In accordance with SEC rules and regulations, we have elected to furnish our proxy materials, including this Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, or the 2018 Annual Report, primarily via the Internet. Accordingly, on or about April 1, 2019, we mailed to our stockholders a "Notice Regarding the Availability of

Proxy Materials," or the Notice, that contains instructions on how to access our proxy materials on the Internet, how to vote on the proposals to be voted upon at the Annual Meeting, and how to request paper copies of this Proxy Statement and the 2018 Annual Report. Stockholders may request to receive all future proxy materials from us in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual stockholder meetings.

Class I
directors, Janet
Kerr and
Andreas von
Blottnitz, to a
three-year
term to hold
office until our
2022 annual
meeting of
stockholders,

date on which
their
successors are
duly elected
and qualified.

Proposals to be Voted Upon

Proposal 2 - To ratify the appointment of PricewaterhouseCoopers LLP, or PwC, as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

Proposal 3 - To approve, on a non-binding, advisory basis, the compensation of our named executive officers.

Proposal 4 - To approve, on a non-binding, advisory basis, the frequency of future stockholder advisory votes to approve the compensation of our named executive officers.

Voting our Common Stock

Each share of our Class A Common Stock outstanding on the Record Date is entitled to one vote on any proposal presented at the Annual Meeting. Each share of our Class B Common Stock outstanding on the Record Date is entitled to ten votes on any proposal presented at the Annual Meeting.

Votes Required to Adopt Proposals

Proposal 1: Class I directors will be elected by a plurality of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the election of directors at the Annual Meeting. This means that the director nominees for Class I director who receive the most FOR votes will be elected as directors.

Proposal 2: The ratification of the appointment of PwC requires the affirmative vote of a majority of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting.

Proposal 3: The approval, on a non-binding, advisory basis, of the compensation of our named executive officers requires the affirmative vote of a majority of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting.

Proposal 4: The option (every "One Year," "Two Years" or "Three Years"), if any, that receives the affirmative vote of a majority of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting will be deemed to be the frequency preferred by our stockholders.

Definitions of Stockholder of Record and Beneficial Owner

You are considered to be a stockholder of record if your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company LLC, on the record date.

If, however, your shares are held in a brokerage account or by a bank, broker or other nominee, and not in your name, you are considered to be the "beneficial owner" of shares held in "street name."

Voting Methods - Stockholder of Record

If you are a stockholder of record, you can vote your shares using any of the following methods:

By Internet at www.proxyvote.com, 24 hours a day, seven days a week, until 11:59 (1)p.m. Eastern time on May 16, 2019 (please have the Notice in hand when you visit the website);

Edgar Filing: APPFOLIO INC - Form DEF 14A

- By toll-free telephone at 1-800-690-6903, 24 hours a day, seven days a week, until
- (2) 11:59 p.m. Eastern Time on May 16, 2019 (please have the Notice in hand when you call);
 - (3) If you requested a paper copy of the Proxy Statement, by completing and mailing the proxy card provided with the Proxy Statement; or
 - (4) By written ballot at the Annual Meeting.

In order to be counted, proxies submitted by Internet or telephone must be received by 11:59 p.m. Eastern Time on May 16, 2019. Proxy cards submitted by U.S. mail must be received before the start of the Annual Meeting.

Voting Methods - Beneficial Owner

If you are the beneficial owner of shares held in “street name” through a broker, trustee or other nominee, please follow the voting instructions provided to you by that nominee in order to vote your shares.

Revoking Your Proxy

If you are a stockholder of record, you may revoke your proxy by (i) voting again using the Internet or telephone before the cutoff time (your latest Internet or telephone proxy is the one that will be counted), (ii) attending the Annual Meeting and voting in person, or (iii) sending a written notice that you are revoking your proxy to AppFolio, Inc., 50 Castilian Drive, Santa Barbara, California 93117, Attn: Chief Financial Officer, and/or by sending an email to cfo@appfolio.com. If you send a written notice of revocation, please make sure to do so with enough time for it to arrive by mail prior to the Annual Meeting. If you are a beneficial owner, please follow the instructions provided to you by your broker, trustee or other nominee in order to revoke your proxy.

