Item 1. Report to Stockholders.

Chairman's Statement

Dear Stockholders,

During the year ended August 31, 2014 Taiwan equities outperformed other regional markets in Asia as improving global market conditions, especially in the U.S. (a significant importer of Taiwan goods), translated into improved corporate earnings. Unsurprisingly, the technology sector was the greatest beneficiary as new product launches led to increased supply chain orders. It is against this backdrop that the Fund's net asset value increased by 16.3%, an underperformance of 5.1% when compared to its benchmark, the TAIEX Total Return Index, which increased by 21.4%* over the same period. The Fund's underperformance was primarily attributable to sector allocation differences and costs associated with portfolio repositioning following two changes in investment adviser during the financial year.

Allianz Global Investors U.S. LLC ('Allianz') became the Fund's investment adviser on an interim basis in February 2014 as the result of the resignation of Asset Management Ptd Ltd as the Fund's sub adviser to the Fund's investment adviser, Martin Currie, Inc. The Board's selection of Allianz as the Fund's investment adviser was submitted to the Fund's stockholders for approval; however, the stockholders did not approve Allianz. The Board then selected JF International Management Inc. ('JFIMI') as the Fund's investment adviser. JFIMI began managing the Fund, on an interim basis, in July 2014 and was approved by stockholders on September 22, 2014.

The Board thanks Allianz for the interim investment advisory role that they fulfilled for the Fund and welcomes JFIMI. Although it is clearly early in the tenure of JFIMI it is pleasing to report that in the one month to August 31, 2014 the Fund's net asset value increased by 2.7%, 0.2% ahead of its benchmark, which increased by 2.5% in the same period; this despite the costs of a portfolio repositioning exercise during the same period.

The Board also approved a Discount Management Policy on July 17, 2014 whereby the Board has authorized management to make open market purchases in an aggregate amount up to 10% of the Fund's currently outstanding shares when the Fund's shares trade at a discount of more than 9% of net asset value and management reasonably believes that such repurchases may enhance shareholder value. Any repurchases will be disclosed in future stockholder reports.

Lastly, Bing Shen, a director of the Fund since 2007, chose not to stand for reelection at the Fund's annual stockholders meeting. The Board thanks Mr. Shen for his contributions to the Board and we wish him well in his future endeavors.

On behalf of the Board, I thank you for your continuing support of the Fund.

Sincerely,

Joe O. Rogers

Chairman

*Returns for the Fund are historical total returns that reflect changes in net asset value per share during each period and assume that dividends and capital gains, if any, were reinvested. Returns for the TAIEX Index are not total returns and reflect only changes in share price but do not assume that cash dividends, if any, were reinvested, and thus are not strictly comparable to the Fund returns. Past performance is not indicative of future results of the Fund.

Report of the Investment Manager

Market Review

Taiwan equities continued to outperform regional markets in Asia for the 12 months ended August 31, 2014. During this period the Taiwan Stock Exchange Capitalization Weighted Stock Index rose 21.4% in US dollar terms. After shrugging off several market shocks in the beginning of 2014, including US Federal Reserve chair Janet Yellen's indication of a possible rate rise in six months and home-grown protests over a trade deal with China, the Taiwan Stock Exchange ("TWSE") Index hit new yearly highs. The improving global macro backdrop, especially in the United States, has been a key catalyst for Taiwan as exports still equate to 70% of its Gross Domestic Product ("GDP"). As a result earnings revisions at the corporate level continued to improve during the year, especially for the technology sector.

The TWSE Index finished the first half of the Fund's financial year (six months ended February 28, 2014) up 6.6% in US dollar terms. Technology shares led the performance on expectations of a synchronized global recovery in 2014. Meanwhile financials, materials and telecom subsectors lagged. Although the results season was generally in line, consensus earnings were downgraded ahead of results hence overall expectations were already set low.

During the second half of the Fund's financial year, the market was volatile as domestic issues dominated headlines. Although the Cross-Strait Service Trade Agreement with China was signed last June, the Sunflower Student Movement began in March and demanded withdrawal from the Agreement. The students finally ended their 24-day occupation of the Legislature in April, saying they had seen "critical progress" made in relation to their demands. Legislative speaker Wang Jin-Ping pledged to halt debate on the services trade pact with China until new oversight rules are passed. While the service pact will have less impact on the technology sector, it should meaningfully benefit Taiwanese financials.

On the macro front, Taiwan's consumer price index rose 1.8% year on year to 104 in July, while core inflation was up 1.55% year on year, hitting a 15-month high. The central bank left its key interest rates unchanged at its quarterly policymaking meeting and the Taiwan economic indicator hit a three year high of 29 in April. The government remains confident with 2014 GDP growth

at 3%. At the corporate level, the first quarter results season was encouraging and with positive guidance, liquidity in the market surged as foreign investors remained net buyers. The TWSE Index rallied 13.8% during the period and the technology sector outperformed as new product launches were expected to boost supply chain orders. The construction sector closed down for the period and the government announced expanded measures to control rocketing housing prices by reducing the amount of money banks can lend to home buyers.

Market Outlook

The risk/reward profile of the market continues to look favorable given strong second quarter of 2014 earnings and positive earnings revisions. While investors are likely to take profits on the Apple supply chain post the launch of the iPhone6, a sustained strong demand for the phone should see investors returning to the sector. A strong Apple pull-in demand, a decent corporate PC replacement cycle and a transition from 3G to 4G in China smart phones should all bode well for Taiwan technology in the fourth quarter of 2014. Aside from technology, with Taiwan financials delivering better than expected year-to-date earnings and an upward revision in Taiwan GDP growth forecast, the financial sector should be poised for a further pick up in performance. Taiwan will hold its 9-in-1 elections in November 2014. The elections are widely perceived as a popularity pulse check between the two major political parties and serve as an important preview of the 2016 presidential election.

JF International Management, Inc.

*Returns for the Fund are historical total returns that reflect changes in net asset value per share during each period and assume that dividends and capital gains, if any, were reinvested. Returns for the TAIEX Index are not total returns and reflect only changes in share price but do not assume that cash dividends, if any, were reinvested, and thus are not strictly comparable to the Fund returns. Past performance is not indicative of future results of the Fund.

