GRUPO RADIO CENTRO REPORTS FOURTH QUARTER AND YEAR-END RESULTS FOR THE PERIOD ENDED DECEMBER 31, 2005

MEXICO CITY, Feb. 27 /PRNewswire-FirstCall/ -- Grupo Radio Centro, S.A. de C.V. (NYSE: RC) (BMV: RCENTRO-A) (the "Company"), Mexico's leading radio broadcasting company, announced today its operating results for the fourth quarter and year ended December 31, 2005. All figures were prepared in accordance with generally accepted accounting principles in Mexico and have been restated in constant pesos as of December 31, 2005.

Fourth Quarter Results

Broadcasting revenue for the fourth quarter of 2005 totaled Ps. 182,938,000, representing a decrease of 3.5% compared to the Ps. 189,511,000 reported for the same period of 2004. This decrease was mainly attributable to the sale of less airtime during the fourth quarter of 2005 compared to the same period of 2004.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for the fourth quarter of 2005 were Ps. 103,257,000, representing an increase of 11.6% compared to the Ps. 92,490,000 reported for the same period of 2004. This increase was mainly attributable to production expenses for promotional events during the fourth quarter of 2005, an increase in the allowance for doubtful accounts and an increase of a reserve to cover severance payments to the Company's terminated employees in accordance with Bulletin D-3 "Labor Obligations".

For the fourth quarter of 2005, the Company reported broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) of Ps. 79,681,000, a 17.9% decrease compared to broadcasting income of Ps. 97,021,000 achieved during the same period of 2004. This decrease was due primarily to the decrease in broadcasting revenue and the increase in broadcasting expenses described above.

Depreciation and amortization for the fourth quarter of 2005 amounted to Ps. 9,220,000, a 66.6% decrease compared to the Ps. 27,598,000 reported for the same period of 2004. This decrease was due to the fact that the Company did not amortize goodwill in the fourth quarter of 2005 compared to the same period in 2004 as a result of the implementation of a new accounting principle in Mexico (Bulletin B-7 "Business Acquisitions"). Bulletin B-7 provides that, as of January 1, 2005, the Company no longer amortizes goodwill of an acquired entity, but instead tests goodwill for impairment at least once a year.

For the fourth quarter of 2005, the Company's corporate, general and administrative expenses were Ps. 8,315,000, an increase of 20.3% compared to the Ps. 6,910,000 reported for the same period of 2004. This increase was primarily due to higher sales commissions paid during the fourth quarter of 2005.

The Company reported operating income of Ps. 62,146,000 for the fourth quarter of 2005 compared to operating income of Ps. 62,513,000 reported for the same period of 2004. This decrease was primarily due to the decrease in broadcasting revenue in the fourth quarter of 2005.

The Company's comprehensive financing cost for the fourth quarter of 2005 was Ps. 5,180,000 compared to comprehensive financing income of Ps. 90,000 reported for the same period of 2004. This unfavorable change was primarily attributable to (i) a lower gain on net monetary position (Ps. 964,000 for the fourth quarter of 2005 compared to Ps. 8,749,000 for the same period of 2004), which resulted from lower inflation and a slight decrease in net monetary liabilities during the fourth quarter of 2005 compared to the same period of 2004, and (ii) a decrease in foreign currency exchange gain, net, to Ps. 1,726,000 for the fourth quarter of 2005 from Ps. 3,052,000 for the same period

Edgar Filing: GRUPO RADIO CENTRO SA DE CV - Form 6-K

of 2004, which resulted from greater appreciation of the Peso against the U.S. Dollar in the fourth quarter of 2004 compared to the same period of 2005. These two factors were partially offset by lower interest expense reported for the fourth quarter of 2005 compared for the same period of 2004, which was due primarily to (i) the fact that the Company recorded less interest relating to a contingent liability provision in the fourth quarter of 2005 compared to the same period of 2004 and (ii) a decrease in the Company's total bank debt from the fourth quarter of 2004 to the fourth quarter of 2005.

For the fourth quarter of 2005, other expenses, net, were Ps. 13,932,000, an increase of 33.6% compared to the Ps. 10,426,000 reported for the same period of 2004. This increase was mainly attributable to the fact that the Company recognized, in the fourth quarter of 2004, income from the reappraisal of certain real estate assets of the Company.

For the fourth quarter of 2005, the Company reported income before provisions for income tax and employee profit sharing of Ps. 43,034,000 compared to income before provisions for income tax and employee profit sharing of Ps. 52,177,000 reported for the same period of 2004.

