QUESTIONS AND ANSWERS

Q. Why is Lands' End distributing this Proxy Statement?

- A. Our Board of Directors is soliciting proxies for use at the Lands' End 2018 Annual Meeting (the Annual Meeting) to be held on Thursday, May 24, 2018, at 9:00 a.m. Central Time, in the Gary C. Comer Activity Center, 3 Lands' End Lane, Dodgeville, Wisconsin 53595. In order to solicit your proxy, we must furnish you with this Proxy Statement, which contains information about the matters to be voted upon at the Annual Meeting.

Q. What information is contained in these materials?

- A. The information included in this proxy statement relates to the proposals to be considered and voted on at the Annual Meeting, the voting process, the compensation of the directors and our most highly paid executive officers, and other required information. Our Form 10-K for fiscal year 2017 is available to review with this proxy statement. We are mailing the Notice of 2017 Annual Meeting of Stockholders and instructions on how to access the proxy statement (or, for those who request it, a hard copy of this proxy statement and the enclosed form of proxy) to our stockholders on or about April 6, 2018.

Q. Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

- A. In accordance with rules and regulations adopted by the Securities and Exchange Commission (SEC), instead of mailing a printed copy of our proxy materials to each stockholder, we are furnishing proxy materials, including this Proxy Statement and the Annual Report on Form 10-K, by providing access to such documents on the Internet. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, a Notice of Internet Availability of Proxy Materials (the Notice) has been sent to most of our stockholders instructing them as to how to access and review the proxy materials on the Internet. The Notice also provides instructions as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, please follow the instructions for requesting such materials in the Notice.

Q. What will stockholders be asked to do at the Annual Meeting?

- A. At the Annual Meeting, our stockholders will be asked to:

Elect to Lands' End's Board of Directors the following seven nominees presented by the Board of Directors: Robert Galvin, Jerome S. Griffith, Elizabeth Leykum, Josephine Linden, John T. McClain, Jignesh Patel and Jonah Staw;

vote on a non-binding advisory resolution to approve the compensation of our named executive officers (as identified under *Executive Compensation*);

vote on a non-binding advisory resolution on the frequency of holding future stockholder votes regarding the compensation of our named executive officers;

ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2018; and

consider any other business that may properly come before the Annual Meeting or any adjournments or postponements of the Annual Meeting.

Q. What does it mean to vote by proxy?

- A.** It means that you give someone else the right to vote your shares in accordance with your instructions. In this way, you ensure that your vote will be counted even if you are unable to attend the Annual Meeting. If

Table of Contents

you give your proxy but do not include specific instructions on how to vote, the individuals named as proxies will vote your shares as follows:

FOR the election of seven nominees for director;

FOR the approval, on a non-binding advisory basis, of the compensation of our named executive officers as described in this Proxy Statement;

FOR the approval, on a non-binding advisory basis, of holding future advisory votes on the compensation of our named executive officers every year; and

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2018.

Q. Who is entitled to vote?

A. Only holders of our common stock at the close of business on March 26, 2018 (the Record Date) are entitled to vote at the Annual Meeting. Each outstanding share of common stock is entitled to one vote. There were 32,131,970 shares of our common stock outstanding on the Record Date.

Q. How do I cast my vote?

A. If you hold your shares directly in your own name, you are a registered stockholder and can complete and submit a proxy through the Internet, by telephone or by mail (if you received your proxy materials by mail) or vote in person at the Annual Meeting. If your shares are held in the name of a broker or other nominee, you are a street-name stockholder and will receive instructions from your broker or other nominee describing how to vote your shares.

Q. How do I vote by telephone or through the Internet?

A. If you are a registered stockholder, you may vote by telephone or through the Internet following the instructions in the Notice or in the proxy card. If you are a street-name stockholder, your broker or other nominee will provide information for you to use in directing your broker or nominee how to vote your shares.

Q. Who will count the vote?

- A. A representative of Broadridge Financial Services, Inc., an independent tabulator, will count the vote and act as the inspector of election.

Q. Can I change my vote after I have voted?

- A. A subsequent vote by any means will change your prior vote. For example, if you voted by telephone, a subsequent Internet vote will change your vote. If you are a registered stockholder and wish to change your vote by mail, you may do so by requesting, in writing, a proxy card from the Corporate Secretary at Lands' End, Inc., Law Department, 1 Lands' End Lane, Dodgeville, Wisconsin 53595, Attention: General Counsel and Corporate Secretary. The last vote timely received prior to the Annual Meeting will be the one counted. If you are a registered stockholder, you may also change your vote by voting in person at the Annual Meeting. Street-name stockholders wishing to change their votes must contact the broker or nominee directly (the holder of record). If you are a street-name stockholder, you are not the record holder of your shares, and while you are welcome to attend the Annual Meeting, you will not be permitted to vote unless you obtain a signed proxy from your bank, broker or other nominee.

Table of Contents

Q. Can I revoke a proxy?

- A. Yes, registered stockholders may revoke a properly executed proxy at any time before it is exercised by submitting a letter addressed to and received by the Corporate Secretary at the address listed in the answer to the previous question, or by voting in person at the meeting. If you are a street-name stockholder, you must contact your broker or other nominee for instructions on how to revoke your voting instructions for your shares.

Q. What does it mean if I receive more than one Notice, proxy or voting instruction card?

- A. It means your shares are registered differently or are in more than one account. For all Notices you receive, please enter your vote by Internet for each control number you have been assigned. If you received paper copies of proxy materials, please complete, sign and mail all proxy and voting instruction cards you receive. We encourage you to register all your accounts in the same name and address. Registered stockholders may contact our transfer agent, Computershare Trust Company, N.A., at P.O. Box 505000, Louisville, Kentucky 40223 (1-866-627-2096). Street-name stockholders holding shares through a broker or other nominee should contact their broker or nominee and request consolidation of their accounts.

Q. What is a quorum?

- A. A majority of the outstanding shares entitled to vote, being present or represented by proxy at the Annual Meeting, constitutes a quorum. A quorum is necessary to conduct the Annual Meeting.

Q. How many votes are needed to approve each of the proposals?

- A. **Item 1:** The director nominees will be elected by a plurality of the votes cast by the shares of common stock entitled to vote at the Annual Meeting and present in person or represented by proxy. This means that the seven nominees who receive the most affirmative votes will be elected as directors.

Item 2: Approval of the compensation of our named executive officers on a non-binding advisory basis requires the affirmative vote of a majority of those shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal.

Item 3: A plurality of the votes cast is required for the non-binding advisory approval of the frequency of stockholder votes on the compensation of our named executive officers. This means that the frequency option that receives the most affirmative votes of all the votes cast is the one that will be deemed approved by the stockholders.

Item 4: Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm requires the affirmative vote of a majority of those shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal.

Q. What is the effect of an abstention?

- A.** The shares of a stockholder who abstains from voting on a matter will be counted for purposes of determining whether a quorum is present at the Annual Meeting so long as the stockholder is present in person or represented by proxy. With regard to the election of directors, votes may be cast in favor or withheld, and votes that are withheld will have no effect. On all other matters, abstentions may be specified. An abstention from voting on a matter by a stockholder present in person or represented by proxy at the meeting has no effect on the outcome of the vote on the frequency of stockholder votes on the compensation of our named executive officers. An abstention from voting on a matter by a stockholder present in person or represented by proxy at the Annual Meeting has the same legal effect as a vote against all other proposals.

Table of Contents

Q. How will votes be counted on shares held through brokers?

A. If you are a street-name stockholder and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. Brokers are not entitled to vote on the election of directors, or the advisory proposals to approve the compensation of our named executive officers and the frequency of stockholder votes on the compensation of our named executive officers unless the brokers receive voting instructions from the beneficial owner. The shares of a stockholder whose shares are not voted because of a broker non-vote on a particular matter will be counted for purposes of determining whether a quorum is present at the Annual Meeting so long as the stockholder is represented by proxy. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered present and entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the Annual Meeting, assuming that a quorum is obtained. Brokers will be permitted to vote without voting instructions on the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm, assuming that a quorum is obtained.

Q. Is cumulative voting permitted for the elections of directors?

A. No, you may not cumulate your votes for the election of directors.

Q. Who may attend the Annual Meeting?

A. Any stockholder as of the Record Date may attend.

If you plan to attend the meeting, you will be required to present an Admission Ticket (or other acceptable proof of stock ownership) and a form of government-issued photo identification (such as a valid driver's license or passport). We strongly urge you to obtain your Admission Ticket in advance by accessing www.proxyvote.com and following the instructions provided (you will need the 16 digit number included on your proxy card, voting instruction form or Notice).

Alternatively, the following documents will be accepted in lieu of an Admission Ticket for those stockholders as of the Record Date who are unable to obtain an Admission Ticket in advance of the Annual Meeting:

If you received a Notice and will not be requesting a printed copy of the proxy materials, you may use your Notice as your Admission Ticket.