About The Portfolio Managers (unaudited)

Shumin Huang
Portfolio Manager, JPMAM Pacific Region Group

Shumin Huang, Managing Director, is an Investment Manager and Head of Greater China Research for the Pacific Regional Group's Greater China Team. She joined the firm in 2006 after eight years at Goldman Sachs where she was Managing Director and Head of the Asia-Pacific Energy and Chemicals Team. She began her career with UBS Taiwan in 1992 as a Research Analyst in Steel and Financials, after which she transferred to Hong Kong as Director and Head of Asia-Pacific Chemicals Research. Shumin obtained a B.S. in Business Administration from the National University of Taiwan and an M.B.A. from London Business School.

Investment Adviser

The Fund's investment adviser is JF International Management Inc.

JF International Management Inc. ("JFIMI") was incorporated in the British Virgin Islands in 1992 and has established a branch in Hong Kong since July 1992. It is registered as an investment adviser under the U.S. Investment Advisers Act of 1940, as amended and is licensed by the Securities and Futures Commission in Hong Kong to conduct Type 4 (advising on securities) and Type 9 (asset management) regulated activities. JFIMI's registered address is Palm Grove House, P.O. Box 438, Road Town, Tortola, British Virgin Islands and its principal address in Hong Kong is 19th Floor and 21st Floor, Chater House, 8 Connaught Road Central, Hong Kong. JFIMI belongs to a group of companies operating under the name of J.P. Morgan Asset Management ("JPMAM"), the brand name of the global group of asset management companies belonging to JPMorgan Chase & Co. JPMorgan Chase & Co. is the ultimate parent company of JFIMI. JPMAM has assets under management totalling US\$ 1.7 trillion (as at June 30, 2014).

- (a) Based on average shares outstanding during the period.
- (b) Total investment return at net asset value (“NAV”) is based on changes in the NAV of Fund shares and assumes reinvestment of dividends and distributions, if any. Total investment return at market value is based on changes in the market price at which the Fund’s shares traded on the stock exchange during the period and assumes reinvestment of dividends and distributions, if any, at actual prices pursuant to the Fund’s dividend reinvestment program. Because the Fund’s shares trade in the stock market based on investor demand, the Fund may trade at a price higher or lower than its NAV. Therefore, returns are calculated based on share price and NAV. During the year ended August 31, 2012 the adviser reimbursed certain fund expenses. If the adviser had not reimbursed the Fund, the return would have been lower.
- (c) Expense ratio includes 20% tax paid on stock dividends received by the Fund. For the years ended August 31, 2014, 2013, 2012, 2011 and 2010, the Fund’s ratio of expenses before fee waiver and excluding taxes paid on stock dividends was 1.76%, 1.80%, 1.58%, 1.28% and 1.40%, respectively.
- As of February 22, 2014, Allianz Global Investors U.S. LLC (“AllianzGI U.S.”) succeeded Martin Currie Inc. as the Fund’s investment adviser. As of July 22, 2014, JF International Management Inc. (“JFIMI”) succeeded AllianzGI U.S. as the Fund’s investment adviser.
- ^As of May 8, 2010, Martin Currie Inc. succeeded HSBC Global Asset Management (Taiwan) Limited (“HSBC”) as the Fund’s investment adviser.

The accompanying notes are an integral part of the financial statements.

Notes To Financial Statements
August 31, 2014

1. Organization

The Taiwan Fund, Inc. (the “Fund”), a Delaware corporation, is registered under the Investment Company Act of 1940, as amended (the “Act”), as a diversified closed-end management investment fund.

The Fund concentrates its investments in the securities listed on the Taiwan Stock Exchange. Because of this concentration, the Fund may be subject to certain additional risks not typically associated with investing in securities of U.S. companies or the U.S. government, including (1) volatility of the Taiwan securities market, (2) restrictions on repatriation of capital invested in Taiwan, (3) fluctuations in the rate of exchange between the NT Dollar and the U.S. Dollar, and (4) political and economic risks. In addition, Republic of China accounting, auditing, financial and other reporting standards are not equivalent to U.S. standards and, therefore, certain material disclosures may not be made, and less information may be available to investors investing in Taiwan than in the United States. There is also generally less regulation by governmental agencies and self-regulatory organizations with respect to the securities industry in Taiwan than there is in the United States.

2. Significant Accounting Policies

The financial statements are prepared in accordance with U.S. generally accepted accounting principles (“GAAP”), which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Actual results could differ from those estimates. Management has evaluated the impact of all events or transactions occurring after year end through the date these financial statements were issued, and has determined that there were no subsequent events requiring recognition or disclosure. The following summarizes the significant accounting policies of the Fund:

Security Valuation. All securities, including those traded over-the-counter, for which market quotations are readily available are valued at the last sales price prior to the time of determination of the Fund’s net asset value per share or, if there were no sales on such date, at the closing price quoted for such securities (but if bid and asked quotations are available, at the mean between the last current bid and asked prices, rather than such quoted closing price). These securities are generally categorized as Level 1 securities in the fair value hierarchy. In certain instances where the price determined above may not represent fair market value, the value is determined in such manner as the Board of Directors (the “Board”) may prescribe. Foreign securities may be valued at fair value according to procedures approved by the Board if the closing price is not reflective of current market values due to trading or events occurring in the valuation time of the Fund. In addition, substantial changes in values in the U.S. markets subsequent to the close of a foreign market may also affect the values of securities traded in the foreign market. These securities may be categorized as Level 2 or Level 3 securities in the fair value hierarchy, depending on the valuation inputs. Short-term investments, having a maturity of 60 days or less are valued at amortized cost, which approximates market value, with accrued interest or discount earned included in interest receivable.

The Fund has adopted fair valuation accounting standards which establish a definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value and a discussion in changes in valuation techniques and related inputs during the period. These inputs are summarized in the three broad levels listed below:

-

Level 1 – quoted unadjusted prices for identical instruments in active markets to which the Fund has access at the date of measurement.

15

Notes To Financial Statements (continued)
August 31, 2014

2. Significant Accounting Policies – continued

Level 2 – quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model derived valuations in which all significant inputs and significant value drivers are observable in active markets. Level 2 inputs are those in markets for which there are few transactions, the prices are not current, little public information exists or instances where prices vary substantially over time or among brokered market makers.