Broker Non-Votes

Broker non-votes occur when a

beneficial owner of shares held in “street name” does not give instructions to the broker, trustee or other nominee holding the shares as to how to vote on matters that are deemed to be “non-routine” under applicable rules. Generally speaking, the beneficial owner of the shares is entitled to give voting instructions to the broker, trustee or other nominee holding the shares, and the nominee will vote those shares in accordance with the instructions. If the beneficial owner does not provide voting instructions, the broker, trustee or other nominee can still vote the shares with respect to matters that are considered to be “routine,” but cannot vote the shares with respect to matters that are considered “non-routine.” In the event that a broker, trustee or other nominee votes shares on the “routine” matters, but is not provided with voting instructions with respect to the “non-routine” matters, those shares will be treated as broker

non-votes with respect to the "non-routine" matters.

Proposal 1 is considered to be a "non-routine" matter under applicable rules. Accordingly, any shares held in "street name" through a broker, trustee or other nominee will not be voted on Proposal 1 unless the beneficial owner affirmatively provides the nominee instructions for how to vote.

Proposal 2 is considered to be a "routine" matter under applicable rules. Accordingly, any shares held in "street name" through a broker, trustee or other nominee may be voted by the nominee on Proposal 2 even if the beneficial owner does not provide the nominee with instructions for how to vote.

Proposal 3 is considered to be a "non-routine" matter under applicable rules. Accordingly, any shares held in

"street name"
through a broker,
trustee or other
nominee will not be
voted on Proposal 3
unless the
beneficial owner
affirmatively
provides the
nominee
instructions for how
to vote.

Proposal 4 is
considered to be a
"non-routine"
matter under
applicable rules.
Accordingly, any
shares held in
"street name"
through a broker,
trustee or other
nominee will not be
voted on Proposal 4
unless the
beneficial owner
affirmatively
provides the
nominee
instructions for how
to vote.

If you are the
beneficial owner of
shares held in
"street name"
through a broker,
trustee or other
nominee, please be
sure to instruct your
nominee regarding
how to vote your
shares to ensure
that your vote is
counted with
respect to each of
the proposals.

Effect of Broker Non-Votes Broker non-votes
will be counted for

purposes of calculating whether a quorum is present at the Annual Meeting, but will not be treated as shares present and entitled to vote on any proposal. Broker non-votes will not affect the outcome of the vote on Proposal 1 since the proposal will be determined by a plurality of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the election of directors at the Annual Meeting.

Proposal 2 is considered to be a "routine" matter under applicable rules. Accordingly, a broker, trustee or other nominee may generally vote on routine matters without instruction, and therefore broker non-votes are not expected to result in connection with this proposal. Broker non-votes will not affect the outcome of the vote on Proposal 3 since the proposal will be

determined by the affirmative vote of a majority of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting.

Broker non-votes will not affect the outcome of the vote on Proposal 4 since the proposal will be determined by the affirmative vote of a majority of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting.

Effect of Abstentions

An abstention represents a stockholder's affirmative election to decline to vote on a proposal. If a stockholder of record indicates an intention to abstain from voting its shares, or if a broker, trustee or other nominee holding shares in "street name" causes abstentions to be recorded for shares, these shares will be considered present and entitled to vote at the Annual Meeting. As a result, abstentions will be counted for purposes of determining the

presence or absence of a quorum. Because the outcome of Proposal 1 will be determined by a plurality of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the election of directors at the Annual Meeting, abstentions will have no impact on the outcome of this proposal. Because the outcome of Proposals 2, 3 and 4 will be determined by the affirmative vote of a majority of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting, abstentions will be counted as a vote against each of Proposals 2, 3 and 4.

Voting Instructions

If you complete and submit your proxy

voting instructions, the persons named as proxies will follow your instructions. If you submit proxy voting instructions, but do not direct how your shares should be voted on each item, the persons named as proxies will vote FOR the election of each of the director nominees; FOR the ratification of the appointment of PwC as our independent registered public accounting firm; FOR the advisory approval of the compensation of our named executive officers; and for a frequency of every ONE YEAR with respect to the advisory approval of the frequency of future stockholder advisory votes to approve the compensation of our named executive officers.

Discretion of Proxies

Our Board does not presently know of any other business, other than that described in this Proxy Statement, that will be presented for consideration by our stockholders at the Annual

Meeting. However, if any other business is properly brought before the Annual Meeting, it is intended that the shares of our Class A Common Stock and Class B Common Stock represented by proxies will be voted in respect thereof in accordance with the judgment of the persons named as proxies.

