To the Stockholders of Tenneco Inc.:

We are pleased to invite you to attend a special meeting of the stockholders of Tenneco Inc., which we refer to as Tenneco, we, us or our, to be held on Wednesday, September 12, 2018, at 10:00 a.m, Central Time, at our headquarters at 500 North Field Drive in Lake Forest, Illinois 60045.

On April 10, 2018, we entered into a Membership Interest Purchase Agreement (the Purchase Agreement) with Federal-Mogul LLC (Federal-Mogul), American Entertainment Properties Corp. (AEP), and Icahn Enterprises L.P., pursuant to which we have agreed to acquire Federal-Mogul. The board of directors of Tenneco is proposing the transaction because it believes the acquisition will provide substantial benefits to Tenneco stockholders and is in the best interests of Tenneco.

If the transaction is completed, Tenneco will:

- (i) pay to AEP \$800 million in cash, subject to increase if Tenneco undertakes a primary offering of common stock, par value \$0.01, of Tenneco (Common Stock) prior to the closing of the transaction as described in this proxy statement; and
- (ii) issue and deliver to AEP an aggregate of 29,444,846 shares (the Stock Consideration) of Common Stock, subject to reduction if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction, which will be comprised of:
 - (a) a number of shares of Common Stock (to be reclassified as Class A Voting Common Stock, par value \$0.01, at the closing of the transaction (Class A Voting Common Stock)) equal to 9.9% of the aggregate number of shares of Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction, and
 - (b) the balance in shares of newly created Class B Non-Voting Common Stock, par value \$0.01 (Class B Non-Voting Common Stock).

At the special meeting of Tenneco stockholders, Tenneco stockholders will be asked to:

- (i) adopt the amended and restated certificate of incorporation of Tenneco Inc., in the form attached to this proxy statement as Annex C, to, among other things, create a new class of non-voting common stock;
- (ii) approve the issuance of the Stock Consideration in connection with the transaction;
- (iii) approve the amended and restated Tenneco Inc. 2006 Long-Term Incentive Plan, in the form attached to this proxy statement as Annex D, to change the number of

Table of Contents

shares available for issuance under the plan pursuant to equity awards granted thereunder to 3,000,000 (which represents an increase of approximately 1,735,200 from the number of shares available for issuance under the plan prior to the amendment); and

- (iv) approve a proposal to adjourn the special meeting, or any adjournments thereof, to another time or place, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the foregoing proposals.

The board of directors of Tenneco unanimously recommends that Tenneco stockholders vote FOR each of the foregoing proposals. While each proposal is being voted upon separately, each of proposals (i) and (ii) relate to the transaction, and proposal (i) must be adopted and proposal (ii) must be approved in order for the transaction to be completed.

The obligations of the parties to the Purchase Agreement to complete the transaction are subject to several conditions set forth in the Purchase Agreement. More information about Tenneco and Federal-Mogul, the special meeting and the transaction is contained in this proxy statement. We encourage you to read the entire proxy statement carefully. **Please pay particular attention to the section entitled Risk Factors beginning on page 34 for a discussion of the risks related to the transaction and Tenneco following completion of the transaction.**

Thank you for your confidence and continued support.

Your vote is very important, regardless of the number of shares of Common Stock you own. The transaction cannot be completed unless the issuance of the Stock Consideration is approved by a majority of the votes cast by stockholders entitled to vote on the proposal at the special meeting (whether in person or by proxy, attorney or representative), and the Amended and Restated Certificate of Incorporation is adopted by a majority of the outstanding shares of Common Stock (whether in person or by proxy, attorney or representative).

Even if you plan to attend the special meeting in person, we request that you complete, sign, date and return, as promptly as possible, the enclosed proxy card in the accompanying prepaid reply envelope or submit your proxy by telephone or the Internet prior to the special meeting to ensure that your shares of Common Stock will be represented at the special meeting if you are unable to attend.

If you fail to return your proxy card, to submit your proxy by phone or the Internet or to attend the special meeting in person, your shares of Common Stock will not be counted for purposes of determining whether a quorum is present at the special meeting and will have the same effect as a vote **AGAINST** the proposal to adopt the Amended and Restated Certificate of Incorporation, but will have no effect on the proposal to approve the issuance of the Stock Consideration to AEP, the proposal to approve the Amended and Restated Long-Term Incentive Plan or the proposal to adjourn the special meeting, or any adjournments thereof, to another time or place, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the issuance of the Stock Consideration to AEP, to adopt the Amended and Restated Certificate of Incorporation or to approve the Amended and Restated Long-Term Incentive Plan.

QUESTIONS AND ANSWERS ABOUT THE TRANSACTION AND THE SPECIAL MEETING

*The following are brief answers to common questions that you may have regarding the transaction, the Purchase Agreement, the consideration to be issued in the transaction and the special meeting of Tenneco stockholders. The questions and answers in this section may not address all questions that might be important to you as a stockholder of Tenneco Inc., which we refer to as Tenneco (or we, as or our). To better understand these matters, and for a description of the legal terms governing the transaction, we urge you to read carefully and in its entirety this proxy statement, including the appendices to, and the documents incorporated by reference into, this proxy statement. The fact that additional information is being incorporated by reference into this proxy statement should not necessarily be viewed as an indication that such information is material to your decision on how to vote on the proposals. See the section entitled *Where You Can Find More Information* beginning on page 190.*

Why am I receiving these proxy materials?

On April 10, 2018, Tenneco, Federal-Mogul LLC (*Federal-Mogul*), American Entertainment Properties Corp. (*AEP*) and Icahn Enterprises L.P. (*IEP*) entered into a Membership Interest Purchase Agreement (the *Purchase Agreement*), which is described in this proxy statement, pursuant to which, subject to the terms and conditions of the Purchase Agreement, Tenneco has agreed to acquire Federal-Mogul. A copy of the Purchase Agreement is attached to this proxy statement as Annex A.

In order to complete the transaction, Tenneco stockholders must vote to (i) adopt the amended and restated certificate of incorporation of Tenneco Inc., in the form attached to this proxy statement as Annex C (the *Amended and Restated Certificate of Incorporation*), to create a new class of non-voting common stock of Tenneco called *Class B Non-Voting Common Stock*, par value \$0.01 (*Class B Non-Voting Common Stock*), with 25,000,000 shares authorized, and reclassify common stock, par value \$0.01, of Tenneco (*Common Stock*) as *Class A Voting Common Stock*, par value \$0.01 (*Class A Voting Common Stock*), and (ii) approve the issuance and delivery of an aggregate of 29,444,846 shares of Common Stock (the *Stock Consideration*) to AEP, subject to decrease as described in this proxy statement.

This proxy statement is being provided to you in connection with the solicitation of proxies by our board of directors for use at the special meeting, which will take place on Wednesday, September 12, 2018, or postponements or adjournments of such special meeting, to obtain the foregoing approvals. This proxy statement, together with its appendices, contains and incorporates by reference important information about Tenneco, Federal-Mogul, the transaction and the special meeting, and you should read all of the available information carefully. The fact that additional information is being incorporated by reference into this proxy statement should not necessarily be viewed as an indication that such information is material to your decision on how to vote on the proposals. The enclosed proxy allows you to vote your shares without attending the special meeting in person.

In addition, Tenneco stockholders are being asked to approve the amended and restated Tenneco Inc. 2006 Long-Term Incentive Plan, in the form attached to this proxy statement as Annex D (the Amended and Restated Long-Term Incentive Plan), to change the number of shares available for issuance under the plan pursuant to equity awards granted thereunder to 3,000,000 (which represents an increase of approximately 1,735,200 from the number of shares available for issuance under the plan prior to the amendment).

Your vote is important. We encourage you to vote as soon as possible.

Table of Contents

What is the purpose of the special meeting?

At the special meeting, Tenneco stockholders will consider and vote on the following proposals:

Proposal 1: To adopt the Amended and Restated Certificate of Incorporation;

Proposal 2: To approve the issuance and delivery of an aggregate of 29,444,846 shares of Common Stock, which we refer to as the Stock Consideration in this proxy statement, in connection with Tenneco's acquisition of Federal-Mogul. Subject to reduction if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction, the Stock Consideration issuable to AEP will consist of (i) a number of shares of Class A Voting Common Stock equal to 9.9% of the aggregate number of shares of Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction, and (ii) the balance in shares of Class B Non-Voting Common Stock;

Proposal 3: To approve the Amended and Restated Long-Term Incentive Plan; and

Proposal 4: To approve a proposal to adjourn the special meeting, or any adjournments thereof, to another time or place, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the foregoing proposals.

What is the voting recommendation of the board of directors?

Our board of directors unanimously recommends that you vote your shares of Common Stock **FOR** each of the proposals.

What vote is needed for each proposal to be approved or adopted?

Proposal 1 requires the affirmative vote of holders of at least a majority of our outstanding Common Stock as of the record date for the special meeting. As of the record date, there were 51,422,522 shares of Common Stock outstanding and therefore 25,711,262 votes are required for Proposal 1 to be adopted. Abstentions and broker non-votes will have the same effect as a vote **AGAINST** Proposal 1. If you fail to submit a proxy or attend the special meeting in person, or if you fail to issue voting instructions to your bank, broker or other record holder, it will have the same effect as a vote **AGAINST** Proposal 1.

Proposal 2 and Proposal 3 require the affirmative vote of a majority of the votes cast on the proposal at the special meeting. Under the current rules and interpretive guidance of the New York Stock Exchange (NYSE), votes cast on Proposal 2 and Proposal 3 consist of votes for or against as well as elections to abstain from voting. As a result, a stockholder s election to abstain from voting on Proposal 2 or Proposal 3 will have the same effect as a vote **AGAINST** such proposal. Assuming a quorum is present, the failure of a stockholder who holds his or her shares in street name through a bank, broker or other record holder to give voting instructions to that bank, broker or other record holder or any other failure of a stockholder to vote will have no effect on the outcome of any vote to approve Proposal 2 or Proposal 3 because these failures to vote are not considered votes cast.

Proposal 4 requires the affirmative vote of a majority of those shares voting on the proposal. Any stockholder represented in person or by proxy at the meeting and entitled to vote on Proposal 4 may elect to abstain from voting on this proposal. If so, such abstention will not be counted as a

Table of Contents

vote cast on the proposal and, therefore, will have no effect on the outcome of the vote on the proposal. Provided there is a quorum of stockholders present in person or by proxy, stockholders not attending the meeting, in person or by proxy, will also have no effect on the outcome of this proposal.

How will existing Tenneco stockholders be affected by the transaction?

Existing stockholders will not receive anything in the transaction. Upon the closing of the transaction, existing stockholders will continue to own the same number of shares of Common Stock that they owned immediately prior to the transaction, except that each share of Common Stock will be reclassified as one share of Class A Voting Common Stock. Following such reclassification, existing stockholders will have all of the same rights and privileges as holders of Class A Voting Common Stock as such holders had as holders of Common Stock.

The issuance of shares of Class A Voting Common Stock and Class B Non-Voting Common Stock to AEP as the Stock Consideration will dilute the ownership and voting interests of existing Tenneco stockholders. Upon the closing of the transaction, we will issue an amount of Class A Voting Common Stock to AEP equal to 9.9% of our Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction. Accordingly, Tenneco stockholders existing immediately prior to the closing of the transaction will have proportionally less voting power following the closing of the transaction. In addition, we will issue up to approximately 24 million shares of Class B Non-Voting Common Stock, subject to reduction as described below. As such, existing stockholders will have proportionally less ownership following the closing of the transaction, although the size of Tenneco will be significantly increased as a result of the acquisition of Federal-Mogul.

In addition, if stockholders approve the Amended and Restated Long-Term Incentive Plan, more shares of Common Stock will be reserved for issuance pursuant thereto, and, when and if such additional shares are distributed in the form of compensation to eligible persons, pursuant to the applicable rules of the Amended and Restated Long-Term Incentive Plan and Tenneco policies, existing stockholders' ownership will be proportionally diluted.

Prior to the closing of the transaction, assuming the price of our Common Stock is above \$54.6785, Tenneco may elect, or if Tenneco does not elect, AEP may direct Tenneco in certain circumstances, to conduct a primary offering of Common Stock in order to raise funds to increase the cash consideration of \$800 million (the Cash Consideration) by the amount of certain of the proceeds of such offering. Such offering may include up to 7,315,490 shares of Common Stock that would otherwise have been issued to AEP in connection with the transaction. If such an offering is undertaken, the Cash Consideration will be increased by an amount equal to the number of shares sold in such offering multiplied by \$54.6785 and the Stock Consideration will be decreased by the number of shares sold in such offering. In other words, the total number of shares to be issued in connection with the acquisition of Federal-Mogul will not change if Tenneco undertakes such an offering. However, Tenneco stockholders existing immediately prior to the offering (and prior to the closing of the transaction), will have proportionally less voting power following the closing of the offering (and subsequently, following the closing of the transaction). However, Tenneco stockholders will not experience any incremental economic dilution as a result of such offering as the total number of shares of Common Stock to be issued in connection with the transaction will not be increased above 29,444,846.

Based on the 51,422,522 shares of Common Stock issued and outstanding as of July 31, 2018, it is anticipated that upon the closing of the transaction, Tenneco stockholders existing immediately prior to the closing of the transaction will own approximately 63.6%, and AEP will own

Table of Contents

approximately 36.4%, of Tenneco's outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class.

Furthermore, following the completion of the transaction, our board of directors has agreed to take all actions necessary to increase the size of our board of directors by one member, and fill the resulting vacancy with the chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in Tenneco's by-laws (the By-Laws) and Corporate Governance Principles), and nominate and recommend for election at each annual meeting of stockholders the then-serving chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in the By-Laws and Corporate Governance Principles) until certain events occur.

In addition, upon closing of the transaction and prior to the consummation of the Spin-Off, Brian J. Kessler, Tenneco's current Chief Executive Officer, and Roger J. Wood, a member of our board of directors, will serve as co-Chief Executive Officers of Tenneco. Mr. Kessler will lead Aftermarket & Ride Performance and Mr. Wood will lead Powertrain Technology. Messrs. Kessler and Wood will report to our board of directors. Following the Spin-Off, Mr. Kessler will serve as the Chief Executive Officer of the Aftermarket & Ride Performance company, and Mr. Wood will serve as the Chief Executive Officer of the Powertrain Technology company. See [The Transaction Board of Directors and Management Following the Transaction](#) for additional information.

Why does Tenneco need to amend and restate its certificate of incorporation?

The Amended and Restated Certificate of Incorporation is required under the terms of the Purchase Agreement and is necessary to enable Tenneco to have enough shares of non-voting common stock to issue to AEP in connection with the transaction. Accordingly, if the Amended and Restated Certificate of Incorporation is not adopted by our stockholders at the special meeting, a condition to the closing of the transaction will not be satisfied and the transaction will not be consummated.

If the Amended and Restated Certificate of Incorporation is adopted by our stockholders, Tenneco will have the ability to issue the remaining unissued shares of Class B Non-Voting Common Stock in the future. At present, our board of directors has no plans to issue the additional shares of Class B Non-Voting Common Stock authorized by the Amended and Restated Certificate of Incorporation. However, it is possible that some of these additional shares could be used in the future for various other purposes without further stockholder approval, except as such approval may be required in particular cases by the Amended and Restated Certificate of Incorporation or By-Laws of Tenneco, applicable law or the rules of any stock exchange or other quotation system on which our securities may then be listed. These purposes may include raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies and expanding our business or product lines through the acquisition of other businesses or products.

Why does Tenneco need to amend and restate its long-term incentive plan?

Our board of directors is seeking to amend and restate our long-term incentive plan to ensure our continued ability to offer equity-based incentives to employees, non-employee directors and other persons providing services to Tenneco or its subsidiaries. Our board of directors believes this type of compensation is critical to our ability to attract and retain highly qualified individuals and otherwise attain our goals, while also aligning these individuals' interests with those of our stockholders. However, our board of directors does not believe it has sufficient shares available

Table of Contents

for future delivery under our current long-term incentive plan to accomplish these purposes in light of the substantial increase in our employee base that will occur as a result of the transaction. Accordingly, Tenneco is seeking to amend its long-term incentive plan (in the form of an amendment and restatement) in order to issue equity awards to appropriately retain and incentivize a larger number of employees as well as achieve the benefits of the transaction.

The number of shares currently available for grant under our current plan, based on the rate at which we used shares thereunder for the last five years, will be exhausted in 2019.

Accordingly, we are asking our stockholders to approve the Amended and Restated Long-Term Incentive Plan, which if approved, will change the number of shares available for issuance under the plan pursuant to equity awards granted thereunder to 3,000,000 (which represents an increase of approximately 1,735,200 from the number of shares available for issuance under the plan prior to the amendment).

When do you expect the transaction to be completed?

Tenneco and Federal-Mogul are working to complete the transaction as soon as reasonably possible. Tenneco and Federal-Mogul must first obtain the necessary approvals, including the adoption of Proposal 1 and the approval of Proposal 2 by Tenneco stockholders, all required regulatory approvals, and satisfy the other closing conditions described in the Purchase Agreement. Approval of Proposal 3 is not a condition to the completion of the transaction. There can be no assurance as to whether all the conditions to the transaction will be met, nor any prediction of the exact timing of the completion of the transaction. It is possible Tenneco and Federal-Mogul will not complete the transaction. Tenneco currently expects to complete the transaction early in the fourth quarter of 2018.

What happens if the transaction is not completed?

If Proposal 1 is not adopted or Proposal 2 is not approved by the Tenneco stockholders or if the transaction is not completed for any other reason, Tenneco will not acquire Federal-Mogul, in which case Tenneco and Federal-Mogul will each remain an independent company. Under certain circumstances specified in the Purchase Agreement, which circumstances do not include the failure of our stockholders to adopt Proposal 1 or approve Proposal 2, Tenneco may be required to pay a termination fee of \$200 million to AEP in connection with a termination of the Purchase Agreement.

Am I entitled to exercise appraisal or similar rights under Delaware law as a result of the transaction or the issuance of the Stock Consideration?

No. Under Delaware law, Tenneco stockholders do not have any dissenters' rights or rights to an appraisal of the value of their shares in connection with the transaction or the issuance of the Stock Consideration.

When and where will the special meeting be held?

The special meeting will be held on Wednesday, September 12, 2018, at 10:00 a.m., Central Time, at our headquarters at 500 North Field Drive in Lake Forest, Illinois 60045.

Who is entitled to vote at the special meeting?

Only holders of record of our Common Stock at the close of business on July 31, 2018 are entitled to receive notice of, and to vote at, the special meeting, or any adjournments or postponements thereof. There were 51,422,522 shares of Common Stock outstanding on July 31, 2018.

Stockholders are entitled to cast one vote per share of Common Stock on all matters.

Who may attend the special meeting?

Anyone who was a stockholder as of the close of business on July 31, 2018 may attend the special meeting.

If you plan to attend, please note that you may be asked to present valid identification, as more fully set forth under the section entitled *The Special Meeting Special Meeting Admission* beginning on page 62.

What constitutes a quorum at the special meeting?

The presence at the special meeting, in person or by proxy, of holders of a majority of the issued and outstanding shares of Common Stock as of the record date is considered a quorum for the transaction of business. If you submit a properly completed proxy or if you appear at the special meeting to vote in person, your shares of Common Stock will be considered part of the quorum.

Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other record holder holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

How do I vote?

You may vote your shares in person, by telephone, by Internet, by mail, or by facsimile pursuant to the instructions included elsewhere in this proxy statement, as more fully described in the section entitled *The Special Meeting Voting at the Special Meeting* beginning on page 58.

How will my proxy be voted?

All properly completed, unrevoked proxies that are timely received will be voted in accordance with the specifications made. If a properly executed, unrevoked written proxy card does not specifically direct the voting of shares covered by the proxy, the proxy will be voted:

- **FOR** the adoption of the Amended and Restated Certificate of Incorporation;
- **FOR** the approval of the issuance of the Stock Consideration;
- **FOR** the approval of the Amended and Restated Long-Term Incentive Plan;
- **FOR** the approval of the adjournment of the special meeting; and
- in accordance with the judgment of the persons named in the proxy as to such other matters as may properly come before the special meeting.

Our board of directors is not aware of any other matters that may properly come before the special meeting. However, should any such matters come before the special meeting, it is the intention of the persons named in the enclosed form of proxy card to vote all proxies (unless otherwise directed by stockholders) in accordance with their judgment on such matters.

Table of Contents

May I revoke or change my vote?

Yes. You can change your vote at any time before your proxy is voted at the special meeting. In addition to revocation in any other manner permitted by law, you can revoke your proxy in one of the following ways:

- giving a written and signed revocation to our Corporate Secretary that is received by our Corporate Secretary prior to the special meeting, stating that you revoke your proxy;
- giving a duly executed proxy bearing a later date, provided that to be effective, a later-dated proxy must be received by Tenneco no later than 11:59 p.m., Eastern Time on September 11, 2018; or
- attending the special meeting and voting in person.

Your attendance at the special meeting will not itself revoke your previously granted proxy unless you provide a written and signed revocation to the chair of the special meeting at the special meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other record holder or, if you have obtained a legal proxy from your bank, broker or other record holder giving you the right to vote your shares, by attending the special meeting and voting in person.

What does it mean if I received more than one set of proxy materials?

If you received more than one set of proxy materials, it likely means that you hold shares of our Common Stock in more than one account. For example, you may own your shares in various forms (including jointly with your spouse, as trustee of a trust, or as custodian for a minor). To ensure that all of your shares are voted, please provide a proxy or voting instructions for each account for which you received proxy materials.

If your shares are held by a broker (i.e., in street name), you will receive your proxy card or other voting information from your broker, and you will need to return your proxy card or cards to your broker.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Equiniti Trust Company, you are considered, with respect to those shares, the stockholder of record. If your shares are held in a stock brokerage account or by a bank, broker or other record holder, you are considered the beneficial owner of shares held in street name. As

the beneficial owner, you have the right to direct your bank, broker or other record holder on how to vote your shares, and you are also invited to attend the special meeting. Your bank, broker other record holder will provide voting instructions for you to use in directing the voting of your shares.

If my shares are held in street name by my broker, will my broker vote my shares for me?

If you hold your shares in street name, you must provide the record holder of your shares with instructions on how to vote your shares. Please follow the voting instructions provided by your bank or broker.

Table of Contents

Please note that you may not vote shares held in street name by returning a proxy card directly to us or by voting in person at the special meeting unless you provide a legal proxy, which you must obtain from your bank or broker. Under the listing requirements of the NYSE, brokers who hold shares in street name for a beneficial owner of those shares typically have the authority to vote in their discretion on routine proposals when they have not received instructions from beneficial owners. However, brokers are not allowed to exercise their voting discretion with respect to the approval of matters that the NYSE determines to be non-routine, such as approval of the issuance of the shares comprising the Stock Consideration pursuant to the Purchase Agreement, without specific instructions from the beneficial owner. Broker non-votes are shares held by a broker or nominee that are represented at the stockholders meetings, but with respect to which the broker or nominee is not instructed by the beneficial owner of such shares to vote on the particular proposal and the broker does not have discretionary voting power on such proposal.

If you are a beneficial owner of shares held by a broker and you do not instruct your broker on how to vote your shares, your broker may not vote your shares on the proposals.

What happens if I transfer my shares of Common Stock after the record date?

Transferors of shares of our Common Stock after the record date, but prior to the special meeting, will retain their right to vote at the special meeting.

Who will count the vote?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as inspectors of election.

How can I find the voting results of the special meeting?

We will report the voting results in a Current Report on Form 8-K within four business days after the end of the special meeting.

What do I need to do now?

Even if you plan to attend the special meeting, we urge you to read this proxy statement carefully, including its annexes and the documents we refer to in this proxy statement, and then mail your completed, dated, and signed proxy

card in the enclosed prepaid return envelope as soon as possible, or submit your proxy instruction via the Internet or by phone in accordance with the instructions included in this proxy statement and the enclosed proxy card or voting instruction form, to ensure that your shares can be voted at the special meeting. If you decide to attend the special meeting and vote in person, your vote by ballot will revoke any proxy previously submitted.

How is the solicitation being made?

The cost of solicitation of proxies will be borne by us. Solicitation will be made by mail, and may be made by directors, officers and employees, personally or by telephone, email or fax. Proxy cards and materials also will be distributed to beneficial owners of stock through brokers, custodians, nominees and other like parties, and we expect to reimburse such parties for their charges and expenses.

We have also engaged Innisfree M&A Incorporated to assist us in the solicitation of proxies, at an estimated cost of approximately \$30,000, plus expense reimbursement.

The Transaction

A copy of the Membership Interest Purchase Agreement, dated as of April 10, 2018, by and among Tenneco, Federal-Mogul, AEP and IEP is attached to this proxy statement as Annex A (the Purchase Agreement). We encourage you to read the entire Purchase Agreement carefully because it is the principal document governing the transaction. For more information on the Purchase Agreement, see the section entitled The Purchase Agreement beginning on page 95.

General Description of Transaction

On April 10, 2018, Tenneco entered into the Purchase Agreement by and among Tenneco, Federal-Mogul, AEP and IEP pursuant to which Tenneco has agreed to acquire Federal-Mogul. In order to complete the transaction, Tenneco must amend its certificate of incorporation, in the form attached to this proxy statement as Annex C (the Amended and Restated Certificate of Incorporation), to create a new class of non-voting common stock of Tenneco called Class B Non-Voting Common Stock, par value \$0.01 (Class B Non-Voting Common Stock), with 25,000,000 shares authorized, and reclassify common stock, par value \$0.01, of Tenneco (Common Stock) as Class A Voting Common Stock, par value \$0.01 (Class A Voting Common Stock). See Proposal 1 Adoption of the Amended and Restated Certificate of Incorporation of Tenneco Inc. Summary of the Terms of the Amended and Restated Certificate of Incorporation beginning on page 120.

As consideration for the acquisition of Federal-Mogul, Tenneco will (i) pay to AEP \$800 million in cash (the Cash Consideration), subject to increase if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction as described below, and (ii) issue and deliver 29,444,846 shares of Common Stock (the Stock Consideration). Subject to reduction if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction, as described below, the Stock Consideration issuable to AEP will be comprised of: (a) a number of shares of Class A Voting Common Stock equal to 9.9% of the aggregate number of shares of Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction, and (b) the balance in shares of newly created Class B Non-Voting Common Stock.

Until the date that is 10 business days prior to the anticipated closing date of the transaction, assuming the price of our Common Stock is above \$54.6785, Tenneco may elect to conduct a primary offering of Common Stock in order to raise funds to increase the Cash Consideration. Such offering may include up to 7,315,490 shares of Common Stock that would otherwise have been issued to AEP in connection with the transaction. Each share sold in such an offering will decrease the number of shares of Common Stock issuable to AEP by one share, so the total number of shares of Common Stock to be issued in connection with the acquisition of Federal-Mogul will not change if Tenneco undertakes such an offering. The Cash Consideration will be increased by an amount equal to the number of shares sold in such an offering multiplied by \$54.6785, with any excess proceeds to be retained by Tenneco. In certain circumstances, AEP

Table of Contents

may also elect to require Tenneco to conduct such an offering of Common Stock if Tenneco does not do so at least 10 business days prior to the anticipated closing date of the transaction.

Following the closing of the transaction, Tenneco shall, subject to the fiduciary duties of our board of directors under applicable law, use its reasonable best efforts to pursue a reorganization of the combined business of Tenneco and Federal-Mogul into two separate businesses, representing Powertrain Technology and Aftermarket & Ride Performance, distribute the equity interests representing one such business to Tenneco stockholders (the Spin-Off), and consummate the Spin-Off within 18 months of the closing date of the transaction. Tenneco currently expects that the Aftermarket & Ride Performance business will be separated and the Powertrain Technology business will remain at Tenneco and retain the Tenneco Inc. name. Following the consummation of the Spin-Off, our board of directors has selected Brian J. Kessler to serve as the Chief Executive Officer of the Aftermarket & Ride Performance company and Roger J. Wood to serve as Chief Executive Officer of the Powertrain Technology company.

Proposals to be Considered and Voted Upon at the Special Meeting

In order to complete the transaction, at the special meeting, our stockholders must vote to adopt the Amended and Restated Certificate of Incorporation and approve the issuance of the Stock Consideration.

Proposal 1 Adoption of the Amended and Restated Certificate of Incorporation of Tenneco Inc. (See Page 119)

We are asking our stockholders to adopt the Amended and Restated Certificate of Incorporation, which if adopted, will be effective upon filing with the Secretary of State of the State of Delaware, which filing is expected to occur immediately prior to the closing of the transaction. In order to issue the Stock Consideration to AEP in connection with the transaction, it is necessary to amend our certificate of incorporation. Our board of directors has unanimously adopted resolutions approving and declaring advisable, and recommending that our stockholders adopt, the Amended and Restated Certificate of Incorporation.

If our stockholders adopt the Amended and Restated Certificate of Incorporation, each share of Common Stock will be reclassified as one share of Class A Voting Common Stock. Holders of our Common Stock immediately prior to such adoption will have all of the same rights and privileges as holders of Class A Voting Common Stock as such holders had as holders of our Common Stock. Holders of shares of Class B Non-Voting Common Stock, which we anticipate will only be AEP (following the issuance of the Stock Consideration), will have no voting powers, unless otherwise required by the Delaware General Corporation Law (DGCL), but will otherwise have all the rights and privileges of holders of our Class A Voting Common Stock. The Class B Non-Voting Common Stock will automatically convert to Class A Voting Common Stock upon transfer of such stock, subject to certain exceptions.

Adoption by our stockholders of the Amended and Restated Certificate of Incorporation is a condition to the closing of the transaction and is necessary for Tenneco to issue the Class A Voting Common Stock and Class B Non-Voting Common Stock to AEP at the closing. Accordingly, if Proposal 1 is not adopted at the special meeting, a condition to the closing of the transaction will not be satisfied and the transaction will not be completed.

Table of Contents

Proposal 2 Approval of the Issuance of the Stock Consideration (See Page 123)

We are asking our stockholders to approve the issuance of the Stock Consideration to AEP in connection with Tenneco's acquisition of Federal-Mogul. It is anticipated that upon the closing of the transaction, the shares of Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, comprising the Stock Consideration would represent approximately 36.4% of the total number of shares of Common Stock outstanding as of July 31, 2018. The issuance of the Stock Consideration in connection with the transaction requires the approval of holders of our Common Stock under rules of the NYSE because the number of shares to be issued in the transaction is in excess of 20% of the number of shares of our Common Stock currently outstanding. Accordingly, if Proposal 2 is not approved by our stockholders at the special meeting, a condition to the closing of the transaction will not be satisfied and the transaction will not be completed.

Proposal 3 Approval of the Amended and Restated Tenneco Inc. 2006 Long-Term Incentive Plan (See Page 124)

We are asking our stockholders to approve the Amended and Restated Long-Term Incentive Plan, which if approved, will change the number of shares available for issuance under the plan pursuant to equity awards granted thereunder to 3,000,000 (which represents an increase of approximately 1,735,200 from the number of shares available for issuance under the plan prior to the amendment).

Our board of directors is seeking to amend and restate our long-term incentive plan to ensure our continued ability to offer equity-based incentives to employees, non-employee directors and other persons providing services to Tenneco or its subsidiaries. Our board of directors believes this type of compensation is critical to our ability to attract and retain highly qualified individuals and otherwise attain our goals, while also aligning these individuals' interests with those of our stockholders. However, our board of directors does not believe it has sufficient shares available for future delivery under our current long-term incentive plan to accomplish these purposes in light of the substantial increase in our employee base that will occur as a result of the transaction. Accordingly, Tenneco is seeking to amend its long-term incentive plan (in the form of an amendment and restatement) in order to issue equity awards to appropriately retain and incentivize a larger number of employees as well as achieve the benefits of the transaction.

The number of shares currently available for grant under our current plan, based on the rate at which we used shares thereunder for the last five years, will be exhausted in 2019. In developing the size of the share pool and request for additional shares, we were mindful of the pool's potentially dilutive impact on stockholders. In that regard, we are proposing a share pool that, in terms of size and expected duration, falls well within industry practice.

Proposal 4 Approval of the Adjournment of the Special Meeting (See Page 134)

We may ask our stockholders to vote on a proposal to grant discretionary authority to adjourn the special meeting, to another time or place, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve Proposal 1, Proposal 2 or Proposal 3. If our stockholders approve this proposal, we may adjourn the special meeting and use the additional time to solicit additional proxies, including proxies from our stockholders who have previously voted against any other proposal.

Reasons for the Transaction; Recommendation of our Board of Directors (See Page 71)

Our board of directors unanimously approved the Purchase Agreement and the transactions contemplated therein, including the Amended and Restated Certificate of Incorporation and the issuance of the Stock Consideration, and has concluded that the transaction is advisable to and in the best interests of Tenneco and its stockholders.

Our board of directors recommends that our stockholders vote **FOR** the proposal to adopt the Amended and Restated Certificate of Incorporation and **FOR** the proposal to approve the issuance of the Stock Consideration.

In the course of reaching its decision to approve the Purchase Agreement, our board of directors considered a number of reasons in its deliberations. The reasons our board of directors considered as generally supporting its decision to enter into the Purchase Agreement include, among others, the expected synergies of the transaction, the fact that the transaction will create two strong businesses, in particular one of the world's leading multi-line aftermarket and original equipment suppliers and one of the largest global pure-play powertrain suppliers, with scale and strategic and financial flexibility to drive long-term value creation, the fact that the transaction positions us to complete the Spin-Off, and the fact that the transaction is expected to create new opportunities to drive growth with products that are complementary in nature to Tenneco's current product offering.

Our board of directors weighed the foregoing advantages and benefits against a variety of potentially negative factors, including, among others, the terms of the Purchase Agreement regarding the circumstances under which Tenneco may be obligated to pay a termination fee of \$200 million and the fact that, following the completion of the transaction, Tenneco stockholders will have a reduced ownership and voting interest, as AEP will own 9.9% of the outstanding Class A Voting Common Stock and approximately 36.4% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock on a combined basis.

After due consideration, including asking questions of our senior management and financial and legal advisors, our board of directors concluded that the potentially negative factors associated with the transaction were outweighed by the potential benefits that it expected Tenneco and its stockholders to achieve.

For a more complete discussion of these reasons, see section titled "The Transaction - Reasons for the Transaction; Recommendation of our Board of Directors" beginning on page 71.

Opinion of Tenneco's Financial Advisor (See Page 74)

Tenneco engaged Barclays Capital Inc. ("Barclays") to act as its financial advisor with respect to the transaction. Barclays delivered its opinion to our board of directors that, as of April 9, 2018 and based upon and subject to the qualifications, limitations, factors and assumptions set forth in the opinion, the consideration to be paid by Tenneco in the transaction was fair, from a financial point of view, to Tenneco.

The full text of the written opinion of Barclays, dated as of April 9, 2018, is attached as Annex E to this proxy statement. **Barclays' written opinion sets forth, among other things, the assumptions made, procedures followed, factors considered and limitations upon the review undertaken by Barclays in rendering its opinion. Barclays provided advisory services and its opinion for the information and assistance of the board of directors of Tenneco in connection with its consideration of the transaction. The Barclays opinion is**

Table of Contents

not a recommendation as to how any Tenneco stockholder should vote with respect to the transaction or any other matter.

Board of Directors and Management Following the Transaction (See Page 90)

Prior to the closing of the transaction, we and our board of directors will take all action necessary so that, as of the closing, the size of our board of directors will be increased by one member and the resulting vacancy will be filled with the chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in Tenneco's by-laws (the By-Laws) and Corporate Governance Principles), who will continue as a director from and after the closing of the transaction in accordance with the Shareholders Agreement.

Pursuant to the Shareholders Agreement, prior to the earlier of the date the Spin-Off is consummated, and the date on which IEP and its affiliates cease to own beneficially at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, our board of directors will take all actions necessary to nominate for election the then-serving chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in the By-Laws and Corporate Governance Principles) at each annual meeting of Tenneco stockholders.

If the Spin-Off has not occurred by the date that is 18 months after the closing date of the transaction, IEP must cause its designee to have resigned from our board of directors at least 30 days prior to taking certain specified actions with respect to Tenneco.

Upon closing of the transaction, and prior to the consummation of the Spin-Off, Brian J. Kessler and Roger J. Wood will serve as co-Chief Executive Officers of Tenneco. Mr. Kessler will lead Aftermarket & Ride Performance and Mr. Wood will lead Powertrain Technology. Messrs. Kessler and Wood will report to our board of directors. Following the Spin-Off, Mr. Kessler will serve as the Chief Executive Officer of the Aftermarket & Ride Performance company, and Mr. Wood will serve as the Chief Executive Officer of the Powertrain Technology company.

Please see the section entitled The Shareholders Agreement Board Representation beginning on page 115 for additional details on IEP's board representation rights under the Shareholders Agreement.

Regulatory Approvals Required for the Transaction (See Page 90)

The closing of the transaction is conditioned on the expiration of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the HSR Act) and on the approval of the transaction by the Directorate General for Competition of the European Commission, pursuant to Council Regulation (EC) No. 139/2004 (the EUMR). Tenneco, Federal-Mogul and AEP have agreed to make any necessary filings under the HSR Act, the EUMR and any other antitrust laws as soon as reasonably practicable.

Under the HSR Act and the rules promulgated thereunder by the U.S. Federal Trade Commission (the FTC), the transaction may not be completed until notifications have been given and information furnished to the FTC and to the Antitrust Division of the U.S. Department of Justice (the Antitrust Division), and the specified waiting period has been terminated or has expired. Tenneco and Federal-Mogul each filed notification and report forms under the HSR Act with the

FTC and the Antitrust Division. The applicable waiting periods for the filings made under the HSR Act in connection with the transaction expired as of 11:59 p.m., Eastern Time, on May 24, 2018.

Under the EUMR, the transaction may not be completed until a Form CO notification has been filed with the European Commission and the Commission has approved the transaction following the expiration of a 25-working day waiting period. Tenneco and Federal-Mogul filed a draft Form CO notification with the European Commission on May 31, 2018 and the final Form CO notification was submitted to the European Commission on July 2, 2018.

Please see the section entitled *The Transaction Regulatory Approvals Required for the Transaction* beginning on page 90 for additional information with regard to the required regulatory filings and approvals.

Expected Timing of the Transaction

Tenneco and Federal-Mogul are working to complete the transaction as soon as reasonably possible. Tenneco and Federal-Mogul must first obtain the necessary approvals, including the adoption of Proposal 1 and approval of Proposal 2 by our stockholders, and satisfy the other closing conditions described in the Purchase Agreement. There can be no assurance as to whether all the conditions to the transaction will be met, nor any prediction of the exact timing of the completion of the transaction. It is possible Tenneco and Federal-Mogul will not complete the transaction. Tenneco currently expects to complete the transaction early in the fourth quarter of 2018.

Conditions to Closing of the Transaction (See Page 111)

Conditions to Each Party's Obligations (See Page 111)

The respective obligations of each party to consummate the transactions contemplated by the Purchase Agreement are subject to the satisfaction or waiver at or prior to the closing of the following conditions:

- (ii) no outstanding (a) order enacted, promulgated, issued, entered, amended or enforced by any governmental entity in the United States or European Union or (b) applicable law in the United States or European Union will be in effect enjoining or otherwise prohibiting the consummation of the transaction;
- (iii) the applicable waiting periods under the HSR Act will have expired or terminated, approval will have been obtained from the Directorate General for Competition of the European Commission and all approvals, consents and consultations required to consummate the transaction pursuant to any other antitrust law in the United States and European Union will have been obtained or any applicable waiting period thereunder will have terminated or expired;
- (iv) the Amended and Restated Certificate of Incorporation will have been filed with the Secretary of State for the State of Delaware; and

- (v) the Class A Voting Common Stock (including shares of Class A Voting Common Stock issuable upon conversion of the Class B Non-Voting Common Stock to be issued to AEP as Stock Consideration) will have been approved for listing on the NYSE, subject to official notice of issuance.

The respective obligations of each of AEP and Federal-Mogul to consummate the transactions contemplated by the Purchase Agreement are subject to the satisfaction or waiver at or prior to the closing of the following conditions:

- (iii) since the date of the Purchase Agreement, there not being a material adverse effect (subject to a 30 business day cure period); and
- (iv) receipt by AEP of an executed counterpart signature page to the Shareholders Agreement from Tenneco.

Financing (See Page 92)

Tenneco has entered into a debt commitment letter, pursuant to which JPMorgan Chase Bank, N.A. and Barclays Bank PLC have committed to provide an aggregate amount of \$4.9 billion of debt financing. The debt financing will consist of a \$1.7 billion Term Loan A, a \$1.7 billion Term Loan B and a \$1.5 billion revolving credit facility, which will finance the Cash Consideration portion of the consideration and replace Tenneco's existing senior credit facilities

and certain senior facilities at Federal-Mogul. The Term Loan A and revolving credit facility will mature on the fifth anniversary of closing, and the Term Loan B will mature on the seventh anniversary of closing. The new credit facilities will be secured on a senior basis by substantially all assets of Tenneco on a *pari passu* basis with Federal-Mogul's existing secured notes, and will be guaranteed by certain material domestic subsidiaries. The commitment to provide financing is subject to specified limited conditions.

Litigation Related to the Transaction (See Page 93)

On July 17, 2018, a putative class action complaint challenging the transaction was filed in the United States District Court for the District of Delaware on behalf of Tenneco stockholders against Tenneco and our board of directors. The complaint alleges that the proxy statement authorized by our board of directors, and filed with the SEC on June 26, 2018, failed to disclose certain, largely unspecified material facts. The complaint seeks to enjoin Tenneco from proceeding with a stockholder vote on the issuance of the Stock Consideration. Tenneco believes the allegations asserted in the complaint are without merit and intends to contest them vigorously. For more information, see the section entitled "The Transaction - Litigation Related to the Transaction" beginning on page 93.

Indemnification (See Page 112)

Subject to certain limitations, AEP has agreed to be responsible for, and hold Tenneco, Federal-Mogul and their subsidiaries harmless from, any liability or loss of the resulting from the following, provided Tenneco makes a claim in writing to AEP in respect thereof on or prior to the date that is five years after the closing date of the transaction:

- Federal-Mogul or its subsidiaries being treated as an ERISA affiliate of AEP or any other person, trade or business owned by AEP;
- the presence of hazardous substances at, on, under or emanating from Federal-Mogul's Le Pont de Claix, France facility;
- the presence of hazardous substances at, on, under or emanating from Federal-Mogul's Gif-sur-Yvette, France facility; and
- any claims arising out of conduct alleged in certain administrative proceedings in Brazil initiated by the Conselho Administrativo de Defesa Economica (CADE) against Federal-Mogul.

Termination of the Purchase Agreement (See Page 112)

The Purchase Agreement may be terminated at any time prior to the closing of the transaction only as follows:

- (i) by mutual written consent of Tenneco and AEP (on behalf of itself and Federal-Mogul);
- (ii) by Tenneco, prior to the time at which the required stockholder approvals and adoptions have been obtained, in order to accept a Superior Proposal (as defined below), provided Tenneco complies with the provisions described under the section entitled "No Solicitation by Tenneco; Recommendation Change" and pays the termination fee;
- (iii)

by either Tenneco or AEP if the transaction has not been consummated on or before the nine-month anniversary of the date of the Purchase Agreement (the termination date , however the termination date will be automatically extended to the fifteen-month anniversary of the date of the Purchase Agreement if the only conditions not satisfied relate to lack of antitrust clearances in the United States or European Union or a legal impediment imposed in the United States or European Union), subject to a four business day extension if the marketing period has not ended on the termination date;

- (iv) by either Tenneco or AEP if Tenneco fails to obtain the required Tenneco stockholder approvals at the Tenneco stockholder meeting;

Table of Contents

- (v) by either Tenneco or AEP if there is in effect a law or a final, non-appealable order of any governmental entity in the United States or European Union enjoining or prohibiting the consummation of the transaction;
- (vi) by Tenneco, if Tenneco is not in material breach of any of its obligations under the Purchase Agreement and AEP or Federal-Mogul has breached in any material respect any of its representations or warranties or failed to perform in any material respect any of its covenants or other agreements contained in the Purchase Agreement, which breach or failure to perform would render certain closing conditions incapable of being satisfied prior to the termination date (subject to a 30 business day cure period); and
- (vii) by AEP, if it is not in material breach of any of its obligations under the Purchase Agreement and Tenneco has breached in any material respect any of its representations or warranties or failed to perform in any material respect any of its covenants or other agreements contained in the Purchase Agreement, which breach or failure to perform would render certain closing conditions incapable of being satisfied by the termination date (subject to a 30 business day cure period).

Termination Fee (See Page 113)

In the event that the Purchase Agreement is terminated in the following instances, Tenneco is required to pay to AEP a \$200 million termination fee:

- if the Purchase Agreement is terminated by Tenneco to accept a Superior Proposal;
- if the Purchase Agreement is terminated by either Tenneco or AEP because the transaction has not been consummated on or before the termination date, as may be extended as described in this proxy statement, provided that Tenneco will not be required to pay a termination fee if since the date of the Purchase Agreement, there has been a material adverse effect with respect to Federal-Mogul (subject to a 30 business day cure period);
- if the Purchase Agreement is terminated by Tenneco or AEP because there is in effect a law or a final, non-appealable order of any governmental entity in the United States or European Union enjoining or prohibiting the consummation of the transaction;
- if the Purchase Agreement is terminated by AEP, if AEP is not in material breach of any of its obligations under the Purchase Agreement, and if Tenneco has breached in any material respect any of its representations or warranties or failed to perform in any material respect any of its covenants or other agreements contained in the Purchase Agreement (subject to a 30 business day cure period); or
- if (i) the Purchase Agreement is terminated by Tenneco or AEP (on behalf of itself and Federal-Mogul) because the required Tenneco stockholder approvals were not obtained, (ii) an acquisition proposal for at least 50% of Tenneco was made before the Tenneco stockholders meeting and (iii) and a definitive transaction agreement with respect to an acquisition proposal for at least 50% of Tenneco is entered into by Tenneco (or

such an acquisition proposal is consummated) within 12 months of termination of the Purchase Agreement. Notwithstanding the foregoing, Tenneco will not be required to pay a termination fee if AEP is in material breach of the Purchase Agreement at the time of termination (subject to a 30 business day cure period). For purposes of this exception to pay the termination fee, a material breach of AEP's or Federal-Mogul's representations or warranties means a material breach that amounts to a loss of at least \$241 million.

Shareholders Agreement (See Page 115)

Pursuant to the Purchase Agreement, the parties have agreed that, upon the closing of the transaction, Tenneco, AEP and IEP will enter into a shareholders agreement in the form attached to this proxy statement as Annex B (the Shareholders Agreement), which form was agreed upon in connection with the Purchase Agreement. The Shareholders Agreement will govern AEP's and IEP's ownership of Class A Voting Common Stock and Class B Non-Voting Common Stock following the closing of the transaction until the consummation of the Spin-Off.

Prior to the earlier of the date the Spin-Off is consummated, and the date on which IEP and its affiliates cease to own beneficially at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, our board of directors will take all actions necessary to nominate for election the then-serving chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in the By-Laws and Corporate Governance Principles) at each annual meeting of Tenneco stockholders. If the Spin-Off has not occurred by the date that is 18 months after the closing date, IEP must cause its designee to have resigned from our board of directors at least 30 days prior to taking certain specified actions with respect to Tenneco.

The Shareholders Agreement contains a standstill covenant, which prohibits IEP and its affiliates from taking certain actions until the earlier of the date that is (i) 18 months after the closing date of the transaction, if the Spin-Off has not occurred by such date, and (ii) one year after the date on which IEP and its affiliates cease to own at least 5% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class.

Subject to certain exceptions, for a period beginning on the date of the Shareholders Agreement and ending on the date that is 150 days following the closing of the transaction, AEP shall not, directly or indirectly, sell or otherwise transfer (including through loan, pledge, swap or hedging transactions), or make any short sale or otherwise dispose of, more than 10% of the shares of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, after the closing of the transaction.

Until the later of (i) the expiration of the standstill restrictions discussed above and (ii) the time when IEP and its affiliates cease to own at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, IEP and its affiliates will not transfer any shares (a) to certain specified types of investors and (b) in an amount equal to 5% or more of the Class A Voting Common Stock issued and outstanding at the time of such transfer (subject to certain carve-outs for transfers to certain passive institutional investors).

For so long as IEP and its affiliates own at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, and Tenneco proposes to issue any equity securities (other than in an excluded issuance), IEP and its affiliates will be granted certain preemptive rights. The Shareholders Agreement also includes registration rights for IEP.

Please see the section entitled "The Shareholders Agreement" beginning on page 115 for additional information with regard to the Shareholders Agreement.

The Special Meeting

Time, Date and Location (See Page 56)

The special meeting will be held on Wednesday, September 12, 2018, at 10:00 a.m., Central Time, at our headquarters at 500 North Field Drive in Lake Forest, Illinois 60045, or at such other time and place to which the special meeting may be postponed or adjourned.

Purpose of the Special Meeting (See Page 56)

At the special meeting, Tenneco stockholders will consider and vote on the following proposals:

Proposal 1: To adopt the Amended and Restated Certificate of Incorporation;

Proposal 2: To approve the issuance and delivery of an aggregate of 29,444,846 shares of Common Stock, which we refer to as the Stock Consideration in this proxy statement, in connection with Tenneco's acquisition of Federal-Mogul. Subject to reduction if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction, the Stock Consideration issuable to AEP will consist of (i) a number of shares of Class A Voting Common Stock equal to 9.9% of the aggregate number of shares of Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction, and (ii) the balance in shares of Class B Non-Voting Common Stock;

Proposal 3: To approve the Amended and Restated Long-Term Incentive Plan; and

Proposal 4: To approve a proposal to adjourn the special meeting, or any adjournments thereof, to another time or place, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the foregoing proposals.

Record Date; Stock Entitled to Vote (See Page 57)

Only holders of record of our Common Stock at the close of business on July 31, 2018 are entitled to receive notice of, and to vote at, the special meeting, or any postponements or adjournments thereof. On July 31, 2018, there were 51,422,522 shares of Common Stock outstanding and entitled to vote at the special meeting.

Stockholders have one vote for each share of Common Stock they own on the record date, which can be cast in person or through the Internet or by telephone or by a properly executed and delivered proxy with respect to the special meeting.

Voting Requirements (See Page 57)

Proposal 1 Adoption of the Amended and Restated Certificate of Incorporation

Proposal 1 requires the affirmative vote of holders of at least a majority of our outstanding Common Stock as of the record date. As of the record date, there were 51,422,522 shares of Common Stock outstanding and therefore 25,711,262 votes are required for Proposal 1 to be adopted.

Abstentions and broker non-votes will have the same effect as a vote **AGAINST** Proposal 1. If you fail to submit a proxy or attend the special meeting in person, or if you fail to issue voting instructions to your bank, broker or other record holder, it will have the same effect as a vote **AGAINST** Proposal 1.

Table of Contents

Proposal 2 Approval of the Issuance of the Stock Consideration

Proposal 2 requires the affirmative vote of a majority of the votes cast on the proposal at the special meeting.

Under the current rules and interpretive guidance of the NYSE, votes cast on Proposal 2 consist of votes for or against as well as elections to abstain from voting. As a result, a stockholder's election to abstain from voting on Proposal 2 will have the same effect as a vote **AGAINST** the proposal. Assuming a quorum is present, the failure of a stockholder who holds his or her shares in street name through a bank, broker or other record holder to give voting instructions to that bank, broker or other record holder or any other failure of a stockholder to vote will have no effect on the outcome of any vote to approve Proposal 2 because these failures to vote are not considered votes cast.

Proposal 3 Approval of the Amended and Restated Long-Term Incentive Plan

Proposal 3 requires the affirmative vote of a majority of the votes cast on the proposal at the special meeting.

Under the current rules and interpretive guidance of the NYSE, votes cast on Proposal 3 consist of votes for or against as well as elections to abstain from voting. As a result, a stockholder's election to abstain from voting on Proposal 3 will have the same effect as a vote **AGAINST** the proposal. Assuming a quorum is present, the failure of a stockholder who holds his or her shares in street name through a bank, broker or other record holder to give voting instructions to that bank, broker or other record holder or any other failure of a stockholder to vote will have no effect on the outcome of any vote to approve Proposal 3 because these failures to vote are not considered votes cast.

Proposal 4 Approval of the Adjournment of the Special Meeting

Proposal 4 requires the affirmative vote of a majority of those shares voting on the proposal.

Any stockholder represented in person or by proxy at the meeting and entitled to vote on Proposal 4 may elect to abstain from voting on this proposal. If so, such abstention will not be counted as a vote cast on the proposal and, therefore, will have no effect on the outcome of the vote on the proposal. Provided there is a quorum of stockholders present in person or by proxy, stockholders not attending the meeting, in person or by proxy, will also have no effect on the outcome of this proposal.

Recommendation of our Board of Directors

Our board of directors unanimously recommends that you vote your shares of Common Stock **FOR** each of the proposals.

Voting at the Special Meeting (See Page 58)

Shares held in your name as the holder of record may be voted in person at the special meeting. Shares can also be voted by proxy in three ways: (i) you can vote over the Internet by following the instructions on the proxy card; (ii) if you received your proxy materials by mail, you can vote by filling out the accompanying proxy card and returning it in the return envelope that we have enclosed for you; or (iii) you can vote by telephone by following the instructions on the proxy card.

Table of Contents

If your shares are held in street-name through a bank, broker or other record holder, you must provide the holder of record with instructions on how to vote the shares, so please follow the voting instructions on the form that you receive from them.

Revocability of Proxies (See Page 60)

You can change your vote at any time before your proxy is voted at the special meeting. In addition to revocation in any other manner permitted by law, you can revoke your proxy in one of the following ways: (i) giving a written and signed revocation to our Corporate Secretary that is received by our Corporate Secretary prior to the special meeting, stating that you revoke your proxy; (ii) giving a duly executed proxy bearing a later date, provided that, to be effective, a later-dated proxy must be received by Tenneco no later than 11:59 p.m., Eastern Time on September 11, 2018; or (iii) attending the special meeting and voting in person.

If your shares are held in street-name through a bank, broker or other record holder, you may submit new voting instructions by contacting your bank, broker or other record holder or, if you have obtained a legal proxy from your bank, broker or other record holder giving you the right to vote your shares, by attending the special meeting and voting in person.

Quorum Requirements and Effect of Abstentions and Broker Non-Votes (See Page 60)

The presence at the special meeting, in person or by proxy, of holders of a majority of the issued and outstanding shares of Common Stock as of the record date is considered a quorum for the transaction of business. If you submit a properly completed proxy or if you appear at the special meeting to vote in person, your shares of Common Stock will be considered part of the quorum.

Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other record holder holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Each proposal in this proxy statement is a non-routine matter under the NYSE rules. Accordingly, if you do not instruct your bank, broker or other record holder how to vote with respect to any of these items, your bank, broker or other record holder may not vote with respect to the applicable proposal and those votes will be counted as broker non-votes.

Abstentions and broker non-votes will have the same effect as a vote **AGAINST** Proposal 1. If you fail to submit a proxy or attend the special meeting in person, or if you fail to issue voting instructions to your bank, broker or other record holder, it will have the same effect as a vote **AGAINST** Proposal 1.

Under the current rules and interpretive guidance of the NYSE, votes cast on a proposal consist of votes for or against as well as elections to abstain from voting. As a result, a stockholder's election to abstain from voting on a proposal at the special meeting will have the same effect as a vote **AGAINST** that proposal. Accordingly, abstentions from voting will be counted as votes **AGAINST** Proposal 2 and Proposal 3.

Assuming a quorum is present, the failure of a stockholder who holds his or her shares in street name through a bank, broker or other record holder to give voting instructions to that bank, broker or other record holder or any other failure of a stockholder to vote on a proposal will have no effect on the outcome of any vote to approve that proposal because these failures to vote are

Table of Contents

not considered votes cast. Accordingly, broker non-votes will not be counted as votes for or against Proposal 2 or Proposal 3.

Abstentions and broker non-votes will have no effect on Proposal 4. If you fail to submit a proxy or attend the special meeting in person, or if you fail to issue voting instructions to your bank, broker or other record holder, it will have no effect on the outcome of Proposal 4.

Table of Contents**Comparative Historical and Unaudited Pro Forma Per Share Data**

The following information reflects the historical net income from continuing operations, book value per common share and cash dividends per common share of Tenneco and the unaudited pro forma combined condensed net income from continuing operations, book value per common share and cash dividends per share of Tenneco Common Stock after giving effect to the proposed transaction.

The pro forma earnings per share of Tenneco Common Stock following the consummation of the transaction is computed by dividing the pro forma earnings by the pro forma weighted average number of shares outstanding. The historical book value per share is computed by dividing Total Tenneco Inc. shareholders equity by the number of shares of Common Stock outstanding at the end of the period. The pro forma book value per share of Tenneco following the consummation of the transaction is computed by dividing total pro forma shareholders equity by the pro forma number of shares of Common Stock outstanding at the end of the period. The pro forma per share data assumes 29,444,846 shares to be issued in connection with the transaction. The pro forma cash dividends declared per share assumes that Tenneco would continue to pay an annual dividend of \$1.00 per share. Accordingly, the pro forma cash dividends declared per share has not been adjusted downward by the additional shares of Common Stock that will be issued as part of the transaction.

The following information should be read in conjunction with the consolidated financial statements and related notes contained in Tenneco's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 and Quarterly Report on Form 10-Q for the quarter ended March 31, 2018 as well as the financial information contained in the section entitled Selected Unaudited Pro Forma Condensed Combined Financial Data of Tenneco beginning on page 29. The unaudited pro forma information below is presented for informational purposes only and is not necessarily indicative of the future operating results or financial position that would have occurred if the transaction had been completed as of the periods presented, nor is it necessarily indicative of the future operating results or financial position of the combined company. In addition, the unaudited pro forma information does not purport to indicate balance sheet data or results of operations as of any future date or for any future period.

On February 1, 2017, Tenneco announced the reinstatement of a quarterly dividend program under which Tenneco expects to pay a quarterly dividend of \$0.25 per share on its Common Stock, representing a planned annual dividend of \$1.00 per share. The initial dividend was payable on March 23, 2017 to stockholders of record as of March 7, 2017. In 2017, Tenneco paid a dividend of \$0.25 per share each quarter, for an annual dividend of \$1.00 per share, or approximately \$53 million. Tenneco did not pay any dividends in fiscal years 2016 or 2015.

While Tenneco currently expects to pay comparable quarterly cash dividends in the future, its dividend program and the payment of future cash dividends are subject to continued capital availability, the judgment of our board of directors and our continued compliance with the provisions pertaining to the payment of dividends under our debt agreements.

The fact that this additional information is being incorporated by reference into this proxy statement should not necessarily be viewed as an indication that such information is material to your decision on how to vote on the proposals.*

Risks Relating to the Transaction

There can be no assurance that we will successfully complete our acquisition of Federal-Mogul on the terms or timetable currently proposed or at all.

If the transaction is not completed, our business, financial condition and results of operations may be materially adversely affected and the market price of our Common Stock may decline significantly, particularly to the extent that the current market price reflects a market assumption that the transaction will be completed. If the completion of the transaction is delayed, including by the receipt of an acquisition proposal, our business, financial condition and results of operations may be materially adversely affected.

In addition, AEP and Federal-Mogul have the ability to terminate the Purchase Agreement in certain circumstances. If the Purchase Agreement is terminated, we would not realize the anticipated benefits of the transaction or the Spin-Off, but we would remain liable for significant transaction costs incurred, including legal, accounting and financial advisory fees. Accordingly, our business, financial condition and results of operations may be materially adversely affected. In addition, in certain circumstances, if the Purchase Agreement is terminated, we could be required to pay AEP a termination fee equal to \$200 million. See **The Purchase Agreement – Termination Fee; Effect of Termination.**

Any of the foregoing, or other risks arising in connection with the failure of, or delay in completing, the transaction, including the diversion of management's attention from pursuing other opportunities and the constraints in the Purchase Agreement on our ability to make significant changes to our ongoing business during the pendency of the transaction, could have a material adverse effect on our business, financial condition and results of operations.

The transaction is subject to certain customary closing conditions, including the adoption of the Amended and Restated Certificate of Incorporation and approval of the issuance of the Stock Consideration by our stockholders at the special meeting (or an adjournment or postponement thereof), that, if not satisfied, will result in the transaction not being completed, which may result in material adverse consequences to our business, financial condition and results of operations.

The completion of the transaction is subject to certain customary closing conditions, that, if not satisfied, will prevent the transaction from being completed, including among others: (i) (a) the

Table of Contents

adoption of the Amended and Restated Certificate of Incorporation and (b) the approval the issuance of the Stock Consideration by our stockholders at the special meeting of our stockholders; (ii) the absence of any outstanding order enacted, promulgated, issued, entered, amended or enforced by any governmental entity in the United States or European Union, or applicable law in the United States or European Union, enjoining or otherwise prohibiting the consummation of the transactions contemplated by the Purchase Agreement; (iii) the applicable waiting periods (and any extensions thereof) under the HSR Act will have expired or terminated, approval will have been obtained from the Directorate General for Competition of the European Commission and all approvals, consents and consultations required to consummate the transaction pursuant to any other antitrust law in the United States and European Union will have been obtained or any applicable waiting period thereunder will have terminated or expired; (iv) the filing of the Amended and Restated Certificate of Incorporation with the Secretary of State for the State of Delaware; and (v) the approval for the listing of the Class A Voting Common Stock (including shares of Class A Voting Common Stock issuable upon conversion of the Class B Non-Voting Common Stock to be issued to AEP as Stock Consideration) on the NYSE, subject to official notice of issuance. See The Purchase Agreement Conditions to Closing of the Transaction.