Level 3 – model derived valuations in which one or more significant inputs or significant value drivers are unobservable. Unobservable inputs are those inputs that reflect the Fund’s own assumptions that market participants would use to price the asset or liability based on the best available information.

Investments in Securities	Level 1	Level 2	Level 3	Total
Common Stocks [^]	\$ 182,054,922	\$—	\$—	\$ 182,054,922
Total	\$ 182,054,922	\$—	\$—	\$ 182,054,922

[^] See schedule of investments for industry breakout.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The Fund’s policy is to disclose transfers between Levels based on valuations at the end of the reporting period. As of August 31, 2014, there were no transfers between Levels 1, 2, or 3 based on the valuation input levels.

Repurchase Agreements. In connection with transactions in repurchase agreements, it is the Fund’s policy that its custodian take possession of the underlying collateral securities, the fair value of which exceeds the principal amount of the repurchase transaction, including accrued interest, at all times. If the seller defaults, and the fair value of the collateral declines, realization of the collateral by the Fund may be delayed or limited.

Foreign Currency Translation. The financial accounting records of the Fund are maintained in U.S. dollars. Investment securities, other assets and liabilities denominated in a foreign currency are translated into U.S. dollars at the current exchange rate. Purchases and sales of securities, income receipts and expense payments are translated into U.S. dollars at the exchange rate on the dates of the transactions.

Reported net realized gains and losses on foreign currency transactions represent net gains and losses from disposition of foreign currencies, currency gains and losses realized between the trade dates and settlement dates of security transactions, and the difference between the amount of net investment income accrued and the U.S. dollar amount actually received. The effects of changes in foreign currency exchange rates on investments in securities are not segregated in the Statement of Operations from the effects of changes in market prices of those securities, but are included in realized and unrealized gain or loss on investments.

Forward Foreign Currency Transactions. A forward foreign currency contract (“Forward”) is an agreement between two parties to buy or sell currency at a set price on a future date. The Fund may enter into Forwards in order to hedge foreign currency risk or for other risk management purposes. Realized gains or losses on Forwards include net gains

or losses on contracts that have matured or which the Fund has terminated by entering into an offsetting closing transaction. Unrealized appreciation or depreciation on Forwards is included in the Statement of Assets and Liabilities and is carried on a net basis. The portfolio could be exposed to risk of loss if the counterparty is unable to meet the terms of the contract or if the value of the currency changes unfavorably. As of August 31, 2014 the Fund had no open Forwards.

Notes To Financial Statements (continued)
August 31, 2014

2. Significant Accounting Policies – continued

Indemnification Obligations. Under the Fund’s organizational documents, its officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, in the normal course of business the Fund enters into contracts that provide general indemnifications to other parties. The Fund’s maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred.

Taxes. As a qualified Regulated Investment Company (“RIC”) under Subchapter M of the Internal Revenue Code, the Fund is not subject to income taxes to the extent that it distributes all of its investment company taxable income and net realized capital gains for its fiscal year. In addition to federal income tax for which the Fund is liable on undistributed amounts, the Fund is subject to federal excise tax on undistributed investment company taxable income and net realized capital gains. The Fund is organized in Delaware and as such is required to pay Delaware an annual franchise tax. Also, the Fund is currently subject to a Taiwan security transaction tax of 0.3% on sales of equities and 0.1% on sales of mutual fund shares based on the transaction amount.

The Fund’s functional currency for tax reporting purposes is the New Taiwan dollar.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. Management has analyzed the Fund’s tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for prior three fiscal years. The Fund identifies its major tax jurisdictions as U.S. Federal, Delaware and Taiwan where the Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

Investment Income. Dividend income is recorded on the ex-dividend date; except, where the ex-dividend date may have passed, certain dividends from foreign securities are recorded as soon as the Fund is informed of the ex-dividend date.

Taiwanese companies typically declare dividends in the Fund’s third fiscal quarter of each year. As a result, the Fund receives substantially less dividend income in the first half of its year. Interest income, which includes accretion of original discount, is accrued as earned.

Dividend and interest income generated in Taiwan is subject to a 20% withholding tax. Stock dividends received (except those which have resulted from capitalization of capital surplus) are taxable at 20% of the par value of the stock dividends received.

Distributions to Shareholders. The Fund distributes to shareholders at least annually, substantially all of its taxable ordinary income and expects to distribute its taxable net realized gains. Certain foreign currency gains (losses) are taxable as ordinary income and, therefore, increase (decrease) taxable ordinary income available for distribution. Pursuant to the Dividend Reinvestment and Cash Purchase Plan (the “Plan”), stockholders may elect to have all cash distributions automatically reinvested in Fund shares. (See the summary of the Plan described later.) Unless the Board elects to make a distribution in shares of the Fund’s common stock, stockholders who do not participate in the Plan will receive all distributions in cash paid by check in U.S. dollars. Income and capital gain distributions are determined in

accordance with income tax regulations, which may differ from GAAP. No capital gain distributions shall be made until any capital loss carryforwards have been fully utilized or expired.

Notes To Financial Statements (continued)
August 31, 2014

2. Significant Accounting Policies – continued

Tax components of distributable earnings are determined in accordance with income tax regulations which may differ from the composition of net assets reported under GAAP. Accordingly, for the year ended August 31, 2014, the effects of certain differences were reclassified. The Fund decreased undistributed net investment loss by \$7,372,228, decreased accumulated net realized gain by \$1,963,121, and decreased paid in capital by \$5,409,107.

These differences are primarily due to differing treatments for foreign currency transactions and net operating loss. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications to paid in capital.

Security Transactions. Security transactions are accounted as of the trade date. Gains and losses on securities sold are determined on the basis of identified cost.

3. Purchases and Sales of Securities

For the year ended August 31, 2014, purchases and sales of securities, other than short-term securities, aggregated \$303,324,161 and \$295,862,143, respectively.

