The Warrants, Placement Agent Warrants and the shares of common stock issuable upon the exercise of the Warrants and the Placement Agent Warrants are not being registered under the Securities Act of 1933, as amended, or the Securities Act, pursuant to the registration statement of which this prospectus supplement and the accompanying prospectus form a part and are not being offered pursuant to this prospectus supplement and the accompanying prospectus. Instead, they are being offered pursuant to an exemption from the registration requirements of the Securities Act provided in Section 4(a)(2) of the Securities Act and/or Rule 506(b) of Regulation D.

Our common stock trades on the Nasdaq Capital Market under the symbol “CJJD.” The last reported sale price of our common stock on the Nasdaq Capital Market on April 10, 2019 was \$3.09 per share.

As of April 10, 2019, the aggregate market value of our outstanding common stock held by non-affiliates was approximately \$45,309,584 based on 28,936,778 shares of outstanding common stock, of which 14,273,482 shares were held by affiliates as of such date, and a price of \$3.09 per share, which was the last reported sale price of our common stock as reported by the Nasdaq Capital Market on April 10, 2019. We have retained H.C. Wainwright & Co., LLC to act as our exclusive placement agent in connection with this offering. The placement agent has agreed to use its reasonable best efforts to sell the securities offered by this prospectus supplement and the accompanying prospectus. Neither the Securities and Exchange Commission (the “SEC”) nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus supplement or the accompanying prospectus. Any representation to the contrary is a criminal offense.

We estimate the total expenses of this offering, excluding the placement agent fees and expenses, will be approximately \$70,500. Because there is no minimum offering amount required in this offering, the actual offering

amount, the placement agent fees and the net proceeds to us, if any, in this offering may be substantially less than the total offering amounts set forth above. We are not required to sell any specific number or dollar amount of the securities offered in this offering, but the placement agent will use its reasonable best efforts to arrange for the sale of all of the securities offered.

We expect to deliver the securities being offered pursuant to this prospectus supplement on or about April 15, 2019.

RISK FACTORS

An investment in our shares of common stock involves a high degree of risk. Before making any investment decision, you should carefully consider the risk factors set forth in this prospectus supplement, the accompanying prospectus and the information incorporated by reference herein and therein, including under the caption “Risk Factors” in our most recent annual report on Form 10-K, as well as in any applicable prospectus supplement, as updated by our subsequent filings under the Exchange Act.

These risks could materially affect our business, results of operation or financial condition and affect the value of our securities. Additional risks and uncertainties that are not yet identified may also materially harm our business, operating results and financial condition and could result in a complete loss of your investment. You could lose all or part of your investment. For more information, see “Where You Can Find More Information.”

Risks Related Our Common Stock and the Offering

Our management will have broad discretion over the use of the proceeds we receive from the sale the common stock pursuant to this prospectus and might not apply the proceeds in ways that increase the value of your investment.

Our management will have broad discretion to use the net proceeds from any offerings under this prospectus, and you will be relying on the judgment of our management regarding the application of these proceeds. Except as described in any prospectus supplement or in any related free writing prospectus that we may authorize to be provided to you, the net proceeds received by us from our sale of the securities described in this prospectus will be added to our general funds and will be used for general corporate purposes. Our management might not apply the net proceeds from offerings of our securities in ways that increase the value of your investment and might not be able to yield a significant return, if any, on any investment of such net proceeds. You may not have the opportunity to influence our decisions on how to use such proceeds.

You will experience immediate dilution in the book value per share of the common stock you purchase.

Because the price per share of our common stock being offered is higher than the book value per share of our common stock, you will suffer substantial dilution in the net tangible book value of the common stock you purchase in this offering. Based on the initial offering price of \$2.50 per Share, if you purchase the Shares offered in this offering, you

will suffer immediate and substantial dilution per Share in the net tangible book value of the common stock.

S-6

Table of Contents

USE OF PROCEEDS

We estimate that the net proceeds we will receive from this offering will be approximately \$9.28 million, after deducting the placement agent fees and the estimated offering expenses payable by us.

If all of the Warrants that are being issued to the investors and the placement agent in the concurrent private placement are fully exercised for cash, we would receive additional aggregate proceeds of approximately \$9.7 million. We will not receive any proceeds from the sale of common stock issuable upon exercise of the Warrants that we are offering unless and until such Warrants are exercised.

We intend to use the net proceeds from this offering for general corporate purposes and working capital, including for research and development, general and administrative expenses, and potential ordinary course acquisitions of technologies that complement our business. In the Securities Purchase Agreement that we entered into with the investors in this offering, we have, subject to certain exceptions, specifically agreed not to use the proceeds of this offering to satisfy any existing debt (other than ordinary course trade payables), to redeem any of our outstanding securities, or to settle any litigation.