If your Lands' End shares are registered in your name and you received your proxy materials by mail, you may use the Admission Ticket attached to your proxy card at the Annual Meeting.

If your Lands' End shares are held in a bank or brokerage account, you can attend the annual meeting if you bring your Notice of Internet Availability of Proxy Materials or a recent bank or brokerage statement showing you owned shares of Lands' End common stock on March 26, 2018. You may also contact your bank or broker to obtain a written legal proxy.

- Q. Can I access future annual meeting materials through the Internet rather than receiving them by mail?**
- A.** Yes. Registered stockholders can sign up for electronic delivery at www.proxyvote.com. If you vote through the Internet, you can also sign up for electronic delivery. Just follow the instructions that appear after you finish voting. You will receive an e-mail next year containing links to our Annual Report on Form 10-K and the Proxy Statement for our 2019 annual meeting. Street-name stockholders may also have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your broker or other nominee regarding the availability of this service. This procedure reduces the printing costs and fees we incur in connection with the solicitation of proxies.

Q. What is householding ?

A. Lands End has adopted a procedure called householding, which has been approved by the SEC. Under this procedure, registered stockholders who have the same address and last name and do not receive proxy materials electronically will receive a single Notice or set of proxy materials, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. Stockholders who participate in householding will continue to receive separate proxy cards. This procedure can result in savings to Lands End by reducing printing and postage costs.

If you participate in householding and wish to receive a separate Notice or set of proxy materials, or if you wish to receive separate copies of future Notices or sets of proxy materials, please call 1-866-540-7095 or write to: Broadridge Financial Solutions, Inc., Household Department, 51 Mercedes Way, Edgewood, New York 11717. The Company will deliver the requested documents to you promptly upon your request.

Registered stockholders who share the same address, currently receive multiple copies of proxy materials, and who wish to receive only one copy of these materials per household in the future may contact Broadridge Financial Solutions at the address or telephone number listed above. Street-name stockholders should contact their broker or other nominee to request information about householding.

CORPORATE GOVERNANCE

Corporate Governance Practices

The Lands' End Board of Directors (the Board) is committed to effective corporate governance. The Board has approved and adopted Corporate Governance Guidelines that provide the framework for Lands' End's governance. The Nominating and Corporate Governance Committee of the Board reviews and assesses the Corporate Governance Guidelines annually and recommends changes to the Board as appropriate. The Corporate Governance Guidelines, along with the charters of Board committees, our Director Compensation Policy, our Related Party Transactions Policy, our Code of Conduct and our Board of Directors Code of Conduct are available on our website at www.landsend.com, under the heading *Investor Relations* and then *Corporate Governance*.

Among other things, the Corporate Governance Guidelines provide that:

Independent directors will meet regularly in executive session in conjunction with regularly scheduled Board meetings.

Executive sessions of the independent directors will occur at least twice a year as determined by the independent directors.

The Board and each of its committees has the power to engage, at the Company's expense, independent legal, financial, and other advisors as deemed necessary, without consulting or obtaining the approval of the Company's officers in advance.

The Board will conduct annual self-evaluations to assess whether it and its committees are functioning effectively.

Director Independence

Based on the review and recommendation by the Nominating and Corporate Governance Committee, the Board analyzed the independence of each director. In making its independence determinations, the Board considers transactions, relationships and arrangements between Lands' End and entities with which directors are associated as executive officers, directors and trustees. When these transactions, relationships and arrangements exist, they are in the ordinary course of business and are of a type customary for a retail company like Lands' End.

As a result of this review, the Board affirmatively determined that the following directors meet the standards of independence under the applicable Nasdaq Stock Market listing rules, including that each member is free of any relationship that would interfere with his or her individual exercise of independent judgment:

Robert Galvin

Elizabeth Leykum

Josephine Linden

John T. McClain

Jignesh Patel

Jonah Staw

In addition, Robert A. Bowman, who served as a member of the Board during fiscal 2017, until his resignation on December 22, 2017, was considered to have met the independence standard during his tenure as a member of the Board. In the course of the Board's independence determination, the Board considered transactions, relationships and arrangements required to be disclosed pursuant to SEC rules. In determining that Mr. McClain met the applicable independence standards, the Board considered his service as a trustee of Seritage Growth Properties, which, as of February 2, 2018, owned or held an indirect ownership interest in a subset of the

Table of Contents

underlying properties in which the Company subleased space from a subsidiary of Sears Holdings Corporation (Sears Holdings) for Lands End Shops at Sears. The Board also considered a prior consulting relationship between Sears Holdings and a company of which Mr. Staw was Chief Executive Officer and has determined that Mr. Staw met the standards of independence as of April 4, 2017, the third anniversary of the distribution by Sears Holdings of 100% of the issued and outstanding shares of Lands End common stock to Sears Holdings stockholders (the Separation).

The Board also has determined that (1) each member of the Audit Committee meets additional, heightened independence criteria applicable to audit committee members under the Nasdaq Stock Market listing rules and SEC Rule 10A-3, and (2) each of Robert Galvin, Josephine Linden, and John T. McClain is an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC.

The Board also has determined that all members of the Compensation Committee meet independence criteria applicable to compensation committee members under the Nasdaq Stock Market listing rules and that all members of the Related Party Relationships Committee meet the independence criteria set forth in the Related Party Relationships Committee s charter.

ITEM 1. ELECTION OF DIRECTORS

Item 1 is the election of seven nominees to our Board: Robert Galvin, Jerome S. Griffith, Elizabeth Leykum, Josephine Linden, John T. McClain, Jignesh Patel and Jonah Staw. Each of the nominees is a current member of the Board. If elected, each nominee will hold office until the next annual meeting or until his or her successor is elected and qualified, or earlier death, resignation, disqualification or removal. The persons named in the proxy card (the proxies) will vote FOR the election of all of the nominees listed below, unless otherwise instructed. You may not vote for a greater number of persons than the number of nominees named in this Proxy Statement. The Board expects all nominees to be available for election. If any nominee should become unavailable to serve as a director for any reason prior to the Annual Meeting, the Board may substitute another person as a nominee. In that case, your shares will be voted for that other person.

THE BOARD RECOMMENDS THAT YOU VOTE

The Nominating and Corporate Governance Committee of our Board is responsible for reviewing the qualifications and independence of members of the Board and its various committees on a periodic basis, as well as the composition of the Board as a whole. This assessment includes members' qualification as independent, as well as consideration of skills and experience in relation to the needs of the Board. New director nominees will be recommended to the Board by the Nominating and Corporate Governance Committee. The ultimate responsibility for selection of director nominees resides with the Board.

While the Company does not have a formal diversity policy, the Board considers diversity in identifying director nominees. The Board and the Nominating and Governance Committee believe that it is important that our directors represent diverse viewpoints. In addition to diversity of experience, the Nominating and Corporate Governance Committee seeks director candidates with a broad diversity of professions, skills and backgrounds. The Nominating and Corporate Governance Committee discusses Board composition, including the diversity of the Board, annually.

The Board met six times during fiscal year 2017. All of the directors attended over 75% of the total number of meetings of the Board and meetings of the committees on which they served. Our Corporate Governance Guidelines provide that directors are expected to attend Annual Meetings of Stockholders.

In October, 2014, the Company established a Technology Committee of the Board of Directors to assist the Board in overseeing information technology strategy, and significant investments in support of such strategy, especially in light of the Company's ongoing enterprise resource planning (ERP) project, as well as information technology risks. In November 2017, the Board determined that from a governance perspective, the oversight of technology strategy and investments was a topic that would be addressed at the Board level and technology risks would be addressed with other enterprise risk management matters within the purview of the Audit Committee, and accordingly, the Technology Committee was dissolved. The Technology Committee met four times in fiscal year 2017, and at the time of its dissolution, the members of the Technology Committee were Robert A. Bowman, John T. McClain, Jignesh Patel (Chairman) and Jonah Staw.

Communications with the Board

Our Board has adopted a policy and process for stockholders to communicate with the Board or an individual director. Stockholders may communicate with the Board collectively, or with any of its individual non-employee directors, by writing to Lands' End, Inc. Board of Directors, c/o Corporate Secretary, Lands' End, Inc., Law Department, 1 Lands' End Lane, Dodgeville, Wisconsin 53595. The Corporate Secretary has discretion to determine whether stockholder communications are proper for submission to the intended recipient. Examples of stockholder communications that would be considered presumptively inappropriate for submission include the following: communications regarding personal solicitations; spam and other junk mail; new product suggestions; resumes and other job inquiries; business solicitations or advertisements; communications that are unduly hostile, threatening, illegal, or similarly unsuitable; and communications that are frivolous in nature.