4. Management Fees and Other Service Providers

Management Fee. Effective July 22, 2014, the Fund entered into an Interim Investment Management Agreement (the "Interim Agreement") with a new investment manager, JF International Management Inc. ("JFIMI"). Under the terms of the Interim Agreement, JFIMI provided its services without a fee. An Investment Management Agreement with JFIMI to replace the Interim Agreement was approved at a Special Meeting of Stockholders, which was held on September 22, 2014. Effective September 23, 2014, JFIMI receives a fee for its services, computed daily and payable monthly in U.S. dollars, at the annual rate of 0.90% per annum of the value of the Fund's average daily net assets up to and including \$150 million of net assets; 0.80% per annum of the value of the Fund's average daily net assets on the next \$150 million of net assets; and 0.70% per annum of the value of the Fund's average daily net assets in excess thereof.

Prior to July 22, 2014, the Fund's investment adviser was Allianz Global Investors U.S. LLC. ("AllianzGI U.S."). AllianzGI U.S. received a fee for its services, computed daily and payable monthly in U.S. dollars, at the annual rate of 0.85% per annum of the value of the Fund's average daily net assets up to and including \$150 million of net assets; 0.80% per annum of the value of the Fund's average daily net assets on the next \$150 million of net assets; and 0.70% per annum of the value of the Fund's average daily net assets in excess thereof.

Notes To Financial Statements (continued)
 August 31, 2014

4. Management Fees and Other Service Providers – continued

Prior to February 22, 2014, the Fund’s investment adviser was Martin Currie, Inc., (“Martin Currie”). Martin Currie received a fee for its services, computed daily and payable monthly in U.S. dollars, at the annual rate of 0.90% on the first \$150 million in total net assets under management, 0.80% on the next \$150 million in total net assets under management and 0.70% on total net assets under management over \$300 million.

For the period September 1, 2013 through August 31, 2014, the management fee was equivalent to an annual rate of 0.77% of weighted average net assets.

Administration Fees. State Street Bank and Trust Company (“State Street”) provides, or arranges for the provision of certain administrative and accounting services for the Fund, including maintaining the books and records of the Fund, and preparing certain reports and other documents required by federal and/or state laws and regulations. The Fund pays State Street a fee at the annual rate of 0.11% of the Fund’s average daily net assets up to \$150 million, 0.08% of the next \$150 million, and 0.05% of those assets in excess of \$300 million, subject to certain minimum requirements. The Fund also pays State Street \$130,000 per year for certain legal administrative services, including corporate secretarial services and preparing regulatory filings. State Street also serves as custodian (the “Custodian”) to the Fund. For this service, the Fund pays State Street asset-based fees that vary according to the number of positions and transactions plus out of pocket fees.

Director’s and Officer’s Fees and Expenses. The Fund pays each of its directors who is not a director, officer or employee of the investment adviser an annual fee of \$20,000 plus \$2,500 for each Board meeting or Committee meeting attended in person or by telephone. In addition, the Fund will reimburse each of the directors for travel and out-of-pocket expenses incurred in connection with Board meetings.

Other Service Providers. Pursuant to a Compliance Services Agreement, Foreside Compliance Services, LLC (“FCS”) provides the Fund with a Chief Compliance Officer. FCS is paid customary fees for its services. Foreside Management Services, LLC (“FMS”) provides the Fund with a Treasurer. Prior to February 22, 2014, Martin Currie paid FMS customary fees for its services pursuant to the Treasury Services Agreement between the Fund and FMS. After February 22, 2014, the Fund pays these fees. Neither FCS, FMS, nor their employees that serve as officers of the Fund, have a role in determining the investment policies or which securities are purchased or sold by the Fund.

General. Certain officers of the Fund may also be employees of the aforementioned companies that provide services to the Fund, and during their terms of office, receive no compensation from the Fund.

5. Fund Shares

At August 31, 2014, there were 100,000,000 shares of \$0.01 par value capital stock authorized, of which 8,221,259 were issued and outstanding.

For the year ended August 31, 2014, the Fund did not repurchase any shares of its common stock.

	For the	For the
	Year Ended	Year Ended

Edgar Filing: TAIWAN FUND INC - Form N-CSR

Shares repurchased	—	(761,127)
Shares outstanding at end of year	8,221,259	8,221,259

Notes To Financial Statements (continued)
August 31, 2014

6. Discount Management Program

On July 17, 2014 and September 11, 2014, the Fund's Board of Directors approved a Discount Management Policy which authorized management to make open market purchases in an aggregate amount up to 10% of the Fund's outstanding shares when the Fund's shares trade at a discount of more than 9% of net asset value and management reasonably believes that such repurchases may enhance shareholder value. Any repurchases will be disclosed in the Fund's stockholder reports for the relevant fiscal periods and updated in the Fund's monthly reports when repurchases are made.

The Board committed to regularly reviewing the effectiveness of the Policy and commencing one year after implementation of the Policy, formally review the Policy and in consultation with stockholders consider other actions that, in its judgment, may be effective in addressing the discount.

Also, with adoption of the Discount Management Policy the Board determined not to implement the previously announced Managed Distribution Policy at this time.

7. Federal Tax Information

As of August 31, 2014, the tax components of accumulated net earnings (losses) were \$11,405,123 of Unrealized Appreciation and \$21,647,711 of Undistributed Capital Gains. The amount of capital loss carryover utilized in the current year was \$8,676,568.

The difference between book basis and tax basis unrealized appreciation and depreciation is attributable primarily to the tax deferral of losses on wash sales. At August 31, 2014, the aggregate cost basis of the Fund's investment securities for income tax purposes was \$170,653,742. Net unrealized appreciation of the Fund's investment securities was \$11,401,180 of which \$14,415,177 related to appreciated investment securities and \$(3,013,997) related to depreciated investment securities.

Report of Independent Registered Public Accounting Firm

To the Shareholders and
The Board of Directors of
The Taiwan Fund, Inc.

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of The Taiwan Fund, Inc. (the "Fund"), as of August 31, 2014 and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of August 31, 2014, by correspondence with the custodian and brokers or through alternative procedures where replies from brokers were unable to be obtained. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of The Taiwan Fund, Inc. as of August 31, 2014, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Philadelphia, Pennsylvania
October 28, 2014

Other Information (unaudited)

Federal Tax Information. The Fund has made an election under Internal Revenue Code Section 853 to pass through foreign taxes paid by the Fund to its shareholders. For the year ended August 31, 2014, the total amount of foreign source income, for information reporting purposes, will be \$4,710,215.