We have not specifically identified the precise amounts we will spend on each of these areas or the timing of these expenditures. The amounts actually expended for each purpose may vary significantly depending upon numerous factors, including assessments of potential market opportunities and competitive developments. In addition, expenditures may also depend on the establishment of new collaborative arrangements with other companies, the availability of other financing, and other factors. Subject to any agreed upon contractual restrictions under the terms of the purchase agreement, our management will have some discretion in the application of the net proceeds from this offering. Our stockholders may not agree with the manner in which our management chooses to allocate and spend the net proceeds. Moreover, our management may use the net proceeds for purposes that may not result in our being profitable or increase our market value.

PRIVATE PLACEMENT TRANSACTION OF WARRANTS

Concurrently with the sale of the Shares in this offering, we also expect to issue and sell to the investors warrants to purchase up to an aggregate of 3,000,006 shares of common stock at an initial exercise price equal to \$3.00 per share (the “Warrants”). The exercise price of the Warrants is subject to certain adjustments.

The Warrants will be exercisable beginning six months of the issuance date at an exercise price of \$3.00 per share and will expire five and one-half (5.5) years from the date of initial issuance. Subject to limited exceptions, a holder of Warrants will not have the right to exercise any portion of its Warrants if the holder, together with its affiliates, would beneficially own in excess of 4.99% of the number of shares of our common stock outstanding immediately after giving effect to such exercise. At any time after the initial exercise date of the Warrants, if a registration statement and current prospectus covering the resale of the shares of common stock issuable upon exercise of the Warrants is not available, the holder may exercise the Warrants in whole or in part on a cashless basis.

The Warrants provide that, if at any time while the Warrants are outstanding, the Company consummates a fundamental transaction, as described in the Warrants, and which term generally includes, but is not limited to: (i) any consolidation or merger into another corporation, (ii) the consummation of a transaction whereby another person or entity acquires more than 50% of our outstanding voting stock, or (iii) the sale of all or substantially all of our assets, then each holder will have the right to require the Company (or any successor thereto) to repurchase such holder’s Warrants for an amount of cash equal to the Black-Scholes value of the remaining unexercised portion of such holder’s Warrants.

The holder of a Warrant will not possess any rights as a stockholder under the Warrant until the holder exercises such Warrant.

The Warrants and the shares of common stock issuable upon exercise of the Warrants will be issued and sold without registration under the Securities Act, or state securities laws, in reliance on the exemptions provided by Section 4(a)(2) of the Securities Act and/or Regulation D promulgated thereunder and in reliance on similar exemptions under applicable state laws. Accordingly, the investors may exercise the Warrants and sell the underlying shares of common stock only pursuant to an effective registration statement under the Securities Act covering the resale of those shares, an exemption under Rule 144 under the Securities Act, or another applicable exemption under the Securities Act.

The shares of common stock issuable upon exercise of the Warrants will be, when issued in accordance with the Warrants, duly authorized, validly issued, fully paid and non-assessable. We will authorize and reserve at least that number of shares of common stock equal to the number of shares of common stock issuable upon exercise of all

outstanding Warrants.

We have agreed, on or prior to 30 business days from April 11, 2019, to file a registration statement on Form S-1, or such other form as may then be available to us, providing for the resale by the purchasers of the shares issued and issuable upon the exercise of the Warrants.

Wainwright & Co., LLC (“Wainwright”), pursuant to which Wainwright agreed to act as our exclusive placement agent in connection with this offering. The Engagement Agreement is attached as an exhibit to our Current Report on Form 8-K filed with the SEC in connection with this offering.

The placement agent is not purchasing or selling any Shares offered by this prospectus supplement, nor is it required to arrange the purchase or sale of any specific number or dollar amount of securities, but the placement agent has agreed to use its best efforts to arrange for the direct sale of all of the securities in this offering pursuant to this prospectus supplement and the accompanying prospectus. There is no requirement that any minimum number of securities or dollar amount of securities be sold in this offering and there can be no assurance that we will sell all or any of the securities being offered. Therefore, we may not sell the entire amount of securities offered pursuant to this prospectus supplement. We have agreed to indemnify the placement agent and purchasers against liabilities under the Securities Act and to contribute to payments that the placement agent may be required to make in respect of such liabilities.

We entered into a Securities Purchase Agreement, dated as of April 11, 2019 with certain institutional investors purchasing the securities being issued pursuant to this offering. The form of the Securities Purchase Agreement is attached as an exhibit to our Current Report on Form 8-K filed with the SEC in connection with this offering. The closing of this offering will take place on or about April 15, 2019, and the following will occur:

the placement agent will receive the placement agent fees and the Placement Agent Warrants in accordance with the terms of the Engagement Agreement; and

we will deliver the Shares and the Warrants.

We have also agreed to indemnify the investors against certain losses resulting from our breach of any of our representations, warranties, or covenants under agreements with the purchasers as well as under certain other

circumstances described in the Securities Purchase Agreement.

In connection with this offering, the Placement Agent may distribute this prospectus supplement and the accompanying prospectus electronically.