Board Leadership Structure

We separate the roles of Chief Executive Officer and Chair of the Board. Our Chief Executive Officer is responsible for the day-to-day leadership and performance of the Company, while the Chair of the Board provides guidance to our Chief Executive Officer and senior management and sets the agenda for Board meetings and presides over Board

meetings. In carrying out her responsibilities, the Chair preserves the distinction between management and oversight, maintaining the responsibility of management to develop corporate strategy and the responsibility of the Board to review and express its views on corporate strategy and management's execution of that strategy.

The Board's Role in Risk Oversight

Consistent with our leadership structure, our Chief Executive Officer and other members of senior management are responsible for the identification, assessment, and management of risks that could affect the Company and the Board provides oversight in connection with these efforts. We do not believe that the Board's

Table of Contents

role in risk oversight has an effect on the Company's leadership structure. The Board's oversight is conducted primarily through committees of the Board, as disclosed in the descriptions of the responsibilities of the Audit Committee and the Compensation Committee above and in the charters of such committees.

The Audit Committee is responsible for oversight of (1) risks and exposures associated with financial matters, particularly financial reporting, tax, accounting, disclosure, internal control over financial reporting, and credit and liquidity matters; (2) the Company's enterprise risk management framework; and (3) the steps management has taken to monitor and control risks and exposures, including the Company's risk assessment and risk management policies and strategies and programs and policies relating to legal compliance. Risks arising from any related party transactions, including the potential for reputational risk, are separately evaluated by our Related Party Relationships Committee.

The Compensation Committee evaluates whether the risks arising from the Company's compensation policies and practices for its employees would be reasonably likely to have a material adverse effect on the Company and has concluded that our programs do not create risk that is reasonably likely to have a material adverse effect on the Company.

The Board has retained responsibility for general oversight of risks. The Board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company, including our Chief Financial Officer, our General Counsel, our Chief Information Officer and our senior internal audit and information security executives.

Nomination of Director Candidates

Directors may be nominated by the Board or by stockholders in accordance with our Bylaws. The Nominating and Corporate Governance Committee will, when it deems appropriate, actively seek individuals qualified to become Board members, and will solicit input on director candidates from a variety of sources, including current directors. The Committee will evaluate a candidate's qualifications and review all proposed nominees for the Board, including those proposed by stockholders, in accordance with its charter and our Corporate Governance Guidelines. This will include a review of the person's qualifications and independence as well as consideration of diversity, age, skills, education and experience in the context of the needs of the Board. The Committee has the ability to retain a third party to assist in the nomination process.

Director nominees recommended by the Nominating and Corporate Governance Committee are expected to be committed to representing the long-term interests of our stockholders. The Committee believes that it is important to align the interests of directors with those of our stockholders. Generally, each non-employee director is required to acquire a number of shares of our common stock in an amount that, at cost, is equal to one times the amount of the director's annual retainer in effect on the date when the director first becomes a member of the Board. Non-employee directors must meet this requirement by the third anniversary of that date unless, due to employment or legal restrictions, he or she is unable to acquire our common stock. As of February 2, 2018, all non-employee directors were in compliance with this requirement. Board members should possess a high degree of integrity and have broad knowledge, experience and mature judgment. In addition to a meaningful economic commitment to our company as expressed in share ownership, directors and nominees should have predominately business backgrounds, have experience at policy-making levels in business and/or technology, and bring a diverse set of business experiences and perspectives to the Board.

Mr. Griffith's employment letter with the Company provided for his appointment to the Board and provides that he will be nominated for reelection to the Board each time his term as director is scheduled to expire. In addition, under his executive severance agreement with the Company, a termination of employment by Mr. Griffith is for "Good Reason" if, among other events, at any time that ESL Investments, Inc. and its affiliate

Table of Contents

entities beneficially own more than 20% of the Company's shares entitled to vote for directors, they, in whole or in part, vote against his reelection to the Board while Mr. Griffith is serving as the Company's Chief Executive Officer.

A Lands' End stockholder can nominate a candidate for election to the Board by complying with the nomination procedures in our Bylaws, which provide that for an election to be held at an annual meeting of stockholders, nomination by a stockholder must be made by notice in writing delivered to the Company not later than the 90th day, and not earlier than the 120th day, prior to the first anniversary of the preceding year's annual meeting. If the date of the subject annual meeting is more than 30 days before or more than 70 days after the first anniversary of the preceding year's annual meeting, notice by the stockholder must be delivered not earlier than the 120th day prior to the annual meeting and not later than the later of the 90th day prior to the annual meeting or the 10th day following the day on which public announcement of the date of such annual meeting is first made by the Company. For an election to be held at a special meeting of stockholders, the stockholder's notice in writing must be delivered to the Company not earlier than the 120th day prior to the special meeting and not later than the later of the 90th day prior to the special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board to be elected at the special meeting.

A stockholder's written notice to the Corporate Secretary described in the preceding paragraph must be delivered to Lands' End, Inc., Attn: Corporate Secretary, 1 Lands' End Lane, Dodgeville, Wisconsin 53595. Any stockholder of record or beneficial owner of common stock proposing such a nomination must be a stockholder of record on the date of the giving of such notice and on the record date for the determination of stockholders entitled to notice of and to vote at the meeting of stockholders and comply with the applicable notice procedures set forth in the Company's Amended and Restated By-Laws, including setting forth the following in the written notice: (i) the name and address of the stockholder; (ii) the number of shares of capital stock of the Company owned beneficially and of record by the stockholder; (iii) a description of any agreement, arrangement or understanding with respect to the nomination between or among the stockholder, any of its affiliates or associates, each nominee and any others acting in concert with any of the foregoing; (iv) a description of any agreement, arrangement or understanding that has been entered into as of the date of the stockholder's notice by, or on behalf of, the stockholder, the effect or intent of which is to mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of, the stockholder with respect to securities of the Company; (v) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to propose each nomination; (vi) a representation whether the stockholder intends or is part of a group that intends (a) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to elect each nominee and/or (b) otherwise to solicit proxies or votes from stockholders in support of each nomination; (vii) the name, age and business address of each nominee proposed in the notice; (viii) all information concerning the stockholder and each nominee required to be disclosed in proxy solicitations for director elections under the proxy rules of the SEC; and (ix) the written consent of each nominee to serve as a director if so elected.

The Company may require any proposed nominee to furnish such other information as the Company may reasonably require to determine the eligibility of the nominee to serve as a director. The chairman of any annual meeting or special meeting of stockholders may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedures. A stockholder's compliance with these procedures will not require the Company to include information regarding a proposed nominee in the Company's proxy solicitation materials.

Executive Compensation Philosophy and Objectives

The Compensation Committee believes that the Company's long-term success is directly related to its ability to attract, motivate and retain highly talented executives who are committed to our mission, results and cultural beliefs. The Compensation Committee has developed a compensation philosophy for our senior executives designed to pay for performance. Accordingly, the total compensation packages provided to our named executive officers generally include both annual and long-term incentive opportunities that are linked to performance measures or are otherwise at risk due to market fluctuations and potential for forfeiture. For fiscal year 2017, 66%, on average, of our named

executive officers' target compensation was considered at-risk based on financial performance measures or the possibility of forfeiture.

Our compensation packages are designed in large measure to motivate and encourage executives to drive performance and achieve superior results for the Company and its stockholders. They also reflect other important considerations, such as the value of the position in the marketplace, levels of job responsibility, individual performance and the need to attract and retain top executive talent. The Compensation Committee grants equity-based incentives to align management's and stockholders' interests. While the Compensation Committee seeks to utilize compensation and benefit arrangements that reflect the pay-for-performance compensation philosophy, it recognizes that from time to time it may be appropriate for the Company to provide additional inducements, such as sign-on awards and other provisions, in order to recruit, retain, and motivate highly qualified executives.

Competitive Pay Practices

The Committee believes that, in order to attract qualified external candidates and retain valuable executives, the Company must offer executive compensation arrangements that include components that are set at levels that

Table of Contents

candidates would view favorably when considering alternative employment opportunities. In making compensation decisions, the Company takes many factors into account, including competitive considerations; the responsibilities, impact and importance of the individual's position within the Company; individual performance; the individual's expected future contributions to Lands' End; the individual's historical compensation; the performance of the Company overall; retention risk; tenure in position; internal pay equity; and the effect on our general and administrative expenses. The Committee also takes into account compensation and market data, which data primarily focuses on apparel retail companies and other related industries.

In connection with the actions taken by the Compensation Committee in fiscal year 2017 for the named executive officers, the Compensation Committee reviewed publicly available compensation data of a peer group of companies that was determined with assistance from Frederic W. Cook & Co., Inc. ("F.W. Cook"), the Compensation Committee's independent compensation consultant, supplemented by survey data, when relevant public data were not available. The Compensation Committee used available information and monitored actions taken by the peer group companies to evaluate market trends and to assess the long-term incentive plan design aspects and overall competitiveness of our executive compensation programs. While the Compensation Committee did not seek to establish any specific element of compensation or total compensation at or within a prescribed range relative to the peer group of companies, it generally considers compensation arrangements to be competitive if they fall within a range of 15% above or below a market median.