Privacy Policy

Privacy Notice

The Taiwan Fund, Inc. collects non-public personal information about its shareholders from the following sources:

- Information it receives from shareholders on applications or other forms;
- Information about shareholder transactions with the Fund, its affiliates, or others; and
- Information it receives from a consumer reporting agency.

The Fund's policy is to not disclose nonpublic personal information about its shareholders to nonaffiliated third parties (other than disclosures permitted by law).

The Fund restricts access to nonpublic personal information about its shareholders to those agents of the Fund who need to know that information to provide products or services to shareholders. The Fund maintains physical, electronic, and procedural safeguards that comply with federal standards to guard its shareholders' nonpublic personal information.

Proxy Voting Policies and Procedures

A description of the policies and procedures that are used by the Fund's investment adviser to vote proxies relating to the Fund's portfolio securities is available (1) without charge, upon request, by calling 1-877-864-5056; and (2) as an exhibit to the Fund's annual report on Form N-CSR which is available on the website of the Securities and Exchange Commission (the "Commission") at <http://www.sec.gov>. Information regarding how the investment adviser voted these proxies during the most recent 12-month period ended June 30 is available without charge, upon request, by calling the same number or by accessing the Commission's website.

Quarterly Portfolio of Investments

The Fund files with the Securities and Exchange Commission its complete schedule of portfolio holdings on Form N-Q for the first and third quarters of each fiscal year. The Fund's Form N-Q's are available on the Commission's website at <http://www.sec.gov>. Additionally, the Portfolio of Investments may be reviewed and copied at the Commission's Public Reference Room in Washington, D.C. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330. The most recent Form N-Q is available without charge, upon request, by calling 1-877-864-5056.

Other Information (unaudited) (continued)

Certifications

The Fund's chief executive officer has certified to the New York Stock Exchange that, as of June 6, 2014, he was not aware of any violation by the Fund of applicable New York Stock Exchange corporate governance listing standards. The Fund also has included the certifications of the Fund's chief executive officer and chief financial officer required by Section 302 and Section 906 of the Sarbanes-Oxley Act of 2002 in the Fund's Form N-CSR filed with the Securities and Exchange Commission, for the period of this report.

Board Deliberations regarding Approval of Interim Investment Advisory and Management Agreement and Investment Advisory and Management Agreement

General Background

On July 18, 2014, the Board of Directors, all of whom are Independent Directors, voted to approve an Interim Investment Advisory and Management Agreement and an Investment Advisory and Management Agreement with JF International Management Inc. ("JFIMI") (together, the "Agreements") and recommended to stockholders the approval of the Investment Advisory and Management Agreement between the Fund and JFIMI. The Interim Investment Advisory and Management Agreement replaced the Interim Investment Advisory Agreement dated, February 22, 2014, between the Fund and AllianzGI U.S. ("Allianz") (the "Allianz Agreement"). The Allianz Agreement replaced the Investment Advisory and Management Agreement, dated February 23, 2012, between Martin Currie, Inc. ("Martin Currie") and the Fund (the "Martin Currie Agreement"). The Allianz Agreement was not approved by stockholders.

Approval Process and the Factors Considered by the Board of Directors in Approving the Agreements

On September 5, 2013, Martin Currie received a notice from Asset Management Ptd Ltd ("APS,") the Fund's sub-adviser, that APS intended to resign as sub-adviser of the Fund effective February 22, 2014. At a special Board meeting held on September 17, 2013, the Board determined it would be appropriate for the Board to meet with Martin Currie to review the arrangements for the management of the Fund's assets. At that time, and at subsequent Board meetings held on October 8, 2013, November 11, 2013 and December 12, 2013, the Board discussed the ramifications of the APS resignation; the proposal by Martin Currie to continue to serve as the Adviser, subject to the engagement of an individual with the requisite expertise; and possible courses of action in the event that Martin Currie was unable to provide a satisfactory alternative. The Board retained a consultant to assist the Board in identifying and evaluating appropriate alternative investment advisers. After reviewing the consultant's report, a committee of the Board identified three potential investment adviser candidates and requested that those candidates provide certain additional information. Two of those candidates, JFIMI and Allianz, provided additional information, and then were requested to make a presentation to the Board on January 20, 2014. Martin Currie was not included in the later stages of the selection process when it became clear that it would not be able to employ on a timely basis an experienced Taiwan equity portfolio manager to manage the Fund's portfolio.

Other Information (unaudited) (continued)

Following those presentations and further discussions with the consultant, the Board, at a meeting on January 21, 2014, determined that it would be appropriate to enter into an interim arrangement with Allianz and at the Board meeting held on January 21, 2014, the Board approved the Allianz Agreement. At that Board meeting, the Board also approved the selection of Allianz as the investment adviser for the Fund and agreed to submit the selection of Allianz for approval by the Fund's stockholders at the next annual stockholders meeting which after adjournments was held in May 2014. At the annual meeting of stockholders held on May 14, 2014, the stockholders of the Fund did not approve the Allianz Agreement.

The Board then determined to ask JFIMI to update the information that it had provided in January 2014 in response to the Fund's Request for Proposal. After considering that information the Board held a meeting on May 30, 2014 during which it received a presentation by JFIMI and discussed the information provided by JFIMI. At that meeting, the Board approved the selection of JFIMI as Investment Adviser to the Fund.

In making this selection the Board noted that JFIMI managed other portfolios containing Taiwan equity securities and that JFIMI proposed to engage employees of JPMorgan Asset Management (Taiwan) Limited ("JPMAM Taiwan") to provide non-discretionary investment advice to JFIMI in its management of the Fund as well as trade execution and other support services via a participating affiliate arrangement. The Board also considered the terms and conditions of the Agreements and the nature, scope and quality of services that JFIMI is expected to provide to the Fund. The Board also based its decision on the following considerations, among others, although the Board did not identify any consideration that was all important or controlling, and each Director attributed different weights to the various factors.

