Item 8.01 Other Events.

On September 30, 2008, Seven States Power Corporation (“SSPC”) exercised an option to buy a portion of TVA’s Southaven Power Plant, a combined-cycle electric generating facility (the “facility”) located in Southaven, Mississippi. SSPC bought this portion through its wholly-owned subsidiary, Seven States Southaven LLC (“SSSL”). SSSL paid TVA approximately \$325 million and purchased an undivided 69.69 percent interest in the facility. Funding for the purchase was provided through loans obtained by SSSL. The loans were provided by JPMorgan Chase Bank, N.A., CoBank, ACB, and Branch Banking and Trust Company.

SSPC has the ability to acquire up to a 90 percent undivided interest in the facility and may increase its ownership in the facility up to this amount on or prior to May 9, 2009. SSSL and TVA have entered into a lease under which TVA leases SSSL’s undivided interest in the facility and operates the entire facility through April 30, 2010.

As part of the transaction with SSSL, SSSL has the right at any time and for any reason to require TVA to buy back SSSL’s interest in the facility at SSSL’s original purchase price (plus SSSL’s share of any capital improvements) minus amortization costs that TVA pays under the lease. As part of any such buy back, TVA would pay off the remaining balance on SSSL’s loan, with that amount being credited against the buy-back price that TVA would pay to SSSL. A buy back may also be triggered under certain circumstances including, among other things, a default by SSSL. Finally, TVA will buy back SSSL’s interest in the facility if long-term operational and power sales arrangements for the facility among TVA, SSSL, and SSPC are not in place by April 30, 2010. TVA’s buy-back obligation will terminate if such long-term arrangements are in place by that date. TVA will recognize the buy-back obligation on its balance sheet as a long-term liability.
