LETTER TO SHAREHOLDERS

June 2007

Dennis H. Ferro

President and Chief Executive Officer

Dear Shareholder,

We are pleased to provide the annual report for Evergreen Income Advantage Fund covering the twelvemonth period ended April 30, 2007.

The domestic fixed-income markets generated healthy results during the twelve-month period in an environment supported by persistent growth and the prospect of stable interest rates. While the economic expansion decelerated as the period progressed, continued gains in business profits helped support the performance of corporate debt securities, including lower-quality, higher-yielding bonds, which generally outperformed high-grade and investment-grade debt. The fiscal year began on a harsh note in the spring of 2006 amid rising inflationary concerns, accompanied by anxieties about the potential economic impacts of repeated interest rate hikes by the Federal Reserve Board (the "Fed"). However, the markets were calmed in both the summer and autumn by the combination of receding commodity prices and the Fed's policy to leave short-term interest rates unchanged.

Over the full twelve-month period, the yield curve flattened — the difference between short-term yields and long-term yields narrowed. In this environment, longer-maturity bonds, especially those with maturities of 20 to 30 years, tended to outperform the overall bond market.

Solid returns in both the nation's equity and fixed-income markets came against a backdrop of persistent economic growth during most of the period. Gross Domestic Product grew by a rate of 3.3% over 2006 then decelerated to an annualized rate of 1.3% in the first quarter of 2007. The slump in the housing industry was a major factor that contributed to the slowdown, which came in the face of strong

1

LETTER TO SHAREHOLDERS continued

employment, rising wages and gains in both personal consumption and business investment.

In this environment, the managers of Evergreen Income Advantage Fund continued to emphasize investments in higher-yielding corporate bonds, while maintaining a relatively conservative portfolio positioning. In their security selection decisions, they paid careful attention to bond valuations while analyzing factors such as cash flow, balance sheet debt, covenants that affected bondholder rights, and industry trends. To further attempt to capture the superior income advantages in the corporate sector, they also made selective use of the fund's ability to borrow funds at short-term rates to invest in higher-yielding corporate securities as a strategy to enhance the fund's income.

As always, we encourage investors to maintain diversified investment portfolios in pursuit of their long-term investment goals.

Please visit us at **EvergreenInvestments.com** for more information about our funds and other investment products available to you. From the Web site, you may also access details about daily fund prices, yields, dividend rates and fund facts about Evergreen closed-end funds. Thank you for your continued support of Evergreen Investments.

Sincerely,

Dennis H. Ferro

President and Chief Executive Officer
Evergreen Investment Company, Inc.

Special Notice to Shareholders:

Please visit our Web site at **EvergreenInvestments.com** for statements from President and Chief Executive Officer, Dennis Ferro, addressing NASD actions involving Evergreen Investment Services, Inc. (EIS), Evergreen's mutual fund broker-dealer or statements from Dennis Ferro and Chairman of the Board of the Evergreen funds,

Michael S. Scofield, addressing SEC actions involving the Evergreen funds.

2

LETTER TO SHAREHOLDERS continued

Notification of Investment Strategy Change:

Effective August 1, 2007, the Fund may, but will not necessarily, use a variety of derivative instruments, such as futures contracts, options, and swaps, including, for example, index futures, Treasury futures, Eurodollar futures, interest rate swap agreements, credit default swaps, and total return swaps. The Fund may use derivatives both for hedging and non-hedging purposes, including for purposes of enhancing returns. The Fund's use of derivative instruments involves risks different from, or possibly greater than, the risks associated with other types of investments. For example, the use of derivatives involves the risk of loss due to the failure of another party to the contract (typically referred to as a "counterparty") to make required payments or otherwise to comply with the contract's terms. Derivative transactions can create investment leverage and may be highly volatile and may be illiquid or difficult to price. Derivatives are highly specialized instruments, and involve the risk that an investment advisor may not accurately predict the performance of a derivative under all market conditions. When the Fund uses a derivative instrument, it could lose more than the principal amount invested. The various derivative instruments that the Fund may use may change from time to time as new derivative products become available to the Fund.

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION

Evergreen Income Advantage Fund (the "Fund") was organized as a statutory trust under the laws of the state of Delaware on December 3, 2002 and is registered as a diversified closed-end management investment company under the Investment Company Act of 1940, as amended. The primary investment objective of the Fund is to seek a high level of current income. The Fund may, as a secondary objective, also seek capital appreciation to the extent consistent with its investment objective.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with generally accepted accounting principles in the United States of America, which require management to make estimates and assumptions that affect amounts reported herein. Actual results could differ from these estimates.

a. Valuation of investments

Portfolio debt securities acquired with more than 60 days to maturity are fair valued using matrix pricing methods determined by an independent pricing service which takes into consideration such factors as similar security prices, yields, maturities, liquidity and ratings. Securities for which valuations are not readily available from an independent pricing service may be valued by brokers which use prices provided by market makers or estimates of market value obtained from yield data relating to investments or securities with similar characteristics.

Listed equity securities are usually valued at the last sales price or official closing price on the national securities exchange where the securities are principally traded.

Investments of cash collateral in short-term securities are valued at amortized cost, which approximates market value.

Investments in other mutual funds are valued at net asset value. Securities for which market quotations are not readily available or not reflective of current market value are valued at fair value as determined by the investment advisor in good faith, according to procedures approved by the Board of Trustees.

b. Repurchase agreements

Securities pledged as collateral for repurchase agreements are held by the custodian bank or in a segregated account in the Fund's name until the agreements mature. Collateral for certain tri-party repurchase agreements is held at the counterparty's custodian in a segregated account for the benefit of the Fund and the counterparty. Each agreement requires that the market value of the collateral be sufficient to cover payments of interest and principal. However, in the event of default or bankruptcy by the other party to the agreement, retention of the collateral may be subject to legal proceedings. The Fund will enter into repurchase agreements with banks and

other financial institutions, which are deemed by the investment advisor to be creditworthy pursuant to guidelines established by the Board of Trustees. In certain instances, the Fund's securities lending agent may provide collateral in the form of repurchase agreements.