Proxy Solicitation/Costs

We are paying for the distribution of the proxy materials and the solicitation of proxies in connection with the Annual Meeting. As part of this process, we expect to reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. Proxy solicitation expenses that we will pay include those for preparation of the Proxy Statement, preparing and mailing the Notice, printing and

mailing the Proxy Statement (to the extent requested by stockholders) and tabulating proxies. Our directors, officers and employees may solicit proxies on our behalf, including in person, or by telephone, email or facsimile, but they will not receive additional compensation for providing those services.

Voting Results

In accordance with SEC rules, final voting results for the proposals to be voted upon at the Annual Meeting will be published in a Current Report on Form 8-K within four business days following the Annual Meeting, unless final results are not known at that time, in which case preliminary voting results will be published within four business days of the Annual Meeting and final voting results will be published once they are known by us.

PROPOSAL ONE:
ELECTION OF DIRECTORS

Board Structure

The number of our directors is fixed by our Board, subject to the terms of our amended and restated certificate of incorporation and amended and restated bylaws, which we refer to as our Governing Documents. We have a classified Board consisting of three classes of directors, each serving staggered three-year terms. Our directors are divided among the three classes as follows:

Class I consists of Janet Kerr and Andreas von Blottnitz, whose terms will expire at our Annual Meeting;

Class II consists of James Peters, William Rauth and Klaus Schauser, whose terms will expire at our annual meeting of stockholders to be held in 2020; and

Class III consists of Timothy Bliss and Jason Randall, whose terms will expire at our annual meeting of stockholders to be held in 2021.

Directors in a particular class will be elected for a three-year term at the annual meeting of stockholders in the year in which the term of that class expires. As a result, only one class of directors will be elected at each annual meeting of stockholders, with the other classes continuing for the remainder of their respective three-year terms. Each director's term continues until the election and qualification of his or her successor, or until his or her earlier death, resignation or removal. Any newly created directorships resulting from an increase in the number of directors or a vacancy may be filled by the directors then in office.

Directors may only be removed for cause by the affirmative vote of a majority of the combined voting power of the then outstanding shares of our Class A Common Stock and Class B Common Stock entitled to vote on the election of directors. Because only approximately one-third of our directors will be elected at each annual meeting of stockholders, two consecutive annual meetings could be required for stockholders to change a majority of the members of our Board.

Election of Director Nominees

At the Annual Meeting, our stockholders are being asked to vote for Ms. Kerr and Mr. von Blottnitz, the two Class I director nominees listed above, to serve a three-year term on our Board until our annual meeting of stockholders to be held in 2022 and until the election and qualification of his or her successor, or until his or her earlier death, resignation or removal. Each of these director nominees is a current member of our Board, and their respective terms expire at the Annual Meeting. Each of these director nominees has consented to serve if elected.

Directors will be elected by a plurality of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the election of directors at the Annual Meeting. This means that the director nominees for Class I director who receive the most FOR votes will be elected as directors. Broker non-votes and abstentions will not be treated as votes cast for this purpose and, therefore, will not affect the outcome of the election.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received FOR the election of each of the director nominees. If either director nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute director nominee chosen by our Board. In the alternative, the proxies may vote only for any remaining director nominees, leaving one or more vacancies on our Board.

Recommendation of our Board

OUR BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF EACH OF THE DIRECTOR NOMINEES.

PROPOSAL TWO:

RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee has appointed PricewaterhouseCoopers LLP, or PwC, as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2019. PwC has served as our independent registered public accounting firm since 2011.

Our audit committee annually reviews the independent registered public accounting firm’s independence, including reviewing all relationships between the firm and us and any disclosed relationships or services that may impact the objectivity and independence of the firm, as well as the firm’s performance. As a matter of good corporate governance, our Board is submitting the appointment of PwC to our stockholders for ratification.

We expect a representative of PwC will attend the Annual Meeting. The representative will have an opportunity to make a statement if he or she so chooses. The representative will also be available to respond to appropriate questions from stockholders.

Ratification of the Appointment of PwC

The affirmative vote of a majority of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting will be required to ratify the appointment of PwC. Abstentions will have the same effect as a vote against the proposal. Broker non-votes are not expected to result in connection with this proposal.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received FOR the ratification of the appointment of PwC.