Nature, Extent and Quality of the Services provided by the Investment Adviser. The Board reviewed and considered the nature and extent of the investment management services to be provided by JFIMI under the Agreements. The Board noted the following:

J.P. Morgan Asset Management, which is the brand name for the asset management business of JPMorgan Chase & Co. and its affiliates worldwide, is one of the leading sponsors and administrators of closed-end funds, with over \$14.3 billion of closed-end fund assets under management as of June 30, 2014. The Board also noted that JFIMI managed one other Asian equity closed-end fund.

JFIMI informed the Board that the Fund's portfolio manager is proposed to be Shumin Huang, an officer and portfolio manager of JFIMI with assistance from investment professionals employed by JPMAM Taiwan and supervised by JFIMI through a participating affiliate arrangement. The Board determined that JFIMI appeared to be capable of providing the Fund with investment management services of above average quality.

Performance, Fees and Expenses of the Fund. The Board noted that, at the time of JFIMI's selection by the Board, JFIMI had not been providing services to the Fund; therefore, there were limitations on the Board's ability to evaluate the performance of JFIMI in managing the Fund. Based, however, on JFIMI's performance in managing other portfolios containing Taiwan equity securities utilizing the resources of JPMAM Taiwan, the Board concluded that there was reason to believe that JFIMI could achieve competitive performance over the long term in managing the Fund. The Board also noted that the advisory fee agreed to by JFIMI was the same as under the Martin Currie Agreement and slightly higher than under the Allianz Agreement and compared favorably with fees charged by advisers of other U.S.

Other Information (unaudited) (continued)

registered closed-end funds that invest in the Greater China region. The Board also noted that, except for certain compliance and treasury services fees that Martin Currie had been paying, other expenses of the Fund were not expected to increase as a result of the retention of JFIMI.

Economies of Scale. The Board considered the economy of scale benefits that the Fund's stockholders would be afforded as the management fee rate under the Agreements declines as the Fund's assets grow.

Other Benefits of the Relationship. The Board considered whether there were other benefits that JFIMI and its affiliates may derive from its relationship with the Fund and concluded that any such benefits were likely to be minimal.

Resources of the Proposed Investment Adviser. The Board considered whether JFIMI is financially sound and has the resources necessary to perform its obligations under the Agreements, noting that JFIMI appears to have the financial resources necessary to fulfill its obligations under the Agreements.

General Conclusions. After considering and weighing all of the above factors, the Board concluded that it would be in the best interest of the Fund to approve the Agreements and for its stockholders to approve the Investment Advisory and Management Agreement. In reaching this conclusion, the Board did not give particular weight to any single factor referenced above.

Summary of Dividend Reinvestment and Cash Purchase Plan

What is the Dividend Reinvestment and Cash Purchase Plan?

The Dividend Reinvestment and Cash Purchase Plan (the “Plan”) offers shareholders of the Fund, a prompt and simple way to reinvest their dividends and capital gains distributions in shares of the Fund. The Fund will distribute to shareholders, at least annually, substantially all of its net income and expects to distribute annually its net realized capital gains. Computershare Trust Company, N.A. (the “Plan Administrator”), acts as Plan Administrator for shareholders in administering the Plan. The Plan also allows you to make optional cash investments in Fund shares through the Plan Administrator.

Who Can Participate in the Plan?

If you own shares in your own name, you can elect to participate directly in the Plan. If you own shares that are held in the name of a brokerage firm, bank, or other nominee, you should contact your nominee to arrange for them to participate on your behalf.

What Does the Plan Offer?

The Plan has two components; reinvestment of dividends and capital gains distributions, and a voluntary cash purchase feature.

Reinvestment of dividends and capital gains distributions

If you choose to participate in the Plan, your dividends and capital gains distributions will be promptly invested for you, automatically increasing your holdings in the Fund. If the Fund declares a dividend or capital gains distribution payable in cash, you will automatically receive shares purchased by the Plan Administrator on the open market. You will be charged a per share fee (currently \$0.05) incurred with respect to the Plan Administrator’s open market purchases.

If a distribution is declared which is payable in shares or cash at the option of the shareholder and if on the valuation date (generally the payable date) the market price of shares is equal to or exceeds their net asset value, the Fund will issue new shares to you at the greater of the following: (a) net asset value per share or (b) 95% of the market price per share. If the market price per share on the valuation date is less than the net asset value per share, the Fund will issue new shares to you at the market price per share on the valuation date.

All reinvestments are in full and fractional shares, carried to three decimal places. In the case of foreign (non-U.S.) shareholders, reinvestment will be made net of applicable withholding tax.

The Plan will not operate if a distribution is declared in shares only, subject to an election by the shareholders to receive cash.

Summary of Dividend Reinvestment and
Cash Purchase Plan (continued)

Voluntary cash purchase option

Plan participants have the option of making investments in Fund shares through the Plan Administrator. You may invest any amount from \$100 to \$3,000 semi-annually. The Plan Administrator will purchase shares for you on the New York Stock Exchange or otherwise on the open market on or about February 15 and August 15. If you hold shares in your own name, you should deal directly with the Plan Administrator. Checks in U.S. dollars and drawn in U.S. banks should be made payable to "Computershare". The Plan Administrator will not accept cash, traveler's checks, money orders, or third party checks. We suggest you send your check, along with a completed transaction form which is attached to each statement you receive, to the following address to be received at least two business days before the investment date:

Computershare, c/o The Taiwan Fund, Inc. at P.O. Box 43078, Providence, RI 02940-3078. The Plan Administrator will return any cash payments received more than thirty days prior to February 15 or August 15, and you will not receive interest on uninvested cash payments. If you own shares that are held in the name of a brokerage firm, bank, or other nominee, you should contact your nominee to arrange for them to participate in the cash purchase option on your behalf.

If your check is returned unpaid for any reason, the Plan Administrator will consider the request for investment of such funds null and void, and shall immediately remove these shares from your account. The Plan Administrator shall be entitled to sell shares to satisfy any uncollected amount plus any applicable fees. If the net proceeds of the sale are insufficient to satisfy the balance of any uncollected amounts, the Plan Administrator shall be entitled to sell such additional shares from your account as may be necessary to satisfy the uncollected balance.

Is There a Cost to Participate?