If the transaction is not completed, our business, financial condition and results of operations could be materially adversely affected by the loss of employees and customers, the costs incurred in pursuing the transaction, and potential reputational harm. There can be no assurance that the conditions to closing will be satisfied or waived, or that other events will not intervene to delay or prevent the completion of the transaction.

We must obtain governmental and regulatory approvals prior to completing the transaction, which, if delayed or not granted, may delay or jeopardize the transaction.

The completion of the transaction is conditioned on the expiration or termination of the applicable waiting period (or extension thereof) under the HSR Act and on the approval of the transaction by the Directorate General for Competition of the European Commission, pursuant to EUMR. See The Transaction Regulatory Approvals Required for the Transaction.

The governmental and regulatory agencies from which we are seeking these approvals have broad discretion in administering the applicable governing regulations. As a condition to their approval of the transactions contemplated by the Purchase Agreement, those agencies may impose requirements, limitations or costs or require divestitures or place restrictions on the conduct of our business following the transaction. The required approvals may not be obtained or the required conditions to the transaction may not be satisfied, or, even if the required approvals are obtained and the conditions to the completion of the transaction are satisfied, the terms, conditions and timing of such approvals are uncertain.

There can be no assurance that the requisite governmental and regulatory approvals will be received in a timely fashion or at all. Any delay in completing the transaction, including a delay in receipt of the necessary governmental or regulatory approvals, may have a material adverse effect on our business, financial condition and results of operations, and such delay could cause us not to realize some or all of the benefits that we expect to achieve if the transaction were to be successfully completed within the expected time frame.

In addition, if we fail to obtain any necessary governmental or regulatory approval at or prior to the time the closing is required to occur pursuant to the Purchase Agreement, we may elect to consummate the transaction without such approval. As a result, we may not be able to acquire certain assets, businesses or entities of Federal-Mogul at the closing of the transaction, in which

Table of Contents

case AEP will hold such assets, businesses or entities separately for the benefit of Tenneco, until such time where such assets, businesses or entities can be transferred to Tenneco. This could have a material adverse effect on our business, financial condition and results of operations, and could cause us not to realize some or all of the benefits that we expect to achieve if the transaction were to be successfully completed within the expected time frame. In addition, we could be subject to fines, penalties, costs and other adverse action undertaken by applicable governmental and regulatory agencies.

We may fail to realize all of the anticipated benefits of the transaction or those benefits may take longer to realize than expected. We and, following the Spin-Off, each separate company may also encounter significant difficulties in integrating the business of Federal-Mogul.

The success of the transaction will depend, in part, on our ability (and the ability of each separate company) to realize the anticipated benefits of the transaction and Spin-Off and on our (and each separate company's) ability to integrate Federal-Mogul's business in an effective and efficient manner, which is a complex, costly and time-consuming process. The integration process may disrupt business and, if we are unable to successfully integrate Federal-Mogul's business, we (and each separate company) could fail to realize the anticipated benefits of the transaction and/or the Spin-Off. The failure to meet the challenges involved in the integration process and realize the anticipated benefits of the transaction and the Spin-Off could cause an interruption of, or a loss of momentum in, our operations and could have a material adverse effect on our (and each separate company's) business, financial condition and results of operations.

In addition, the integration of Federal-Mogul may result in material unanticipated challenges, expenses, liabilities, competitive responses and loss of customers and other business relationships. Additional integration challenges include:

- diversion of management's attention to integration matters;
- difficulties in achieving anticipated cost savings, synergies, business opportunities and growth prospects from the transaction and the Spin-Off;
- difficulties in the integration of operations and systems;
- difficulties in conforming standards, controls, procedures and accounting and other policies, business cultures and compensation structures;
- difficulties in the assimilation of employees;
- difficulties in managing the expanded operations of a significantly larger and more complex company;
- challenges in attracting and retaining key personnel;

- the impact of potential liabilities Tenneco may be inheriting from Federal-Mogul; and

- coordinating a geographically dispersed organization.

Many of these factors are outside of our control and could result in increased costs, decreases in the amount of anticipated revenues and diversion of management's time and energy, each of which could adversely affect our (and each separate company's) business, financial condition and results of operations.

In addition, even if the integration of Federal-Mogul's business is successful, we (and each separate company) may not realize all of the anticipated benefits of the transaction and Spin-Off, including the synergies, cost savings, or sales or growth opportunities. These benefits may not be

Table of Contents

achieved within the anticipated time frame, or at all. Further, additional unanticipated costs may be incurred in the integration process. All of these factors could cause reductions in earnings per share, decrease or delay the expected accretive effect of the transaction and negatively impact the price of shares of our Common Stock (or each separate company's stock). As a result, it cannot be assured that the transaction and/or the Spin-Off will result in the realization of the anticipated benefits and potential synergies.

Our current stockholders will have reduced ownership and voting interests following the transaction and will exercise less influence over management.

Holders of our Common Stock currently possess all voting rights with respect to the election of our board of directors and on other matters affecting us. Upon the closing of the transaction, we will issue an amount of Class A Voting Common Stock to AEP equal to 9.9% of our Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction. Accordingly, our stockholders will experience an immediate dilution and have proportionally less voting power in the combined company following the transaction, and as a result, may have less influence on our management and policies. Additionally, upon the closing of the transaction, we will issue the balance of the Stock Consideration in shares of Class B Non-Voting Common Stock. As a result, our stockholders will have proportionately less ownership than they have now.

In addition, prior to the closing of the transaction, assuming the price of our Common Stock is above \$54.6785, we may elect, or if we do not elect, AEP may direct us in certain circumstances, to conduct a primary offering of Common Stock in order to raise funds to increase the Cash Consideration by the amount of certain of the proceeds of such offering. Such offering may include up to 7,315,490 shares of Common Stock that would otherwise have been issued to AEP in connection with the transaction. If such an offering is undertaken, the Cash Consideration will be increased by an amount equal to the number of shares sold in such offering multiplied by \$54.6785 and the Stock Consideration will be decreased by the number of shares sold in such offering. In other words, the total number of shares to be issued in connection with the acquisition of Federal-Mogul will not change if Tenneco undertakes such an offering. However, Tenneco stockholders existing immediately prior to the offering (and prior to the closing of the transaction), will have proportionally less voting power following the closing of the offering (and subsequently, following the closing of the transaction). However, Tenneco stockholders will not experience any incremental economic dilution as a result of such offering as the total number of shares of Common Stock to be issued in connection with the transaction will not be increased above 29,444,846. See "The Transaction - General Description of the Transaction" for additional information.

We are unable to predict the potential effects of the issuance of the Stock Consideration on the trading activity and market price of our common stock. We have granted certain registration rights to AEP for the resale of the shares issued in connection with the transaction. These registration rights would facilitate the resale of such shares into the public market, and any such resale would increase the number of shares of our Class A Voting Common Stock available for public trading. Sales of a substantial number of shares of our Class A Voting Common Stock in the public market, or the perception that such sales might occur, could have a material adverse effect on the price of our Class A Voting Common Stock.

If AEP transfers any shares of its Class B Non-Voting Common Stock to a third party, the shares of Class B Non-Voting Common Stock so transferred will automatically convert in shares of Class A Voting Common Stock and as a result, our current stockholders will experience further dilution and a proportionate reduction in voting power.

Table of Contents

The Purchase Agreement contains provisions that could discourage a potential third-party from considering or proposing a transaction with us.

The Purchase Agreement contains no solicitation provisions that, subject to limited exceptions, restrict our ability to solicit, initiate, induce or knowingly facilitate or encourage the submission or announcement of any proposal for the acquisition of our stock or assets. In addition, AEP generally has an opportunity to offer to modify the terms of the Purchase Agreement in response to any acquisition proposal before our board of directors may terminate the Purchase Agreement to accept a superior proposal. See The Purchase Agreement No Solicitation by Tenneco; Recommendation Change. The Purchase Agreement further provides that, upon termination of the Purchase Agreement under specified circumstances, we will be required to pay AEP a termination fee equal to \$200 million. See The Purchase Agreement Termination Fee; Effect of Termination.

These provisions could discourage a potential third-party that might have an interest in acquiring all or a significant portion of our stock or assets from considering or proposing such an acquisition or may result in a potential third-party proposing to pay a lower per share price to our stockholders than it might otherwise have proposed to pay because of the added expense of the termination fee that may become payable in certain circumstances.

If the Purchase Agreement is terminated and we seek another business combination, we may not be able to negotiate a transaction with another party on terms comparable to, or better than, the terms of the Purchase Agreement.

The market price of our Class A Voting Common Stock may be affected by factors different from those affecting the shares of our Common Stock prior to completion of the transaction.

Our historical business differs from that of Federal-Mogul. Accordingly, our results of operations and the market price of our Class A Voting Common Stock following the completion of the transaction may be affected by factors that differ from those that previously affected the independent results of operations of each of Tenneco and Federal-Mogul and the market price of our existing Common Stock.

We may not generate sufficient financing to fund the purchase price for the transaction.

We have entered into a debt commitment letter, pursuant to which JPMorgan Chase Bank, N.A. and Barclays Bank PLC have committed to provide an aggregate amount of \$4.9 billion of debt financing. The debt financing will consist of a \$1.7 billion Term Loan A, a \$1.7 billion Term Loan B and a \$1.5 billion revolving credit facility, which will finance the Cash Consideration portion of the purchase price and replace our existing senior credit facilities and certain senior facilities at Federal-Mogul.

There can be no assurance that the foregoing transactions, or any other financing transactions that we may pursue, will generate sufficient funds to finance the transaction. The obligations of the lenders under the debt commitment letter are subject to specified limited conditions, and we cannot assure you that these conditions will be met. The closing of the transaction is not conditioned on our ability to obtain sufficient financing to consummate the transaction.

Table of Contents

The planned Spin-Off following the transaction is subject to various risks and uncertainties and may not be completed in accordance with the expected plans or anticipated timeline, or at all, and will involve significant time and expense, which could disrupt or adversely affect our business.

Following the completion of the transaction, we intend to separate the combined company's businesses to create two separate, publicly traded companies in a spin-off transaction, which we refer to as the Spin-Off in this proxy statement. The Spin-Off is intended to be treated as a tax-free reorganization for U.S. federal income tax purposes. There can be no assurance that the Spin-Off will be completed at all or that the Spin-Off will be tax-free for U.S. federal income purposes. We expect that the process of completing the proposed Spin-Off will be time-consuming and involve significant costs and expenses, which may be significantly higher than what we currently anticipate and may not yield a benefit if the Spin-Off is not completed. Planning for the Spin-Off is in its early stages, and we may encounter unforeseen impediments to the completion of the Spin-Off that render the Spin-Off impossible or impracticable.

If the Spin-Off is not completed, our business, financial condition and results of operations may be materially adversely affected and the market price of our Common Stock may decline significantly, particularly to the extent that the current market price reflects a market assumption that the Spin-Off will be completed. If the completion of the Spin-Off is delayed, including by the receipt of an acquisition proposal, our business, financial condition and results of operations may be materially adversely affected.

The pendency of the transaction and subsequent Spin-Off could adversely affect our business, financial results and operations.

The announcement and pendency of the transaction and subsequent Spin-Off could cause disruptions and create uncertainty surrounding our business and affect our relationships with our customers, suppliers and employees.

As a result of the transaction and the Spin-Off, some customers, suppliers or strategic partners may terminate their business relationship with us or Federal-Mogul. Potential customers, suppliers or strategic partners may delay entering into, or decide not to enter into, a business relationship with us or Federal-Mogul because of the transaction and/or the Spin-Off. If customer or supplier relationships or strategic alliances are adversely affected by the transaction and/or the Spin-Off, our (and, after the Spin-Off, each separate company's) business, financial condition and results of operations following the transaction and/or the Spin-Off could be adversely affected.

We are dependent on the experience and industry knowledge of our officers and other key employees to execute our business plans. Our success in implementing and after the transaction and the Spin-Off depends in part upon the ability to retain key management personnel and other key employees. Current and prospective employees of Tenneco and Federal-Mogul may experience uncertainty about their roles with the combined company following the transaction or either separate company following the Spin-Off, or concerns regarding operations following the transaction and/or the Spin-Off, any of which may have an adverse effect on the ability to attract or retain key management and other key personnel. Accordingly, no assurance can be given that we (or, after the Spin-Off, each separate company) will be able to attract or retain key management personnel and other key employees until the transaction and the Spin-Off is completed or following the transaction and the Spin-Off to the extent that we have previously been able to attract or retain such employees.

In addition, we have diverted, and will continue to divert, significant management resources to complete the transaction and the Spin-Off, which could adversely impact our ability to manage

Table of Contents

existing operations or pursue alternative strategic transactions, which could adversely affect our business, financial condition and results of operations.

The Spin-Off may not achieve some or all of the anticipated benefits.

We may not realize some or all of the anticipated strategic, financial, operational or other benefits from the Spin-Off. As independent publicly-traded companies, the two companies will be smaller, less diversified companies with a narrower business focus. As a result, the two companies may be more vulnerable to changing market conditions, which could result in increased volatility in their cash flows, working capital and financing requirements and could have a material adverse effect on the respective business, financial condition and results of operations of each company. Further, there can be no assurance that the combined value of the common stock of the two companies will be equal to or greater than what the value of our common stock would have been had the Spin-Off not occurred.

If the transaction and the Spin-Off are completed, the combined company prior to the Spin-Off and each separate company following the Spin-Off may underperform relative to our expectations.

Following completion of the transaction and the Spin-Off, the combined company or each separate company may not be able to maintain the growth rate, levels of revenue, earnings or operating efficiency that we and Federal-Mogul have achieved or might achieve separately. The failure to do so could have a material adverse effect on our business, financial condition and results of operations or, following the Spin-Off, the business, financial condition and results of operations of each separate company.

We have incurred, and will continue to incur, significant transaction costs in connection with the transaction and the Spin-Off that could adversely affect our results of operations.

Whether or not we complete the transaction and the Spin-Off, we have incurred, and will continue to incur, significant costs in connection with the transaction and the Spin-Off and integrating the business and operations of Federal-Mogul with our business and operations. We also expect we will incur fees and expenses in connection with the related financing transactions, including the debt financing and any primary offering. We may also incur additional unanticipated costs in the separation processes. These could adversely affect our business, financial condition and results of operations, or the business, financial condition and results of operations of each company following the Spin-Off, in the period in which such expenses are recorded, or the cash flows, in the period in which any related costs are actually paid.

Furthermore, we and each company following the Spin-Off may incur material restructuring charges in connection with integration activities or the Spin-Off, which may adversely affect operating results for the period in which such expenses are recorded, or cash flows in the period in which any related costs are actually paid.

The fairness opinion we obtained from our financial advisor will not reflect changes in circumstances subsequent to the date of the fairness opinion.

Barclays, our financial advisor in connection with the transaction, has delivered to our board of directors its opinion dated as of April 9, 2018, that as of such date, and based upon and subject to the factors and assumptions set forth therein, the consideration to be paid to AEP pursuant to the Purchase Agreement was fair from a financial point of view to us. The opinion does not reflect

Table of Contents

changes that may occur or may have occurred after the date of the opinion, including changes to the operations and prospects of Tenneco or Federal-Mogul, changes in general market and economic conditions or regulatory or other factors. Any such changes, or changes in other factors on which the opinion is based, may materially alter or affect the relative values of Tenneco or Federal-Mogul. The fairness opinion will not be updated to reflect changes in circumstances subsequent to the date of the fairness opinion.

The unaudited pro forma condensed combined financial statements incorporated by reference in this proxy statement (the pro forma financial statements) are presented for illustrative purposes only and may not be an indication of our financial condition or results of operations following the transaction.

The pro forma financial statements are presented for illustrative purposes only and may not be an indication of our financial condition or results of operations following the transaction for several reasons. For example, the pro forma financial statements have been derived from our historical financial statements and the historical financial statements of Federal-Mogul, and certain adjustments and assumptions have been made regarding the combined company after giving effect to the transaction. The information upon which these adjustments and assumptions have been made is preliminary, and such adjustments and assumptions are difficult to make with complete accuracy.

Moreover, the pro forma financial statements do not reflect all costs that are expected to be incurred in connection with the transaction. For example, the impact of any incremental costs incurred in integrating Federal-Mogul's business into our business is not reflected in the pro forma financial statements. As a result, our actual financial condition and results of operations following the transaction may differ significantly from these pro forma financial statements.

In addition, the assumptions used in preparing the pro forma financial statements may not prove to be accurate, and other factors may affect our financial condition or results of operations following the transaction. Any potential decline in our financial condition or results of operations may cause significant variations in the market value of the Common Stock following the transaction. See the section entitled "Selected Historical and Pro Forma Combined Financial Data" Selected Unaudited Pro Forma Condensed Combined Financial Data of Tenneco beginning on page 29.

A class action complaint has been filed, and other lawsuits may be filed, against Tenneco, our board of directors or Federal-Mogul challenging the transaction, and an adverse ruling in any such lawsuit may delay or prevent the completion of the transaction or result in an award of damages against Tenneco or Federal-Mogul.

On July 17, 2018, a putative class action complaint challenging the transaction was filed in the United States District Court for the District of Delaware on behalf of Tenneco stockholders against Tenneco and our board of directors. The complaint asserts claims for violation of Section 14(a) of the Exchange Act and Rule 14a-9 promulgated under the Exchange Act based on allegations that the proxy statement authorized by our board of directors, and filed with the SEC on June 26, 2018, failed to disclose certain, largely unspecified material facts. The complaint also asserts a control person claim under Section 20(a) of the Exchange Act against each member of our board of directors. The complaint seeks to enjoin Tenneco from proceeding with a stockholder vote on the issuance of the Stock Consideration.

Additional lawsuits arising out of or relating to the transaction may be filed in the future. The results of complex legal proceedings are difficult to predict and could delay or prevent the

Table of Contents

completion of the transaction. The existence of litigation relating to the transaction could adversely impact the likelihood of obtaining the required stockholder approvals. Moreover, the pending litigation is, and any future additional litigation could be, time consuming and expensive and could divert our management's attention away from their regular business.

One of the conditions to completion of the transaction is the absence of any order enacted, promulgated, issued, entered, amended or enforced by any governmental entity in the United States or European Union enjoining or otherwise prohibiting the consummation of the transaction. Accordingly, if a plaintiff is successful in obtaining a judgment prohibiting completion of the transaction, then such judgment may prevent the transaction from being completed, or from being completed within the expected time frame.

For more information about the putative class action complaint related to the transaction, see the section entitled *The Transaction Litigation Related to the Transaction* beginning on page 93.

Risks Relating to Federal-Mogul and Federal-Mogul's Business

Because Tenneco and Federal-Mogul operate similar businesses in similar industries, many of the risks relating to Tenneco and its business disclosed in Tenneco's filings with the SEC are applicable to Federal-Mogul and its business as well. This section should be read in conjunction with the risks relating to Tenneco and its business disclosed in Tenneco's filings with the SEC.

Federal-Mogul's operations in foreign countries expose it to risks related to economic and political conditions, currency fluctuations, import/export restrictions, regulatory and other risks.

As a global business operating in a time of increasing global economic and political instability, Federal-Mogul is exposed to global market risks, the consequences of which cannot always be anticipated or quantified. One example is the 2016 decision of voters in the United Kingdom to withdraw from the European Union (the Brexit), the details of which withdrawal have yet to be clarified. While any ultimate effects of Brexit on Federal-Mogul remain difficult to predict, because it currently conducts business in the United Kingdom and in Europe, the results of any eventual withdrawal could cause disruptions and create uncertainty for Federal-Mogul's businesses, including affecting its relationships with its customers and suppliers, and could also alter the relationship among currencies, including the value of the British Pound relative to the U.S. dollar. Such disruptions and uncertainties could adversely affect Federal-Mogul's financial condition, operating results and cash flows. Any ultimate effects of Brexit on Federal-Mogul will also depend on whether the U.K. negotiates to retain access to European Union markets either during a transitional period or more permanently. Continued uncertainty following the failed coup attempt in Turkey, a country in which Federal-Mogul has various ownership and economic interests, in 2016 is another example of a recent global political development for which any potential consequences for Federal-Mogul are uncertain. These and other developments may increase volatility in the results of Federal-Mogul's operations and may adversely affect its financial condition.

Federal-Mogul has manufacturing and distribution facilities in many countries. International operations are subject to certain risks including:

- exposure to local economic conditions;

- exposure to local political conditions (including the risk of seizure of assets by foreign governments);
- currency exchange rate fluctuations (including, but not limited to, material exchange rate fluctuations, such as devaluations) and currency controls;

Table of Contents

- export and import restrictions;
- restrictions on ability to repatriate foreign earnings;
- labor unrest; and
- compliance with U.S. laws such as the Foreign Corrupt Practices Act, and local laws prohibiting inappropriate payments.

The likelihood of such occurrences and their potential effect on Federal-Mogul are unpredictable and vary from country-to-country.

Certain of Federal-Mogul's operating entities report their financial condition and results of operations in currencies other than the U.S. dollar (including, but not limited to, Brazilian real, British pound, Chinese yuan renminbi, Czech crown, euro, Indian rupee, Mexican peso, Polish zloty, Russian ruble, South Korean won, and Swedish krona). In reporting its consolidated statements of operations, Federal-Mogul translates the reported results of these entities into U.S. dollars at the applicable exchange rates. As a result, fluctuations in the U.S. dollar against these foreign currencies will affect the value at which the results of operations of these entities are included within Federal-Mogul's consolidated results of operations.

Federal-Mogul is exposed to a risk of gain or loss from changes in foreign exchange rates whenever Federal-Mogul, or one of its foreign subsidiaries, enters into a purchase or sales agreement in a currency other than its functional currency. While Federal-Mogul reduces such exposure by matching most revenues and costs within the same currency, changes in exchange rates could affect Federal-Mogul's financial condition or results of operations.

Changes in tax law or trade agreements and new or changed tariffs could have a material adverse effect on Federal-Mogul.

Changes in U.S. political, regulatory and economic conditions and/or changes in laws and policies governing U.S. tax laws, foreign trade (including trade agreements and tariffs), manufacturing, and development and investment in the territories and countries where Federal-Mogul or its customers operate could adversely affect its operating results and business.

For example, on December 22, 2017, the U.S. President signed into law new legislation that significantly revises the Code. The newly enacted federal income tax law, among other things, contains significant changes to corporate taxation, including the reduction of the corporate income tax rate from a top marginal rate of 35% to a flat rate of 21%, a one-time transition tax on offshore earnings at reduced tax rates regardless of whether the earnings are repatriated, elimination of U.S. tax on foreign dividends (subject to certain important exceptions), new taxes on certain foreign earnings, a new minimum tax related to payments to foreign subsidiaries and affiliates, immediate deductions for certain new investments as opposed to deductions for depreciation expense over time, and the modification or repeal of many business deductions and credits. Notwithstanding the reduction in the corporate income tax rate, the overall impact of the new federal tax law is uncertain and Federal-Mogul's financial performance could be adversely affected. In addition, it is uncertain if and to what extent various states will conform to the new law and whether foreign countries will react by adopting tax legislation or take other actions that could adversely affect Federal-Mogul's business.

In addition, the United States, Mexico and Canada are currently re-negotiating the North American Free Trade Agreement (NAFTA), from which the U.S. government has advised it will withdraw if an agreement on revised terms is not reached. The U.S. government proposed changes to NAFTA that would require automotive products to contain significantly higher North

Table of Contents

American content, as well as specific U.S. domestic content, in order to obtain duty-free treatment under NAFTA. Canada offered counter-proposals, and the three countries are continuing discussions to achieve revised rules for automotive products. Federal-Mogul's manufacturing facilities in the United States and Mexico are dependent on duty-free trade within the NAFTA region. Federal-Mogul has significant imports into the United States, and the imposition of customs duties on these imports could negatively impact its financial performance. If such customs duties are implemented, Mexico and Canada may take retaliatory actions with respect to U.S. imports or U.S. investments in their countries. Any such potential actions could adversely affect Federal-Mogul's business, financial condition or results of operations.

Moreover, in March 2018, the current administration imposed a 25% tariff on steel imports and a 10% tariff on aluminum imports and announced additional tariffs on goods imported from China specifically, as well as certain other countries. There was a short exemption period from the steel and aluminum tariffs for Canada, Mexico and the European Union, which ended on June 1, 2018. As a result of the tariffs, Canada, Mexico and the European Union may take retaliatory actions with respect to U.S. imports in their countries, which could adversely affect Federal-Mogul's business, financial condition or results of operations. The imposition of the steel and aluminum tariffs, or any future imposition of tariffs or duties, is expected to have a pervasive impact on the metals market in which Federal-Mogul operates and could result in a decrease in imports and higher prices for those imports which are sold into the United States. If Federal-Mogul buys metals internationally, it may be unable to pass through the higher costs to its customers, which could adversely impact its financial condition and operating results. In addition, a decrease in imports could cause a disruption or shortage in the availability of the raw materials that Federal-Mogul buys, which could limit its ability to meet customer demand or purchase material at competitive prices. This could cause Federal-Mogul to lose sales, incur additional costs, or suffer harm to its reputation, all of which may adversely affect operating results.

Further, in May 2018, the current administration announced that it is considering potential tariffs to be imposed on imported automobiles and automotive parts. Certain of Federal-Mogul Motorparts' business depends on the importation of automotive parts from outside of the United States. If these or other similar tariffs are imposed, Federal-Mogul's business and results of operations could be materially adversely affected.

Federal-Mogul conducts operations through joint ventures which may contain various contractual restrictions, which may require Federal-Mogul obtaining approval from its joint venture partners prior to taking certain actions.

Certain of Federal-Mogul's operations, including in emerging markets, are conducted through joint ventures and strategic alliances. With respect to these joint ventures, Federal-Mogul may share ownership and management responsibilities with one or more partners that may not share the same goals and objectives as Federal-Mogul. Operating a joint venture requires Federal-Mogul to operate the business pursuant to the terms of the agreement that was entered into with the joint venture partners, as well as to share information and decision making. Additional risks associated with joint ventures include one or more partners failing to satisfy their contractual obligations, conflicts arising between the joint venture partners, a change in the ownership of any of the joint venture partners and Federal-Mogul's limited ability to control compliance with applicable rules and regulations, including the Foreign Corrupt Practices Act and related rules and regulations. Additionally, Federal-Mogul's ability to sell its interest in a joint venture may be subject to contractual and other limitations. Accordingly, any such occurrences could adversely affect Federal-Mogul's financial condition, operating results and cash flows.

Table of Contents***Impairment charges relating to Federal-Mogul's goodwill and long lived assets could adversely affect its financial performance.***

Federal-Mogul has historically been, and may in the future be, required to recognize impairment charges for its goodwill and other long lived assets. In accordance with U.S. generally accepted accounting principles (GAAP), Federal-Mogul periodically assesses these assets to determine if they are impaired. Significant negative industry or economic trends, disruptions to Federal-Mogul's business, inability to effectively integrate acquired businesses, unexpected significant changes or planned changes in use of these assets, changes in the structure of Federal-Mogul's business, divestitures, market capitalization declines, or increases in associated discount rates may impair its goodwill and other intangible assets. Any charges relating to such impairments may adversely affect Federal-Mogul's results of operations in the periods recognized.

Adverse conditions in the automotive market adversely affect demand for Federal-Mogul's products and exposes Federal-Mogul to the credit risks of its customers.

The revenues of Federal-Mogul's operations are closely tied to its sales to global original equipment manufacturers (OEM) and servicers (and together with OEM, OE) of automotive, light, medium and heavy-duty commercial vehicles, off-road, agricultural, marine, rail, aerospace, power generation and industrial equipment, production levels, and independent aftermarket parts replacement activity. The OE market is characterized by short-term volatility, with overall expected long-term growth in global vehicle sales and production. Automotive production in the local markets served by Federal-Mogul can be affected by macro-economic factors such as interest rates, fuel prices, consumer confidence, employment trends, regulatory and legislative oversight requirements and trade agreements. A variation in the level of automobile production would affect not only sales to OE customers but, depending on the reasons for the change, could affect demand from aftermarket customers. In addition, aftermarket demand is affected by various factors, including the size and composition of the vehicle population and vehicle usage. Federal-Mogul's results of operations and financial condition could be adversely affected if Federal-Mogul fails to respond in a timely and appropriate manner to changes in the demand for its products or if Federal-Mogul is not able to timely identify or address financial distress of its aftermarket customers.

Accounts receivable potentially subject Federal-Mogul to concentrations of credit risk. Federal-Mogul's customer base includes virtually every significant global automotive manufacturer, numerous Tier 1 automotive suppliers, and a large number of distributors and installers of automotive aftermarket parts. Consolidation in the automotive aftermarket may lead to financial distress for financially weaker customers of Federal-Mogul which, coupled with payment terms that are typically longer than in the OE market, could have a negative effect on Federal-Mogul's financial results.

Consolidation, increased market power, and potential conflicts with Federal-Mogul's independent aftermarket customers could negatively affect Federal-Mogul's financial performance.

Federal-Mogul's independent aftermarket customers are continuing to consolidate and thereby gaining purchasing power and increasing their ability to demand extended payment terms and other pricing concessions. If these trends continue, the financial results of Federal-Mogul's motorparts business segment could be negatively affected. In addition, certain of Federal-Mogul's strategic initiatives, including Federal-Mogul's strategy of supporting its branded products and new distribution channels, and enhancing its distribution and category management capabilities,

Table of Contents

or Federal-Mogul's strategic affiliation with certain competitors, may not align with the interest of customers. As a result, aftermarket customers may reduce their business with Federal-Mogul based on perceived channel conflict.

Cybersecurity risks and other cyber incidents could result in disruption.

Threats to information technology systems associated with cybersecurity risks and cyber incidents or attacks continue to grow. Federal-Mogul depends on information technology systems. In addition, Federal-Mogul collects, processes and retains certain sensitive and confidential customer information in the normal course of business. Despite the security measures in place and any additional measures that may be implemented in the future, Federal-Mogul's facilities and systems, and those of its third-party service providers, could be vulnerable to security breaches, computer viruses, lost or misplaced data, programming errors, human errors, acts of vandalism or other events. Any disruption of Federal-Mogul's systems or security breach or event resulting in the misappropriation, loss or other unauthorized disclosure of confidential information, whether by Federal-Mogul directly or its third-party service providers, could damage its reputation, expose it to the risks of litigation and liability, disrupt its business or otherwise affect Federal-Mogul's results of operations.

The automotive industry is highly competitive and Federal-Mogul's success depends upon its ability to compete effectively in the market.

Federal-Mogul operates in an extremely competitive industry, driven by global vehicle production volumes and part replacement trends. Business is typically awarded to the supplier offering the most favorable combination of cost, quality, technology, and service. In addition, customers continue to require periodic price reductions that require Federal-Mogul to continually assess, redefine and improve its operations, products, and manufacturing capabilities to maintain and improve profitability, and Federal-Mogul's competitors' efforts to increase their market share could exert additional downward pressure on product pricing and margins. Further, the success of portions of Federal-Mogul's business requires it to develop and/or incorporate leading technologies, which are subject to rapid obsolescence. Federal-Mogul's ability to maintain access to these technologies, either through development, acquisitions or licensing, may adversely affect its ability to compete effectively in the highly competitive automotive market. There can be no assurance Federal-Mogul will be able to compete effectively in the automotive market.

Federal-Mogul's pension obligations and other postretirement benefits could adversely affect Federal-Mogul's operating margins and cash flows.

The automotive industry, like other industries, continues to be affected by the rising cost of providing pension and other postretirement benefits. In addition, Federal-Mogul sponsors certain defined benefit plans worldwide that are underfunded and will require cash payments. If the performance of the assets in the pension plans does not meet Federal-Mogul's expectations, or other actuarial assumptions are modified, Federal-Mogul's required contributions may be higher than it expects.

If Federal-Mogul loses any of its executive officers or key employees, its operations and ability to manage the day-to-day aspects of its business may be materially adversely affected.

Federal-Mogul's future performance substantially depends on its ability to retain and motivate executive officers and key employees, both individually and as a group. If Federal-Mogul loses

Table of Contents

any of its executive officers or key employees, which have many years of experience with Federal-Mogul and within the automotive industry and other manufacturing industries, or is unable to recruit qualified personnel, Federal-Mogul's ability to manage the day-to-day aspects of its business may be materially adversely affected. The loss of the services of one or more executive officers or key employees, who also have strong personal ties with customers and suppliers, could have a material adverse effect on Federal-Mogul's business, financial condition, and results of operations.

Federal-Mogul does not currently maintain key person life insurance.

Certain disruptions in supply of, and changes in the competitive environment for, raw materials could adversely affect Federal-Mogul's operating margins and cash flows.

Federal-Mogul purchases a broad range of materials, components and finished parts. Federal-Mogul also uses a significant amount of energy, both electricity and natural gas, in the production of its products. A significant disruption in the supply of these materials, supplies and energy or the failure of a supplier with whom Federal-Mogul has established a single source supply relationship could decrease production and shipping levels, materially increase operating costs and materially adversely affect profit margins. Shortages of materials or interruptions in transportation systems, labor strikes, work stoppages, or other interruptions to or difficulties in the employment of labor or transportation in the markets where Federal-Mogul purchases material, components, and supplies for the production of products or where the products are produced, distributed or sold, whether as a result of labor strife, war, further acts of terrorism or otherwise, in each case may adversely affect profitability.

In recent periods there have been significant fluctuations in the prices of aluminum, copper, lead, nickel, platinum, resins, steel, other base metals and energy which have had and may continue to have an unfavorable effect on Federal-Mogul's business. Any continued fluctuations in the price or availability of energy and materials may have an adverse effect on Federal-Mogul's results of operations or financial condition. To address increased costs associated with these market forces, a number of Federal-Mogul's suppliers have implemented surcharges on existing fixed price contracts. Without the surcharge, some suppliers claim they will be unable to provide adequate supply. Competitive and marketing pressures may limit Federal-Mogul's ability to pass some of the supply and material cost increases on to Federal-Mogul's customers and may prevent Federal-Mogul from doing so in the future. Furthermore, Federal-Mogul's customers are generally not obligated to accept price increases Federal-Mogul may desire to pass along to them. This inability to pass on price increases to customers when material prices increase rapidly or to significantly higher than historic levels could adversely affect Federal-Mogul's operating margins and cash flow, possibly resulting in lower operating income and profitability.

Federal-Mogul's hedging activities to address commodity price fluctuations may not be successful in offsetting future increases in those costs or may reduce or eliminate the benefits of any decreases in those costs.

In order to mitigate short-term variation in operating results due to the aforementioned commodity price fluctuations, Federal-Mogul hedges a portion of near-term exposure to certain raw materials used in production processes, primarily copper, nickel, tin, zinc, high-grade aluminum and aluminum alloy. The results of Federal-Mogul's hedging practice could be positive, neutral or negative in any period depending on price changes in the hedged exposures.

Federal-Mogul's hedging activities are not designed to mitigate long-term commodity price fluctuations and, therefore, will not protect from long-term commodity price increases. Federal-

Table of Contents

Mogul's future hedging positions may not correlate to actual raw materials costs, which would cause acceleration in the recognition of unrealized gains and losses on hedging positions in operating results.

Federal-Mogul is subject to a variety of environmental, health and safety laws and regulations, and the cost of complying or Federal-Mogul's failure to comply with such requirements may have a material adverse effect on its business, financial condition and results of operations.

Federal-Mogul is subject to a variety of federal, state, and local environmental laws and regulations relating to the release or discharge of materials into the environment, the management, use, processing, handling, storage, transport or disposal of hazardous waste materials, or otherwise relating to the protection of public and employee health, safety, and the environment. These laws and regulations expose Federal-Mogul to liability for the environmental condition of its current facilities, and also may expose Federal-Mogul to liability for the conduct of others or for Federal-Mogul's actions that were in compliance with all applicable laws at the time such actions were taken. These laws and regulations also may expose Federal-Mogul to liability for claims of personal injury or property damage related to alleged exposure to hazardous or toxic materials in foreign countries. Despite Federal-Mogul's intention to be in compliance with all such laws and regulations, Federal-Mogul cannot guarantee that it will at all times be in compliance with all such requirements. The cost of complying with these requirements may also increase substantially in future years. If Federal-Mogul violates or fails to comply with these requirements, it could be fined or otherwise sanctioned by regulators. These requirements are complex, change frequently, and may become more stringent over time, which could have a material adverse effect on Federal-Mogul's business.

Federal-Mogul's failure to maintain and comply with environmental permits Federal-Mogul is required to maintain could result in fines or penalties or other sanctions and have a material adverse effect on Federal-Mogul's operations or results. Future events, such as new environmental regulations or changes in or modified interpretations of existing laws and regulations or enforcement policies, newly discovered information or further investigation or evaluation of the potential health hazards of products or business activities, may give rise to additional compliance and other costs that could have a material adverse effect on Federal-Mogul's business, financial condition, and operations.

A significant labor dispute involving Federal-Mogul or one or more of its customers or suppliers or that could otherwise affect its operations could adversely affect Federal-Mogul's financial performance.

A substantial number of Federal-Mogul's employees and the employees of Federal-Mogul's largest customers and suppliers are members of industrial trade unions and are employed under the terms of various labor agreements. Most of Federal-Mogul's unionized manufacturing facilities have their own contracts with their own expiration dates. There can be no assurances that future negotiations with the unions will be resolved favorably or that Federal-Mogul will not experience a work stoppage or disruption that could adversely affect its financial condition, operating results and cash flows. A labor dispute involving Federal-Mogul, any of its customers or suppliers or any other suppliers to Federal-Mogul's customers or that otherwise affects Federal-Mogul's operations, or the inability by Federal-Mogul, any of its customers or suppliers or any other suppliers to Federal-Mogul's customers to negotiate, upon the expiration of a labor agreement, an extension of such agreement or a new agreement on satisfactory terms could adversely affect Federal-Mogul's financial condition, operating results and cash flows. In addition, if any of

Table of Contents

Federal-Mogul's significant customers experience a material work stoppage, the customer may halt or limit the purchase of Federal-Mogul's products. This could require Federal-Mogul to shut down or significantly reduce production at facilities relating to such products, which could adversely affect its business and harm its profitability.

Federal-Mogul is involved from time to time in legal proceedings and commercial or contractual disputes, which could have an adverse effect on Federal-Mogul's profitability and consolidated financial position.

Federal-Mogul is involved in legal proceedings and commercial or contractual disputes that, from time to time, are significant. These are typically claims that arise in the normal course of business including, without limitation, commercial or contractual disputes, including disputes with suppliers, intellectual property matters, personal injury claims, environmental issues, tax matters and employment matters. No assurances can be given that such proceedings and claims will not have a material adverse effect on Federal-Mogul's profitability and consolidated financial position.

If Federal-Mogul is unable to protect its intellectual property and prevent its improper use by third parties, Federal-Mogul's ability to compete in the market may be harmed.

Various patent, copyright, trade secret and trademark laws afford only limited protection and may not prevent Federal-Mogul's competitors from duplicating Federal-Mogul's products or gaining access to its proprietary information and technology. These means also may not permit Federal-Mogul to gain or maintain a competitive advantage.

Any of Federal-Mogul's patents may be challenged, invalidated, circumvented or rendered unenforceable. Federal-Mogul cannot guarantee it will be successful should one or more of its patents be challenged for any reason and countries outside the United States may diminish the protection of Federal-Mogul's patents. If Federal-Mogul's patent claims are rendered invalid or unenforceable, or narrowed in scope, the patent coverage afforded to Federal-Mogul's products could be impaired, which could significantly impede Federal-Mogul's ability to market its products, negatively affect its competitive position and materially adversely affect its business and results of operations.

Federal-Mogul's pending or future patent applications may not result in an issued patent. Additionally, newly issued patents may not provide meaningful protection against competitors or against competitive technologies. Courts in the United States and in other countries may invalidate Federal-Mogul's patents or find them unenforceable. Competitors may also be able to design around Federal-Mogul's patents. Other parties may develop and obtain patent protection for more effective technologies, designs or methods. If these developments were to occur, it could have an adverse effect on Federal-Mogul's sales. If Federal-Mogul's intellectual property rights are not adequately protected, Federal-Mogul may not be able to commercialize its technologies, products or services and Federal-Mogul's competitors could commercialize Federal-Mogul's technologies, which could result in a decrease in Federal-Mogul's sales and market share and could materially adversely affect Federal-Mogul's business, financial condition and results of operations.

Table of Contents

Federal-Mogul's products could infringe the intellectual property rights of others, which may lead to litigation that could itself be costly, could result in the payment of substantial damages or royalties, and could prevent Federal-Mogul from using technology that is essential to its products.

Federal-Mogul cannot guarantee its products, manufacturing processes or other methods do not infringe the patents or other intellectual property rights of third parties. Infringement and other intellectual property claims and proceedings brought against Federal-Mogul, whether successful or not, could result in substantial costs and harm Federal-Mogul's reputation. Such claims and proceedings can also distract and divert management and key personnel from other tasks important to the success of its business. In addition, intellectual property litigation or claims could force Federal-Mogul to do one or more of the following:

- cease selling or using of any products that incorporate the asserted intellectual property, which would adversely affect Federal-Mogul's revenue;
- pay substantial damages for past use of the asserted intellectual property;
- obtain a license from the holder of the asserted intellectual property, which license may not be available on reasonable terms, if at all; and
- redesign or rename, in the case of trademark claims, products to avoid infringing the intellectual property rights of third parties, which may not be possible and could be costly and time-consuming if it is possible to do.

In the event of an adverse determination in an intellectual property suit or proceeding, or Federal-Mogul's failure to license essential technology, Federal-Mogul's sales could be harmed and its costs could increase, which could materially adversely affect Federal-Mogul's business, financial condition, and results of operations.

The agreements governing Federal-Mogul's debt contain various covenants that impose restrictions on Federal-Mogul that may affect its ability to operate its business.

In connection with the transaction, Federal-Mogul's 4.875% Senior Secured Notes due 2022, Floating Rate Senior Secured Notes due 2024 and 5.000% Senior Secured Notes due 2024 (collectively, the Notes) will remain outstanding. The indentures governing the Notes contain covenants that restrict Federal-Mogul's ability to, among other things:

- declare dividends or redeem or repurchase capital stock;
- prepay, redeem or purchase other debt;
- incur liens;

- make loans, guarantees, acquisitions and investments;
- incur additional indebtedness;
- amend or otherwise alter debt and other material agreements;
- engage in mergers, acquisitions or asset sales;
- engage in transactions with affiliates; and
- enter into arrangements that would prohibit Federal-Mogul from granting liens or restrict its ability to pay dividends, make loans or transfer assets among its subsidiaries.

Federal-Mogul may be exposed to certain regulatory and financial risks related to climate change.

Climate change is continuing to receive ever increasing attention worldwide. Many scientists, legislators and others attribute climate change to increased levels of greenhouse gases, including carbon dioxide, which could lead to additional legislative and regulatory efforts to limit greenhouse gas emissions. The focus on emissions could increase costs associated with Federal-Mogul's operations, including costs for raw materials and transportation. Because the scope of future laws in this area is uncertain, Federal-Mogul cannot predict the potential effect of such laws on its future consolidated financial condition, results of operations, or cash flows.

Risks Relating to Tenneco and Tenneco's Business

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement and the documents that are incorporated into this proxy statement by reference may contain (or incorporate by reference) forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward looking statements are included in various sections of this proxy statement and concern, among other things, the proposed acquisition of Federal-Mogul and related separation transactions, including the expected timing of completion of the proposed acquisition and Spin-Off; the benefits of the proposed acquisition and Spin-Off; the combined and separate companies' respective plans, objectives and expectations; future financial and operating results; and other statements that are not historical facts. The words may, will, should, could, expect, anticipate, estimate, and similar expressions (and variations thereof), identify these forward-looking statements. These forward-looking statements are based upon our current expectations, and although we believe that the expectations reflected in these forward-looking statements are based on reasonable assumptions, these expectations may not prove to be correct.

Since forward-looking statements are subject to risks and uncertainties, actual results may differ materially from those expressed in the forward-looking statements. Important factors (many of which are outside of our control) that could cause actual results to differ materially from the expectations expressed in the forward-looking statements, include, but are not limited to:

- the risk that the transaction may not be completed in a timely manner or at all due to a failure to satisfy certain closing conditions;
- the risk that the parties may be unable to obtain the required governmental and regulatory approvals, or obtaining the required governmental and regulatory approvals may delay the transaction or result in the imposition of conditions that could cause the parties to abandon the transaction;
- the occurrence of any event, change or other circumstance that could give rise to the termination of the Purchase Agreement;
- the outcome of any legal proceeding that may be instituted against Tenneco, Federal-Mogul and/or the other parties following the announcement of the transaction;
- the risk that the combined company may not complete the Spin-Off of its powertrain technology business and its aftermarket & ride performance business (or achieve some or all of the anticipated benefits of such a separation);
- the transaction may have an adverse impact on existing arrangements with Tenneco or Federal-Mogul, including those related to transition, manufacturing and supply services and tax matters;
-

the amount of the costs, fees, expenses and charges related to the transaction and Spin-Off may be greater than expected;

- the possibility that the transaction may result in Tenneco assuming unexpected liabilities;
- the ability to retain and hire key personnel and maintain relationships with customers, suppliers or other business partners;
- the ability of Tenneco and Federal-Mogul to operate their respective businesses in light of the transaction and the covenants contained in the Purchase Agreement;
- the risk that the benefits of the transaction and Spin-Off, including synergies, may not be fully realized or may take longer to realize than expected;

Table of Contents

- the risk that the transaction may not advance the combined or separated companies' business strategy;
- the risk that the combined company may experience difficulty integrating or separating all employees or operations;
- the potential diversion of Tenneco's and Federal-Mogul's respective management team's attention resulting from the transaction; and
- the impact of issuing the Stock Consideration in connection with the transaction on the current Tenneco stockholders, including dilution of their ownership and voting interests.

For additional information about factors that could cause actual results to differ materially from those described in the forward-looking statements, see the note regarding forward-looking statements and the risk factors in Tenneco's Annual Report on Form 10-K for the year ended December 31, 2017, as filed with the SEC, as well as Tenneco's Quarterly Report on Form 10-Q for the quarter ended March 31, 2018. For more information, see the section entitled "Where You Can Find More Information" beginning on page 190.

The areas of risk and uncertainty described above should be considered in connection with any written or oral forward-looking statements that may be made after the date of this proxy statement by Tenneco or anyone acting for Tenneco.

Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results. Unless otherwise indicated in this proxy statement, the forward-looking statements in this proxy statement are made as of the date of this report, and, except as required by law, Tenneco does not undertake any duty or responsibility, and disclaims any duty or responsibility, to publicly disclose revisions or updates to any forward-looking statements.

Purpose of the Special Meeting

At the special meeting, Tenneco stockholders will be asked to consider and vote on the following proposals:

Proposal 1: To adopt the Amended and Restated Certificate of Incorporation.

Proposal 2: To approve the issuance and delivery of an aggregate of 29,444,846 shares of Common Stock, which is referred to as the Stock Consideration, in connection with Tenneco's acquisition of Federal-Mogul. Subject to reduction if Tenneco undertakes

Table of Contents

a primary offering of Common Stock prior to the closing of the transaction, the Stock Consideration issuable to AEP will be comprised of: (i) a number of shares of Class A Voting Common Stock equal to 9.9% of the aggregate number of shares of Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction, and (ii) the balance in shares of newly created Class B Non-Voting Common Stock.

Proposal 3: To approve the Amended and Restated Long-Term Incentive Plan.

Proposal 4: To approve a proposal to adjourn the special meeting, or any adjournments thereof, to another time or place, if necessary or appropriate, to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the foregoing proposals.

Record Date; Stock Entitled to Vote

Only holders of record of our Common Stock at the close of business on July 31, 2018 are entitled to receive notice of, and to vote at, the special meeting, or any postponements or adjournments thereof. On July 31, 2018, there were 51,422,522 shares of Common Stock outstanding and entitled to vote at the special meeting.

Stockholders have one vote for each share of Common Stock they own on the record date, which can be cast in person or through the Internet or by telephone or by a properly executed and delivered proxy with respect to the special meeting.

On July 31, 2018, our directors and executive officers and their affiliates owned and were entitled to vote 1,241,150 shares of Common Stock, or approximately 2.4% of the Common Stock outstanding on that date. We currently expect that our directors and executive officers will vote their shares in favor of each proposal, subject to no superior proposal emerging, although none of them has entered into any agreement obligating them to do so.

Voting Requirements

Proposal 1 Adoption of the Amended and Restated Certificate of Incorporation

Proposal 1 requires the affirmative vote of holders of at least a majority of our outstanding Common Stock as of the record date. As of the record date, there were 51,422,522 shares of Common Stock outstanding and therefore 25,711,262 votes are required for Proposal 1 to be adopted.

The Amended and Restated Certificate of Incorporation is required under the terms of the Purchase Agreement and is necessary to enable Tenneco to have enough shares of non-voting common stock to issue to AEP in connection with the transaction. Accordingly, if the Amended and Restated Certificate of Incorporation is not adopted by our stockholders at the special meeting, a condition to the closing of the transaction will not be satisfied and the transaction will not be consummated. If the Amended and Restated Certificate of Incorporation is adopted by our stockholders, Tenneco will have the ability to issue the remaining unissued shares of Class B Non-Voting Common Stock in the future.

Edgar Filing: TENNECO INC - Form DEFM14A

Abstentions and broker non-votes will have the same effect as a vote **AGAINST** Proposal 1. If you fail to submit a proxy or attend the special meeting in person, or if you fail to issue voting instructions to your bank, broker or other record holder, it will have the same effect as a vote **AGAINST** Proposal 1.

Our board of directors unanimously recommends that you vote your shares of Common Stock **FOR** Proposal 1.

Table of Contents

Proposal 2 Approval of the Issuance of the Stock Consideration

Proposal 2 requires the affirmative vote of a majority of the votes cast on the proposal at the special meeting.

Under the current rules and interpretive guidance of the NYSE, votes cast on Proposal 2 consist of votes for or against as well as elections to abstain from voting. As a result, a stockholder's election to abstain from voting on Proposal 2 will have the same effect as a vote **AGAINST** the proposal. Assuming a quorum is present, the failure of a stockholder who holds his or her shares in street name through a bank, broker or other record holder to give voting instructions to that bank, broker or other record holder or any other failure of a stockholder to vote will have no effect on the outcome of any vote to approve Proposal 2 because these failures to vote are not considered votes cast.

Our board of directors unanimously recommends that you vote your shares of Common Stock **FOR** Proposal 2.

Proposal 3 Approval of the Amended and Restated Long-Term Incentive Plan

Proposal 3 requires the affirmative vote of a majority of the votes cast on the proposal at the special meeting.

Under the current rules and interpretive guidance of the NYSE, votes cast on Proposal 3 consist of votes for or against as well as elections to abstain from voting. As a result, a stockholder's election to abstain from voting on Proposal 3 will have the same effect as a vote **AGAINST** the proposal. Assuming a quorum is present, the failure of a stockholder who holds his or her shares in street name through a bank, broker or other record holder to give voting instructions to that bank, broker or other record holder or any other failure of a stockholder to vote will have no effect on the outcome of any vote to approve Proposal 3 because these failures to vote are not considered votes cast.

Our board of directors unanimously recommends that you vote your shares of Common Stock **FOR** Proposal 3.

Proposal 4 Approval of the Adjournment of the Special Meeting

Proposal 4 requires the affirmative vote of a majority of those shares voting on the proposal.

Any stockholder represented in person or by proxy at the meeting and entitled to vote on Proposal 4 may elect to abstain from voting on this proposal. If so, such abstention will not be counted as a vote cast on the proposal and, therefore, will have no effect on the outcome of the vote on the proposal. Provided there is a quorum of stockholders present in person or by proxy, stockholders not attending the meeting, in person or by proxy, will also have no effect on the outcome of this proposal.

Our board of directors unanimously recommends that you vote your shares of Common Stock **FOR** Proposal 4.

Voting at the Special Meeting

Shares held in your name as the holder of record may be voted in person at the special meeting.

Shares held beneficially in street name may be voted in person at the special meeting only if you obtain a legal proxy from the bank, broker or other record holder that holds your shares of Common Stock giving you the right to vote the shares of Common Stock at the special meeting.

Table of Contents

Even if you plan to attend the special meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the special meeting.

There are three ways to vote by proxy:

- **By Internet** You can vote over the Internet by following the instructions on the proxy card;
- **By Mail** If you received your proxy materials by mail, you can vote by filling out the accompanying proxy card and returning it in the return envelope that we have enclosed for you; or
- **By Telephone** You can vote by telephone by following the instructions on the proxy card.

If you received a proxy card in the mail but choose to vote by Internet or by telephone, you do not need to return your proxy card.

If your shares are held in street-name through a bank, broker or other record holder, you must provide the holder of record with instructions on how to vote the shares, so please follow the voting instructions on the form that you receive from them. The availability of telephone and Internet voting will depend on the bank s, broker s or other record holder s voting process. Your bank, broker or other record holder may not be permitted to exercise voting discretion as to some of the matters to be acted upon. Therefore, please give voting instructions to your bank, broker or other record holder.

Unless you hold your shares through Tenneco s 401(k) plan, you may vote via the Internet or by phone until 11:59 p.m. Eastern Time, on September 11, 2018, or Tenneco s agent must receive your paper proxy card on or before September 11, 2018. If you hold your shares through Tenneco s 401(k) plan, you may vote via the Internet or by phone until 11:59 p.m., Eastern Time, on September 9, 2018, or Tenneco s agent must receive your paper proxy card on or before September 9, 2018.

All properly completed, unrevoked proxies that are timely received will be voted in accordance with the specifications made.

If a properly executed, unrevoked written proxy card does not specifically direct the voting of shares covered by the proxy, the proxy will be voted:

- **FOR** the adoption of the Amended and Restated Certificate of Incorporation;
- **FOR** the approval of the issuance of the Stock Consideration;
- **FOR** the approval of the Amended and Restated Long-Term Incentive Plan;

- **FOR** the approval of the adjournment of the special meeting; and
- in accordance with the judgment of the persons named in the proxy as to such other matters as may properly come before the special meeting.

Our board of directors is not aware of any other matters that may properly come before the special meeting. However, should any such matters come before the special meeting, it is the intention of the persons named in the enclosed form of proxy card to vote all proxies (unless otherwise directed by stockholders) in accordance with their judgment on such matters.

Table of Contents

Revocability of Proxies

You can change your vote at any time before your proxy is voted at the special meeting. In addition to revocation in any other manner permitted by law, you can revoke your proxy in one of the following ways:

- giving a written and signed revocation to our Corporate Secretary that is received by our Corporate Secretary prior to the special meeting, stating that you revoke your proxy;
- giving a duly executed proxy bearing a later date, provided that to be effective, a later-dated proxy must be received by Tenneco no later than 11:59 p.m., Eastern Time on September 11, 2018; or
- attending the special meeting and voting in person.

Your attendance at the special meeting will not itself revoke your previously granted proxy unless you provide a written and signed revocation to the chair of the special meeting at the special meeting.

If your shares are held in street-name through a bank, broker or other record holder, you may submit new voting instructions by contacting your bank, broker or other record holder or, if you have obtained a legal proxy from your bank, broker or other record holder giving you the right to vote your shares, by attending the special meeting and voting in person.

Quorum Requirements and Effect of Abstentions and Broker Non-Votes

The presence at the special meeting, in person or by proxy, of holders of a majority of the issued and outstanding shares of Common Stock as of the record date is considered a quorum for the transaction of business. If you submit a properly completed proxy or if you appear at the special meeting to vote in person, your shares of Common Stock will be considered part of the quorum.

Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other record holder holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Each proposal in this proxy statement is a non-routine matter under the NYSE rules. Accordingly, if you do not instruct your bank, broker or other record holder how to vote with respect to any of these items, your bank, broker or other record holder may not vote with respect to the applicable proposal and those votes will be counted as broker non-votes.

Abstentions and broker non-votes will have the same effect as a vote **AGAINST** Proposal 1. If you fail to submit a proxy or attend the special meeting in person, or if you fail to issue voting instructions to your bank, broker or other record holder, it will have the same effect as a vote **AGAINST** Proposal 1.

Under the current rules and interpretive guidance of the NYSE, votes cast on a proposal consist of votes for or against as well as elections to abstain from voting. As a result, a stockholder's election to abstain from voting on a proposal at the special meeting will have the same effect as a vote **AGAINST** that proposal. Accordingly, abstentions from voting will be counted as votes **AGAINST** Proposal 2 and Proposal 3.

Assuming a quorum is present, the failure of a stockholder who holds his or her shares in street name through a bank, broker or other record holder to give voting instructions to that bank, broker or other record holder or any other failure of a stockholder to vote on a proposal will have no effect on the outcome of any vote to approve that proposal because these failures to vote are

Table of Contents

not considered votes cast. Accordingly, broker non-votes will not be counted as votes for or against Proposal 2 or Proposal 3.

Abstentions and broker non-votes will have no effect on Proposal 4. If you fail to submit a proxy or attend the special meeting in person, or if you fail to issue voting instructions to your bank, broker or other record holder, it will have no effect on the outcome of Proposal 4.

Tabulation of Votes

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as inspectors of election.

Delivery of Proxy Materials and Proxy Card

These proxy materials were first sent or made available to stockholders on or about August 3, 2018.

Most stockholders hold their shares through a bank, broker or other record holder rather than directly in their own name. If your shares are held by a bank, broker or other record holder, you are considered the beneficial owner of these shares even though they are held in street-name, and these proxy materials should be forwarded to you by the bank, broker or other record holder together with a voting instruction card. As the beneficial owner, you have the right to direct your bank, broker or other record holder how to vote and you are invited to attend the special meeting. Since a beneficial owner is not the holder of record, you may not vote these shares in person at the special meeting unless you obtain a legal proxy from the bank, broker or other record holder that holds your shares, giving you the right to vote the shares at the meeting. Your bank, broker or other record holder will provide voting instructions for you to use in directing them how to vote your shares.

We and some brokers have adopted householding, a procedure under which stockholders who have the same address will receive a single set of proxy materials, unless one or more of these stockholders provides notice that they wish to continue receiving individual copies. Stockholders who participate in householding will continue to receive separate proxy cards. This procedure can result in significant savings to Tenneco by reducing printing and postage costs.

If you participate in householding and wish to receive a separate set of these proxy materials, or if you wish to receive separate copies of future notices, annual reports and proxy statements, please call 1-800-579-1639 or write to: Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717. We will deliver the requested documents to you promptly upon your request. Any stockholders of record who share the same address and currently receive multiple copies of proxy materials who wish to receive only one copy of these materials per household in the future may contact Broadridge Financial Solutions, Inc. at the address or telephone number listed above. If you hold your shares through a bank, broker or other record holder, please contact your bank, broker or other record holder to request information about householding.

Please follow the voting instructions provided by the bank, broker or other record holder. Banks, brokers and other record holders who hold shares on behalf of their beneficial owners may not give a proxy to Tenneco to vote those shares with respect to the proposals without specific voting instructions from such beneficial owners, as such the proposals to be voted upon at the special meeting, which are not considered a routine matters under the NYSE Rule 452 and banks, brokers and other record holders do not have discretionary voting power for such

matters. Any votes cast by street-name holders or brokers, banks or other nominees will be treated as though they were votes cast by the holder of record. You may not vote shares held in street-name by returning a proxy card directly to us or by voting in person at the special meeting unless you provide a legal proxy, which you must obtain from your bank, broker or other record holder. Any votes cast pursuant to a legal proxy will be treated as though they were cast by the holder of record.

Special Meeting Admission

Attendance at the special meeting is limited to stockholders (or their proxies, attorneys or representatives) as of the close of business on July 31, 2018. Guests may be admitted, but a guest has no right to speak or vote at the special meeting. Holders of record of our Common Stock at the close of business on July 31, 2018, can vote in person at the special meeting.

Admission to the special meeting is on a first-come, first-served basis. Registration for the special meeting begins at 9:00 a.m., Central Time, on Wednesday, September 12, 2018, and you will be asked to present a valid picture identification and proof of ownership of Common Stock as of the record date.

If you hold your Common Stock in a brokerage account, you must bring a copy of a brokerage account statement reflecting your ownership as of the record date. If you plan to attend as the proxy or attorney of a stockholder, the stockholder must provide valid proof of your appointment no later than 11:59 p.m., Central Time, on September 11, 2018 to our address set forth under the section entitled Time, Date and Location beginning on page 56. If you plan to attend as a representative of a legal entity you must bring evidence of appointment to the special meeting. We reserve the right to refuse admittance to anyone without proper proof of ownership or without proper photo identification. Submitting your proxy now will not prevent you from voting your shares at the special meeting if you desire to do so, as your proxy is revocable at your option. The use of cameras at the special meeting is prohibited and they will not be allowed into the special meeting or any other related areas. We realize that many cellular phones have built-in digital cameras, and while these phones may be brought into the meeting room, they may not be used at any time.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by us. Solicitation will be made by mail, and may be made by directors, officers and employees, personally or by telephone, email or fax. Proxy cards and materials also will be distributed to beneficial owners of stock through brokers, custodians, nominees and other like parties, and we expect to reimburse such parties for their charges and expenses.

We have also engaged Innisfree M&A Incorporated to assist us in the solicitation of proxies, at an estimated cost of approximately \$30,000, plus expense reimbursement.

