This information statement is being furnished to all holders of the common stock of Nexia in connection with the Proposed Action by Written Consent to authorize the board of directors to carry out an increase in the number of authorized shares of common stock to 50 billion shares and to reduce the par value of the shares of common stock to \$0.0001.

ITEM 1.

INFORMATION STATEMENT

This information statement is being furnished to all holders of the common stock of Nexia Holdings, Inc., a Nevada Company ("Nexia"), in connection with resolutions of the Board of Directors and the written consent of the holders of in excess of 50% of the voting rights of the shareholders of Nexia. The board of directors, as approved by the written consent of the holders of in excess of 50% of the voting rights of the shareholders of Nexia, provides public notice of the approval and authorization for an increase in the number of authorized shares of the common stock of Nexia to 50 billion. The Amendment to the Articles of Incorporation to increase the number of authorized shares of common stock would be filed at a future date and time to be determined by the board of directors. The reduction in the stated par value of the shares of common stock of Nexia would be to \$0.0001 through an amendment to the Articles of Incorporation of the corporation.

The Board of Directors, and persons owning a majority of the outstanding voting securities of Nexia, have unanimously adopted, ratified and approved the proposed actions by the Nexia board of directors. No other votes are required or necessary. See the caption "Vote Required for Approval" below. The increase in the authorized number of common shares and the reduction in the stated par value of the shares of common stock would become effective upon filing of an amendment to the Articles of Incorporation of Nexia with the Nevada Secretary of State's office.

The Form 10-QSB for quarterly period ended March 31, 2006 and the form 10-KSB for the year ended December 31, 2005, and any reports on Form 8-K filed by Nexia during the past year with the Securities and Exchange Commission may be viewed on the Securities and Exchange Commission's web site at www.sec.gov in the Edgar Archives. Nexia is presently current in the filing of all reports required to be filed by it. See the caption Additional Information, below.

GRANT AUTHORITY TO THE BOARD OF DIRECTORS TO AMEND THE ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF COMMON SHARES TO FIFTY BILLION.

Nexia's Articles of Incorporation, as currently in effect, authorizes Nexia to issue up to 10,000,000,000 shares of common stock, par value \$0.001 per share. The Board of Directors has proposed an increase in the number of authorized shares of the common stock of Nexia. Upon the approval by the consenting shareholders holding a majority of the outstanding voting securities and then the filing of the Amended Articles of Incorporation, Nexia will be authorized to issue 50,000,000,000 shares of common stock, the stated par value per share will be decreased to \$0.0001 and the 50,000,000 shares of preferred stock, \$0.001 par value per share will remain the same.

The Board of Directors believes that it is in Nexia's and Nexia's stockholders' best interests to increase the availability of additional authorized but unissued capital stock to provide Nexia with the flexibility to issue equity for other proper corporate purposes which may be identified in the future. Such future activities may include, without limitation, raising equity capital, adopting Employee Stock Plans or making acquisitions through the use of stock. The Board of Directors has no immediate plans, understandings, agreements or commitments to issue additional shares of stock for any purpose not previously disclosed in the company's public filings.

The Board of Directors believes that the increase in authorized capital will make a sufficient number of shares available, should Nexia decide to use its shares for one or more of such previously mentioned purposes or otherwise. Nexia reserves the right to seek a further increase in authorized shares from time to time in the future as considered appropriate by the Board of Directors.

The increased capital will provide the Board of Directors with the ability to issue additional shares of stock without further vote of the stockholders of Nexia, except as provided under Nevada corporate law or under the rules of any national securities exchange on which shares of stock of Nexia are then listed. Under Nexia's Articles, the Nexia stockholders do not have preemptive rights to subscribe to additional securities which may be issued by Nexia, which means that current stockholders do not have a prior right to purchase any new issue of capital stock of Nexia in order to maintain their proportionate ownership of Nexia's stock. In addition, if the Board of Directors elects to issue additional shares of stock, such issuance could have a dilutive effect on the earnings per share, voting power and shareholdings of current stockholders.

In addition to the corporate purposes discussed above, the authorization of additional capital, under certain circumstances, may have an anti-takeover effect, although this is not the intent of the Board of Directors. For example, it may be possible for the Board of Directors to delay or impede a takeover or transfer of control of Nexia by causing such additional authorized shares to be issued to holders who might side with the Board in opposing a takeover bid that the Board of Directors determines is not in the best interests of Nexia and our stockholders. The increased authorized capital therefore may have the effect of discouraging unsolicited takeover attempts. By potentially discouraging initiation of any such unsolicited takeover attempts, the increased capital may limit the opportunity for Nexia stockholders to dispose of their shares at the higher price generally available in takeover attempts or that may be available under a merger proposal. The increased authorized capital may have the effect of permitting Nexia's current management, including the current Board of Directors, to retain its position, and place it in a better position to resist changes that stockholders may wish to make if they are dissatisfied with the conduct of Nexia's business. However, the Board of Directors is not aware of any attempt to take control of Nexia and the Board of Directors did not propose the increase in Nexia's authorized capital with the intent that it be utilized as a type of anti-takeover device.

The relative voting and other rights of holders of the common stock will not be altered by the authorization of additional shares of common stock, nor the authorization of a class of preferred shares. Each share of common stock will continue to entitle its owner to one vote. As a result of the increased authorization, the potential number of shares of common stock outstanding will be increased.