In making its fiscal 2017 compensation decisions, the Compensation Committee considered compensation data from the following 20 peer companies, comprised primarily of apparel retail companies and those in related industries:

American Eagle Outfitters, Inc.	The Buckle, Inc.
Carter's, Inc.	Chico's FAS, Inc.
The Children's Place Retail Stores, Inc.	Columbia Sportswear Company

In comparing the relative size of the Company to the peer group median, the Company fell between the 25th percentile and median in revenue and operating income, at the 25th percentile in market capitalization, and at the 75th percentile in total assets. At the recommendation of F. W. Cook, the peer group for fiscal year 2017 differed from the peer group used for fiscal year 2016, as Aeropostale, Inc. was removed due to its 2016 bankruptcy filing and Deckers Outdoor Corporation was added during a peer group review that was undertaken in August 2016.

At our 2017 annual meeting of stockholders, over 99% of the votes cast supported our advisory resolution on the compensation of our executive officers named in the proxy statement for the meeting.

Executive Compensation Program: Key Elements

The key elements of Lands' End's compensation program for its executives include base salary, annual cash incentive opportunities, long-term performance-based cash and equity incentive opportunities and long-term time-based equity awards.

Table of Contents

Annual Compensation

Base Salary Base salary is the fixed element of each executive's cash compensation, and provides executives with an appropriate level of financial certainty.

Annual Incentive Plan Lands' End's annual incentive program seeks to motivate executives by providing opportunities to earn annual cash awards if annual financial objectives established by the Compensation Committee are achieved.

Long-Term Compensation

Long-Term Performance-Based Awards Lands' End's long-term incentive programs are designed to motivate executives to focus on long-term company performance through awards based on multi-year performance periods that reinforce accountability by linking executive compensation to achievement of performance goals. These programs seek to align the goals of Lands' End executives with Lands' End's strategic direction and initiatives, which the Compensation Committee believes will result in increased returns to its stockholders.

Long-Term Time-Based Awards Lands' End's long-term incentive programs also include time-based awards of equity that are at risk. The multi-year vesting requirements of time-based awards are designed to promote retention and encourage executive officers to adopt longer-term approaches to Lands' End's business. Time-based equity compensation also provides alignment with Lands' End's stockholders, as value received will be consistent with return to Lands' End's stockholders.

There is no pre-established policy or target for the allocation between annual and long-term incentive compensation. Instead, the Compensation Committee takes a holistic approach to executive compensation and balance the compensation elements for each executive individually.

How Elements Are Used to Achieve Our Compensation Objectives

The Compensation Committee believes that a fair and effective way to motivate executives to produce superior results for stockholders is to increase the proportion of an executive's total compensation that is performance-based or otherwise at risk, including equity compensation, as the executive's ability to achieve those results increases. Additionally, the Compensation Committee believes that the value of incentive compensation should depend upon the performance of the Company in a given performance or vesting period. Under Lands' End's incentive compensation structure, the highest amount of compensation can be achieved through consistent superior performance over sustained periods of time. This approach is designed to provide an incentive to manage Lands' End for the long term, while minimizing excessive risk taking in the short term.

During fiscal year 2017, the Compensation Committee sought to achieve the objectives of our compensation program for our named executive officers through the grant of annual and long-term incentive awards. The fiscal year 2017 annual incentive awards for the named executive officers offered an opportunity to earn cash compensation based solely upon the achievement by Lands' End of an adjusted EBITDA (earnings before interest, taxes, depreciation and amortization) goal for fiscal year 2017. The Compensation Committee also granted long-term equity awards to its

named executive officers, as well as the broader group of senior executives, that will vest following the completion of specified employment service periods and, long-term cash award, which vest based upon achievement of multi-year performance goals.

Awards under the Lands' End, Inc. Annual Incentive Plan (As Amended and Restated) (AIP) and its long-term incentive programs, including the Lands' End, Inc. Long-Term Incentive Program (As Amended and Restated) (LTIP), are established based on a percentage of base salary. As the participating executive's base salary is determined, in part, on his or her past performance, an award that is based on a multiple of that base salary also reflects, in part, his or her past performance.

Table of Contents

Following the end of a performance period, the Compensation Committee certifies the level of achievement against the applicable financial performance goals established under its annual and long-term performance-based incentive programs if the applicable threshold level of performance is achieved. In doing so, the Compensation Committee retains the ability to exercise discretion in relation to the annual and long-term performance-based incentive awards granted to Lands' End executives; however, any exercise of discretion under the Lands' End, Inc. Umbrella Incentive Program (As Amended and Restated), the AIP and the LTIP may not result in an increase in the payments under existing awards intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)). With respect to its fiscal year 2017 compensation decisions, the Compensation Committee did not exercise its discretion to adjust performance targets or payout amounts under these incentive programs for any of the named executive officers.

Fiscal Year 2017 Base Salaries

Base salaries are established at levels that generally reflect the past performance, experience, expected future contributions and responsibilities of the executive officer. The importance of the executive officer's position, external pay data, market competitiveness and internal pay equity also are considered, as well as the extent of any promotions or other change in the executive's responsibilities. Effective May 27, 2017, the following named executive officers received a base salary increase: Mr. Gooch received a \$15,000 increase to \$640,000; Mr. Boitano received a \$45,000 increase to \$475,000; Ms. Ritchie received a \$10,000 increase to \$394,000; and Ms. Gebhardt received a \$10,000 increase to \$410,000. The base salaries of Mr. Griffith, Mr. Gray and Ms. Hong were established at the time each commenced employment during fiscal year 2017.

Fiscal Year 2017 Performance Measures and Goals

For the awards granted to named executive officers in fiscal year 2017 under the AIP and the LTIP, performance goals based on an adjusted earnings before interest, taxes, depreciation and amortization (EBITDA) measure were approved by the Compensation Committee. Adjusted EBITDA is a key metric used by the Company's management to measure business performance, in an effort to encourage growth and create increased stockholder value through the efficient use of corporate assets.

In establishing adjusted EBITDA goals for the AIP for fiscal year 2017 (together with the AIP, the 2017 AIP) and the LTIP for the performance period consisting of fiscal years 2017 to 2019 (together with the LTIP, the 2017 LTIP), the Compensation Committee considered such factors as fiscal year 2016 financial results, overall fiscal year 2017 financial goals, the Company's competitive position, and market trends, as well as the general state of the economy and the Company's business.

Fiscal Year 2017 Annual Incentive Opportunity

For the 2017 AIP, the Compensation Committee approved an adjusted EBITDA performance measure (2017 AIP EBITDA) and goals, which accounted for 100% of the annual incentive opportunity for our named executive officers. The 2017 AIP EBITDA measure differs from Adjusted EBITDA, which is reported by the Company, as actual Adjusted EBITDA results are subject to further adjustment as detailed below (see Item 6 of the Company's Annual Report on Form 10-K for a reconciliation of Adjusted EBITDA to Net Income).

To determine 2017 AIP EBITDA performance, the Company first computes Adjusted EBITDA, which it defines as earnings before interest, taxes, depreciation and amortization for the performance period computed as operating income appearing on the Company's statement of operations for the applicable reporting period, adjusted for depreciation, amortization, gains/(losses) on sales of assets and other items the Company determines affect the

comparability of financial statements. Then, in determining financial goal achievement relative to the 2017 AIP EBITDA measure, the Compensation Committee is required to adjust either the performance target or actual Adjusted EBITDA results to reflect the following occurrences affecting the Company during the performance period:

the effects of currency fluctuations in comparison to plan currency rates;

gains or losses from litigation, claim judgments, or regulatory proceedings, including product recalls or legal and insurance settlements that, in each case, individually exceed \$500,000;

Table of Contents

the effect of changes in laws, regulations, or accounting principles, methods or estimates;

write down or impairment of assets;

the gain or loss from the sale or discontinuance of a business segment, division, or unit, and the planned, unrealized corporate post-incentive adjusted EBITDA for this business segment, division, or unit;

results from an unplanned acquired business and costs related to the unplanned acquisition;

restructuring and workforce severance costs pursuant to a plan approved by the Board and Chief Executive Officer;

the impact of the unplanned termination or loss of store leases; and

extraordinary items as defined by accounting principles generally accepted in the United States (GAAP). Opportunities under the AIP for the participating executives are generally established upon hire and reviewed when the Compensation Committee reviews annual compensation or at the time a compensation package for a participating executive is otherwise approved. The target award opportunity under the 2017 AIP was 100% of base salary for Mr. Griffith, 75% of base salary for Messrs. Gooch and Gray and Ms. Hong, 65% of base salary for Mr. Boitano, Ms. Gebhardt and Mr. Hyatt, and 50% of base salary for Ms. Ritchie, which was based upon the participating executive's relative level of responsibility and potential to affect Lands' End overall performance. Per the terms of their employment offer letters, Mr. Griffith was guaranteed a 2017 AIP payment of at least \$475,000 and Mr. Gray was guaranteed a 2017 AIP payment of at least \$187,500. As indicated below, actual payouts exceeded the guaranteed amounts.