The Company recorded provisions for income tax and employee profit sharing for the fourth quarter of 2005 of Ps. 8,039,000 compared to provisions for income tax and employee profit sharing of Ps. 20,179,000 for the same period of 2004. This 60.2% decrease was primarily due to the the application of tax loss carryforwards in the fourth quarter of 2005.

As a result of the foregoing, the Company's net income for the fourth quarter of 2005 was Ps. 34,995,000, a 9.4% increase compared to net income of Ps. 31,998,000 reported for same period of 2004.

Twelve-Month Results

For the year ended December 31, 2005, broadcasting revenue was Ps. 591,124,000, a 3.7% increase compared to the Ps. 569,992,000 reported for 2004. This increase was mainly attributable to higher advertising expenditures by the Company's clients, which purchased more airtime during the year ended December 31, 2005 compared to 2004.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for the year ended December 31, 2005 were Ps. 385,120,000, a 3.6% decrease compared to the Ps. 399,410,000 reported for 2004. This reduction in broadcasting expenses was primarily attributable to (i) lower news programming production costs, which resulted from the termination of news programming produced for the Company by a third party at the end of the first quarter of 2004, and (ii) lower costs for the production of news programs produced by the Company during the year ended December 31, 2005 compared to 2004. These two factors were partially offset by an increase in the allowance for doubtful accounts and an increase in a reserve covering severance payments to the Company's terminated employees in accordance with Bulletin D-3 "Labor Obligations".

Broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) for the year ended December 31, 2005 was Ps. 206,004,000, representing an increase of 20.8% compared to the Ps. 170,582,000 reported for the same period of 2004. This increase was attributable mainly to the increase in broadcasting revenue and the decrease in broadcasting expenses described above.

For the year ended December 31, 2005, depreciation and amortization was Ps. 37,009,000, a decrease of 63.4% compared to the Ps. 101,135,000 reported for

Edgar Filing: GRUPO RADIO CENTRO SA DE CV - Form 6-K

2004. This decrease was due to the fact that the Company did not amortize goodwill in 2005 compared to 2004 as a result of the implementation of a new accounting principle in Mexico (Bulletin B-7 "Business Acquisitions"). Bulletin B-7 provides that, as of January 1, 2005, the Company no longer amortizes goodwill of an acquired entity, but instead tests goodwill for impairment at least once a year.

The Company's corporate, general and administrative expenses for the year ended December 31, 2005 totalled Ps. 20,968,000, a slight decrease compared to the Ps. 22,120,000 reported for the same period of 2004.

As a result of the foregoing, the Company reported operating income of Ps. 148,027,000 for 2005, an increase of 212.8% compared to operating income of Ps. 47,327,000 reported for 2004.

The Company's comprehensive financing cost for the year ended December 31, 2005 was Ps. 13,226,000, a decrease of 29.6% compared to a comprehensive financing cost of Ps. 18,781,000 for 2004. This favorable change is mainly attributable to a loss on foreign currency exchange, net of Ps. 2,617,000 reported for 2004 compared to a gain on foreign currency exchange, net of Ps. 10,514,000 for 2005, which resulted from the appreciation of the Peso against the U.S. Dollar in 2005. The effect of this difference was partially offset by a gain on net monetary position of Ps. 6,239,000 for the year ended December 31, 2005 compared to a gain on net monetary position of Ps. 15,992,000 for 2004, which resulted primarily from (i) a lower rate of inflation for 2005 compared to the rate of inflation for 2004 and (ii) lower net monetary liabilities in 2005 compared to net monetary liabilities in 2004.

Other expenses, net for the year ended December 31, 2005 were Ps. 48,618,000, a 1.9% increase compared to Ps. 47,721,000 reported for 2004 due primarily to higher consultant fees paid during the year ended December 31, 2005 compared to those paid during 2004.

For the year ended December 31, 2005, the Company reported income before provisions for income tax and employee profit sharing of Ps. 86,183,000 compared to a loss before provisions for income tax and employee profit sharing of Ps. 19,175,000 for 2004.

During 2005, the Company recorded provisions for income tax and employee profit sharing of Ps. 21,256,000 compared to provisions for income tax and employee profit sharing of Ps. 20,385,000 for 2004. This increase was primarily due to the increase in taxable income for the year ended December 31, 2005 compared to 2004, which offset the effect of the Company's application of tax loss carryforwards.

As a result of the foregoing, the Company reported net income of Ps. 64,927,000 for the year ended December 31, 2005 compared to a net loss of Ps. 39,560,000 for the same period of 2004.

Other Matters:

From December 31, 2004 to December 31, 2005, the Company's total bank debt decreased from Ps. 175.5 million to Ps. 113.2 million as a result of scheduled payments.