Questions and Additional Information

Tenneco stockholders who have questions about the transaction, the issuance of the Stock Consideration, the Amended and Restated Certificate of Incorporation or the other matters to be voted on at the special meeting or who

desire additional copies of this proxy statement or additional proxy cards should contact Innisfree M&A Incorporated, Tenneco's proxy solicitor, by calling toll free at (888) 750-5834. Banks, brokerage firms and other nominees may call collect at (212) 750-5833.

Table of Contents**THE TRANSACTION**

The following is a discussion of the transaction, the Purchase Agreement, the Shareholders Agreement and the Amended and Restated Certificate of Incorporation. While the following discussion is intended to cover the material terms, this is a summary only and may not contain all of the information that is important to you. The following discussion is qualified in its entirety by reference to the Purchase Agreement, the Shareholders Agreement and the Amended and Restated Certificate of Incorporation, which are attached to this proxy statement as Annex A, Annex B and Annex C, respectively, and are incorporated by reference herein. Tenneco stockholders are urged to read this entire proxy statement, including the Purchase Agreement, the Shareholders Agreement and the Amended and Restated Certificate of Incorporation, for a more complete understanding of the transaction.

General Description of Transaction

On April 10, 2018, Tenneco entered into the Purchase Agreement by and among Tenneco, Federal-Mogul, AEP and IEP, pursuant to which Tenneco has agreed to acquire Federal-Mogul. In order to complete the transaction, Tenneco will amend its certificate of incorporation to provide for a new class of non-voting common stock, which will be issued only to AEP at the closing of the transaction, and to reclassify the Common Stock as Class A Voting Common Stock. See Proposal 1 Adoption of the Amended and Restated Certificate of Incorporation of Tenneco Inc. Summary of the Terms of the Amended and Restated Certificate of Incorporation beginning on page 120.

As consideration for the acquisition of Federal-Mogul, Tenneco will (i) pay to AEP \$800 million in cash, subject to increase if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction as described below, which is referred to as the Cash Consideration in this proxy statement, and (ii) issue and deliver 29,444,846 shares of Common Stock, which is referred to as the Stock Consideration in this proxy statement. Subject to reduction if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction, as described below, the Stock Consideration issuable to AEP will be comprised of: (a) a number of shares of Class A Voting Common Stock equal to 9.9% of the aggregate number of shares of Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction, and (b) the balance in shares of newly created Class B Non-Voting Common Stock.

Until the date that is 10 business days prior to the anticipated closing date of the transaction, assuming the price of our Common Stock is above \$54.6785, Tenneco may elect to conduct a primary offering of Common Stock in order to raise funds to increase the Cash Consideration. Such offering may include up to 7,315,490 shares of Common Stock that would otherwise have been issued to AEP in connection with the transaction. Each share sold in such an offering will decrease the number of shares of Common Stock issuable to AEP by one share, so the total number of shares of Common Stock to be issued in connection with the acquisition of Federal-Mogul will not change if Tenneco undertakes such an offering. The Cash Consideration will be increased by an amount equal to the number of shares sold in such an offering multiplied by \$54.6785, with any excess proceeds to be retained by Tenneco. In certain circumstances, AEP may also elect to require Tenneco to conduct such an offering of Common Stock if Tenneco does not do so at least 10 business days prior to the anticipated closing date of the transaction.

Upon the closing of the transaction, the parties have agreed that Tenneco, AEP and IEP will enter into the Shareholders Agreement. In connection with the Shareholders Agreement, Tenneco has

agreed to expand the size of its board of directors by one member and fill the resulting vacancy with the chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in the By-Laws and Corporate Governance Principles). Our board of directors will take all actions necessary to nominate for election the then-serving chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in the By-Laws and Corporate Governance Principles) at each annual meeting of Tenneco stockholders until the earlier of (i) the date on which AEP ceases to own at least 10% of our Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, or (ii) the date that is 18 months after the closing of the transaction if the Spin-Off has not occurred. See Board of Directors and Management Following the Transaction for additional details.

The Shareholders Agreement contains a standstill covenant, which prohibits IEP and its affiliates from taking certain actions until the earlier of (i) the date that is 18 months after the closing date of the transaction and (ii) the date that is one year after the date on which IEP and its affiliates cease to own at least 5% of our outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class.

Subject to certain exceptions, for a period beginning on the date of the Shareholders Agreement (i.e., the closing date of the transaction) and ending on the date that is 150 days following the date of the Shareholders Agreement, AEP (and any permitted transferee) shall not, directly or indirectly, sell, offer or agree to sell, or otherwise transfer, or loan or pledge, through swap or hedging transactions, or grant any option to purchase, make any short sale or otherwise dispose of, more than 10% of the shares of Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, they beneficially own immediately after closing of the transaction.

In addition, until the later of (i) the expiration of the standstill provision discussed above and (ii) the time when IEP and its affiliates cease to own at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, IEP and its affiliates shall not transfer any shares (a) to certain specified types of investors and (b) in an amount equal to 5% or more of the Class A Voting Common Stock outstanding at the time of such transfer (except for transfers to certain passive institutional investors).

The Shareholders Agreement provides that as long as IEP and its affiliates beneficially own at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, AEP will be granted certain preemptive rights. The Shareholders Agreement also includes registration rights for IEP and its affiliates. Please see the section entitled The Shareholders Agreement beginning on page 115 for additional information with regard to the Shareholders Agreement.

Following the closing of the transaction, Tenneco shall, subject to the fiduciary duties of our board of directors under applicable law, use its reasonable best efforts to pursue a reorganization of the combined business of Tenneco and Federal-Mogul into two separate businesses, representing Powertrain Technology and Aftermarket & Ride Performance, and distribute the equity interests representing one such business to Tenneco stockholders and consummate the Spin-Off within 18 months of the closing date of the transaction. Tenneco currently expects that the Aftermarket & Ride Performance business will be separated and the Powertrain Technology business will remain at Tenneco and retain the Tenneco Inc. name. Following the consummation of the Spin-Off, our board of directors has selected Brian J. Kessler to serve as the Chief Executive Officer of the Aftermarket & Ride Performance company and Roger J. Wood to serve as Chief Executive Officer of the Powertrain Technology company.

Background of the Transaction

Our board of directors regularly reviews with senior management Tenneco's strategic direction and the opportunities available to enhance its performance and prospects. These reviews include periodic internal discussions of projected financial performance and hypothetical acquisitions, dispositions and business combinations with third parties that would add stockholder value and further Tenneco's strategic objectives, as well as the potential benefits and risks of those hypothetical transactions.

During the period from late-August through mid-September 2017, Tenneco and XMS Capital Inc., IEP's, AEP's and Federal-Mogul's financial advisor (XMS Capital), held several high-level discussions in connection with Federal-Mogul's process to seek a buyer for its seals and gaskets business line. In connection with these discussions, on August 30, 2017, Tenneco Automotive Operating Company Inc., a wholly owned subsidiary of Tenneco (TAOC), and Federal-Mogul entered into a confidentiality agreement. In mid-September 2017, Tenneco indicated to XMS Capital that it would not pursue a transaction to acquire Federal-Mogul's seals and gaskets business line.

In mid-November, XMS Capital contacted Tenneco to determine whether Tenneco had an interest in Federal-Mogul's Motorparts division (Motorparts). In early December 2017, XMS Capital contacted Tenneco to discuss Federal-Mogul's process to seek a buyer for Motorparts. In connection with these discussions, on December 10, 2017, TAOC and Federal-Mogul entered into a confidentiality agreement in connection with Federal-Mogul's process to seek a buyer for Motorparts.

On December 13, 2017, Kenneth R. Trammell, then-Executive Vice President and Chief Financial Officer of Tenneco, and XMS Capital held an introductory telephonic meeting to discuss Tenneco's interest in acquiring Motorparts. During this meeting, Mr. Trammell communicated Tenneco's interest in exploring a combination of Tenneco's product lines and Federal-Mogul's businesses that could culminate in two separate companies focused on their respective markets. XMS Capital indicated that Tenneco should provide IEP with an indication of interest outlining Tenneco's proposed acquisition structures and valuations, but that Motorparts would continue to be the current focus of Federal-Mogul's sale process.

On December 14, 2017, members of Tenneco's senior management team, including Mr. Trammell, Jason M. Hollar, then-Senior Vice President, Finance (now, Executive Vice President, Chief Financial Officer) of Tenneco, and Elizabeth Williams, Senior Vice President, Strategy & Corporate Development of Tenneco, held a telephonic meeting with representatives of Barclays to discuss Motorparts, including its product offering, market position and geographic presence, and Barclays' preliminary financial analysis related to an acquisition of Motorparts at various prices.

During the week of December 18, 2017, Tenneco's senior management team, including Brian J. Kessler, Chief Executive Officer of Tenneco, and Messrs. Trammell and Hollar, met with representatives of Barclays to discuss Barclays' preliminary financial analysis related to an acquisition of Motorparts or Federal-Mogul as a whole at various prices and for various mixes of consideration. In addition, Tenneco and Barclays discussed transaction alternatives. As part of this discussion, Tenneco and Barclays discussed a potential strategic transaction involving Tenneco and Federal-Mogul, including an acquisition of Motorparts only versus Federal-Mogul as a whole.

On December 22, 2017, as directed by management of Tenneco, representatives of Barclays contacted XMS Capital to discuss a potential strategic transaction involving Tenneco and Federal-

Mogul. During this call, Barclays stated that Tenneco was not interested in submitting a proposal to acquire only Motorparts at this time, but did have an interest in exploring a transaction involving all of Federal-Mogul. In addition, the parties also discussed a potential separation of the combined business following a potential acquisition of Federal-Mogul by Tenneco, as well as additional acquisitions the combined company could explore following such potential acquisition. XMS Capital stated that Federal-Mogul was already engaged in a process to sell only Motorparts, so it would not be feasible to simultaneously discuss a sale of Federal-Mogul as a whole, but that such a discussion could be interesting at a later time. Barclays invited further discussions with IEP regarding the purchase of Federal-Mogul as a whole should IEP wish to explore such a transaction.

On December 29, 2017, representatives of XMS Capital contacted Barclays to convey that IEP was now interested in discussing a sale of Federal-Mogul as a whole, and XMS Capital asked Tenneco to submit a proposal related to such an acquisition.

On January 5, 2018, representatives of Barclays and XMS Capital held multiple telephonic meetings. During these meetings, Barclays indicated that Tenneco would be unable to submit a formal proposal to acquire Federal-Mogul as a whole until after a scheduled meeting of the board of directors of Tenneco on February 7, 2018. XMS Capital indicated that IEP nevertheless would like to schedule an introductory telephonic meeting with Tenneco to discuss such a transaction, and a meeting was subsequently scheduled for January 12, 2018.

On January 12, 2018, representatives of Tenneco, including Messrs. Kessler, Trammell, Hollar and Ms. Williams, and of IEP, including Carl C. Iahn, Chairman of the Board of IEP, and Keith Cozza, Chief Executive Officer of IEP, together with representatives of Barclays and XMS Capital, held a telephonic meeting to discuss Tenneco's interest in Federal-Mogul as a whole, as well as IEP's timeline and valuation expectations.

On January 14, 2018, TAOC and IEP entered into a confidentiality agreement in connection with Tenneco's potential acquisition of Federal-Mogul as a whole, pursuant to which Tenneco was provided with information concerning Federal-Mogul.

On January 18, 2018, the board of directors of Tenneco held a telephonic meeting at which management of Tenneco was present. During the meeting, the board discussed with management the potential acquisition of Federal-Mogul as a whole, as well as potential transaction structures for such an acquisition, including the potential to separate the combined company into two independent, publicly traded companies simultaneously with, or following the completion of, the acquisition, which we refer to as the Spin-Off in this proxy statement. The board also discussed potential financial benefits of such an acquisition, including management's preliminary views on the valuation of Federal-Mogul as a whole, as well as the timeline for the potential acquisition. Following the discussion, the board expressed support for management continuing to explore a potential acquisition of Federal-Mogul as a whole.

On January 19, 2018, representatives of Tenneco and IEP, together with representatives of Barclays and XMS Capital, held a telephonic meeting to discuss the parties' preliminary views on valuation of Federal-Mogul as well as potential transaction structures. During the meeting, Tenneco reminded IEP that it would be unable to submit a proposal prior to the meeting of the board of directors of Tenneco scheduled for February 7, 2018.

Between January 20, 2018 and January 30, 2018, representatives of Barclays, as directed by Tenneco management, and XMS Capital held multiple telephonic meetings to discuss the potential acquisition of Federal-Mogul as a whole by Tenneco, including transaction structures, ownership of the combined company following the acquisition and of each separate company following the Spin-Off, as well as valuation-related matters.

Table of Contents

On February 7, 2018, the board of directors of Tenneco held an in-person meeting at which management of Tenneco and representatives of Barclays were present. During the meeting, the board discussed the potential acquisition of Federal-Mogul, potential financial terms and transaction structures for such an acquisition and the Spin-Off, as well as the risks and benefits of such an acquisition. Barclays also provided its preliminary views as to the valuation of Federal-Mogul and an overview of the proposed transaction structure, including the right of Tenneco to conduct a public offering of common stock, the proceeds of which would reduce the stock consideration and increase the cash consideration payable to AEP without increasing the total number of shares to be issued in the transaction (the funding adjustment right), financing alternatives and the related Spin-Off transaction. Following discussion, the board authorized management to continue to pursue an acquisition of Federal-Mogul and to seek to negotiate acceptable financial terms for such acquisition and on other terms recommended to the board by management.

On February 9, 2018, following further discussion with, and as directed by, Tenneco management, Barclays sent a non-binding, written proposal to XMS Capital that reflected Tenneco's interest in pursuing an acquisition of Federal-Mogul as a whole at an equity value of \$2.32 billion, comprised of \$800 million to \$1.23 billion in cash and \$1.09 billion to \$1.52 billion in shares of Class A Common Stock and newly created Class B Common Stock, subject to Tenneco's funding adjustment right, plus the assumption of Federal-Mogul's outstanding indebtedness (the Indication of Interest). The Indication of Interest also outlined other key principles of the transaction, including pursuing the Spin-Off following the acquisition, the ability of IEP to designate one member of the board of directors of Tenneco following the closing of the transaction until the Spin-off (and two board members of the Powertrain Technologies company following the Spin-Off) and standstill and lock-up provisions.

Later on February 9, 2018, representatives of Barclays, as directed by Tenneco management, and XMS Capital held a telephonic meeting to discuss the terms of the proposed acquisition of Federal-Mogul and the Indication of Interest. During this meeting, XMS Capital relayed IEP's proposal for an increase in the purchase price and a termination fee equal to at least 5% of Federal-Mogul's enterprise value, or approximately \$265 million, if Tenneco failed to consummate the transaction. In addition, Barclays and XMS Capital discussed the terms of a potential lock-up in connection with the transaction.

On February 16, 2018, representatives of Tenneco and IEP, together with representatives of Barclays and XMS Capital, held a meeting to discuss the terms of the Indication of Interest. During this meeting, IEP reiterated its proposal for an increase in the purchase price and a termination fee equal to at least 5% of Federal-Mogul's enterprise value, or approximately \$265 million, if Tenneco failed to consummate the transaction. IEP asked Tenneco to submit a revised indication of interest on such terms. Tenneco, however, made a counterproposal for a termination fee of \$140 million, payable only under certain circumstances. The parties ultimately agreed on a termination fee of \$200 million as further described below.

On February 19, 2018, representatives of Barclays, as directed by Tenneco management, and XMS Capital held multiple telephonic meetings to discuss the terms of the proposed transaction, including valuation-related matters and the funding adjustment right, as well as the size of the termination fee.

On February 20, 2018, the board of directors of Tenneco held a special telephonic meeting at which management of Tenneco was present. The board received an overview of the meeting with IEP and XMS Capital on February 16, 2018 and discussed potential responses to the material transaction terms proposed by IEP, including an increase in the purchase price and a termination fee. Following discussion, the board authorized Tenneco management to submit a revised

indication of interest increasing Tenneco's offer to acquire Federal-Mogul for an equity value of \$2.41 billion, comprised of \$800 million in cash and approximately \$1.61 billion in Class A Common Stock and Class B Common Stock, subject to Tenneco's right to exercise the funding adjustment right (or IEP's right to require Tenneco to exercise the funding adjustment right in certain circumstances), plus the assumption of Federal-Mogul's outstanding indebtedness (the Second Indication of Interest). The board also authorized Tenneco management to propose a \$200 million termination fee payable in order to accept a superior proposal for a third party to acquire Tenneco, as well as other terms relating to standstill and lockup provisions applicable to IEP.

On February 21, 2018, on behalf of Tenneco, Barclays submitted to XMS Capital the Second Indication of Interest reflecting the terms discussed by the Tenneco board of directors on February 20th. On the same day, representatives of Barclays and XMS Capital held multiple telephonic meetings to discuss the revised terms of the proposed acquisition of Federal-Mogul set forth in the Second Indication of Interest, including details of the funding adjustment right.

On February 22, 2018, representatives of Tenneco, Barclays and XMS Capital held a telephonic meeting to discuss the terms of the acquisition of Federal-Mogul as set out in the Second Indication of Interest. Later on February 22, 2018, representatives of Tenneco and IEP, together with representatives of Barclays and XMS Capital, held a follow-up telephonic meeting to discuss and negotiate the terms of the acquisition of Federal-Mogul as set out in the Second Indication of Interest as well as a timeline for negotiating and completing the acquisition of Federal-Mogul and the subsequent Spin-Off. Following these discussions, XMS Capital indicated that it thought there was a basis to proceed to further negotiations regarding an acquisition of Federal-Mogul, but that certain terms of the transaction required further negotiation following Tenneco's due diligence.

Also on February 22, 2018, Tenneco and IEP entered into an amended and restated confidentiality agreement providing for reciprocal confidentiality obligations, as well as an extended term. In addition, pursuant to the amended and restated confidentiality agreement, IEP also agreed that it would not receive any material non-public information regarding Tenneco unless the parties were to agree to a mutually acceptable standstill provision.

On February 25, 2018, Tenneco and its representatives were given access to Federal-Mogul's online electronic data room.

During the period from February 25, 2018 to April 9, 2018, Tenneco and its representatives and advisors reviewed the materials in Federal-Mogul's electronic data room and engaged in business and legal due diligence discussions with various representatives and advisors of Federal-Mogul. During this period, Federal-Mogul expanded and updated its electronic data room based on requests received from Tenneco and its representatives and advisors.

On March 2, 2018, Federal-Mogul representatives and advisors traveled to Chicago, Illinois to meet with Tenneco representatives and advisors to share additional information regarding Federal-Mogul's businesses and to continue to confirm the strategic and operational rationale for a combination of the two companies and the subsequent Spin-Off. During this meeting, members of Federal-Mogul's management team presented information concerning its internal management structure, business strategy, product portfolio and product pipeline, as well as financial information and financial guidance. Discussions took place regarding potential synergies that might result from the combination of the two companies, but no specific transaction terms were discussed. Representatives from Barclays and XMS Capital also were present at this meeting.

Over the following month, representatives of Tenneco, IEP, AEP and Federal-Mogul, together with Kirkland & Ellis LLP, Tenneco's outside legal counsel (Kirkland), and Winston & Strawn LLP, IEP's, AEP's and Federal-Mogul's outside legal counsel (Winston), negotiated the terms of the

During this meeting, Mr. Icahn agreed to Tenneco's proposal for a \$200 million termination fee, but proposed that the \$200 million termination fee be payable in any circumstance in which the transaction does not close other than a failure to obtain the required Tenneco shareholder approval or a material breach of the agreement by the IEP parties and Mr. Kessler agreed to consider Mr. Icahn's proposal. Messrs. Kessler and Icahn also discussed the terms of the standstill provision applicable to IEP following execution of the Purchase Agreement.

Also at this meeting, representatives of Barclays reviewed with the board its preliminary financial analysis of the consideration proposed to be paid by Tenneco pursuant to the draft Purchase Agreement. The board discussed various IEP proposals from the various discussions that had occurred over the prior several days, including IEP's proposal that the \$200 million termination fee to be payable in more circumstances than Tenneco had proposed, such as reaching the termination date without a breach of the Purchase Agreement by the IEP parties or a failure to obtain antitrust clearances. The board also discussed certain items identified in the course of Tenneco's due diligence review. In addition, the board discussed possible modifications to the standstill provisions applicable to IEP if the Spin-Off was not consummated, but determined to require that such provisions survive a termination of the Purchase Agreement. Following discussion, the board authorized Tenneco management to continue to negotiate and finalize the Purchase Agreement and related documentation, subject to completion of due diligence and resolution of the key terms in a manner consistent with the

the Shareholders Agreement and the Amended and Restated Certificate of Incorporation. Representatives of Barclays provided the board with Barclays' financial analysis of the consideration to be paid by Tenneco pursuant to the Purchase Agreement and delivered an oral opinion to the board, which was confirmed by delivery of a written opinion dated April 9, 2018, to the effect that, as of such date and based upon and subject to the qualifications, limitations, factors and assumptions set forth in the opinion, the consideration to be paid by Tenneco pursuant to the Purchase Agreement was fair, from a financial point of view, to Tenneco. Following discussion, the board unanimously determined that the proposed Purchase Agreement and the transactions contemplated thereby were advisable to and in the best interests of Tenneco and its stockholders and adopted resolutions approving the proposed Purchase Agreement and the transactions contemplated thereby (including the proposed Shareholders Agreement and Amended and Restated Certificate of Incorporation). The Purchase Agreement, the Shareholders Agreement and the Amended and Restated Certificate of Incorporation were finalized and, early on April 10, 2018, the Purchase Agreement was executed and Tenneco issued a press release announcing the transaction.

Reasons for the Transaction; Recommendation of our Board of Directors

In reaching its decision to approve the Purchase Agreement and recommend that Tenneco stockholders adopt the Amended and Restated Certificate of Incorporation and approve the issuance of the Stock Consideration in connection with the transaction, our board of directors consulted with our management, as well as with our financial and legal advisors, and considered a number of factors, including, but not limited to, the following factors as generally supporting its determination and recommendation:

- the expected synergies of the transaction, including total annual run-rate earnings synergies of at least \$200 million and one-time working capital synergies of at least \$250 million expected within the first 24 months after the closing of the transaction;
- the fact that the transaction will create two strong businesses, which will include one of the world's leading multi-line aftermarket and original equipment suppliers and one of the largest global pure-play powertrain suppliers, with scale and strategic and financial flexibility to drive long-term value creation;

the fact that the transaction positions us to complete the Spin-Off to separate the Powertrain Technology business and the Aftermarket & Ride Performance business, allowing each separate company to be managed according to its unique value proposition and enhancing each company's ability to serve its respective customers;

Table of Contents

- the fact that the transaction is expected to create new opportunities to drive growth with products that are complementary in nature to Tenneco's current product offering;
 - its understanding of Federal-Mogul's business, and the operations, financial condition, earnings and prospects of Federal-Mogul, taking into account the results of Tenneco's due diligence review of Federal-Mogul's business;
 - the fact that the transaction presents Tenneco with an opportunity to expand its global presence in important strategic geographies such as Asia-Pacific and specifically China, where we believe there is significant opportunity for growth;
 - the anticipated stockholder value accretion;
 - the financial presentation of Barclays, including the oral and written opinion of Barclays that, as of April 9, 2018, and based upon and subject to the qualifications, limitations and assumptions stated in its opinion, the consideration to be paid by Tenneco pursuant to the Purchase Agreement is fair, from a financial point of view, to Tenneco;
 - the belief that the extensive arms-length negotiations and discussions with Federal-Mogul, AEP and IEP resulted in the most favorable terms to Tenneco and its stockholders to which Federal-Mogul, AEP and IEP were willing to agree;
 - the fact that Tenneco is permitted under the Purchase Agreement to elect to conduct a primary offering of Common Stock prior to the closing of the transaction in order to use the proceeds to increase the Cash Consideration and decrease the Stock Consideration;
 - the results of financial, legal, environmental and operational due diligence on Federal-Mogul performed by Tenneco's senior management and its financial and environmental advisors and legal counsel; and
 - the terms of the Purchase Agreement regarding the interim operating covenants of Federal-Mogul and the restrictions placed on Federal-Mogul during such period.
- Our board of directors weighed the foregoing advantages and benefits against a variety of potentially negative factors, including, but not limited to:
- the terms of the Purchase Agreement regarding the circumstances under which Tenneco may be obligated to pay a termination fee of \$200 million (see The Purchase Agreement Termination Fee; Effect of Termination beginning on page 113 for additional information);

- the need to receive multiple required governmental and regulatory approvals in order to complete the transaction;
- the fact that, following the completion of the transaction, Tenneco stockholders will have a reduced ownership and voting interest, as AEP will own 9.9% of the outstanding Class A Voting Common Stock and approximately 36.4% of the total outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class;
- the possibility that the anticipated benefits, savings and synergies of the transaction may not be fully or partially achieved, or may not be achievable within the expected timeframe;
- the possibility that the combined company may not complete the Spin-Off or achieve some or all of the anticipated benefits, savings and synergies of the Spin-Off;
- the challenges of integrating our businesses and Federal-Mogul's businesses, operations and workforces, and the risks associated with achieving the anticipated cost savings and other synergies expected to be generated in the transaction;
- the potential risk of diverting our management's focus and resources from other strategic opportunities and operational matters while working on the implementation of the transaction;

Table of Contents

- the fact that certain provisions of the Purchase Agreement may have the effect of discouraging proposals for alternative transactions;
- the substantial transaction expenses and other costs to be incurred in connection with the transaction, including the costs of integrating our businesses with Federal-Mogul's businesses and the Spin-Off;
- the possibility that the transaction may result in Tenneco assuming unexpected liabilities;
- the potential downward pressure on the market price of the Class A Voting Common Stock following the closing of the transaction if AEP seeks to sell shares of Tenneco common stock, as permitted by the Shareholders Agreement, including up to 10% of the total number of shares of Tenneco common stock outstanding immediately after the closing of the transaction;
- the risk that the negotiated value assigned to Federal-Mogul's business might be different from the value that would be assigned by the public markets given that Federal-Mogul is a privately held company and, accordingly, there is no public market valuation for Federal-Mogul or its business;
- the terms of the Purchase Agreement regarding the interim operating covenants of Tenneco and the potential restrictions placed on Tenneco during such period;
- the need to obtain stockholder approval of the issuance of the Stock Consideration and the Amended and Restated Certificate of Incorporation to complete the transaction; and
- the risks of the type and nature described under the section entitled "Risk Factors" beginning on page 34.

The foregoing discussion of the information considered by our board of directors is not intended to be exhaustive, but includes the material factors that our board of directors considered in approving the Purchase Agreement and recommending that Tenneco stockholders adopt the Amended and Restated Certificate of Incorporation and approve the issuance of the Stock Consideration in connection with the transaction. In light of the variety of factors considered in connection with its evaluation of the transaction and the complexity of these factors, our board of directors did not attempt to quantify, rank or otherwise assign any specific or relative weights to the specific factors it considered in the course of reaching its decision. In addition, in considering the factors described above, individual directors may have assigned different weights to different factors.

The above explanation of the reasoning of our board of directors and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under "Cautionary Statement Regarding Forward-Looking Statements" beginning on page 52.

After due consideration, including asking questions of our senior management and financial and legal advisors, our board of directors concluded that the potentially negative factors associated with the transaction were outweighed by the potential benefits that it expected Tenneco and its stockholders to achieve. Accordingly, our board of directors unanimously approved the Purchase Agreement and the transactions contemplated therein,

including the Amended and Restated Certificate of Incorporation and the issuance of the Stock Consideration, and has concluded that the transaction is advisable to and in the best interests of Tenneco and its stockholders.

Our board of directors recommends that our stockholders vote FOR the proposal to adopt the Amended and Restated Certificate of Incorporation and FOR the proposal to approve the issuance of the Stock Consideration.

Opinion of Tenneco's Financial Advisor

Tenneco engaged Barclays to act as its financial advisor with respect to the transaction pursuant to an engagement letter dated March 30, 2018. Barclays delivered its opinion to our board of directors that, as of April 9, 2018 and based upon and subject to the qualifications, limitations, factors and assumptions set forth therein, the consideration to be paid by Tenneco in the transaction was fair, from a financial point of view, to Tenneco.

The full text of Barclays' written opinion, dated as of April 9, 2018, is attached as Annex E to this proxy statement. **Barclays' written opinion sets forth, among other things, the assumptions made, procedures followed, factors considered and limitations on the review undertaken by Barclays in connection with the opinion. You are encouraged to read the opinion carefully in its entirety. The following is a summary of Barclays' opinion and the methodology that Barclays used to render its opinion. This summary is qualified in its entirety by reference to the full text of the opinion.**

Barclays' opinion, the issuance of which was approved by Barclays' Valuation and Fairness Opinion Committee, is addressed to the board of directors of Tenneco, addresses only the fairness, from a financial point of view, of the consideration to be paid by Tenneco in the transaction and does not constitute a recommendation to any stockholder of Tenneco as to how such stockholder should vote with respect to the transaction or any other matter. The terms of the transaction were determined through arm's-length negotiations between Tenneco, Federal-Mogul and IEP and were unanimously approved by Tenneco's board of directors. Barclays provided advice to Tenneco during these negotiations. Barclays did not recommend any specific form or amount of consideration to the board of directors of Tenneco or that any specific form or amount of consideration constituted the only appropriate consideration for the transaction. Barclays was not requested to address, and its opinion does not in any manner address, Tenneco's underlying business decision to proceed with or effect the transaction, the likelihood of completion of the transaction, or the relative merits of the transaction as compared to any other transaction in which Tenneco may engage. In addition, Barclays expressed no opinion on, and its opinion does not in any manner address, the fairness of the amount or the nature of any compensation to any officers, directors or employees of any parties to the transaction, or any class of such persons, relative to the consideration to be paid by Tenneco in the transaction. No limitations were imposed by Tenneco's board of directors upon Barclays with respect to the investigations made or procedures followed by it in rendering its opinion.

In arriving at its opinion, Barclays, among other things, reviewed and analyzed:

to in this proxy statement as the Federal-Mogul Projections and (ii) financial projections of F-M Motorparts and F-M Powertrain prepared by management of Tenneco, which are referred to in this proxy statement as the Tenneco Federal-Mogul Projections;

- the trading history of shares of Federal-Mogul common stock from January 23, 2014 to January 23, 2017;
- a comparison of the historical financial results and present financial condition of Tenneco and Federal-Mogul with each other and with those of other companies that Barclays deemed relevant, as well as a comparison of the projected financial performance of Federal-Mogul based on the Tenneco Federal-Mogul Projections with the projected financial performance of those of other companies that Barclays deemed relevant based on published estimates of independent research analysts;
- a comparison of the financial terms of the transaction with the financial terms of certain other transactions that Barclays deemed relevant; and
- the pro forma impact of the transaction on the future financial performance of the combined company, including (i) certain financial and operating information with respect to the business, operations and prospects of Tenneco on a pro forma basis giving effect to the transaction furnished to Barclays by Tenneco, including financial projections of Tenneco on a pro forma basis giving effect to the transaction prepared by management of Tenneco, which are referred to in this proxy statement as the Pro Forma Projections and (ii) cost savings and operating synergies expected by the management of Tenneco to result from a combination of the businesses, which are referred to in this proxy statement as the Expected Synergies.

In addition, Barclays:

- had discussions with the managements of Tenneco and Federal-Mogul concerning Federal-Mogul's businesses, operations, assets, liabilities, financial condition and prospects;
- had discussions with the management of Tenneco concerning Tenneco's businesses, operations, assets, liabilities, financial condition and prospects, including the intent to pursue the Spin-Off; and
- undertook such other studies, analyses and investigations as Barclays deemed appropriate.

In arriving at its opinion, Barclays assumed and relied upon the accuracy and completeness of the financial and other information used by Barclays without any independent verification of such information (and did not assume responsibility or liability for any independent verification of such information). Barclays also relied upon the assurances of the management of Tenneco that they were not aware of any facts or circumstances that would make such information inaccurate or misleading in any material respect. With respect to the Tenneco Projections, upon the advice and at the instruction of Tenneco, Barclays assumed that such projections were reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of Tenneco as to the future financial performance of Tenneco and that Tenneco would perform substantially in accordance with such projections. With respect to the Federal-Mogul Projections, upon the advice and at the instruction of Tenneco, Barclays assumed

that such projections were reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of Federal-Mogul as to the future financial performance of Federal-Mogul. prepared on a basis reflecting the best currently available estimates and judgments of the management of Tenneco as to the future financial performance of Tenneco on a pro forma basis giving effect to the transaction, and that the pro forma company would perform substantially in accordance with such Pro Forma Projections. Furthermore, upon the advice and at the instruction of Tenneco, Barclays assumed that the amounts and timing of the Expected Synergies were reasonable and that the Expected Synergies would be realized substantially in accordance with such estimates. In arriving at its opinion, Barclays assumed no responsibility for and expressed no view as to any such projections or estimates or the assumptions on which they were based. In arriving at its opinion, Barclays did not conduct a physical inspection of the properties and facilities of Tenneco and did not make or obtain any evaluations or appraisals of the assets or liabilities of Tenneco or Federal-Mogul. Barclays' opinion was necessarily based upon market, economic and other conditions as they existed on, and could be evaluated as of, April 9, 2018. Barclays assumed no responsibility for updating or revising its opinion based on events or circumstances that may have occurred after April 9, 2018. Barclays expressed no opinion as to the prices at which shares of Common Stock would trade following the announcement or consummation of the transaction.

Barclays assumed that the executed Purchase Agreement would conform in all material respects to the last draft reviewed by Barclays. In addition, Barclays assumed the accuracy of the representations and warranties contained in the Purchase Agreement and all the agreements related thereto. Barclays also assumed, upon the advice of Tenneco, that all material governmental, regulatory and third party approvals, consents and releases for the transaction would be obtained within the constraints contemplated by the Purchase Agreement and that the transaction will be consummated in accordance with the terms of the Purchase Agreement without waiver, modification or amendment of any material term, condition or agreement thereof. Barclays did not express any opinion as to any tax or other consequences that might result from the transaction, nor did Barclays' opinion address any legal, tax, regulatory or accounting matters, as to which Barclays understood Tenneco had obtained such advice as it deemed necessary from qualified professionals.

In connection with rendering its opinion, Barclays performed certain financial, comparative and other analyses as summarized below. In arriving at its opinion, Barclays did not ascribe a specific range of values to the membership interests of Federal-Mogul but rather made its determination as to fairness, from a financial point of view, to Tenneco of the consideration to be paid by Tenneco in the transaction on the basis of various financial and comparative analyses.

In arriving at its opinion, Barclays did not attribute any particular weight to any single analysis or factor considered by it but rather made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses and made qualitative judgments as to the significance and relevance of each analysis and factor relative to all other analyses and factors performed and considered by it and in the context of the circumstances of the particular transaction. Accordingly, Barclays believes that its analyses must be considered as a whole, as considering any portion of such analyses and factors, without considering all analyses and factors as a whole, could create a misleading or incomplete view of the process underlying its opinion.

Summary of Material Financial Analyses

The following is a summary of the material financial analyses used by Barclays in preparing its opinion to Tenneco's board of directors. The following summary is not a complete description of the analyses and reviews underlying its opinion, nor does the order of analyses described represent relative importance or weight given to those analyses. The preparation of a fairness

Table of Contents

opinion is a complex process and involves various determinations as to the most appropriate and relevant methods of financial and comparative analyses and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to summary description.

For the purposes of its analyses and reviews, Barclays made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Tenneco, Federal-Mogul, IEP or any other parties to the transaction. No company, business or transaction considered in Barclays' analyses and reviews is identical to Tenneco, Federal-Mogul or the proposed transaction, and an evaluation of the results of those analyses and reviews is not entirely mathematical. Rather, the analyses and reviews involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies, businesses or transactions considered in Barclays' analyses and reviews. None of Tenneco, Federal-Mogul, IEP, Barclays or any other person assumes responsibility if future results are materially different from those discussed. Any estimates or forecasts of future results contained in these analyses and reviews and the ranges of valuations resulting from any particular analysis or review are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than as set forth below. In addition, analyses relating to the value of companies, businesses or securities do not purport to be appraisals or reflect the prices at which the companies, businesses or securities may actually be sold. Accordingly, the estimates used in, and the results derived from, Barclays' analyses and reviews are inherently subject to substantial uncertainty.

The summary of the financial analyses and reviews summarized below includes information presented in tabular format. In order to fully understand the financial analyses and reviews used by Barclays, the tables must be read together with the text of each summary, as the tables alone do not constitute a complete description of the financial analyses and reviews. Considering the data in the tables below without considering the full description of the analyses and reviews, including the methodologies and assumptions underlying the analyses and reviews, could create a misleading or incomplete view of Barclays' analyses and reviews.

For purposes of Barclays' analyses and reviews, Barclays reviewed a number of financial and operating metrics, as applicable, including:

- Enterprise value generally, the value as of a specified date of the relevant company's equity market value plus the company's short and long-term debt, and subtracting its cash and cash equivalents.
- Adjusted enterprise value generally, the relevant company's enterprise value, adjusted for certain tax-effected underfunded pension and post-employment liabilities.
- EBITDA generally, the amount of the relevant company's earnings before interest, taxes, depreciation and amortization.
- EBITDAP generally, the amount of the relevant company's earnings before interest, taxes, depreciation, amortization and associated pension carrying costs calculated as the net periodic benefit costs less service costs.

Edgar Filing: TENNECO INC - Form DEFM14A

- Adjusted EBITDA generally, the relevant company's EBITDA, adjusted for certain non-recurring items, as well as certain quality of earnings adjustments made by the management of Tenneco.
- Adjusted EBITDAP generally, the relevant company's EBITDAP, adjusted for certain non-recurring items, as well as certain quality of earnings adjustments made by the management of Tenneco.

Table of Contents

- Operational EBITDA generally, the relevant company's EBITDA, adjusted for certain non-recurring items.
- After-tax unlevered free cash flow generally, the relevant company's adjusted EBITDAP, less capital expenditures, changes in working capital, restructuring charges, and net cash dividends received from nonconsolidated joint ventures.

Barclays performed each of the financial analyses and reviews below on a sum-of-the-parts basis. A sum-of-the-parts valuation analysis values a company on a segment-by-segment basis to determine an implied value for the enterprise as a whole. Barclays performed each of the financial analyses and reviews below on a sum-of-the-parts basis because Barclays believed that no single company or transaction was comparable to Federal-Mogul.

Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before April 6, 2018, the last trading date prior to the delivery of Barclays opinion, and is not necessarily indicative of current market conditions.

Sum-of-the-Parts Selected Public Trading Comparables Analysis

Barclays performed a sum-of-the-parts public trading comparables analysis of Federal-Mogul by valuing Federal-Mogul's primary operating segments, F-M Motorparts and F-M Powertrain, individually based on valuations of comparable companies and deriving from them a range of values for Federal-Mogul as a whole.

Barclays analyzed the respective standalone valuations of each Federal-Mogul segment by reviewing various financial multiples and ratios of selected publicly traded companies, which are referred to in this proxy statement as the Federal-Mogul segment comparable companies, that Barclays believed, based on its experience with companies in the motor vehicle parts and accessories and industrial products industry, and on its professional judgment, to be relevant for purposes of this analysis, considering such companies' operations, lines of business, markets, sizes and geographies, and applying such multiples to the applicable estimated operating metric for each of F-M Motorparts and F-M Powertrain as set forth in the Tenneco Federal-Mogul Projections.

With respect to F-M Motorparts, Barclays calculated and analyzed the ratio of adjusted enterprise value to projected adjusted EBITDAP for calendar year 2018 for three publicly traded automotive aftermarket suppliers, Dorman Products, Inc., Standard Motor Products, Inc. and Motorcar Parts of America, Inc., three publicly traded automotive aftermarket distributors, LKQ Corporation, O Reilly Automotive, Inc. and Genuine Parts Company, and two publicly traded automotive aftermarket retailers, Advance Auto Parts, Inc. and AutoZone, Inc. The financial data of the selected public companies used by Barclays for this analysis were based on publicly available information, including research analysts' estimates. Based on this analysis and Barclays' professional judgment, Barclays applied a range of adjusted EBITDAP to adjusted enterprise value multiples of 8.5x to 9.5x to F-M Motorparts' estimated adjusted EBITDAP of \$274 million for calendar year 2018 and calculated the average of the low ends and high ends of the resulting enterprise value ranges for such segment, as reflected in the table below.

With respect to F-M Powertrain, Barclays calculated and analyzed the ratio of adjusted enterprise value to projected adjusted EBITDAP for three publicly traded powertrain systems suppliers, Cummins Inc., Delphi Technologies PLC and BorgWarner Inc., four publicly traded driveline companies, Dana Incorporated, Meritor, Inc., American Axle & Manufacturing Holdings, Inc., and Linamar Corporation, and six publicly traded international driveline/powertrain companies, Carraro S.p.A., Continental AG, ElringKlinger AG, Valeo SA, DENSO Corporation and Schaeffler AG. The financial data of the selected public companies used by Barclays for this analysis were based on publicly available information, including research analysts' estimates. The following table summarizes the results of this review for such Federal-Mogul segment comparable companies:

Table of Contents

Based on this analysis and Barclays' professional judgment, Barclays applied a range of adjusted EBITDAP to adjusted enterprise value multiples of 5.3x to 6.3x to F-M Powertrain's estimated adjusted EBITDAP of \$541 million for calendar year 2018 and calculated the average of the low ends and high ends of the resulting enterprise value ranges for such segment, as reflected in the table below.

The following table summarizes the resulting ranges of adjusted enterprise values for each of the Federal-Mogul segments:

	EBITDAP Multiple Range		Estimated Adjusted EBITDAP 2018E (in millions)	Adjusted Enterprise Value (in billions)	
F-M Motorparts	8.5x	9.5x	\$ 274	\$ 2.33	\$2.61
F-M Powertrain	5.3x	6.3x	\$ 541	\$ 2.84	\$3.38
Federal-Mogul	N/A		\$ 815	\$ 5.17	\$5.99

Barclays then added the low ends and high ends of the adjusted enterprise value ranges for the Federal-Mogul segments to calculate a consolidated adjusted enterprise value range for Federal-Mogul, and subtracted consolidated net debt, minority interest and tax-effected underfunded pension and other post-employment benefit liabilities to calculate a range of implied consolidated equity values for Federal-Mogul of \$1.26 to \$2.07 billion.

Sum-of-the-Parts Comparable Transactions Analysis

Barclays also performed a sum-of-the-parts comparable transactions analysis of Federal-Mogul by valuing Federal-Mogul's primary operating segments, F-M Motorparts and F-M Powertrain, individually based on valuations of comparable transactions and deriving from them a range of values for Federal-Mogul as a whole. Each of F-M Motorparts and F-M Powertrain was valued using the ratio of enterprise value to adjusted EBITDA of the target company in the selected comparable transactions for the last twelve months (which is referred to in this proxy statement as LTM) prior to the acquisition, and then deriving a range of values from these separate analyses for Federal-Mogul as a whole.

Barclays reviewed and compared the purchase prices and financial multiples paid in selected other transactions that Barclays, based on its experience with merger and acquisition transactions, deemed relevant. Barclays chose such transactions based on, among other things, the similarity of the applicable target companies in the transactions to Federal-Mogul with respect to the size, sales mix, growth, margins and other characteristics of their businesses. The financial data of the selected public companies used by Barclays for this analysis were based on publicly available information, including research analysts' estimates.

Table of Contents

The reasons for and the circumstances surrounding each of the selected precedent transactions analyzed were diverse and there are inherent differences in the business, operations, financial conditions and prospects of Federal-Mogul, F-M Motorparts and F-M Powertrain, and the companies included in the selected precedent transaction analysis. Accordingly, Barclays believed that a purely quantitative selected precedent transaction analysis would not be particularly meaningful in the context of considering the proposed transaction. Barclays therefore made qualitative judgments concerning differences between the characteristics of the selected precedent transactions and the proposed transaction which would affect the acquisition values of the selected target companies and Federal-Mogul, F-M Motorparts and F-M Powertrain. The following table sets forth the transactions analyzed based on such characteristics and the results of such analysis:

Based on its professional judgment and experience, for F-M Motorparts, Barclays selected a range of LTM adjusted EBITDAP to adjusted enterprise value multiples of 8.5x to 9.5x and applied such range to F-M Motorparts' calendar year 2017 adjusted EBITDAP of \$266 million as reflected in the Tenneco Federal-Mogul Projections and, for F-M Powertrain, Barclays selected a range of LTM adjusted EBITDAP to adjusted enterprise value multiples of 5.5x to 6.5x and applied such range to F-M Powertrain's calendar year 2017 adjusted EBITDAP of \$522 million.

The following table summarizes the resulting ranges of enterprise values for each of the Federal-Mogul segments:

	Adjusted EBITDAP Multiple Range	Adjusted EBITDAP 2017A (in millions)	Adjusted Enterprise Value (in billions)
F-M Motorparts	8.5x 9.5x	\$266	\$2.26 \$2.53
F-M Powertrain	5.5x 6.5x	\$522	\$2.87 \$3.39
Federal-Mogul	N/A	\$788	\$5.13 \$5.92

Barclays then added the low ends and high ends of the adjusted enterprise value ranges for the Federal-Mogul segments to calculate a consolidated enterprise value range for Federal-Mogul, and subtracted consolidated net debt, minority interest and tax-effected underfunded pension and other post-employment benefit liabilities to calculate a range of implied consolidated equity values for Federal-Mogul of \$1.22 to \$2.01 billion.

Sum-of-the-Parts Discounted Cash Flow Analysis

Barclays also performed a sum-of-the-parts discounted cash flow analysis of Federal-Mogul to calculate the present value of the standalone unlevered, after-tax free cash flows that Federal-

Mogul's business segments, F-M Motorparts and F-M Powertrain, were forecasted to generate from 2018 through calendar year 2030 based on (i) the Tenneco Federal-Mogul Projections, which provided forecasts for calendar years 2018 through 2022, (ii) certain extrapolations therefrom which were provided and approved for Barclays' use by Tenneco management, which provided forecasts for calendar years 2023 through 2030, and (iii) publicly available financial and stock market information. A discounted cash flow analysis is a traditional valuation methodology used to derive a valuation of an asset by calculating the present value of estimated future cash flows of the asset. Present value refers to the current value of future cash flows or amounts and is obtained by discounting those future cash flows or amounts by a discount rate that takes into account macroeconomic assumptions and estimates of risk, the opportunity cost of capital, expected returns and other appropriate factors.

To calculate the estimated adjusted enterprise value of each of Federal-Mogul's business segments, F-M Motorparts and F-M Powertrain, using the discounted cash flow method, Barclays added (i) the present value of each segment's projected after-tax unlevered free cash flows for calendar years (A) 2018 through 2022, based on the Tenneco Federal-Mogul Projections and (B) 2023 through 2030, based on extrapolations provided and approved for Barclays' use by Tenneco management using a long term unlevered free cash flow growth rate of 2.4% for F-M Motorparts and 4.9% for F-M Powertrain to (ii) the terminal value of each segment, as of December 31, 2030, and discounted such amount to each segment's present value using a range of selected discount rates.

Barclays used an after-tax discount rate range of 9.0% to 10.0% for F-M Motorparts, and 9.5% to 10.5%, for F-M Powertrain. The after-tax discount rates were based on Barclays' analysis of the weighted average cost of capital for F-M Motorparts and F-M Powertrain as well as the weighted average cost of capital for the Federal-Mogul segment comparable companies.

The after-tax unlevered free cash flows were calculated by taking the tax-effected adjusted earnings before interest and associated pension carrying costs calculated as the net periodic benefit costs less service costs, and adding depreciation and amortization, subtracting capital expenditures, subtracting restructuring charges and adjusting for changes in working capital and net cash dividends received from non-consolidated joint ventures.

The residual value of each segment at the end of the forecast period, or terminal value, was estimated by selecting ranges of perpetuity growth rates from 0.9% to 1.9% for F-M Motorparts, and (2.5%) to (1.5%) for F-M Powertrain, derived from long term sub-sector growth rates based on third party estimates, and applying such ranges to the Tenneco Federal-Mogul Projections, as extrapolated by Barclays, for estimated after-tax unlevered terminal year free cash flows in calendar year 2030, respectively. The terminal year after-tax unlevered free cash flows were normalized by assuming that depreciation and amortization expense is equal to capital expenditures, capital expenditures were assumed to be equal to the maintenance capital expenditures requirements of each division given the assumed perpetual growth rates, normalized working capital requirements, and cash dividends from non-consolidated joint ventures is equal to equity earnings from non-consolidated joint ventures.

The following summarizes the result of these calculations:

	Discount Rate Range		Perpetuity Growth Rate Range		Adjusted Enterprise Value (in billions)	
F-M Motorparts	9.0%	10.0%	0.9%	1.9%	\$2.11	\$2.55
F-M Powertrain	9.5%	10.5%	(2.5%)	(1.5%)	\$2.81	\$3.25
Federal-Mogul	N/A		N/A		\$4.92	\$5.80

Table of Contents

Barclays then added the low ends and high ends of the adjusted enterprise value ranges for the Federal-Mogul segments to calculate a consolidated enterprise value range for Federal-Mogul, and subtracted consolidated net debt, minority interest and tax-effected underfunded pension and other post-employment benefit liabilities to calculate a range of implied consolidated equity values for Federal-Mogul of \$1.01 to \$1.89 billion.

Sum-of-the-Parts Discounted Cash Flow Analysis with Synergies

Barclays also performed a sum-of-the-parts discounted cash flow analysis of Federal-Mogul that gave effect to the assumptions made by Tenneco regarding the Expected Synergies that were anticipated by management of Tenneco to be achieved as a result of the transaction. Barclays calculated the sum-of-the-parts synergy discounted cash flow of each of Federal-Mogul's business segments, F-M Motorparts and F-M Powertrain, based on the Pro Forma Projections. In performing these analyses, Barclays used the same methodology and assumptions as described above under Sum-of-the-Parts Discounted Cash Flow Analysis.

The results of these analyses are summarized below:

	Discount Rate Range		Perpetuity Growth Rate Range		Adjusted Enterprise Value (in billions)	
F-M Motorparts	9.0%	10.0%	0.9%	1.9%	\$3.15	\$3.78
F-M Powertrain	9.5%	10.5%	(2.5%)	(1.5%)	\$3.45	\$3.97
Federal-Mogul	N/A		N/A		\$6.60	\$7.74

Barclays then added the low ends and high ends of the adjusted enterprise value ranges for the Federal-Mogul segments to calculate a consolidated enterprise value range for Federal-Mogul, and subtracted consolidated net debt, minority interest and tax-effected underfunded pension and other post-employment benefit liabilities to calculate a range of implied consolidated equity values for Federal-Mogul of \$2.68 to \$3.83 billion.

Other Factors

Barclays also reviewed and considered other factors, which were not considered part of its financial analyses in connection with rendering its opinion, but were references for informational purposes, including, among other things, an analysis of the terms of Federal-Mogul's take-private transaction in 2017 and the Historical Share Price Analysis described below.

Federal-Mogul Take Private Terms

To illustrate what the implied adjusted enterprise value for Federal-Mogul would be if, instead of the current consideration being offered, Tenneco offered the equity value offered for Federal-Mogul in its take-private transaction, which is referred to in this proxy statement as the Take Private Share Price, or \$10 per share reflecting \$1.69 billion in equity value, Barclays added Federal-Mogul's 2017 consolidated net debt and tax-effected underfunded pension and other post-employment benefit liabilities to the Take Private Equity Value to calculate an implied adjusted enterprise value for Federal-Mogul of \$5.59 billion.

By way of illustration, Barclays also applied the Operational EBITDA to enterprise value multiple of Federal-Mogul during its take-private transaction of 6.3x to Federal-Mogul's annualized 2017 Operational EBITDA of \$800 million and added tax-effected underfunded pension and other post-employment benefit liabilities to arrive at an implied

adjusted enterprise value for Federal-Mogul of

Table of Contents

\$5.95 billion. Barclays then subtracted consolidated net debt, minority interest and tax-effected underfunded pension and other post-employment benefit liabilities to arrive at an implied consolidated equity value for Federal-Mogul of \$2.04 billion.

Historical Share Price Analysis

To illustrate the trend in the historical trading prices of Federal-Mogul common stock, Barclays considered historical data with regard to the trading prices of Federal-Mogul common stock for the three-year period from January 23, 2014 to January 23, 2017, the last day Federal-Mogul traded as a public company. Barclays noted that during the period from January 23, 2014 to January 23, 2017, the closing price of Federal-Mogul common stock ranged from \$3.90 to \$20.82.

General

Barclays is an internationally recognized investment banking firm and, as part of its investment banking activities, is regularly engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, investments for passive and control purposes, negotiated underwritings, competitive bids, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. Tenneco's board of directors selected Barclays because of its familiarity with Tenneco and its businesses and Barclays' qualifications, reputation and experience in the valuation of businesses and securities in connection with mergers and acquisitions generally, as well as its substantial experience in transactions comparable to the transaction.

Barclays is acting as financial advisor to Tenneco in connection with the transaction. As compensation for its services in connection with the transaction, Tenneco has agreed to pay Barclays a transaction fee of \$20 million, \$2 million of which became payable upon the delivery of the Barclays opinion, and the remainder of which is contingent upon completion of the transaction. The opinion fee was not contingent upon the conclusion of Barclays' opinion or completion of the transaction. In addition, Tenneco has agreed to reimburse Barclays for its reasonable out-of-pocket expenses incurred in connection with the transaction and to indemnify Barclays for certain liabilities that may arise out of its engagement by Tenneco and the rendering of Barclays' opinion. Barclays and its affiliates have performed various investment banking and financial services for Tenneco, Federal-Mogul, AEP, IEP and their respective affiliates in the past, and expect to perform such services in the future, and have received, and expect to receive, customary fees for such services. Specifically, in the past two years, Barclays and its affiliates have performed the following investment banking and financial services for Tenneco or its affiliates: (i) in May 2017, acted as joint lead arranger, joint bookrunner, and syndication agent on Tenneco's \$2,000 million credit facility, (ii) in June 2016, acted as joint bookrunner on Tenneco's \$500 million registered high yield bond offering, and (iii) acted as lender under Tenneco's credit facilities. During the past two years, Barclays received compensation for investment banking and financial services provided by its investment banking division to Tenneco and/or its affiliates of \$1.3 million. In the past two years, none of Barclays or any of its affiliates have received any fees from Federal-Mogul, AEP, IEP or their respective affiliates for any investment banking and financial services. In addition, Tenneco has requested of Barclays and/or its affiliates to participate, and Barclays and/or such affiliates have committed to participate, in the financing for the proposed transaction, and Barclays and/or its affiliates will receive fees of approximately \$19 million and indemnification in connection therewith.

Barclays and its affiliates engage in a wide range of businesses, including investment and commercial banking, lending, asset management and other financial and non-financial services.

Table of Contents

In the ordinary course of their businesses, Barclays and its affiliates may actively trade and effect transactions in the equity, debt and/or other securities (and any derivatives thereof) and financial instruments (including loans and other obligations) of Tenneco, Federal-Mogul, AEP and IEP for their own accounts and for the accounts of their customers and, accordingly, may at any time hold long or short positions and investments in such securities and financial instruments.

Financial Projections

In connection with the evaluation of a potential transaction involving Tenneco and Federal-Mogul, Federal-Mogul provided Tenneco with certain non-public financial projections regarding Federal-Mogul, which we refer to as the Federal-Mogul Projections, that were prepared by Federal-Mogul's management and not for public disclosure. After receiving the Federal-Mogul Projections, Tenneco's management made certain quality of earnings adjustments, including one-off income not expected to regularly recur, to reduce the projected revenue and EBITDA projections for the periods presented below. Tenneco also made certain downward adjustments related to operations and financial assumptions, including reducing growth rates and product margins. We refer to the Federal-Mogul Projections as adjusted by Tenneco's management as the Tenneco Federal-Mogul Projections. Tenneco's management provided our board of directors with the Tenneco Federal-Mogul Projections and also provided such projections to Barclays for its use and reliance in connection with its financial analyses and opinion.

A summary of the Tenneco Federal-Mogul Projections is included in this proxy statement solely to give our stockholders access to certain non-public unaudited financial projections that were made available to Barclays in connection with the transaction and not to influence your decision whether to vote for or against the proposal to adopt the Amended and Restated Certificate of Incorporation or the proposal to approve the issuance of the Stock Consideration. The inclusion of this information should not be regarded as an indication that our board of directors, our advisors or representatives or any other person considered, or now considers, such financial projections to be material or to be necessarily predictive of actual future results, and these financial projections should not be relied upon as such. Federal-Mogul's management's internal financial projections, upon which the Federal-Mogul Projections and the Tenneco Federal-Mogul Projections are based, are subjective in many respects. There can be no assurance that these financial projections will be realized or that actual results will not be significantly higher or lower than projected. The financial projections cover multiple years and become subject to greater uncertainty with each successive year. As a result, the financial projections should not be relied on as necessarily predictive of actual future events.

In addition, the Tenneco Federal-Mogul Projections are derived from the Federal-Mogul Projections, which reflect the expectations and assumptions of Federal-Mogul's management at the time that such projections were prepared. The Federal-Mogul Projections were not prepared with a view toward compliance with published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation or presentation of prospective financial information, but, in the view of Federal-Mogul's management, was prepared on a reasonable basis, reflects the best currently available estimates and judgments, and presents, to the best of Federal-Mogul's management's knowledge and belief, the expected future financial performance of Federal-Mogul. However, this information is not fact and should not be relied upon as being necessarily indicative of future results, and readers of this proxy statement are cautioned not to place undue reliance on the prospective financial information.

Neither Federal-Mogul's independent auditors, nor any other independent accountants, have compiled, examined, or performed any procedures with respect to the projected financial

Table of Contents

information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and assume no responsibility for, and disclaim any association with, the prospective financial information.

These financial projections were based on numerous variables and assumptions that are inherently uncertain and may be beyond Federal-Mogul's control. Important factors that may affect actual results and cause these financial projections not to be achieved include, but are not limited to, risks and uncertainties relating to Federal-Mogul's businesses, the regulatory environment generally, general business and economic conditions and other factors described or referenced in the sections entitled "Cautionary Statement Regarding Forward-Looking Statements" beginning on page 52 of this proxy statement.

In addition, these financial projections also reflect assumptions that are subject to change and do not reflect revised prospects for Federal-Mogul's businesses, changes in general business or economic conditions or any other transaction or event that has occurred or that may occur and that was not anticipated at the time the financial projections were prepared, including assumptions with respect to the future prices Federal-Mogul's customers will be willing to pay for their services. Federal-Mogul has not provided to Tenneco, and Tenneco has not prepared, revised projections to take into account other variables that may have changed since the preparation of the Federal-Mogul Projections and the Tenneco Federal-Mogul Projections. There can be no assurance that these financial projections will be realized or that Federal-Mogul's future financial results will not materially vary from these financial projections. **In light of the foregoing factors and the uncertainties inherent in the financial projections, you are cautioned not to place undue, if any, reliance on the projections included in this proxy statement.**

Interests of Directors and Officers in the Transaction

In considering the recommendation of our board of directors that you vote **FOR** each proposal (subject to no superior proposal emerging), you should be aware that some of Tenneco's directors and executive officers may have financial interests in the transaction that are different from, or in addition to, those of Tenneco stockholders generally. The independent members of our board of directors were aware of and considered these interests, among other matters, in evaluating and negotiating the Purchase Agreement and the transaction, and in recommending to the Tenneco stockholders that the proposal be approved.

As described in the section entitled Board of Directors and Management Following the Transaction, upon the closing of the transaction, Brian J. Kessler and Roger J. Wood will serve as co-Chief Executive Officers of Tenneco and each will receive cash and equity compensation

for such service. In addition, following the consummation of the Spin-Off, Mr. Kessler will serve as the Chief Executive Officer of the Aftermarket & Ride Performance company, and Mr. Wood will serve as the Chief Executive Officer of the Powertrain Technology company, and each will receive cash and equity compensation for such service.

Board of Directors and Management Following the Transaction

Prior to the closing of the transaction, we and our board of directors will take all action necessary so that, as of the closing, the size of our board of directors will be increased by one member and the resulting vacancy will be filled with the chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in the By-Laws and Corporate Governance Principles), who will continue as a director from and after the closing of the transaction in accordance with the Shareholders Agreement.

Pursuant to the Shareholders Agreement, prior to the earlier of the date the Spin-Off is consummated, and the date on which IEP and its affiliates cease to own beneficially at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, our board of directors will take all actions necessary to nominate for election the then-serving chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in the By-Laws and Corporate Governance Principles) at each annual meeting of Tenneco stockholders.

If the Spin-Off has not occurred by the date that is 18 months after the closing date of the transaction, IEP must cause its designee to have resigned from our board of directors at least 30 days prior to taking certain specified actions with respect to Tenneco.

Upon closing of the transaction, and prior to the consummation of the Spin-Off, Brian J. Kessler and Roger J. Wood will serve as co-Chief Executive Officers of Tenneco. Mr. Kessler will lead Aftermarket & Ride Performance and Mr. Wood will lead Powertrain Technology. Messrs. Kessler and Wood will report to our board of directors. Following the Spin-Off, Mr. Kessler will serve as the Chief Executive Officer of the Aftermarket & Ride Performance company, and Mr. Wood will serve as the Chief Executive Officer of the Powertrain Technology company. Please see the section entitled "The Shareholders Agreement - Board Representation" beginning on page 115 for additional details on board representation rights under the Shareholders Agreement.