Threshold, second-tier target, first-tier target and maximum levels of 2017 AIP EBITDA were established. The 2017 AIP contemplated increasing levels of payout for performance at higher levels, with 10% payout relating to the threshold level, 75% payout relating to the second-tier target level, 100% payout relating to the first-tier target level and 200% payout relating to the maximum level, with a sliding scale for actual performance between levels. If the threshold performance level was not attained, no bonus was to be paid.

The threshold level was set at the level of Adjusted EBITDA which was achieved in fiscal 2016, the second-tier target level was set relative to the Company's internal budget and goals, the first-tier target level was set at a 10% overachievement of the second-tier target level, and the maximum level was set at a 67% overachievement of the second-tier target level. A table summarizing the plan design, metric, and performance levels, and actual result is set forth below:

Metric	Threshold (10% payout)	Second Tier Target (75% payout)	First Tier Target (100% payout)	Maximum (200% payout)
---------------	-----------------------------------	--	--	--------------------------------------

2017 AIP EBITDA	\$ 40 million	\$ 60 million	\$ 66 million	\$ 100 million
-----------------	---------------	---------------	---------------	----------------

At the time it set the targets, the Board believed that the metrics at the second-tier target level were attainable, yet challenging, as \$60 million of 2017 AIP EBITDA represented a 50% increase over fiscal year 2016 Adjusted EBITDA.

Table of Contents

For 2017, the Company achieved 2017 AIP EBITDA, calculated in accordance with and applying the adjustments required by the definition of 2017 AIP EBITDA, at the second-tier target of \$60 million, resulting in a payout of 75% of target for each of the named executive officers. Neither the Compensation Committee nor the Board exercised any discretion with respect to the bonus amounts, which are set forth below.

Name	Target Cash Bonus for 2017	Actual Bonus Earned in 2017	Actual Bonus Earned as % of Target
Jerome S. Griffith	\$ 876,923	\$ 657,692	75%

Fiscal Year 2017 Long-Term Compensation Opportunities***2017 Long-Term Incentive Structure: 2017 LTIP and 2017 RSU Awards***

There were two components of the Company's long-term incentive structure (LTI) established in fiscal year 2017: awards under the 2017 LTIP and awards of restricted stock units (RSU) (2017 RSU Awards) under the Lands' End, Inc. 2014 Stock Plan (As Amended and Restated) (the 2014 Stock Plan). The 2017 LTIP is intended as a performance-based incentive program and the 2017 RSU Awards are time-based incentive awards.

For fiscal year 2017, the total LTI target award opportunity as a percentage of base salary was 200% for Mr. Griffith and 100% for each of the other named executive officers, with 50% of each officer's LTI target opportunity awarded under the 2017 LTIP and 50% of each officer's LTI target opportunity awarded in the form of the 2017 RSU Awards, based on grant date fair value. Mr. Hyatt's departure preceded the timing of these awards and he did not receive any LTI in 2017. Ms. Hong joined the Company in November 2017 and did not participate in the LTI in 2017.

2017 LTIP

Awards under the 2017 LTIP represent the right to receive cash or, at the discretion of the Compensation Committee, shares of the Company's common stock in lieu of cash, or a combination of cash and shares, upon the achievement of certain performance goals for each year in a three-year period and for the cumulative period. The performance period for the 2017 LTIP is fiscal years 2017 through 2019. The Compensation Committee determined the performance measure and threshold, target and maximum goals for the performance measure under the 2017 LTIP. Opportunities for participants under the 2017 LTIP are based solely on a specified adjusted EBITDA performance measure (2017 LTIP EBITDA), with specific independent target opportunities for each fiscal year (with each year representing 25% of the target opportunity) as well as the three-year cumulative period (representing 25% of the target opportunity). All performance goals were established at the beginning of the performance period.

The definition of 2017 LTIP EBITDA is the same as the definition of 2017 AIP EBITDA (as defined above).

Under the 2017 LTIP, a threshold level of performance for a goal will generate a payout at 10% of the 2017 LTIP target opportunity subject to that goal and a target level of performance will generate a payout at 100% of the 2017 LTIP target opportunity subject to that goal. The maximum incentive opportunity under the 2017 LTIP is 200% of the participant's target award amount. The payout percentage between each of threshold and target payout and between target and maximum payout is based on straight-line (linear) interpolations. A table

Table of Contents

summarizing the plan design, metric, and performance levels, as each was set for 2017, which represented 25% of the 2017 LTIP value is set forth below:

Metric for 2017	Threshold	Target	Maximum
(25% of total opportunity)	(10% payout)	(100% payout)	(200% payout)
2017 LTIP EBITDA	\$40 million	\$60 million	\$90 million

For 2017, the Company achieved 2017 LTIP EBITDA, calculated in accordance with and applying the adjustments required by the definition of 2017 LTIP EBITDA, at the target level of \$60 million. Per the terms of the 2017 LTIP, the amount relating to 2017 performance is banked and will be paid to the participant (along with any other amounts earned under the 2017 LTIP for fiscal year 2018, fiscal year 2019 and the cumulative three-year performance period) no later than the date that is the 15th day of the third month following fiscal year 2019, provided that the participant is actively employed by us on the payment date (unless otherwise prohibited by law).

The participation in the 2017 LTIP of Mr. Boitano and Ms. Gebhardt terminated when their employment with the Company ceased.

2017 RSU Awards

The 2017 RSU Awards are intended to focus the named executive officers on the Company's long-term performance and align their interests with those of Lands' End stockholders. Each RSU represents a contingent right to receive one share of the Company's common stock upon satisfaction of the vesting conditions. The 2017 RSU Awards will vest, subject to satisfaction of vesting conditions, including continued employment, on the first, second and third anniversaries of the grant date (with respect to 25%, 25% and 50% of the RSUs), which was May 1, 2017 for all participants other than Mr. Gray, who received his grant on May 8, 2017, upon commencing employment.

The 2017 RSU Awards granted to Mr. Boitano and Ms. Gebhardt were forfeited when their employment with the Company ceased.

*Prior Performance-Based Awards Providing Fiscal Year 2017 Compensation Opportunities**2016 LTIP*

Awards under the 2016 LTIP represent the right to receive cash or, at the discretion of the Compensation Committee, shares of the Company's common stock in lieu of cash, or a combination of cash and shares, upon the achievement of certain performance goals for each year in a three-year period and for the cumulative period. The performance period for the 2016 LTIP is fiscal years 2016 through 2018. The Compensation Committee determined the performance measure and threshold, target and maximum goals for the performance measure under the 2016 LTIP. Opportunities for participants under the 2016 LTIP are based solely on a specified adjusted EBITDA performance measure (2016 LTIP EBITDA), with specific independent target opportunities for each fiscal year (with each year representing 20% of the target opportunity) as well as the three-year cumulative period (representing 40% of the target opportunity).

The definition of 2016 LTIP EBITDA is substantially the same as the definition of 2017 AIP EBITDA (as defined above).

During fiscal year 2016, the Company concluded that no payments to participants under the 2016 LTIP are likely to occur because none of the performance goals established in connection with the 2016 LTIP are likely to be achieved. Accordingly, the Company ceased recording expense and reversed the prior expense recognized in connection with the 2016 LTIP. As the threshold performance level was not met for the fiscal year 2017 performance measures, no amounts were banked under the 2016 LTIP for fiscal year 2017 performance.

Table of Contents

The participation in the 2016 LTIP of Mr. Boitano, Ms. Gebhardt and Mr. Hyatt terminated when their employment with the Company ceased.

2015 LTIP

Awards under the 2015 LTIP represent the right to receive cash or, at the discretion of the Compensation Committee, shares of the Company's common stock in lieu of cash, or a combination of cash and shares, upon the achievement of certain performance goals for each year in a three-year period and/or for the cumulative period. The performance period for the 2015 LTIP is fiscal years 2015 through 2017. The Compensation Committee determined performance measures and threshold, target and maximum goals for each performance measure under the 2015 LTIP. Opportunities for participants under the 2015 LTIP are based on (1) a specified adjusted EBITDA performance measure (2015 LTIP EBITDA) for 80% of LTIP target opportunity, and (2) a non-retail revenue performance measure (Non-Retail Revenue) for 20% of LTIP target opportunity, in each case, with specific independent target opportunities for each fiscal year as well as the three-year cumulative period.