If our stockholders fail to ratify the appointment of PwC, our audit committee will reconsider whether to retain the firm. Even if the selection is ratified, our audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

Recommendation of our Board

OUR BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PWC AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

We have adopted a policy under which our audit committee must pre-approve all audit and permissible non-audit services to be provided by our independent registered public accounting firm. As part of this review, our audit committee also considers whether the categories of pre-approved services are consistent with the rules on accountant independence of the SEC and the Public Company Accounting Oversight Board, or PCAOB. Our audit committee has pre-approved all services performed since the pre-approval policy was adopted.

In addition, in the event time constraints require pre-approval prior to our audit committee's next scheduled meeting, our audit committee has authorized its Chairperson to pre-approve services. Engagements pre-approved by the Chairperson of our audit committee are to be reported to the audit committee at its next scheduled meeting.

PROPOSAL 3:

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

Background

We are providing our stockholders with the opportunity to cast a non-binding, advisory vote on named executive officer compensation, or a "say on pay" proposal, as described below.

The primary objective of our executive compensation program is to provide a total compensation package designed to attract, motivate and retain executive officers with the skills, energy and commitment required to achieve our short-term and long-term strategic objectives, which we believe will positively impact long-term value for our stockholders. For 2018, we sought to reward achievement through performance based compensation in the form of our 2018 Short-Term Cash Incentive Plan and our Long-Term Cash Incentive Plan, which we balanced with guaranteed elements of compensation such as base salary and employee benefits. We promoted a strong alignment of the interest of our executives with those of our stockholders by tying a significant portion of total compensation to the achievement of short-term and long-term strategic objectives, in the form of these cash bonuses, in lieu of granting additional equity incentive awards to our named executive officers. Under our 2018 Short-Term Cash Incentive Plan, our performance objectives were based on Board-approved annual targets derived from and aligned with our long-term strategic objectives, which related to long-term profitable growth. Under our Long-Term Cash Incentive Plan, our chief executive officer and chief financial officer are each provided with significant additional motivation to contribute to our achievement of our long-term strategic objectives, which we believe will increase our economic value per share and ultimately the value of the equity held by our stockholders, including these executive officers.

Overall, we seek to ensure that the total compensation opportunity available to our executive officers is appropriate for each executive given their respective scope of responsibilities and ability to impact results.

For additional information about our named executive officer compensation program, please refer to the section of this Proxy Statement entitled "Compensation Discussion and Analysis" and the related compensation tables and footnotes.

Proposal

In accordance with Section 14A of the Exchange Act, we are asking our stockholders to vote "FOR" the approval of the following resolution at the Annual Meeting:

"RESOLVED, that our stockholders approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers, as described in the Compensation Discussion and Analysis, the Summary Compensation Table, and the related compensation tables, notes and narrative discussion in the Proxy Statement for our 2019 Annual Meeting of Stockholders."

Effect of Proposal

The resolution above is non-binding. The approval or disapproval of this proposal by stockholders will not require our Board or our compensation committee to take any action regarding our named executive officer compensation practices. The final decision on the compensation and benefits of our named executive officers and on whether, and if so, how, to address stockholder disapproval remains with our Board and our compensation committee. Our Board, however, values the opinions of our stockholders as expressed through their votes and other communications.

Although the resolution is non-binding, our Board and our compensation committee will carefully consider the outcome of the advisory vote and stockholder opinions received from other communications when making future named executive officer compensation decisions.

Approval of Proposal

The affirmative vote of a majority of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting will be required to approve, on a non-binding, advisory basis, the compensation of our named executive officers. Abstentions will have the same effect as a vote against the proposal. Broker non-votes will not affect the outcome of the vote on this proposal.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received FOR the advisory approval of the compensation of our named executive officers.

Recommendation of our Board

OUR BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ADVISORY APPROVAL OF THE NAMED EXECUTIVE OFFICER COMPENSATION.

PROPOSAL 4:

ADVISORY APPROVAL OF THE FREQUENCY OF FUTURE STOCKHOLDER ADVISORY VOTES TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Background

We are providing our stockholders with the opportunity to indicate their preference, on an advisory basis, regarding how frequently we should solicit an advisory vote on the compensation of our named executive officers. Accordingly, we are seeking an advisory vote from our stockholders on how often we should submit a "say on pay" proposal, such as provided for in Proposal No. 3, to our stockholders. You may cast your vote for one of the following options as to the frequency with which we should submit a "say on pay" proposal to our stockholders: every "One Year", "Two Years" or "Three Years", or the choice to abstain from voting when you vote in response to the resolution set forth below.