18

NOTES TO FINANCIAL STATEMENTS continued

c. When-issued and delayed delivery transactions

The Fund records when-issued or delayed delivery securities as of trade date and maintains security positions such that sufficient liquid assets will be available to make payment for the securities purchased. Securities purchased on a when-issued or delayed delivery basis are marked-to-market daily and begin earning interest on the settlement date. Losses may occur on these transactions due to changes in market conditions or the failure of counterparties to perform under the contract.

d. Securities lending

The Fund may lend its securities to certain qualified brokers in order to earn additional income. The Fund receives compensation in the form of fees or interest earned on the investment of any cash collateral received. The Fund also continues to receive interest and dividends on the securities loaned. The Fund receives collateral in the form of cash or securities with a market value at least equal to the market value of the securities on loan, including accrued interest. In the event of default or bankruptcy by the borrower, the Fund could experience delays and costs in recovering the loaned securities or in gaining access to the collateral. The Fund has the right under the lending agreement to recover the securities from the borrower on demand.

e. Interest rate swaps

The Fund may enter into interest rate swap agreements to manage the Fund's exposure to interest rates. A swap agreement is an exchange of cash payments between the Fund and another party based on a notional principal amount. Cash payments or receipts are recorded as realized gains or losses. The value of the swap agreements is marked-to-market daily based upon quotations from market makers and any change in value is recorded as an unrealized gain or loss. The Fund could be exposed to risks if the counterparty defaults on its obligation to perform or if there are unfavorable changes in the fluctuation of interest rates.

f. Security transactions and investment income

Security transactions are recorded on trade date. Realized gains and losses are computed using the specific cost of the security sold. Interest income is recorded on the accrual basis and includes accretion of discounts and amortization of premiums.

g. Federal taxes

The Fund intends to continue to qualify as a regulated investment company and distribute all of its taxable income, including any net capital gains (which have already been offset by available capital loss carryovers). Accordingly, no provision for federal taxes is required.

h. Distributions

Distributions to shareholders from net investment income and net realized gains, if any, are recorded on the ex-dividend date. Such distributions are determined in conformity with income tax regulations, which may differ from generally accepted accounting principles.

Reclassifications have been made to the Fund's components of net assets to reflect income and gains available for distribution (or available capital loss carryovers, as applicable) under income

19

NOTES TO FINANCIAL STATEMENTS continued

tax regulations. The primary permanent differences causing such reclassifications are due to consent fees on tendered bonds, premium amortization and interest rate swap transactions. During the year ended April 30, 2007, the following amounts were reclassified:

Overdistributed net investment income	\$ 11,889,132
Accumulated net realized losses on investments	(11,889,132)

3. ADVISORY FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Evergreen Investment Management Company, LLC (EIMC), an indirect, wholly-owned subsidiary of Wachovia Corporation (Wachovia), is the investment advisor to the Fund and is paid an annual fee of 0.60% of the Fund's average daily total assets. Total assets consist of the net assets of the Fund plus borrowings or other leverage for investment purposes to the extent excluded in calculating net assets. For the year ended April 30, 2007, the advisory fee was equivalent to 0.91% of the Fund's average daily net assets applicable to common shareholders.

Effective October 1, 2006, Tattersall Advisory Group, Inc., an indirect, wholly-owned subsidiary of Wachovia, became an investment sub-advisor to the Fund and is paid by EIMC for its services to the Fund.

The Fund may invest in Evergreen-managed money market funds which are also advised by EIMC. Income earned on these investments is included in income from affiliate on the Statement of Operations.

Evergreen Investment Services, Inc. (EIS), an indirect, wholly-owned subsidiary of Wachovia, is the administrator to the Fund. As administrator, EIS provides the Fund with facilities, equipment and personnel and is paid an annual administrative fee of 0.05% of the Fund's average daily total assets. For the year ended April 30, 2007, the administrative fee was equivalent to 0.08% of the Fund's average daily net assets applicable to common shareholders.

4. CAPITAL SHARE TRANSACTIONS

The Fund has authorized capital of 100,000,000 common shares with no par value. For the year ended April 30, 2007 and the year ended April 30, 2006, the Fund issued 964,657 and 687,163 common shares, respectively.

The Fund has issued 19,600 shares of Auction Market Preferred Shares (Preferred Shares) consisting of six series, each with a liquidation value of \$25,000 plus accumulated but unpaid dividends (whether or not earned or declared). Dividends on each series of Preferred Shares are cumulative at a rate, which is reset based on the result of an auction. The annualized dividend rate was 5.15% during the year ended April 30, 2007. The Fund will not declare, pay or set apart for payment any dividend to its common shareholders unless the Fund has declared and paid or contemporaneously declares and pays full cumulative dividends on each series of Preferred Shares through its most recent dividend payment date.

20

NOTES TO FINANCIAL STATEMENTS continued

Each series of Preferred Shares is redeemable, in whole or in part, at the option of the Fund on any dividend payment date at \$25,000 per share plus any accumulated or unpaid dividends (whether or not earned or declared). Each series of Preferred Shares is also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends (whether or not earned or declared) if the asset coverage with respect to the outstanding Preferred Shares fell below 200%.