The definition of 2015 LTIP EBITDA is substantially the same as the definition of 2017 AIP EBITDA (as defined above). Non-Retail Revenue is defined as revenue reported on our external financial statements excluding the revenue generated from brick & mortar retail.

During fiscal year 2015, the Company concluded that no payments to participants under the 2015 LTIP are likely to occur because none of the performance goals established in connection with the 2015 LTIP are likely to be achieved. Accordingly, the Company ceased recording expense and reversed the prior expense recognized in connection with the 2015 LTIP. As the threshold performance level was not met for fiscal year 2017 or for the cumulative three-year period, there were no payouts earned under the 2015 LTIP in fiscal year 2017.

The participation in the 2015 LTIP of Mr. Boitano, Ms. Gebhardt and Mr. Hyatt terminated when their employment with the Company ceased.

Other Compensation Elements

New Hire Awards

We provide sign-on, first year minimum, retention and other bonuses where determined necessary or appropriate, such as to attract top executive talent from other companies or reward key executives and in recognition of their expected future contributions to the Company. Executives we recruit often have unrealized value in the form of unvested equity and other forgone compensation opportunities. Sign-on awards are an effective means of attracting high-performing executives by offering them a way to offset compensation these executives may lose when they leave a former company to join Lands' End.

In connection with Mr. Griffith's recruitment, we awarded Mr. Griffith certain equity awards and guaranteed a portion of his fiscal year 2017 bonus, as further described under *Employment Arrangements Jerome S. Griffith* below. In connection with Mr. Gray's recruitment, we awarded Mr. Gray certain equity awards, provided a sign-on bonus and guaranteed a portion of his fiscal year 2017 bonus, as further described under *Employment Agreements Peter L. Gray* below. In connection with the recruitment of Ms. Hong, we awarded Ms. Hong an equity award and provided a sign-on bonus. The Compensation Committee, in making these new hire awards, considered the qualifications and experience of the individual, and the market for their services, as well as the factors discussed above.

Co-Interim CEO Compensation in 2017

In connection with their increased duties and responsibilities as Co-Interim Chief Executive Officers from September 23, 2016 to March 6, 2017, each of Mr. Gooch and Mr. Boitano received (1) a monthly cash service

Table of Contents

bonus in the amount of \$15,000; and (2) a grant of RSUs with an aggregate grant date fair market value equal to \$150,000. Mr. Boitano's RSUs vested upon termination of his employment in July 2017. Mr. Gooch's RSUs vested as to 50% of the RSUs on December 19, 2017 and will vest as to the remainder of the RSUs on December 19, 2018 (or vest in full if he is earlier terminated without cause by the Company). In addition, on March 27, 2017, in recognition of Mr. Gooch's individual contributions and performance as Co-Interim Chief Executive Officer during fiscal year 2016, the Compensation Committee approved the award to Mr. Gooch of a cash special retention bonus in the amount of \$312,500 payable on or about April 16, 2017 (which was initially subject to a repayment obligation in the event his employment ended under certain circumstances, prior to February 2, 2018).

Perquisites and Other Personal Benefits

Lands' End provides its named executive officers with certain limited perquisites and other personal benefits that the Compensation Committee deems reasonable and consistent with Lands' End's overall compensation program or necessary to achieve certain executive hire and retention objectives. For fiscal year 2017, these perquisites included Mr. Gooch's and Mr. Gray's benefits described below, the opportunity for each named executive officer to receive an annual physical examination at the Company's expense, which is intended to promote proactive management of executive health, and the opportunity to receive the same discounts on Lands' End merchandise that are extended to all Lands' End employees and directors.

The original terms of Mr. Gooch's employment letter provided for commuting benefits for travel between Mr. Gooch's current primary state of residence and Lands' End headquarters through the 12-month anniversary of his start date. To incent Mr. Gooch to continue his service with the Company, during fiscal year 2016, the Compensation Committee approved an amendment to Mr. Gooch's employment letter that (1) clarified that Mr. Gooch's commuting benefits include temporary corporate housing and that all such commuting benefits are provided on a tax grossed-up basis; and (2) provided for the extension through August 31, 2017 of the commuting and housing benefits.

Mr. Gray's employment letter provided that the Company would reimburse him for certain commuting expenses. This arrangement ceased at the end of fiscal year 2017.

Retirement Plan

The Lands' End, Inc. Retirement Plan allows participants to contribute towards retirement (including catch-up contributions) on a pre-tax basis, subject to Internal Revenue Service annual contribution limits. The plan allows Roth-after-tax contributions as well as pre-tax contributions of up to 75% of eligible compensation (or the limit determined by the Internal Revenue Service). Lands' End also makes matching contributions to the plan in an amount equal to 50% of the participant's first 6% of contributions starting the quarter following one year of service by the participant.

Severance Benefits

We provide severance benefits to our named executive officers pursuant to executive severance agreements each has entered into with Lands' End. The executive severance agreements help us attract and retain executives in a talent marketplace where severance provisions are commonly offered, while protecting the Company's interests through non-disclosure, non-solicitation and non-competition restrictions. Under the executive severance agreement, subject to the executive's execution of a release of claims against the Company and its affiliates, severance benefits are provided for involuntary termination by Lands' End without Cause (as defined in each executive's agreement) or termination by the executive officer for Good Reason (as defined in each executive's agreement). See *Potential Payments upon Termination of Employment* below for additional details on the terms, conditions and benefits received under a

qualifying termination under the executive severance agreements.

Table of Contents

Awards under an annual or a long-term incentive program are payable in the event of a termination of employment as a result of death or disability during a performance period if certain conditions are met. See *Potential Payments upon Termination of Employment* below for additional information.

Under the 2014 Stock Plan and the 2017 Stock Plan (the *Stock Plans*), following a Change in Control (as defined in the *Stock Plans*) involving the Company, any non-vested portion of a participant's award will fully vest in the event that either (1) the surviving, continuing, successor, or purchasing entity fails to assume or continue the Company's rights and obligations under such award or fails to provide the participant with a substantially equivalent award, or (2) the participant's employment is terminated within 18 months following the Change in Control on account of a termination by the Company (or any acquiring entity) for any reason other than Cause or on account of a participant's resignation for Good Reason (each as defined in the *Stock Plans*). This type of treatment of equity following a Change in Control is referred to as a *double trigger* change-in-control provision and is intended to provide the participant with reasonable assurance regarding previously awarded compensation in the event of a Change in Control and subsequent termination of employment.

Executive Compensation Recovery Provisions

Lands' End's annual and long-term incentive programs for fiscal year 2017 contain executive compensation recovery provisions. The relevant provisions provide that Lands' End will seek reimbursement from participating executives if Lands' End's financial statements or approved financial measures are subject to restatement due to error or misconduct, to the extent permitted by law.

Deductibility of Executive Compensation

In setting an executive's compensation package, the Compensation Committee has taken into account Section 162(m) of the Code, which provided that compensation in excess of \$1 million paid to certain executive officers is not deductible unless it is performance-based and paid under a program that meets certain other legal requirements. Although a significant portion of each named executive officer's compensation may be intended, where appropriate, to qualify for deductibility under Section 162(m), in approving compensation that may not be deductible, the Compensation Committee may, among other things, determine that failing to meet its objectives to attract, retain, and motivate senior executives creates more risk for the Company than the financial impact of losing the tax deduction. Accordingly, certain compensation paid by the Company may not be deductible because such compensation exceeds the limitations or does not meet the performance-based or other requirements for deductibility under Section 162(m). The exemption from 162(m)'s deduction limit for performance-based compensation has been repealed for tax years beginning after December 31, 2017. Consequently, compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangement in place as of November 2, 2017.

Compensation Committee Role in Executive Compensation Decisions

The Compensation Committee is appointed by the Board to fulfill the Board's responsibilities relating to the compensation of our Chief Executive Officer and our other senior executives. The Compensation Committee has overall responsibility for approving and evaluating all compensation plans and our policies and programs as they affect the Company's senior executives. In fulfilling its responsibilities, the Compensation Committee may retain compensation consultants to assist in structuring and evaluating executive compensation. The Compensation Committee has the sole authority to retain and terminate all compensation consultants and has the sole authority to approve the consultant's fees and the terms and conditions of

the consultant's retention. The Compensation Committee also has authority to obtain advice and assistance from internal and external legal, accounting, and other advisors.

The Compensation Committee also received advice and considered the recommendations of Mr. Griffith, Mr. Gooch, Ms. Ritchie and the Company's then general counsel in fiscal year 2017 regarding the forms and the amounts of compensation for the Company's employees, including the named executive officers, and regarding our compensation programs generally. No member of management was present during any Compensation Committee deliberations or voting with respect to his or her specific compensation.