Summary

Our Board believes that the "say on pay" advisory vote should be submitted to our stockholders annually, and therefore recommends that you vote for a "One Year" interval. We believe this frequency is in alignment with our compensation practices, as we review the core elements of our named executive officer compensation program annually. An annual vote will provide stockholders frequent opportunities to evaluate the effectiveness of our named executive officer compensation policies and decisions and the related business outcome from a pay-for-performance perspective. In addition, we value and encourage constructive dialogue with our stockholders on these matters on an annual basis.

Proposal

In accordance with Section 14A of the Exchange Act, we are asking our stockholders to vote for a frequency of every "One Year" with respect to the following resolution at the Annual Meeting:

"RESOLVED, that the stockholders determine, on an advisory basis, that the frequency with which we should submit an advisory vote on named executive officer compensation, such as that described in the Compensation Discussion and Analysis, the Summary Compensation Table, and the related compensation tables, notes and narrative discussion in the Proxy Statement for our 2019 Annual Meeting of Stockholders, to the stockholders is: every one year; two years; three years; or abstain."

Effect of Proposal

The advisory approval of the frequency of future stockholder advisory votes to approve the compensation of our named executive officers is non-binding. The outcome of this vote will not require our Board or our nominating and corporate governance committee to take any action regarding the frequency of future advisory votes to approve the compensation of our named executive officers. However, our Board and our nominating and corporate governance committee value the opinions of our stockholders and will take into consideration the outcome of the vote when considering the frequency of future votes to approve named executive officer compensation.

Approval of Proposal

The option that receives the affirmative vote of a majority of the combined voting power of the outstanding shares of our Class A Common Stock and Class B Common Stock present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting will be deemed to be the frequency preferred by our stockholders. Abstentions will have the same effect as a vote against the proposal. Broker non-votes will not affect the outcome of the vote on this proposal.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received for a frequency of every ONE YEAR with respect to the advisory approval of the frequency of future stockholder advisory votes to approve named executive officer compensation.

Recommendation of our Board

OUR BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR A FREQUENCY OF EVERY "ONE YEAR" WITH RESPECT TO THE ADVISORY APPROVAL OF THE FREQUENCY OF FUTURE STOCKHOLDER ADVISORY VOTES TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION.

DIRECTORS AND CORPORATE GOVERNANCE

Director Independence

Our Board has undertaken a review of the independence of each of our continuing directors and director nominees and has affirmatively determined that Messrs. Bliss, Peters, Rauth and von Blottnitz, and Ms. Kerr, do not have relationships that would interfere with their exercise of independent judgment in carrying out the responsibilities of a director, and that each of our continuing directors and director nominees meets the definition of “independent director” under the applicable NASDAQ listing standards. In making these determinations, our Board considered the current and prior relationships that each continuing director and director nominee has with our company and all other facts and circumstances our Board deemed relevant. Messrs. Randall and Schauer do not meet the definition of “independent director” as they are currently our executive officers.

Family Relationships

There are no family relationships between any continuing director, executive officer or director nominee.

Agreements with Directors and Executive Officers

None of the continuing directors, executive officers, or director nominees was selected pursuant to any arrangement or understanding, other than those with such persons acting within their capacity as such.

Legal Proceedings with Directors and Executive Officers

There are no legal proceedings related to any of our continuing directors, executive officers, or director nominees that require disclosure pursuant to SEC rules and regulations.

Board Leadership Structure

The positions of Chairperson of our Board and Chief Executive Officer are presently separated. We believe separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairperson of our Board to lead our Board in its fundamental role of providing advice to and independent oversight of management. Our Board recognizes the time, effort and energy that our Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as the Chairperson of our Board, particularly as our Board’s oversight responsibilities continue to grow. While our Governing Documents and corporate governance guidelines do not require that the Chairperson of our Board and Chief Executive Officer positions be separate, our Board believes that having separate positions is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance.