For purchases from the reinvestment of dividends and capital gains distributions, you will pay a pro rata portion of brokerage commissions payable with respect to purchases of shares by the Plan Administrator on the open market. You will also be charged a per share fee (currently \$0.05) incurred with respect to the Plan Administrator's open market purchases in connection with the reinvestment of dividends and capital gains distributions. Brokerage charges for purchasing shares through the Plan are expected to be less than the usual brokerage charges for individual transactions, because the Plan Administrator will purchase stock for all participants in blocks, resulting in lower commissions for each individual participant. The Plan Administrator's transaction fees for handling capital gains distributions or income dividends will be paid by the Fund.

For purchases from voluntary cash payments, participants are charged a service fee (currently \$0.75 per investment) and a per fee (currently \$0.05) for each voluntary cash investment. Per share fees include any brokerage commissions the Plan Administrator is required to pay.

Brokerage commissions and service fees, if any, will be deducted from amounts to be invested.

Summary of Dividend Reinvestment and
Cash Purchase Plan (continued)

What Are the Tax Implications for Participants?

You will receive tax information annually for your personal records and to help you prepare your federal income tax return. The automatic reinvestment of dividends and capital gains distributions does not relieve you of any income tax which may be payable on dividends or distributions. For further information as to the tax consequences of participating in the Plan, you should consult with your tax advisors.

If the Fund issues shares upon reinvestment of a dividend or capital gains distribution, for U.S. federal income tax purposes, the amount reportable in respect of the reinvested amount of the dividend or distribution will be the fair market value of the shares received as of the payment date, which will be reportable as ordinary dividend income and/or long term capital gains. The shares will have a tax basis equal to such fair market value, and the holding period for the shares will begin on the day after the payment date. State, local and foreign taxes may also be applicable.

Once Enrolled in the Plan, May I Withdraw From It?

You may withdraw from the Plan without penalty at any time by calling the Plan Administrator at 1-800-426-5523, by accessing your Plan account at the Plan Administrator's web site, www.computershare.com/investor or by written notice to the Plan Administrator.

If you withdraw, you will receive, without charge, stock certificates issued in your name for all full shares, and a check for any fractional share (valued at the market value of the shares at the time of withdrawal or termination) less any applicable fees. You may also request that the Plan Administrator sell your shares and send you the proceeds, less a transaction fee of \$2.50 and a per share fee of \$0.15 for any request for withdrawal or termination. The per share fee includes any brokerage commissions the Plan Administrator is required to pay. Alternatively, you may also request that the Plan Administrator move your whole shares to the Direct Management System, which would allow you to maintain ownership of those whole shares in book entry form on the records of the Fund.

All sale requests having an anticipated market value of \$100,000.00 or more are expected to be submitted in written form. In addition, all sale requests within thirty (30) days of an address change are expected to be submitted in written form.

Summary of Dividend Reinvestment and
Cash Purchase Plan (continued)

Whom Should I Contact for Additional Information?

If you hold shares in your own name, please address all notices, correspondence, questions, or other communications regarding the Plan to: Computershare, c/o The Taiwan Fund, Inc. at P.O. Box 43078, Providence, RI 02940-3078, by telephone at 1-800-426-5523 or through the Internet at www.computershare.com/investor. If your shares are not held in your name, you should contact your brokerage firm, bank, or other nominee for more information and to arrange for them to participate in the Plan on your behalf.

Either the Fund or the Plan Administrator may amend or terminate the Plan. Except in the case of amendments necessary or appropriate to comply with applicable law, rules or policies or a regulatory authority, participants will be mailed written notice at least 30 days before the effective date of any amendment. In the case of termination, participants will be mailed written notice at least 30 days before the record date of any dividend or capital gains distribution by the Fund

Directors and Officers (unaudited)

The following table sets forth certain information concerning each of the directors and officers of the Fund.

Directors serve from the time of election and qualifications at the Fund's annual meeting of stockholders until their next succeeding election or until their respective successors have been elected and qualified. All Officers serve for one year or until their respective successors are chosen and qualified.

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940 that from time to time the Fund may purchase shares of its common stock in the open market at prevailing market prices.

Item 2. Code of Ethics.

- (a) The Taiwan Fund, Inc. (the “Fund”) has adopted a Code of Ethics that applies to the Fund’s principal executive officer and principal financial officer.
- (b) No information needs be disclosed pursuant to this paragraph.
- (c) There have been no amendments to the Fund’s Code of Ethics during the reporting period for Form N-CSR.
- (d) There have been no waivers granted by the Fund to individuals covered by the Fund’s Code of Ethics during the reporting period for Form N-CSR.
- (e) Not applicable.
- (f) A copy of the Fund’s Code of Ethics is attached as exhibit 12(a)(1) to this Form N-CSR.

Item 3. Audit Committee Financial Expert.

- (a)(1) The Board of Directors of the “Fund” has determined that the Fund has one member serving on the Fund’s Audit Committee that possesses the attributes identified in Instruction 2(b) of Item 3 to Form N-CSR to qualify as “audit committee financial expert.”
- (2) The name of the audit committee financial expert is M. Christopher Canavan, Jr. Mr. Canavan has been deemed to be “independent” as that term is defined in Item 3(a)(2) of Form N-CSR.

Item 4. Principal Accountant Fees and Services.

- (a) Audit Fees

For the fiscal years ended August 31, 2014, and August 31, 2013, Tait, Weller & Baker LLP (“Tait Weller”), the Fund’s independent registered public accounting firm, billed the Fund aggregate fees of US\$52,000 and US\$52,000, respectively, for professional services rendered for the audit of the Fund’s annual financial statements and review of financial statements included in the Fund’s annual report to shareholders.

- (b) Audit-Related Fees

For the fiscal years ended August 31, 2014, and August 31, 2013, Tait Weller billed the Fund aggregate fees of US\$6,800 and US\$6,800, respectively, for assurances and related services that are reasonably related to the performance of the audit or review of the Fund’s financial statements and are not reported under the section Audit Fees above. Audit-Related Fees represent procedures applied to the semi-annual financial statement amounts (reading the semi-annual report and valuation and existence procedures on investments) as requested by the registrant’s audit committee.