Regulatory Approvals Required for the Transaction

The closing of the transaction is conditioned on the expiration of the applicable waiting period under the HSR Act and on the approval of the transaction by the Directorate General for Competition of the European Commission, pursuant to EUMR. Tenneco, Federal-Mogul and AEP have agreed to make any necessary filings under the HSR Act, the EUMR and any other antitrust laws as soon as reasonably practicable.

Under the HSR Act and the rules promulgated under that act by the FTC, the transaction may not be completed until notifications have been given and information furnished to the FTC and to the Antitrust Division, and the specified waiting period has been terminated or has expired. Tenneco and Federal-Mogul each filed notification and report forms under the HSR Act with the FTC and the Antitrust Division. The applicable waiting periods for the filings made under the HSR Act, in connection with the transaction expired as of 11:59 p.m., Eastern Time, on May 24, 2018.

Table of Contents

Under the EUMR, the transaction may not be completed until a Form CO notification has been filed with the European Commission and the Commission has approved the transaction following the expiration of a 25-working day waiting period. Tenneco and Federal-Mogul filed a draft Form CO notification with the European Commission on May 31, 2018 and the final Form CO notification was submitted to the European Commission on July 2, 2018.

While not a condition to the closing of the transaction under the Purchase Agreement, the parties have agreed that they must file notifications with the appropriate regulators in Brazil, Canada, China, India, Mexico, Russia, South Africa and Turkey pursuant to each jurisdiction's respective merger control laws. However, Tenneco is not required to consummate the transaction before the nine-month anniversary of the announcement of the transaction if the approvals from these jurisdictions and the other closing conditions have not been satisfied by such time. These additional antitrust approvals required are as follows:

- Brazil: approval of the transaction by the General Superintendence of the Administrative Council of Economic Defense pursuant to Law No. 12,529 of 2011, and the resolutions promulgated thereunder (as amended from time to time);
- Canada: approval of the transaction by the Commissioner of Competition pursuant to the Canadian Competition Act (as amended from time to time);
- China: approval of the transaction by the Ministry of Commerce pursuant to the Chinese Antimonopoly Law (as amended from time to time);
- India: approval of the transaction by the Competition Commission of India pursuant to the Indian Competition Act 2002, and the regulations and guidance notes promulgated thereunder (as amended from time to time);
- Mexico: approval of the transaction by the Federal Economic Competition Commission pursuant to the Mexican Federal Economic Law, and the regulations promulgated thereunder (as amended from time to time);
- Russia: approval of the transaction by the Federal Antimonopoly Service pursuant to the Law on Protection of Competition (Federal Law No. 135-FZ) (as amended from time to time);
- South Africa: approval of the transaction by the South African Competition Commission pursuant to the Competition Act, No. 89 of 1998, and regulations promulgated thereunder (as amended from time to time); and
- Turkey: approval of the transaction by the Turkish Competition Authority pursuant to the Turkish Law on Protection of Competition No. 4054 and Communiqué No. 2010/4 (as amended from time to time).

We cannot assure you that any other government agencies, including state attorneys general, or another private party will not initiate action to challenge the transaction before or after it is completed. Any such challenge to the

transaction could result in a court order enjoining the transaction or in restrictions or conditions that would have a material adverse effect on the combined company if the transaction is completed. Such restrictions and conditions could include the divestiture or spinoff of assets or businesses.

Listing of Class A Voting Common Stock

Our Common Stock is listed on the NYSE under the symbol TEN.

It is a condition of closing of the transaction that the Class A Voting Common Stock (including shares of Class A Voting Common Stock issuable upon conversion of the Class B Non-Voting Common Stock to be issued to AEP as part of the Stock Consideration) shall have been approved for listing on the NYSE, subject to official notice of issuance.

Table of Contents

Financing

Tenneco has entered into a debt commitment letter, pursuant to which JPMorgan Chase Bank, N.A. and Barclays Bank PLC have committed to provide an aggregate amount of \$4.9 billion of debt financing. The debt financing will consist of a \$1.7 billion Term Loan A, a \$1.7 billion Term Loan B and a \$1.5 billion revolving credit facility, which will finance the Cash Consideration portion of the consideration and replace Tenneco's existing senior credit facilities and certain senior facilities at Federal-Mogul. The Term Loan A and revolving credit facility will mature on the fifth anniversary of closing, and the Term Loan B will mature on the seventh anniversary of closing. The new credit facilities will be secured on a senior basis by substantially all assets of Tenneco on a *pari passu* basis with Federal-Mogul's existing secured notes, and will be guaranteed by certain material domestic subsidiaries. The commitment to provide financing is subject to specified limited conditions.

Impact of the Issuance of the Stock Consideration on Existing Tenneco Stockholders

The issuance of shares of Class A Voting Common Stock and Class B Non-Voting Common Stock as the Stock Consideration will dilute the ownership and voting interests of existing Tenneco stockholders.

Upon the closing of the transaction, we will issue an amount of Class A Voting Common Stock to AEP equal to 9.9% of our Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction. Accordingly, Tenneco stockholders existing immediately prior to the closing of the transaction will have proportionally less voting power following the closing of the transaction. In addition, we will issue the balance of the shares of common stock AEP is entitled to receive as shares of Class B Non-Voting Common Stock, subject to reduction as described below. As such, existing stockholders will have proportionally less ownership following the closing of the transaction, although the size of Tenneco will be significantly increased.

Additionally, until the date that is 10 business days prior to the anticipated closing date of the transaction, assuming the price of our Common Stock is above \$54.6785, Tenneco may elect to conduct a primary offering of Common Stock in order to raise funds to increase the Cash Consideration. Such offering may include up to 7,315,490 shares of Common Stock that would otherwise have been issued to AEP in connection with the transaction. In certain circumstances, AEP may also elect to require Tenneco to conduct such offering of Common Stock if Tenneco does not do so at least 10 business days prior to the anticipated closing date of the transaction. If such an offering is undertaken, the Cash Consideration will be increased by an amount equal to the number of shares sold in such offering multiplied by \$54.6785 and the Stock Consideration will be decreased by the number of shares sold in such offering. In other words, the total number of shares to be issued in connection with the acquisition of Federal-Mogul will not change if Tenneco undertakes such an offering. However, Tenneco stockholders existing immediately prior to the offering (and prior to the closing of the transaction), will have proportionally less voting power following the closing of the offering (and subsequently, following the closing of the transaction). However, Tenneco stockholders will not experience any incremental economic dilution as a result of such offering as the total number of shares of Common Stock to be issued in connection with the transaction will not be increased above 29,444,846.

Based on the 51,422,522 shares of Common Stock issued and outstanding as of July 31, 2018, it is anticipated that upon the closing of the transaction, Tenneco stockholders existing immediately

Table of Contents

prior to the closing of the transaction will own approximately 63.6%, and AEP will own approximately 36.4%, of Tenneco's outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class.

Litigation Related to the Transaction

On July 17, 2018, a putative class action complaint challenging the transaction, captioned *Cryar v. Tenneco Inc., et al.*, Case No. 1:18-cv-01052-RGA, was filed in the United States District Court for the District of Delaware on behalf of Tenneco stockholders against Tenneco and our board of directors.

The putative class action complaint asserts claims for violation of Section 14(a) of the Exchange Act and Rule 14a-9 promulgated under the Exchange Act based on allegations that the proxy statement authorized by our board of directors, and filed with the SEC on June 26, 2018, failed to disclose certain, largely unspecified material facts. The complaint also asserts a control person claim under Section 20(a) of the Exchange Act against each member of our board of directors. The complaint seeks to enjoin Tenneco from proceeding with a stockholder vote on the issuance of the Stock Consideration.

Tenneco believes the allegations asserted in the putative class action complaint are without merit and intends to contest them vigorously. No assurance can be made as to the outcome of this lawsuit, including the amount of costs associated with defending these claims or any other liabilities that may be incurred in connection with the litigation of these claims. The complaint has not formally specified an amount of alleged damages and, as a result, Tenneco is unable to reasonably estimate the possible loss or range of losses, if any, arising from this complaint. If plaintiffs are successful in obtaining an injunction prohibiting Tenneco from proceeding with a stockholder vote on the transaction, such an injunction may delay the completion of the transaction in the expected time frame or may prevent the transaction from being completed altogether.

In addition, other Tenneco stockholders may file additional lawsuits challenging the transaction, which may name Tenneco, members of our board of directors, Federal-Mogul or others as defendants.

No Appraisal Rights

Under Delaware law, Tenneco stockholders do not have any dissenters' rights or rights to an appraisal of the value of their shares in connection with the transaction or the issuance of the Stock Consideration.

Material United States Federal Income Tax Consequences to Existing Tenneco Stockholders

The existing Tenneco stockholders generally should not be subject to any material United States federal income tax consequences solely as a result of the transaction.

Accounting Treatment

Tenneco prepares its financial statements in accordance with GAAP. The transaction will be accounted for using the acquisition method of accounting, which requires determination of the accounting acquirer. The accounting guidance for business combinations indicated in Financial Accounting Standards Board Accounting Standards Codification 805, *Business Combinations*, provides that in identifying the acquiring entity in a combination effected through an exchange of equity interests, all pertinent facts and circumstances must be considered, including: which entity will issue equity interests to effect the combination, the relative voting rights of the stockholders of the constituent companies in the combined company, the existence of a large minority voting interest in the combined entity if no other owner or organized group of owners has a significant voting interest, the composition of the board of directors and senior management of the combined company, the relative size of each company and the terms of the exchange of equity securities in the business combination, including payment of any premium.

Based on the foregoing factors, Tenneco has been determined to be the acquirer for accounting purposes. Tenneco will allocate the total transaction consideration to the tangible and intangible assets of Federal-Mogul's business acquired and liabilities assumed based on their fair values at the date of the completion of the transaction. Any excess purchase price after this allocation will be assigned to goodwill.

Definite lived intangible assets will be amortized over their estimated useful lives. Intangible assets with indefinite useful lives and goodwill will not be amortized but will be tested for impairment at least annually. All intangible assets and goodwill are also tested for impairment when certain indicators are present.

The allocation of purchase price reflected in the unaudited pro forma condensed combined financial data of Tenneco is based on preliminary estimates using assumptions Tenneco's management believes to be reasonable based on currently available information. The final purchase price and fair value assessment of assets and liabilities will be based in part on a detailed valuation that has not yet been completed.

Table of Contents**THE PURCHASE AGREEMENT**

*This section of the proxy statement describes the material provisions of the Membership Interest Purchase Agreement (the Purchase Agreement), dated April 10, 2018, by and among Tenneco, Federal-Mogul, AEP and IEP, pursuant to which we have agreed to acquire Federal-Mogul. The following description does not purport to describe all of the terms of the Purchase Agreement. The following summary is qualified in its entirety by reference to the complete text of the Purchase Agreement, which is attached as Annex A to this proxy statement and incorporated by reference into this proxy statement. We urge you to read the full text of the Purchase Agreement because it is the legal document that governs the transaction. The Purchase Agreement is not intended to provide you with any other factual information about us. Such information can be found elsewhere in this proxy statement and in the public filings we make with the SEC, as described in the section entitled *Where You Can Find More Information* beginning on page 190.*

*The Purchase Agreement contains customary representations and warranties made by Tenneco, Federal-Mogul, and AEP to each other. The assertions embodied in those representations and warranties were made solely for purposes of the Purchase Agreement and may be subject to important qualifications and limitations agreed to by Tenneco, Federal-Mogul, AEP and IEP in connection with negotiating the terms of the Purchase Agreement. Additionally, subject to certain exceptions, the representations and warranties made by Tenneco in the Purchase Agreement are qualified by information disclosed by Tenneco with the SEC at least one business day prior to the date of the Purchase Agreement, other than any risk factor disclosures (other than statements of historical fact) in any filing with the SEC contained in the *Risk Factors* section thereof or other similarly cautionary, forward-looking or predictive statements in such filings with SEC. In addition, the representations and warranties are qualified by a contractual standard of materiality (including, in many cases, *material adverse effect*) different than those generally applicable to stockholders and in some cases may be qualified by disclosures made by one party to the others in disclosure schedules delivered by such party to the others, which are not necessarily reflected in the Purchase Agreement, or were used for the purpose of allocating risk between the parties rather than establishing matters as facts. Accordingly, you should not rely on the representations and warranties as current characterizations of factual information about Tenneco, Federal-Mogul, AEP or IEP because they were made as of specific dates, are modified by the disclosure schedules, and may be intended merely as a risk allocation mechanism between Tenneco, Federal-Mogul, AEP and IEP. Tenneco will provide additional disclosure in its public reports to the extent it is aware of the existence of any material facts that are required to be disclosed under federal securities laws and that might otherwise contradict the terms and information contained in the Purchase Agreement, and will update such disclosure as required by federal securities laws.*

Structure of the Transaction; Consideration

On April 10, 2018, Tenneco entered into the Purchase Agreement by and among Tenneco, Federal-Mogul, AEP and IEP pursuant to which Tenneco has agreed to acquire from AEP all of the membership interests of Federal-Mogul.

In consideration of the foregoing, Tenneco will:

(i)

pay to AEP \$800 million in cash, which is referred to as the Cash Consideration in this proxy statement, subject to increase if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction as described below; and

Table of Contents

- (ii) issue and deliver to AEP an aggregate of 29,444,846 shares of Common Stock, which is referred to as the Stock Consideration in this proxy statement, subject to reduction if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction, as described below, which will be comprised of:
 - (a) a number of shares of Common Stock (to be reclassified as Class A Voting Common Stock) equal to 9.9% of the aggregate number of shares of Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction, and
 - (b) the balance in shares of newly created Class B Non-Voting Common Stock.

Until the date that is 10 business days prior to the anticipated closing date of the transaction, assuming the price of our Common Stock is above \$54.6785, Tenneco may elect to conduct a primary offering of Common Stock in order to raise funds to increase the Cash Consideration. Such offering may include up to 7,315,490 shares of Common Stock that would otherwise have been issued to AEP in connection with the transaction. Each share sold in such an offering will decrease the number of shares of Common Stock issuable to AEP by one share, so the total number of shares of Common Stock to be issued in connection with the acquisition of Federal-Mogul will not change if Tenneco undertakes such an offering. The Cash Consideration will be increased by an amount equal to the number of shares sold in such an offering multiplied by \$54.6785, with any excess proceeds to be retained by Tenneco. In certain circumstances, AEP may also elect to require Tenneco to conduct such an offering of Common Stock if Tenneco does not do so at least 10 business days prior to the anticipated closing date of the transaction.

If such an offering is consummated, then the Cash Consideration will be increased by an amount equal to the number of shares sold in such an offering multiplied by \$54.6785, with any excess proceeds to be retained by Tenneco. However, if such an offering is consummated at AEP's election and the net price per share in such offering is less than \$54.6785, then the Cash Consideration will be increased by an amount equal to such net price per share times the number of shares sold in such offering.

Completion of the Transaction; Closing

The closing of the transaction will take place on the third business day following satisfaction of all of the closing conditions (other than those conditions that by their terms are to be satisfied at the closing) or on such other date as is mutually agreeable to Tenneco and AEP. However, if the marketing period related to the debt financing to be incurred in connection with the transaction described in the section entitled "Financing" has not ended at the time of the satisfaction of all of the closing conditions, then the closing will occur on the date following the satisfaction of such conditions that is the earlier to occur of (i) any business day as may be specified by Tenneco on no less than three business days' prior notice to AEP and (ii) three business days following the final day of the marketing period. Furthermore, the closing will not occur prior to the earlier of (a) the nine-month anniversary of the date of the Purchase Agreement and (b) the date on which the approvals pursuant to the antitrust laws of certain specified jurisdictions required to consummate the transaction will have been obtained or any applicable waiting period thereunder will have expired.

The parties expect that the conditions to the transaction will be satisfied or, if allowed by applicable law, waived, and that the transaction will be completed early in the fourth quarter of 2018. However, the parties cannot be certain when, or if, the conditions to the transaction will be satisfied or so waived, or that the transaction will be completed.

Tenneco has also made certain other representations and warranties to AEP and Federal-Mogul regarding, among other things, capital structure, SEC filings since January 1, 2016, accredited investor status, due authorization of the shares to be issued as part of the Stock Consideration; and sufficient funds to pay the Cash Consideration.

Many of the representations and warranties in the Purchase Agreement are qualified by the knowledge of certain specified officers and members of senior management or a materiality or material adverse effect standard (that is, they will not be deemed to be untrue or incorrect unless their failure to be true or correct, individually or in the aggregate, would, as the case may be, be material or have a material adverse effect).

For purposes of the Purchase Agreement, a material adverse effect means any change, effect, event, occurrence, state of facts or development that, individually or in the aggregate, (a) would or would reasonably be expected to prevent or materially delay, interfere with, impair or hinder the consummation by Tenneco or Federal-Mogul (as applicable) of the transaction, or (b) has or would reasonably be expected to have a material adverse effect on the business, results of operations, assets or condition (financial or otherwise) of Tenneco or Federal-Mogul (as applicable) taken as a whole, except that the definition of material adverse effect excludes from clause (b):

- (i) conditions generally affecting the industries or the markets in which Tenneco and Federal-Mogul (and their respective subsidiaries) operate, or the economy as a whole;
- (ii) any change in applicable law or GAAP;
- (iii) the commencement, continuation or escalation of a war, material armed hostilities or other material international or national calamity or act of terrorism;
- (iv) volcanoes, tsunamis, pandemics, earthquakes, hurricanes, tornados or other natural disasters;
- (v) any failure to meet any internal or public projections, forecasts, guidance, estimates, milestones, budgets or internal or published financial or operating predictions of revenue, earnings, cash flow or cash position;
- (vi) the announcement of the transactions contemplated by the Purchase Agreement;
- (vii) compliance with the terms of the Purchase Agreement;
- (viii) any change or prospective change in the credit rating of Tenneco or Federal-Mogul; and
- (ix) (a) any order by any governmental entity or applicable law in any jurisdiction (other than the United States and European Union) that enjoins or otherwise prohibits the consummation of the transactions or (b) the failure to obtain any approval required to consummate the transaction in any jurisdiction (other than the

United States and European Union) or the failure of any applicable waiting period to terminate or expire; except, in the case of (i) through (iv) above, such event may be taken into account in determining whether there has been, or would reasonably be expected to be, a material adverse effect to the extent such effect, change, event or occurrence has a disproportionate adverse effect on Tenneco or Federal-Mogul, taken as a whole, as compared to other participants in the industry in which each operates.

Table of Contents

AEP and Federal-Mogul, and their affiliates and representatives, will not be prohibited from, directly or indirectly, taking any confidential action to encourage, initiate or engage in discussions or negotiations with or provide any information to (subject to a confidentiality agreement and, in certain instances, a standstill agreement) any potential investor concerning a permitted transfer and, subject to the prior written consent of Tenneco (not to be unreasonably withheld, conditioned or delayed), entering into any agreement with a potential investor in connection therewith.

Until the earlier of the closing date of the transaction and the termination of the Purchase Agreement, and as expressly contemplated by the Purchase Agreement or required by law, AEP and Federal-Mogul each agree, without the prior written consent of Tenneco (not to be unreasonably withheld, conditioned or delayed), not to:

- sell, distribute, assign, transfer, grant, pledge, hypothecate, dispose of or otherwise encumber any of the membership interests to be acquired by Tenneco;

- agree to take or make any commitment to take any of the forgoing actions.

No Solicitation by Tenneco; Recommendation Change

Until the earlier of the closing date of the transaction and the termination of the Purchase Agreement, our board of directors and Tenneco and its subsidiaries will not, and will not authorize its representatives to, directly or indirectly:

- solicit, initiate, induce or knowingly facilitate or encourage the submission or announcement of an Acquisition Proposal;
- enter into or participate in any discussions or negotiations with, furnish any information relating to Tenneco or its subsidiaries or afford access to the business, properties, assets, books or records of Tenneco or its subsidiaries to, or otherwise cooperate in any way with, assist or facilitate, any person with respect to, or cooperate in any way with any person with respect to any Acquisition Proposal; or
- approve, recommend or declare advisable, or allow Tenneco or its affiliates to execute or enter into, any letter of intent, agreement in principle, merger agreement, acquisition agreement, joint venture agreement, partnership agreement or other similar agreement (other than a confidentiality agreement) constituting or

related to, or that is intended to or would reasonably be expected to lead to, an Acquisition Proposal, or requiring Tenneco to abandon, terminate, delay or fail to consummate, or that would otherwise impede, interfere with or be inconsistent with, the transactions contemplated by the Purchase Agreement.

For purposes of the Purchase Agreement, an Acquisition Proposal means any offer, proposal, indication of interest or inquiry by a third party contemplating or otherwise relating to any transaction or series of transactions involving (i) any acquisition by a third party (or AEP, in certain specified situations, directly or indirectly through any of its affiliates), as applicable, (whether by way of stock or asset purchase), merger, joint venture, license or similar transaction, partnership, consolidation, dissolution, liquidation, tender offer, recapitalization, reorganization, share exchange, business combination or similar transaction or series of transactions by a person or a group of more than 25% of the total voting power of the capital stock of Tenneco or more than

Table of Contents

25% of the consolidated assets, revenue or net income of Tenneco and its subsidiaries, taken as a whole; (ii) any other proposal or offer which, if consummated, would result in a direct or indirect acquisition or license (or similar transaction) by a third party (or AEP, in certain specified situations, directly or indirectly through any of its affiliates), as applicable, of more than 25% of the total voting power of the capital stock of Tenneco, or more than 25% of the consolidated assets, revenues or net income of Tenneco and its subsidiaries taken as a whole or (iii) any combination of the foregoing.

In addition, subject to certain limited exceptions, neither our board of directors nor any committee thereof will (any action described below, a Recommendation Change):

- withhold, withdraw, qualify, amend or modify (or publicly propose to), in any manner adverse to AEP or Federal-Mogul, its recommendation to approve the transaction or fail to include its recommendation to approve the transaction in this proxy statement;
- adopt, approve, recommend or declare advisable, or propose or resolve to adopt, approve, recommend or declare advisable (publicly or otherwise), any Acquisition Proposal; or
- take formal action or make any recommendation or public statement in connection with a tender offer or exchange offer relating to securities of Tenneco, other than a recommendation against such offer or a stop, look and listen communication pursuant to Rule 14d-9(f) of the Securities Exchange Act of 1934, as amended (the Exchange Act).

At any time prior to obtaining the requisite stockholder approval, Tenneco and its representatives may, in response to a bona fide, written Acquisition Proposal that did not result from a material breach of the Purchase Agreement and that our board of directors determines in good faith after consultation with its outside legal counsel and financial advisor could reasonably be expected to result in a Superior Proposal:

- furnish information relating to, and afford access to the business, properties, assets, books and records of, Tenneco and its subsidiaries, to the person or entity making such Acquisition Proposal (provided such information and access has previously been provided to, or is provided prior to or substantially concurrently with the time it is provided to such person or entity, to AEP and Federal-Mogul) pursuant to a confidentiality agreement containing terms not materially less favorable in the aggregate to Tenneco than the terms set forth in the confidentiality agreement related to the transaction;
- engage or participate in discussions or negotiations with such person or entity regarding the terms of such Acquisition Proposal and negotiate such terms with such person or entity (and its representatives); and
- terminate the Purchase Agreement to enter into a definitive acquisition agreement with respect to such Acquisition Proposal if Tenneco's board of directors determines in good faith after consultation with its outside legal counsel and financial advisor that such Acquisition Proposal constitutes a Superior Proposal, provided, that concurrently with any such termination Tenneco pays the termination fee and enters into such

definitive acquisition agreement concurrently therewith or promptly thereafter.

For purposes of the Purchase Agreement, Superior Proposal means any bona fide, written Acquisition Proposal (except that the references to 25% in the definition of Acquisition Proposal will be replaced by 50%) that did not result from a material breach of the Purchase Agreement and that our board of directors determines in good faith after consultation with its outside legal counsel and financial advisors to be more favorable to the stockholders than the transactions contemplated by the Purchase Agreement, taking into account all financial, legal, financing (including availability thereof), regulatory and other aspects and risks.

Table of Contents

Prior to terminating the Purchase Agreement to accept a Superior Proposal, our board of directors and Tenneco and its subsidiaries and representatives, must:

- determine in good faith, after consultation with its outside legal counsel and financial advisor, that the failure to take such action would be in violation of its fiduciary duties under the laws of the State of Delaware;
- notify AEP and Federal-Mogul in writing at least four business days prior to effecting such a termination of its intention to effect such a termination, which notice must include the material terms and conditions of such Superior Proposal, the identity of the third party, and a copy of the most recent draft of any written agreement relating thereto;
- during the notice period, Tenneco will permit AEP to (i) propose adjustments to the terms and conditions of the Purchase Agreement or (ii) submit an Acquisition Proposal, in each case, such that the Superior Proposal ceases to be a Superior Proposal, and Tenneco will negotiate with AEP and Federal-Mogul in good faith with respect to such matters; and
- at the end of such notice period, our board of directors, taking into consideration such changes to the Purchase Agreement or such Acquisition Proposal made by AEP, determines in good faith, after consultation with its outside legal counsel and financial advisor, that such Superior Proposal continues to meet the definition of Superior Proposal if such changes to the Purchase Agreement or such Acquisition Proposal, as applicable, were to be given effect and that failure to take such action would be in violation of the directors' fiduciary duties under the laws of the State of Delaware.

Standstill Provisions

AEP and Federal-Mogul will not, directly or indirectly, make any proposal, statement or inquiry, or disclose any intention, plan or arrangement inconsistent with the foregoing, or request Tenneco or its representatives, directly or indirectly, to amend, waive or terminate any provision of the standstill, in each case, in a manner that would require public disclosure by AEP or Federal-Mogul.

Financing

Tenneco has agreed to use its reasonable best efforts to obtain debt financing on the terms and conditions set forth in debt financing commitment letters, including by using reasonable best efforts to:

- maintain in effect the debt financing and the debt financing commitment letters;
- negotiate and enter into definitive financing agreements on terms and conditions no less favorable to Tenneco than those contained in the debt financing commitment letters, or, if available, on other terms that are acceptable to Tenneco and would not (i) reasonably be expected to adversely affect its ability to consummate the transaction, (ii) reduce the aggregate amount of debt financing below the amount required to consummate the transaction, (iii) impose new or additional conditions or expand upon (or amend or modify in any manner adverse to AEP or Federal-Mogul) the conditions precedent set forth in the debt financing commitment letters, or (iv) reasonably be expected to delay the closing of the transaction;

Subject to the terms and upon satisfaction of the conditions set forth in the debt financing commitment letters, Tenneco will use its reasonable best efforts to cause the lenders and the other parties providing such debt financing to provide the debt financing on the closing date of the transaction.

If the debt financing or debt financing commitment letters expire or become unavailable prior to the closing of the transaction, in whole or in part, and such portion is reasonably required to fund the Cash Consideration, Tenneco has agreed to promptly notify Federal-Mogul and use its reasonable best efforts promptly to arrange for alternative financing, which will not, without the prior consent of AEP, impose any new or additional condition or otherwise be

on terms and conditions that are materially less favorable to Tenneco from a conditionality or enforceability perspective than the terms and conditions of the debt financing commitment letters, provided that Tenneco is not required to pay any fees or any interest rates in excess of those contemplated by the debt financing commitment letter or agree to any market flex term less favorable to Tenneco or Federal-Mogul than the term contained in or contemplated by the debt financing commitment letter.

Notwithstanding the foregoing, Tenneco is not required to take any of the following actions to obtain all approvals under applicable antitrust laws:

- contest and resist any action or proceeding seeking to prohibit the transactions contemplated by the Purchase Agreement or delay the closing beyond the termination date of the Purchase Agreement;

Following the closing of the transaction, Tenneco has agreed, subject to the fiduciary duties of our board of directors under applicable law, to use its reasonable best efforts to pursue a reorganization of the combined business of Tenneco and Federal-Mogul into two separate businesses, representing Powertrain Technology and Aftermarket & Ride Performance, distribute the equity interests representing one such business to Tenneco stockholders, and consummate the Spin-Off within 18 months of the closing date of the transaction. Tenneco currently expects that the Aftermarket &

Ride Performance business will be separated and the Powertrain Technology business will remain at Tenneco and retain the Tenneco Inc. name.

Table of Contents

If Tenneco consummates the Spin-Off, the parties have agreed to take such actions and deliver such representations reasonably necessary to allow Tenneco to obtain tax opinions and/or a private letter ruling from the Internal Revenue Service, in each case, reasonably satisfactory to Tenneco, to the effect that the Spin-Off will qualify as a reorganization within the meaning of Sections 368(a) and 355 of the Code in which no gain or loss is recognized by Tenneco (or its affiliates) or its stockholders.

Specific Performance

The parties have agreed in the Purchase Agreement that each would be irreparably damaged if any of the provisions of the Purchase Agreement is not performed in accordance with its specific terms and that monetary damages, even if available, would not be adequate remedy therefor. Each party therefore agrees that the other parties will be entitled to an injunction(s) to prevent breaches of the provisions of the Purchase Agreement and to enforce specifically the Purchase Agreement and its terms and provisions, and each party waives any requirement for the securing or posting of any bond in connection with such remedy.

Amendment and Waiver

The Purchase Agreement may be amended by the parties at any time, and any provision may be waived. Certain customary provisions, including those regarding governing law, jurisdiction, third-party beneficiaries and remedies may not be amended in a manner that is adverse to any debt financing source without the prior written consent of such debt financing source. No waiver of any provision of the Purchase Agreement or any breach or default of the Purchase Agreement will extend to or affect in any way any other provision or prior or subsequent breach or default.

Governing Law

The Purchase Agreement is governed by and will be construed in accordance with the laws of the State of Delaware, provided that any disputes involving the debt financing sources will be governed by and will be construed in accordance with the applicable laws of the State of New York.

Table of Contents**THE SHAREHOLDERS AGREEMENT**

*This section of the proxy statement describes the material provisions of the shareholders agreement in the form attached to this proxy statement as Annex B (the Shareholders Agreement). This summary of the Shareholders Agreement does not purport to describe all of the terms and provisions of the Shareholders Agreement. The following summary is qualified in its entirety by the complete text of the Shareholders Agreement, the form of which is attached as Annex B of this proxy statement and incorporated by reference into this proxy statement. We urge you to read the full text of the Shareholders Agreement carefully and in its entirety. The Shareholders Agreement is not intended to provide you with any other factual information about us. Such information can be found elsewhere in this proxy statement and in the public filings we make with the SEC, as described in the section entitled *Where You Can Find More Information* beginning on page 190.*

Pursuant to the Purchase Agreement, the parties have agreed that, upon the closing of the transaction, Tenneco, AEP and IEP will enter into a shareholders agreement in the form attached to this proxy statement as Annex B (the Shareholders Agreement), which form was agreed upon in connection with the Purchase Agreement. The Shareholders Agreement will govern AEP's and IEP's ownership of Class A Voting Common Stock and Class B Non-Voting Common Stock following the closing of the transaction until the consummation of the Spin-Off.

Board Representation

Prior to the earlier of the date the Spin-Off is consummated, and the date on which IEP and its affiliates cease to own beneficially at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, our board of directors will take all actions necessary to nominate for election the then-serving chief executive officer of IEP (or another designee of IEP, if applicable, provided such designee is reasonably acceptable to Tenneco and meets the requirements set forth in the By-Laws and Corporate Governance Principles) at each annual meeting of Tenneco stockholders.

If the Spin-Off has not occurred by the date that is 18 months after the closing date, IEP must cause its designee to have resigned from our board of directors at least 30 days prior to taking certain specified actions with respect to Tenneco.

Standstill Restrictions

The Shareholders Agreement contains a standstill covenant, which prohibits IEP and its affiliates from taking certain actions until the earlier of (i) the date that is 18 months after the closing date of the transaction if the Spin-Off has not occurred by such date (or in the case of clause (i) below, for one year after the date that is 18 months after such date), and (ii) the date that is one year after the date on which IEP and its affiliates cease to own at least 5% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, such as:

- (i) acquiring or offering or agreeing to acquire, directly or indirectly, any shares of Class A Voting Common Stock, Class B Non-Voting Common Stock or other securities or equity interests of Tenneco or its subsidiaries (provided that if the Spin-Off has not occurred within 18 months after the closing date, IEP may convert shares of Class B Non-Voting Common Stock into Class A Voting Common Stock to the extent such conversion would not result in IEP and its affiliates owning more than 15% of the outstanding Class A Voting Common Stock following such conversion);

Table of Contents

- (ii) making, or in any way participating in, directly or indirectly, any solicitation of proxies to vote, or seeking to advise or influence any person or entity with respect to the voting of, any voting securities of Tenneco or its subsidiaries;
- (iii) making any public announcement with respect to, or submitting a proposal for, or offering of any merger, consolidation, business combination, tender or exchange offer, restructuring, recapitalization or other extraordinary transaction of or involving Tenneco or its subsidiaries and
- (iv) otherwise acting, alone or in concert with others, to seek to control the management, our board of directors or our policies.

Voting

Until the expiration of the standstill described above, IEP and its affiliates have agreed to vote all shares of Class A Voting Common Stock (i) in favor of each director nominated and recommended by our board of directors for election at such meeting, (ii) against any stockholder nominations for director that are not approved and recommended by our board of directors for election at any such meeting and (iii) in favor of the proposal for ratification of the appointment of the independent registered public accounting firm.

Transfer Restrictions

Subject to certain exceptions, for a period beginning on the date of the Shareholders Agreement and ending on the date that is 150 days following the closing of the transaction, AEP shall not, directly or indirectly, sell or otherwise transfer (including through loan, pledge, swap or hedging transactions), or make any short sale or otherwise dispose of, more than 10% of the shares of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, after the closing of the transaction.

Notwithstanding the foregoing restrictions, the IEP and its affiliates may transfer shares in certain circumstances, including affiliate transfers or transfers of all, but not less than all, of the shares of Tenneco common stock then held by IEP and its affiliates to not more than three persons from a specified list.

Until the later of (i) the expiration of the standstill restrictions discussed above and (ii) the time when IEP and its affiliates cease to own at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, IEP and its affiliates will not transfer any shares (a) to certain specified types of investors and (b) in an amount equal to 5% or more of the Class A Voting Common Stock issued and outstanding at the time of such transfer (subject to certain carve-outs for transfers to certain passive institutional investors).

Registration Rights

Demand Registration

Edgar Filing: TENNECO INC - Form DEFM14A

Pursuant to the Purchase Agreement, Tenneco has agreed to file concurrently with the closing of the transaction, a registration statement with the SEC relating to the offer and resale of the Stock Consideration to be received by AEP in connection with the transaction at any time after the closing, subject to the transfer restrictions described above.

If at any time Tenneco is ineligible to file a shelf registration statement, IEP and its affiliates may, up to a maximum of two times per 365-day period, request that Tenneco effect a registration of

Table of Contents

registrable securities IEP and its affiliates hold by delivering a written request to Tenneco specifying the number of shares of registrable securities it wishes to register. Upon receipt of such a request, Tenneco will use its reasonable best efforts to register such registrable securities as expeditiously as possible, but in any event within 30 days of such request, and cause the registration statement to become effective in accordance with the intended method of distribution set forth in the written request.

With respect to any registration statement, whether filed or to be filed pursuant to the Shareholders Agreement, if Tenneco reasonably determines in good faith that maintaining the effectiveness of, filing an amendment or supplement to, or filing a registration statement would (i) materially impede, delay or interfere with any financing, acquisition, corporate reorganization or other significant transaction or (ii) require the disclosure of material non-public information, the disclosure of which could reasonably be expected to materially and adversely affect Tenneco, then Tenneco may, for the shortest period reasonably practicable, and in any event for not more than 45 calendar days, notify IEP and its affiliates that requested registration that such registration statement is unavailable for use. Tenneco may not impose such periods, in any 365-day period, lasting in excess of 90 days in the aggregate.

Piggyback Registrations

If Tenneco proposes to file a registration statement or a prospectus supplement to a shelf registration statement with respect to any offering for its own account and/or for the account of IEP and its affiliates, Tenneco will, as soon as practicable, but in any event not less than 15 days prior to the proposed date of filing such registration statement, give written notice of such proposed filing to IEP and its affiliates, which will offer IEP and its affiliates the opportunity to register such number of registrable securities as IEP and its affiliates may request in writing, subject to certain exceptions. These piggyback registration rights will be subject to customary cutback procedures in the event the offering is oversubscribed.

Expenses

Subject to certain exceptions, Tenneco will pay all registration expenses in connection with each registration of registrable securities pursuant to the Shareholders Agreement.

Pre-emptive Rights

For so long as IEP and its affiliates own at least 10% of the outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, and Tenneco proposes to issue any equity securities (other than in an excluded issuance), Tenneco will (i) give written notice to IEP and its affiliates no less than five business days prior to the closing of such issuance and (ii) offer to issue and sell to IEP and its affiliates, on such terms as the equity securities are issued, a portion of the equity securities equal to IEP's (and its affiliates) pro rata beneficial ownership of the Class A Voting Common Stock and Class B Non-Voting Common Stock at such time as compared to the total number of shares of Class A Voting Common Stock and Class B Non-Voting Common Stock, considered together, outstanding immediately prior to the issuance of the equity securities, subject to certain exceptions.

Termination

The Shareholders Agreement will terminate upon the earliest of (i) the time at which all registrable securities are held by persons other than IEP and its affiliates, (ii) the time at which all registrable

Table of Contents

securities have been sold in accordance with one or more registration statements and (iii) the date the Spin-Off is completed (at which time, substantially similar shareholders agreements with regard to the each separate entity will be entered into by the parties, as described below). Certain sections of the Shareholders Agreement, including those relating to indemnification, the standstill, governing law and jurisdiction, will survive termination.

Post Spin-Off

At the consummation of the Spin-Off, IEP will, and will cause each of its affiliates that holds any shares of Class A Voting Common Stock or Class B Non-Voting Common Stock (beneficially, constructively or synthetically through any derivative, hedging or trading position or otherwise), to enter into shareholders agreements with each of the two separate businesses, Powertrain Technology and Aftermarket & Ride Performance, at such time. The shareholders agreements are substantially similar to the Shareholders Agreement, with certain exceptions, and contain standstill provisions, lockups and, with respect to the Powertrain Technology business, board designation rights.

Powertrain Technology

The shareholders agreement for the post-Spin-Off Powertrain Technology business contains a standstill provision that prohibits IEP and its affiliates from taking certain actions until the earlier of (i) one year after the consummation of the Spin-Off or (ii) the time that IEP and its affiliates cease to own at least 5% of Powertrain Technology common stock, such as acquiring additional shares of Powertrain Technology common stock and taking any of certain actions adverse to Powertrain Technology's board of directors. In addition, if the Powertrain Technology business is the business that is separated, IEP and its affiliates may not sell any shares of Powertrain Technology common stock until 60 days following the consummation of the Spin-Off. Tenneco currently expects that the Powertrain Technology business will remain at Tenneco and retain the Tenneco Inc. name.

Until the date on which IEP and its affiliates cease to own (i) at least 20% of the issued and outstanding shares of Powertrain Technology common stock, IEP will have the right to designate two persons for nomination for election or appointment to Powertrain Technology's board of directors, and (ii) at least 10% of the issued and outstanding shares of Powertrain Technology common stock, IEP will have the right to designate one person for nomination for election or appointment to Powertrain Technology's board of directors.

In addition, if the Aftermarket & Ride Performance business is the business that is separated, IEP and its affiliates may not sell any shares of Aftermarket & Ride Performance common stock until 60 days following the consummation of the Spin-Off. Tenneco currently expects that the Aftermarket & Ride Performance business will be separated. IEP and its affiliates do not have any board designation rights with respect to Aftermarket & Ride Performance.

The Purchase Agreement requires that Tenneco issue and deliver to AEP an aggregate of 29,444,846 shares of Common Stock, which is referred to as the Stock Consideration in connection with Tenneco's acquisition of Federal-Mogul. Subject to reduction if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction, the Stock Consideration issuable to AEP will be comprised of: (a) a number of shares of Class A Voting Common Stock equal to 9.9% of the aggregate number of shares of Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction, and (b) the balance in shares of newly created Class B Non-Voting Common Stock.

In order to issue the Stock Consideration to AEP in connection with the transaction, it is necessary to amend our certificate of incorporation in order to (i) reclassify our Common Stock as Class A Voting Common Stock, (ii) authorize the creation of a new class of non-voting common stock, the Class B Non-Voting Common Stock and (iii) increase the amount of authorized capital stock to 250,000,000 shares, divided into 175,000,000 shares of Class A Voting Common Stock, 25,000,000 shares of Class B Non-Voting Common Stock and 50,000,000 shares of preferred stock, par value \$0.01. Our board of directors has unanimously adopted resolutions approving and declaring advisable, and recommending that our stockholders adopt, the Amended and Restated Certificate of Incorporation.

If our stockholders adopt the Amended and Restated Certificate of Incorporation, each share of Common Stock will be reclassified as one share of Class A Voting Common Stock. Holders of our Common Stock immediately prior to such adoption will have all of the same rights and privileges as holders of Class A Voting Common Stock as such holders had as holders of our Common Stock. Holders of shares of Class B Non-Voting Common Stock, which we anticipate will only be AEP (following the issuance of the Stock Consideration), will have no voting powers, unless otherwise required by the DGCL, but will otherwise have all the rights and privileges of holders of our Class A Voting Common Stock. The Class B Non-Voting Common Stock will automatically convert to Class A Voting Common Stock upon transfer of such stock, subject to certain exceptions.

Adoption by our stockholders of the Amended and Restated Certificate of Incorporation is a condition to the closing of the transaction and is necessary for Tenneco to issue the Class A Voting Common Stock and Class B Non-Voting Common Stock to AEP at the closing. Accordingly, if this Proposal 1 is not adopted at the special meeting, a condition to the closing of the transaction will not be satisfied and the transaction will not be completed. If this Proposal 1 is adopted, Tenneco will have the ability to issue the remaining unissued shares of Class B Non-Voting Common Stock in the future.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE YOUR SHARES FOR THIS PROPOSAL 1. PROXIES RECEIVED BY OUR BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY IN THEIR PROXIES A CONTRARY CHOICE.

Summary of the Terms of the Amended and Restated Certificate of Incorporation

The following is a summary of the material amendments to our current certificate of incorporation that are included in the Amended and Restated Certificate of Incorporation. This summary also describes the material provisions of the Class B Non-Voting Common Stock. We encourage you to read the Amended and Restated Certificate of Incorporation, which is attached to this proxy statement as Annex C and is incorporated by reference herein.

Increase in Authorized Shares

Under the Amended and Restated Certificate of Incorporation, the authorized number of shares will be increased from 185,000,000 shares, divided into 135,000,000 shares of Common Stock and 50,000,000 shares of preferred stock, par value \$0.01, all of which were designated as blank check preferred stock, to 250,000,000 shares, divided into 175,000,000 shares of Class A Voting Common Stock, 25,000,000 shares of Class B Non-Voting Common Stock and 50,000,000 shares of preferred stock, par value \$0.01, all of which will be designated as blank check preferred stock.

The increase in the number of authorized shares of Class A Voting Common Stock in the Amended and Restated Certificate of Incorporation is intended to permit (i) the issuance of a sufficient number of shares of Class A Voting Common Stock, to be issued as part of the Stock Consideration in connection with the transaction, (ii) the issuance of Class A Voting Common Stock upon the conversion of Class B Non-Voting Common Stock, as described below, (iii) the issuance of Class A Voting Common Stock under the Amended and Restated Long-Term Incentive Plan and (iv) to allow Tenneco to have a sufficient number of shares available now and in the foreseeable future to provide for raising additional capital and/or acquisitions for the benefit of Tenneco stockholders.

Terms of the Class A Voting Common Stock

Upon the closing of the transaction, each share of Common Stock will be reclassified as one share of Class A Voting Common Stock. Existing stockholders will continue to own the same number of shares of Common Stock that they owned immediately prior to the transaction, except that each share of Common Stock will be reclassified as one share of Class A Voting Common Stock. Following such reclassification, existing stockholders will have all of the same rights and privileges as holders of Class A Voting Common Stock as such holders had as holders of Common Stock.

Terms of the Class B Non-Voting Common Stock

Rights and Privileges; Ranking; Dividends and Other Matters

Except as set forth in the Amended and Restated Certificate of Incorporation with respect to voting powers, Class A Voting Common Stock and Class B Non-Voting Common Stock will be identical and will entitle the holders thereof to the same rights and powers.

Holders of shares of Class A Voting Common Stock and Class B Non-Voting Common Stock will be entitled to receive ratably any dividends, as may be declared from time to time by our board of directors, other than a Share Distribution.

Our board of directors may, at its discretion, declare a dividend of any securities of Tenneco or of any other corporation, limited liability company, partnership, joint venture, trust or other legal entity

Table of Contents

(a Share Distribution) to the holders of shares of Class A Voting Common Stock and Class B Non-Voting Common Stock:

- (i) on the basis of a ratable distribution of identical securities to holders of shares of Class A Voting Common Stock and Class B Non-Voting Common Stock, or
- (ii) on the basis of a distribution of one class or series of securities to holders of shares of Class A Voting Common Stock and another class or series of securities to holders of Class B Non-Voting Common Stock, provided that the securities so distributed do not differ in any respect other than (a) differences in their rights (other than voting powers) consistent in all material respects with differences between Class A Voting Common Stock and Class B Non-Voting Common Stock and (b) differences in their relative voting powers, with holders of shares of Class A Voting Common Stock receiving the class or series of such securities having the higher relative voting powers (without regard to whether such voting powers differ to a greater or lesser extent than the differences in the voting powers of Class A Voting Common Stock and Class B Non-Voting Common Stock).

Voting Powers

The holders of Class B Non-Voting Common Stock, which we anticipate will only be AEP (following the issuance of the Stock Consideration), will have no voting powers, except as required by applicable law.

Notwithstanding the foregoing, and in addition to any other vote required by law, a unanimous vote of the holders of the outstanding shares of Class B Non-Voting Common Stock will be required to, directly or indirectly, amend the Amended and Restated Certificate of Incorporation or take any other action to diminish, impair, limit, restrict, avoid or seek to impair, limit, restrict or avoid, any of the rights, powers or privileges of the Class B Non-Voting Common Stock or the observances or performance of any of the terms to be observed or performed by Tenneco.

Conversion of Class B Non-Voting Common Stock in a Transfer

Immediately upon any permitted Transfer of shares of Class B Non-Voting Common Stock, other than a Non-Converting Transfer, such shares will automatically convert into and become an equal number of shares of Class A Voting Common Stock.

For purposes of the Amended and Restated Certificate of Incorporation, a Transfer of a share of Class B Non-Voting Common Stock means, directly or indirectly, any sale, assignment, transfer, conveyance, hypothecation or other transfer or disposition of a share or any legal or beneficial interest in a share, whether or not for value and whether voluntary or involuntary or by operation of law (including by merger, consolidation or otherwise), including, without limitation, the transfer of, or entering into a binding agreement with respect to, control over a share.

For purposes of the Amended and Restated Certificate of Incorporation, a Non-Converting Transfer means any of the following: (i) any Transfer to a broker or other nominee; provided that the transferor, immediately following such Transfer, retains (a) control over the disposition of such shares and (b) the economic consequences of ownership of such shares; (ii) any Transfer to any controlled affiliate of IEP; or (iii) any Transfer of all, but not less than all, shares then held by the IEP and its affiliates, to not more than three of previously specified entities (none of which own any Common Stock at the time discussions with respect to such a Transfer begin), acting as a consortium, pursuant to which the transferee(s) would assume and perform all of the obligations of IEP and its affiliates under the agreements related to the transaction.

Conversion of Class B Non-Voting Common Stock if Spin-Off is not Completed

If Tenneco does not consummate or abandons pursuit of the Spin-Off by the date that is 18 months after the date of the Amended and Restated Certificate of Incorporation, each holder of shares of Class B Non-Voting Common Stock may convert a number of such shares into an equal number of shares of Class A Voting Common Stock by delivering written notice to Tenneco's transfer agent that such holder desires to convert such shares into the same number of shares of Class A Voting Common Stock. Such notice must be accompanied by written confirmation from Tenneco (not to be unreasonably withheld, conditioned or delayed) that such Spin-Off has not been consummated or has been abandoned.

However, a holder of Class B Non-Voting Common Stock is not entitled to convert a number of shares of Class B Non-Voting Common Stock into shares of Class A Voting Common Stock if such conversion would result in such holder, IEP, AEP and any of their respective affiliates owning, in the aggregate, more than 15% in the aggregate of outstanding Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, issued and outstanding immediately following such conversion.

Effects of the Authorization of Class B Non-Voting Common Stock

The additional shares of Class B Non-Voting Common Stock authorized by the Amended and Restated Certificate of Incorporation but not issued in the transaction will have the same rights as the shares issued in the transaction. Although the authorization of additional shares will not, in itself, have any effect on the rights of any holder of Class A Voting Common Stock or Class B Non-Voting Common Stock, the future issuance of additional shares of Class B Non-Voting Common Stock (other than by way of a stock split or dividend) could, as with any other issuances of Class A Voting Common Stock or Class B Non-Voting Common Stock, have the effect of diluting earnings per share and book value per share of existing Tenneco stockholders.

At present, our board of directors has no plans to issue the additional shares of Class B Non-Voting Common Stock authorized by the Amended and Restated Certificate of Incorporation. However, it is possible that some of these additional shares could be used in the future for various other purposes without further stockholder approval. These purposes may include raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies and expanding our business or product lines through the acquisition of other businesses or products.

PROPOSAL 2 APPROVAL OF THE ISSUANCE OF THE STOCK CONSIDERATION

We are asking our stockholders to approve the issuance and delivery to AEP of an aggregate of 29,444,846 shares of Common Stock, which is referred to as the Stock Consideration in connection with Tenneco's acquisition of Federal-Mogul. Subject to reduction if Tenneco undertakes a primary offering of Common Stock prior to the closing of the transaction, the Stock Consideration issuable to AEP will be comprised of: (a) a number of shares of Class A Voting Common Stock equal to 9.9% of the aggregate number of shares of Class A Voting Common Stock issued and outstanding as of immediately following the closing of the transaction, and (b) the balance in shares of newly created Class B Non-Voting Common Stock.

It is anticipated that upon the closing of the transaction, the shares of Class A Voting Common Stock and Class B Non-Voting Common Stock, measured as a single class, comprising the Stock Consideration would represent approximately 36.4% of the total number of shares of Common Stock outstanding as of July 31, 2018. The issuance of the Stock Consideration in connection with the transaction requires the approval of holders of our Common Stock under rules of the NYSE because the number of shares to be issued in the transaction is in excess of 20% of the number of shares of our Common Stock currently outstanding. Accordingly, if this proposal is not approved by our stockholders at the special meeting, a condition to the closing of the transaction will not be satisfied and the transaction will not be completed.

**PROPOSAL 3 ADOPTION OF THE AMENDED AND RESTATED
TENNECO INC. 2006 LONG-TERM INCENTIVE PLAN**

We are asking our stockholders to approve the Amended and Restated Long-Term Incentive Plan, which if approved, will change the number of shares available for issuance under the plan pursuant to equity awards granted thereunder to 3,000,000 (which represents an increase of approximately 1,735,200 from the number of shares available for issuance under the plan prior to the amendment).

Our current long-term incentive compensation plan, which was originally adopted in 2006 and amended in 2009 and 2013, is known as the Tenneco Inc. 2006 Long-Term Incentive Plan (the "2006 Plan"). The 2006 Plan replaced our prior long-term incentive compensation plan, the Tenneco Automotive Inc. 2002 Long-Term Incentive Plan (the "2002 Plan"), under which no new awards may be made.

Our board of directors is seeking to amend and restate our long-term incentive plan to ensure our continued ability to offer equity-based incentives to employees, non-employee directors and other persons providing services to Tenneco or its subsidiaries. Our board of directors believes this type of compensation is critical to our ability to attract and retain highly qualified individuals and otherwise attain our goals, while also aligning these individuals' interests with those of our stockholders. However, our board of directors does not believe it has sufficient shares available for future delivery under the 2006 Plan to accomplish these purposes in light of the substantial increase in our employee base that will occur as a result of the transaction. Accordingly, Tenneco is seeking to amend its long-term incentive plan (in the form of an amendment and restatement) in order to issue equity awards to appropriately retain and incentivize a larger number of employees as well as achieve the benefits of the transaction.

The following table includes information regarding outstanding equity awards and shares available for future awards under our existing equity compensation plans as of June 30, 2018:

Total stock options outstanding	311,041
Weighted-average exercise price of stock options outstanding	\$43.76
Weighted-average remaining contractual term of stock options outstanding	1.84
Total full value awards outstanding(1)	926,756
Shares remaining available for grant under the 2006 Plan(2)	1,264,796
Total shares of common stock outstanding	51,422,711

(1) Includes 192,831 shares subject to outstanding restricted stock, 261,417 shares subject to outstanding RSU grants, and 472,508 shares subject to outstanding unvested Performance Share Unit awards. The number of shares of outstanding Performance Share Unit awards assumes performance at the maximum level.

(2)

Assumes outstanding Performance Share Unit awards vest at the maximum level. For each full value award granted under the 2006 Plan, the number of shares remaining available for grant under the 2006 Plan has been reduced by 1.49 shares.

The number of shares currently available for grant under the 2006 Plan, based on the rate at which we used shares under the 2006 Plan for the last five years, will be exhausted in 2019. In developing the size of the share pool and request for additional shares, we were mindful of the pool's potentially dilutive impact on our stockholders. In that regard, we are proposing a share

Table of Contents

pool that, in terms of size and expected duration, falls well within industry practice. Further, our board of directors has historically approved share repurchase programs authorizing the repurchase of our outstanding Common Stock in an effort to improve returns to our stockholders as well as to offset dilution from shares issued to employees. In addition, in February 2017, our board of directors authorized the repurchase of up to \$400 million of our outstanding Common Stock over the following three years. Any further share repurchase programs will be subject to the approval of our board of directors and any constraints under our financing agreements.

Accordingly, on May 16, 2018, our board of directors unanimously approved and adopted the Amended and Restated Long-Term Incentive Plan and established a committee consisting of Mr. Kessler (the LTIP Committee) to determine, within certain limits, the number of shares that may be issued pursuant to equity awards granted under the Amended and Restated Long-Term Incentive Plan, subject in all cases to approval at the special meeting. Pursuant to the authority granted to the LTIP Committee, the number of shares that may be issued pursuant to equity awards granted under the Amended and Restated Long-Term Incentive Plan has been changed to 3,000,00 (which represents an increase of approximately 1,735,200 from the number of shares available for issuance under the plan prior to the amendment).

Our board of directors is submitting the Amended and Restated Long-Term Incentive Plan as a single proposal to our stockholders for approval at the special meeting. Stockholder approval of the Amended and Restated Long-Term Incentive Plan is required by the rules of the NYSE.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE YOUR SHARES FOR THIS PROPOSAL 3. PROXIES RECEIVED BY OUR BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY IN THEIR PROXIES A CONTRARY CHOICE.

Summary of the Terms of the Amended and Restated Long-Term Incentive Plan

The following is a summary of the principal features of the Amended and Restated Long-Term Incentive Plan, including the amendment described above. The effective date of the amendment is May 16, 2018, provided that any awards made after that date and prior to the date on which the Amended and Restated Long-Term Incentive Plan is approved by our stockholders (sometimes referred to herein as Approval Date) will be subject to the terms and conditions of the 2006 Plan. A copy of the Amended and Restated Long-Term Incentive Plan is attached hereto as Annex D and is hereby incorporated into this proxy statement by reference. Stockholders are urged to read the actual text of the Amended and Restated Long-Term Incentive Plan in its entirety.

Types of Awards

The grant of a benefit or award under the Amended and Restated Long-Term Incentive Plan is referred to as an Award. The types of Awards that may be granted under the Amended and Restated Long-Term Incentive Plan are incentive stock options (ISOs), non-qualified stock options (NQOs), which together with ISOs are referred to collectively as Options), stock appreciation rights (SARs), Full Value Awards (including bonus stock, stock units, restricted stock, restricted stock units, deferred stock units, performance stock and performance stock units), and Cash Incentive Awards, each as described in more detail below.

Table of Contents

Administration of the Amended and Restated Long-Term Incentive Plan; Participation

The authority to control and manage the operation and administration of the Amended and Restated Long-Term Incentive Plan generally will be vested in a committee of our board of directors (the Committee), which is selected by our board of directors and must consist of two or more members of our board of directors and persons who are independent for purposes of applicable securities exchange listing requirements. Unless removed by our board of directors or unless said Committee no longer exists or does not satisfy the securities exchange listing requirements or for other reasons determined by our board of directors, our Compensation Committee will be the Committee for purposes of this Amended and Restated Long-Term Incentive Plan. If the Committee does not exist, or for any other reason determined by our board of directors, our board of directors may take any action under the Amended and Restated Long-Term Incentive Plan that would otherwise be the responsibility of the Committee; provided, however, that in the event that there is no Committee, only members of our board of directors who are independent directors will take action with respect to grants to employees. Any Award that is intended to constitute performance based compensation for purposes of Code Section 162(m) (Performance Based Compensation) will be administered by a Committee consisting solely of two or more outside directors within the meaning of Code Section 162(m).

Subject to the terms of the Amended and Restated Long-Term Incentive Plan, the Committee determines from among the Eligible Individuals (as defined below) who will receive Awards, the number of shares of Common Stock subject to the Awards and the exercise price and other terms of the Awards. The persons eligible to receive Awards (Eligible Individuals) are employees of Tenneco or its subsidiaries or other persons providing services to Tenneco or its subsidiaries and members of our board of directors; provided that ISOs may only be granted to an employee of Tenneco or certain of its corporate subsidiaries.

As of July 31, 2018, there were approximately 32,000 persons who would be considered Eligible Individuals for the purposes of the Amended and Restated Long-Term Incentive Plan, although under our existing policies there are only approximately 460 employee and non-employee director participants in the Amended and Restated Long-Term Incentive Plan. The consideration to be received by us for the granting of Awards under the Amended and Restated Long-Term Incentive Plan is service to Tenneco or its subsidiaries. An Eligible Individual who is granted an Award under the Amended and Restated Long-Term Incentive Plan is referred to as a Participant in the Amended and Restated Long-Term Incentive Plan.

Available Shares and Share Information; Limitations on Awards

If approval of the Amended and Restated Long-Term Incentive Plan is obtained, the total number of shares that will be available for issuance under the Amended and Restated Long-Term Incentive Plan will be equal to 3,000,000. Shares covered by an Award will only be counted as used to the extent they are actually used. A share of Common Stock issued in connection with any Award under the Amended and Restated Long-Term Incentive Plan will reduce the total number of shares under the Amended and Restated Long-Term Incentive Plan by one; provided that a share of Common Stock issued as a Full-Value Award under the Amended and Restated Long-Term Incentive Plan will reduce the total number of shares of Common Stock available for issuance under the Amended and Restated Long-Term Incentive Plan by 1.49. Any shares of Common Stock that (1) are subject to an Award under the Amended and Restated Long-Term Incentive Plan or (2) are subject to awards that were granted under the 2002 Plan and/or the 2006 Plan and that are outstanding on the Approval Date, in any case that terminate by reason of expiration, forfeiture, cancellation, or otherwise, without the issuance of such shares, or that are

Table of Contents

settled in cash (collectively referred to as Recycled Shares) will be available for grant under the Plan. Generally, Recycled Shares will be added back to the shares reserved for issuance under the Plan on a one for one basis; provided, however, that shares attributable to any Full Value Award granted under the 2006 Plan after May 13, 2009 and prior to May 15, 2013 will be added back on a 1.25 for one basis and Recycled Shares attributable to any Full Value Award granted under the 2006 Plan on and after May 15, 2013 and any Full Value Award granted under the Amended and Restated Long-Term Incentive Plan will be added back on a 1.49 for one basis. The maximum number of Recycled Shares attributable to awards granted under the 2002 Plan and the 2006 Plan that may be added to the shares reserved under the Amended and Restated Long-Term Incentive Plan may not exceed 1,000,000 (determined by applying the foregoing formula). Shares that are not issued or delivered as the result of the net settlement of an Option or SAR, shares used to pay the exercise price or withholding taxes relating to an Award or shares repurchased on the open market with the proceeds of the exercise price will not again be available for Awards under the Plan. To the extent provided by the Committee, any Award under the Amended and Restated Long-Term Incentive Plan may be settled in cash rather than shares of Common Stock.

The maximum number of shares that may be delivered under the Amended and Restated Long-Term Incentive Plan pursuant to ISOs is 2,300,000. For awards that are intended to constitute Performance-Based Compensation, including ISOs, the following limits will apply: (1) with respect to the grant of an Award to any one individual in any one calendar year, no more than 350,000 shares of Common Stock may be subject to any Options or SAR and no more than 200,000 shares of Common Stock may be subject to any Full Value Award, and (2) with respect to a Cash Incentive Award, the maximum amount payable to any Participant with respect to any twelve-month performance period will be \$8,000,000 (pro-rated for performance periods that are greater or lesser than twelve months). In the case of any Full Value Award or Cash Incentive Award that is intended to be Performance-Based Compensation, if the Award is denominated in Common Stock but an equivalent amount of cash is delivered in lieu of the shares, the foregoing individual limits will be applied based on the methodology used by the Committee to convert the number of shares of Common Stock to cash and if the delivery of shares of Common Stock or cash is deferred until after the Common Stock has been earned, any adjustment in the amount delivered to reflect actual or deemed earnings or other investment experience during the deferral period will be disregarded.