Board Role in Risk Oversight

Our Board has an active role, as a whole and also at the committee level, in overseeing the management of our risks. Our Board is responsible for general oversight of risks and regular review of information regarding our risks, including financial, strategic and operational risks. Our audit committee is responsible for overseeing the management of risks relating to accounting matters and financial reporting, as well as implementing our related party transaction policy. Our compensation committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements, including whether our compensation policies and programs have the potential to encourage excessive risk taking. Our nominating and corporate governance committee is responsible for overseeing our corporate governance practices and policies, including assessing the independence of our Board. Although each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through discussions from committee members about such risks. Our Board believes its leadership structure is consistent with and supports the administration of its risk oversight function.

Meetings of the Board of Directors

During 2018, our Board held eight meetings and acted by written consent two times. Each director attended at least 75% of the total number of meetings of our Board held during the period such director served and at least 75% of the total number of meetings held by any of the committees of our Board on which such director served during such period.

Although we do not have a formal policy requiring our directors to attend our annual meetings of stockholders, our directors are encouraged to attend these meetings. All seven directors attended our 2018 annual meeting of stockholders.

Executive Sessions

In accordance with the applicable NASDAQ listing standards, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Committees of our Board

Our Board has established three permanent committees: our audit committee; our compensation committee; and our nominating and corporate governance committee. Our Board has adopted written charters for each of these committees, all of which satisfy the applicable NASDAQ listing standards and are available on our website at <http://ir.appfolioinc.com>. The information included on or accessed through our website does not constitute part of this Proxy Statement and shall not be deemed to be “soliciting material” for purposes of the Securities and Exchange Act of 1934, as amended, or the Exchange Act. You should not consider such information in determining how to vote your shares. References in this Proxy Statement to our website address are inactive textual references only.

In addition, from time to time, special committees may be established under the direction of our Board when necessary to address specific issues. Members will serve on these committees until their resignation or until otherwise determined by our Board.

The composition and responsibilities of each of our three permanent committees are described below:

Audit Committee

Our audit committee, which met four times during 2018, currently consists of Messrs. Peters and von Blottnitz, and Ms. Kerr, each of whom has been determined to satisfy the independence and financial literacy requirements under applicable SEC rules and regulations and applicable NASDAQ listing standards. Mr. Peters serves as the Chairperson of our audit committee. Our Board has affirmatively determined that Mr. Peters is an “audit committee financial expert” within the meaning of Item 407(d) of Regulation S-K under the Securities Act of 1933, as amended, or the Securities Act.

Our audit committee is responsible for, among other things:

- selecting, retaining, terminating, compensating and overseeing the work of any independent registered public accounting firm engaged to prepare or issue an audit report or other audit, review or attest services;
- monitoring and evaluating the independent registered public accounting firm’s qualifications, performance and independence on an ongoing basis;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements;
- reviewing and discussing the adequacy and effectiveness of our auditing, accounting and financial reporting processes and systems of internal control that are followed by the independent registered public accounting firm, our internal audit function and our financial and senior management;
- establishing and overseeing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, including procedures for the confidential, anonymous submission by our employees regarding questionable accounting or auditing matters;
- investigating any matter within the scope of its duties brought to its attention and engaging independent counsel and other advisors as our audit committee deems necessary;

reviewing and approving related party transactions for potential conflict of interest situations on an ongoing basis; reviewing and assessing the adequacy of its written charter on an annual basis; and overseeing such other matters as are specifically delegated to our audit committee by our Board from time to time.

Compensation Committee

Our compensation committee, which met nine times during 2018, currently consists of Messrs. Rauth and von Blottnitz, and Ms. Kerr, each of whom has been determined to be an independent director under applicable SEC rules and regulations and applicable NASDAQ listing standards. Each member of our compensation committee is also a non-employee director, as defined by Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined by Section 162(m) of the Internal Revenue Code, or the Code. Mr. Rauth serves as Chairperson of our compensation committee.

