MATERIAL FACT

GAFISA S.A. (BOVESPA: GFSA3, NYSE: GFA) ("Gafisa" or "Company"), in compliance with the provisions of paragraph 4 to article 157 of Law n. 6.404/76 and CVM Instruction n. 358/2002, hereby publicly discloses what follows:

- 1.** In addition to the Material Facts released on June 1st and June 6, 2012 regarding the Third Phase of the Investment Agreement and Other Covenants entered into on 10.02.2006 ("Investment Agreement"), which established rules and conditions for Gafisa acquiring and holding shares of the corporate capital of Alphaville Urbanismo S.A. ("AUSA"), the Company informs that, as set forth strictly in said Investment Agreement, the stock prices of R\$5.11 used to determine the number of 70,251,551 shares of Gafisa to be issued to Alphapar – Alphaville Participações S.A. was calculated based on the daily arithmetic media (trading days) of closing stock prices in R\$/shares of Gafisa in the period between the 5th and 20th business day prior to the date of receipt of the valuation that defined the final amount of the operation, which is March 23, 2012.
- 2.** The decision of the Company for this payment option was due for the reason to be economically more interesting, besides avoiding the leverage. The Third Phase shall contractually follow identical structure to the ones adopted in the previous phases, in which companies holding stakes in AUSA were incorporated by Gafisa.
- 3.** The Company also informs that received on June 7, 2012 a notice from AUSA shareholders expressing the understanding – legal and contractually mistaken, in the interpretation of Gafisa's management and its legal advisors – regarding the interpretation of

the Investment Agreement, based on which should allegedly prevail the stock price of R\$3.70, with the issuance of 97,055,876 shares, which would lead to an unjustified dilution of Gafisa's shareholders, the reason why Gafisa, through the necessary means, will insist on the correct application of the contracted criteria.

4. Notwithstanding the above mentioned, the Company keeps working on the details of the structure for the implementation of Third Phase, seeking to finalize it as soon as possible, and will keep the market informed about any new events.