The placement agent may be deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act, and any fees or commissions received by it and any profit realized on the resale of securities sold by it while acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. As an underwriter, the placement agent would be required to comply with the requirements of the Securities Act and the Exchange Act, including, without limitation, Rule 415(a)(4) under the Securities Act and Rule 10b-5 and Regulation M under the Exchange Act. These rules and regulations may limit the timing of purchases and sales of shares of common stock and warrants by the placement agent. Under these rules and regulations, the placement agent: (i) may not engage in any stabilization activity in connection with our securities; and (ii) may not bid for or purchase any of our securities or attempt to induce any person to purchase any of our securities, other than as permitted under the Exchange Act, until it has completed its participation in the distribution.

Placement Agent Fees and Expenses

We have agreed to pay the placement agent upon the closing of this offering a cash fee equal to 6% of the aggregate purchase price of the Shares sold under this prospectus supplement; plus a non-accountable expense allowance of \$50,000 and \$10,000 for clearing expenses. In addition, we agreed to pay additional compensation in the form of warrants (the Placement Agent Warrants) to purchase that number of shares which equals 6% of the aggregate number of Shares sold in this offering, or 240,000 Shares. The Placement Agent Warrants issuable to the placement agent shall be on substantially the same terms and conditions as the Warrants offered to the investors, except that the Placement Agent's warrants will have a term of five years from the effective date of this offering and have an exercise price shall be \$3.125.

Table of Contents

Pursuant to FINRA Rule 5110(g), the compensation warrants and any shares issued upon exercise of the compensation warrants shall not be sold, transferred, assigned, pledged, or hypothecated, or be the subject of any hedging, short sale, derivative, put, or call transaction that would result in the effective economic disposition of the securities by any person for a period of 180 days immediately following the date of effectiveness or commencement of sales of this offering, except the transfer of any security:

by operation of law or by reason of reorganization of our company;

to any FINRA member firm participating in the offering and the officers or partners thereof, if all securities so transferred remain subject to the lock-up restriction set forth above for the remainder of the time period;

if the aggregate amount of securities of our company held by the holder of the compensation warrants or related persons do not exceed 1% of the securities being offered;

that is beneficially owned on a pro-rata basis by all equity owners of an investment fund, provided that no participating member manages or otherwise directs investments by the fund, and participating members in the aggregate do not own more than 10% of the equity in the fund; or

RISK FACTORS

An investment in our securities involves a high degree of risk. Before making any investment decision, you should carefully consider the risk factors set forth below, the information under the caption “Risk Factors” in any applicable prospectus supplement, any related free writing prospectus that we may authorize to be provided to you and the information under the caption “Risk Factors” in our annual report on Form 10-K that is incorporated by reference in this prospectus, as updated by our subsequent filings under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

These risks could materially affect our business, results of operation or financial condition and affect the value of our securities. Additional risks and uncertainties that are not yet identified may also materially harm our business, operating results and financial condition and could result in a complete loss of your investment. You could lose all or part of your investment. For more information, see “Where You Can Find More Information.”

Risks Related to Our Securities and the Offering

Future sales or other dilution of our equity could depress the market price of our common stock.

Sales of our common stock, preferred stock, warrants, rights or convertible debt securities, or any combination of the foregoing, in the public market, or the perception that such sales could occur, could negatively impact the price of our common stock. We have a number of institutional and individual shareholders that own significant blocks of our common stock. If one or more of these shareholders were to sell large portions of their holdings in a relatively short time, for liquidity or other reasons, the prevailing market price of our common stock could be negatively affected.

In addition, the issuance of additional shares of our common stock, securities convertible into or exercisable for our common stock, other equity-linked securities, including preferred stock, warrants or rights or any combination of these securities pursuant to this prospectus will dilute the ownership interest of our common shareholders and could depress the market price of our common stock and impair our ability to raise capital through the sale of additional equity securities.

We may need to seek additional capital. If this additional financing is obtained through the issuance of equity securities, debt securities convertible into equity or options, warrants or rights to acquire equity securities, our existing shareholders could experience significant dilution upon the issuance, conversion or exercise of such securities.

Our management will have broad discretion over the use of the proceeds we receive from the sale our securities pursuant to this prospectus and might not apply the proceeds in ways that increase the value of your investment.

Our management will have broad discretion to use the net proceeds from any offerings under this prospectus, and you will be relying on the judgment of our management regarding the application of these proceeds. Except as described in any prospectus supplement or in any related free writing prospectus that we may authorize to be provided to you, the net proceeds received by us from our sale of the securities described in this prospectus will be added to our general funds and will be used for general corporate purposes. Our management might not apply the net proceeds from offerings of our securities in ways that increase the value of your investment and might not be able to yield a significant return, if any, on any investment of such net proceeds. You may not have the opportunity to influence our decisions on how to use such proceeds.

Table of Contents

The ability of our board of directors to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of us or the removal of existing management. Further, our board of director may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock. Additionally, the issuance of preferred stock may have the effect of decreasing the market price of our common stock.