Our compensation committee is responsible for, among other things:

assisting our Board in developing and reviewing the compensation programs and strategy applicable to our directors and senior management, and overseeing our overall compensation philosophy;

reviewing and recommending to our Board for approval our cash and equity incentive plans, including individual grants or awards thereunder;

reviewing and recommending to our Board for approval the terms of any employment agreement, severance or change-in-control arrangement, or other compensatory arrangement with any executive officers or other key employees;

reviewing and discussing with management the tables and narrative discussion regarding executive officer and director compensation to be included in our annual proxy statement, including such information included in this Proxy Statement;

reviewing and assessing the adequacy of its written charter on an annual basis; and

overseeing such other matters as are specifically delegated to our compensation committee by our Board from time to time.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee, which met five times during 2018, consists of Ms. Kerr and Messrs. Bliss and Peters, each of whom has been determined to be an independent director under applicable NASDAQ listing standards. Ms. Kerr serves as Chairperson of our nominating and corporate governance committee.

Our nominating and corporate governance committee is responsible for, among other things:

assisting our Board in identifying individuals qualified to become members of our Board, consistent with criteria approved by our Board;

recommending that our Board select the director nominees for election at each annual meeting of stockholders or filling newly created directorships and vacancies on our Board in accordance with our Governing Documents;

developing and recommending to our Board such corporate governance guidelines and procedures as the committee determines is appropriate from time to time;

overseeing the evaluation of our Board and of each committee of our Board;

generally advising our Board on corporate governance and related matters;

reviewing and assessing the adequacy of its written charter on an annual basis; and

overseeing such other matters as are specifically delegated to our nominating and corporate governance committee by our Board from time to time.

Stockholder Nomination of Directors

Stockholders may submit recommendations for director candidates to our nominating and corporate governance committee by sending the name and qualifications of the candidate(s) to AppFolio, Inc., 50 Castilian Drive, Santa Barbara, California 93117, Attn: Chief Financial Officer, and/or by email to cfo@appfolio.com. Our Chief Financial Officer will forward all recommendations to our nominating and corporate governance committee. Our nominating and corporate governance committee will review and consider any director candidate(s) recommended by our stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors, management, or any other party, so long as such directors have been nominated in accordance with the procedures set forth in our Governing Documents. We did not receive any director candidate recommendations from our stockholders in anticipation of the Annual Meeting. See the section of this Proxy Statement entitled “Additional Information - Procedures for Submitting Stockholder Proposals” for additional information.

Director Qualifications

Our nominating and corporate governance committee consults with other members of our Board and management in identifying and evaluating candidates for director. Our nominating and corporate governance committee and our Board believe candidates for director should have certain minimum qualifications. Consistent with the terms of our corporate governance guidelines, the current minimum selection criteria established by our nominating and corporate governance committee include, without limitation:

each director should be committed to enhancing long-term stockholder value and must possess a high level of integrity, personal and professional ethics, and sound business judgment;

each director should be free of any conflicts of interest which would violate applicable laws, rules, regulations or listing standards, conflict with any of our corporate governance policies or procedures, or interfere with the proper performance of his or her responsibilities;

each director should possess experience, skills and attributes which enhance his or her ability to perform duties on our behalf. In assessing these qualities, the nominating and corporate governance committee will consider such factors as (i) personal qualities, skills and attributes, (ii) expertise in specific business areas, including accounting, marketing, strategy, financial reporting or corporate governance, and (iii) professional experience in the software industry or similar industries. The nominating and corporate governance committee may also consider such other factors as it determines would reasonably be expected to contribute to the overall effectiveness of our Board;

each director should have the ability and willingness to devote the necessary time and effort to perform the duties and responsibilities of membership on our Board; and

each director should demonstrate an understanding that his or her primary responsibility is our stockholders, and that his or her primary goal should be to serve the best interests of those stockholders, and not his or her personal interest or the interest of a particular group or stockholder.

Other requirements that are expected to contribute to our Board’s overall effectiveness and meet the needs of our Board and its committees may also be considered. We value diversity on a company-wide basis and seek to achieve a diversity of professional experiences and personal backgrounds on our Board, but have not adopted a specific policy regarding board diversity.

Codes of Business Conduct and Ethics

We have adopted a code of business conduct and ethics relating to the conduct of our business that is applicable to all of our employees, officers and directors, as well as a separate code of business conduct and ethics that is applicable to our Chief Executive Officer and other senior financial officers, both of which are available on our website at <http://ir.appfolioinc.com>. We expect that any amendment to either code of business conduct and ethics, or any waivers of their respective requirements that are applicable to our executive officers or directors, will be disclosed on our website or in our future filings with the SEC.