Edgar Filing: EVERGREEN INCOME ADVANTAGE FUND - Form N-CSR

The holders of preferred shares have voting rights equal to the holders of the Fund's common shares and will vote together with holders of common shares as a single class. Holders of preferred shares, voting separately as a single class, have the right to elect at least two Trustees at all times. The remaining Trustees will be elected by holders of common shares and preferred shares, voting together as a single class.

5. INVESTMENT TRANSACTIONS

Cost of purchases and proceeds from sales of investment securities (excluding short-term securities) were \$800,163,980 and \$632,956,723, respectively, for the year ended April 30, 2007.

During the year ended April 30, 2007, the Fund loaned securities to certain brokers. At April 30, 2007, the value of securities on loan and the total value of collateral received for securities loaned amounted to \$168,707,480 and \$173,531,915, respectively.

At April 30, 2007, the Fund had the following open interest rate swap agreements:

Expiration	Notional Amount	Counterparty	Cash Flows Paid by the Fund	Cash Flows Received by the Fund	Unrealized Gain
07/02/2008	\$100,000,000	JPMorgan Chase & Co.	Fixed-2.737%	Floating-5.32%	\$2,362,544
11/26/2008	65,000,000	Merrill Lynch & Co., Inc.	Fixed-3.585%	Floating-5.32%	1,436,386

On April 30, 2007 the aggregate cost of securities for federal income tax purposes was \$1,612,663,492. The gross unrealized appreciation and depreciation on securities based on tax cost was \$189,670,341 and \$165,437,298, respectively, with a net unrealized appreciation of \$24,233,043.

As of April 30, 2007, the Fund had \$19,526,635 in capital loss carryovers for federal income tax purposes with \$7,717,772 expiring in 2014 and \$11,808,863 expiring in 2015.

For income tax purposes, capital losses incurred after October 31 within the Fund's fiscal year are deemed to arise on the first business day of the following fiscal year. As of April 30, 2007, the Fund incurred and will elect to defer post-October losses of \$4,069,656.

21

NOTES TO FINANCIAL STATEMENTS continued

6. DISTRIBUTIONS TO SHAREHOLDERS

As of April 30, 2007, the components of distributable earnings on a tax basis were as follows:

Overdistributed Ordinary Income	Unrealized Appreciation	Capital Loss Carryovers and Post-October Losses
\$ 3,118,859	\$ 28,031,973	\$ 23,596,291

The differences between the components of distributable earnings on a tax basis and the amounts reflected in the Statement of Assets and Liabilities are primarily due to premium amortization.

The tax character of distributions paid was as follows:

	Year Ended April 30,	
	2007	2006
Ordinary Income	\$ 121,278,647	\$ 121,071,927
Long-term Capital Gain	0	11,537,011

7. EXPENSE REDUCTIONS

Through expense offset arrangements with the Fund's custodian, a portion of fund expenses has been reduced.

8. DEFERRED TRUSTEES' FEES

Each Trustee of the Fund may defer any or all compensation related to performance of their duties as Trustees. The Trustees' deferred balances are allocated to deferral accounts, which are included in the accrued expenses for the Fund. The investment performance of the deferral accounts is based on the investment performance of certain Evergreen funds. Any gains earned or losses incurred in the deferral accounts are reported in the Fund's Trustees' fees and expenses. At the election of the Trustees, the deferral account will be paid either in one lump sum or in quarterly installments for up to ten years.

9. REGULATORY MATTERS AND LEGAL PROCEEDINGS

Since September 2003, governmental and self-regulatory authorities have instituted numerous ongoing investigations of various practices in the mutual fund industry, including investigations relating to revenue sharing, market-timing, late trading and record retention, among other things. The investigations cover investment advisors, distributors and transfer agents to mutual funds, as well as other firms. EIMC, EIS and Evergreen Service Company, LLC (collectively, "Evergreen") have received subpoenas and other requests for documents and testimony relating to these investigations, are endeavoring to comply with those requests, and are cooperating with the investigations. Evergreen is continuing its own internal review of policies, practices, procedures and personnel, and is taking remedial action where appropriate.

22

NOTES TO FINANCIAL STATEMENTS continued

In connection with one of these investigations, on July 28, 2004, the staff of the Securities and Exchange Commission ("SEC") informed Evergreen that the staff intends to recommend to the SEC that it institute an enforcement action against Evergreen. The SEC staff's proposed allegations relate to (i) an arrangement pursuant to which a broker at one of EIMC's affiliated broker-dealers had been authorized, apparently by an EIMC officer (who is no longer with EIMC), to engage in short-term trading, on behalf of a client, in Evergreen Mid Cap Growth Fund (formerly Evergreen Emerging Growth Fund and prior to that, known as Evergreen Small Company Growth Fund) during the period from December 2000 through April 2003, in excess of the limitations set forth in the fund's prospectus, (ii) short-term trading from September 2001 through January 2003, by a former Evergreen portfolio manager of Evergreen Precious Metals Fund, a fund he managed at the time, (iii) the sufficiency of systems for monitoring exchanges and enforcing exchange limitations as stated in the funds' prospectuses, and (iv) the adequacy of e-mail retention practices. In connection with the activity in Evergreen Mid Cap Growth Fund, EIMC reimbursed the fund \$378,905, plus an additional \$25,242, representing what EIMC calculated at

that time to be the client's net gain and the fees earned by EIMC and the expenses incurred by this fund on the client's account. In connection with the activity in Evergreen Precious Metals Fund, EIMC reimbursed the fund \$70,878, plus an additional \$3,075, representing what EIMC calculated at that time to be the portfolio manager's net gain and the fees earned by EIMC and expenses incurred by the fund on the portfolio manager's account. Evergreen is currently engaged in discussions with the staff of the SEC concerning its recommendation.