- (c) Tax Fees

For the fiscal years ended August 31, 2014, and August 31, 2013, Tait Weller billed the Fund aggregate fees of US\$13,200 and US\$13,200, respectively, for professional services rendered for tax compliance, tax advice, and tax planning. The nature of the services comprising the Tax Fees was the review of the Fund’s income tax returns and tax distribution requirements.

(d) All Other Fees

For the fiscal years ended August 31, 2014, and August 31, 2013, Tait Weller did not bill the Fund any fees for products and services other than those disclosed above.

(e) The Fund's Audit Committee Charter requires that the Audit Committee pre-approve all audit and non-audit services to be provided to the Fund by the Fund's independent registered public accounting firm; provided, however, that the pre-approval requirement with respect to non-auditing services to the Fund may be waived consistent with the exceptions provided for in the Securities Exchange Act of 1934, as amended (the "1934 Act"). All of the audit and tax services described above for which Tait Weller billed the Fund for the fiscal years ended August 31, 2014, and August 31, 2013, were pre-approved by the Audit Committee.

For the fiscal years ended August 31, 2014, and August 31, 2013, the Fund's Audit Committee did not waive the pre-approval requirement of any non-audit services to be provided to the Fund by Tait Weller.

(f) Not applicable.

(g) For the fiscal years ended August 31, 2014, and August 31, 2013, Tait Weller did not bill the Fund any non-audit fees. For the fiscal years ended August 31, 2014, and August 31, 2013, Tait Weller did not provide any services to JF International Management Inc. ("JFIMI" or the "Investment Adviser") or to the Fund's previous investment advisers during those years, Martin Currie, Inc. and Allianz Global Investors U.S. LLC.

(h) Tait Weller notified the Fund's Audit Committee of all non-audit services that were rendered by Tait Weller to the Fund's Investment Adviser and any entity controlling, controlled by, or under common control with the Investment Adviser that provides ongoing services to the Fund that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X, allowing the Fund's Audit Committee to consider whether such services were compatible with maintaining Tait Weller's independence.

Item 5. Audit Committee of Listed Registrants.

(a) The Fund has a separately-designated audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The members of the Fund's audit committee are M. Christopher Canavan, Jr., Joe Rogers, Anthony K.Y. Lo, Michael F. Holland and William C. Kirby.

(b) Not applicable.

Item 6. Schedule of Investments.

(a) Schedule of Investments is included as part of Item 1.

(b) Not applicable.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Investment Companies.

The registrant has delegated to its investment adviser the voting of proxies relating to the registrant's portfolio securities. The policies and procedures used by the investment adviser to determine how to vote proxies relating to the registrant's portfolio securities, including the procedures used when a vote presents a conflict of interest involving the investment adviser or any of its affiliates, are contained in the investment adviser's Proxy Voting Guidelines, which are attached hereto as Exhibit 12(a)(4).

Item 8. Portfolio Managers of Closed-End Management Investment Company.

(a)(1) As of August 31st, 2014, the portfolio manager of the registrant is:

Shumin Huang
Fund Portfolio manager
Investment experience:

Ms. Huang joined JP Morgan Asset Management (“JPMAM”), the brand name of the global group of asset management companies belonging to JP Morgan Chase & Co., which includes JFIMI, in 2006. Prior to her appointment, Ms. Huang worked as a managing director of the Global Investment Research team of Goldman Sachs from 1997.

Conflicts of Interest:

Responsibility for managing the client portfolios of the Investment Adviser and the Investment Adviser's participating affiliates is organized according to the mandates of each account. The Fund's portfolio manager manages other accounts with similar objectives, approach and philosophy to the Fund. The portfolio holdings, relative position sizes and industry and sector exposures tend to be similar across these similar portfolios, which minimizes the potential for conflicts of interest.

Compensation:

JPMAM's portfolio managers participate in a competitive compensation program that is designed to attract and retain outstanding people and closely link their performance to client investment objectives. The total compensation program includes a base salary fixed from year to year and a variable performance bonus consisting of cash incentives and restricted stock and, in some cases, mandatory deferred compensation. These elements reflect individual performance and the performance of the Investment Adviser's business as a whole.

Each portfolio manager's performance is formally evaluated annually based on a variety of factors including the aggregate size and blended performance of the portfolios that he or she manages. Individual contribution relative to client goals carries the highest impact. The compensation is primarily driven by meeting or exceeding clients' risk and return objectives, relative performance to competitors or competitive indices and compliance with firm policies and regulatory requirements. In evaluating the portfolio manager's performance with respect to the mutual funds (including the Fund) he or she manages, the funds' pre-tax performance is compared to the appropriate market peer group and to each fund's benchmark index listed in the fund's prospectus over one, three and five year periods (or such shorter time as the portfolio manager has managed the fund). Investment performance is generally more heavily weighted to the long-term.

Stock awards are granted as the annual performance bonus and comprise from 0% to 35% of each portfolio manager's total award. As the level of incentive compensation increases, the percentage of compensation awarded in restricted stock also increases.

Ownership of Securities: The following table sets forth, the portfolio manager and the aggregate dollar range of the registrant's equity securities beneficially owned as of August 31st, 2014.

Portfolio Manager	Dollar Range of Fund Shares Beneficially Owned
Shumin Huang	\$0

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

During the six month period ended August 31, 2014, the Fund did not purchase any of its equity securities.

Item 10. Submission of Matters to a Vote of Security Holders.

There have been no material changes to the procedures by which shareholders may recommend nominees to the registrant's Board of Directors during the period covered by this Form N-CSR filing.

Item 11. Controls and Procedures.

(a) The registrant's principal executive and principal financial officers have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of this Form N-CSR based on their evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the 1934 Act (17 CFR 240.13a-15(b) or 240.15d-15(b)).

(b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the registrant's second fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. Exhibits

(a) (1) Code of Ethics is attached hereto in response to Item 2(f).

(a) (2) The certifications required by Rule 30a-2 of the 1940 Act are attached hereto.

(a) (3) Not applicable.

(a)(4) Proxy voting policies and procedures of the Fund's investment adviser are attached hereto in response to Item 7.

(b) The certifications required by Rule 30a-2(b) of the 1940 Act and Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
