings, save significant printing and postage costs, and conserve natural resources. Stockholders will receive only one copy of our proxy statement and annual report if they share an address with another stockholder, have been previously notified of house holding by their broker, bank or other intermediary, and have consented to house holding, either affirmatively or implicitly by not objecting to house holding. If you would like to opt out of this practice for future mailings, and receive separate annual reports and proxy statements for each stockholder sharing the same address, please contact your broker, bank or other intermediary.