Any resolution of these matters with regulatory authorities may include, but not be limited to, sanctions, penalties or injunctions regarding Evergreen, restitution to mutual fund shareholders and/or other financial penalties and structural changes in the governance or management of Evergreen's mutual fund business. Any penalties or restitution will be paid by Evergreen and not by the Evergreen funds.

EIS has entered into an agreement with the NASD settling allegations that EIS (i) arranged for Evergreen fund portfolio trades to be directed to Wachovia Securities, LLC, an affiliate of EIS that sold Evergreen fund shares, during the period of January 2001 to December 2003 and (ii) provided non-cash compensation by sponsoring offsite meetings attended by Wachovia Securities, LLC brokers during that period, where the eligibility of a broker to attend the meetings depended upon the broker meeting certain sales targets of Evergreen fund shares. Pursuant to the settlement agreement, EIS has agreed to a censure and a fine of \$4,200,000. EIS neither admitted nor denied the allegations and findings set forth in its agreement with the NASD.

In addition, the Evergreen funds and EIMC and certain of its affiliates are involved in various legal actions, including private litigation and class action lawsuits. EIMC does not expect that any of such legal actions currently pending or threatened will have a material adverse impact on the financial position or operations of any of the Evergreen funds or on EIMC's ability to provide services to the Evergreen funds.

23

NOTES TO FINANCIAL STATEMENTS continued

Although Evergreen believes that neither the foregoing investigations described above nor any pending or threatened legal actions will have a material adverse impact on the Evergreen funds, there can be no assurance that these matters and any publicity surrounding or resulting from them will not result in reduced sales or increased redemptions of Evergreen fund shares, which could increase Evergreen fund transaction costs or operating expenses, or that they will not have other adverse consequences on the Evergreen funds.

10. NEW ACCOUNTING PRONOUNCEMENTS

In June 2006, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* [an interpretation of FASB statement 109 ("FIN 48")]. FIN 48 supplements FASB 109 by prescribing a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The adoption of FIN 48 will require financial statements to be adjusted to reflect only those tax positions that are more likely than not to be sustained as of the adoption date. Management of the Fund is currently evaluating the impact that the adoption of FIN 48 will have on the financial statements. FIN 48 will become effective for fiscal years beginning after December 15, 2006.

In September 2006, FASB issued Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* ("FAS 157"). FAS 157 establishes a single authoritative definition of fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. FAS 157 applies to fair value measurements already required or permitted by existing standards. The change to current generally accepted accounting principles from the application of FAS 157 relates to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. Management of the Fund does not believe the adoption of FAS 157 will materially impact the financial statement amounts, however, additional disclosures may be required about the inputs used to develop the measurements and the effect of certain of the measurements on changes in net assets for the period. FAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years.

11. SUBSEQUENT DISTRIBUTIONS

The Fund declared the following distributions to common shareholders:

Declaration Date	Record Date	Payable Date	Net Investment Income
April 20, 2007	May 15, 2007	June 1, 2007	\$ 0.1156
May 18, 2007	June 13, 2007	July 2, 2007	\$ 0.1156
June 14, 2007	July 16, 2007	August 1, 2007	\$ 0.1156

These distributions are not reflected in the accompanying financial statements.

24

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Trustees and Shareholders
Evergreen Income Advantage Fund

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Evergreen Income Advantage Fund as of April 30, 2007 and the related statement of operations for the year then ended, statements of changes in net assets for each of the years in the two-year period then ended and the financial highlights for each of the years or periods in the five-year period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of April 30, 2007 by correspondence with the custodian and brokers, or by other appropriate auditing procedures where replies from brokers were not received. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Evergreen Income Advantage Fund as of April 30, 2007, the results of its operations, changes in its net assets and financial highlights for each of the years or periods described above, in conformity with U.S. generally accepted accounting principles.

Boston, Massachusetts
June 28, 2007

25

AUTOMATIC DIVIDEND REINVESTMENT PLAN

All common shareholders are eligible to participate in the Automatic Dividend Reinvestment Plan ("the Plan"). Pursuant to the Plan, unless a common shareholder is ineligible or elects otherwise, all cash dividends and capital gains distributions are automatically reinvested by Computershare Trust Company, N.A., as agent for

shareholders in administering the Plan (the Plan Agent), in additional common shares of the Fund. Whenever the Fund declares an ordinary income dividend or a capital gain dividend (collectively referred to as dividends) payable either in shares or in cash, nonparticipants in the Plan will receive cash, and participants in the Plan will receive the equivalent in shares of common shares. The shares are acquired by the Plan Agent for the participant's account, depending upon the circumstances described below, either (i) through receipt of additional unissued but authorized common shares from the Fund (newly issued common shares) or (ii) by purchase of outstanding common shares on the open market (open-market purchases) on the American Stock Exchange or elsewhere. If, on the payment date for any dividend or distribution, the net asset value per share of the common shares is equal to or less than the market price per common share plus estimated brokerage commissions (market premium), the Plan Agent will invest the amount of such dividend or distribution in newly issued shares on behalf of the participant. The number of newly issued common shares to be credited to the participant's account will be determined by dividing the dollar amount of the dividend by the net asset value per share on the date the shares are issued, provided that the maximum discount from the then current market price per share on the date of issuance may not exceed 5%. If on the dividend payment date the net asset value per share is greater than the market value or market premium (market discount), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participant in open-market purchases. There will be no brokerage charges with respect to shares issued directly by the Fund as a result of dividends or capital gains distributions payable either in shares or in cash. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open-market purchases in connection with the reinvestment of dividends. The automatic reinvestment of dividends and distributions will not relieve participants of any federal, state or local income tax that may be payable (or required to be withheld) on such dividends. All correspondence concerning the Plan should be directed to the Plan Agent at P.O. Box 43010, Providence, Rhode Island 02940-3010 or by calling 1-800-730-6001.

