Item 1.01 Entry into a Material Definitive Agreement.

License and Research Collaboration Agreements and Common Stock Purchase Agreement

On October 4, 2018, Arrowhead Pharmaceuticals, Inc., a Delaware corporation (the Company), entered into a License Agreement (the License Agreement) and a Research Collaboration and Option Agreement (the Collaboration Agreement) with Janssen Pharmaceuticals, Inc., a Pennsylvania corporation (Janssen), part of the Janssen Pharmaceutical Companies of Johnson & Johnson. Also on October 4, 2018, the Company entered into a Common Stock Purchase Agreement (the Stock Purchase Agreement) and Registration Rights Agreement (the Registration Rights Agreement) with Johnson & Johnson Innovation-JJDC, Inc. (JJDC), a New Jersey corporation.

Under the License Agreement, Janssen will receive a worldwide, exclusive license to the Company's ARO-HBV program, the Company's third-generation subcutaneously administered RNAi therapeutic candidate being developed as a potentially curative therapy for patients with chronic hepatitis B virus infection. Beyond the Company's ongoing Phase 1 / 2 study of ARO-HBV (which will remain the responsibility of the Company), Janssen will be wholly responsible for clinical development and commercialization.

Under the Collaboration Agreement, Janssen will be able to select up to three new targets against which Arrowhead will develop clinical candidates. These candidates are subject to certain restrictions and will not include candidates in the Company's current pipeline. The Company will perform discovery, optimization and preclinical development on selected targets, entirely funded by Janssen, sufficient to allow the filing of a U.S. Investigational New Drug application or equivalent, at which time Janssen will have the option to take an exclusive license to the Company's intellectual property rights covering that compound. If the option is exercised, Janssen will be wholly responsible for clinical development and commercialization of each optioned compound.

Under the Stock Purchase Agreement, the Company will sell 3,260,869 shares of common stock (the Shares) to JJDC at a price of \$23.00 per share. The Shares are being sold in a private placement that is exempt from registration under Section 4(a)(2) of the Securities Act of 1933, as amended (the Act). Pursuant to the Registration Rights Agreement, the Company will be obligated to register the Shares under the Act for resale by JJDC.

Under the terms of the agreements taken together, the Company will receive (i) \$175 million as an upfront payment, (ii) \$75 million in the form of an equity investment by JJDC in Arrowhead common stock pursuant to the Stock Purchase Agreement, (iii) up to \$1.6 billion in development, regulatory and sales milestones payments for the License Agreement, and (iv) up to \$1.9 billion in development, regulatory and sales milestone payments for the three additional targets covered under the Collaboration Agreement. The Company is further eligible to receive tiered royalties up to the mid-teens on product sales for products commercialized under the License Agreement and the Collaboration Agreement.

The transactions contemplated under the License Agreement, Collaboration Agreement and Stock Purchase Agreement are subject to customary closing conditions, including the expiration of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act. Closing is expected to occur in the fourth calendar quarter of 2018.

Item 3.02 Unregistered Sales of Equity Securities.

The disclosure set forth above under Item 1.01 regarding the offer and sale of the Shares is incorporated herein by reference.

Item 7.01 Regulation FD Disclosure.
