**Item 8.01 Other Events.**

Kansas City Southern's (the "Company") wholly-owned subsidiary, Kansas City Southern de México, S.A. de C.V. ("KCSM") and Ferrocarril Mexicano, S.A. de C.V. ("Ferromex") are parties to various civil cases in Mexico involving disputes over the application and proper interpretation of mandatory trackage rights, as previously disclosed in the Company's quarterly report on Form 10-Q filed on July 31, 2008.

On September 16, 2008, the Mexico Administrative Federal Court announced a decision, which if upheld would permit Ferromex to serve customers on KCSM's rail lines in Monterey, Nuevo León, by exercising trackage rights over lines of KCSM not mentioned in the description of mandatory trackage rights in KCSM's concession title. Both the Company and KCSM believe this decision conflicts with current applicable law, with judicial precedents regarding the strict interpretation of trackage rights and with a resolution by the Mexico Fifth Collegiate Court of the First Circuit issued on April 30, 2008, instructing the Federal Administrative Law Court to issue a decision on the inclusion or exclusion of such additional lines based on the interpretation of KCSM's concession title.

KCSM intends to contest this decision by seeking review and pursuing all other remedies available to it.