 DOB: 4/20/1960
 Term of office since: 2000

Robert Guerin^{4, 5} Principal occupations: Chief Compliance Officer, Evergreen Funds and Senior Vice President of Chief Compliance Officer Evergreen Investments Co, Inc; Former Managing Director and Senior Compliance Officer, Babson Capital Management LLC; Former Principal and Director, Compliance and Risk Management, State Street Global Advisors; Former Vice President and Manager, Sales Practice Compliance, Deutsche Asset Management.

1 The Board of Trustees is classified into three classes of which one class is elected annually. Each Trustee serves a three-year term concurrent with the class from which the Trustee is elected. Each Trustee oversees 94 Evergreen funds. Correspondence for each Trustee may be sent to Evergreen Board of Trustees, P.O. Box 20083, Charlotte, NC 28202.

2 Mr. Wagoner is an "interested person" of the Fund because of his ownership of shares in Wachovia Corporation, the parent to the Fund's investment advisor.

3 The address of the Officer is 401 S. Tryon Street, 20th Floor, Charlotte, NC 28288.

4 The address of the Officer is 200 Berkeley Street, Boston, MA 02116.

Edgar Filing: EVERGREEN INCOME ADVANTAGE FUND - Form N-CSR

5 Mr. Guerin's information is as of June 14, 2007, the effective date of his approval by the Board of Trustees as Chief Compliance Officer of the Evergreen funds.

Additional information about the Fund's Board of Trustees and Officers can be found in the Statement of Additional Information (SAI) and is available upon request without charge by calling 800.343.2898.

29

568264 rv1 06/2007

Item 2 - Code of Ethics

(a) The Registrant has adopted a code of ethics that applies to the Registrant's principal executive officer and principal financial officer.

(b) During the period covered by this report, there were no amendments to the provisions of the code of ethics adopted in 2.(a) above.

(c) During the period covered by this report, there were no implicit or explicit waivers to the provisions of the code of ethics adopted in 2.(a) above.

Item 3 - Audit Committee Financial Expert

Charles A. Austin III and Patricia B. Norris have been determined by the Registrant's Board of Trustees to be audit committee financial experts within the meaning of Section 407 of the Sarbanes-Oxley Act. These financial experts are independent of management.

Items 4 - Principal Accountant Fees and Services

The following table represents fees for professional audit services rendered by KPMG LLP, for the audits the Registrant's annual financial statements for the fiscal years ended April 30, 2007 and April 30, 2006, and fees billed for other services rendered by KPMG LLP.

	<u>2007</u>	<u>2006</u>
Audit fees	\$62,725	\$69,575
Audit-related fees	<u>\$ 0</u>	<u>\$ 0</u>
Audit and audit-related fees	\$62,725	\$69,575
Tax fees (1)	\$ 0	\$ 1,000
Non-audit fees (2)	<u>\$ 808,367</u>	<u>\$ 950,575</u>
Total fees	<u>\$871,092</u>	<u>\$1,021,150</u>

(1) Tax fees consists of fees for tax consultation, tax compliance and tax review for fund mergers.

(2) Non-audit fees consists of the aggregate fees for non-audit services rendered to the Fund, EIMC (not including any sub-advisor whose role is primarily portfolio management and is subcontracted with or overseen by another investment advisor) and EIS.

Audit and Non-Audit Services Pre-Approval Policy

I. Statement of Principles

Under the Sarbanes-Oxley Act of 2002 (the "Act"), the Audit Committee of the Board of Trustees/Directors is responsible for the appointment, compensation and oversight of the work of the independent auditor. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditor in order to assure that they do not impair the auditor's independence from the Funds. To implement these provisions of the Act, the Securities and Exchange Commission (the "SEC") has issued rules specifying the types of services that an independent auditor may not provide to its audit client, as well as the audit committee's administration of the engagement of the independent auditor. Accordingly, the Audit Committee has adopted, and the Board of Trustees/Directors has ratified, the Audit and Non-Audit Services Pre-Approval Policy (the "Policy") which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent auditor may be pre-approved.

The SEC's rules establish two different approaches to pre-approving services, which the SEC considers to be equally valid. Proposed services either: may be pre-approved without consideration of specific case-by-case services by the Audit Committee ("general pre-approval"); or require the specific pre-approval of the Audit Committee ("specified pre-approval"). The Audit Committee believes that the combination of these two approaches in this Policy will result in an effective and efficient procedure to pre-approve services performed by the independent auditor. As set forth in this Policy, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit Committee if it is to be provided by the independent auditor. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the Audit Committee.

For both types of pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee will also consider whether the independent auditor is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Funds' business people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Funds' ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor should necessarily be determinative.

The Audit Committee is also mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may determine, for each fiscal year, the ratio between the total amount of fees for Audit, Audit-related and Tax services and the total amount of fees for certain permissible non-audit services classified as All Other services.

The term of any general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee considers a different period and states otherwise. The Audit Committee will annually review and pre-approve the services that may be provided by the independent auditor without obtaining specific pre-approval from the Audit Committee. The Audit Committee will add or subtract to the list of general pre-approved services from time to time, based on subsequent determinations.

The purpose of this Policy is to set forth the procedures by which the Audit Committee intends to fulfill its responsibilities. It does not delegate the Audit Committee's responsibilities to pre-approve services performed by the independent auditor to management.

The independent auditor has reviewed this Policy and believes that implementation of the policy will not adversely affect the auditor's independence.