Compensation Committee Report

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement with management of the Company. Table of Contents**Summary Compensation Table**

The following table sets forth information concerning the total compensation paid to each person who served as a principal executive officer or a principal financial officer of the Company during fiscal year 2017, our three other most highly compensated executive officers for fiscal year 2017 who were executive officers at the end of the fiscal year, and two additional individuals who would have been one of the three other most highly compensated executive officers but for the fact they were not serving as executive officers at the end of the fiscal year (collectively, the named executive officers). Fiscal year 2017 included 53 weeks, and accordingly all figures reflect amounts that are slightly higher than would have been the case in a 52-week year, on which basis annual compensation is determined. Total compensation for the 2016 and 2015 fiscal years is provided only if such person was a named executive officer in either of those years.

Joseph M. Boitano

Mr. Boitano's employment letter provided for an annual base salary of \$430,000, an AIP target award of 65% of his base salary and a long-term incentive award with a target opportunity of 100% of his base salary. In connection with his service as Co-Interim Chief Executive Officer from September 23, 2016 to March 6, 2017, Mr. Boitano received (1) a monthly cash service bonus in the amount of \$15,000; and (2) a grant of RSUs with an aggregate grant date fair market value equal to \$150,000, which provided for vesting in two equal installments on December 19, 2017 and December 10, 2018 and vested in full, in accordance with the terms of the award, upon the termination of his employment in August 2017.

Mr. Boitano's employment terminated on July 31, 2017. In connection with his departure, in addition to the vesting noted in the prior paragraph, Mr. Boitano is entitled to receive the payments and benefits under and subject to his executive severance agreement with the Company upon a termination of employment by the Company without Cause (as defined in the agreement), specifically, (1) salary continuation for 12 months at an annual rate of \$430,000, (2) continued health insurance coverage for up to 12 months, (3) 12 months of outplacement services, and (4) a lump sum payment equal to unused vacation pay.

Rebecca L. Gebhardt

Ms. Gebhardt's employment letter provided for a base salary and AIP target award associated with a prior position. As Executive Vice President, Chief Marketing Officer of the Company her annual base salary was \$400,000 and she was eligible for an AIP target award of 65% of her base salary and a long-term incentive award target opportunity of 100% of her base salary. Ms. Gebhardt's employment terminated on November 1, 2017. In connection with her departure, Ms. Gebhardt is entitled to receive the payments and benefits under and subject to her executive severance agreement with the Company upon a termination of employment by the Company without Cause (as defined in the agreement), specifically, (1) salary continuation for 12 months at an annual rate of \$400,000, (2) continued health insurance coverage for up to 12 months, (3) 12 months of outplacement services, and (4) a lump sum payment equal to unused vacation pay.

Scott D. Hyatt

Mr. Hyatt served as Executive Vice President and Chief Supply Chain Officer of the Company with an annual base salary of \$550,000. Effective March 31, 2017, Mr. Hyatt resigned as an officer and as an employee of the Company. In connection with his departure, Mr. Hyatt was entitled to receive the payments and benefits under and subject to his executive severance agreement with the Company upon a termination of employment by the Company without Cause (as defined in the agreement), specifically, (1) salary continuation for 12 months at an annual rate of \$550,000, (2) continued health insurance coverage for up to 12 months, (3) 12 months of outplacement services, and (4) a lump sum payment equal to unused vacation pay.

Table of Contents**Potential Payments upon Termination of Employment**

As described under *Compensation Discussion and Analysis Other Compensation Elements Severance Benefits* above, the Company is party to severance agreements with each of the named executive officers. The amounts shown under *Summary Table of Potential Payments upon Termination of Employment* below assume that each named executive officer was terminated effective as of February 2, 2018, the last business day of fiscal year 2017. Therefore, the tables include amounts earned through such time and are estimates of the amounts which would have been paid to each named executive officer upon his or her involuntary termination by Lands End without Cause (as defined in the agreement) or termination by the executive officer for Good Reason (as defined in the agreement). The actual amounts that would be paid to the executives can only be determined at the time of such executive's separation from Lands End. The following is a discussion of the potential compensation and benefits that the named executive officers other than Messrs. Boitano and Hyatt, and Ms. Gebhardt would be entitled to upon termination of employment. See *Employment Arrangements Joseph M. Boitano*, *Rebecca Gebhardt* and *Scott D. Hyatt* above for details concerning the compensation and benefits that each of Mr. Boitano, Ms. Gebhardt and Mr. Hyatt is entitled to receive in connection with their departure from the Company.

Good Reason:

A termination by the executive officer is for Good Reason generally if it results from (1) a reduction of more than 10% in the sum of the executive officer's annual base salary and target AIP award from those in effect as of the date of the severance agreement; (2) an executive officer's mandatory relocation to an office more than 50 miles from the primary location at which the executive officer is required to perform his or her duties; or (3) any action or inaction that constitutes a material breach under the severance agreement (or employment letter for Mr. Gooch), including the failure of a successor company to assume or fulfill the obligations under the severance agreement (or employment letter for Mr. Gooch). For Mr. Gooch, a termination by him also is for Good Reason if it results from Mr. Gooch no longer directly reporting to the Company's principal executive officer. Under Mr. Griffith and Mr. Gray's agreements, material diminution in their duties also constitutes a Good Reason, and under Mr. Griffith's agreement, a Good Reason further includes (i) no longer being the principal executive officer of the Company and (ii) if at any time that ESL Investments, Inc. and its affiliate entities beneficially own more than twenty percent (20%) of the Company's shares entitled to vote for directors, and they, in whole or in part, vote against Mr. Griffith's reelection to the Board while he is serving as the Chief Executive Officer of the Company.

Cause:

Cause generally is defined as (1) a material breach by the executive officer, other than due to incapacity due to a disability, of the executive officer's duties and responsibilities which breach is demonstrably willful and deliberate on the executive officer's part, is committed in bad faith or without reasonable belief that such breach is in the best interests of the Company (or its affiliates) and such breach is not remedied by the executive officer in a reasonable period of time after receipt of written notice from the Company specifying such breach; (2) the commission by the executive officer of a felony (in certain cases defined as a felony involving moral turpitude); or (3) dishonesty or willful misconduct in connection with the executive officer's employment.

Severance Benefits upon Termination without Cause or for Good Reason

Subject to his or her execution of a release of claims against the Company and its affiliates, if the executive's employment is terminated by the Company without Cause or by the executive for Good Reason, the executive will be entitled to receive, subject to the terms of the applicable agreement, 12 months of base salary at the rate in effect as of the date of termination, other than for Mr. Griffith, who is entitled to a payment equal to two times the sum of his base

salary plus Annual Bonus (as defined in his Executive Severance Agreement), paid in installments over 24 months, and Mr. Gray who is entitled to a payment equal to his base salary plus Annual Bonus over 12 months. Ms. Hong's executive severance agreement provides that if she is terminated without

cause or resigns for good reason within two years of commencing employment, she will be entitled to 24 months of salary continuation; thereafter she would be entitled to 12 months of salary continuation. In the event the termination occurs in contemplation of or within two years after a Change in Control of the Company (as defined in the Executive Severance Agreement) Mr. Griffith's severance payment is increased to two and one half times the sum of his base salary plus Average Bonus, paid in installments over 30 months, and Mr. Gray is entitled to receive an amount equal to two times his base salary plus Average Bonus over a period of 24 months.

The executives are entitled to receive continuation of the active medical and dental coverage that the named executive officer was eligible to participate in prior to the end of employment during the salary continuation period, provided that if the executive becomes eligible to participate in another medical or dental benefit plan through another employer or spousal plan during such period, the executive will be required to pay the full premium applicable to continuation coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA).

The executives also are entitled to reasonable outplacement services, mutually agreed to by the Company and the named executive officer, for a period of up to 12 months or until subsequent employment is obtained, whichever occurs first.

All named executive officers are entitled to a lump sum payment of unused vacation pay benefits granted to the named executive officer prior to his or her termination date.

Other Terms of Severance Agreements

An eligible named executive officer will not be entitled to a severance payment under the severance agreements in the event of termination for Cause or voluntary termination.

Under the severance agreements, the named executive officers agree to, and payments under the agreements are subject to, non-disclosure of confidential information (two years), non-disparagement (two years), non-solicitation (18 months) and non-compete (generally 12 months, where permissible under applicable state law, and subject to waiver by the Company; 24 months in the case of Mr. Griffith) covenants, as well as a release of liability for certain claims against the Company.

The severance agreements do not provide for payments to the participating named executive officers upon termination of employment due to death, disability or retirement. The Company's incentive programs and/or award agreements thereunder provide for eligibility to receive payments or vesting of awards upon the death or disability of named executive officers (and in certain cases, upon termination of employment by the Company without Cause or by the executive for Good Reason) as provided below.

Named executive officers are not entitled to any golden parachute excise tax gross-up payments under any plan or agreement with the Company.