The shares with respect to which Awards may be made under the Amended and Restated Long-Term Incentive Plan will be shares of Common Stock currently authorized but unissued or currently held or, to the extent permitted by applicable law, subsequently acquired by Tenneco as treasury shares, including shares of Common Stock purchased in the open market or in private transactions.

As of July 31, 2018, we had an aggregate of 51,422,522 shares of Common Stock outstanding. The closing price per share of Common Stock on July 31, 2018, as reported by the NYSE, was \$46.10.

Options and SARs

The grant of an Option under the Amended and Restated Long-Term Incentive Plan entitles the Participant to purchase shares of Common Stock at an exercise price established by the Committee. The Committee also will determine whether an Option is an ISO or an NQO, provided that an Option will be deemed to be an NQO unless it is specifically designated by the Committee as an ISO and/or to the extent it does not otherwise satisfy the requirements for an ISO. A SAR

Table of Contents

entitles the Participant to receive, in cash or shares of Common Stock, value equal to the excess of: (i) the fair market value of a specific number of shares of Common Stock at the time of exercise; over (ii) an exercise price established by the Committee.

The Exercise Price of each Option and SAR granted is established by the Committee or determined by a method established by the Committee at the time the Option or SAR is granted; provided, however, that no Exercise Price may be less than 100% of the Fair Market Value (as determined in accordance with the Amended and Restated Long-Term Incentive Plan and generally equal to the average of the highest and lowest sale prices of a share of Common Stock on the date of the determination) of a share of Common Stock on the date of grant (or, if greater, the par value of a share of Common Stock).

The Exercise Price for any outstanding Option or SAR may not be decreased after the date of grant nor may an outstanding Option or SAR granted under the Amended and Restated Long-Term Incentive Plan be surrendered to Tenneco as consideration for the grant of a replacement Option or SAR with a lower exercise price or a Full Value Award (except for either adjustments related to the adjustment of shares or reductions in exercise price approved by our stockholders). Unless approved by our stockholders, no Option or SAR granted under the Amended and Restated Long-Term Incentive Plan may be surrendered to us in consideration for a cash payment if, at the time of surrender, the exercise price of the Option or SAR is greater than the then current fair market value of a share of Common Stock.

An Option and SAR may, but need not, be granted in tandem. If an Option is granted in tandem with a SAR, the exercise price of both the Option and the SAR will be the same, and the exercise of the corresponding tandem SAR or Option will cancel with corresponding tandem SAR or Option with respect to such share. If a SAR is granted in tandem with an option, but is granted after the grant of an Option, or if an Option is in tandem with a SAR but is granted after the grant of a SAR, the later granted tandem Award will have the same exercise price as the earlier granted Award, but in no event less than the fair market value of a share of Common Stock at the time of such grant.

The expiration date with respect to an Option or SAR will be established by the Committee at the time of the grant, but will not be later than the earliest to occur of the ten-year anniversary of the date on which the Option or SAR is granted or the following dates (unless otherwise determined otherwise by the Committee): (a) if the Participant's termination occurs by reason of death, disability or retirement, the three-year anniversary of the such termination; (b) if the Participant's termination occurs for reasons other than retirement, death, disability or cause, the termination date; and (c) if the Participant's termination occurs for reasons of cause, on the day preceding the Participant's termination date.

Options and SARs may be subject to such other terms and conditions, not inconsistent with the Amended and Restated Long-Term Incentive Plan, as determined by the Committee.

Full Value Awards and Cash Incentive Awards

A Full Value Award is a grant of one or more shares of Common Stock or a right to receive one or more shares of Common Stock in the future (including bonus stock, stock units, restricted stock, restricted stock units, deferred stock units, performance stock and performance stock units). As determined by the Committee: (i) the grant may be in consideration of a Participant's previously performed services or surrender of other compensation that may be due; (ii) the grant may be contingent on the achievement of performance or other objectives (including completion of service) during a specified period; (iii) the grant may be subject to a risk of forfeiture or other

Table of Contents

restrictions that will lapse upon the achievement of one or more goals relating to completion of service by the Participant or achievement of performance or other objectives. These awards may also be subject to other conditions or restrictions as determined by the Committee.

A Cash Incentive Award is the grant of a right to receive a payment of cash (or at the Committee's discretion, shares of Common Stock having value equivalent to the cash otherwise payable) that is contingent upon achievement of performance objectives over a specified time period established by the Committee.

Except for awards granted in lieu of other compensation and grants that are a form of payment of earned performance awards or other incentive compensation, if an employee's right to become vested in a Full Value Award is conditioned only upon completion of a period of a service with Tenneco (as opposed to achievement of specific performance objectives), then the required period of service for full vesting will be at least three years. If an employee's right to become vested in a Full Value Award is conditioned upon the achievement of performance targets or objectives, then the required vesting period will be at least one year. The applicable one year or three year vesting periods are subject to pro-rated vesting over the course of such three or one year periods as applicable, and to the acceleration of vesting in the event of the Participant's death, disability, involuntary termination, retirement or in connection with a change in control (as defined in the Amended and Restated Long-Term Incentive Plan).

Transferability

Except as otherwise provided by the Committee, Awards under the Amended and Restated Long-Term Incentive Plan are not transferable except as designated by the participant by will or by the laws of descent and distribution.

Certain Adjustments

In the event of a corporate transaction involving Tenneco (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the Committee will adjust the terms of the Amended and Restated Long-Term Incentive Plan and Awards to preserve the benefits or potential benefits of the Amended and Restated Long-Term Incentive Plan or the Awards as determined in the sole discretion of the Committee. Action by the Committee with respect to the Amended and Restated Long-Term Incentive Plan or Awards may include: (i) adjustment of the number and kind of shares which may be delivered under the Amended and Restated Long-Term Incentive Plan (including adjustments to the number and kind of shares that may be granted to an individual during a specified time); (ii) adjustment of the number and kind of shares subject to outstanding Awards; (iii) adjustment of the Exercise Price of outstanding Options and SARs; and (iv) any other adjustments that the Committee determines to be equitable (which may include, without limitation, (I) replacement of Awards with other Awards which the Committee determines have comparable value and which are based on stock of a company resulting from the transaction, and (II) cancellation of the Award in return for a cash payment of the current value of the Award, determined as though the Award is fully vested at the time of payment, provided that in the case of an Option or SAR, the amount of such payment may be the excess of the value of the Common Stock subject to the Option or SAR at the time of the transaction over the Exercise Price).

Amendment or Termination

Our board of directors may, at any time, amend or terminate the Amended and Restated Long-Term Incentive Plan, and may amend any award agreement thereunder, provided that no amendment or termination may, in the absence of written consent to the change by the affected participant (or, if the participant is not then living, the affected beneficiary), adversely affect the rights of any participant or beneficiary under any Award granted under the Amended and Restated Long-Term Incentive Plan prior to the date such amendment is adopted. Notwithstanding the foregoing, (i) no revision of the Amended and Restated Long-Term Incentive Plan will be made without stockholder approval, if such revision would constitute a material revision of the Amended and Restated Long-Term Incentive Plan for purposes of the rules of the NYSE or stockholder approval is otherwise required by applicable law, regulation or stock exchange rule, and (ii) except in connection with adjustments made on account of corporate transactions (as described above), the terms of outstanding Options or SARs may not be amended to reduce the exercise price and outstanding Options or SARs may not be cancelled in exchange for cash, other awards or Options or SARs with an exercise price that is less than the exercise price of the original Options or SARs without stockholder approval.

Change in Control

Upon the occurrence of a change in control, unless otherwise specifically prohibited under applicable laws, or by the rules and regulations of any applicable governmental agencies or national securities exchange, or unless the Committee will otherwise provide in any award agreement: (a) Options and SARs will become immediately vested and exercisable and will remain exercisable for the lesser of 36 months following such change in control or the remaining maximum term of such Award; (b) any period of restriction and restrictions imposed on Full Value Awards will lapse; and (c) the target payout opportunities attainable under Full Value Awards and Cash Incentive Awards will be deemed to have been fully earned as of the effective date of the change in control (based on an assumed achievement of all relevant targeted performance goals over any applicable performance period(s)) and each participant holding any such Award will be entitled to be paid in cash, within 30 days after the change in control, the total of the fair market value, determined as of immediately prior to such change in control, of any such Award held.

Performance-Based Compensation

Section 162(m) of the Code imposes a \$1 million limit on the amount that a publicly-traded corporation may deduct for compensation paid to the principal executive officer, the principal financial officer or one of the company's other three most highly compensated executives. Prior to 2018, Performance-Based Compensation was excluded from this \$1 million limitation. The Tax Reform and Jobs Act of 2017 (the Act) eliminated the ability of companies to rely on the Performance-Based Compensation exception and the \$1 million limitation on deductibility generally was expanded to include all named executive officers (including the principal financial officer). Accordingly, although the Amended and Restated Long-Term Plan continues to include provisions that were included in the 2006 Plan relating to Performance-Based Compensation, we do not believe that the Performance-Based Compensation exception from Section 162(m) of the Code will apply to future awards under the Amended and Restated Long-Term Incentive Plan. We do believe, however, that certain awards granted under the 2006 Plan prior to the changes made by the Act will continue to qualify for the Performance-Based Compensation exception and that certain Awards granted under the Plan will qualify for transition relief applicable to certain arrangements in place on November 2, 2017, subject in all cases to the Committee's ability to modify Awards.

Table of Contents**Securities Authorized for Issuance under Equity Compensation Plans**

The following table shows, as of June 30, 2018, information regarding outstanding awards available under our compensation plans (including individual compensation arrangements) under which our equity securities may be delivered:

Plan category	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights(1)(3)	(b) Weighted-average exercise price of outstanding options, warrants and rights	(c) Number of securities available for future issuance (excluding shares in column (a))(1)
Equity compensation plans approved by security holders:			
Stock Ownership Plan(2)	1,261	\$ 19.08	
2006 Long-Term Incentive Plan (as amended)	309,780	\$ 21.23	1,264,796

- (1) Reflects the number of shares of Common Stock. Does not include 215,547 shares that may be issued in settlement of common stock equivalent units that were (i) credited to outside directors as payment for their retainer and other fees or (ii) credited to any of our executive officers who have elected to defer a portion of their compensation. In general, these units are settled in cash. At the option of Tenneco, however, the units may be settled in shares of Common Stock.
- (2) This plan terminated as to new awards upon adoption of our 2006 Plan (except awards pursuant to commitments outstanding on that date).
- (3) Does not include 192,831 shares subject to outstanding restricted stock awards (vest over time), 261,417 shares subject to outstanding restricted stock units (vest over time) and 472,508 shares subject to outstanding performance share units that were issued at weighted average grant date fair values of \$53.08, \$54.51 and \$55.04, respectively, all as of June 30, 2018. Under this plan, as of June 30, 2018, a maximum of 848,856 shares remained available for delivery under full value awards (i.e., bonus stock, stock equivalent units, performance share units, restricted stock and restricted stock units).

Federal Income Tax Consequences

The following is a brief summary of the U.S. federal income tax rules relevant to Awards under the Amended and Restated Long-Term Incentive Plan, based upon the Code as currently in effect. These rules are highly technical and subject to change in the future, and the discussion does not purport to be a complete description of the tax aspects of

the Amended and Restated Long-Term Incentive Plan. Moreover, the following summary relates only to U.S. federal income tax treatment, and the state, local and foreign tax consequences may be substantially different.

ISOs. Generally, the grant of an ISO will not result in taxable income to the participant or a deduction for Tenneco. The exercise of an ISO will not result in taxable income to the participant or a deduction for Tenneco provided that the participant was, without a break in service, an employee of Tenneco and its eligible corporate subsidiaries during the period beginning on the date of the grant of the ISO and ending on the date three months prior to the date of exercise (one year prior to the date of exercise if the participant is disabled, as that term is defined in the Code).

Table of Contents

The excess of the fair market value of the shares of Common Stock at the time of the exercise of an ISO over the exercise price is an adjustment that is included in the calculation of the participant's alternative minimum taxable income for the tax year in which the ISO is exercised. For purposes of determining the participant's alternative minimum tax liability for the year of disposition of the shares of Common Stock acquired pursuant to the ISO exercise, the participant will have a basis in those shares of Common Stock equal to the fair market value of the shares of Common Stock at the time of exercise.

If the participant does not sell or otherwise dispose of the shares of Common Stock within two years from the date of the grant of the ISO or within one year after receiving the transfer of such shares of Common Stock, then, upon disposition of such shares of Common Stock, any amount realized in excess of the exercise price will be taxed to the participant as capital gain, and Tenneco will not be entitled to any deduction for Federal income tax purposes. The participant will recognize a capital loss to the extent that the amount realized is less than the exercise price.

If the foregoing holding period requirements are not met, the participant will generally realize ordinary income, and a corresponding deduction will be allowed to Tenneco, at the time of the disposition of the shares of Common Stock, in an amount equal to the lesser of (a) the excess of the fair market value of the shares of Common Stock on the date of exercise over the exercise price, or (b) the excess, if any, of the amount realized upon disposition of the shares of Common Stock over the exercise price. If the amount realized exceeds the value of the shares of Common Stock on the date of exercise, any additional amount will be capital gain. If the amount realized is less than the exercise price, the participant will recognize no income, and a capital loss will be recognized equal to the excess of the exercise price over the amount realized upon the disposition of the shares of Common Stock.

The exercise of an ISO through the exchange of previously acquired stock will generally be treated in the same manner as such an exchange would be treated in connection with the exercise of an NQO; that is, as a non-taxable, like-kind exchange as to the number of shares of Common Stock given up and the identical number of shares of Common Stock received under the Option. That number of shares of Common Stock will take the same basis and, for capital gain purposes, the same holding period as the shares of Common Stock that are given up. However, such holding period will not be credited for purposes of the one-year holding period required for the new shares of Common Stock to receive ISO treatment. Common Stock received in excess of the number of shares of Common Stock given up will have a new holding period and will have a basis of zero or, if any cash was paid as part of the exercise price, the excess shares of Common Stock received will have a basis equal to the amount of the cash. If a disqualifying disposition (a disposition before the end of the applicable holding period) occurs with respect to any of the shares of Common Stock received from the exchange, it will be treated as a disqualifying disposition of the shares of Common Stock with the lowest basis.

If the exercise price of an ISO is paid with shares of Common Stock acquired through a prior exercise of an ISO, gain will be realized on the shares of Common Stock given up (and will be taxed as ordinary income) if those shares of Common Stock have not been held for the minimum ISO holding period (two years from the date of grant and one year from the date of transfer), but the exchange will not affect the tax treatment, as described in the immediately preceding paragraph, of the shares of Common Stock received.

NQOs. Generally, the grant of an NQO will not result in taxable income to the participant or a deduction for Tenneco. Except as described below, the participant will realize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the shares of Common Stock acquired over the exercise price for those shares of Common Stock, and Tenneco

Table of Contents

will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of such shares of Common Stock will be treated as capital gains and losses, with the basis in such shares of Common Stock equal to the fair market value of the shares of Common Stock at the time of exercise.

The exercise of an NQO through the delivery of previously acquired Common Stock will generally be treated as a non-taxable, like-kind exchange as to the number of shares of Common Stock surrendered and the identical number of shares of Common Stock received under the Option. That number of shares of Common Stock will take the same basis and, for capital gains purposes, the same holding period as the shares of Common Stock that are given up. The value of the shares of Common Stock received upon such an exchange that are in excess of the number given up will be includible as ordinary income to the participant at the time of the exercise. The excess shares of Common Stock will have a new holding period for capital gain purposes and a basis equal to the value of such shares of Common Stock determined at the time of exercise.

SARs. Generally, a participant will not realize any taxable income upon the grant of a SAR and Tenneco will not be entitled to a deduction. Upon the exercise of the SAR, the participant will recognize ordinary income in an amount equal to the amount of cash and/or the fair market value, at the date of such exercise, of the shares of Common Stock received by the participant as a result of such exercise. Tenneco will generally be entitled to a deduction in the same amount as the ordinary income realized by the participant.

Full Value Awards. The federal income tax consequences of a Full Value Award will depend on the type of award. The tax treatment of the grant of shares of Common Stock depends on whether the shares are subject to a substantial risk of forfeiture (determined under Code rules) at the time of the grant. If the shares are subject to a substantial risk of forfeiture, the participant will not recognize taxable income at the time of the grant and when the restrictions on the shares lapse (that is, when the shares are no longer subject to a substantial risk of forfeiture), the participant will recognize ordinary taxable income in an amount equal to the fair market value of the shares at that time and Tenneco will be entitled to a corresponding deduction. If the shares are not subject to a substantial risk of forfeiture or if the participant elects to be taxed at the time of the grant of such shares under Code Section 83(b), the participant will recognize taxable income at the time of the grant of shares in an amount equal to the fair market value of such shares at that time, determined without regard to any of the restrictions and Tenneco will be entitled to a corresponding deduction. If the shares are forfeited before the restrictions lapse, the participant will be entitled to no deduction on account thereof. The participant's tax basis in the shares is the amount recognized by him or her as income attributable to such shares. Gain or loss recognized by the participant on a subsequent disposition of any such shares is capital gain or loss if the shares are otherwise capital assets.

In the case of other Full Value Awards, such as restricted stock units or performance stock units, the participant generally will not have taxable income and Tenneco will not be entitled to a deduction upon the grant of the award. Participants will generally recognize ordinary income and Tenneco will be entitled to a corresponding deduction when the award is settled. At that time, the participant will recognize taxable income equal to the cash or the then fair market value of the shares issuable in payment of such award, and such amount will be the tax basis for any shares received.

INFORMATION ABOUT FEDERAL-MOGUL

Business

Federal-Mogul is a diversified, global supplier of automotive products to a variety of end markets. Federal-Mogul has two business segments that principally focus on discrete markets, each with a chief executive officer reporting to the Federal-Mogul board of directors. Federal-Mogul's Powertrain segment, which we refer to as Powertrain in this proxy statement, focuses on original equipment powertrain products for automotive, heavy-duty, and industrial applications. Federal-Mogul's Motorparts segment, which we refer to as Motorparts in this proxy statement, sells and distributes a broad portfolio of products in the global vehicle aftermarket, while also serving original equipment manufacturers (OEMs) with vehicle products including brakes, wipers and, to a limited extent, chassis components.

For more than a century, Federal-Mogul has developed the innovative products its customers need to produce the next generation of vehicles and maintain the present vehicle population. Federal-Mogul is a preferred provider to its customers as a result of Federal-Mogul's global engineering, manufacturing, distribution and customer service capabilities. Federal-Mogul continues to develop new technologies that improve fuel economy, reduce emissions, and enhance durability, safety, and vehicle performance. As a result, Federal-Mogul believes that it is uniquely positioned to effectively manage the life cycle of a broad range of original equipment products and original equipment service products (OES, and, together with OEM, OE) and aftermarket products to a diverse customer base.

Federal-Mogul is a leading technology supplier and, by its estimates, a market share leader in several product categories. As of March 31, 2018, Federal-Mogul had OE products included on more than 400 global vehicle platforms and more than 1,000 global powertrains used in light, medium, and heavy-duty vehicles. Motorparts is one of the industry's largest aftermarket-focused suppliers, offering a range of maintenance and repair parts under more than 20 globally recognized brands, as well as numerous private label programs. Over the past several years, Federal-Mogul has made substantial investments to strengthen its long-term competitive position and the performance of each of its operating segments. Federal-Mogul has undertaken three significant acquisitions, as well as restructuring actions to improve its cost base and strategic initiatives to support its product offerings. These investments, largely funded through equity offerings supported by Federal-Mogul's parent, IEP, contributed to a significant improvement in its financial performance. Today, Federal-Mogul is focused on further capitalizing on its competitive strengths to drive profitable growth.

Federal-Mogul supplies OE customers with a wide variety of technologically innovative parts, substantially all of which are manufactured by Federal-Mogul. Federal-Mogul's OE customers consist of automotive light vehicle, medium and heavy-duty commercial vehicle manufacturers, as well as agricultural, off-highway, marine, railroad, aerospace, high-performance, power generation, and industrial application manufacturers. Federal-Mogul has well-established relationships with substantially all major American, European, and Asian automotive OE customers.

Federal-Mogul's aftermarket customers include independent warehouse distributors that redistribute products to local parts suppliers, distributors, engine rebuilders, retail parts stores, mass merchants, and service chains. The breadth of Federal-Mogul's product lines, the strength of its leading marketing expertise, a sizable sales force, and supply chain and logistics capabilities are central to Motorparts' success. Federal-Mogul has a large and diverse aftermarket customer base. No individual customer accounted for more than 10% of Federal-Mogul's net sales during the three months ended March 31, 2018 and the years ended December 31, 2017, 2016, or 2015.

Federal-Mogul has manufacturing facilities, technical centers, distribution centers, and warehouses in 24 countries and Powertrain and Motorparts derive sales from both domestic and international markets.

Table of Contents

Strategy: Federal-Mogul's strategy is to develop and deliver leading technology, innovation and service capabilities for its customers that result in market share expansion in the OE market and aftermarket. Federal-Mogul's strategy is designed to create sustainable global profitable growth by leveraging existing and developing new economic advantages, which consists primarily of the following:

Extending its global reach to support its OE and aftermarket customers, furthering its relationships with leading Asian OE customers and strengthening market share with U.S. and European OE customers.

Federal-Mogul conducts business with the majority of automotive OE customers, as well as leading automotive aftermarket distributors, retailers, and service providers around the world. Within the highly competitive automotive parts industry, Federal-Mogul enjoys and seeks to extend the significant advantages that come from its world-class global manufacturing, engineering and distribution footprint, and global sourcing capabilities. This footprint enables the design, production, and delivery of premium parts emphasizing quality, safety, and reliability virtually anywhere in the world and also supports the continual innovation of new products and technologies. As in previous years, Powertrain continued to expand its manufacturing capacity and footprint by building new or expanding existing plants, especially in low cost countries.

Recent acquisitions have also strengthened Federal-Mogul's global market position. The integration of the TRW Global Valvetrain business within Powertrain solidified Powertrain's position as a leading supplier of core engine components. The acquisitions of Honeywell and Affinia have also solidified Motorparts' position as a leading global provider of braking and chassis components. In late 2015, Federal-Mogul opened a new state-of-the-art wiper production facility in southeastern Romania serving both OE and aftermarket customers throughout Europe. Federal-Mogul is in the process of expanding production capacity and its manufacturing footprint for certain of its key product lines as well as broadening its aftermarket distribution footprint in growth markets.

Assess acquisition and investment opportunities that provide product line expansion, technological advancements, geographic positioning, penetration of emerging markets (including India and China) and market share growth.

Federal-Mogul continues to invest in the development of leading powertrain technologies for its customers. During 2016, Federal-Mogul began mass production of its market-leading DuroGlide® piston ring technology for both passenger cars and commercial trucks and are seeing rapidly growing demand from its customers. Federal-Mogul continued its investment in steel pistons for both heavy duty and passenger cars with significant growth and margin opportunities. During 2017, Powertrain acquired a development company based in the United Kingdom, Controlled Power Technologies (CPT), which enables Federal-Mogul to expand into the development and manufacture of powertrain technologies for electrification and hybridization that complement its existing capabilities.

In 2016, Motorparts completed an acquisition of a filter manufacturing business in Mexico to extend Federal-Mogul's product offerings in the global aftermarket and integrated Beck-Arnley®, a provider of premium OE quality parts and fluids to the North American aftermarket for foreign nameplate vehicles in North America, into Motorparts. Motorparts has also made investments to position Federal-Mogul to capitalize on the development of the independent aftermarket in the Asia Pacific region. Such investments include joint ventures in the region and continued build out of Federal-Mogul's Asia Pacific distribution capabilities such as two new distribution centers (DCs) opened in China in 2016 and a new Chassis and Engineering Center in China in 2017.

Leverage the strength of its global aftermarket leading brand positions, product portfolio and range, marketing and selling expertise, and distribution and logistics capabilities.

As Federal-Mogul expands its distribution and service capabilities globally, Federal-Mogul seeks to optimize the performance of its DCs through enhanced efficiencies in order to meet the world-class delivery performance its customers increasingly require. Federal-Mogul has made investments in its U.S. distribution network by enhancing its IT system, through its new multi-product DCs in California and Eastern Pennsylvania, and through the implementation of automated picking technology and a more efficient replenishment system with the objective of improving inventory visibility, availability, and lowering costs. Federal-Mogul also made investments in its DC network in Belgium and China and recently opened a DC in Hungary.

Federal-Mogul is focused on marketing the advantages of its quality branded aftermarket products through multiple media outlets, including an expanded digital platform. Federal-Mogul continues to invest in the development of differentiated products offering enhanced safety, performance, and reliability. Federal-Mogul has also launched a series of Tech First initiatives to provide online, on-demand, and onsite technical training and support to vehicle repair technicians who use and install its products. This initiative included the opening of Garage Gurus, a nationwide technical education network consisting of 12 technical support centers and a fleet of mobile training vans in major U.S. markets; a repair shop engagement program in France and Germany; and the opening of its first technical training and support center in China.

Aggressively pursue cost competitiveness in all business segments by continuing to drive productivity in existing operations, consolidating and relocating manufacturing operations to low-cost countries, utilizing its strategic alliances, and rationalizing business resources and infrastructure.

Federal-Mogul operates within competitive industries and its management teams continuously analyze opportunities to reduce costs and improve productivity. Federal-Mogul also takes a disciplined approach in evaluating investment or growth opportunities. Federal-Mogul assesses individual opportunities to execute its strategy based upon estimated sales and margin growth, cost reduction potential, internal investment returns, and other criteria, and make investment decisions on a case-by-case basis. Opportunities meeting or exceeding benchmark return criteria may be undertaken through existing operations, consolidating and relocating operations to low-cost countries, internal development activities, acquisitions, strategic alliances or other means.

Each of Federal-Mogul's business units engage in engineering, and research and development efforts and work closely with customers to develop custom solutions to meet their needs. Total expenditures for research and development activities, including product engineering and validation costs, were \$53 million for three months ended March 31, 2018 and \$195 million, \$192 million, and \$189 million for the years ended December 31, 2017, 2016, and 2015.

Consolidated and Nonconsolidated Affiliates.

Federal-Mogul forms certain affiliations, including joint ventures, to gain share in emerging markets, facilitate the exchange of technical information and development of new products, extend current product offerings, provide best cost manufacturing operations, broaden its customer base, and pursue strategic alternatives. Federal-Mogul believes certain of these affiliations have provided, and will continue to provide, opportunities to expand business relationships with Asian and other customers and partners operating in the India and China growth markets. Federal-Mogul is currently involved in 38 such affiliations located in 14 different countries throughout the world, including China, India, Korea, Russia, Turkey, Thailand, and the U.S. Of these affiliations, Federal-Mogul maintains a controlling interest in 20 entities and, accordingly, the financial results of these entities are included in its consolidated financial statements. Federal-Mogul has a noncontrolling interest in 18 of its affiliates, of which 12 are accounted for under the equity method and 6 are accounted for under the cost method. Federal-Mogul does not consolidate any entity for which it has a variable interest based solely on power to direct the activities and significant participation in the entity's expected results that would not otherwise be consolidated based on control through voting interests. Further, Federal-Mogul's affiliations are businesses established and maintained in connection with its operating strategy.

Net sales for Federal-Mogul's 20 consolidated affiliates were approximately 5% of consolidated net sales for the three months ended March 31, 2018, and for each of the years ended December 31, 2017, 2016, and 2015. Federal-Mogul's investments in nonconsolidated affiliates totaled \$312 million, \$324 million and \$270 million as of March 31, 2018 and December 31, 2017 and 2016, and the equity in earnings (net of tax) of such affiliates amounted to \$20 million for the three months ended March 31, 2018 and \$68 million, \$59 million, and \$56 million for the years ended December 31, 2017, 2016, and 2015.

Acquisitions.

On November 16, 2017, Federal-Mogul completed the acquisition of substantially all of the assets of a company based in the United Kingdom, CPT, focused on developing powertrain and driveline electrification technologies to reduce emissions and improve efficiency, for a purchase price of \$8 million.

On December 1, 2016, Federal-Mogul acquired the assets and liabilities of IEH BA LLC (Beck Arnley), an entity owned by a subsidiary of IEP. Beck Arnley is a provider of premium OE quality parts and fluids for foreign nameplate vehicles in North America and was acquired for a purchase price of \$14 million, which included \$7 million paid in cash on the date of acquisition and a \$7 million non-interest bearing note maturing on June 1, 2018. Beck Arnley's products complement the foreign nameplate coverage of Federal-Mogul's current aftermarket offerings, while adding several new product lines, including fluids, engine management, cooling, electrical parts, and electronic components.

On May 26, 2016, Federal-Mogul completed the acquisition of the assets of a filter manufacturing business in Mexico, which primarily serves the Mexican market, for a purchase price of \$25 million, net of cash acquired.

Table of Contents

On February 6, 2015, Federal-Mogul completed the acquisition of certain assets of the TRW valvetrain business through a combination of asset and stock purchases for a purchase price of approximately \$309 million. On July 7, 2015, Federal-Mogul completed the purchase of certain additional business assets of the TRW valvetrain business through stock purchases for a base purchase price of approximately \$56 million. The purchase included a \$25 million noncontrolling interest related to a 66% stake in a majority owned entity that Federal-Mogul consolidates in its financial statements. The acquisition of TRW's valvetrain business adds a completely new product line to Federal-Mogul's portfolio, strengthens its position as a leading developer and supplier of core components for engines, and enhances Federal-Mogul's ability to support its customers to improve fuel economy and reduce emissions.

Divestitures.

In connection with its strategic planning process, Federal-Mogul assesses its operations for market position, product technology and capability, and profitability. Those businesses determined by Federal-Mogul management not to have a sustainable competitive advantage are considered non-core and may be considered for divestiture or other exit activities.

In September 2017, Federal-Mogul entered into an agreement to sell all tangible assets of a manufacturing location and technical center in the Powertrain segment for a sale price of \$13 million. The sale closed in the fourth quarter of 2017.

In December 2016, Federal-Mogul entered into an agreement to sell 80.1% of the shares of one of its subsidiaries in Brazil in the Motorparts segment for a sale price of one Brazilian real. The sale closed in the first quarter of 2018.

During 2015, Federal-Mogul entered into a share agreement to sell 100% of the shares of one of its subsidiaries in the Powertrain segment for a sale price of one euro. Prior to December 31, 2015, Federal-Mogul contributed \$12 million in cash to the subsidiary. The sale closed on January 1, 2016.

See Note 6, *Held for Sale and Discontinued Operations*, included in the audited consolidated financial statements of Federal-Mogul incorporated by reference into this proxy statement.

Restructuring Activities.

Federal-Mogul's restructuring activities are undertaken as necessary to execute its management's strategy and streamline operations, consolidate and take advantage of available capacity and resources, to ultimately achieve net cost reductions and productivity improvements. Restructuring activities include efforts to integrate and rationalize Federal-Mogul's businesses, and to relocate operations to best cost markets.

During the three months ended March 31, 2018, Federal-Mogul recorded less than \$1 million in net restructuring expense. During the years ended December 31, 2017, 2016, and 2015, Federal-Mogul recorded \$21 million, \$27 million and \$92 million in net restructuring expenses.

Federal-Mogul's restructuring activities are further discussed in *Management's Discussion and Analysis of Financial Condition and Results of Operations* and Note 3, *Restructuring Charges and Asset Impairments, Net*, included in the unaudited condensed consolidated and audited consolidated financial statements of Federal-Mogul incorporated by reference into this proxy statement.

Table of Contents

The following table sets forth a description of the principal products manufactured and/or sold by Powertrain:

Product	Description
Pistons	Pistons convert the energy created by the combustion event into mechanical energy to drive the car; pistons can be made from aluminum or steel, both casted and forged; highly efficient engines impose high demands on pistons in terms of rigidity and temperature resistance.
Piston Rings	Piston rings are mounted on the piston to seal the combustion chamber while the piston is moving up and down; modern rings need to resist high temperature and very abrasive environments without significant wear; rings are critical for low oil consumptions.
Valve Seats and Guides	Valve seats and guides are produced from powdered metal based on sophisticated metal-ceramic structures to meet extreme requirements for hardness.
Bearings	Bearings provide the low-friction environment for rotating components like crankshafts and camshafts; modern bearings are able to deal with very low viscosity oil even in highly repetitive motions like in stop/start-conditions.
Spark Plugs	Modern spark plugs for engines fueled by gasoline or natural gas have to ignite fuel even at very high combustion pressure and with very lean fuel-air mixture combined with extended life expectation well over 100,000 miles for turbo-charged engines.
Valvetrain Products	Valvetrain products include mainly engine valves but also retainers, rotators, cotters, and tappets for use in both diesel and gas engines; the most demanding applications require sodium-filled hollow valves for fast heat dissipation.

System Protection

System protection products include protection sleeves for wire harness and for oil and water tubes as well acoustic and EMI/RFI shielding, heat and abrasion protection, and safety/crash protection for cables and tubes for engines and cars.

Seals and Gaskets

Cylinder-head gaskets and other hot and cold gaskets are sealing engines and engine components; dynamic and static seals protecting rotating engine and transmission components against oil and gas leakages. Such seals and gaskets are made from high-alloyed steel as well as from sophisticated rubber and polymers.

Motorparts. Motorparts engineers, manufactures, sources and distributes a broad portfolio of products in the global vehicle aftermarket while also serving the OE/OES markets with products including braking, wipers, and a limited range of chassis components. Motorparts products are designed to enhance safety, durability, and vehicle performance, while providing ease of installation. Motorparts products are utilized in vehicle braking systems and also include a wide variety of chassis, engine, sealing, wiper, filter, lighting, battery, and other general maintenance applications. Motorparts uses market analytics, supply chain expertise, brand and product line management, innovative technology, manufacturing, sourcing, and distribution capabilities to satisfy its customers requirements. No customer accounted for more than 8% of Motorparts revenue for the three months ended March 31, 2018 and for the years ended December 31, 2017, 2016, and 2015.

Industry

The automotive light vehicle market, as well as the medium and heavy-duty commercial market, is comprised of two primary segments: the OE market, in which Federal-Mogul's products are used in the manufacture of new vehicles and OES, and the global aftermarket, in which Federal-Mogul's products are used as replacement parts for all vehicles in operation in any particular market.

The OE Market.

Demand for component parts in the OE market is generally a function of the number of new vehicles / engines produced, which is driven by macroeconomic conditions and other factors such as fuel prices, consumer confidence, employment trends, regulatory requirements, and trade agreements. Although OE demand is tied to planned vehicle production, parts suppliers also have the opportunity to grow by increasing their product content per vehicle, by increasing market share and by expanding into new or emerging markets. Companies like Federal-Mogul, with a global presence, leading technology and innovation, and advanced product engineering, manufacturing, and customer support capabilities are best positioned to take advantage of these opportunities.

Table of Contents

There are currently several significant trends affecting the OE market, including the following:

- Global production The global light and commercial vehicle production in developed markets was as follows:

	Global Light and Commercial Vehicle Production	
	2017	2016
	(millions of vehicles)	
Americas	21.1	21.1
EMEA	25.4	24.3
Asia	51.9	50.2

- Automotive supply consolidation Consolidation within the automotive supply base is expected to continue. Consolidation is needed to increase economies of scale and enhance global capabilities to serve vehicle manufacturers that are increasingly global in their production. Suppliers will seek opportunities to achieve synergies in their operations through consolidation, while striving to acquire complementary businesses to improve global competitiveness or to strategically enhance a product offering to global customers.
- Globalization of automotive industry OE customers are increasingly designing global platforms where the basic design of the vehicle is performed in one location, but the vehicle is produced and sold in numerous geographic markets to realize significant economies of scale by limiting variations across product designs and

geographic regions. While developed markets in North America and Europe continue to remain important to OE customers, increased focus is being placed upon expanded design, development, and production within emerging markets for growth opportunities, especially in India and China. As a result, suppliers must be prepared to provide product and technical resources to support their customers within these emerging markets. Finally, Asian OE customers continue to expand their reach and market share in relation to traditional American and European manufacturers. As this trend is expected to continue into the foreseeable future, suppliers must be geographically and technologically positioned to meet the needs of the Asian OE customers.

· Focus on fuel economy, reduced emissions and alternative energy sources Increased fuel economy and decreased vehicle emissions are of great importance to OE suppliers, as customers, consumers and legislators continue to demand more efficient and cleaner operating vehicles. Increasingly stringent fuel economy standards and environmental regulations are driving OE customers to focus on new technologies including downsized, higher-output and turbocharged gasoline and diesel engines, and hybrid electric and pure electric powertrains, such as fuel cell and battery powered cars. Powertrain, with a manufacturing presence in 19 countries, is well positioned to meet expectations of its global customers. For the foreseeable future, it is expected that gasoline and diesel engines will remain the dominant powertrain for cars (including hybrids), heavy-duty, and industrial applications. Powertrain is equally capable of providing components for both gasoline and diesel engines.

· Focus on vehicle safety Vehicle safety continues to receive industry attention by OE manufacturers as consumers view safety as a fundamental driver in their purchasing decisions and legislation views improved vehicle safety as a public health issue. Accordingly, OE customers are seeking suppliers with new technologies, capabilities and products that have the ability to advance vehicle safety. Suppliers, like Federal-Mogul, that are able to enhance vehicle safety through innovative products and technologies have a distinct competitive advantage.

Table of Contents

- **Barriers to entry** Suppliers in the automotive industry compete based on a multitude of factors such as technology, price, product quality, delivery, customer service, and the breadth of products offered. Smaller or start-up companies in the industry have difficulty achieving the scale necessary to challenge already established firms, like Federal- Mogul. Large amounts of capital would be required to build and optimize a competitive manufacturing and distribution footprint. The complexity of industry stock-keeping units (SKUs) requires lean systems, excellent logistics, and inventory management, all of which require time to optimize. Furthermore, the global nature of these businesses requires a broad international footprint and supply chain. Competitors in Federal-Mogul s industry leverage their global infrastructure in multiple functions including sourcing, research and development, and manufacturing.
- **Cost-competitive operating environment** The automotive industry is very competitive. Suppliers must continually identify and implement product innovation, productivity measures, and cost reduction actions to lower costs while maintaining superior product quality. Large suppliers with a global manufacturing and engineering footprint, like Federal-Mogul, are in the best position to be cost-competitive without sacrificing product quality, delivery or service.
- **Raw material cost fluctuations** The global prices of certain inputs used in Federal-Mogul s industry, such as aluminum, copper, lead, nickel, platinum, resins, steel, other base raw materials, as well as energy, can fluctuate significantly. In some cases, higher input costs can be passed on to Federal-Mogul s customers through price escalator agreements. However, Federal-Mogul is required to continue to identify leading design and innovative technological solutions and material substitution options to mitigate the effect of higher costs to Federal-Mogul and its customers.
- **Energy, industrial and transport markets** Customers in these markets for industrial engine applications continue to develop engines with higher efficiencies and lower emissions. This includes engines for mining, agriculture, railway, marine, and military applications. Federal-Mogul s ability to utilize its automotive expertise also positions Federal-Mogul well to service specialized markets.

The Aftermarket Business. Products for the global vehicle aftermarket are sold directly to a wide range of warehouse distributors, retail parts stores, and mass merchants that distribute these products to customers ranging from professional service providers to do-it-yourself consumers. In some cases, Motorparts sells its products directly to professional service chains. Demand for aftermarket products historically has been driven by three primary factors: (i) the number of vehicles in operation; (ii) the average age of vehicles in operation; and (iii) vehicle usage trends. These factors, while applicable in all regions, vary depending on the composition of the vehicle population and other factors, which are discussed in greater detail below:

- **Number of vehicles in operation** The global vehicle population is expected to grow to 1.4 billion by 2019 and 1.6 billion by 2023. Growth in certain emerging markets, such as China, is increasing at the highest rate, while more mature markets are expected to continue to remain stable or to grow modestly in size, indicating new car sales are well beyond the replacement rate for scrapped vehicles.
- **Increase in average age of vehicles and usage** The average age of light vehicles on the road in the U.S. has increased since 2002 from 9.6 years to an estimated 11.7 years in 2017. The North American average is

expected to continue to increase to an estimated 12.4 years by 2023. The average age of vehicles on the road in Western Europe has also steadily increased over the past decade to 10 years with a slight increase projected through 2023. These trends will drive the need for maintenance and repair work, thereby increasing the overall demand for aftermarket replacement parts in both markets. The average age of vehicles on the road in China is just under five years and is expected to increase to over six years by 2022. Federal-Mogul believes this will lead to continuing significant growth in the China aftermarket.

Table of Contents

- **Focus on vehicle safety and quality** Most of Federal-Mogul's aftermarket products are safety-related and directly affect vehicle performance. Product quality, reliability, and consistency are paramount to Federal-Mogul's aftermarket end-customers, the majority of whom are professional service technicians.
- **Managing complexity** Federal-Mogul operates in a highly fragmented and dynamic industry and is among the few large aftermarket-focused suppliers globally. The increasing global vehicle population, brand and vehicle complexity, the need for rapid new part introduction, as well as new distribution channels (including online) continue to drive significant SKU proliferation and business complexity. Motorparts' recent investments in its supply chain and information technology capabilities are designed to manage this complexity, which Federal-Mogul believes will be an important competitive differentiator.
- **Channel consolidation** In the more mature markets of the U.S. and western Europe, there has been increasing consolidation in the aftermarket distribution channel with larger aftermarket distributors and retailers gaining market share. These distributors generally require larger, more capable suppliers that have the ability to provide world-class product expertise, category management capabilities, brand management and supply chain support, as well as a competitive manufacturing and sourcing network. However, channel consolidation also can reduce Motorparts' pricing power. As a result, Motorparts has undertaken many initiatives to support the value of its branded products to end-market customers and diversify its revenue base.
- **Growth of online capabilities** Reaching consumers directly through online capabilities, including e-commerce, is expected to have an increasing effect on the global aftermarket industry and how aftermarket products are marketed and sold. The establishment of a robust online presence will be critical for suppliers regardless of whether they intend to participate directly in e-commerce. Since 2014, Motorparts has invested heavily in online initiatives to improve its capabilities and connectivity to its end-customers, including a new online order management system, customer relationship management tools, global brand websites, and data analytics capabilities. Motorparts will continue to invest in these competencies. Additionally, consumers increasingly are utilizing online research prior to making buying or repair decisions. Motorparts will continue to expand its online presence in order to connect with its customers and more effectively communicate the value of its premium aftermarket brands.
- **Increase in private label brands and low-cost country imports** In most of Motorparts' markets, there has been an increase in private label or store brands sold by retailers and distributors at a lower price point than premium brands of the same products. However, in many cases, retailers or wholesale distributors creating private label brands still rely on established suppliers, like Motorparts, to design and manufacture their private label products and, in some cases, utilize co-branding to support their private label offerings. Motorparts will continue to invest in product innovation, marketing and brand support that differentiate its premium branded products for their quality while also supporting lower priced, mid-grade offerings. Additionally, Motorparts will continue to drive productivity and cost reduction efforts and enhance its already strong global sourcing capabilities to remain competitive in each product tier.

Competition

The global vehicular parts business is highly competitive. Federal-Mogul competes with many independent manufacturers and distributors of component parts globally. In general, competition for sales is based on price,

product quality, technology, delivery, customer service, and the breadth of products offered by a given supplier. Federal-Mogul is meeting these competitive challenges by developing leading technologies, efficiently integrating and expanding its manufacturing and distribution operations, widening its product coverage within its core

Table of Contents

businesses, restructuring its operations and transferring production to best cost countries, and utilizing its worldwide technical centers to develop and provide value-added solutions to its customers. A summary of Federal-Mogul's primary independent competitors by reporting segment is set forth below.

- **Powertrain** Primary competitors include AGM Automotive, Art Metal, Bergmann, BinZou, Bleistahl, Bosch, Daido, Dana, Dana-Reinz, Delfingen, Denso, DongYang, ElringKlinger, FNOK, Freudenberg, Kaco/Sabo, Kolbenschmidt, Mahle, Miba, NGK, NOK, NPR, Relats, Sinteron, SKF, Taiho, and Vitrica.
- **Motorparts** Primary competitors include Akebono Brake Corporation, Autolite, Brake Parts Inc., Bosch Group, Centric Parts, Crowne Group LLC, Delphi Technologies, Denso Corporation, Dorman Products, Inc., GRI Engineering and Development LLC (MAT Holdings, Inc.), Mahle GmbH, Mevotech Inc., NGK Spark Plug Co., Ltd., NTN Bearing Corporation, Neapco Inc., Old World Industries, LLC, Phillips Industries, Pylon Manufacturing Corporation, Rain-X (ITW Global Brands), SKF Group, Osram Sylvania Ltd., The Timken Company, Valeo Group, Dana Corporation (Victor Reinz brand), and ZF TRW Automotive Holdings Corp.

Backlog

For OE customers, Federal-Mogul generally receives purchase orders for specific products supplied for particular vehicles. These supply relationships typically extend over the life of the related vehicle, subject to interim design and technical specification revisions, and do not require the customer to purchase a minimum quantity. In addition to customary commercial terms and conditions, purchase orders generally provide for annual price reductions based upon expected productivity improvements and other factors. Customers typically retain the right to terminate purchase orders, but Federal-Mogul generally cannot terminate purchase orders. OE order fulfillment is typically manufactured in response to customer purchase order releases, and Federal-Mogul ships directly from a manufacturing location to the customer for use in vehicle production and assembly. Accordingly, Federal-Mogul's manufacturing locations turn finished goods inventory relatively quickly, producing from on-hand raw materials and work-in-process inventory within relatively short manufacturing cycles. Significant risks to Federal-Mogul include a change in engine production, driven by mix changes, for powertrain components (e.g. a change from diesel to gasoline engines), lower than expected vehicle or engine production by one or more of its OE customers, or termination of the business based upon perceived or actual shortfalls in delivery, quality or value.

For its global aftermarket customers, Motorparts generally establishes product line arrangements that encompass substantially all parts offered within a particular product line. In some cases, Motorparts will enter into agreements with terms ranging from one to three years that cover one or more product lines with fixed prices. Pricing is market responsive and subject to adjustment based upon competitive pressures, material costs, and other commercial factors. Global aftermarket order fulfillment is largely performed from finished goods inventory stocked in its worldwide distribution network. Inventory stocking levels in its distribution centers are established based upon historical and anticipated future customer demand.

Although customer programs typically extend to future periods, and although there is an expectation Federal-Mogul will supply certain levels of OE production over such periods, Federal-Mogul believes outstanding purchase orders and product line arrangements do not constitute firm orders. The dollar amount of such purchase order releases on hand and not processed at any point in time is not believed to be significant based upon the time frame involved.

Raw Materials and Suppliers

Federal-Mogul purchases various raw materials and component parts for use in its manufacturing processes, including ferrous and non-ferrous metals, non-metallic raw materials, stampings, castings, and forgings. Federal-Mogul also purchases parts manufactured by other manufacturers for sale in the aftermarket. Federal-Mogul has not experienced any significant shortages of raw materials, components or finished parts and normally does not carry inventories of raw materials or finished parts in excess of those reasonably required to meet its production and shipping schedules. No outside supplier provided products that accounted for more than 5% of Federal-Mogul's purchases during the year ended December 31, 2017.

Insight Portfolio Group LLC Related Party

Insight Portfolio Group, LLC (Insight) is an entity formed and controlled by Mr. Icahn in order to maximize the potential buying power of a group of entities with which Mr. Icahn has a relationship in negotiating with a wide range of suppliers of goods, services, and tangible and intangible property at negotiated rates. Federal-Mogul acquired a minority equity interest in Insight and agreed to pay a portion of Insight's operating expenses beginning in 2013. In addition to the minority equity interest held by Federal-Mogul, certain subsidiaries of IEP and other entities with which Mr. Icahn has a relationship also acquired equity interests in Insight and also agreed to pay certain operating expenses. Federal-Mogul's payments to Insight were less than \$0.5 million during the three months ended March 31, 2018, and the year ended December 31, 2017 and 2016.

Related Parties

On June 1, 2015, a subsidiary of IEP completed an acquisition of substantially all of the assets of Uni-Select USA, Inc. and Beck Arnley Worldparts, Inc., comprising the U.S. automotive parts distribution of Uni-Select Inc. (Uni-Select). Subsequent to the acquisition, Uni-Select changed its name to Auto Plus. Auto Plus is operated independently from Federal-Mogul and all transactions are approved by independent directors of Federal-Mogul. In connection with the acquisition, Mr. Icahn resigned from the Federal-Mogul board of directors and Federal-Mogul's then Co-Chief Executive Officer, Daniel A. Ninivaggi, resigned from the board of directors of IEP. Mr. Ninivaggi subsequently left his officer and director positions with Federal-Mogul to become Chief Executive Officer of Icahn Automotive Group LLC.

On February 3, 2016, a subsidiary of IEP acquired a majority of the outstanding shares of Pep Boys Manny, Moe & Jack (Pep Boys), a leading aftermarket provider of automotive service, tires, parts and accessories across the U.S. and Puerto Rico. On February 4, 2016, the acquisition of the remaining outstanding shares of Pep Boys was completed. Pep Boys is operated independently from Federal-Mogul and transactions with Pep Boys are approved by Federal-Mogul's audit committee in accordance with its policy regarding related party transactions.

Seasonality of Federal-Mogul's Business

Federal-Mogul's business is moderately seasonal because many North American OE customers typically close assembly plants for two weeks in July for model year changeovers and for an additional week during the December holiday season. OE customers in Europe historically shut down vehicle production during portions of July and August and one week in December. Shut-down periods in the rest of world generally vary by country. The aftermarket experiences seasonal fluctuations in sales due to demands caused by weather and driving patterns. Historically, Federal-Mogul's sales and operating profits have been the strongest in the second quarter.

Employee Relations

Federal-Mogul had approximately 55,600 employees as of March 31, 2018. Various unions represent approximately 32% of Federal-Mogul's U.S. hourly employees and approximately 79% of Federal-Mogul's non-U.S. hourly employees. With the exception of two facilities in the U.S., most of Federal-Mogul's unionized manufacturing facilities have their own contracts with their own expiration dates and, as a result, no contract expiration date affects more than one facility.

Effect of Environmental Regulations

Federal-Mogul's operations, consistent with those of the manufacturing sector in general, are subject to numerous existing and proposed laws, and governmental regulations designed to protect the environment, particularly regarding plant wastes and emissions, and solid waste disposal. Capital expenditures for property, plant, and equipment for environmental control activities did not have a material effect on Federal-Mogul's financial position or cash flows during the three months ended March 31, 2018 and the year ended December 31, 2017 and are not expected to have a material effect on its financial position or cash flows for the remainder of 2018.

Intellectual Property

Federal-Mogul holds in excess of 6,500 patents and patent applications on a worldwide basis, of which more than 1,200 have been filed in the U.S. Of the approximately 6,500 patents and patent applications, approximately 30% are in production use and/or are licensed to third parties, and the remaining 70% are being considered for future production use or provide a strategic technological benefit to Federal-Mogul.

Federal-Mogul does not materially rely on any single patent, nor will the expiration of any single patent materially affect its business. Federal-Mogul's current patents expire over various periods into the year 2040. Federal-Mogul is actively introducing and patenting new technology to replace formerly patented technology before the expiration of the existing patents. In the aggregate, Federal-Mogul's worldwide patent portfolio is materially important to its business because it enables Federal-Mogul to achieve technological differentiation from its competitors.

Federal-Mogul also maintains more than 6,600 active trademark registrations and applications worldwide.

Segment Reporting Data

Operating segment data and principal geographic area data for the three months ended March 31, 2018 and for the years ended December 31, 2017, 2016, and 2015 are summarized in Note 17 and Note 20, *Operations by Reporting Segment*, included in the unaudited condensed consolidated and audited consolidated financial statements of Federal-Mogul incorporated by reference into this proxy statement.

Executive Overview

Federal-Mogul's Business

Federal-Mogul is a diversified, global supplier of automotive products to a variety of end markets. Federal-Mogul has two business segments that principally focus on discrete markets, each with a chief executive officer reporting to the Federal-Mogul board of directors. Powertrain focuses on OE powertrain products for automotive, heavy-duty and industrial applications. Motorparts sells and distributes a broad portfolio of products in the global vehicle aftermarket, while also serving OEMs with vehicle products including brakes, wipers and, to a limited extent, chassis components.

For more than a century, Federal-Mogul has developed the innovative products its customers need to produce the next generation of vehicles and maintain the present vehicle population. Federal-Mogul is a preferred provider to its customers as a result of its global engineering, manufacturing, distribution and customer service capabilities. Federal-Mogul continues to develop new technologies that improve fuel economy, reduce emissions and enhance durability, safety and vehicle performance. As a result, Federal-Mogul believes that it is uniquely positioned to effectively manage the life cycle of a broad range of OE products and OES and aftermarket products to a diverse customer base.

Financial Results for the Three Months Ended March 31, 2018

Consolidated net sales were \$2,099 million, an increase of \$124 million, or 6.3%. For the three months ended March 31, 2018:

- Net income attributable to Federal-Mogul was \$26 million, down from \$49 million, primarily driven by a decrease in gross profit of \$16 million and an increase in selling, general, and administrative expenses of \$14 million, which included an increase in depreciation expense of \$5 million.

Total debt, including short-term debt and current portion of long-term debt, increased by \$37 million primarily due to the unfavorable effects of foreign exchange on the Euro Notes (as defined below). On February 23, 2018, Federal-Mogul renegotiated its revolving line of credit in the U.S. which resulted in an increase in its borrowing capacity of \$25 million and an extension of the maturity date to February 23, 2023. Federal-Mogul had \$247 million of cash and \$416 million of availability under its credit facilities at March 31, 2018.

The increase was primarily driven by a 5.8% increase in sales volumes of \$434 million (which included a \$39 million benefit from acquisitions) and a favorable effect of foreign currency exchange of \$58 million. This was partially offset by a \$47 million unfavorable effect of other which primarily consists of commercial actions and customer pricing.

Cost of products sold was \$6,688 million for the year ended December 31, 2017, an increase of \$400 million or 6.4%. Gross profit increased by \$45 million to \$1,191 million or 15.1% of sales, for the year ended December 31, 2017 compared to \$1,146 million, or 15.4% of sales, for the year ended December 31, 2016. The increase was primarily driven by the favorable effects of higher sales volumes (net of changes in mix) of \$122 million, which includes the effect from acquisitions. This was partially offset by the unfavorable effects of net performance and other of \$68 million, which is mainly driven by pricing, and depreciation, and a \$9 million unfavorable effect of foreign currency exchange.

For the year-ended December 31, 2017:

- Net income attributable to Federal-Mogul was \$350 million which included restructuring charges and asset impairments, net of \$37 million, goodwill and intangible impairment expense, net of \$11 million, and a \$190 million income tax benefit.
- Restructuring charges and asset impairments, net were comprised of \$15 million related to Powertrain and \$22 million related to Motorparts. This charge includes \$21 million of costs related to severance and other charges, net primarily focused on optimizing Federal-Mogul's cost structure. The charges include severance related costs and other charges of \$10 million in EMEA, \$7 million in North America, and \$4 million in ROW. In addition, there was \$3 million in asset impairments in North America, and \$4 million in ROW for Motorparts and \$9 million in asset impairments in EMEA for Powertrain.

Table of Contents***Recent Trends and Market Conditions***

There is inherent uncertainty in the continuation of the trends discussed below. In addition, there may be other factors or trends that can have an effect on Federal-Mogul's business. Federal-Mogul's business and operating results are affected by the relative strength of:

General economic conditions: Federal-Mogul's OE business is directly related to automotive sales and automotive vehicle production by its customers. Automotive sales depend on a number of factors, including global and regional economic conditions. Demand for aftermarket products is driven by three primary factors including: the number of vehicles in operation; the average age of vehicles; and vehicle usage trends (primarily distance traveled).

Global vehicle production levels: Global light vehicle production increased by 0.9% in the three months ended March 31, 2018. European light vehicle production rose 3.3%. North American light vehicle production decreased 2.9%, with positive growth in Mexico, and negative growth in the U.S. and Canada. Light vehicle production in the Asia-Pacific region increased by 0.4%, with positive growth in India and Japan and negative growth in China and Korea. South America also posted an increase during the three months ended March 31, 2018, up 11.4%.

Global commercial vehicle production increased by 14.4% in the three months ended March 31, 2018. European commercial vehicle production rose 0.9% and the Asia-Pacific region rose 16.7%, with positive growth in China and India. South America posted an increase during the three months ended March 31, 2018, up 26.3%. There was a 19.4% increase in commercial vehicle production in Federal-Mogul's primary market of North America.

Global vehicle sales levels: Global light vehicle sales increased by 2.4% in the three months ended March 31, 2018. European light vehicle sales rose 2.4% and North American vehicles sales increased 1.0%, with positive growth in the U.S. and Canada, and negative growth in Mexico. Light vehicle sales in the Asia-Pacific region increased 2.1%. South America posted an increase during the three months ended March 31, 2018, up 13.7%.

Global commercial vehicle sales were up 16.1% in the three months ended March 31, 2018. European commercial vehicles sales rose 5.3% and the Asia-Pacific region was up 16.7%, with strong growth in China and India. South America posted an increase for the three months ended March 31, 2018, up 37.1%. There was a 21.8% increase in Federal-Mogul's primary market of North America.

Part replacement trends: The strength of Federal-Mogul's aftermarket business is influenced by several key drivers. These include the vehicle population (or parc), average vehicle age, fuel prices, and vehicle distance traveled. The vehicle parc is estimated to have expanded in most major markets, including the U.S., China, and Germany. Average vehicle ages also increased, despite growth in new vehicle sales, in most regions. Vehicle distance traveled varies by region and is sensitive to several factors, including fuel prices, and transportation alternatives.

Geopolitical risk: Federal-Mogul conducts business globally, which subjects it to numerous risks and uncertainties. For example, Federal-Mogul has operations in the U.K. which may be materially affected by the U.K.'s referendum to leave the European Union, which has created uncertainty in both the U.K. and Europe. Federal-Mogul also has an interest in a Turkish joint venture, which may be affected by recent turmoil in that region. In addition, there could be potential changes in trade agreements and new or changed tariffs in the U.S.

Foreign currencies: Given the global nature of Federal-Mogul's operations, it is subject to fluctuations in foreign exchanges rates and there has been significant volatility in foreign currency rates.

Table of Contents**Critical Accounting Estimates**

Federal-Mogul's unaudited condensed consolidated and audited consolidated financial statements incorporated by reference into this proxy statement have been prepared in conformity with GAAP. Accordingly, its significant accounting policies have been disclosed in Note 2, *Basis of Presentation and Summary of Significant Accounting Policies*, included in the unaudited condensed consolidated and audited consolidated financial statements of Federal-Mogul incorporated by reference into this proxy statement. Federal-Mogul provides enhanced information that supplements such disclosures for accounting estimates when the estimate involves matters that are highly uncertain at the time the accounting estimate is made and different estimates or changes to an estimate could have a material effect on the reported financial position, changes in financial condition, or results of operations.

When more than one accounting principle, or the method of its application, is generally accepted, management selects the principle or method it considers to be the most appropriate given the specific circumstances. Application of these accounting principles requires Federal-Mogul to make estimates about the future resolution of existing uncertainties. Estimates are typically based upon historical experience, current trends, contractual documentation, and other information, as appropriate. Due to the inherent uncertainty involving estimates, actual results reported in the future may differ from those estimates. In preparing the financial statements, Federal-Mogul has made its best estimates and judgments of the amounts and disclosures included in the financial statements, giving due regard to materiality. The following summarizes Federal-Mogul's critical accounting policies.

Pension Plans and Other Postretirement Benefit Plans

Federal-Mogul sponsors defined benefit pension plans and postretirement plans for certain employees and retirees around the world. Federal-Mogul's defined benefit plans are accounted for on an actuarial basis, which requires the selection of various assumptions, including an expected long-term rate of return, discount rate, mortality rates of participants, and expectation of mortality improvement.

Differences in actual experience or changes in assumptions may materially affect the pension and postretirement benefit plan obligations. Actual results that differ from assumptions are accumulated in net actuarial gains and losses which are subject to amortization and expensed over future periods. The unamortized pre-tax actuarial loss on Federal-Mogul's pension plans was \$487 million at March 31, 2018, and \$491 million and \$544 million at December 31, 2017 and 2016. Federal-Mogul expects to recognize amortization expense of \$18 million in 2018.

Assumptions used to calculate benefit obligations as of the end of a fiscal year directly affect the expense to be recognized in future periods. The primary assumptions affecting Federal-Mogul's accounting for pension and postretirement benefit plan obligations as of December 31, 2017 are as follows:

- *Long-term rate of return on plan assets:* In December 2017, an investment return analysis was completed for the U.S. pension plans. The analysis resulted in changes to the expected long-term rate of return on assets and is designed to approximate a long-term prospective rate. The long-term rate of return on assets decreased from 5.55% at December 31, 2016 to 5.50% at December 31, 2017. The expected long-term rate of return on plan assets used in determining pension expense for non-U.S. plans is determined in a similar manner to the U.S. plans and the weighted average return on assets increased from 3.05% at December 31, 2016 to 3.26% at December 31, 2017.

Table of Contents

- *Discount rate:* The discount rate assumption is established at the measurement date. In the U.S., Federal-Mogul uses a cash flow matching approach that uses projected cash flows matched to spot rates along a high quality corporate yield curve to determine the present value of cash flows to calculate a single equivalent discount rate. The benefit obligation for pension plans in Belgium, France, and Germany represents 90% of the non-U.S. pension benefit obligation at December 31, 2017. The discount rates for these plans are determined using a cash flow matching approach similar to the U.S. approach.