II. Delegation

As provided in the Act and the SEC's rules, the Audit Committee may delegate either type of pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions of the Audit Committee at its next scheduled meeting.

III. Audit Services

The annual Audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. Audit services include the annual financial statement audit and other procedures required to be performed by the independent auditor to be able to form an opinion on the Funds' financial statements. These other procedures include information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control, and consultations relating to the audit. Audit services also include the attestation engagement for the independent auditor's report on management's report on internal controls for financial reporting. The Audit Committee will monitor the Audit services engagement as necessary, but no less than on a quarterly basis, and will also approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Fund service providers or other items.

In addition to the annual Audit services engagement approved by the Audit Committee, the Audit Committee may grant general pre-approval to other Audit services, which are those services that only the independent auditor reasonably can provide. Other Audit services may include services associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with mergers or acquisitions.

IV. Audit-related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Funds' financial statements or that are traditionally performed by the independent auditor. Because the Audit Committee believes that the provision of Audit-related services does not impair the independence of the auditor and is consistent with SEC's rules on auditor independence, the Audit Committee may grant general pre-approval to Audit-related services. Audit-related services include, among others, due diligence services pertaining to potential business acquisitions/dispositions; accounting consultations related to accounting, financial reporting or disclosure matters not classified as "Audit services"; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; agreed-upon or expanded audit procedures related to accounting records required to respond to or comply with financial, accounting or regulatory reporting matters; and assistance with internal control reporting requirements.

V. Tax Services

The Audit Committee believes that the independent auditor can provide Tax services to the Funds such as tax compliance, tax planning and tax advice without impairing the auditor's independence, and the SEC has stated that the independent auditor may provide such services. Hence, the Audit Committee believes it may grant general pre-approval to those Tax services that have historically been provided by the auditor, that the Audit Committee has reviewed and believes would not impair the independence of the auditor, and that are consistent with the SEC's rules on auditor independence. The Audit Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the sole business purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Audit Committee will consult with the Director of Fund Administration, the Vice President of Tax Services or outside counsel to determine that the tax planning and reporting positions are consistent with this policy.

All Tax services involving large and complex transactions must be specifically pre-approved by the Audit Committee, including: tax services proposed to be provide by the independent auditor to any executive officer or director of the Funds, in his or her individual capacity, where such services are paid for by the Funds or the investment advisor.

VI. All Other Services

The Audit Committee believes, based on the SEC's rules prohibiting the independent auditor from providing specific non-audit services, that other types of non-audit services are permitted. Accordingly, the Audit

Committee believes it may grant general pre-approval to those permissible non-audit services classified as All Other services that it believes are routine and recurring services, would not impair the independence of the auditor and are consistent with the SEC's rules on auditor independence.

The SEC's rules and relevant guidance should be consulted to determine the precise definitions of the SEC's prohibited non-audit services and the applicability of exceptions to certain of the prohibitions.

VII. Pre-Approval Fee Levels or Budgeted Amounts

Pre-approval fee levels or budgeted amounts for all services to be provided by the independent auditor will be established annually by the Audit Committee. Any proposed services exceeding these levels or amounts will require specific pre-approval by the Audit Committee. The Audit Committee is mindful of the overall relationship of fees for audit and non-audit services in determining whether to pre-approve any such services. For each fiscal year, the Audit Committee may determine to ratio between the total amount of fees for Audit, Audit-related and Tax services, and the total amount of fees for services classified as All Other services.

VIII. Procedures

All requests or applications for services to be provided by the independent auditor that do not require specific approval by the Audit Committee will be submitted to the Director of Fund Administration or Assistant Director of Fund Administration and must include a detailed description of the services to be rendered. The Director/Assistant Director of Fund Administration will determine whether such services are included within the list of services that have received the general pre-approval of the Audit Committee. The Audit Committee will be informed on a quarterly basis (or more frequent if requested by the audit committee) of any such services rendered by the independent auditor.

Request or applications to provide services that require specific approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditor and the Director/Assistant Director of Fund Administration, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee has designated the Chief Compliance Officer to monitor the performance of all services provided by the independent auditor and to determine whether such services are in compliance with this policy. The Chief Compliance Officer will report to the Audit Committee on a periodic basis on the results of its monitoring. Both the Chief Compliance Officer and management will immediately report to the chairman of the Audit Committee any breach of this policy that comes to the attention of the Chief Compliance Officer or any member of management.

The Audit Committee will also review the internal auditor's annual internal audit plan to determine that the plan provides for the monitoring of the independent auditor's services.

IX. Additional Requirements

The Audit Committee has determined to take additional measures on an annual basis to meet its responsibility to oversee the work of the independent auditor and to assure the auditor's independence from the Funds, such as reviewing a formal written statement from the independent auditor delineating all relationships between the independent auditor and the Funds, the Funds' investment advisor and related parties of the investment advisor, consistent with Independence Standards Board Standard No. 1, and discussing with the independent auditor its methods and procedures for ensuring independence.

Items 5 - Audit Committee of Listed Registrants

The Fund has a separately designated standing audit committee established in accordance with

Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The audit committee of the Fund is comprised of Shirley L. Fulton, K. Dun Gifford, Gerald M. McDonnell, William W. Pettit and the Chairman of the Committee, Charles A. Austin III, each of whom is an Independent Trustee.

Item 6 ☐ Schedule of Investments

Please see schedule of investments contained in the Report to Stockholders included under Item 1 of this Form N-CSR.

