NOTE 1 – PRESENTATION

The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at March 31, 2013, and for all periods presented herein, have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2012 audited financial statements. The results of operations for the period ended March 31, 2013 is not necessarily indicative of the operating results for the full year.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification of Financial Statement Accounts

Certain amounts in the March 31, 2012 financial statements have been reclassified to conform to the presentation in the March 31, 2013 financial statements.

Recent Accounting Pronouncements

Management has considered all recent accounting pronouncements issued since the last audit of our financial statements. The Company's management believes that these recent pronouncements will not have a material effect on the Company's financial statements.

NOTE 2 - GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. During the three (3) months ended March 31, 2013, the Company realized a net loss of \$134,905 and has incurred an accumulated deficit of \$16,579,202. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations. In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from investors sufficient to meet its minimal operating expenses while seeking equity and/or debt financing. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 – INVENTORY

Our inventories are stated at the lower of cost or market using the average costing method, which approximates the first-in, first-out (FIFO) cost method of accounting. Inventories acquired in connection with our Caldwell acquisition were valued at acquisition at their fair market value based on an independent appraisal. Company management continually monitors the current salability and net realizable value of inventories. Inventories are adjusted for estimated obsolescence and written down to net realizable value based upon estimates of future demand and market conditions.

During the three (3) months ended March 31, 2012, Company management determined that the carrying value of a portion of the inventory acquired in the Caldwell and Pro Line Sports acquisition, which were recorded at the fair market value at the time of acquisition, exceeds its net realizable value. Based on current market conditions and future expectations of sales and selling expenses, during the quarter ended March 31, 2013, the Company has not recorded additional reserves.

NOTE 4 – ACQUISITION

NOTE 5 – RELATED PARTY TRANSACTIONS

Over the course of the Company's history loans for operating purposes have been made to the Company by the CEO of the Company. The related party notes due to officers total \$874,406 at March 31, 2013 and \$886,856 at December 31, 2012, respectively. These notes carry interest rates of 7% to 15% and have balloon payments that were due in full on December 31, 2012. One loan is considered a commercial loan under the Uniform Commercial Code and is secured by a UCC blanket lien on the Company's assets. The secured loan totals approximately \$756,000 as of March 31, 2013. The other loans are unsecured. For the three (3) months ended March 31, 2013, the Company accrued \$13,261 in interest expense on these loans.

NOTE 6 – CONVERTIBLE DEBENTURES

Beginning on March 19, 2010 through March 31, 2013 the Company has entered into multiple convertible debenture agreements with third parties. These debentures carry interest at 8 to 15% per annum, are due in full starting on March 19, 2012, and are collateralized by 600,000 shares of the Company's common stock held in escrow. At the option of the holder, and with legal opinion, outstanding principal and unpaid interest balance is convertible into shares of the Company's common stock. The conversion price is the higher of a) 50% of the average of the three to five lowest closing prices for the Company's stock during the previous 10 to 15 trading days or b) \$0.0001. The Company entered into three (3) forbearance agreements caused by the Company's outstanding note repayment default with three (3) of their convertible note holders that grants a conversion default rate of \$.0001. (See Form 8K filed February 20, 2013). The total outstanding principal of convertible debentures as of March 31, 2013 was \$335,080.

In accordance with ASC 470, the Company has analyzed the beneficial nature of the conversion terms of these debentures and determined that a beneficial conversion feature (BCF) exists. The Company calculated the value of the BCF using the intrinsic method based on the stock price on the day of commitment, the discount as agreed to in the debenture, and the number of convertible shares. The combined value of the BCF for the debentures entered into during the three (3) months ended March 31, 2013 is \$100,000. The BCF has been recorded as a discount to the debenture payable and to Additional Paid-in Capital.

During the three (3) months ended March 31, 2013, the Company recognized \$19,055 in amortization of current and precious BCF. This amount has been recorded as interest expense in accordance with ASC 470.