The weighted-average discount rates used to calculate net periodic benefit cost for the 2017 and year-end obligations as of December 31, 2017 were as follows:

	Pension Benefits		Other Postretirement Benefits
	U.S. Plans	Non-U.S. Plans	
Used to calculate net periodic benefit cost	3.90%	2.03%	3.98%
Used to calculate benefit obligations	3.50%	2.26%	3.68%

- *Mortality assumptions:* Federal-Mogul has reviewed the mortality improvement tables published by the Society of Actuaries in the year ended December 31, 2017 and determined that its current assumptions are appropriate to measure its December 31, 2017 U.S. pension plans obligations.
- *Health care cost trend:* Federal-Mogul reviews external data and its historical trends for health care costs to determine the health care cost trend rate. The assumed health care cost trend rate used to measure next year's postretirement health care benefits is 6.41% for health care and drug costs, both declining to an ultimate trend rate of 5.00% in 2022.

The following table illustrates the sensitivity to a change in certain assumptions for Federal-Mogul's pension and postretirement benefit plan obligations. The changes in these assumptions have no effect on Federal-Mogul's funding requirements.

	Pension Benefits				Other Postretirement Benefits	
	U.S. Plans		Non-U.S. Plans

Table of Contents***Environmental Matters***

Environmental remediation liabilities are recognized when a loss is probable and can be reasonably estimated. Such liabilities generally are not subject to insurance coverage. The cost of each environmental remediation is estimated by engineering, financial, and legal specialists based on current law and considers the estimated cost of investigation and remediation required and the likelihood that, where applicable, other responsible parties will be able to fulfill their legal obligations and commitments. The process of estimating environmental remediation liabilities is complex and dependent primarily on the nature and extent of historical information and physical data relating to a contaminated site, the complexity of the site, the uncertainty as to what remediation and technology will be required, and the outcome of discussions with regulatory agencies and, if applicable, other responsible parties. In future periods, new laws or regulations, advances in remediation technologies and additional information about the ultimate remediation methodology to be used could significantly change Federal-Mogul's estimates. Refer to Note 15 and Note 17, Commitments and Contingencies, included in the unaudited condensed consolidated and audited consolidated financial statements of Federal-Mogul incorporated by reference into this proxy statement. Federal-Mogul cannot ensure environmental requirements will not change or become more stringent over time or its eventual environmental costs and liabilities will not exceed the amount of current reserves. In the event such liabilities were to significantly exceed the amounts recorded, Federal-Mogul's results of operations could be materially affected.

Valuation of Long-Lived Assets, Definite-Lived Intangible Assets, and Expected Useful Lives

Federal-Mogul monitors its long-lived and definite-lived assets for impairment indicators on an ongoing basis. If impairment indicators exist, Federal-Mogul performs the required impairment analysis by comparing the undiscounted cash flows expected to be generated from the long-lived assets to the related net book values. If the net book value exceeds the undiscounted cash flows, an impairment loss is measured and recognized. Even if an impairment charge is not required, a reassessment of the useful lives over which depreciation or amortization is being recognized may be appropriate based on Federal-Mogul's assessment of the recoverability of these assets. Federal-Mogul estimates cash flows and fair value using internal budgets based on recent sales data, independent automotive production volume estimates and customer commitments, and review of appraisals. The key factors which affect Federal-Mogul's estimates are (1) future production estimates; (2) customer preferences and decisions; (3) product pricing; (4) manufacturing and material cost estimates; and (5) product life / business retention. Any differences in actual results from the estimates could result in fair values different from the estimated fair values, which could materially affect Federal-Mogul's future results of operations and financial condition. Federal-Mogul believes the projections of anticipated future cash flows and fair value assumptions are reasonable; however, changes in assumptions underlying these estimates could affect Federal-Mogul's valuations.

Goodwill and Indefinite-lived Intangible Asset Impairment Testing

Federal-Mogul reviews goodwill for impairment annually, or more frequently if events or changes in circumstances indicate goodwill might be impaired. Federal-Mogul performs impairment assessments at the reporting unit level. If the carrying amount of goodwill exceeded the reporting unit's implied fair value, Federal-Mogul would recognize an impairment loss for the excess. Assumptions used in the discounted cash flow analysis that have the most significant effect on the estimated fair value of Federal-Mogul's reporting units are the weighted average cost of capital and revenue growth-rates.

Table of Contents

Federal-Mogul has eight reporting units that have goodwill as of March 31, 2018 and December 31, 2017. The following table categorizes Federal-Mogul's goodwill by reporting unit as of October 1, 2017 according to the level of excess between the reporting unit's fair value and carrying value:

	Fair Value Exceeds Carrying Value	Goodwill
Reporting Unit 1	< 10%	\$ 78
Reporting Units 2-8	> 10%	607
		\$ 685

Federal-Mogul performs an annual impairment analysis of its trademarks and brand names, or more frequently if events or changes in circumstances indicate the assets might be impaired. Federal-Mogul performs a quantitative assessment of estimating fair values based upon the prospective stream of hypothetical after-tax royalty cost savings discounted at rates that reflect the rates of return appropriate for these intangible assets. The primary, and most sensitive, input utilized in determining the fair values of trademarks and brand names is branded product sales. Federal-Mogul performed a sensitivity analysis on its trademarks and brand names and determined a one percentage point decrease in its projected future sales growth rates within each aftermarket product line would not result in additional impairment charges.

Income Taxes

When establishing a valuation allowance, Federal-Mogul considers future sources of taxable income such as future reversals of existing taxable temporary differences, future taxable income exclusive of reversing temporary differences and carryforwards and tax planning strategies. A tax planning strategy is defined as an action that: is prudent and feasible; an enterprise ordinarily might not take, but would take to prevent an operating loss or tax credit carryforward from expiring unused; and would result in realization of deferred tax assets. In the event Federal-Mogul determines it is more likely than not the deferred tax assets will not be realized in the future, the valuation adjustment to the deferred tax assets will be charged to earnings in the period in which Federal-Mogul makes such a determination. The valuation of deferred tax assets requires judgment and accounting for the deferred tax effect of events that have been recorded in the financial statements or in tax returns and Federal-Mogul's future projected profitability. Changes in Federal-Mogul's estimates, due to unforeseen events or otherwise, could have a material effect on Federal-Mogul's financial condition and results of operations.

Federal-Mogul calculates its current and deferred tax provision based on estimates and assumptions that could differ from the actual results reflected in income tax returns filed in subsequent years. Adjustments based on filed returns are recorded when identified. The amount of income taxes Federal-Mogul pays is subject to ongoing audits by federal,

state, and foreign tax authorities. Federal-Mogul's estimate of the potential outcome of any uncertain tax issue is subject to management's assessment of relevant risks, facts, and circumstances existing at that time. Federal-Mogul uses a more-likely-than-not threshold for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. Federal-Mogul records a liability for the difference between the benefit recognized and measured and tax position taken or expected to be taken on Federal-Mogul's tax return. To the extent Federal-Mogul's assessment of such tax positions changes, the change in estimate is recorded in the period in which the determination is made. Federal-Mogul reports tax-related interest and penalties as a

Table of Contents

component of income tax expense. Federal-Mogul does not believe there is a reasonable likelihood there will be a material change in the tax related balances or valuation allowance balances. However, due to the complexity of some of these uncertainties, the ultimate resolution may be materially different from the current estimate. Refer to Note 16, *Income Taxes*, included in the audited consolidated financial statements of Federal-Mogul incorporated by reference into this proxy statement.

Non-GAAP Measures

Federal-Mogul utilizes Operational EBITDA as the key performance measure of segment profitability and uses the measure in its financial and operational decision making processes, for internal reporting, and for planning and forecasting purposes to effectively allocate resources. Operational EBITDA is defined as EBITDA (earnings before interest, taxes, depreciation, and amortization), as adjusted for additional amounts. Examples of these adjustments include impairment charges related to goodwill, other long-lived assets, and investments; restructuring charges; certain gains or losses on the settlement/extinguishment of obligations; and receivable financing charges. During 2015, Federal-Mogul modified its definition of Operational EBITDA to adjust for financing charges related to certain receivable financing programs.

Operational EBITDA presents a performance measure exclusive of capital structure and the method by which net assets were acquired, disposed of, or financed. Federal-Mogul believes this measure provides additional transparency into its core operations and is most reflective of the operational profitability or loss of Federal-Mogul's operating segments and reporting units. The measure also allows management and investors to view operating trends, perform analytical comparisons and benchmark performance between periods and among operating segments.

Operational EBITDA should not be considered a substitute for results prepared in accordance with GAAP and should not be considered an alternative to net income, which is the most directly comparable financial measure to Operational EBITDA that is in accordance with GAAP. Operational EBITDA, as determined and measured by Federal-Mogul, should not be compared to similarly titled measures reported by other companies.

Effective January 1, 2018, Federal-Mogul adopted ASU 2017-07, Retirement Benefits. As a result of adoption, the service cost component of net periodic pension and postretirement benefit expense is presented in operating income and all other components of net periodic benefit cost are presented in non-operating income. Federal-Mogul used the retrospective application method as required by the new standard and applied the practical expedient that permits it to use the amounts disclosed in its pension and other postretirement benefit plan note for the prior comparative periods as the estimation basis for applying the retrospective presentation requirements. During 2018, Federal-Mogul also modified its definition of Operational EBITDA to adjust for the non service cost components of its pension and postretirement benefits expense. Prior periods presented herein have been adjusted to conform to this definition.

Table of Contents**Liquidity and Capital Resources*****Operating Activities***

As summarized in the table below, net cash provided from (used by) operating activities was \$52 million and \$129 million for the three months ended March 31, 2018 and 2017:

	Three Months Ended March 31	
	2018	2017
	(in millions)	
Operational cash flow before changes in operating assets and liabilities	\$ 130	\$ 156
Changes in operating assets and liabilities:

Other assets and liabilities	(31)	(56)
Total change in operating assets and liabilities	(78)	(27)
Net cash provided from (used by) operating activities	\$ 52	\$ 129

Cash provided by operations for the three months ended March 31, 2018 decreased by \$77 million compared to the three months ended March 31, 2017. The decrease was primarily the result of:

a decrease in net income of \$23 million, primarily attributable to a \$16 million reduction to gross profit and an increase of \$14 million in selling, general, and administrative expenses, which included higher depreciation expense of \$5 million; and

a net cash outflow of \$78 million attributable to changes in net working capital, which include:

an increase in accounts receivable due to the increase in sales during the three months ended March 31, 2018 for Powertrain, as sales are usually lower due to the OE plant shut-down at year-end, which was offset by an increase in factored receivables activity qualifying as sales;

an increase in inventory in both of Federal-Mogul's segments during the three months ended March 31, 2018 which was more than offset by the corresponding increase in Federal-Mogul's accounts payable; and

changes in other assets and liabilities attributable to a decrease in accrued rebates, as a result of paying out rebates earned by customers in the prior year during the three months ended March 31, 2018, a reduction in accrued compensation, and changes in Federal-Mogul's income tax related balances.

Table of Contents

As summarized in the table below, net cash provided from (used by) operating activities was \$416 million, \$546 million, and \$38 million for the years ended December 31, 2017, 2016 and 2015:

	Years Ended December 31		
	2017	2016	2015

Total change in operating assets and liabilities	(33)	129	(226)
Net cash provided from (used by) operating activities	\$ 416	\$ 546	\$ 38

Cash provided by operations for the year ended December 31, 2017 decreased by \$130 million compared to the year ended December 31, 2016. The decrease was primarily the result of:

an increase in factored receivables activity, qualifying as sales, in Motorparts which was offset by an increase in sales volume from Powertrain in the year ended December 31, 2017 versus the year ended December 31, 2016;

an increase in inventory during the year ended December 31, 2017 versus a reduction of inventory in the year ended December 31, 2016, primarily related to the increase in sales volume and a build up of inventory in the third and fourth quarter;

an increase in accounts payable related to the increase in sales volume and third and fourth quarter build up of inventory;

a decrease in other assets and liabilities of \$67 million which is mainly attributable to changes in accrued income and non-income taxes, and accrued rebates; and

a decrease of \$38 million in cash dividends from Federal-Mogul's nonconsolidated affiliates.

Cash provided by operations for the year ended December 31, 2016 increased by \$508 million compared to the year ended December 31, 2015. The increase was primarily the result of:

an increase of \$84 million in factored receivables activity, qualifying as sales, in the year ended December 31, 2016 versus the year ended December 31, 2015;

an increase in cash dividends from Federal-Mogul's nonconsolidated affiliates of \$66 million;

a reduction of \$37 million in cash contributions to Federal-Mogul's pension plans;

normalized working capital requirements as compared to the prior year when additional working capital was required to support the acquisition of the TRW valvetrain business in Powertrain; and

a reduction in inventory in the year ended December 31, 2016 versus a build of inventory in the year ended December 31, 2015 driven by the integration of acquisitions and the additional investment related to the realignment of Federal-Mogul's North American distribution network during the prior period in Motorparts.

Table of Contents**Investing Activities**

As summarized in the table below, net cash provided from (used by) investing activities for the three months ended March 31, 2018 and 2017:

Table of Contents

Additionally, Federal-Mogul received proceeds of \$13 million related to the divestiture of operations held for sale.

During the year ended December 31, 2016, Federal-Mogul completed three acquisitions resulting in cash outflow of \$31 million, primarily attributable to the filters manufacturing business in Mexico and the acquisition of Beck Arnley. In addition, Federal-Mogul sold a disposal group that was classified as operations held for sale at December 31, 2015 resulting in a cash outflow of \$12 million.

The year ended December 31, 2015 included a payment of \$360 million, net of acquired cash, to acquire certain assets of the TRW valvetrain business and proceeds from the sale of an equity method investment of \$15 million.

In the year ended December 31, 2017, Federal-Mogul issued the Euro notes for proceeds of \$1,171 million which were used to repay its Tranche B term loan in the amount of \$684 million, including accrued interest, repay \$85 million of outstanding balance on its U.S. revolving line of credit, repay \$393 million, including accrued interest, of the outstanding balance on its Tranche C term loan, and pay \$7 million of fees and expenses related to the issuance of the notes.

For the year ended December 31, 2016, cash used by financing activities was \$20 million. This included net repayments under term loans of \$29 million and net borrowings under revolving lines of credit of \$11 million.

For the year ended December 31, 2015, cash flow provided by financing activities was \$627 million. This included \$357 million of net borrowings on revolving lines of credit primarily for the acquisition of the TRW valvetrain business. In addition, it included a \$250 million cash inflow associated with a common stock rights offering in which approximately 19 million shares of Federal-Mogul's common stock were issued in March 2015.

Table of Contents**Liquidity**

The following table summarizes Federal-Mogul's available liquidity:

	March 31	December 31		
	2018	2017	2016	2015
	(in millions)			
Cash and cash equivalents	\$ 247	\$ 319	\$ 300	\$ 194
Available under credit facilities	\$ 416	\$ 386	\$ 273	\$ 229

Federal-Mogul's ability to maintain liquidity adequate to fund its needs depends generally on the results of its operations, spending on capital and restructuring initiatives, and the availability of financing. Federal-Mogul believes that cash on hand, cash flow from operations, available borrowings under its credit facilities and ability to secure additional borrowings will be sufficient to fund capital expenditures and meet its operating obligations through the end of 2018. In the longer term, Federal-Mogul believes that its base operating potential, supplemented by the benefits from its announced restructuring programs, will provide adequate long-term cash flows. However, there can be no assurance that such initiatives are achievable in this regard.

On February 23, 2018, Federal-Mogul extended its revolving line of credit in the U.S. (Revolver), which provides for (i) aggregate availability of \$625 million, (ii) a maturity date of February 23, 2023, subject to certain limited exceptions, and (iii) additional availability under its borrowing base. Advances under the Revolver generally bear interest at a variable rate per annum equal to (i) the Alternate Base Rate (as defined in the agreement) plus an adjustable margin of 0.25% to 0.75% based on the average monthly availability or (ii) the Adjusted LIBOR Rate (as defined in the agreement) plus a margin of 1.25% to 1.75% based on the average monthly availability. An unused commitment fee of 0.25% is also payable under the terms of the Revolver.

Off Balance Sheet Arrangements

Federal-Mogul does not have any material off-balance sheet arrangements, other than those described below.

Contractual Obligations and Commercial Commitments

Federal-Mogul has the following contractual obligations and commercial commitments outstanding at December 31, 2017:

	2018	2019	2020	2021	2022	Thereafter	Total

Table of Contents**Accounts Receivable Factoring**

Federal-Mogul has subsidiaries in Brazil, Canada, France, Germany, Italy, and the U.S. which are party to accounts receivable factoring and securitization facilities. Amounts factored under these facilities consist of the following:

	As of March 31 2018	As of December 31 2017	2016
	(in millions)		
Gross accounts receivable factored	\$ 674	\$ 641	\$ 487
Gross accounts receivable factored, qualifying as sales	\$ 668	\$ 635	\$ 485
Undrawn cash on factored accounts receivable	\$	\$	\$

Proceeds from the factoring of accounts receivable qualifying as sales and expenses associated with the factoring of accounts receivable are as follows:

	Three Months Ended		Year Ended December 31	
	March 31	2017	2016	2015
	2018	(in millions)		
Proceeds from factoring qualifying as sales	\$ 491	\$ 1,834	\$ 1,616	\$ 1,550
Losses on sales of account receivables	\$ (5)	\$ (15)	\$ (12)	\$ (9)

Accounts receivables factored but not qualifying as a sale were pledged as collateral and accounted for as secured borrowings and recorded in the consolidated balance sheets within Accounts receivable, net and Short-term debt, including the current portion of long-term debt.

The financing charges on sales of accounts receivable are recorded in the consolidated statements of operations within Other income (expense), net. Where Federal-Mogul receives a fee to service and monitor these transferred receivables, such fees are sufficient to offset the costs and as such, a servicing asset or liability is not recorded as a result of such activities.

Table of Contents**QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Federal-Mogul is exposed to certain global market risks, including foreign currency exchange risk, commodity price risk, and interest rate risk associated with its debt.

Direct responsibility for the execution of Federal-Mogul's market risk management strategies resides with its Treasurer's Office and is governed by written policies and procedures. In accordance with Federal-Mogul's corporate risk management policies, it uses derivative instruments, when available, such as forward contracts and options that economically hedge certain exposures (foreign currency and commodity). Federal-Mogul does not enter into derivative transactions for speculative or trading purposes. A discussion of Federal-Mogul's accounting policies for derivative instruments is included in Note 2, *Basis of Presentation and Summary of Significant Accounting Policies*, included in the unaudited condensed consolidated and audited consolidated financial statements of Federal-Mogul incorporated by reference into this proxy statement.

Foreign Currency Exchange Rate Risk Federal-Mogul has foreign currency exposures related to buying, selling, and financing in currencies other than the local currencies in which we operate. At March 31, 2018 and December 31, 2017, Federal-Mogul's most significant foreign currency exposures were Brazilian real, British pound, Canadian dollar, Chinese yuan, Czech koruna, euro, Indian rupee, Mexican peso, Polish zloty, Romanian leu, Russian ruble, South Korean won, and Thai baht. Historically, Federal-Mogul has reduced its exposure through financial instruments (hedges) that provide offsets or limits to its exposures, which are opposite to the underlying transactions. Federal-Mogul did not hold any significant foreign currency price hedge contracts at March 31, 2018, and December 31, 2017 and 2016.

Federal-Mogul is exposed to foreign currency risk due to the translation and remeasurement of the results of certain international operations into U.S. Dollars as part of the consolidation process. Fluctuations in foreign currency exchange rates can therefore create volatility in the results of operations and may adversely affect Federal-Mogul's financial condition.

The following table summarizes the amounts of foreign currency translation and transaction losses (in millions):

	Three Months Ended March 31 2018	Year Ended December 31 2017 2016	
Translation gains (losses) recorded in accumulated other comprehensive income	\$ 33	\$ 116	\$ (145)
Transaction gains (losses) recorded in earnings	\$ (3)	\$ (12)	\$ 2

Foreign Currency Exchange Rate Risk, net investment hedge Federal-Mogul issued the Euro Notes in the amount of 1,065 million during the year ended December 31, 2017. As of March 31, 2018 and December 31, 2017, Federal-Mogul has designated 731, and 736 million as a net investment hedge in certain foreign subsidiaries and affiliates of Federal-Mogul. As such, an adverse change in foreign currency exchange rates will have no effect on earnings. For the portion of the debt not designated as a net investment hedge, Federal-Mogul has other natural hedges in place that will offset any adverse change in foreign currency exchange rates.

A 10% adverse change in foreign currency exchange rates between the Euro and U.S. Dollar as of March 31, 2018 and December 31, 2017 would increase the amount of cash required to settle the Euro Notes by approximately \$131, and \$128 million.

Table of Contents

Commodity Price Risk - Commodity rate price forward contracts are executed to offset a portion of Federal-Mogul's exposure to the potential change in prices mainly for various non-ferrous metals used in the manufacturing of automotive components. The net fair value of Federal-Mogul's contracts was a liability of less than \$1 million as of March 31, 2018 and an asset of approximately \$1 million, and \$4 million as of December 31, 2017 and 2016. At March 31, 2018 and December 31, 2017, Federal-Mogul performed a sensitivity analysis to assess the effects of a ten percent adverse change in commodity prices. Based upon the analysis performed, such changes would not be expected to materially affect Federal-Mogul's condensed consolidated or consolidated financial position, results of operations or cash flows.

Interest Rate Risk - Federal-Mogul's exposure to market risk associated with changes in interest rates relate primarily to its debt obligations. At March 31, 2018 and December 31, 2017, Federal-Mogul had approximately \$3.2 and \$3.1 billion of debt, of which \$2.2 billion bear variable interest rates at March 31, 2018 and December 31, 2017. An adverse market change in interest rates of ten percent would have a \$3 million effect on cash flows as of March 31, 2018 and December 31, 2017.

At December 31, 2016, Federal-Mogul had approximately \$3.0 billion of debt which primarily bear variable interest rates. At December 31, 2016, Federal-Mogul's term loans which represent approximately \$2.5 billion were not sensitive to changes in market interest rate because the market rate was below the interest rate floor within its credit agreement. Therefore, an adverse market change in interest rates of ten percent would have had no effect on cash flows. Federal-Mogul's revolving lines of credit also have variable market interest rates and the effect on cash flow from a ten percent adverse change in market rates would be de minimis for the year ended December 31, 2016. Federal-Mogul's remaining debt consists of foreign debt with primarily variable interest rates. An adverse market change in interest rates of ten percent would not materially affect Federal-Mogul's consolidated financial position, results of operations, or cash flows.

At March 31, 2018, December 31, 2017, and 2016 Federal-Mogul did not have any interest rate swap positions to manage interest rate exposures.

STOCKHOLDER PROPOSALS 2019 ANNUAL MEETING

Stockholder Proposals Inclusion in Tenneco's Proxy Statement

For a stockholder proposal (unrelated to a director nomination under our proxy access By-Law provision) to be considered by us for inclusion in our proxy statement and form of proxy relating to the annual meeting of stockholders to be held in 2019, the proposal must be received by December 5, 2018.

In addition, the proxy access By-Law provision adopted by our board of directors in October 2016 allows qualifying stockholders to include their director nominees in Tenneco's proxy materials under certain circumstances by giving adequate and timely notice to our Corporate Secretary. A stockholder or group of no more than 20 stockholders (meeting our continuous ownership requirement of 3% or more of our outstanding Common Stock held continuously for at least the previous three years) can nominate a candidate or candidates for election to our board of directors at an annual meeting, constituting up to two directors or 20% of the number of directors then serving on our board of directors (rounded down to the nearest whole number), whichever is greater, provided that the stockholder(s) and nominee(s) satisfy the requirements specified in the By-Laws. In order for such nominees to be included in our proxy statement and form of proxy, stockholders and nominees must submit a notice of proxy access nomination together with certain related information required by our By-Laws. Our By-Laws state that, to be timely, the notice and certain related information must be delivered to our principal executive offices not earlier than the close of business on the 150th day nor later than the close of business on the 120th day prior to the first anniversary of the date that our proxy statement was first distributed to stockholders in connection with the preceding year's annual meeting. However, in the event that the date of the annual meeting is more than 30 days before or after the first anniversary of the most recent annual meeting, the notice must be delivered not earlier than the close of business on the 150th day prior to such annual meeting and not later than the close of business on the later of the 120th day prior to such annual meeting and the 10th day following the day on which public announcement of the date of such meeting is first made by Tenneco. Therefore, to be timely under our By-Laws, a proxy access proposal for the 2019 annual meeting must be delivered not earlier than November 5, 2018 and not later than December 5, 2018.

Correspondence related to stockholder proposals must be sent in writing to our Corporate Secretary at our principal executive offices, 500 North Field Drive, Lake Forest, Illinois 60045.

Other Stockholder Proposals Discretionary Voting Authority and By-Laws

With respect to stockholder proposals not included in our proxy statement and form of proxy, we may utilize discretionary authority conferred by proxy in voting on any such proposals if, among other situations, the stockholder does not give timely notice of the matter to us by the date determined under our By-Laws for the submission of business by stockholders. This notice requirement and deadline are independent of the notice requirement and deadline described above for a stockholder proposal to be considered for inclusion in our proxy statement. Our By-Laws state that, to be timely, notice and certain related information must be received at the principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting. However, in the event that the date of the annual

meeting is more than 30 days before or more than 70 days after the anniversary date, the notice must be delivered not earlier than the

close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Therefore, to be timely under our By-Laws, a proposal for the 2019 annual meeting not included by or at the direction of our board of directors must be received not earlier than January 16, 2019, and not later than February 15, 2019. Correspondence related to stockholder proposals must be sent in writing to our Corporate Secretary at our principal executive offices, 500 North Field Drive, Lake Forest, Illinois 60045.

The Nominating and Governance Committee will consider director candidates recommended by stockholders provided the procedures set forth below are followed by stockholders in submitting recommendations. The committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth in the By-Laws, based on whether the candidate was recommended by a stockholder. Separate from our proxy access By-Law, a Tenneco stockholder may nominate persons for election to our board of directors at an annual meeting if the stockholder submits such nomination, together with certain related information required by our By-Laws and Corporate Governance Principles, in writing to our Corporate Secretary at our principal executive offices within the time period described in the prior paragraph. Following verification of the stockholder's status, the Nominating and Governance Committee will perform an initial analysis of the qualifications of the nominee pursuant to the criteria listed in our By-Laws and Corporate Governance Principles to determine whether the nominee is qualified for service on our board of directors before deciding to undertake a complete evaluation of the nominee. Other than the verification of compliance with the procedures set forth in our By-Laws and stockholder status, and the initial analysis performed by the Nominating and Governance Committee, a person nominated by a stockholder for election to our board of directors is treated like any other potential candidate during the review process by the Nominating and Governance Committee.

OTHER MATTERS

No matters other than the matters described in this proxy statement are anticipated to be presented for action at the special meeting or at any postponement or adjournment of the special meeting.

MEMBERSHIP INTEREST PURCHASE AGREEMENT

THIS MEMBERSHIP INTEREST PURCHASE AGREEMENT (this Agreement), dated as of April 10, 2018, is made by and among Tenneco Inc., a Delaware corporation (the Purchaser), Federal-Mogul LLC, a Delaware limited liability company (the Company), American Entertainment Properties Corp., a Delaware corporation (the Seller), and Icahn Enterprises L.P., a Delaware limited partnership. Each of the parties to this Agreement is referred to herein individually as a Party and collectively as the Parties. Capitalized terms used and not otherwise defined herein have the meanings set forth in Article X below.

WHEREAS, the Seller owns all of the issued and outstanding membership interests of the Company; and

WHEREAS, subject to the terms and conditions of this Agreement, the Purchaser desires to purchase from the Seller, and the Seller desire to sell to the Purchaser, all of the issued and outstanding membership interests of the Company.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

ARTICLE I

PURCHASE AND SALE OF THE MEMBERSHIP INTERESTS

1.01 Purchase and Sale of the Membership Interests. Upon the terms and subject to the conditions of this Agreement, at the Closing, the Seller shall sell, assign, transfer and convey to the Purchaser, and the Purchaser shall purchase and acquire from the Seller, all of the Membership Interests, free and clear of all Liens, for the consideration specified below in this Article I.

1.02 Cash Consideration and Stock Consideration. Upon the terms and subject to the conditions set forth in this Agreement, at the Closing, the Purchaser shall, subject to the adjustments contemplated by Section 1.03(e):

(a) pay to the Seller an aggregate amount in cash equal to \$800,000,000 (as the same may be adjusted pursuant to Section 1.03(e), the Cash Consideration); and

(b) issue and deliver to the Seller an aggregate of 29,444,846 Purchaser Shares (such number of Purchaser Shares, the Purchaser Shares Amount), which Purchaser Shares shall be comprised of: (i) a number of shares of Purchaser Class A Common Stock equal to 9.9% of the aggregate number of shares of Purchaser Class A Common Stock issued and outstanding as of immediately following the Closing and such issuance to the Seller (such number of Purchaser Class A Common Stock, the Purchaser Class A Common Stock Amount), and (ii) a number of shares of Purchaser Class B Common Stock equal to (A) the Purchaser Shares Amount, *minus* (B) the Purchaser Class A Common Stock Amount (collectively, as the same may be adjusted pursuant to Section 1.03(e), the Stock Consideration and, together with the Cash Consideration, the Purchase Price); provided, that any issuance of shares of Purchaser Class A Common Stock or Purchaser Class B Common Stock shall be made only in whole shares, and any fractional shares shall be rounded up to the nearest whole share; provided further, that the number of shares of Purchaser Class A Common Stock and Purchaser Class B Common Stock to be issued and delivered to the Seller pursuant to this Section 1.02(b) shall be subject to reduction in accordance with Section 1.03(e); provided further, that if, between the date of this Agreement and the Closing Date (or the date of the issuance of any Purchaser Common Stock sold pursuant to a Qualified Offering, if issued thereafter), the outstanding shares of Purchaser Common Stock are

changed into a different number of shares or a different class, by reason of any stock dividend, subdivision, reclassification, recapitalization, split, combination, consolidation or exchange of shares, or if any other similar event occurs (other than, for the avoidance of doubt, pursuant to Section 1.03), then the Purchaser Shares, the Purchaser Shares Amount and any other number or amount contained in this Agreement which is based upon the Purchaser Shares, the Purchaser Shares Amount or the number of shares of Purchaser Common Stock, as the case may be, will be appropriately adjusted to provide to the Seller the same effect as contemplated by this Agreement prior to such event; provided further, that in calculating the Purchaser Class A Common Stock Amount, the effect of any Qualified Offering (and adjustment made in connection therewith pursuant to Section 1.03(e)) shall be taken into account regardless of whether the Purchaser Common Stock sold pursuant to such Qualified Offering is issued before, at or after the Closing).

1.03 Funding Adjustment Right: Qualified Offering.

(a) Purchaser Funding Adjustment Election. From and after the date hereof until the date that is ten (10) Business Days prior to the anticipated Closing Date, the Purchaser in its sole discretion may elect, by delivery of written notice to the Seller (the Purchaser Funding Adjustment Notice), to conduct an offering of Purchaser Common Stock in order to raise funds to increase the Cash Consideration and decrease the Stock Consideration as set forth in this Section 1.03 by selling up to 7,315,490 shares of Purchaser Common Stock (such election, a Purchaser Funding Adjustment Election and, such offering, a Qualified Offering).

(b) Seller Funding Adjustment Election. To the extent that the Purchaser has not delivered to the Seller a Purchaser Funding Adjustment Notice by the date that is ten (10) Business Days prior to the anticipated Closing Date, the Seller may in its sole discretion elect, by delivery of written notice to the Purchaser (the Seller Funding Adjustment Notice), to direct the Purchaser to conduct a Qualified Offering in order to raise funds to increase the Cash Consideration and decrease the Stock Consideration as set forth in this Section 1.03 by selling up to the number of shares of Purchaser Common Stock set forth in the Seller Funding Adjustment Notice, which number shall not exceed 7,315,490 shares of Purchaser Common Stock (such election, a Seller Funding Adjustment Election); provided, that the Seller shall not be entitled to a Seller Funding Adjustment Election if the Five Day VWAP is less than or equal to \$54.6785.

(c) Qualified Offering Process. Subject to Section 1.03(d), following the delivery of a Purchaser Funding Adjustment Notice or a Seller Funding Adjustment Notice, the Purchaser shall use its reasonable best efforts to conduct a Qualified Offering as promptly as reasonably practicable, including by promptly (through the underwriters that it has selected to lead the Qualified Offering) commencing and conducting a road show and marketing process (the Marketing Process) for the Purchaser Common Stock to be sold in the Qualified Offering.

(d) Control of Qualified Offering Process. Except as expressly provided in Section 1.03(b), Section 1.03(c) and this Section 1.03(d), the Purchaser shall be entitled to conduct the Qualified Offering in its sole discretion, including the manner of such offering, determining the engagement of financial advisors or underwriters with respect to such offering, the discounts and commissions to be paid to the underwriters, placement agents or similar advisors in such offering, the exact timing of such offering and the disclosure to be included in any registration statement, prospectus and other disclosure documents distributed to potential investors in such offering. Notwithstanding anything to the contrary in this Agreement, (i) the Purchaser shall be permitted to delay or abandon the Qualified Offering in the event that market conditions, including with respect to the U.S. stock markets or the stock price of the Purchaser Common Stock, deteriorate in such a manner that the Purchaser reasonably determines that proceeding with such Qualified Offering would not be in the best interests of the Purchaser and its stockholders, and (ii) in no event shall the Purchaser seek to conduct or be required to conduct a Qualified Offering that would require approval of the Purchaser's stockholders under the rules and regulations of the

Table of Contents

NYSE (or any other securities exchange on which the Purchaser Common Stock is listed); provided, in the case of the foregoing clause (i), that, subject to the Seller's and the Company's compliance with Section 8.02, the Purchaser shall be required to consummate a Qualified Offering (unless such consummation is prevented by applicable Law or a material adverse effect on market conditions prevailing at the time of such offering) pursuant to a Seller Funding Adjustment Election to the extent the Parties reasonably determine, (x) following consultation with Purchaser's underwriters for the Qualified Offering, (y) following completion of the Marketing Process and (z) based upon an informed book of demand, that the price per share (net of discounts and commissions) at which the Purchaser would be able to sell Purchaser Common Stock in such Qualified Offering is expected to exceed the greater of (A) \$54.6785 and (B) an amount that is at least ninety percent (90%) of the Five Day VWAP.

(e) Stock Consideration Adjustment. If a Qualified Offering is consummated pursuant to a Purchaser Funding Adjustment Election or a Seller Funding Adjustment Election, then (i) the Cash Consideration to be paid pursuant to Section 1.02(a) shall be increased by an amount equal to \$54.6785 *times* the number of shares sold in such Qualified Offering; provided that if the Qualified Offering is consummated pursuant to a Seller Funding Adjustment Election and the price per share (net of discounts and commissions) achieved in such Qualified Offering is less than \$54.6785, then the Cash Consideration to be paid pursuant to Section 1.02(a) shall be increased by an amount equal to such price per share (net of discounts and commissions) *times* the number of shares sold in such Qualified Offering, and (ii) the number of shares of Purchaser Class B Common Stock to be issued and delivered to the Seller pursuant to Section 1.02(b) shall be reduced by the number of shares of Purchaser Common Stock sold in such Qualified Offering (provided, that, to the extent the number of shares of Purchaser Class B Common Stock to be issued and delivered to the Seller pursuant to Section 1.02(b) is reduced to zero, the number of shares of Purchaser Class A Common Stock to be issued and delivered to the Seller pursuant to Section 1.02(b) shall thereafter be reduced until the aggregate reduction equals the number of shares of Purchaser Common Stock sold in such Qualified Offering).

1.04 The Closing. On the Closing Date, immediately prior to the consummation of the transactions contemplated hereby, the Purchaser will have sufficient cash, available lines of credit or other sources of immediately available funds to pay the Cash Consideration and any other amounts to be paid by the Purchaser hereunder at the Closing. The Purchaser has delivered to the Company a true and correct copy of the executed Debt Financing Commitment Letters (and a corresponding customarily redacted fee letter relating to the Debt Financing Commitment Letters). The Debt Financing Commitment Letters have not been amended or modified in any manner prior to the date of this Agreement. None of the Purchaser or its Affiliates has entered into any agreement, side letter or arrangement which could adversely impact the availability of the Debt Financing, including by providing for additional conditions to the availability of the financing of the transactions contemplated by this Agreement relating to the Debt Financing not otherwise contained in the Debt Financing Commitment Letters. The commitments contained in the Debt Financing Commitment Letters have not been withdrawn or rescinded in any respect. The Debt Financing Commitment Letters represent a valid, binding and enforceable obligation of the Purchaser and, to the knowledge of the Purchaser, each other party thereto, enforceable against such party in accordance with their terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium and similar Laws affecting creditors' rights and remedies generally, and subject, as to enforceability, to general principles of equity, including principles of commercial reasonableness, good faith and fair dealing (regardless of whether enforcement is sought in a proceeding at law or in equity). The Purchaser has fully paid (or caused to be paid) any and all commitment fees and other amounts that are due and payable on or prior to the date of this Agreement in connection with the Debt Financing. Without limiting the scope of covenants of the Purchaser set forth in this Section 7.01, the Parties acknowledge and agree that (x) nothing contained in this Section 7.01 is intended to give the Company or the Seller, directly or indirectly, the right to direct the control or operations of the Purchaser or any of its Subsidiaries prior to the Closing and (y) prior to the Closing, subject to this Section 7.01, the Purchaser shall exercise, consistent with the terms and conditions of this Agreement, complete control and supervision over the operations of it and its Subsidiaries.

7.02 No Solicitation by the Purchaser: Purchaser Board Recommendation.

(a) Until the earlier of the Closing and the termination of this Agreement pursuant to Section 9.01, none of the Purchaser, the Purchaser Board, or any of the Purchaser's Subsidiaries shall, nor shall the Purchaser or any of its Subsidiaries authorize or permit any of its or their Representatives to, directly or indirectly, (i) solicit, initiate, induce or knowingly facilitate or encourage the submission or announcement of any Acquisition Proposal, (ii) enter into or participate in any discussions or negotiations with, furnish any information relating to the Purchaser or any of its Subsidiaries or afford access to the business, properties, assets, books or records of the Purchaser or any of its Subsidiaries to, or otherwise cooperate in any way with, assist or facilitate any Person with respect to, or cooperate in any way with any Person with respect to any Acquisition Proposal, (iii) approve, recommend or declare advisable, or allow the Purchaser or any of its Affiliates to execute or enter into, any letter of intent, agreement in principle, merger agreement, acquisition agreement, joint venture agreement, partnership agreement or other similar agreement or arrangement (other than a confidentiality agreement on the terms described below) (an Acquisition Agreement) constituting or related to, or that is intended to or would reasonably be expected to lead to, any Acquisition Proposal, or requiring the Purchaser to abandon, terminate, delay or fail to consummate, or that would otherwise impede, interfere with or be inconsistent with, the transactions contemplated by this Agreement or (iv) resolve, propose or agree to do any of the foregoing. Without limiting the foregoing, it is agreed

that any violation of the restrictions set forth in this Section 7.02(a) by any Representative of the Purchaser or any of its Subsidiaries or Affiliates shall constitute a breach of this Section 7.02(a) by the Purchaser.

(b) Except in accordance with Section 7.02(c) and subject to the Purchaser's compliance with Section 7.02(d), neither the Purchaser Board nor any committee thereof shall (i) withhold, withdraw, qualify, amend or modify (or publicly propose to withhold, withdraw, qualify, amend or modify), in any manner adverse to the Seller or the Company, the Purchaser Board Recommendation or fail to include the Purchaser Board Recommendation in the Proxy Statement, (ii) adopt, approve, recommend or declare advisable, or propose or resolve to adopt, approve, recommend or declare advisable (publicly or otherwise), any Acquisition Proposal or (iii) take formal action or make any recommendation or public statement in connection with a tender offer or exchange offer relating to securities of the Purchaser, other than a recommendation against such offer or a stop, look and listen communication by the Purchaser Board pursuant to Rule 14d-9(f) of the Exchange Act (any action in clause (i), (ii) or (iii) of this Section 7.02(b) being referred to as a Purchaser Recommendation Change).

(c) Notwithstanding anything in this Agreement to the contrary, but subject in each case to the Purchaser's compliance with Section 7.02(d), at any time prior to obtaining the Purchaser Stockholder Approval:

(i) the Purchaser and its Representatives may, in response to a bona fide, written Acquisition Proposal that did not result from a material breach of Section 7.02(a) and that the Purchaser Board determines in good faith after consultation with outside legal counsel and its financial advisor could reasonably be expected to result in a Superior Proposal, (x) furnish information relating to the Purchaser and its Subsidiaries, and afford access to the business, properties, assets, books and records of the Purchaser and its Subsidiaries, to the Person making such Acquisition Proposal (and its Representatives) (provided, that all such information and access being furnished has previously been provided to the Seller and the Company or is provided to the Seller and the Company prior to or substantially concurrently with the time it is provided to such Person) pursuant to a confidentiality agreement containing terms not materially less favorable in the aggregate to the Purchaser than the terms set forth in the Confidentiality Agreement, and (y) engage or participate in discussions or negotiations with the Person making such Acquisition Proposal regarding the terms of such Acquisition Proposal and the negotiation of such terms with, and only with, the Person making such Acquisition Proposal (and such Person's Representatives); and

(ii) the Purchaser may terminate this Agreement pursuant to Section 9.01(b) to enter into a definitive Acquisition Agreement, in each case, with respect to such an Acquisition Proposal if the Purchaser Board determines in good faith after consultation with outside legal counsel and its financial advisor that such Acquisition Proposal constitutes a Superior Proposal (a Superior Proposal Termination); provided, that concurrently with any such termination the Purchaser pays the Termination Fee payable pursuant to Section 9.02(a)(i) and enters into such definitive Acquisition Agreement concurrently therewith or promptly thereafter.

(d) The Purchaser (and the Purchaser Board, and its Subsidiaries and Representatives) shall be entitled to take action pursuant to Section 7.02(c) only if (i) in all circumstances referred to in Section 7.02(c), the Purchaser Board determines in good faith, after consultation with outside legal counsel and its financial advisor, that the failure to take such action would be in violation of its fiduciary duties under the Laws of the State of Delaware and (ii) in all circumstances referred to in Section 7.02(c), in addition to complying with clause (i) of this Section 7.02(d), prior to effecting any Superior Proposal Termination, (A) the Purchaser shall notify the Seller and the Company in writing at least four (4) Business Days prior to effecting such Superior Proposal Termination of its

intention to effect such Superior Proposal Termination (which notice shall include the material terms and conditions of such Superior Proposal, the identity of the third party, and a copy of the most recent draft of any written agreement relating thereto (it being understood and agreed that any material amendment to the terms of such Superior Proposal shall require a new notice period as contemplated hereby of at least three (3) Business Days)), (B) during the applicable notice period contemplated by clause (A), the Purchaser shall permit the Seller (directly or indirectly through any of its Affiliates) to (1) confidentially propose adjustments to the terms and conditions of this Agreement or (2) submit an Acquisition Proposal to the Purchaser, in each case, such that the Superior Proposal ceases to be a Superior Proposal, and the Purchaser shall negotiate with the Seller and the Company in good faith (to the extent the Seller wishes to negotiate) (x) to make such adjustments to the terms and conditions of this Agreement or (y) with respect to the terms and conditions of such Acquisition Proposal (provided, that the Purchaser agrees and acknowledges that any action taken by the Seller (or any of its Affiliates) in accordance with this Section 7.02(d) shall not, and shall not be deemed to, breach or otherwise be in violation of any provision of Section 6.10), and (C) at the end of such notice period, the Purchaser Board, taking into consideration such changes to this Agreement or such Acquisition Proposal made by the Seller, determines in good faith, after consultation with its outside legal counsel and financial advisor, that such Superior Proposal continues to meet the definition of Superior Proposal if such changes to this Agreement or such Acquisition Proposal, as applicable, were to be given effect and that failure to take such action would be in violation of the directors' fiduciary duties under the Laws of the State of Delaware.

(e) The Purchaser shall keep the Seller and the Company apprised on a reasonably current basis in writing of any proposals or offers with respect to an Acquisition Proposal and provide a copy of (or, if oral, a summary of the material terms and conditions of) any such Acquisition Proposal (including any material changes thereto) and the identity of the Person making any such Acquisition Proposal or requesting information or discussions.

(f) Nothing contained in this Section 7.02 shall be deemed to prohibit the Purchaser or the Purchaser Board or any committee thereof from (i) complying with its disclosure obligations under U.S. federal or state Law, including taking and disclosing to its stockholders a position contemplated by Rule 14d-9 or Rule 14e-2(a) under the Exchange Act (or any similar communication to stockholders), so long as any action taken or statement that relates to a Purchaser Recommendation Change made to so comply is consistent with this Section 7.02, or (ii) issuing any stop, look and listen communication to the stockholders of the Purchaser pursuant to Rule 14d-9(f) under the Exchange Act (or any similar communications to the stockholders of the Purchaser). For the avoidance of doubt, complying with such obligations or making such disclosure shall not in any way limit or modify the effect that any such action has under this Agreement, including whether there has been a Purchaser Recommendation Change.

7.03 Governance Matters.

(a) The Purchaser shall take all action necessary to cause the Purchaser Charter Amendment to be filed with, and evidence of acceptance of such filing to be provided by, the Secretary of State for the State of Delaware on or prior to the Closing Date.

(b) Prior to the Closing, the Purchaser shall, and shall cause the Purchaser Board to, take all action necessary so that, as of the Closing, (i) the size of the Purchaser Board will be increased by one (1) member and (ii) the vacancy created by such increase shall be filled with the individual set forth on Schedule 7.03(b) (and if such individual is unwilling or unable to serve as a director of the Purchaser, such individual shall be replaced by an individual designated by the Seller in accordance with the procedures set forth in the form of Shareholders Agreement attached hereto as Exhibit A). The individual who is or becomes a director of the Purchaser as of the

Closing in accordance with the foregoing shall continue as a director of the Purchaser from and after the Closing in accordance with the Shareholders Agreement.

7.04 **Books and Records**. From and after the Closing Date, for a period of seven (7) years, the Purchaser shall (and shall cause the Company and its Subsidiaries to) provide the Seller and its authorized Representatives with reasonable access, during normal business hours and upon reasonable notice, to the books and records (for the purpose of examining and copying at the sole expense of the Seller) of the Company and its Subsidiaries with respect to periods or occurrences prior to or on the Closing Date, in each case, as may be reasonably required by the Seller solely in connection with any legal proceedings by or against, or Tax audits against, governmental investigations of, or compliance with Law by the Seller or any of its Affiliates; provided, that (i) such access shall not materially and unreasonably interfere with the conduct of the business of the Purchaser, the Company and its Subsidiaries, and (ii) nothing herein shall require the Purchaser, the Company or any of its Subsidiaries to provide access to, or to disclose any information to, the Seller if such access or disclosure would be reasonably likely to (A) waive any attorney-client, work-product or other legal privilege or (B) be in violation of applicable Law or the provisions of any Contract to which the Purchaser, the Company or any of its Subsidiaries is a party. In the event that the Purchaser, the Company or any of its Subsidiaries does not provide access to or disclose information in reliance on clause (A) or (B) of the preceding sentence, the Purchaser shall provide written notice to the Seller that it is denying such access or withholding such information and shall use its reasonable best efforts to communicate, to the extent feasible, the applicable information in a way that would not waive such privilege or contravene such Law or Contract. The Seller shall treat as confidential any Confidential Information of the Company that it receives following the Closing whether pursuant to this Section 7.04 or otherwise and shall not disclose such information other than (1) as required by Law or legal process, (2) in connection with Claims arising from this Agreement, or (3) on a need to know basis to the Seller or its Representatives who agree in advance to maintain the confidentiality of such information in accordance with this clause (3).

7.05 **Notification**. From the date of this Agreement until the earlier of Closing Date and the termination of this Agreement in accordance with Section 9.01, the Purchaser shall promptly notify the Seller if the Purchaser obtains knowledge (a) of the occurrence or non-occurrence of any event the occurrence or non-occurrence of which (i) has had, or would reasonably be expected to have, individually or in the aggregate, a Purchaser Material Adverse Effect or (ii) would be reasonably likely to cause any of the conditions set forth in Section 2.03 to be incapable of satisfaction, or (b) any material breach of, or failure to comply in any material respect with, any representation, warranty or covenant of the Purchaser hereunder; provided, that any failure to give notice in accordance with the foregoing with respect to any such change, event, or breach shall not be deemed to constitute a violation of this Section 7.05 or the failure of any condition set forth in Section 2.03 to be satisfied, or otherwise constitute a breach of this Agreement by the Purchaser, in each case unless the underlying change, event, or breach would independently result in a failure of the conditions set forth in Section 2.03. The Purchaser acknowledges, subject to the foregoing proviso, that no such notification or update by the Purchaser shall be deemed to affect any right of the Seller to terminate this Agreement pursuant to Section 9.01.

7.06 **Director and Officer Liability and Indemnification and Insurance**.

(a) Prior to the Closing, the Company shall obtain as of the Closing Date tail insurance policies with a claims period of six (6) years after the Closing Date with coverage and amounts, and containing terms and conditions, that are at least as favorable to the directors and officers of the Company and its Subsidiaries, in each case with respect to Claims arising out of or relating to events which occurred on or prior to the Closing Date (including in connection with the transactions contemplated by this Agreement) (the D&O Tail Policy), and the Purchaser shall cause the Company to, and the Company shall, maintain in effect such D&O Tail Policy for a

period of six (6) years after the Closing Date; provided, that the Company shall not obtain the D&O Tail Policy on such terms if the aggregate premium for such insurance exceeds three hundred percent (300%) of the annual premium for such insurance as of the date hereof (the Premium Cap), and the Company shall instead obtain a tail insurance policy with a claims period of six (6) years after the Closing Date covering such individuals with the best coverage as is then available at a cost up to but not exceeding such Premium Cap.

(b) For a period of six (6) years after the Closing Date, the Purchaser and the Company shall maintain in effect (to the fullest extent permitted under applicable Law), any and all exculpation, indemnification and advancement of expenses provisions of the Company's and any of its Subsidiaries' certificate of formation and limited liability company agreement (or comparable organizational documents) (to the extent and for so long as such entities remain in existence following the Closing Date), or in any indemnification agreements of the Company or its Subsidiaries with any of their respective current or former directors or officers, in each case, in effect immediately prior to the Closing Date, and shall not, and shall not permit the Company or any of its Subsidiaries to amend, repeal or modify, any provision in the Company's or any of its Subsidiaries' certificate of formation or limited liability company agreement (or comparable organizational documents) relating to the exculpation or indemnification rights (including with respect to advance of expenses) of any current or former director or officer of the Company or any of its Subsidiaries, in a manner that would adversely affect such exculpation or indemnification rights of any such director or officer (unless required by applicable Law). If the Purchaser, the Company or any of its Subsidiaries or any of their respective successors or assigns (i) shall consolidate with or merge into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger or (ii) shall transfer all or substantially all of its properties and assets to any Person, then, and in each such case, proper provision shall be made so that the successors and assigns of the Purchaser and the Company and its Subsidiaries shall assume all of the obligations set forth in this Section 7.06.

(c) The Company shall, and shall cause its Subsidiaries to, and the Purchaser shall cause the Company to, to the fullest extent permitted under applicable Law, indemnify and hold harmless (and advance funds in respect of each of the foregoing) each current and former director or officer of the Company or any of its Subsidiaries (each, together with such person's heirs, executors or administrators, an D&O Indemnified Party), in each case against any costs or expenses (including advancing reasonable attorneys' fees and expenses in advance of the final disposition of any Claim to each D&O Indemnified Party to the fullest extent permitted by applicable Law; provided, that the D&O Indemnified Party to whom expenses are advanced provides an undertaking to repay such amounts if it is ultimately determined that such person is not entitled to indemnification), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any actual or threatened Claim, whether civil, criminal, administrative or investigative (an Indemnification Action), arising out of, relating to or in connection with any action or omission by them in their capacities as such occurring or alleged to have occurred before the Closing Date (including, for the avoidance of doubt, any matters arising in connection with the transactions contemplated hereby and including acts or omissions in connection with such D&O Indemnified Party), whether such Indemnification Action is commenced before or after the Closing Date. In the event of any such Indemnification Action, the Company shall reasonably cooperate with the D&O Indemnified Party in the defense of any such Indemnification Action.

(d) The provisions of this Section 7.06(d) are intended for the benefit of, and will be enforceable by, each D&O Indemnified Party and his or her heirs and representatives, and are in addition to, and not in substitution for, any other rights to indemnification or contribution that any such person may have had by contract or otherwise.

7.07 Reasonable Best Efforts. Subject to Section 8.05, the Purchaser shall use its reasonable best efforts to cause the conditions set forth in Section 2.01 and Section 2.03 to be satisfied and to consummate the transactions contemplated herein as soon as reasonably possible after the satisfaction of the conditions set forth in Article II (other than those to be satisfied at the Closing).

7.08 Employment and Benefit Arrangements.

(a) The Purchaser shall use its reasonable best efforts to take all actions required so that eligible employees of the Company and its Subsidiaries shall receive service credit with respect to service with the Company and its Subsidiaries (or their predecessors) prior to the Closing Date for purposes of eligibility, vesting, and, for purposes of vacation and severance benefits only, benefit accrual under any employee benefit plans and arrangements (excluding any defined benefit pension, equity or equity-related, nonqualified deferred compensation, and post-termination or retiree welfare benefit plans and arrangements, subject to applicable Laws and the terms of any collective bargaining agreement, individual employment agreement or individual pension agreement) in which each such employee is eligible to participate immediately following the Closing Date; provided, that such service will only be credited to the extent it was credited under an analogous Company Benefit Plan, and that no retroactive contributions will be required; provided further, except to the extent such credit would result in the duplication of benefits. To the extent that, during the plan year in which the Closing Date occurs, the Purchaser modifies any group health coverage under which the employees of the Company and its Subsidiaries participate, the Purchaser shall, or shall cause one of its Affiliates to, use its reasonable best efforts: (i) waive any applicable waiting periods, pre-existing conditions or actively-at-work requirements and (ii) to give such employees credit under the new coverages or benefit plans for deductibles, co-insurance and out-of-pocket payments that have been paid during the year in which such coverage or plan modification occurs. This Section 7.08 shall survive the Closing, and shall be binding on all successors and assigns of the Purchaser, the Company and its Subsidiaries. Through December 31, 2018 (or, if earlier, the date of a relevant employee's termination), the Purchaser shall take all actions required so that each employee of the Company and its Subsidiaries (determined as of the Closing Date) who continues in employment with the Company and its Subsidiaries immediately following the Closing Date receives (x) base compensation or wages, and cash bonus opportunities (excluding any equity or equity-related bonus opportunities), that are no less favorable than those provided by the Company or its Subsidiaries to such employee immediately prior to the Closing Date and (y) benefits (excluding any defined benefit pension, equity or equity-related, nonqualified deferred compensation, and post-termination or retiree welfare benefit plans and arrangements, subject to applicable Laws and the terms of any collective bargaining agreement, individual employment agreement or individual pension agreement) that are substantially comparable in the aggregate to those provided by the Company or its Subsidiaries to such employee immediately prior to the Closing Date; provided, that, for the avoidance of doubt, the Purchaser may at any time after the Closing, subject to the immediately following sentence, terminate any severance benefits provided by the Company or its Subsidiaries to such employee immediately prior to the Closing Date (except for the severance benefits to be provided pursuant to the arrangements set forth on Schedule 7.08(a), which shall not be terminated by the Purchaser or its Affiliates without the consent of the applicable individual at any time); provided further, that any such terminated severance plans (other than those arrangements set forth on Schedule 7.08(a)) shall be replaced by severance benefits that are substantially comparable in the aggregate to those severance benefits provided by the Purchaser or its Subsidiaries to their similarly situated employees. Through December 31, 2019 (or, if earlier, the date of a relevant employee's termination), the Purchaser shall take all actions required so that each employee of the Company and its Subsidiaries (determined as of the Closing Date) who continues in employment with the Company and its Subsidiaries immediately following December 31, 2018 receives (x) base compensation or wages, and cash bonus opportunities

(excluding any equity or equity-related bonus opportunities), that are substantially comparable to the compensation or wages and cash bonus opportunities provided by the Purchaser or its Subsidiaries to their similarly situated employees, (y) benefits (excluding any defined benefit pension, equity or equity-related, nonqualified deferred compensation, and post-termination or retiree welfare benefit plans and arrangements, subject to applicable Laws and the terms of any collective bargaining agreement, individual employment agreement or individual pension agreement) that are substantially comparable in the aggregate to those benefits provided by the Purchaser or its Affiliates to their similarly situated employees, and (z) severance benefits that are substantially comparable in the aggregate to those severance benefits provided by the Purchaser or its Subsidiaries to their similarly situated employees (except for the severance benefits to be provided pursuant to the arrangements set forth on Schedule 7.08(a), which shall not be terminated by the Purchaser or its Affiliates without the consent of the applicable individual at any time). Notwithstanding anything to the contrary in this Section 7.08, with respect to any employees based outside of the United States, the Purchaser agrees to honor all pension benefits due to non-US employees pursuant to the terms of individual employment agreements and individual pension agreements through December 31, 2019 and the Purchaser's obligations under this Section 7.08 shall be modified to the extent necessary to comply with applicable Laws of the jurisdictions in which such employees are based. For the avoidance of doubt, this Section 7.08 shall apply only with respect to employee benefits to be provided following the Closing Date and shall not have the effect of reducing any benefits (including defined benefits) already accrued as of the Closing Date, and shall not be deemed to reduce any payments or benefits owed pursuant to the terms of any collective bargaining agreement.

(b) Notwithstanding the foregoing, the Purchaser shall, and shall cause its Affiliates (including the Company and its Subsidiaries) to, honor and cause to be paid all annual bonus and commission payments of all employees of the Company and its Subsidiaries with respect to the performance period prior to the Closing Date in accordance with their terms as in effect as of immediately prior to the Closing Date.

(c) Nothing contained in this Section 7.08 shall obligate the Purchaser, the Company, or any of the Company's Subsidiaries to continue the employment of any employee of, or the service relationship of, or any particular term of employment of, any other service provider to, the Company or any of its Subsidiaries for any period of time after the Closing, and this Section 7.08 shall not be construed to limit the ability of the Purchaser, the Company, or any of the Company's Subsidiaries to terminate the employment of any employee of, or the service relationship of any other service provider to, the Company or any of its Subsidiaries following the Closing in accordance with applicable Law and any pre-existing contractual relationship. Further, this Section 7.08 shall be binding upon and inure solely to the benefit of the parties to this Agreement, and nothing in this Section 7.08, express or implied, shall confer upon any other Person any rights or remedies of any nature whatsoever under or by reason of this Section 7.08 or be construed as an amendment, waiver, termination, or creation of any benefit or compensation plan, program, agreement, Contract, policy, or arrangement of the Purchaser, the Company, or any of the Company's Subsidiaries, or to limit the ability of the Purchaser to establish, amend, modify or terminate any benefit or compensation plan, program, agreement, contract, policy or arrangement in accordance with applicable Law.

7.09 Stock Exchange Listing. The Purchaser shall use its reasonable best efforts to cause the Purchaser Class A Common Stock (including shares of Purchaser Class A Common Stock issuable upon conversion of the Purchaser Class B Common Stock to be issued by the Purchaser to the Seller as Stock Consideration) to be approved for listing on the NYSE, subject to official notice of issuance, prior to the Closing Date.

11.12 Specific Performance. The Seller, the Purchaser and the Company acknowledge and agree that the other parties would be damaged irreparably in the event any provision of this Agreement is not performed in accordance with its specific terms or is otherwise breached, and that monetary damages, even if available, would not be an adequate remedy therefor. Each of the Parties further acknowledges and agrees that it shall not assert that a remedy of specific enforcement is unenforceable, invalid, contrary to applicable Law, or inequitable for any reason, nor to assert that a remedy of monetary damages would provide an adequate remedy for any such breach.

This Agreement and any signed agreement entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of a facsimile machine or electronic mail, shall be treated in all manner and respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any Party or to any such contract, each other Party or thereto shall re-execute original forms thereof and deliver them to all other parties. No Party or to any such contract shall raise the use of a facsimile machine or electronic mail to deliver a signature or the fact that any signature or contract was transmitted or communicated through the use of facsimile machine or in electronic or digital form as a defense to the formation of a contract and each such Party forever waives any such defense.

11.14 Counterparts. This Agreement may be executed in multiple counterparts, any one of which need not contain the signature of more than one Party, but all such counterparts taken together shall constitute one and the same instrument.

THE PARTIES IRREVOCABLY AGREE THAT VENUE WOULD BE PROPER IN SUCH COURT, AND HEREBY WAIVE ANY OBJECTION THAT ANY SUCH COURT IS AN IMPROPER OR INCONVENIENT FORUM FOR THE RESOLUTION OF SUCH SUIT, ACTION, OR PROCEEDING. THE PARTIES FURTHER AGREE THAT THE MAILING BY CERTIFIED OR REGISTERED MAIL, RETURN RECEIPT REQUESTED, OF ANY PROCESS REQUIRED BY ANY SUCH COURT SHALL CONSTITUTE VALID AND LAWFUL SERVICE OF PROCESS AGAINST THEM, WITHOUT NECESSITY FOR SERVICE BY ANY OTHER MEANS PROVIDED BY STATUTE OR RULE OF COURT.