Payments Pursuant to Incentive Compensation Programs

As described under *Compensation, Discussion and Analysis* above, the Company provides annual and long-term incentive awards to our named executive officers. Payments under these programs for termination of employment are treated as described below.

Annual Incentive Plan. Generally, if a participant in the AIP voluntarily terminates employment (for any reason other than disability) or is involuntarily terminated for any reason (other than death) prior to the payment date for an AIP

award, he or she will forfeit his or her AIP award, except as prohibited by law. In the event of death or disability, the named executive officer will be entitled to a pro-rated payment through the termination date if the financial criteria under the AIP are satisfied. In the case of each of Mr. Griffith and Mr. Gray, per each

Table of Contents

individual's Executive Severance Agreement, in the event his employment is terminated without Cause or he terminates his employment for Good Reason, within the last six months of a fiscal year, he will be entitled to a pro rata bonus that would otherwise be payable under the Company's AIP for such fiscal year based on actual results from the fiscal year. Under the terms of Mr. Gooch's employment letter with the Company, any incentive award payable to him with respect to a fiscal year will be paid if his employment is terminated without Cause or he terminated his employment for Good Reason or as a result of his death or disability following the end of the applicable fiscal year and prior to payment under the AIP by the Company.

LTIP. If any named executive officer voluntarily terminates employment (for any reason other than disability) or is involuntary terminated for any reason (other than death), he or she will forfeit his or her awards under the LTIP, except as prohibited by law. In the event of death or disability, he or she will be entitled to a pro-rated payment through the termination date if performance under the LTIP, as of the termination date, equals or exceeds the applicable performance targets and the named executive officer was a participant in the 2015 LTIP, 2016 LTIP or the 2017 LTIP (as the case may be) for at least 12 months of the performance period.

2014 Stock Plan Awards. Generally, if any named executive officer voluntarily terminates employment (for any reason other than disability) or is involuntary terminated for any reason (other than death) he or she will forfeit any awards made under the 2014 Stock Plan. Following the 12-month anniversary of the grant date of his or her award, if any named executive officer's employment is terminated because of (1) death, the unvested portion of his or her award will vest on a pro-rated basis through the date of death, payable in cash to his or her estate, or (2) disability, the unvested portion of his or her award will vest on a pro-rated basis through the date of termination. While no awards had been made under the 2017 Stock Plan as of February 2, 2018, the 2017 Stock Plan has substantially similar provisions.

Provisions in Equity Awards. Under the terms of the grant agreements governing Mr. Griffith's and Mr. Gray's sign-on RSUs and sign-on stock options, in the event of termination by the Company without Cause or termination by the executive without Good Reason, or in the case of death or disability, 50% of any then unvested sign-on RSUs will vest (and in the case of a qualifying termination after the third anniversary of the grant date, the final tranche of sign-on RSUs will vest in full) and 100% of any unvested sign-on stock options will vest. Under the award agreements that govern Mr. Gooch's sign-on awards of RSUs, unvested time-based RSUs will vest upon any separation from service other than by the Company for Cause or by the executive without Good Reason. The RSUs awarded to Mr. Gooch in December 2016 will vest in full if his employment is terminated without Cause by the Company.

2014 Stock Plan Change in Control Provision. The 2014 Stock Plan, which governs the RSU awards discussed above, provides that, except to the extent specified in the applicable award agreement, upon a change in control involving the Company, any non-vested portion of a named executive officer's award will fully vest in the event that either (1) the surviving, continuing, successor, or purchasing entity fails to assume or continue the Company's rights and obligations under such award or fails to provide the participant with a substantially equivalent award, or (2) the participant's employment is terminated within 18 months following the change in control on account of a termination by the Company (or any acquiring entity) for any reason other than Cause or on account of a named executive officer's resignation for Good Reason. While no awards had been made under the 2017 Stock Plan as of February 2, 2018, the 2017 Stock Plan has substantially similar provisions.

The tables below summarize the potential payouts to the named executive officers (other than Mr. Boitano, Ms. Gebhardt and Mr. Hyatt) for the termination events described above. The amounts shown in the following tables assume that the termination of employment occurred on February 2, 2018.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the median annual total compensation of our employees (other than our CEO) and the annual total compensation of Mr. Jerome S. Griffith, Chief Executive Officer and President (the "CEO"):

For fiscal year 2017:

the median of the annual total compensation of our employees (other than our CEO) was \$23,073; and

the annual total annualized compensation of the CEO for purposes of determining the CEO pay ratio was \$7,355,097.

Based on this information, for fiscal year 2017, the ratio of the annual total compensation of Mr. Griffith, our CEO, to the median of the annual total compensation of all employees was estimated to be 319 to 1. Mr. Griffith commenced employment with the Company in March 2017. As a result, included in Mr. Griffith's 2017 total compensation are what the Company expects to be one-time components of compensation in connection with his commencement of employment, including new hire inducement RSU and non-qualified option grants, relocation expenses and reimbursement of attorney fees, which one-time new hire compensation elements in the aggregate totaled \$4,707,958. Excluding these one-time new hire compensation elements for fiscal year 2017, Mr. Griffith's annual total compensation would be \$2,647,139 and the ratio of the annual total compensation of Mr. Griffith to the median total compensation of all employees would be 115 to 1.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described below. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of the median employee, the methodology and the material assumptions, adjustments, and estimates that we used were as follows:

We determined that, as of January 20, 2018, our employee population for purposes of determining our median employee consisted of approximately 4,927 individuals globally (4,308 employees in the United States, 272 employees in Germany and 347 employees in the United Kingdom). In determining our employee population as of such date, we excluded less than 5% of our total global workforce (approximately 226 employees, comprised of 216 employees in Japan and 10 employees in France) from the identification of the median employee, as permitted by the *de minimis* exemption under SEC rules.

Mr. Griffith began as CEO on March 6, 2017 and served all but 37 days as the CEO during fiscal year 2017. His annualized wages, rather than combining the compensation provided to each person who served as CEO or interim CEO during fiscal year 2017, were used to determine CEO total compensation, as permitted by SEC rules.

Mr. Griffith's annualized compensation in this pay ratio disclosure differs from that in the Summary Compensation Table in that the compensation reflected in the Pay Ratio annualized his base pay compensation and non-equity incentive compensation. All other aspects of his compensation, such as relocation and other executive perquisites, are consistently reflected.

We selected January 20, 2018, as the date upon which we would identify the median employee. We picked January 20, 2018 as the date to identify the median employee because it was within the last three months

Table of Contents

of our fiscal year and because the disparate impact of seasonal employees would be minimized. To identify the median employee from our employee population, we collected actual base salary or base wages and any overtime paid, using wages as reported on Form W-2 for 2017 (or the equivalent for non-U.S. employees), along with any bonus paid, during 2017. There were 20 employees who commenced employment between December 31, 2017 and the determination date of January 20, 2018. These employees were included in identifying the median employee but their compensation pursuant to the foregoing methodology was \$0.

We used the currency exchange rate in effect in January 2018 for the United Kingdom and Germany to convert foreign wages to U.S. dollars. The median employee was a part-time, non-benefitted employee.

ITEM 2. ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A of the Securities Exchange Act, we are providing our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the SEC's compensation disclosure rules.

As described in detail under the heading *Executive Compensation Compensation Discussion and Analysis* in this Proxy Statement, we seek to link a significant portion of the compensation of our named executive officers with the Company's performance. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term financial goals, while minimizing excessive risk taking in the short term. We believe that our compensation program is strongly aligned with the long-term interests of our stockholders. We urge you to read the Compensation Discussion and Analysis section of this Proxy Statement for additional details on our executive compensation programs, including our compensation philosophy and objectives and the compensation of our named executive officers during fiscal year 2017.

The vote on this proposal is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this Proxy Statement in accordance with the compensation disclosure rules of the SEC. The vote is advisory and is not binding on the Company, our Board, or the Compensation Committee of the Board. However, the Board and Compensation Committee value the opinions expressed by our stockholders in their voting on this proposal and will consider the outcome of the voting when making future compensation decisions and policies regarding our named executive officers.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT.

ITEM 3. ADVISORY VOTE ON THE FREQUENCY OF HOLDING FUTURE VOTES REGARDING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are providing our stockholders with the opportunity to vote, on a non-binding advisory basis, for their preference as to how frequently we should seek future advisory votes on the compensation of our named executive officers as disclosed in accordance with the compensation disclosure rules of the SEC, which we refer to as an advisory vote on executive compensation. By voting with respect to this Item 3, stockholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation once every one, two, or three years. Stockholders also may, if they wish, abstain from casting a vote on this proposal.

Our Board has determined that an annual advisory vote on executive compensation will allow our stockholders to provide timely, direct input on the Company's executive compensation philosophy, policies, and practices as disclosed in the proxy statement each year. The Board believes that an annual vote is therefore