NOTE 7 - STOCKHOLDERS' EQUITY

Preferred Stock

On March 10, 2010, the Company authorized the creation of Series A Preferred Stock. The Company is authorized to issue 20,000,000 shares of its Series A Preferred stock at a par value of \$0.0001 per share. The Series A Preferred Stock have the following rights and provisions:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

Forward-Looking Statements

This Quarterly Report on Form 10-Q (this "Report") contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Forward-looking statements discuss matters that are not historical facts. Because they discuss future events or conditions, forward-looking statements may include words such as "anticipate," "believe," "estimate," "intend," "could," "should," "would," "may," "seek," "plan," "might," "will," "expect," "predict," "project," "forecast," "potential," "continue" negatives and other expressions. Forward-looking statements speak only as of the date they are made, are based on various underlying assumptions and current expectations about the future, and are not guarantees. Such statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, level of activity, performance, or achievement to be materially different from the results of operations or plans expressed or implied by such forward-looking statements.

We cannot predict all of the risks and uncertainties. General

The following discussion should be read in conjunction with the financial statements and notes thereto included in this report. Except for the historical information contained herein, the discussion in this report contains certain forward-looking statements that involve risks and uncertainties, such as statements of the Company's plans, objectives, expectations, and intentions as of the date of this filing. The cautionary statements made above should be read as being applicable to all related forward-looking statements wherever they appear in this document.

Company Overview

Our financial statements for the three (3) months ended March 31, 2013 and 2012 reflect net losses of \$134,905 and \$195,824, respectively. This is based on gross revenues of \$40,312 and \$193,596 for the three (3) months ended March 31, 2013 and, 2012, respectively. Included in our net loss are various non-cash expenses related to depreciation, embedded beneficial conversion features included in our convertible notes payable, and a reserve for inventory obsolesce. Absent these large, non-cash expenses our net operating losses for the three (3) months ended March 31, 2013 and 2012 would have been \$94,540 and \$98,137 respectively.

Plan of Operation

On February 11, 2011, we acquired Pro Line Sports, a distributor of golf ball retrievers and accessories. While we had historically focused solely on golf clubs and golf grips, we intended to focus on golf grips, wedges, and Pro Lines product lines into the future. Unfortunately, due to continuing differences between the Buyer and Seller and continuous law suits Feel Golf decided via mediation on April 25, 2012 to rescind the acquisition and the parties agreed. The two Companies as of the settlement date are now separate entities. (Form 8-K filed May 4, 2012)

As previously disclosed, we currently do not have the necessary capital to implement our growth campaign and even if we are successful in raising sufficient capital for growth, there can be no assurance that this capital and/or increased marketing efforts will increase revenues. There can also be no assurance we will be successful in raising sufficient capital to implement this campaign. Assuming we are able to raise sufficient capital in support of our marketing strategy, we plan to further develop and expand our marketing channels as denoted in our recent acquisition(s) and as noted in our sub events and recently filed Form 8 K's as the Company evolves into a different direction.

RESULTS OF OPERATIONS

Three Months Ended March 31, 2013 and 2012 (Unaudited)

The following table sets forth our results of the operations for the three months ended on March 31, 2013 and 2012.

	March 31, 2013	March 31, 2012	Increase/ (Decrease)	Increase/ (Decrease)
Revenues	\$ 40,312	\$ 193,596	\$ (153,284)	(79.18)%
Cost of Sales	23,328	89,032	(65,704)	(73.80)%
Gross Profit	16,984	104,564	(87,580)	(83.76)%

Other Income (Expenses)	(45,140)	(60,321)	15,181	(25.17)%
Income Taxes	(17)	(925)	-	0%
Net Loss	\$ (134,905)	\$ (195,824)	\$ 60,919	(31.11)%
Basic and Diluted Loss Per Common Shares	\$ (0.001)	\$ (0.01)		
Weighted Average Basic and Diluted Common Shares Outstanding	139,330,593	22,569,452		

Revenues

For the three months, ended March 31, 2013, revenues decreased \$153,284, from the three months ended March 31, 2012. The decrease in sales is due in part to the rescission of the acquisition of Pro Line Sports on April 25, 2012 and lack of inventory.

Cost of Sales

For the three months ended March 31, 2013, our costs of sales decreased \$65,704, or 73.80%, from the same period in 2012.

Cost of sales has increased from approximately 46% to 58% as a percentage of sales due to some discounting of certain product lines.

Gross Profit

For the three months, ended March 31, 2013, overall gross profit decreased \$87,580 (83.76%), as compared to the same three-month period in 2012. A significant decrease in gross profit is one of the main factors as a result of the Pro Line Sports rescission and what is primarily responsible for our decrease in gross margin and revenues.