(b) NOTWITHSTANDING ANYTHING IN THIS SECTION 11.16 TO THE CONTRARY, THE PARTIES AGREE THAT WITH RESPECT TO ANY DISPUTE INVOLVING THE DEBT FINANCING OR DEBT FINANCING SOURCES, THE PARTIES SUBMIT TO THE EXCLUSIVE JURISDICTION OF THE COURTS OF THE STATE OF NEW YORK OR FEDERAL COURTS OF THE UNITED STATES OF AMERICA, IN EACH CASE, SITTING IN THE BOROUGH OF MANHATTAN, AND ANY APPELLATE COURT FROM ANY THEREOF (THE COURTS DESCRIBED IN THIS SECTION 11.16(b), THE APPLICABLE COURTS), AND AGREES THAT (I) ALL CLAIMS IN RESPECT OF ANY SUCH LITIGATION MAY BE HEARD AND DETERMINED ONLY IN AN APPLICABLE COURT, (II) WAIVES, TO THE FULLEST EXTENT IT MAY LEGALLY DO SO, ANY OBJECTION WHICH IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY PROCEEDING IN ANY APPLICABLE COURT, (III) WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, THE DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH PROCEEDING IN ANY APPLICABLE COURT, AND (IV) AGREES THAT A FINAL JUDGMENT IN ANY SUCH PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR ANY OTHER MANNER PROVIDED BY LAW.

Each party here has or may have set forth information in the Disclosure Schedules in a section thereof that corresponds to the Section of this Agreement to which it relates. The specification of any dollar amount contained in the representations or warranties in this Agreement, or the fact that any item of information is disclosed in the Disclosure Schedule shall not be construed to mean that such information is required to be disclosed by this Agreement. The mere inclusion of an item in the Disclosure Schedule as an exception to (or, as applicable, a disclosure for purposes of) a representation or warranty shall not be deemed an admission that (a) such item represents a material exception or material fact, event or circumstance or that such item has had or would reasonably be expected to have, with respect to the Company, a Company Material Adverse Effect, and with respect to the Purchaser, a Purchaser Material Adverse Effect, as applicable, or (b) such information (or any non-disclosed information of comparable or greater significance) is required to be disclosed by the terms of this Agreement or is material to the business, results of operations or financial condition of the Company, the Seller, or the Purchaser, as applicable.

11.20 Survival. The representations, warranties, covenants and agreements of the Parties contained in this Agreement shall not survive the Closing, except that (i) those covenants and agreements that by their terms apply or are to be performed, in whole or in part, at or after the Closing shall survive the Closing until the date on which the performance of such covenant is completed (after which such covenant shall terminate), and (ii) the Closing shall not relieve a Party of any breach prior to the Closing of a covenant or agreement contained in this Agreement by such Party; provided that the representations and warranties set forth in Sections 3.04 and 4.03 and the penultimate sentence of Section 3.02 shall survive the Closing indefinitely.

11.21 Waiver of Conditions.

(a) The conditions to the obligations of each Party to consummate the transactions contemplated by this Agreement are for the sole benefit of each such Party, and may be waived only by each such Party in whole or in part to the extent permitted by applicable Laws.

(b) No failure or delay by any Party in exercising any right, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by applicable Law.

11.22 Obligations of the Purchaser and of the Company. Whenever this Agreement requires a Subsidiary of the Purchaser to take any action, such requirement shall be deemed to include an undertaking on the part of the Purchaser to cause such Subsidiary to take such action. Whenever this Agreement requires a Subsidiary of the Company to take any action, such requirement shall be

deemed to include an undertaking on the part of the Company to cause such Subsidiary to take such action and, after the Closing, on the part of the Purchaser to cause such Subsidiary to take such action. Whenever this Agreement requires a Subsidiary of the Seller to take any action, such requirement shall be deemed to include an undertaking on the part of the Seller to cause such Subsidiary to take such action.

11.23 Release. Notwithstanding anything to the contrary herein, effective as of the Closing Date, the Seller, on behalf of itself and its Affiliates (other than, for the avoidance of doubt, the Company and its Subsidiaries), successors and permitted assigns (any of the foregoing, a Seller Releasing Party), hereby irrevocably waives, releases and forever discharges, any and all Claims, liabilities or obligations of any nature (whether known or unknown, suspected or unsuspected, absolute or contingent, liquidated or unliquidated, due or to become due, accrued, fixed or otherwise), and right to recourse against the Purchaser, the Company and its Subsidiaries, or any of their Representatives (each, a Seller Released Party), which the Seller Releasing Party has or ever had or may have, arising out of or in any way relating to events, circumstances, actions or omissions, occurring, existing or taken prior to or as of the Closing Date with respect to matters relating to the Company or its Subsidiaries (the Released Claims); provided, however, that the Released Claims shall not include, and nothing contained herein shall operate to release, any of the obligations of any Seller Released Party (a) relating to any matters, events, agreements, acts or conduct to the extent arising after the Closing, (b) under this Agreement or under any other document to be executed and delivered in connection with the transactions contemplated by this Agreement, (c) rights to indemnification under any of the organizational documents of the Company or any of its Subsidiaries, and (d) any rights or obligations arising under or related to the Surviving Commercial Contracts.

ARTICLE II

REGISTRATION RIGHTS

Section 2.01 Shelf and Demand Registration.

(a) Pursuant to the terms of the Purchase Agreement, the Company has, prior to the date hereof, filed with the SEC either (i) a Shelf Registration Statement relating to the offer and resale of Registrable Securities by the IEP Group at any time in accordance with the methods of distribution set forth in the Plan of Distribution section of such Shelf Registration Statement (the Shelf Registration) or (ii) another registration statement providing for the same offer and resale of Registrable Securities by the IEP Group, and, assuming the Company filed an S-3ASR, the Company hereby represents and warrants that, subject to the Holder's compliance with applicable securities laws and the terms and conditions of this Agreement, the Registrable Securities held by the IEP Group on the date hereof are legally available for immediate resale pursuant to the Shelf Registration Statement. For so long as the Company is eligible to use Form

S-3 (or successor form), subject to Section 2.01(e), the Company shall maintain the continuous effectiveness of the Shelf Registration Statement for the maximum period permitted by SEC rules until all of the

B-7

Table of Contents

Registrable Securities have been sold, and shall replace the Shelf Registration Statement at or before expiration, if applicable, with a successor effective Shelf Registration Statement to the extent any Registrable Securities remain outstanding (such period of effectiveness, the Shelf Period).

(b) At any time and from time to time during the Shelf Period, one or more Holders (the Selling Holders) may, by written notice to the Company, request an offering of all or part of the Registrable Securities held by such Holders (a Shelf Take-Down); provided, that the Company shall not be obligated to effect any subsequent Shelf Take-Down during the sixty (60) day period following the pricing date of a completed Shelf Take-Down; provided, further, however, that if the Holders are subject to a lock-up restriction pursuant to lock-up agreements entered into in connection with such completed Shelf Take-Down, then the period of such lock-up restriction, whether longer or shorter, shall apply in lieu of the 60-day period. In the event that the Holders request that a Shelf Take-Down be effected by means of an Underwritten Offering, the provisions of Sections 2.01(f) and (g) shall apply.

(c) If at any time the Company is ineligible to file with the SEC a Shelf Registration Statement in accordance with Section 2.01(a), a Holder of the then-outstanding Registrable Securities (the Initiating Holder) shall have the right to request that the Company file a Registration Statement, on behalf of itself, with the SEC on the appropriate registration form for all or part of the Registrable Securities held by such Initiating Holder, by delivering a written request thereof to the Company specifying the number of shares of Registrable Securities such Initiating Holder wishes to register (a Demand Registration). The Company shall use its reasonable best efforts to prepare and file the Registration Statement as expeditiously as possible but in any event within 30 days of such request, and (ii) use its reasonable best efforts to cause the Registration Statement to become effective in respect of each Demand Registration in accordance with the intended method of distribution set forth in the written request delivered by the Initiating Holder. The Company shall include in such Registration all Registrable Securities with respect to which the Company receives, within the 10 days immediately following the receipt by a Holder of such notice from the Company, a request for inclusion in the Registration from the Holder(s) thereof. Each such request from a Holder of Registrable Securities for inclusion in the Registration shall also specify the aggregate amount of Registrable Securities proposed to be Registered. The Initiating Holder may request that the Registration Statement be on any appropriate form, including Form S-4 in the case of an Exchange Offer or a Shelf Registration Statement, and the Company shall effect the Registration on the form so requested.

(d) The Holder(s) collectively may not make more than two Demand Registration requests in any 365-day period.

(e) With respect to any Registration Statement, whether filed or to be filed pursuant to this Agreement, if the Company shall reasonably determine in good faith that maintaining the effectiveness of such Registration Statement or filing an amendment or supplement thereto (or, if no Registration Statement has yet been filed, filing such a Registration Statement) would (i) materially impede, delay or interfere with any financing, acquisition, corporate reorganization or other significant transaction, or any negotiations, discussions or pending proposals with respect thereto, involving the Company or any of its Subsidiaries or their respective assets, or (ii) require the disclosure of material nonpublic information, the disclosure of which could reasonably be expected to materially and adversely affect the Company (including during any regular quarterly blackout period) (each of clauses (i) and (ii), a Disadvantageous Condition), the Company may, for the shortest period reasonably practicable, and in any event for not more than 45 calendar days (a Blackout Period), notify the Holders whose offers and Sales of Registrable Securities are covered (or to be covered) by such Registration Statement (a Blackout Notice) that such Registration Statement is unavailable for use (or will not be filed as requested); provided that the Company's regular quarterly blackout period shall not count toward the number of days available

Table of Contents

for any Blackout Period hereunder. Upon the receipt of any such Blackout Notice, the Holders shall forthwith discontinue use of the Prospectus contained in any effective Registration Statement; provided, that, if at the time of receipt of such Blackout Notice any Holder shall have Sold its Registrable Securities (or have signed a firm commitment underwriting agreement with respect to the purchase of such shares) and the Disadvantageous Condition is not of a nature that would require a post-effective amendment to the Registration Statement, then the Company shall use its reasonable best efforts to take such action as to eliminate any restriction imposed by federal securities laws on the timely delivery of such Registrable Securities. When any Disadvantageous Condition as to which a Blackout Notice has been previously delivered shall cease to exist, the Company shall as promptly as reasonably practicable notify the Holders and take such actions in respect of such Registration Statement as are otherwise required by this Agreement. The effectiveness period for any Demand Registration for which the Company has given notice of a Blackout Period shall be increased by the length of time of such Blackout Period. The Company shall not impose, in any 365-day period, Blackout Periods lasting, in the aggregate, in excess of 90 calendar days. If the Company declares a Blackout Period with respect to a Demand Registration for a Registration Statement that has not yet been declared effective, (i) the Holders may by notice to the Company withdraw the related Demand Registration request without such Demand Registration request counting against the number of Demand Registration requests permitted to be made under Section 2.01(d) and (ii) the Holders shall not be responsible for any of the Company's related Registration Expenses.

(f) If the Selling Holders or Initiating Holder so indicate at the time of their or its request for a Shelf Take-Down or a Demand Registration pursuant to Sections 2.01(b) or (c), as applicable, such offering of Registrable Securities shall be in the form of an Underwritten Offering or an Exchange Offer. In the event that the Selling Holders or Initiating Holder intend to Sell the Registrable Securities by means of an Underwritten Offering or Exchange Offer, the right of any Holder to include Registrable Securities in such registration shall be conditioned upon such Holder's participation in such Underwritten Offering or Exchange Offer and the inclusion of such Holder's Registrable Securities in the Underwritten Offering or the Exchange Offer to the extent provided herein. The Holders of a majority of the outstanding Registrable Securities being included in any Underwritten Offering or Exchange Offer shall select the underwriter(s) in the case of an Underwritten Offering or the dealer manager(s) in the case of an Exchange Offer, provided that such underwriter(s) or dealer manager(s) are reasonably acceptable to the Company. The Company shall be entitled to designate counsel for such underwriter(s) or dealer manager(s) (subject to their approval), provided that such designated underwriters' counsel shall be a firm of national reputation representing underwriters or dealer managers in capital markets transactions.

(g) If the managing underwriter or underwriters of a proposed Underwritten Offering of Registrable Securities included in a Registration pursuant to this Section 2.01 inform(s) in writing the Holders participating in such Registration that, in its or their opinion, the number of securities requested to be included in such Registration exceeds the number that can be Sold in such offering without being likely to have a material adverse effect on the price, timing or distribution of the securities offered or the market for the securities offered, the number of Registrable Securities to be included in such Registration shall be reduced to the maximum number recommended by the managing underwriter or underwriters and allocated pro rata among the Holders, including the Selling Holders or the Initiating Holder, in proportion to the number of Registrable Securities each Holder has requested to be included in such Registration; provided, that the Initiating Holder may notify the Company in writing that the Registration Statement shall be abandoned or withdrawn, in which event the Company shall abandon or withdraw such Registration Statement. In the event the Initiating Holder notifies the Company that such Registration Statement shall be abandoned or withdrawn, such Holder shall not be deemed to have requested a Demand Registration pursuant to Section 2.01(c), and the Company shall not be deemed to have effected a Demand Registration pursuant to Section 2.01(c). If the amount of Registrable Securities to be underwritten has not

Table of Contents

been limited in accordance with the first sentence of this Section 2.01(g), the Company and the holders of Common Stock or, if the Registrable Securities include securities other than Common Stock, the holders of securities of the same class of those securities included in the Registrable Securities, in each case, other than the Holder (Other Holders), may include such securities for their own account or for the account of Other Holders in such Registration if the underwriter(s) so agree and to the extent that, in the opinion of such underwriter(s), the inclusion of such additional amount will not adversely affect the offering of the Registrable Securities included in such Registration.

Section 2.02 Piggyback Registrations.

(a) If the Company proposes to file a Registration Statement (other than a Shelf Registration) or a Prospectus supplement filed pursuant to a Shelf Registration Statement under the Securities Act with respect to any offering of such securities for its own account and/or for the account of any Other Holders (other than (i) a Registration under Section 2.01, (ii) a Registration pursuant to a Registration Statement on Form S-8 or Form S-4 or similar form that relates to a transaction subject to Rule 145 under the Securities Act, (iii) any form that does not include substantially the same information, other than information relating to the selling holders or their plan of distribution, as would be required to be included in a Registration Statement covering the sale of the Registrable Securities, (iv) in connection with any dividend reinvestment or similar plan, (v) for the sole purpose of offering securities to another entity or its security holders in connection with the acquisition of assets or securities of such entity or any similar transaction or (vi) a Registration in which the only Common Stock being registered is Common Stock issuable upon conversion of debt securities that are also being registered) (a Public Sale), then, as soon as practicable, but in any event not less than 15 days prior to the proposed date of filing such Registration Statement, the Company shall give written notice of such proposed filing to each Holder, and such notice shall offer such Holders the opportunity to Register under such Registration Statement such number of Registrable Securities as each such Holder may request in writing (a Piggyback Registration). Subject to Section 2.02(b) and Section 2.02(c), the Company shall use its reasonable best efforts to include in a Registration Statement with respect to a Public Sale all Registrable Securities that are requested to be included therein within five Business Days after the receipt of any such notice; provided, however, that if, at any time after giving written notice of its intention to Register any securities and prior to the effective date of the Registration Statement filed in connection with such Registration, the Company shall determine for any reason not to Register or to delay Registration of the Public Sale, the Company may, at its election, give written notice of such determination to each such Holder and, thereupon, (x) in the case of a determination not to Register, shall be relieved of its obligation to Register any Registrable Securities in connection with such Registration, without prejudice, however, to the rights of any Holder to request that such Registration be effected as a Demand Registration under Section 2.01 and (y) in the case of a determination to delay Registration, shall be permitted to delay Registering any Registrable Securities for the same period as the delay in Registering such other shares of Common Stock in the Public Sale. No Registration effected under this Section 2.02 shall relieve the Company of its obligation to effect any Demand Registration under Section 2.01. For purposes of clarification, the Company's filing of a Shelf Registration Statement shall not be deemed to be a Public Sale; provided, however, that any prospectus supplement filed pursuant to a Shelf Registration Statement with respect to an offering of the Company's Common Stock for its own account and/or for the account of any other Persons will be a Public Sale unless such offering qualifies for an exemption from the Public Sale definition in this Section 2.02(a).

(b) In the case of any Underwritten Offering, each Holder shall have the right to withdraw such Holder's request for inclusion of its Registrable Securities in such Underwritten Offering pursuant to Section 2.02(a) at any time prior to the execution of an underwriting agreement with respect thereto by giving written notice to the Company of such Holder's request to withdraw and, subject

Table of Contents

to the preceding clause, each Holder shall be permitted to withdraw all or part of such Holder's Registrable Securities from a Piggyback Registration at any time prior to the effective date thereof.

(c) If the managing underwriter or underwriters of any proposed Underwritten Offering of a class of Registrable Securities included in a Piggyback Registration informs the Company and each Holder in writing that, in its or their opinion, the number of securities of such class that such Holder and any other Persons intend to include in such offering exceeds the number that can be Sold in such offering without being likely to have an adverse effect on the price, timing or distribution of the securities offered or the market for the securities offered, then the securities to be included in such Registration shall be (i) first, all securities of the Company and any other Persons (other than the Company's executive officers and directors) for whom the Company is effecting the Registration, as the case may be, proposes to Sell, (ii) second, the number, if any, of Registrable Securities of such class that, in the opinion of such managing underwriter or underwriters, can be Sold without having such adverse effect, with such number to be allocated pro rata among the Holders that have requested to participate in such Registration based on the relative number of Registrable Securities of such class requested by such Holder to be included in such Sale, (iii) third, the number of securities of executive officers and directors of the Company for whom the Company is effecting the Registration, as the case may be, with such number to be allocated pro rata among the executive officers and directors and (iv) fourth, any other securities eligible for inclusion in such Registration, allocated among the holders of such securities in such proportion as the Company and those holders may agree.

(d) After a Holder has been notified of its opportunity to include Registrable Securities in a Piggyback Registration, such Holder (i) shall treat the Offering Confidential Information as confidential information, (ii) shall not use any Offering Confidential Information for any purpose other than to evaluate whether to include its Registrable Securities (or other shares of Common Stock) in such Piggyback Registration and (iii) shall not disclose any Offering Confidential Information to any Person other than such of its agents, employees, advisors and counsel as have a need to know such Offering Confidential Information, and to cause such agents, employees, advisors and counsel to comply with the requirements of this Section 2.02(d); provided, that any such Holder may disclose Offering Confidential Information if such disclosure is required by legal process, but such Holder shall reasonably cooperate with the Company to limit the extent of such disclosure through protective order or otherwise, and to seek confidential treatment of the Offering Confidential Information.

Section 2.03 Registration Procedures.

(a) In connection with the Company's Registration obligations under Section 2.01 and Section 2.02, the Company shall use its reasonable best efforts to effect such Registration to permit the offer and Sale of such Registrable Securities in accordance with the intended method or methods of distribution thereof as expeditiously as reasonably practicable, and in connection therewith, the Company shall use reasonable best efforts to:

(i) prepare and file the required Registration Statement, including all exhibits and financial statements and, in the case of an Exchange Offer, any document required under Rule 425 or Rule 165 with respect to such Exchange Offer (collectively, the Ancillary Filings) required under the Securities Act to be filed therewith, and before filing with the SEC a Registration Statement or Prospectus, or any amendments or supplements thereto, (A) furnish to the underwriters or dealer managers, if any, and to the Holders, copies of all documents prepared to be filed, which documents shall be subject to the review and comment of such underwriters or dealer managers and such Holders and their respective counsel, and provide such underwriters or dealers managers, if any, and such Holders and their respective counsel reasonable time to review and comment thereon and (B) not file with the SEC any Registration Statement or Prospectus or amendments or supplements thereto or any Ancillary

Filing to which the Holders or the underwriters or dealer managers, if any, shall reasonably object;

(ii) prepare and file with the SEC such amendments and post-effective amendments to such Registration Statement and supplements to the Prospectus and any Ancillary Filing as may be reasonably requested by the participating Holders;

(iii) promptly notify the participating Holders and the managing underwriters or dealer managers, if any, and, if requested, confirm such advice in writing and provide copies of the relevant documents, as soon as reasonably practicable after notice thereof is received by the Company (A) when the applicable Registration Statement or any amendment thereto has been filed or becomes effective, the applicable Prospectus or any amendment or supplement to such Prospectus has been filed, or any Ancillary Filing has been filed, (B) of any comments (written or oral) by the SEC or any request (written or oral) by the SEC or any other Governmental Authority for amendments or supplements to such Registration Statement, such Prospectus or any Ancillary Filing, or for any additional information, (C) of the issuance by the SEC of any stop order suspending the effectiveness of such Registration Statement, any order preventing or suspending the use of any preliminary or final Prospectus or any Ancillary Filing, or the initiation or threatening of any proceedings for such purposes, (D) if, at any time, the representations and warranties (written or oral) in any applicable underwriting agreement or dealer manager agreement cease to be true and correct in all material respects and (E) of the receipt by the Company of any notification with respect to the suspension of the qualification of the Registrable Securities for offering or Sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose;

(iv) (A) promptly notify each participating Holder and the managing underwriter(s) or dealer manager(s), if any, when the Company becomes aware of the occurrence of any event as a result of which the applicable Registration Statement, the Prospectus included in such Registration Statement (as then in effect) or any Ancillary Filing contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements therein (in the case of such Prospectus and any preliminary Prospectus, in light of the circumstances under which they were made) not misleading, or if for any other reason it shall be necessary during such time period to amend or supplement such Registration Statement, Prospectus or any Ancillary Filing in order to comply with the Securities Act, and (B) in either case, as promptly as reasonably practicable thereafter, prepare and file with the SEC, and furnish without charge to each participating Holder and the underwriter(s) or dealer manager(s), if any, an amendment or supplement to such Registration Statement, Prospectus or Ancillary Filing that will correct such statement or omission or effect such compliance;

(v) use its reasonable best efforts to prevent or obtain the withdrawal of any stop order or other order suspending the use of any preliminary or final Prospectus;

(vi) promptly (A) incorporate in a Prospectus supplement or post-effective amendment such information as the managing underwriter(s) or dealer manager(s), if any, and the Holders agree should be included therein relating to the plan of distribution with respect to such Registrable Securities and (B) make all required filings of such Prospectus supplement or post-effective amendment as soon as reasonably practicable after being notified of the matters to be incorporated in such Prospectus supplement or post-effective amendment;

(vii) furnish to each participating Holder and each underwriter or dealer manager, if any, without charge, as many conformed copies as such Holder or underwriter or dealer manager may reasonably request of the applicable Registration Statement and any amendment or post-effective amendment thereto, including financial statements and schedules, but excluding all documents and exhibits (i) incorporated therein by reference or (ii) that are available via the SEC's EDGAR system;

(viii) deliver to each participating Holder and each underwriter or dealer manager, if any, without charge, as many copies of the applicable Prospectus (including each preliminary Prospectus) and any amendment or supplement thereto as such Holder or underwriter or dealer manager may reasonably request (it being understood that the Company consents to the use of such Prospectus or any amendment or supplement thereto by each participating Holder and the underwriter(s) or dealer manager(s), if any, in connection with the offering and Sale of the Registrable Securities covered by such Prospectus or any amendment or supplement thereto) and such other documents as such participating Holder or underwriter or dealer manager may reasonably request in order to facilitate the Sale of the Registrable Securities by such Holder or underwriter or dealer manager;

(ix) on or prior to the date on which the applicable Registration Statement is declared effective or becomes effective, use its reasonable best efforts to register or qualify, and cooperate with each participating Holder, the managing underwriter(s) or dealer manager(s), if any, and their respective counsel, in connection with the registration or qualification of, such Registrable Securities for offer and Sale under the securities or blue sky laws of each state and other jurisdiction of the United States as any participating Holder or managing underwriter(s) or dealer manager(s), if any, or their respective counsel reasonably request, and in any foreign jurisdiction mutually agreeable to the Company and the participating Holders, and do any and all other acts or things reasonably necessary or advisable to keep such registration or qualification in effect for so long as such Registration Statement remains in effect and so as to permit the continuance of offers and Sales and dealings in such jurisdictions for so long as may be necessary to complete the distribution of the Registrable Securities covered by the Registration Statement; provided that the Company will not be required to qualify generally to do business in any jurisdiction where it is not then so qualified, to take any action which would subject it to taxation or general service of process in any such jurisdiction where it is not then so subject or conform its capitalization or the composition of its assets at the time to the securities or blue sky laws of any such jurisdiction;

(x) in connection with any Sale of Registrable Securities that will result in such securities no longer being Registrable Securities, cooperate with each participating Holder and the managing underwriter(s) or dealer manager(s), if any, to (A) facilitate the timely preparation and delivery of certificates representing Registrable Securities to be Sold and not bearing any restrictive Securities Act legends and (B) register such Registrable Securities in such denominations and such names as such participating Holder or the underwriter(s) or dealer manager(s), if any, may request at least two Business Days prior to such Sale of Registrable Securities; provided that the Company may satisfy its obligations hereunder without issuing physical stock certificates through the use of the Depository Trust Company's Direct Registration System;

(xi) cooperate and assist in any filings required to be made with the Financial Industry Regulatory Authority and each securities exchange, if any, on which any of the Company's securities are then listed or quoted and on each inter-dealer quotation system on which any of the Company's securities are then quoted, and in the performance of any due diligence investigation by any underwriter or dealer manager (including any qualified independent underwriter) that is required to be retained in accordance with the rules and regulations of each such exchange, and use its reasonable best efforts to cause the Registrable Securities covered by the applicable Registration Statement to be registered with or approved by such other Governmental Authorities as may be necessary to enable the seller or sellers thereof or the underwriter(s) or dealer manager(s), if any, to consummate the Sale of such Registrable Securities;

(xii) not later than the effective date of the applicable Registration Statement, provide a CUSIP number for all Registrable Securities and provide the applicable transfer agent with

printed certificates for the Registrable Securities which are in a form eligible for deposit with the Depository Trust Company; provided, that the Company may satisfy its obligations hereunder without issuing physical stock certificates through the use of the Depository Trust Company's Direct Registration System;

(xiii) obtain for delivery to and addressed to each participating Holder and to the underwriter(s) or dealer manager(s), if any, opinions from the general counsel or deputy general counsel for the Company, in each case dated the effective date of the Registration Statement or, in the event of an Underwritten Offering, the date of the closing under the underwriting agreement or, in the event of an Exchange Offer, the date of the closing under the dealer manager agreement or similar agreement or otherwise, and in each such case in customary form and content for the type of Underwritten Offering or Exchange Offer, as applicable;

(xiv) in the case of an Underwritten Offering or Exchange Offer, obtain for delivery to and addressed to the Company and the managing underwriter(s) or dealer manager(s), if any, and, to the extent requested, each participating Holder, a cold comfort letter from the Company's independent registered public accounting firm in customary form and content for the type of Underwritten Offering or Exchange Offer, dated the date of execution of the underwriting agreement or dealer manager agreement or, if none, the date of commencement of the Exchange Offer, and brought down to the closing, whether under the underwriting agreement or dealer manager agreement, if applicable, or otherwise;

(xv) in the case of an Exchange Offer that does not involve a dealer manager, provide to each participating Holder such customary written representations and warranties or other covenants or agreements as may be requested by any participating Holder comparable to those that would be included in an underwriting or dealer manager agreement;

(xvi) provide and cause to be maintained a transfer agent and registrar for all Registrable Securities covered by the applicable Registration Statement from and after a date not later than the effective date of such Registration Statement;

(xvii) cause all Registrable Securities covered by the applicable Registration Statement to be listed on each securities exchange on which any of the Company's securities are then listed or quoted and on each inter-dealer quotation system on which any of the Company's securities are then quoted;

(xviii) provide (A) each Holder participating in the Registration, (B) the underwriters (which term, for purposes of this Agreement, shall include any Person deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act), if any, of the Registrable Securities to be registered, (C) the Sale or placement agent therefor, if any, (D) the dealer manager therefor, if any, (E) counsel for such Holder, underwriters, agent, or dealer manager and (F) any attorney, accountant or other agent or representative retained by such Holder or any such underwriter or dealer manager, as selected by such Holder, in each case, the opportunity to participate in the preparation of such Registration Statement, each Prospectus included therein or filed with the SEC, and each amendment or supplement thereto; and for a reasonable period prior to the filing of such Registration Statement, upon execution of a customary confidentiality agreement, make available for inspection upon reasonable notice at reasonable times and for reasonable periods, by the parties referred to in clauses (A) through (F) above, all pertinent financial and other records, pertinent corporate and other documents and properties of the Company and its Subsidiaries that are available to the Company, and cause all of the Company's officers, directors and employees and the independent public accountants who have certified its financial statements to make themselves available at reasonable times and for reasonable periods to discuss the business of the Company and to supply all information available to the Company reasonably requested

by any such Person in connection with such Registration Statement as shall be necessary to enable them to exercise their due diligence or other responsibility, subject to the foregoing; provided, that in no event shall the Company be required to make available any information which the Board determines in good faith to be competitively sensitive or confidential.

The recipients of such information shall coordinate with one another so that the inspection permitted hereunder will not unnecessarily interfere with the Company's conduct of business. Each Holder agrees that information obtained by it as a result of such inspections shall be deemed confidential and shall not be used by it as the basis for any market transactions in the securities of the Company or its Affiliates unless and until such information is made generally available to the public by the Company or such Affiliate or for any reason not related to the Registration of Registrable Securities;

(xix) in the case of an Underwritten Offering or Exchange Offer, cause the senior executive officers of the Company to participate at reasonable times and for reasonable periods in the customary road show presentations that may be reasonably requested by the managing underwriter(s) or dealer manager(s), if any, and otherwise to facilitate, cooperate with, and participate in each proposed offering contemplated herein and customary selling efforts related thereto, except to the extent that such participation materially interferes with the management of the Company's business;

(xx) comply with all requirements of the Securities Act, Exchange Act and other applicable laws, rules and regulations, as well as all applicable stock exchange rules; and

(xxi) take all other customary steps reasonably necessary or advisable to effect the Registration and distribution of the Registrable Securities contemplated hereby.

(b) As a condition precedent to any Registration hereunder, the Company may require each Holder as to which any Registration is being effected to furnish to the Company such information regarding the distribution of such securities and such other information relating to such Holder, its ownership of Registrable Securities and other matters as the Company may from time to time reasonably request in writing. Each such Holder agrees to furnish such information to the Company and to cooperate with the Company as reasonably necessary to enable the Company to comply with the provisions of this Agreement.

(c) Each Holder shall, as promptly as reasonably practicable, notify the Company, at any time when a Prospectus is required to be delivered (or deemed delivered) under the Securities Act, of the occurrence of an event, of which such Holder has knowledge, relating to such Holder or its Sale of Registrable Securities thereunder requiring the preparation of a supplement or amendment to such Prospectus so that, as thereafter delivered (or deemed delivered) to the purchasers of such Registrable Securities, such Prospectus will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they are made, not misleading.

(d) IEP agrees (on behalf of itself and each of its Affiliates), and any other Holder agrees by acquisition of such Registrable Securities, that, upon receipt of any written notice from the Company of the occurrence of any event of the kind described in Section 2.03(a)(iv) such Holder will forthwith discontinue the Sale of Registrable Securities pursuant to such Registration Statement until such Holder's receipt of the copies of the supplemented or amended Prospectus contemplated by Section 2.03(a)(iv), or until such Holder is advised in writing by the Company that the use of the Prospectus may be resumed, and if so directed by the Company, such Holder will deliver to the Company, at the Company's expense, all copies of the Prospectus covering such Registrable Securities current at the time of receipt of such notice. In the event the Company shall give any such notice, the period during which the applicable

Registration Statement is required to be maintained effective shall be extended by the number of days during the period from and

including the date of the giving of such notice through the date when each seller of Registrable Securities covered by such Registration Statement either receives the copies of the supplemented or amended Prospectus contemplated by Section 2.03(a)(iv) or is advised in writing by the Company that the use of the Prospectus may be resumed.

Section 2.04 Underwritten Offerings or Exchange Offers.

(a) If requested by the managing underwriter(s) for any Underwritten Offering or dealer manager(s) for any Exchange Offer that is requested by Holders pursuant to a Demand Registration under Section 2.01, the Company shall enter into an underwriting agreement or dealer manager agreement, as applicable, with such underwriter(s) or dealer manager(s) for such offering, such agreement to be reasonably satisfactory in substance and form to the Company and the underwriter(s) or dealer manager(s). Such agreement shall contain such representations and warranties by the Company and such other terms as are generally prevailing in agreements of that type. Each Holder with Registrable Securities to be included in any Underwritten Offering or Exchange Offer by such underwriter(s) or dealer manager(s) shall enter into such underwriting agreement or dealer manager agreement at the request of the Company, which agreement shall contain such reasonable representations and warranties by the Holder and such other reasonable terms as are generally prevailing in agreements of that type.

(b) In the event of a Public Sale involving an offering of Common Stock or other equity securities of the Company in an Underwritten Offering (whether in a Demand Registration or a Piggyback Registration, whether or not the Holders participate therein), the Holders hereby agree, and, in the event of a Public Sale of Common Stock or other equity securities of the Company in an Underwritten Offering or an Exchange Offer, the Company shall agree, and it shall cause its executive officers and directors to agree, if requested by the managing underwriter or underwriters in such Underwritten Offering or by the Holder or the dealer manager or dealer managers, in an Exchange Offer, not to effect any Sale or distribution (including any offer to Sell, contract to Sell, short Sale or any option to purchase) of any securities (except, in each case, as part of the applicable Registration, if permitted hereunder) that are of the same type as those being Registered in connection with such public offering and Sale, or any securities convertible into or exchangeable or exercisable for such securities, during the period beginning five days before, and ending 45 days (or such lesser period as may be permitted by the Company or the participating Holder(s), as applicable, or such managing underwriter or underwriters) after, the effective date of the Registration Statement filed in connection with such Registration (or, if later, the date of the Prospectus), to the extent timely notified in writing by such selling Person or the managing underwriter or underwriters or dealer manager or dealer managers. The participating Holders and the Company, as applicable, also agree to execute an agreement evidencing the restrictions in this Section 2.04(b) in customary form, which form is reasonably satisfactory to the Company or the participating Holder(s), as applicable, and the underwriter(s) or dealer manager(s), as applicable; provided that such restrictions may be included in the underwriting agreement or dealer manager agreement, if applicable. The Company may impose stop-transfer instructions with respect to the securities subject to the foregoing restriction until the end of the required stand-off period.

(c) No Holder may participate in any Underwritten Offering or Exchange Offer hereunder unless such Holder (i) agrees to Sell such Holder's securities on the basis provided in any underwriting arrangements or dealer manager agreements approved by the Company or other Persons entitled to approve such arrangements and (ii) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements, dealer manager agreements and other documents reasonably required under the terms of such underwriting arrangements or dealer manager agreements or this Agreement.

Table of Contents**Section 2.05 Registration Expenses Paid by the Company.**

In the case of any Registration of Registrable Securities required pursuant to this Agreement, the Company shall pay all Registration Expenses regardless of whether the Registration Statement becomes effective; provided, however, that the Company shall not be required to pay for any expenses of any Registration begun pursuant to Section 2.01 if the Demand Registration request is subsequently withdrawn at the request of the Holders of a majority of the Registrable Securities to be Registered (in which case all participating Holders shall bear such expenses), unless the Holder(s) agree to forfeit its (or their) right(s) to one Demand Registration to which they have the right pursuant to Section 2.01(b).

Section 2.06 Indemnification.

(a) The Company agrees to indemnify and hold harmless, to the full extent permitted by law, each Holder whose shares are included in a Registration Statement, such Holder's Affiliates and their respective officers, directors, agents, advisors, employees and each Person, if any, who controls (within the meaning of the Securities Act or the Exchange Act) such Holder, from and against any and all losses, claims, damages, liabilities (or actions or proceedings in respect thereof, whether or not such indemnified party is a party thereto) and expenses, joint or several (including reasonable costs of investigation and legal expenses) (each, a Loss and collectively Losses) arising out of or based upon (i) any untrue or alleged untrue statement of a material fact contained in any Registration Statement under which the offering and Sale of such Registrable Securities was Registered under the Securities Act (including any final or preliminary Prospectus contained therein or any amendment thereof or supplement thereto or any documents incorporated by reference therein), or any such statement made in any free writing prospectus (as defined in Rule 405 under the Securities Act) that the Company has filed or is required to file pursuant to Rule 433(d) of the Securities Act or any Ancillary Filing, (ii) any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, preliminary Prospectus or free writing prospectus, in light of the circumstances under which they were made) not misleading; provided, that with respect to any untrue statement or omission or alleged untrue statement or omission made in any Prospectus, the indemnity agreement contained in this paragraph shall not apply to the extent that any such liability or Loss results from or arises out of (A) information furnished in writing by such Holder or on such Holder's behalf, in either case expressly for use in such Registration Statement, Prospectus, free writing prospectus or Ancillary Filing relating to such Holder's Registrable Securities or (B) the use of any Prospectus by or on behalf of any Holder after the Company has notified such Person in writing that (x) such Prospectus contains an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, (y) a stop order has been issued by the SEC with respect to a Registration Statement or (z) a Disadvantageous Condition exists. This indemnity shall be in addition to any liability the Company may otherwise have. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of such Holder or any indemnified party and shall survive the Sale of such securities by such Holder.

(b) Each participating Holder whose Registrable Securities are included in a Registration Statement agrees (severally and not jointly) to indemnify and hold harmless, to the full extent permitted by law, the Company, its directors, officers, agents, advisors, employees and each Person, if any, who controls (within the meaning of the Securities Act and the Exchange Act) the Company from and against any and all Losses arising out of or based upon (A) information furnished in writing by such Holder or on such Holder's behalf, in either case expressly for use in a Registration Statement, Prospectus, free writing prospectus or Ancillary Filing relating to such Holder's Registrable Securities or (B) the use of any Prospectus by or on behalf of any Holder after the Company has notified such Person in writing that (x) such Prospectus contains an untrue

statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, (y) a stop order has been issued by the SEC with respect to a Registration Statement or (z) a Disadvantageous Condition exists. This indemnity shall be in addition to any liability the participating Holder may otherwise have. In no event shall the liability of any participating Holder hereunder be greater in amount than the dollar amount of the net proceeds received by such holder under the Sale of the Registrable Securities giving rise to such indemnification obligation. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of the Company or any indemnified party.

(c) Promptly after receipt by an indemnified party under this Section 2.06 (an Indemnitee) of notice of the commencement of any action, such Indemnitee will, if a claim in respect thereof is to be made against the indemnifying party (an Indemnifying Party) under this Section 2.06, notify the Indemnifying Party in writing of the commencement thereof; but the failure to so notify the Indemnifying Party (i) will not relieve it from liability under Section 2.06(a) or Section 2.06(b) unless and to the extent such action and such failure results in material prejudice to the Indemnifying Party and forfeiture by the Indemnifying Party of substantial rights and defenses; and (ii) will not, in any event, relieve the Indemnifying Party from any obligations to any Indemnitee other than the indemnification obligation provided in Section 2.06(a) or Section 2.06(b). The Indemnifying Party shall be entitled to participate therein and, in its sole discretion, jointly with any other Indemnifying Party similarly notified, to assume the defense thereof, with counsel satisfactory to such Indemnitee (who shall not, except with the consent of the Indemnitee, be counsel to the Indemnifying Party), and, except as provided in the next sentence, after written notice from the Indemnifying Party to such Indemnitee of its election to so assume the defense thereof, the Indemnifying Party shall not be liable to such Indemnitee for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnitee in connection with the defense thereof other than reasonable costs of investigation. Notwithstanding the Indemnifying Party's rights in the prior sentence, the Indemnitee shall have the right to employ its own counsel (and one local counsel), and the Indemnifying Party shall bear the reasonable fees, costs and expenses of one such separate counsel (and one local counsel) for all Indemnitees hereunder if:

- (i) the use of counsel chosen by the Indemnifying Party to represent the Indemnitee would present such counsel with an actual and unresolvable conflict of interest;
- (ii) the actual or potential defendants in, or targets of, any such action include both the Indemnitee and the Indemnifying Party, and the Indemnitee shall have reasonably concluded that there may be legal defenses available to it which are different from or additional to those available to the Indemnifying Party and, if the Indemnifying Party and the Indemnitee were to be represented by the same counsel, could result in a conflict of interest for such counsel or prejudice the prosecution of the separate defenses available to such Indemnitee;
- (iii) the Indemnifying Party shall not have employed counsel satisfactory to the Indemnitee to represent the Indemnitee within a reasonable time after notice of the institution of such action; or
- (iv) the Indemnifying Party shall authorize the Indemnitee in writing to employ separate counsel at the expense of the Indemnifying Party.

(d) Notwithstanding anything in this Section 2.06 to the contrary, no Indemnifying Party shall be liable for the settlement of any action effected without its prior written consent (which consent shall not unreasonably be withheld or delayed). No Indemnifying Party, in the defense of any such claim or litigation, shall, except with the prior written consent of each Indemnitee (which consent shall not unreasonably be withheld or delayed), consent to entry of any judgment or enter into any settlement or compromise unless such settlement or compromise (i) includes as an unconditional term thereof the giving by the claimant or plaintiff therein, to such Indemnitee, of a full and final

release from all liability in respect to such claim or litigation and (ii) does not include a statement as to, or an admission of, fault, culpability or a failure to act by or on behalf of such Indemnitee.

(e) If for any reason the indemnification provided for in Section 2.06(a) or Section 2.06(b) is unavailable to an Indemnitee or insufficient to hold it harmless as contemplated by Section 2.06(a) or Section 2.06(b), then the Indemnifying Party shall contribute to the amount paid or payable by the Indemnitee as a result of such Loss in such proportion as is appropriate to reflect the relative fault of the Indemnifying Party on the one hand and the Indemnitee on the other hand. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Indemnifying Party or the Indemnitee and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. Notwithstanding anything in this Section 2.06(e) to the contrary, no Indemnifying Party (other than the Company) shall be required pursuant to this Section 2.06(e) to contribute any amount in excess of the amount by which the net proceeds received by such Indemnifying Party from the Sale of Registrable Securities in the offering to which the Losses of the Indemnitees relate (before deducting expenses, if any) exceeds the amount of any damages which such Indemnifying Party has otherwise been required to pay by reason of such untrue statement or omission. The parties hereto agree that it would not be just and equitable if contribution pursuant to this Section 2.06(e) were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to in this Section 2.06(e). No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. The amount paid or payable by an Indemnitee hereunder shall be deemed to include, for purposes of this Section 2.06(e), any legal or other expenses reasonably incurred by such Indemnitee in connection with investigating, preparing to defend or defending against or appearing as a third party witness in respect of, or otherwise incurred in connection with, any such loss, claim, damage, expense, liability, action, investigation or proceeding. If indemnification is available under this Section 2.06, the Indemnifying Parties shall indemnify each Indemnitee to the full extent provided in Section 2.06(a) and Section 2.06(b) without regard to the relative fault of said Indemnifying Parties or Indemnitee. Any Holders' obligations to contribute pursuant to this Section 2.06(e) are several and not joint.

Section 2.07 Reporting Requirements; Rule 144. Until the earlier of (i) the expiration or termination of this Agreement in accordance with its terms and (ii) the date upon which any Holder ceases to own any Registrable Securities, the Company shall use its reasonable best efforts to be and remain in compliance with the periodic filing requirements imposed under the SEC's rules and regulations, including the Exchange Act, and any other applicable laws or rules, and thereafter shall timely file such information, documents and reports as the SEC may require or prescribe under Sections 13, 14 and 15(d), as applicable, of the Exchange Act so that the Company will qualify for registration on Form S-3 and to enable the Holder(s) to Sell Registrable Securities without registration under the Securities Act consistent with the exemptions from registration under the Securities Act provided by (1) Rule 144 or Regulation S under the Securities Act, as amended from time to time, or (2) any similar SEC rule or regulation then in effect. From and after the date hereof through the earlier of the expiration or termination of this Agreement in accordance with its terms and the date upon which any Holder ceases to own any Registrable Securities, the Company shall forthwith upon request furnish any Holder (x) a written statement by the Company as to whether it has complied with such requirements and, if not, the specifics thereof, (y) a copy of the most recent annual or quarterly report of the Company and (z) such other reports and documents filed by the Company with the SEC as such Holder may reasonably request in availing itself of an exemption for the offering and Sale of Registrable Securities without registration under the Securities Act.

Section 2.08 Registration Rights Covenant. The Company covenants that it will not grant any right of registration under the Securities Act relating to any of the Common Stock or other securities to any Person other than pursuant to this Agreement, unless the rights so granted to another Person do not limit or restrict the rights of the Holders hereunder in any material respect and are not senior to the rights of the Holders hereunder.

ARTICLE III**ADDITIONAL COVENANTS**

Section 3.01 Voting of the Company Common Stock. During the Standstill Period, each Holder shall, and shall cause each of its Affiliates to (in each case, to the extent that they beneficially own any Class A Common Stock) (a) be present, in person or by proxy, at each and every shareholder meeting of the Company, and otherwise to cause all shares of Class A Common Stock owned by them to be counted as present for purposes of establishing a quorum at any such meeting, and (b) to vote or consent, or cause to be voted or consented, all such shares of Class A Common Stock (i) in favor of each director nominated and recommended by the Board for election at such meeting, (ii) against any stockholder nominations for director that are not approved and recommended by the Board for election at any such meeting and (iii) in favor of the Company's proposal for ratification of the appointment of the Company's independent registered public accounting firm; provided, that no Holder shall be under any obligation to vote in the same manner as recommended by the Board or in any other manner, other than in such Holder's sole discretion, with respect to any other matter, including the approval (or non-approval) or adoption (or non-adoption) of, or other proposal directly related to, any merger or other business combination transaction involving the Company, the sale of all or substantially all of the assets of the Company and its Subsidiaries or any other change of control transaction involving the Company.

Section 3.02 Standstill.

(a) For a period until the earlier of (x) the Spin-Off Cutoff Date (or, in the case of clause (i) of this Section 3.02(a), the date that is one year after the Spin-Off Cutoff Date); provided that at the Spin-Off Cutoff Date, the Holders shall have the right to convert any shares of Class B Common Stock into Class A Common Stock in accordance with the Amended and Restated Certificate of Incorporation of the Company to the extent such conversion would not result in the IEP Group's ownership (whether beneficially, constructively or synthetically through any derivative, hedging or trading position or otherwise) of, in the aggregate, more than 15.0% of the Class A Common Stock issued and outstanding following such conversion); provided further, that following the Spin-Off Cutoff Date, the IEP Group Designee (as defined below) shall have resigned from the Board at least thirty (30) days prior to the IEP Entities (or the IEP Group's) taking any of the actions set forth in Sections 3.02(a)(ii) through (xi) (it being understood that if the deadline for director nominations under the advance notice provisions of the Company's by-laws expires during such thirty (30) day period, then the IEP Entities may, during such thirty (30) day period, submit to the Company any nomination for directors in accordance with the advance notice provisions of the Company's by-laws and make disclosure of such fact (but no more) if IEP is advised by counsel that such disclosure is required by law (a By-Law Director Nomination)), and (y) one year after the date on which the IEP Group ceases to own more than 5% of the outstanding Common Stock (or, with respect to the IEP Entities, one year after the date on which the IEP Entities cease to own more than 5% of the outstanding Common Stock) (the Standstill Period), and so long as the Company has not materially breached this Agreement and failed to cure such breach within ten (10) Business Days following written notice from the IEP Group specifying any such breach, none of the IEP Entities (or any Permitted Transferee thereof to the extent then holding Common Stock) (the Standstill Parties) (nor any representatives acting on behalf of the Standstill Parties) will, directly or indirectly, unless specifically invited in writing by the Board or as otherwise permitted by this Agreement: (i) acquire, offer to acquire, or agree to acquire, directly or indirectly (whether

beneficially, constructively or synthetically through any derivative, hedging or trading position or otherwise) any shares of Common Stock or other securities or Equity Interests in any way related to the acquisition or price of securities or interests of the Company or any Subsidiary thereof or any material assets of the Company or any Subsidiary or division thereof (including, for the avoidance of doubt, any additional shares of Class A Common Stock following the Transfer (other than a Permitted Transfer) of any shares of Common Stock), (ii) make, or in any way participate in, directly or indirectly, any solicitation of proxies (as such terms are used in the rules of the SEC promulgated under Section 14 of the Exchange Act to vote, or seek to advise or influence any person or entity with respect to the voting of, any voting securities of the Company or its Subsidiaries, (iii) make any public announcement with respect to, or submit a proposal for, or offer of (with or without conditions) any merger, consolidation, business combination, tender or exchange offer, restructuring, recapitalization or other extraordinary transaction of or involving the Company or any of its Subsidiaries or their securities or assets (an Extraordinary Transaction), (iv) form, join or in any way participate in a group (as defined in Section 13(d)(3) of the Exchange Act) in connection with any voting securities of the Company or its Subsidiaries, (v) otherwise act, alone or in concert with others, to seek to control, or influence control of, the management, the Board or policies of the Company, (vi) make a request for any stockholder list or other books and records of the Company, whether pursuant to Section 220 of the Delaware General Corporation Law or otherwise, (vii) make or cause to be made any public statement that disparages, defames or slanders the Company or any of its current or former directors, officers or employees (excluding any such statements made in connection with any bona fide commercial dispute (i.e., unrelated to the Transaction Documents or the ownership of Common Stock) between and among any member of the IEP Group and the Company or its Subsidiaries and except as expressly set forth in clause (x) below), (viii) take any action that would reasonably be expected to cause or require of the Company to make a public announcement regarding any actions prohibited by this paragraph, (ix) contest the validity or enforceability of this Section 3.02, (x) institute, solicit, assist or join any litigation, arbitration or other proceedings against or involving the Company or any of its current or former directors or officers (including derivative actions), other than an action to enforce the provisions of this Agreement, the Purchase Agreement or any other agreements related to the transactions contemplated hereby and thereby (the Transaction Documents) instituted in accordance with the Transaction Documents or an action in connection with any commercial dispute unrelated to the matters covered by this Agreement between and among any member of the IEP Group and the Company or its Subsidiaries or (xi) have any discussions or enter into any arrangements, understandings or agreements (whether written or oral) with, or advise or knowingly assist or encourage, any other persons in connection with any of the foregoing; provided, however, that, for the avoidance of doubt, the foregoing clauses (i) through (xi) shall not restrict the IEP Group Designee from serving in his or her capacity as a director of the Company and from raising such matters privately with the Board in the ordinary course of such service or privately with the Board in fulfillment of his or her fiduciary duties to the Company. The Standstill Parties (and any representatives acting on behalf of the Standstill Parties) shall not directly or indirectly (y) make, in each case to the Company or a third party, any proposal, statement or inquiry, or disclose any intention, plan or arrangement, whether written or oral, inconsistent with the foregoing, or (z) request the Company or any of its representatives, directly or indirectly, to amend, waive or terminate any provision of this Section 3.02(a), in each case in a manner that would require public disclosure by the Company or the Standstill Parties.

(b) Notwithstanding anything contained herein to the contrary, the IEP Group shall be permitted to sell or tender its Common Stock, and otherwise receive consideration, pursuant to any Extraordinary Transaction. Further, from the commencement by a third party (not a party to this Agreement or an Affiliate of any such party) of any bona fide tender or exchange offer that is not recommended by the Board in its Recommendation Statement on Schedule 14D-9 which, if consummated, would constitute an Extraordinary Transaction (a Third Party Tender/Exchange

Offer), the IEP Group shall be permitted to commence a tender or exchange offer for all of the Common Stock of the Company at the same or higher consideration per share.

(c) Notwithstanding anything contained herein to the contrary, in the event that the Company (i) enters into an agreement providing for the merger or consolidation, or any similar transaction, involving the Company in which, following consummation of such transaction, substantially all of the persons who, immediately prior to such transaction, had beneficial ownership of more than 50% of the voting power of the Company do not continue to beneficially own more than 50% of the voting power of the combined entity, (ii) enters into an agreement providing for the purchase or other acquisition of more than 50% of the assets of the Company or (iii) enters into an agreement providing for the purchase or other acquisition of beneficial ownership of securities representing more than 50% of the voting power of the Company (the transactions set forth in clauses (i) through (iii), a Sale Transaction), the Standstill Parties shall be permitted to submit an offer to consummate a transaction with the Company in accordance with the terms of the applicable provisions of the definitive documentation governing the proposed Sale Transaction (it being understood that such offer shall be submitted to the Board privately unless the Standstill Parties are advised by counsel that public disclosure thereof is required by law); provided that it is understood and agreed that this Section 3.02(c) does not terminate the effectiveness of Section 3.02(a), which shall continue to apply in accordance with its terms in the event of any Sale Transaction.

(d) The Seller and IEP hereby acknowledge that they are aware that the United States securities laws prohibit any person who has material, non-public information of an issuer from purchasing or selling securities of such issuer based on such information or from communicating such information to any other person under circumstances in which it is reasonably foreseeable that such person is likely to purchase or sell such securities.

Section 3.03 Transfer Restrictions.

(a) Except as set forth in Section 3.03(b), during the Lock-Up Period, no Holder shall, directly or indirectly, sell, offer or agree to sell, or otherwise transfer, or loan or pledge, through swap or hedging transactions, or grant any option to purchase, make any short sale or otherwise dispose of (Transfer), any of the shares of Common Stock, whether now owned or hereinafter acquired (whether beneficially, constructively or synthetically through any derivative, hedging or trading position or otherwise) by any Holder (the Restricted Shares); provided that the restriction set forth in this sentence shall not apply to []² shares of Common Stock so owned or acquired by the Holders, collectively. Each Holder agrees and consents to the entry of stop transfer instructions with the Company's transfer agent and registrar against the transfer of any Restricted Shares except in compliance with the foregoing restrictions; provided that the Company shall cause such stop transfer instructions to be terminated upon expiration of the Lock-up Period.

(b) Notwithstanding anything to the contrary set forth herein, the Holder may Transfer Restricted Shares (each, a Permitted Transfer and the transferee permitted hereby, a Permitted Transferee) (i) with the prior written consent of the Company, (ii) to any Affiliate of the Holder, (iii) to the Company or any of its Subsidiaries, (iv) in connection with a tender of any Common Stock into a Third Party Tender/Exchange Offer and any transfer effected pursuant to any merger, consolidation or similar transaction consummated by the Company or (v) only with respect to all, but not less than all, of the Common Shares then held by the IEP Entities, to not more than three (3) Persons set forth on Exhibit A (none of which own any Common Stock at the time discussions with respect to such a Transfer begin in accordance with the terms hereof), acting as a consortium, pursuant to which the transferee(s) would assume and perform all of the obligations of the IEP Entities (and any Permitted Transferee thereof) under the Transaction Agreements

(including this Agreement). It shall be a condition to any Permitted Transfer that the Permitted Transferee execute (x) with respect to a Permitted Transfer covered by clause (v), prior to the time any confidential information of the Company or any of its Subsidiaries is shared with a third party, a customary non-disclosure agreement including a customary standstill provision, (y) a joinder to this Agreement in form and substance reasonably satisfactory to the Company and (z) an assignment of the Purchase Agreement with respect to the IEP Entities' rights and obligations thereunder (at which time, such Permitted Transferee will be deemed to be a Holder for all purposes of this Agreement and, for the avoidance of doubt, will be in all respects a member of the IEP Group hereunder).

(c) Until the later of (i) the expiration of the Standstill Period and (ii) the time when the IEP Group ceases to own (whether beneficially, constructively or synthetically through any derivative, hedging or trading position or otherwise), in the aggregate, 10.0% or more of the Company's then-issued and outstanding Common Stock, the IEP Group shall not Transfer any shares of Common Stock to any person or group (as defined in Section 13(d)(3) of the Exchange Act) (x) who is to the IEP Group's knowledge after reasonable inquiry a Person (or group containing a Person) that meets the criteria set forth on Exhibit B or (y) in an amount Transferred (whether as one transaction or a series of related transactions) to any such person or group that is equal to 5.0% or more of the Class A Common Stock issued and outstanding at the time of such Transfer (except that this clause (y) shall not apply to a person who is a Passive Institutional Investor that manages one or more broad-based equity index funds or to any other Person, who does not meet the criteria set forth on Exhibit B, which, in connection with any such Transfer, represents that it is and will following such Transfer continue to be eligible to file a short-form statement on Schedule 13G pursuant to paragraph (b) of Rule 13d-1 under the Exchange Act); provided that no Person shall be deemed to have breached its obligations under this Section 3.03(c) with respect to the Transfer of shares of Common Stock (1) to any Person (or group containing a Person) who was thereafter determined to meet the criteria set forth on Exhibit B so long as such Person acted in good faith, based on information available to it in light of the circumstances of such Transfer or (2) effected through a brokerage transaction or through an investment bank in the ordinary course and not specifically or knowingly directed by any IEP Entity to be made to a particular counterparty or counterparties. Solely for purposes of this Section 3.03(c), if the IEP Entities cease to own 10.0% or more of the then-issued and outstanding Common Stock, the IEP Entities shall not be considered members of the IEP Group.

(d) Any attempt to Transfer in violation of the terms of this Agreement shall be null and void *ab initio* and no right, title or interest therein or thereto shall be Transferred to the purported Transferee. The Company will not give, and will not permit the Company's transfer agent to give, any effect to such attempted Transfer on its records.

(e) Each certificate and/or book-entry interest representing shares of Common Stock held by any Holder will bear a legend in substantially the following form:

The securities represented by this certificate have not been registered under the United States Securities Act of 1933, as amended (the Act), or applicable state securities Laws and the holder of such securities may not, directly or indirectly, sell, offer or agree to sell such securities, or otherwise transfer, directly or indirectly, or loan or pledge, through swap or hedging transactions (or other transaction which is designed to or which reasonably could be expected to lead to or result in a sale or disposition of such securities even if such securities would be disposed of by someone other than such holder thereof) such securities (Transfer) other than in accordance with the terms and conditions of the Shareholders Agreement, dated as of [], 201[], as it may be amended from time to time by and among Tenneco Inc. (the Company), American Entertainment Properties Corp. and Icahn Enterprises L.P. (the Shareholders Agreement). The Shareholders Agreement contains, among other things,

restrictions on the Transfer of the securities of the Company and other restrictions on the actions by certain stockholders of the Company relating to the Company and/or its securities. A copy of the Shareholders Agreement is available upon request from the Company.

Section 3.04 Board Representation.

(a) Until the earliest of (i) the Spin-Off Date (at which time a new Shareholders Agreement as to the Company shall be entered into in accordance with the Purchase Agreement) and (ii) the date on which the IEP Group ceases to own at least 10.0% of the issued and outstanding shares of Common Stock, measured as a single class, provided, that the IEP Group Designee (as defined below) shall have resigned from the Board at least thirty (30) days prior to the IEP Entities (or the IEP Group s) taking any of the actions set forth in Sections 3.02(a)(ii) through (xi) (it being understood that if the deadline for director nominations under the advance notice provisions of the Company s by-laws expires during such thirty (30) day period, then the IEP Entities may, during such thirty (30) day period, submit to the Company a By-Law Director Nomination) (the Board Designation Period), the Board shall take all action necessary to nominate and recommend for election at each annual meeting of stockholders the then-serving Chief Executive Officer of IEP (or, if such individual is unwilling or unable to serve as a director of the Company, an individual designated by the IEP Group who is not an employee of any IEP Entity (the Replacement Designee)); provided that any that such individual shall meet the applicable requirements set forth in the Company s bylaws and the Corporate Governance Principles adopted by the Board and shall be reasonably acceptable to the Company (an Acceptable Replacement Designee), provided, that the fact that any proposed Replacement Designee is not an Acceptable Replacement Designee shall not terminate the IEP Group s rights hereunder, and, until the end of the Board Designation Period, the IEP Group shall be entitled to continue designating new Replacement Designees until one such proposed Replacement Designee is an Acceptable Replacement Designee (the IEP Group Designee). Such individual who is or becomes a director of the Company in accordance with the foregoing shall continue as a director of the Company until the earlier of (x) his or her death, resignation or removal and (y) the time at which his or her successor is duly elected and qualified. Notwithstanding the foregoing, the Holder and its Affiliates shall cause the individual designated or nominated pursuant to this Section 3.04 to resign from the Board upon the termination of the Board Designation Period (it being understood that such individual s form of resignation letter that is required to be executed by such individual and held by the Company Secretary as a condition of membership on the Board shall be automatically effective upon the termination of the Board Designation Period, as well as upon the effectiveness triggers applicable to all members of the Board). Solely for purposes of this Section 3.04(a), if the IEP Entities cease to own 10.0% or more of the then-issued and outstanding Common Stock, the IEP Entities shall not be considered members of the IEP Group.

(b) IEP, the Seller, the IEP Group Designee and the Company shall enter into a customary confidentiality agreement covering any confidential information to be received by the IEP Group Designee in connection with his or her service on the Board.

(c) The Company shall pay the reasonable and documented out-of-pocket expenses incurred by the IEP Group Designee in connection with his or her services provided to or on behalf of the Company, including attending meetings or events attended on behalf of the Company, on the same basis that the Company pays such expenses for all other members of the Board.

Section 3.05 Waiver of Corporate Opportunity.