CERTAIN FEDERAL INCOME TAX CONSIDERATIONS

The following discussion describes certain material federal income tax considerations relating to the proposed increase in authorized shares. This discussion is based upon the Internal Revenue Code, existing and proposed regulations thereunder, legislative history, judicial decisions, and current administrative rulings and practices, all as amended and in effect on the date hereof. Any of these authorities could be repealed, overruled, or modified at any time. Any such change could be retroactive and, accordingly, could cause the tax consequences to vary substantially from the consequences described herein. No ruling from the Internal Revenue Service (the "IRS") with respect to the

matters discussed herein has been requested, and there is no assurance that the IRS would agree with the conclusions set forth in this discussion.

This discussion may not address federal income tax consequences that may be relevant to particular shareholders in light of their personal circumstances or to shareholders who may be subject to special treatment under the federal income tax laws. This discussion also does not address any tax consequences under state, local or foreign laws.

SHAREHOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCE OF THE INCREASE IN AUTHORIZED SHARES AND RESTATEMENT OF PAR VALUE FOR THEM, INCLUDING THE APPLICABILITY OF ANY STATE, LOCAL OR FOREIGN TAX LAWS, CHANGES IN APPLICABLE TAX LAWS AND ANY PENDING OR PROPOSED LEGISLATION.

The increase in the number of authorized shares will not affect any existing shareholder's number of shares as they currently exist, the reduction in the stated par value of each share may result in a decrease in the valuation assigned to such shares compared to their current valuation.

QUESTIONS AND ANSWERS REGARDING THE PROPOSED INCREASE IN THE NUMBER OF AUTHORIZED COMMON SHARES AND THE CHANGE IN THE STATED PAR VALUE OF THE COMMON STOCK

Q. WHY HAS THE PROPOSAL BEEN MADE TO INCREASE THE NUMBER OF COMMON SHARES?

A. Our Board of Directors believes that the authorized shares of Common Stock remaining available for issuance is not sufficient to enable Nexia to respond to potential business opportunities and to pursue important objectives that may be anticipated. Accordingly, our Board of Directors believes that it is in our best interests to increase the number of authorized shares of Common Stock as proposed. Our Board of Directors believes that the availability of such shares will provide us with the flexibility to issue Common Stock for proper corporate purposes that may be identified by our Board of Directors from time to time, such as financing, acquisitions, compensation of employees, the establishment of strategic business relationships with other companies or the expansion of Nexia's business or product lines through the acquisition of other businesses or products. The increase in the number of authorized shares of common stock is recommended by Nexia's Board in order to provide a sufficient reserve of such shares for the future growth and needs of Nexia.

The Board of Directors also believes the availability of additional shares of Common Stock will enable Nexia to attract and retain talented employees, directors and consultants through the grant of stock options and other stock-based incentives.

Q. HAS THE BOARD OF DIRECTORS APPROVED THE PROPOSAL TO INCREASE THE NUMBER OF COMMON SHARES?

A. The three members of the Board of Directors have approved the increase in the number of common shares as in the best interest of Nexia and the best interest of the current shareholders of Nexia.

Q. WILL I RECEIVE ANY ADDITIONAL SHARES OR A DIFFERENT CLASS OF SHARES AS A RESULT OF THESE PROPOSALS?

A. As a current shareholder of Nexia your class of stock and the number of shares that you hold will not be affected or change as a result of the adoption of the proposals. For example, a current holder of 500 shares of common stock will remain a holder of 500 shares of common stock.

Q. WILL THE CHANGES TO THE ARTICLES OF INCORPORATION RESULT IN ANY TAX LIABILITY TO ME?

A. The proposed changes are intended to be tax free for federal income tax purposes.

Q. WHAT VOTE OF THE SHAREHOLDERS WILL RESULT IN THE PROPOSAL BEING PASSED?

A. To approve the proposal, the affirmative vote of a majority of the potential votes cast as stock holders is required. Consents in favor of the proposal have already been received from shareholders holding a majority of the voting securities of Nexia.

Q. WHO IS PAYING FOR THIS INFORMATION STATEMENT?

A. The Company will pay for the delivery of this information statement.

Q. WHOM SHOULD I CONTACT IF I HAVE ADDITIONAL QUESTIONS?

A: Richard Surber, President of Nexia, 59 West 100 South, Second Floor, Salt Lake City, Utah 84101 (801) 575-8073, ext. 106.

VOTE REQUIRED FOR APPROVAL

Section 78.385 of the Nevada Revised Statutes provides an outline of the scope of the amendments of the Articles of Incorporation allowed a Nevada Corporation. This includes the amendments discussed herein. The procedure and requirements to effect an amendment to the Articles of Incorporation of a Nevada corporation are set forth in Section 78.390. Section 78.390 provides that proposed amendments must first be adopted by the Board of Directors and then submitted to shareholders for their consideration and must be approved by a majority of the outstanding voting securities.

The Board of Directors of Nexia have adopted, ratified and approved the change in the authorized shares of Nexia and submit the proposed changes to the shareholders for their approval. The securities that are entitled to vote to amend Nexia's Articles of Incorporation consist of issued and outstanding shares of Nexia's \$0.001 par value common voting stock outstanding on July 27, 2006, the record date for determining shareholders who are entitled to notice of and to vote on the proposed amendment to Nexia's Certificate of Incorporation.

DISSENTER'S RIGHTS OF APPRAISAL

The Nevada Revised Statutes (the Nevada Law) do not provide for dissenter's rights in connection with the proposed restatement of the Articles of Incorporation.

Shareholders and corporations holding a controlling interest equaling more than fifty percent (50%) of the voting rights of Nexia, as of the record date, have consented to the proposed amendments to the Articles of Incorporation. The shareholders have consented to the action required to adopt the amendment of Nexia's Articles of Incorporation.