Operating Expenses

For the three months ended March 31, 2013, our overall operating expenses decreased by \$132,410, or 55.37%. This decrease is attributable to decreases in professional fees, depreciation, and other selling, general, and administrative expenses in 2013.

Other Income (Expenses)

For the three months ended March 31, 2013, our other income (expenses) decreased \$15,181, or 25.17%, over the same three-month period in 2012. The decrease is primarily attributable to the decrease in interest expense related to the amortization of the beneficial conversion feature.

Net Loss

For the three months ended March 31, 2013, our net loss was \$134,905, a decrease of \$60,919 or 31.11% over the three months ended March 31, 2012. Included in our net loss are various non-cash expenses related to depreciation, stock issued for services, embedded beneficial conversion features included in our convertible notes payable, and a reserve for inventory obsolescence. Amortization of beneficial conversion features included interest expense total of \$19,055 and \$31,122 respectively. Depreciation and amortization of fixed assets and intangible assets totaled \$21,310 and 66,565 respectively. Absent these large, non-cash expenses our net operating results for the three months ended March 31, 2013 and 2012 would have been a net loss of \$94,540 and \$98,137 respectively.

LIQUIDITY AND CAPITAL RESOURCES

We had cash of \$59,749 as of March 31, 2013 compared to cash of \$11,145 as of December 31, 2012. Net cash used in operating activities for three (3) months ended March 31, 2013 and 2012 was \$27,945 and \$26,879 respectively.

Cash flows used in investing activities totaled \$-0- and \$-0- for the three (3) months ended March 31, 2013 and 2012, respectively.

Cash flows provided by financing activities totaled \$76,549 during the three (3) months ended March 31, 2013 compared to \$14,531 for the three (3) months ended March 31, 2012. During 2013, we received proceeds from related party notes of \$34,306 and made repayments on loans from related parties of \$46,756. We also received proceeds of \$100,000 and issued convertible notes payable, issued stock for retirement of convertible debt totaling \$10,870, and redeemed preferred stock totaling \$11,000

At the present level of business activity, our ongoing monthly gross operating cash disbursements are expected to average approximately \$25,000. As of March 31, 2013, we had net working capital of approximately \$(40,000).

Inflation

In the opinion of management, inflation has not and will not have a material effect on our operations in the immediate future. Management will continue to monitor inflation and evaluate the possible future effects of inflation on our business and operations.

Off-balance Sheet Arrangements

We have no off-balance sheet arrangements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Smaller reporting companies are not required to provide the information required by this item.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms. Disclosure and control procedures are also designed to ensure that such information is accumulated and communicated to management, including the chief executive officer and principal accounting officer, to allow timely decisions regarding required disclosures. As of the end of the period covered by this quarterly report, we carried out an evaluation, under the supervision and with the participation of management, including our chief executive officer and principal accounting officer, of the effectiveness of the design and operation of our disclosure controls and procedures. In designing and evaluating the disclosure controls and procedures, management recognizes that there are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their desired control objectives. Additionally, in evaluating and implementing possible controls and procedures, management is required to apply its reasonable judgment. Based on the evaluation described above, our management, including our principal executive officer and principal accounting officer, have concluded that, as of March 31, 2013, our disclosure controls and procedures were not effective due to a lack of adequate segregation of duties and the absence of an audit committee.

Remediation of Material Weaknesses in Internal Control over Financial Reporting

In order to remedy our existing internal control deficiencies, and as our finances allow, we will hire additional accounting staff.

Changes in Internal Control over Financial Reporting

Management has evaluated whether any changes in our internal control over financial reporting as of March 31, 2013 were made. Based on its evaluation, management, including the chief executive officer and principal accounting officer, has concluded that there has been no change in our internal control over financial reporting during the period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

NONE

ITEM 1 - LEGAL PROCEEDINGS

- A) On October 11, 2012, Pro Line Sports amended their lawsuit to include officers and directors as alleged conspirators to their infringement allegation. Our patent counsel has opined that our design does not infringe. Settlement negotiations continue as the date of this filing with mediation rescheduled for August 2013.

ITEM 1A - RISK FACTORS