(a) To the fullest extent permitted by applicable law, the Company hereby agrees that the Exempted Persons shall not have any obligation to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as the Company or any of its Subsidiaries, subject to the terms and conditions of Section 6.06 of the Purchase

Agreement. To

the fullest extent permitted by applicable law, the Company, on behalf of itself and its Subsidiaries, renounces any interest or expectancy of the Company and its Subsidiaries in, or in being offered an opportunity to participate in, business opportunities that are from time to time available to the Exempted Persons (other than as set forth in Section 3.05(b)), even if the opportunity is one that the Company or its Subsidiaries might reasonably be deemed to have pursued or had the ability or desire to pursue if granted the opportunity to do so. Subject to the terms and conditions of Section 6.06 of the Purchase Agreement, the Company hereby further agrees that, subject to Section 3.05(b), each Exempted Person shall have no duty to communicate or offer such business opportunity to the Company (and that there shall be no restriction on the Exempted Persons using the general knowledge and understanding of the Company and the industry in which the Company operates that it has gained as an Exempted Person in considering and pursuing such opportunities or in making investment, voting, monitoring, governance or other decisions relating to other entities or securities) and, to the fullest extent permitted by applicable law, shall not be liable to the Company or any of its Subsidiaries or stockholders for breach of any fiduciary or other duty, as a director or officer or otherwise, solely by reason of the fact that such Exempted Person pursues or acquires such business opportunity, directs such business opportunity to another person or fails to present such business opportunity, or information regarding such business opportunity, to the Company or its Subsidiaries, or uses such knowledge and understanding in the manner described herein. The parties specifically agree that each Exempted Person is an intended third-party beneficiary of this Section 3.05 and is entitled to rely upon and enforce the rights and obligations granted herein. In addition to and notwithstanding the foregoing, a corporate opportunity shall not be deemed to belong to the Company if it is a business opportunity that the Company is not financially able or contractually permitted or legally able to undertake.

(b) Notwithstanding Section 3.05(a), the Company does not renounce its interest in, and the provisions of Section 3.05(a) shall not apply to, any corporate or business opportunity offered to any Exempted Person (including the IEP Group Designee) if such opportunity is (i) offered to such person in his or her capacity as a director or agent of the Company or (ii) the Exempted Person learns of the opportunity from the Company.

Section 3.06 Preemptive Rights.

(a) For so long as the IEP Group owns at least 10% of the outstanding Common Stock, if the Company proposes to issue Equity Securities of any kind, other than in an Excluded Issuance, then the Company shall:

(i) give written notice to the IEP Group no less than five (5) Business Days prior to the closing of such issuance or, if the Company reasonably expects such issuance to be completed in less than five (5) Business Days, such shorter period (which shall be as given as promptly as commercially practicable but in any event not less than three (3) Business Days prior to such closing), setting forth in reasonable detail (A) the designation and all of the material terms and provisions of the securities proposed to be issued (the Proposed Securities), including, to the extent applicable, the voting powers, preferences and relative participating, optional or other special rights, and the qualifications, limitations or restrictions thereof and interest rate and maturity, (B) the price and other terms of the proposed sale of such securities and (C) the amount of such securities proposed to be issued; provided that, following the delivery of such notice, the Company shall deliver to the IEP Group any such information the IEP Group may reasonably request in order to evaluate the proposed issuance, except that, in connection with a public offering, the Company shall not be required to deliver any information that has not been or will not be provided or otherwise made available to the proposed purchasers of the Proposed Securities; and

(ii) offer to issue and sell to the IEP Group, on such terms as the Proposed Securities are issued and upon full payment by the IEP Group, a portion of the Proposed Securities equal to the

IEP Group's pro rata beneficial ownership of the Common Stock (together with any other Voting Stock owned by the IEP Group) at such time as compared to the total number of shares of Common Stock and Voting Stock, considered together, outstanding immediately prior to the issuance of the Proposed Securities (the Pro Rata Portion), provided, that in satisfaction of its obligations under this Section 3.06(a)(ii), the Company shall deliver (A) if any Voting Stock is proposed to be issued, a number of shares of Class A Common Stock or Voting Stock such that the IEP Group acquires an amount of Class A Common Stock or Voting Stock that would preserve (but not increase), following the issuance of the Proposed Securities, the IEP Group's beneficial ownership of a percentage of the Class A Common Stock and Voting Stock determined by dividing: (x) the number of shares of Class A Common Stock and Voting Stock beneficially owned by the IEP Group prior to the issuance of the Proposed Securities by (y) the total number of shares of Class A Common Stock and Voting Stock, considered together, outstanding prior to the issuance of the Proposed Securities plus (B) a number of shares of Class B Common Stock (or other Equity Securities that are not Voting Stock, if the Proposed Securities are not Voting Stock, as applicable) equal to the difference between (1) the Pro Rata Portion of the Proposed Securities, in aggregate and (2) the amount of Class A Common Stock or other Voting Stock delivered pursuant to clause (A) of this Section 3.06(a)(ii).

(b) The IEP Group will have the option, exercisable by irrevocable written notice to the Company, to accept the Company's offer and commit to purchase any or all of the Equity Securities offered to be sold, which notice must be given on or prior to the Business Day immediately prior to the date of the closing of the issuance of such Equity Securities (or, if notice of all such terms has not been given prior to the Business Day immediately prior to the such closing date, at any time prior to such closing date) (the failure of the IEP Group to respond within such time period shall be deemed a waiver of its rights under this Section 3.06 with respect to the applicable issuance of Equity Securities). Such notice to the Company shall constitute a binding commitment by the IEP Group to purchase the amount of Equity Securities so specified at the price and other terms set forth in the Company's notice to the IEP Group. The closing of the exercise of such subscription right shall take place simultaneously with the closing of the sale of the Proposed Securities giving rise to such subscription right; provided, however, that the closing of any purchase by the IEP Group may be extended beyond the closing of the sale of the Proposed Securities giving rise to such preemptive right to the extent necessary to (i) obtain required approvals from any Governmental Authority or (ii) permit the IEP Group to receive proceeds from calling capital pursuant to commitments made by its (or its Affiliates') limited partners (but in such event, such extension shall not be longer than 10 Business Days). Upon the expiration of the offering period described above, the Company will be free to sell such Proposed Securities that the IEP Group has not elected to purchase during the 120 days following such expiration on terms and conditions no more favorable to the purchasers thereof than those offered to the IEP Group in the notice delivered in accordance with this Section 3.06. Any Proposed Securities offered or sold by the Company after such 120-day period must be reoffered to issue or sell to the IEP Group pursuant to this Section 3.06.

(c) The election by the IEP Group not to exercise its subscription rights under this Section 3.06 in any one instance shall not affect its right as to any subsequent proposed issuance.

(d) If the proposed issuance by the Company of securities which gave rise to the exercise by the IEP Group of its preemptive rights pursuant to this Section 3.06 shall be terminated or abandoned by the Company without the issuance of any securities, then the purchase rights of the IEP Group pursuant to this Section 3.06 shall also terminate as to such proposed issuance by the Company (but not any subsequent or future issuance), and any funds in respect thereof paid to the Company by the IEP Group in respect thereof shall be refunded in full.

(e) In the case of an issuance subject to this Section 3.06 for consideration in whole or in part other than cash, including securities acquired in exchange therefor (other than securities by their terms so exchangeable), the consideration other than cash shall be deemed to be the fair market value thereof as reasonably determined in good faith by the Board.

Section 3.07 Actions Concerning Transfers of Common Stock.

The Company agrees to cause its transfer agent to promptly, and in any event within the applicable settlement cycle, deliver certificates or book-entry credits, as applicable, evidencing the Registrable Securities registered under an effective Registration Statement hereunder free from all restrictive and other legends following any sale of such Registrable Securities in accordance with the terms of this Agreement, including through exercise of all of the influence and contractual rights the Company possesses with respect to the transfer agent. Each Holder agrees it will sell any Registrable Securities pursuant to either the registration requirements of the Securities Act, including any applicable prospectus delivery requirements, or an exemption therefrom, and that if Registrable Securities are sold pursuant to a Registration Statement, they will be sold in compliance with the plan of distribution set forth therein, and acknowledges that the removal of the restrictive legend from certificates or book-entries representing Registrable Securities is predicated upon the Company's reliance upon this understanding.

ARTICLE IV

MISCELLANEOUS

Section 4.01 Term.

This Agreement shall terminate upon the earliest of (a) the time at which all Registrable Securities are held by Persons other than Holders, (b) the time at which all Registrable Securities have been Sold in accordance with one or more Registration Statements and (c) the Spin-Off Date (at which time, as a condition to termination pursuant to this clause (c), a new Shareholders Agreement as to the Company shall be entered into in accordance with the Purchase Agreement); provided that the provisions of Section 2.06, Section 3.02 (in the case of a termination pursuant to clause (a) or (b)), Section 3.03(c) (which shall survive until the expiration or earlier termination of the Standstill Period) and this Article IV shall survive any such termination in accordance with the terms thereof.

Section 4.02 Counterparts; Entire Agreement; Corporate Power.

(a) This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when one or more counterparts have been signed by each party and delivered to each other party.

(d) Each party hereto acknowledges that it and each other party hereto may execute this Agreement by facsimile, stamp or mechanical signature. Each party hereto expressly adopts and confirms each such facsimile, stamp or mechanical signature made in its respective name as if it were a manual signature, agrees that it shall not assert that any such signature is not adequate to bind such party to the same extent as if it were signed manually and agrees that at the reasonable request of any other party hereto at any time it shall as promptly as reasonably practicable cause this Agreement to be manually executed (any such execution to be as of the date of the initial date thereof).

Section 4.03 Governing Law; Jurisdiction.

(a) All claims, issues and questions concerning the construction, validity, interpretation and enforceability of this Agreement and the exhibits and schedules hereto (whether in contract or tort) that may be based upon, arise out of or relate to this Agreement or the negotiation, execution or performance of this Agreement (including any claim or cause of action based upon, arising out of or related to any representation or warranty made in or in connection with this Agreement) or the transactions contemplated hereby, shall be governed by, and construed in accordance with, the laws of the State of Delaware applicable to agreements executed and performed entirely within such State, without giving effect to any choice of law or conflict of law rules or provisions (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

(b) THE PARTIES AGREE THAT JURISDICTION AND VENUE IN ANY SUIT, ACTION, OR PROCEEDING BROUGHT BY ANY PARTY IN CONNECTION WITH THIS AGREEMENT, THE TRANSACTIONS CONTEMPLATED HEREBY, OR THE PERFORMANCE OF THE OBLIGATIONS IMPOSED HEREUNDER SHALL PROPERLY AND EXCLUSIVELY LIE IN THE COURT OF CHANCERY OF THE STATE OF DELAWARE (OR, SOLELY TO THE EXTENT SUCH COURT DECLINES JURISDICTION OR DOES NOT HAVE SUBJECT MATTER JURISDICTION, ANY OTHER FEDERAL OR STATE COURT LOCATED IN DELAWARE). EACH PARTY ALSO AGREES NOT TO BRING ANY SUIT, ACTION, OR PROCEEDING IN CONNECTION WITH THIS AGREEMENT, THE TRANSACTIONS CONTEMPLATED HEREBY, OR THE PERFORMANCE OF THE OBLIGATIONS IMPOSED HEREUNDER IN ANY OTHER COURT. BY EXECUTION AND DELIVERY OF THIS AGREEMENT, EACH PARTY IRREVOCABLY SUBMITS TO THE JURISDICTION OF SUCH COURTS FOR ITSELF AND IN RESPECT OF ITS PROPERTY WITH RESPECT TO ANY SUCH SUIT, ACTION, OR PROCEEDING. THE PARTIES IRREVOCABLY AGREE THAT VENUE WOULD BE PROPER IN SUCH COURT, AND HEREBY WAIVE ANY OBJECTION THAT ANY SUCH COURT IS AN IMPROPER OR INCONVENIENT FORUM FOR THE RESOLUTION OF SUCH SUIT, ACTION, OR PROCEEDING. THE PARTIES FURTHER AGREE THAT THE MAILING BY CERTIFIED OR REGISTERED MAIL, RETURN RECEIPT REQUESTED, OF ANY PROCESS REQUIRED BY ANY SUCH COURT SHALL CONSTITUTE VALID AND LAWFUL SERVICE OF PROCESS AGAINST THEM, WITHOUT NECESSITY FOR SERVICE BY ANY OTHER MEANS PROVIDED BY STATUTE OR RULE OF COURT.

Section 4.04 Amendment.

This Agreement may be amended, and any provision of this Agreement may be waived; provided, that any such amendment or waiver shall be binding upon the Holders only if such amendment or waiver is set forth in a writing executed by holders holding a majority of the Registrable Securities, and any such amendment or waiver shall be binding upon the Company only if such amendment or waiver is set forth in a writing executed by the Company.

Section 4.05 Successors, Assigns and Transferees.

This Agreement and all provisions hereof shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns. The Company may assign this Agreement to any of its Subsidiaries or Affiliates or at any time in connection with a sale or acquisition of the Company, whether by merger, consolidation, sale of all or substantially all of the Company's assets, or similar transaction, without the consent of the Holders; provided, that the successor or acquiring Person agrees in writing to assume all of the Company's rights and obligations under this Agreement. The Seller or IEP may assign this Agreement at any time in connection with a sale or acquisition of all or a majority of the equity interests or consolidated assets of such Person, whether by merger, consolidation, sale of all or substantially all of such Person's assets, or similar transaction, without the consent of the Company; provided that the Person to which this Agreement is so assigned or otherwise transferred shall be deemed to be a Holder.

Section 4.06 Further Assurances.

In addition to the actions specifically provided for elsewhere in this Agreement, each of the parties hereto shall use its reasonable best efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things reasonably necessary, proper or advisable on its part under applicable laws, regulations and agreements, to consummate and make effective the transactions contemplated by this Agreement.

Section 4.07 Performance.

IEP shall cause to be performed, and hereby guarantees the performance of, all actions, agreements and obligations set forth in this Agreement to be performed by any of its Subsidiaries and/or Affiliates and Representatives (which, for the avoidance of doubt, shall not include any Permitted Transferee that is not an IEP Entity). The Company shall cause to be performed, and hereby guarantees the performance of, all actions, agreements and obligations set forth in this Agreement to be performed by any of its Subsidiaries and/or Affiliates and Representatives. Each party (including its permitted successors and assigns) further agrees that it shall (a) give timely notice of the terms, conditions and continuing obligations contained in this Section 4.07 to all of their respective Affiliates and Representatives and (b) cause all of their respective Affiliates and Representatives not to take, or omit to take, any action which action or omission would violate or cause such party to violate this Agreement.

Section 4.08 Specific Performance.

The parties hereto acknowledge and agree that the other parties would be damaged irreparably in the event any provision of this Agreement is not performed in accordance with its specific terms or is otherwise breached, and that monetary damages, even if available, would not be an adequate remedy therefor. Accordingly, each of the Company and the Holders agrees that the other parties shall be entitled to an injunction or injunctions to prevent breaches of the provisions of this Agreement and to enforce specifically this Agreement and the terms and provisions hereof in any action instituted in any court in the United States or in any state having jurisdiction over the parties and the matter, in addition to any other remedy to which they may be entitled pursuant hereto or at law or equity (and each party hereby waives any requirement for the securing or posting of any bond in connection with such remedy). Each of the parties further acknowledges and agrees that it shall not assert that a remedy of specific enforcement is unenforceable, invalid, contrary to applicable law, or inequitable for any reason, nor to assert that a remedy of monetary damages would provide an adequate remedy for any such breach.

Section 4.09 Notices.

All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given (a) when

Section 2. The Board of Directors of the corporation (the Board of Directors) is hereby expressly authorized, by resolution or resolutions thereof, to provide, out of the unissued shares of Preferred Stock, for series of Preferred Stock and, with respect to each such series, to fix the number of shares constituting such series and the designation of such series, the voting powers (if any) of the shares of such series, and the preferences and relative, participating, optional or other special rights, if any, and any qualifications, limitations or restrictions thereof, of the shares of such series. The Board of Directors may, at its discretion, declare a dividend of any securities of the corporation or of any other corporation, limited liability company, partnership, joint venture, trust or other legal entity (a Share Distribution) to the holders of shares of Class A Common Stock and Class B Common Stock (i) on the basis of a ratable distribution of identical securities to holders of shares of Class A Common Stock and Class B Common Stock or (ii) on the basis of a distribution of one class or series of securities to holders of shares of Class A Common Stock and another class or series of securities to holders of Class B Common Stock, *provided* that the securities so distributed (and, if the distribution consists of convertible or exchangeable securities, the securities into which such convertible or exchangeable securities are convertible or for which they are exchangeable) do not differ in any respect other than (x) differences in their rights (other than voting rights and powers) consistent in all material respects with differences between Class A Common Stock and Class B Common Stock and (y) differences in their relative voting rights and powers, with holders of shares of Class A Common Stock receiving the class or series of such securities having the higher relative voting rights or powers (without regard to whether such voting rights or powers differ to a greater or lesser extent than the corresponding differences in the voting rights or powers of Class A Common Stock and Class B Common Stock provided in Section 4 of this Article FOURTH).

Section 7. The corporation shall be entitled to treat the person in whose name any share of its stock is registered as the owner thereof for all purposes and shall not be bound to recognize any equitable or other claim to, or interest in, such share on the part of any other person, whether or not the corporation shall have notice thereof, except as expressly provided by applicable law.

Each outstanding stock certificate or book-entry credit, as applicable, that, immediately prior to a conversion event pursuant to this Section 8, represented one or more shares of Class B Common Stock subject to such conversion event shall, upon such Transfer, be automatically deemed to represent an equal number of shares of Class A Common Stock, without the need for surrender, exchange or registration thereof or notification to any Person. The corporation, or any transfer agent of the corporation, shall, upon the request of any holder whose shares of Class B Common Stock have been converted into shares of Class A Common Stock as a result of a conversion event pursuant to this Section 8 and upon surrender by such holder to the corporation of the outstanding certificate(s) formerly representing such holder's shares of Class B Common Stock (if any), issue and deliver to such holder certificate(s) representing the shares of Class A Common Stock

For purposes of this Section 8:

ARTICLE FIFTH

Section 1. The business and affairs of the corporation shall be managed by or under the direction of a Board of Directors consisting of not less than eight nor more than sixteen directors to be determined from time to time by resolution adopted by the affirmative vote of a majority of the entire Board of Directors. For purposes of this Amended and Restated Certificate of Incorporation, the "entire Board of Directors" shall mean the number of directors that would be in office if there were no vacancies nor any unfilled newly created directorships. All directors shall be one class and serve for a term ending at the annual meeting following the annual meeting at which the director was elected. In no case shall a decrease in the number of directors shorten the term of any incumbent director. Each director shall hold office after the annual meeting at which his or her term is scheduled to end until his or her successor shall be elected and shall qualify, subject, however, to prior death, resignation, disqualification or removal from office in accordance with the General Corporation Law of the State of Delaware. Any newly created directorship resulting from an increase in the number of directors may be filled by a majority of the Board of Directors then in office, provided that a quorum is present, and any other vacancy on the Board of Directors may be filled by a majority of the directors then in office, even if less than a quorum, or by a sole remaining director.

Section 2. Notwithstanding the provisions of Section 1 of Article FIFTH, whenever the holders of any one or more classes or series of Preferred Stock issued by the corporation shall have the right, voting separately by class or series, to elect directors at an annual or special meeting of stockholders, the election, term of office, filling of vacancies and other features of such directorships shall be governed by the terms of this Amended and Restated Certificate of Incorporation applicable thereto or the resolution or resolutions adopted by the Board of Directors applicable thereto.

Section 3. The Board of Directors shall be authorized to adopt, make, amend, alter, change, add to or repeal the By-Laws of the corporation, subject to the power of the stockholders to amend, alter, change, add to or repeal the By-Laws made by the Board of Directors.

Section 4. Unless and except to the extent that the By-Laws of the corporation shall so require, the election of directors of the corporation need not be by written ballot.

ARTICLE SIXTH

Section 1. In addition to any affirmative vote required by law or this Amended and Restated Certificate of Incorporation or the By-Laws of the corporation, and except as otherwise expressly provided in Section 2 of this Article SIXTH, a Business Combination (as hereinafter defined) with, or proposed by or on behalf of, any Interested Stockholder (as hereinafter defined) or any Affiliate or Associate (as hereinafter defined) of any Interested Stockholder or any person who thereafter would be an Affiliate or Associate of such Interested Stockholder shall, except as otherwise prohibited by applicable law, require the affirmative vote of not less than 66 2/3% of the votes entitled to be cast by the holders of all the then outstanding shares of Voting Stock (as hereinafter defined), voting together as a single class, excluding Voting Stock beneficially owned by any Interested Stockholder. Such affirmative vote shall be required notwithstanding the fact that no vote may be required, or that a lesser percentage or separate class vote may be specified, by law or in any agreement with any national securities exchange or otherwise.

Section 2. The provisions of Section 1 of this Article SIXTH shall not be applicable to any particular Business Combination, and such Business Combination shall require only such affirmative vote, if any, as is required by law or by any other provision of this Amended and Restated Certificate of Incorporation or the By-Laws of the corporation, or any agreement with any national securities exchange, if all of the conditions specified in either of the following Paragraphs A or B are met or, in the case of a Business Combination not involving the payment of consideration to the holders of the corporation's outstanding Capital Stock (as hereinafter defined), if the condition specified in the following Paragraph A is met:

A. The Business Combination shall have been approved, either specifically or as a transaction which is within an approved category of transactions, by a majority (whether such approval is made prior to or subsequent to the acquisition of, or announcement or public disclosure of the intention to acquire, beneficial ownership of the Voting Stock that caused the Interested Stockholder to become an Interested Stockholder) of the Continuing Directors (as hereinafter defined).

B. All of the following conditions shall have been met:

(i) the aggregate amount of cash and the Fair Market Value (as hereinafter defined), as of the date of the consummation of the Business Combination, of consideration other than cash to be received per share by holders of Common Stock in such Business Combination shall be at least equal to the highest amount determined under clauses (a) and (b) below:

(b) the Fair Market Value per share of Common Stock on the Announcement Date or on the date on which the Interested Stockholder became an Interested Stockholder (the Determination Date), whichever is higher, as adjusted for any subsequent stock split, stock dividend, subdivision or reclassification with respect to Common Stock.

(ii) the aggregate amount of cash and the Fair Market Value, as of the date of the consummation of the Business Combination, of consideration other than cash to be received per share by holders of shares of any class or series of outstanding Capital Stock, other than Common Stock, shall be at least equal to the highest amount determined under clauses (a), (b), (c) and (d) below:

(a) (if applicable) the highest per share price (including any brokerage commissions, transfer taxes and soliciting dealers' fees) paid by or on behalf of the Interested Stockholder for any share of such class or series of Capital Stock in connection with the acquisition by the Interested Stockholder of beneficial ownership of shares of such class or series of Capital Stock (x) within the two-year period immediately prior to the Announcement Date, or (y) in the transaction in which it became an Interested Stockholder, whichever is higher, in either case as adjusted for any subsequent stock split, stock dividend, subdivision or reclassification with respect to such class or series of Capital Stock;

(v) a proxy or information statement describing the proposed Business Combination and complying with the requirements of the Securities Exchange Act of 1934 and the rules and regulations thereunder (the "Act") (or any subsequent provisions replacing such Act, rules or regulations) shall be mailed to all stockholders of the corporation at least 30 days prior to the consummation of such Business Combination (whether or not such proxy or information statement is required to be mailed pursuant to such Act or subsequent provisions). The proxy or information statement shall contain on the first page thereof, in a prominent place, any statement as to the advisability (or inadvisability) of the Business Combination that the Continuing Directors, or any of them, may choose to make and, if deemed advisable by a majority of the Continuing Directors, the opinion of an investment banking firm selected by a majority of the Continuing Directors as to the fairness (or not) of the terms of the Business Combination from a financial point of view to the holders of the outstanding shares of Capital Stock other than the Interested Stockholder and its Affiliates or Associates (as hereinafter defined), such investment banking firm to be paid a reasonable fee for its services by the corporation.

ARTICLE 3

OPTIONS AND SARs

3.1. Certain Definitions.

(a) The grant of an **Option** under the Plan entitles the Participant to purchase shares of Common Stock at an Exercise Price established by the Committee. Any Option granted under this Article 3 may be either an ISO or an NQO, as determined in the discretion of the Committee. Notwithstanding the foregoing, an Option will be deemed to be an NQO unless it is specifically designated by the Committee as an ISO and/or to the extent that it does not otherwise satisfy the requirements for an ISO.

(b) A stock appreciation right (an **SAR**) entitles the Participant to receive, in cash or shares of Common Stock, value equal to the excess of: (i) the Fair Market Value of a specified number of shares of Common Stock at the time of exercise; over (ii) an Exercise Price established by the Committee.

3.2. Eligibility. The Committee shall designate the Participants to whom Options or SARs are to be granted under this Article 3 and shall determine the number of shares of Common Stock subject to each such Option or SAR and the other terms and conditions thereof, not inconsistent with the Plan.

3.3. Exercise Price. The **Exercise Price** of each Option and SAR granted under this Article 3 shall be established by the Committee or shall be determined by a method established by the Committee at the time the Option or SAR is granted; provided, however, that the Exercise Price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date of grant (or, if greater, the par value of a share of Common Stock).

3.4. Exercise. An Option and an SAR granted under this Article 3 shall be exercisable in accordance with such terms and conditions and during such periods as may be established by the Committee not inconsistent with the Plan; provided, however, that no Option or SAR shall be exercisable after the Expiration Date with respect thereto.

3.5. Payment of Option Exercise Price. The payment of the Exercise Price of an Option granted under this Article 3 shall be subject to the following:

(a) Subject to the following provisions of this Section 3.5, the full Exercise Price for shares of Common Stock purchased upon the exercise of any Option shall be paid at the time of such exercise (except that, in the case of an exercise arrangement not disapproved by the Committee and described in Section 3.5(c), payment may be made as soon as practicable after the exercise).

D-5

Table of Contents

(b) Subject to applicable law, the Exercise Price shall be payable to the Company in full either: (i) in cash or its equivalent; (ii) by tendering (either by actual delivery or attestation) previously acquired shares of Common Stock having an aggregate Fair Market Value at the time of exercise equal to the total Exercise Price; (iii) by a combination of (i) and (ii); or (iv) by any other method approved by the Committee in its sole discretion at the time of grant and as set forth in the Award Agreement; provided, however, that shares of Common Stock may not be used to pay any portion of the Exercise Price unless the holder thereof has good title, free and clear of all liens and encumbrances.

(c) Except as otherwise provided by the Committee, a Participant may elect to pay the Exercise Price upon the exercise of an Option by irrevocably authorizing a third party to sell shares of Common Stock (or a sufficient portion of the shares of Common Stock) acquired upon exercise of the Option and remit to the Company a sufficient portion of the sale proceeds to pay the entire Exercise Price and any tax withholding resulting from such exercise.

As soon as practicable following exercise, including payment of the Exercise Price, certificates representing the shares of Common Stock so purchased shall be delivered to the person entitled thereto or shares of Common Stock so purchased shall otherwise be registered in the name of the Participant on the records of the Company's transfer agent and credited to the Participant's account.

3.6. *No Repricing.* Except for either adjustments pursuant to Section 5.2 (relating to the adjustment of shares), or reductions of the Exercise Price approved by the Company's stockholders, the Exercise Price for any outstanding Option or SAR may not be decreased after the date of grant nor may an outstanding Option or SAR granted under the Plan be surrendered to the Company as consideration for the grant of a replacement Option or SAR with a lower exercise price or a Full Value Award. Except as approved by the Company's stockholders, in no event shall any Option or SAR granted under the Plan be surrendered to the Company in consideration for a cash payment if, at the time of such surrender, the Exercise Price of the Option or SAR is greater than the then current Fair Market Value of a share of Common Stock.

3.7. *Tandem Grants of Options and SARs.* An Option may but need not be in tandem with an SAR, and an SAR may but need not be in tandem with an Option (in either case, regardless of whether the original award was granted under this Plan or another plan or arrangement). If an Option is in tandem with an SAR, the exercise price of both the Option and SAR shall be the same, and the exercise of the corresponding tandem SAR or Option shall cancel the corresponding tandem SAR or Option with respect to such share. If an SAR is in tandem with an Option but is granted after the grant of the Option, or if an Option is in tandem with an SAR but is granted after the grant of the SAR, the later granted tandem Award shall have the same exercise price as the earlier granted Award, but in no event less than the Fair Market Value of a share of Common Stock at the time of such grant.

3.8. *Expiration Date.* The *Expiration Date* with respect to an Option or SAR means the date established as the Expiration Date by the Committee at the time of the grant (as the same may be modified in accordance with the terms of the Plan); provided, however, that the Expiration Date with respect to any Option or SAR shall not be later than the earliest to occur of the ten-year anniversary of the date on which the Option or SAR is granted or the following dates, unless the following dates are determined otherwise by the Committee:

(a) if the Participant's Termination Date occurs by reason of death, disability or retirement, the three-year anniversary of such Termination Date;

(b) if the Participant's Termination Date occurs for reasons other than retirement, death, disability or cause, the Termination Date; or

(c) if the Participant's Termination Date occurs for reasons of cause, the day preceding the Participant's Termination Date.

D-6

Table of Contents

In no event shall the Expiration Date of an Option or SAR be later than the ten-year anniversary of the date on which the Option or SAR is granted (or such shorter period required by law or the rules of any securities exchange on which the Common Stock is listed).

ARTICLE 4

FULL VALUE AWARDS AND CASH INCENTIVE AWARDS

4.1. *Certain Definitions*

(a) A ***Full Value Award*** is a grant of one or more shares of Common Stock or a right to receive one or more shares of Common Stock in the future (including bonus stock, stock units, restricted stock, restricted stock units, deferred stock units, performance stock and performance stock units). Such grants may be subject to one or more of the following, as determined by the Committee:

(i) The grant may be in consideration of a Participant's previously performed services or surrender of other compensation that may be due.

(ii) The grant may be contingent on the achievement of performance or other objectives (including completion of service) during a specified period.

(iii) The grant may be subject to a risk of forfeiture or other restrictions that will lapse upon the achievement of one or more goals relating to completion of service by the Participant or achievement of performance or other objectives.

The grant of Full Value Awards may also be subject to such other conditions, restrictions and contingencies, as determined by the Committee, including provisions relating to dividend or dividend equivalent rights and deferred payment or settlement.

(b) A ***Cash Incentive Award*** is the grant of a right to receive a payment of cash (or in the discretion of the Committee, shares of Common Stock having value equivalent to the cash otherwise payable) that is contingent on achievement of performance objectives over a specified period established by the Committee. The grant of Cash Incentive Awards may also be subject to such other conditions, restrictions and contingencies, as determined by the Committee, including provisions relating to deferred payment.

4.2. *Special Vesting Rules.* Except for (a) awards granted in lieu of other compensation and (b) grants that are a form of payment of earned performance awards or other incentive compensation, if (I) an employee's right to become vested in a Full Value Award is conditioned on the completion of a specified period of service with the Company or the Related Companies, without achievement of performance targets or other performance objectives (whether or not related to Performance Measures) being required as a condition of vesting, then the required period of service for full vesting shall be not less than three years and (II) if an employee's right to become vested in a Full Value Award is conditioned upon the achievement of performance targets or other performance objectives (whether or not related to performance measures) being required as a condition of vesting, then the required vesting period shall be at least one year, subject, to the extent provided by the Committee, to pro rated vesting over the course of such three or one year period, as applicable, and to acceleration of vesting in the event of the Participant's death, disability, involuntary termination, retirement or in connection with a Change in Control.

4.3. *Performance-Based Compensation.* The Committee may designate a Full Value Award or Cash Incentive Award granted to any Participant as ***Performance-Based Compensation*** within the meaning of Code Section 162(m) and

regulations thereunder. To the extent required by Code

D-7

Table of Contents

Section 162(m), any Full Value Award or Cash Incentive Award so designated shall be conditioned on the achievement of one or more performance targets as determined by the Committee and the following additional requirements shall apply:

(a) The performance targets established for the performance period established by the Committee shall be objective (as that term is described in regulations under Code Section 162(m)), and shall be established in writing by the Committee not later than 90 days after the beginning of the performance period (but in no event after 25% of the performance period has elapsed), and while the outcome as to the performance targets is substantially uncertain. The performance targets established by the Committee may be with respect to corporate performance, operating group or sub-group performance, individual company performance, other group or individual performance, or division performance, and shall be based on one or more of the Performance Measures.

(b) A Participant otherwise entitled to receive a Full Value Award or Cash Incentive Award for any performance period shall not receive a settlement or payment of the Award until the Committee has determined that the applicable performance target(s) have been attained. To the extent that the Committee exercises discretion in making the determination required by this Section 4.3(b), such exercise of discretion may not result in an increase in the amount of the payment.

(c) If a Participant's employment terminates because of death or disability, or if a Change in Control occurs prior to the Participant's Termination Date, the Participant's Cash Incentive Award may, to the extent provided by the Committee, become vested without regard to whether the Cash Incentive Award would be Performance-Based Compensation.

(d) A Full Value Award designated as Performance-Based Compensation shall not vest prior to the first anniversary of the date on which it is granted (subject to acceleration of vesting, to the extent provided by the Committee, in the event of the Participant's death, disability or Change in Control).

Nothing in this Article 4 shall preclude the Committee from granting Full Value Awards or Cash Incentive Awards under the Plan or the Committee, the Company or any Subsidiary from granting any Cash Incentive Awards outside of the Plan that are not intended to be Performance-Based Compensation; provided, however, that, at the time of grant of Full Value Awards or Cash Incentive Awards by the Committee, the Committee shall designate whether such Awards are intended to constitute Performance-Based Compensation. To the extent that the provisions of this Article 4 reflect the requirements applicable to Performance-Based Compensation, such provisions shall not apply to the portion of the Award, if any, that is not intended to constitute Performance-Based Compensation. Unless otherwise indicated by the Committee at the time of grant, all Options and SARs granted pursuant to the Plan shall be deemed to be intended to be Performance-Based Compensation for the purposes of Code Section 162(m) and all Full Value Award and Cash Incentive Awards for which the vesting or payment are conditioned on achievement of one or more Performance Measures shall be deemed to be intended to be Performance-Based Compensation for the purposes of Code Section 162(m).

ARTICLE 5

SHARES RESERVED AND LIMITATIONS

5.1. *Plan and Other Limitations.* The Awards that may be granted under the Plan shall be subject to the following:

(a) The shares of Common Stock with respect to which Awards may be made under the Plan shall be shares of Common Stock currently authorized but unissued or currently held or, to the

D-8

extent permitted by applicable law, subsequently acquired by the Company as treasury shares, including shares of Common Stock purchased in the open market or in private transactions.

(b) Subject to the provisions of Section 5.2, the maximum number of shares of Common Stock that may be issued with respect to Awards under the Plan from and after the Approval Date shall be equal to 3,000,000. Notwithstanding the foregoing:

(i) Shares of Common Stock covered by an Award shall only be counted as used to the extent that they are actually used. A share of Common Stock issued in connection with any Award under the Plan shall reduce the total number of shares of Common Stock available for issuance under the Plan by one; provided, however, that Full Value Awards granted under the Plan on and after the Approval Date shall reduce the total number of shares of Common Stock available for issuance under the Plan by 1.49.

(ii) Any shares of Common Stock (A) that are subject to Awards granted under the Plan or (B) that are subject to awards granted under the 2002 Plan and/or the 2006 Plan and that are outstanding on the Approval Date, in any case that terminate by reason of expiration, forfeiture, cancellation, or otherwise, without the issuance of such shares, or that are settled in cash, shall be available for grant under the Plan (the shares described in subparagraphs (A) and (B), collectively, ***Recycled Shares***).

(iii) The following shares of Common Stock may not be treated as Recycled Shares and may not again be made available for issuance as Awards under the Plan pursuant to this Section 5.2(b): (A) shares of Common Stock not issued or delivered as a result of the net settlement of an outstanding Option or SAR; (B) shares of Common Stock used to pay the Exercise Price or withholding taxes relating to an outstanding Award; and (C) shares of Common Stock repurchased on the open market with the proceeds of the Exercise Price.

(iv) Recycled Shares shall be added to the number of shares reserved on a one for one basis; provided, however, that (A) Recycled Shares attributable to any Full Value Award granted under the 2006 Plan after May 13, 2009 and prior to the Prior Approval Date shall be added back on a 1.25 for one basis and (B) Recycled Shares attributable to any Full Value Award granted under the 2006 Plan on and after the Prior Approval Date and any Full Value Award granted under the Plan on and after the Approval Date shall be added back on a 1.49 for one basis. Notwithstanding the foregoing or the other provisions of this Section 5.1(b), the maximum number of Recycled Shares attributable to awards granted under the Prior Plans that may be added to the shares reserved (taking into account the provisions of this subparagraph (iv)) shall not exceed 1,000,000.

(c) Except as expressly provided by the terms of this Plan, the issuance by the Company of stock of any class, or securities convertible into shares of stock of any class, for cash or property or for labor or services, either upon direct sale, upon the exercise of rights or warrants to subscribe therefor or upon conversion of stock or obligations of the Company convertible into such stock or other securities, shall not affect, and no adjustment by reason thereof, shall be made with respect to Awards then outstanding hereunder.

(d) To the extent provided by the Committee, any Award may be settled in cash rather than shares of Common Stock.

(e) The maximum number of shares of Common Stock that may be delivered to Participants pursuant to ISOs is 2,300,000; provided, however, that to the extent that shares not delivered must be counted against this limit as a condition of satisfying the rules applicable to ISOs, such rules shall apply to the limit on ISOs granted under the Plan.

(f) For Options and SARs that are intended to constitute performance-based compensation (within the meaning of Code Section 162(m)), including ISOs), no more than 350,000 shares of

D-9

Table of Contents

Common Stock may be subject to such Awards granted to any one individual during any one calendar year. For purposes of this Section 5.1(f), if an Option is in tandem with an SAR, such that the exercise of the Option or SAR with respect to a share of Common Stock cancels the tandem SAR or Option right, respectively, with respect to such share, the tandem Option and SAR rights with respect to each share of Common Stock shall be counted as covering only one share of Common Stock for purposes of applying the limitations of this Section 5.1(f).

(g) For Full Value Awards that are intended to be Performance-Based Compensation, no more than 200,000 shares of Common Stock may be subject to such Awards granted to any one individual during any one calendar year (regardless of whether settlement of the Award is to occur prior to, at the time of or after the time of vesting); provided, however, that Awards described in this Section 5.1(g) shall be subject to the following:

(i) If the Awards are denominated in Common Stock but an equivalent amount of cash is delivered in lieu of delivery of shares of Common Stock, the foregoing limit shall be applied based on the methodology used by the Committee to convert the number of shares of Common Stock into cash.

(ii) If the delivery of Common Stock or cash is deferred until after the Common Stock has been earned, any adjustment in the amount delivered to reflect actual or deemed earnings or other investment experience during the deferral period shall be disregarded.

(h) For Cash Incentive Awards that are intended to be Performance-Based Compensation, the maximum amount payable to any Participant with respect to any twelve month performance period shall equal \$8,000,000 (pro rated for performance periods that are greater or lesser than twelve months); provided that Awards described in this Section 5.1(h), shall be subject to the following:

(i) If the Awards are denominated in cash but an equivalent amount of Common Stock is delivered in lieu of delivery of cash, the foregoing limit shall be applied to the cash based on the methodology used by the Committee to convert the cash into Common Stock.

(ii) If delivery of Common Stock or cash is deferred until after cash has been earned, any adjustment in the amount delivered to reflect actual or deemed investment experience after the date the cash is earned shall be disregarded.

5.2. Adjustments. In the event of a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the Committee shall adjust the terms of the Plan and Awards to preserve the benefits or potential benefits of the Plan or the Awards as determined in the sole discretion of the Committee. Action by the Committee with respect to the Plan or Awards under this Section 5.2 may include, in its sole discretion: (a) adjustment of the number and kind of shares which may be delivered under the Plan (including adjustments to the number and kind of shares that may be granted to an individual during any specified time as described above); (b) adjustment of the number and kind of shares subject to outstanding Awards; (c) adjustment of the Exercise Price of outstanding Options and SARs; and (d) any other adjustments that the Committee determines to be equitable (which may include, without limitation, (I) replacement of Awards with other Awards which the Committee determines have comparable value and which are based on stock of a company resulting from the transaction, and (II) cancellation of the Award in return for a cash payment of the current value of the Award, determined as though the Award is fully vested at the time of payment, provided that in the case of an Option or SAR, the amount of such payment may be the excess of the value of the Common Stock subject to the Option or SAR at the time of the transaction over the Exercise Price).

ARTICLE 6

CHANGE IN CONTROL

Subject to the provisions of Section 5.2 (relating to certain adjustments), upon the occurrence of a Change in Control, unless otherwise specifically prohibited under applicable laws, or by the rules and regulations of any applicable governmental agencies or national securities exchange, or unless the Committee shall otherwise provide in the Award Agreement:

- (a) any and all Options and SARs granted hereunder shall become immediately vested and exercisable and shall remain exercisable for the lesser of 36 months following such Change in Control or the remaining maximum term of such Award (regardless of whether the applicable Participant's employment or directorship is terminated upon or after such Change in Control);
- (b) any period of restriction and restrictions imposed on Full Value Awards granted hereunder shall lapse; and
- (c) the target payout opportunities attainable under all Full Value Awards and Cash Incentive Awards granted hereunder shall be deemed to have been fully earned as of the effective date of the Change in Control (based on an assumed achievement of all relevant targeted performance goals over any applicable performance period(s)) and each Participant holding any such Award shall be entitled to be paid in cash, within 30 days after the Change in Control, the total of the fair market value, determined as of immediately prior to such Change in Control, of any such Award which he or she held immediately prior to such Change in Control.

ARTICLE 7

COMMITTEE

7.1. Administration. The authority to control and manage the operation and administration of the Plan shall be vested in a committee (the *Committee*) in accordance with this Article 7. So long as the Company is subject to Section 16 of the Exchange Act, the Committee shall be selected by the Board and shall consist of not fewer than two members of the Board or such greater number as may be required for compliance with Rule 16b-3 issued under the Exchange Act and shall be comprised of persons who are independent for purposes of applicable securities exchange listing requirements. Any Award granted under the Plan which is intended to constitute Performance-Based Compensation (including Options and SARs) shall be granted by a Committee consisting solely of two or more outside directors within the meaning of Code Section 162(m). Unless removed by the Board or unless said committee no longer exists or does not satisfy the foregoing requirements or for other reasons determined by the Board, the Company's Compensation/Nominating/Governance Committee shall be the Committee for purposes of this Plan. If the Committee does not exist, or for any other reason determined by the Board, the Board may take any action under the Plan that would otherwise be the responsibility of the Committee; provided, however, that in the event that there is no Committee, only members of the Board who are independent directors shall take action pursuant to this sentence with respect to grants to employees.

7.2. Powers of Committee. The Committee's administration of the Plan shall be subject to the following:

- (a) Subject to the terms and conditions of the Plan, the Committee will have the authority and discretion to select from among the Eligible Individuals those persons who shall receive Awards, to determine the time or times of receipt of Awards, to determine the types of Awards and the number of shares of Common Stock or other amounts covered by the Awards, to establish the

terms, conditions, performance measures and targets, restrictions and other provisions of such Awards, to cancel or suspend Awards modify the terms of, reissue or repurchase Awards, and accelerate the exercisability or vesting of any Award.

(b) Subject to the terms and conditions of the Plan, the Committee will have the authority and discretion to conclusively interpret the Plan, to establish, amend and rescind any rules and regulations relating to the Plan, to determine the terms and provisions of any Award made pursuant to the Plan and to make all other determinations that may be necessary or advisable for the administration of the Plan.

(c) Subject to the terms and conditions of the Plan, the Committee will have the authority and discretion to determine the extent to which Awards under the Plan will be structured to conform to the requirements applicable to Performance-Based Compensation, and to take such action, establish such procedures, and impose such restrictions at the time such Awards are granted as the Committee determines to be necessary or appropriate to conform to such requirements.

(d) Any interpretation of the Plan by the Committee and any decision made by it under the Plan is final and binding on all persons.

(e) In controlling and managing the operation and administration of the Plan, the Committee shall take action in a manner that conforms to the certificate of incorporation and by-laws of the Company, and applicable state corporate law.

Without limiting the generality of the foregoing, it is the intention of the Company that, to the extent that any provisions of this Plan or any Awards granted hereunder are subject to Code Section 409A, the Plan and the Awards comply with the requirements of Code Section 409A and that the Plan and Awards be administered in accordance with such requirements and the Committee shall have the authority to amend any outstanding Awards to conform to the requirements of Code Section 409A.

7.3. *Delegation by Committee.* Except to the extent prohibited by applicable law or the applicable rules of a securities exchange, the Committee may allocate all or any portion of its responsibilities and powers to any one or more of its members and may delegate all or any part of its responsibilities and powers to any person or persons selected by it. Any such allocation or delegation may be revoked by the Committee at any time.

7.4. *Information to be Furnished to Committee.* The Company and Subsidiaries shall furnish the Committee with such data and information as it determines may be required for it to discharge its duties. The records of the Company and Subsidiaries as to an individual's employment or service, termination of employment or service, leave of absence, reemployment or recommencement of service and compensation shall be conclusive on all persons unless determined to be incorrect. Participants and other persons entitled to benefits under the Plan must furnish the Committee such evidence, data or information as the Committee considers desirable to carry out the terms of the Plan.

ARTICLE 8

MISCELLANEOUS

8.1. *Approval Date and Effect on 2006 Plan.* The Plan, as amended and restated shall be effective as of the Effective Date; provided, however, that Awards granted after the Effective Date and prior to the Approval Date shall be subject to the terms and conditions of the 2006 Plan. The Plan shall be unlimited in duration and, in the event of Plan termination, shall remain in effect as long as any Awards under it are outstanding; provided, however, that no Awards

may be granted under the Plan after the tenth anniversary of the Effective Date. Any awards made under the Prior Plans shall continue to be subject to the terms of the applicable Prior Plan. 8.2. General Restrictions. Delivery of shares of Common Stock or other amounts under the Plan shall be subject to the following:

(a) Notwithstanding any other provision of the Plan, the Company shall have no liability to deliver any shares of Common Stock under the Plan or make any other distribution of benefits under the Plan unless such delivery or distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act of 1933, as amended), and the applicable requirements of any securities exchange or similar entity.

(b) To the extent that the Plan provides for issuance of certificates to reflect the issuance of shares of Common Stock, the issuance may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the applicable rules of any securities exchange.

8.3. Tax Withholding. All distributions under the Plan shall be subject to withholding of all applicable taxes, and the Committee may condition the delivery of any shares or other benefits under the Plan on satisfaction of the applicable withholding obligations. Except as otherwise provided by the Committee, such withholding obligations may be satisfied (a) through cash payment by the Participant, (b) through the surrender of shares of Common Stock which the Participant already owns, or (c) through the surrender of shares of Common Stock to which the Participant is otherwise entitled under the Plan; provided, however, that (i) the amount withheld in the form of shares of Common Stock under this Section 8.3 may not exceed the minimum statutory withholding obligation (based on the minimum statutory withholding rates for Federal and state purposes, including, without limitation, payroll taxes) unless otherwise elected by the Participant, (ii) in no event shall the Participant be permitted to elect less than the minimum statutory withholding obligation, and (iii) in no event shall the Participant be permitted to elect to have an amount withheld in the form of shares of Common Stock pursuant to this Section 8.3 that exceeds the maximum individual tax rate for the employee in applicable jurisdictions.

8.4. Grant and Use of Awards. In the discretion of the Committee, a Participant may be granted any Award permitted under the provisions of the Plan, and more than one Award may be granted to a Participant. Awards may be granted as alternatives to or replacement of Awards granted or outstanding under the Plan, or any other plan or arrangement of the Company or a Subsidiary (including a plan or arrangement of a business or entity, all or a portion shares of common stock of which is acquired by the Company or a Subsidiary). The Committee may use available shares of Common Stock hereunder as the form of payment for compensation, grants or rights earned or due under any other compensation plans or arrangements of the Company or a Subsidiary, including the plans and arrangements of the Company or a Subsidiary assumed in business combinations.

8.5. Dividends and Dividend Equivalents. An Award (other than an Option or a SAR Award) may provide the Participant with the right to receive dividend payments, dividend equivalent payments or dividend equivalent units with respect to shares of Common Stock subject to the Award (both before and after the shares of Common Stock subject to the Award are earned, vested, or acquired), which payments may be either made currently or credited to an account for the Participant, and may be settled in cash or shares of Common Stock as determined by the Committee. Any such settlements, and any such crediting of dividends or dividend equivalents or reinvestment in shares of Common Stock or Common Stock equivalents, may be subject to such conditions, restrictions and contingencies as the Committee shall establish, including the reinvestment of such credited amounts in Common Stock equivalents. Notwithstanding the foregoing, no dividends or dividend equivalent rights will be paid or settled on performance-based awards that have not been earned based on the performance criteria and measures established.

8.6. Liability for Cash Payments. Each Subsidiary shall be liable for payment of cash due under the Plan with respect to any Participant to the extent that such benefits are attributable to the services

rendered for that Subsidiary by the Participant. Any disputes relating to liability of a Subsidiary for cash payments shall be resolved by the Committee.

8.7. **Transferability.** Except as otherwise provided by the Committee, Awards under the Plan are not transferable except as designated by the Participant by will or by the laws of descent and distribution.

8.8. **Form and Time of Elections; Notices.** Unless otherwise specified herein, each election required or permitted to be made by any Participant or other person entitled to benefits under the Plan, and any permitted modification or revocation thereof, shall be in writing filed with the Committee at such times, in such form and subject to such restrictions and limitations, not inconsistent with the terms of the Plan, as the Committee shall require. Any notice or document required to be filed with the Committee under the Plan will be properly filed if delivered or mailed by registered mail, postage prepaid, to the Committee, in care of the Company at its principal executive offices. The Committee may, by advance written notice to affected persons, revise such notice procedure from time to time. Any notice required under the Plan (other than a notice of election) may be waived by the person entitled to notice.

8.9. **Agreement With Company.** At the time of an Award to a Participant under the Plan, the Committee may require a Participant to enter into an agreement with the Company or a Subsidiary (as applicable the **Award Agreement**), in a form specified by the Committee, agreeing to the terms and conditions of the Plan and to such additional terms and conditions, not inconsistent with the Plan, as the Committee may, in its sole discretion, prescribe. Any such document is an **Award Agreement** regardless of whether any Participant signature is required.

8.10. **Action by Company or Subsidiary.** Any action required or permitted to be taken by the Company or any Subsidiary shall be by resolution of its board of directors, or by action of one or more members of the board (including a committee of the board) who are duly authorized to act for the board, or (except to the extent prohibited by applicable law or applicable rules of any securities exchange) by a duly authorized officer of such company.

8.11. **Gender and Number.** Where the context admits, words in any gender shall include any other gender, words in the singular shall include the plural and the plural shall include the singular.

8.12. **Limitation of Implied Rights.**

(a) Neither a Participant nor any other person shall, by reason of participation in the Plan, acquire any right in or title to any assets, funds or property of the Company or any Subsidiary whatsoever, including, without limitation, any specific funds, assets or other property which the Company or any Subsidiary, in its sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to the shares of Common Stock or amounts, if any, payable under the Plan, unsecured by any assets of the Company or any Subsidiary, and nothing contained in the Plan shall constitute a guarantee that the assets of the Company or any Subsidiary shall be sufficient to pay any benefits to any person.

(b) The Plan does not constitute a contract of employment or continued service, and selection as a Participant will not give any participating individual the right to be retained in the employ or continued service of the Company or any Subsidiary, nor any right or claim to any benefit under the Plan, unless such right or claim has specifically accrued under the terms of the Plan. Except as otherwise provided in the Plan, no Award under the Plan shall confer upon the holder thereof any rights as a stockholder of the Company prior to the date on which the individual fulfills all conditions for receipt of such rights and shares of Common Stock are registered in his name.

8.13. **Evidence.** Evidence required of anyone under the Plan may be by certificate, affidavit, document or other information which the person acting on it considers pertinent and reliable, and signed, made or presented by the proper party or parties.

8.14. **Governing Law.** The validity, construction and effect of the Plan, and any actions taken or relating to the Plan, shall be determined in accordance with the laws of the State of Illinois and applicable federal law.

8.15. **Severability.** If for any reason any provision or provisions of the Plan are determined invalid or unenforceable, the validity and effect of the other provisions of the Plan shall not be affected thereby.

8.16. **Foreign Employees.** Notwithstanding any other provision of the Plan to the contrary, the Committee may grant Awards to eligible persons who are foreign nationals on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan. In furtherance of such purposes, the Committee may make such modifications, amendments, procedures and subplans as may be necessary or advisable to comply with provisions of laws in other countries or jurisdictions in which the Company or a Subsidiary operates or has employees. The foregoing provisions of this Section 8.16 shall not be applied to increase the share limitations of Article 5 or to otherwise change any provision of the Plan that would otherwise require the approval of the Company's stockholders.

8.17. **Code Section 409A.** Notwithstanding any other provision of the Plan or an Award Agreement to the contrary, to the extent that the Committee determines that any Award granted under the Plan is subject to Code Section 409A, it is the intent of the parties to the applicable Award Agreement that such Award Agreement incorporate the terms and conditions necessary to avoid the consequences specified in Code Section 409A(a)(1) and that such Award Agreement and the terms of the Plan as applicable to such Award be interpreted and construed in compliance with Code Section 409A and the Treasury regulations and other interpretive guidance issued thereunder. Notwithstanding the foregoing, the Company shall not be required to assume any increased economic burden in connection therewith. Although the Company and the Committee intend to administer the Plan so that it will comply with the requirements of Code Section 409A, neither the Company nor the Committee represents or warrants that the Plan will comply with Code Section 409A or any other provision of federal, state, local, or non-United States law. Neither the Company, its Subsidiaries, nor their respective directors, officers, employees or advisers shall be liable to any Participant (or any other individual claiming a benefit through the Participant) for any tax, interest, or penalties the Participant may owe as a result of participation in the Plan, and the Company and its Subsidiaries shall have no obligation to indemnify or otherwise protect any Participant from the obligation to pay any taxes pursuant to Code Section 409A.

ARTICLE 9

AMENDMENT AND TERMINATION

The Board may, at any time, amend or terminate the Plan, and the Board or Committee may amend any Award Agreement, provided that no amendment or termination may, in the absence of written consent to the change by the affected Participant (or, if the Participant is not then living, the affected beneficiary), adversely affect the rights of any Participant or beneficiary under any Award granted under the Plan prior to the date such amendment is adopted by the Board (or Committee, if

applicable); and further provided that adjustments pursuant to Section 5.3 shall not be subject to the foregoing limitations of this Article 9. Notwithstanding anything herein to the contrary, no amendment to the Plan or any Award Agreement shall be made without the approval of the Company's stockholders if (a) the amendment relates to the provisions of Section 3.6 (relating to Option and SAR repricing) or (b) if such approval is required by law or the rules of any securities exchange on which the Common Stock is listed.

Members of the Board of Directors:

We understand that Tenneco Inc., a Delaware corporation (the Company) intends to enter into a transaction (the Proposed Transaction) with Federal-Mogul LLC, a Delaware limited liability company (Federal-Mogul), American Entertainment Properties Corp., a Delaware corporation (the Seller) and Icahn Enterprises L.P., a Delaware limited partnership (the Principal Stockholder), pursuant to which, among other things, the Seller shall sell, assign, transfer and convey to the Company, and the Company shall purchase and acquire from the Seller, all of the membership interests of Federal-Mogul for a purchase price equal to (i) an aggregate amount in cash equal to \$800,000,000 (the Cash Consideration) and (ii) an aggregate of 29,444,846 shares of common stock, par value \$0.01 per share, of the Company (the Company Shares), which will consist of (x) the number of shares of Class A Voting Common Stock, par value \$0.01 per share, of the Company (the Class A Shares) equal to 9.9% of the aggregate number of shares of Class A Shares outstanding immediately following closing of the Proposed Transaction and (y) the remaining shares of the Company Shares as shares of Class B Non-Voting Common Stock, par value \$0.01 per share, of the Company (the Stock Consideration) and, together with the Cash Consideration, the Purchase Price. The amount of Cash Consideration and Stock Consideration will be subject to certain adjustment procedures (as to which we express no view or opinion) set forth in the Membership Interest Purchase Agreement to be entered into by and among the Company, Federal-Mogul, the Seller and the Principal Stockholder (the Agreement). We further understand that, following the closing of the Proposed Transaction, the Company intends to pursue a reorganization of its business into two separate businesses, representing Powertrain Technology, comprised of the Company's Clean Air Division and Federal-Mogul's Powertrain Division, and Aftermarket & Ride Performance, comprised of the Company's Ride Performance Division and Federal-Mogul's Motorparts Division, and distribute the Equity Interests (as defined in the Agreement) representing one of such businesses to the Company's stockholders (the Spin-Off). The terms and conditions of the Proposed Transaction are set forth in more detail in the Agreement. The summary of the Proposed Transaction set forth above is qualified in its entirety by the terms of the Agreement.

We have been requested by the Board of Directors of the Company to render our opinion with respect to the fairness, from a financial point of view, to the Company of the Purchase Price to be paid by the Company in the Proposed Transaction. We have not been requested to opine as to, and our opinion does not in any manner address, the Company's underlying business decision to proceed with or effect the Proposed Transaction or the Spin-Off or the

likelihood of consummation of either of the Proposed Transaction or the Spin-Off. In addition, we express no opinion on, and our opinion does not in any manner address, the fairness of the amount or the nature of any compensation to any officers, directors or employees of any parties to the Proposed Transaction, or any class of such persons, relative to the Purchase Price paid in the Proposed Transaction or otherwise. Our opinion does not address the relative merits of the Proposed Transaction or the Spin-Off as compared to any other transaction or business strategy in which the Company might engage.

In addition, we (i) have had discussions with the management of the Company and Federal-Mogul concerning Federal-Mogul's businesses, operations, assets, liabilities, financial conditions and prospects, (ii) have had discussions with the management of the Company concerning the Company's businesses, operations, assets, liabilities, financial conditions and prospects, including the intent to pursue the Spin-Off, and (iii) have undertaken such other studies, analyses and investigations as we deemed appropriate.

have assumed that such projections have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of the Company as to the future financial performance of Federal-Mogul and that Federal-Mogul will perform substantially in accordance with such projections. With respect to the Pro Forma Projections, upon the advice and at the instruction of the Company, we have assumed that such projections have been reasonably

prepared on a basis reflecting the best currently available estimates and judgments of the management of the Company as to the future financial performance of the Company on a pro forma basis giving effect to the Proposed Transaction, and that the pro forma Company will perform substantially in accordance with such Pro Forma Projections.

Furthermore, upon the advice and at the instruction of the Company, we have assumed that the amounts and timing of the Expected Synergies are reasonable and that the Expected Synergies will be realized substantially in accordance with such estimates. We assume no responsibility for and we express no view as to any such projections or estimates or the assumptions on which they are based. In arriving at our opinion, we have not conducted a physical inspection of the properties and facilities of the Company and have not made or obtained any evaluations or appraisals of the assets or liabilities of the Company or Federal-Mogul. Our opinion necessarily is based upon market, economic and other conditions as they exist on, and can be evaluated as of, the date of this letter. We assume no responsibility for updating or revising our opinion based on events or circumstances that may occur after the date of this letter. We express no opinion as to the prices at which shares of common stock of the Company would trade following the announcement or consummation of the Proposed Transaction.

We have assumed that the executed Agreement will conform in all material respects to the last draft reviewed by us. In addition, we have assumed the accuracy of the representations and warranties contained in the Agreement and all agreements related thereto. We have also assumed, upon the advice of the Company, that all material governmental, regulatory and third party approvals, consents and releases for the Proposed Transaction will be obtained within the constraints contemplated by the Agreement and that the Proposed Transaction will be consummated in accordance with the terms of the Agreement without waiver, modification or amendment of any material term, condition or agreement thereof. We do not express any opinion as to any tax or other consequences that might result from the Proposed Transaction, nor does our opinion address any legal, tax, regulatory or accounting matters, as to which we understand that the Company has obtained such advice as it deemed necessary from qualified professionals.

Based upon and subject to the foregoing, we are of the opinion as of the date hereof that, from a financial point of view, the Purchase Price to be paid by the Company in the Proposed Transaction is fair to the Company.

We have acted as financial advisor to the Company in connection with the Proposed Transaction and will receive fees for our services a portion of which is payable upon rendering this opinion and a substantial portion of which is contingent upon the consummation of the Proposed Transaction. In addition, the Company has agreed to reimburse our expenses and indemnify us for certain liabilities that may arise out of our engagement. We and our affiliates have performed various investment banking and financial services for the Company, Federal-Mogul, the Seller, the Principal Stockholder and their respective affiliates in the past, and expect to perform such services in the future, and have received, and expect to receive, customary fees for such services. In the past two years, none of Barclays or any of its affiliates have received any fees from Federal-Mogul, the Seller, the Principal Stockholder or their respective affiliates for any investment banking and financial services. In addition, the Company has requested of Barclays and/or its affiliates to participate, and Barclays and/or such affiliates have committed to participate, in the financing for the Proposed Transaction, and we will receive customary fees and indemnification in connection therewith.

This opinion, the issuance of which has been approved by our Fairness Opinion Committee, is for the use and benefit of the Board of Directors of the Company and is rendered to the Board of Directors in connection with its consideration of the Proposed Transaction.