Item 7 ☐ Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

The Registrant has delegated the voting of proxies relating to its voting securities to its investment advisor, Evergreen Investment Management Company, LLC (the "Advisor"). The proxy voting policies and procedures of the Advisor are included as an appendix at the end of the filing

Item 8 ☐ Portfolio Managers of Closed-End Management Investment Companies.Portfolio Managers

As of April 30, 2007, the Fund is managed by Andrew Cestone and Gary Pzegeo.

Andrew Cestone is the Director of High Yield and Senior Portfolio Manager for Tattersall Advisory Group's High Yield Team. He has been with Tattersall Advisory Group since 2007. Previously, he served as the Managing Director and Chief Investment Officer of the Global High Yield Team with Deutsche Asset Management (1998-2006).

Gary Pzegeo, CFA is a Managing Director and Portfolio Manager for Tattersall Advisory Group's High Yield Team. He has been Tattersall Advisory Group or an affiliate firm since 2005. Previously, he served as a Vice President and Portfolio Manager with Gannett, Welsh, & Kotler (2001 ☐ 2005). Gary also served as a Managing Director and Portfolio Manager with Evergreen Investments (1990 ☐ 2001).

Other Funds and Accounts Managed. The following table provides information about the registered investment companies and other pooled investment vehicles and accounts managed by the portfolio managers of the Fund as of the Fund's most recent fiscal period ended April 30, 2007.

<u>Portfolio Manager</u>		<u>(Assets in thousands)</u>
Andrew Cestone	Assets of registered investment companies managed	
	List of Applicable Evergreen Funds	
	Evergreen Strategic Income Fund ¹	\$298,017
	Evergreen VA Strategic Income Fund ¹	89,305

1Mr. Pzegeo is not fully responsible for the management of the entire portfolios of the Evergreen Strategic Income Fund, Evergreen VA Strategic Income Fund, Evergreen Balanced Fund, Evergreen Diversified Bond Fund, Evergreen Managed Income Fund and Evergreen Utilities and High Income Fund. As of April 30, 2007 he was responsible only for approximately \$845.0 million of the \$3,477.6 million in assets in these funds.

Conflicts of Interest. Portfolio managers generally face two types of conflicts of interest: (1) conflicts between and among the interests of the various accounts they manage, and (2) conflicts between the interests of the accounts they manage and their own personal interests. The policies of Evergreen Investment Management Company, LLC (EIMC) and Tattersall Advisory Group, Inc. (TAG) require that portfolio managers treat all accounts they manage equitably and fairly in the face of such real or potential conflicts.

The management of multiple Funds and other accounts may require the portfolio manager to devote less than all of his or her time to a Fund, particularly if the Funds and accounts have different objectives, benchmarks and time horizons. The portfolio manager may also be required to allocate his or her investment ideas across multiple Funds and accounts. In addition, if a portfolio manager identifies a limited investment opportunity, such as an

initial public offering, that may be suitable for more than one Fund or other account, a Fund may not be able to take full advantage of that opportunity due to an allocation of that investment across all eligible Funds and accounts. Further, security purchase and sale orders for multiple accounts often are aggregated for purpose of execution. Although such aggregation generally benefits clients, it may cause the price or brokerage costs to be less favorable to a particular client than if similar transactions were not being executed concurrently for other accounts. It may also happen that a Fund's adviser or sub-adviser will determine that it would be in the best interest, and consistent with the investment policies, of another account to sell a security (including by means of a short sale) that a Fund holds long, potentially resulting in a decrease in the market value of the security held by the Fund.

EIMC does not receive a performance fee for its management of the Funds, other than Evergreen Large Cap Equity Fund. EIMC and/or a portfolio manager may have an incentive to allocate favorable or limited opportunity investments or structure the timing of investments to favor accounts other than the Funds — for instance, those that pay a higher advisory fee and/or have a performance fee. The policies of EIMC, however, require that portfolio managers treat all accounts they manage equitably and fairly.

As noted above, portfolio managers may also experience certain conflicts between the interests of the accounts they manage and their own personal interests (which may include interests in advantaging EIMC or a sub-advisor). The structure of a portfolio manager's or an investment advisor's compensation may create an incentive for the manager or advisor to favor accounts whose performance has a greater impact on such compensation. The portfolio manager may, for example, have an incentive to allocate favorable or limited opportunity investments or structure the timing of investments to favor such accounts. Similarly, if a portfolio manager holds a larger personal investment in one Fund than he or she does in another, the portfolio manager may have an incentive to favor the Fund in which he or she holds a larger stake.

The Evergreen funds may engage in cross trades, in which one Evergreen fund sells a particular security to another Evergreen fund or account (potentially saving transaction costs for both accounts). Cross trades may pose a potential conflict of interest if, for example, one account sells a security to another account at a higher price than an independent third party would pay.

In general, EIMC and TAG have policies and procedures to address the various potential conflicts of interest described above. Each advisor has policies and procedures designed to ensure that portfolio managers have sufficient time and resources to devote to the various accounts they manage. Similarly, each advisor has policies and procedures designed to ensure that investments and investment opportunities are allocated fairly across accounts, and that the interests of client accounts are placed ahead of a portfolio manager's personal interests. However, there is no guarantee that such procedures will detect or address each and every situation where a conflict arises.

Compensation. For EIMC and TAG, portfolio managers' compensation consists primarily of a base salary and an annual bonus. Each portfolio manager's base salary is reviewed annually and adjusted based on consideration of various factors specific to the individual portfolio manager, including, among others, experience, quality of performance record and breadth of management responsibility, and a comparison to competitive market data provided by external compensation consultants. The annual bonus pool for portfolio managers and other employees that are eligible to receive bonuses is determined based on the overall profitability of the firm during the relevant year. Unless described in further detail below, none of the portfolio managers of the Funds has predetermined bonus arrangements.

