- (2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months (or for such shorter) period that the registrant was required to file such reports) been filed? -

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both normatively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Registrant consummated a share exchange transaction with GAIA Holding B.V. (GAIA Holding) during the last quarter of 2002. Although the Registrant was the surviving legal entity in the share exchange, the transaction is accounted for as a reverse acquisition. Under the purchase method of accounting, GAIA Holding s historical results will be carried forward and the Registrant s operations will be included in the financial statements included in the financial statements commencing on the share exchange date. Accordingly, all of the historical 2002 results for the first three quarters of 2002 to be included in the Registrant s Form 10KSB will be those of GAIA Holding only. Results of operations for 2003 and from the date of the share exchange in the last quarter of 2002 will include the results of both companies on a consolidated basis. The Registrant anticipates a change in results of operations for the year ended December 31, 2003 from the year ended December 31, 2002 as a result of such reverse acquisition accounting.