The annual bonus has an investment performance component, which accounts for a majority of the annual bonus, and a subjective evaluation component. The bonus is typically paid in a combination of cash and equity incentive awards (non-qualified stock options and/or restricted stock) in Wachovia Corporation, EIMC's publicly traded parent company. The amount of the investment performance component is based on the pre-tax investment performance of the funds and accounts managed by the individual (or one or more appropriate composites of such funds and accounts) over the prior five years compared to the performance over the same time period of an appropriate benchmark (typically a broad-based index or universe of external funds or managers with similar characteristics). See the information below relating to other funds and accounts managed by the portfolio managers for the specific benchmarks used in evaluating performance. In calculating the amount of the investment performance component, performance for the most recent year is weighted 25%, performance for the most recent three-year period is weighted 50% and performance for the most recent five-year period is weighted 25%. In general, the investment performance component is determined using a weighted average of investment

Edgar Filing: EVERGREEN INCOME ADVANTAGE FUND - Form N-CSR

performance of each product managed by the portfolio manager, with the weighting done based on the amount of assets the portfolio manager is responsible for in each such product. For example, if a portfolio manager was to manage a mutual fund with \$400 million in assets and separate accounts totaling \$100 million in assets, performance with respect to the mutual fund would be weighted 80% and performance with respect to the separate accounts would be weighted 20%. In certain cases, portfolio weights within the composite may differ from the actual weights as determined by assets. For example, a very small fund's weight within a composite may be increased to create a meaningful contribution.

To be eligible for an investment performance related bonus, the time-weighted average percentile rank must be above the 50th percentile. A portfolio manager has the opportunity to maximize the investment performance component of the incentive payout by generating performance at or above the 25th percentile level.

In determining the subjective evaluation component of the bonus, each manager is measured against predetermined objectives and evaluated in light of other discretionary considerations. Objectives are set in several categories, including teamwork, participation in various assignments, leadership, and development of staff.

For calendar year 2007, the investment performance component of each portfolio manager's bonus will be determined based on comparisons to the benchmarks (either to the individual benchmark or one or more composites of all or some of such benchmarks) indicated below. The benchmarks may change for purposes of calculating bonus compensation for calendar year 2008.

Portfolio Manager

Andrew Cestone	Lipper High Current Yield Funds
Gary Pzegeo	Lipper High Current Yield Funds

EIMC portfolio managers that manage certain privately offered pooled investment vehicles may also receive a portion of the advisory fees and/or performance fees charged by EIMC (or an affiliate of EIMC) to such clients. Unless described in further detail below, none of the portfolio managers of the Fund receives such compensation.

In addition, portfolio managers may participate, at their election, in various benefits programs, including the following:

- medical, dental, vision and prescription benefits;
- life, disability and long-term care insurance;
- before-tax spending accounts relating to dependent care, health care, transportation and parking; and
- various other services, such as family counseling and employee assistance programs, prepaid or discounted legal services, health care advisory programs and access to discount retail services.

These benefits are broadly available to EIMC employees. Senior level employees, including many portfolio managers but also including many other senior level executives, may pay more or less than employees that are not senior level for certain benefits, or be eligible for, or required to participate in, certain benefits programs not available to employees who are not senior level. For example, only senior level employees above a certain compensation level are eligible to participate in the Wachovia Corporation deferred compensation plan, and certain senior level employees are required to participate in the deferred compensation plan.

Fund Holdings. The tables below presents the dollar range of investment each portfolio manager beneficially holds in each Fund he or she manages as well as the dollar range of total exposure to the Evergreen family of funds (including both open-end and closed-end funds) as of the Fund's fiscal year ended April 30, 2007. Total exposure equals the sum of (i) the portfolio manager's beneficial ownership in direct Evergreen fund holdings, plus (ii) the portfolio manager's Evergreen fund holdings through the Wachovia Corporation 401(k) plan, plus (iii) the portfolio manager's Wachovia Corporation deferred compensation plan exposure to Evergreen funds.

Item 9 ☐ Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

Not applicable at this time.

Item 10 ☐ Submission of Matters to a Vote of Security Holders

There have been no material changes to the procedures by which shareholders may recommend nominees to the Registrant's board of trustees that have been implemented since the Registrant last provided disclosure in response to the requirements of this Item.

Item 11 - Controls and Procedures

(a) The Registrant's principal executive officer and principal financial officer have evaluated the Registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940) within 90 days of this filing and have concluded that the Registrant's disclosure controls and procedures were effective, as of that date, in ensuring that information required to be disclosed by the Registrant in this Form N-CSR was recorded, processed, summarized, and reported timely.

(b) There has been no changes in the Registrant's internal controls over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act of 1940) that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonable likely to affect, the Registrant's internal control over financial reporting .

Item 12 - Exhibits

File the exhibits listed below as part of this Form. Letter or number the exhibits in the sequence indicated.

(a) Any code of ethics, or amendment thereto, that is the subject of the disclosure required by Item 2, to the extent that the registrant intends to satisfy the Item 2 requirements through filing of an exhibit.

(b)(1) Separate certifications for the Registrant's principal executive officer and principal financial officer, as required by Section 302 of the Sarbanes-Oxley Act of 2002 and Rule 30a-2(a) under the Investment Company Act of 1940, are attached as EX99.CERT.

(b)(2) Separate certifications for the Registrant's principal executive officer and principal financial officer, as required by Section 1350 of Title 18 of United States Code, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, and Rule 30a-2(b) under the Investment Company Act of 1940, are attached as EX99.906CERT. The certifications furnished pursuant to this paragraph are not deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liability of that section. Such certifications are not deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Registrant specifically incorporates them by reference.

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly

authorized.