Stockholder Communications with our Board

Our Board provides our stockholders the ability to communicate with our Board as a whole, and with our individual directors through an established process for stockholder communication. For a stockholder communication directed to our Board

as a whole, stockholders and other interested parties may send such communication to the attention of our Board at cfo@appfolio.com or via U.S. Mail or Expedited Delivery Service to AppFolio, Inc., 50 Castilian Drive, Santa Barbara, California 93117, Attn: Board of Directors c/o Chief Financial Officer. For a stockholder communication directed to an individual director in his or her capacity as a member of our Board, stockholders and other interested parties may send such communication to the attention of the individual director at cfo@appfolio.com or via U.S. Mail or Expedited Delivery Service to AppFolio, Inc., 50 Castilian Drive, Santa Barbara, California 93117, Attn: [Name of Individual Director] c/o Chief Financial Officer.

We will review all incoming stockholder communications and promptly forward such communications to the director(s) to whom such communications are addressed. We will generally not forward communications that are unrelated to the duties and responsibilities of our Board, including communications that we determine to be primarily commercial in nature, product or service complaints or inquires, and materials that are patently offensive or otherwise inappropriate.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee is or has ever been an officer or employee of our company or any of its subsidiaries. Except as disclosed in the section of this Proxy Statement entitled “Related Party Transactions,” none of the members of our compensation committee had any relationship with our company requiring disclosure under Item 404 of Regulation S-K, nor is any such relationship currently contemplated. None of our executive officers currently serves, or in the past year has served, as a member of the Board of Directors or compensation committee (or other committee performing equivalent functions) of any entity that has one or more executive officers serving on our Board or compensation committee.

We have entered into an indemnification agreement with each of our directors, including each of the members of our compensation committee. See the section of this Proxy Statement entitled “Related Party Transactions” for additional information.

Director Compensation Policy

Under our Board approved director compensation policy, we pay our non-employee directors a cash retainer for service on our Board and for service on each committee on which the director is a member. The Chairperson of each committee receives a higher retainer for such service, although the Chairperson of our Board currently receives the same retainer as the other directors.

The fees we pay to our non-employee directors for service on our Board and for service on each committee are as follows (Chairperson annual retainers are in lieu of, and not in addition to, director annual retainers):

	Director Annual Retainer	Chairperson Annual Retainer
Board of Directors	\$30,000	\$30,000
Audit Committee	7,500	15,000
Compensation Committee	5,000	10,000
Nominating and Corporate Governance Committee	5,000	10,000

In addition, each non-employee director receives an annual restricted stock grant of our Class A Common Stock with a fair market value of \$100,000. Each grant will vest in full on the one-year anniversary of the grant date, subject to the director’s continuous service. Restricted stock grants are expected to be made annually, with the number of shares granted to be based on the fair market value of our Class A Common Stock on the grant date. All unvested shares of restricted stock granted to the non-employee directors pursuant to the policy will immediately vest in full upon a change-in-control transaction. All restricted stock grants to our non-employee directors are expected to be made pursuant to the 2015 Stock Incentive Plan, or the 2015 Plan. No director held outstanding stock awards or options as of December 31, 2018. See the section of this Proxy Statement entitled “Compensation Discussion and Analysis - Stock Incentive Plans - 2015 Stock Incentive Plan” for additional information.

Notwithstanding the foregoing, our non-employee directors who beneficially own 5% or more of the outstanding shares of our Class A Common Stock or Class B Common Stock will not be eligible to participate in our director compensation policy. Accordingly, Messrs. Bliss and Rauth are not currently eligible to receive compensation pursuant to our director compensation policy.

We have agreed to reimburse all of our non-employee directors for reasonable travel and out-of-pocket expenses incurred in connection with attending our Board and committee meetings as well as continuing director education.

16

Our directors who are also our employees receive no additional compensation for their service as directors, and none of such directors serves on any of our standing Board committees. During 2018, and as of the date of this Proxy Statement, Messrs. Randall and Schauser were our employees.

Director Compensation Table

The following table provides information regarding the total compensation that was granted or paid to each of our directors who was neither our employee nor a beneficial owner of 5% or more of the outstanding shares of our Class A Common Stock or Class B Common Stock (which directors were not entitled to compensation for their membership on our Board under our director compensation policy) during 2018:

Directors Eligible to Receive Compensation	Fees Earned or Paid in Cash ⁽¹⁾	Restricted Stock Awards		Total Compensation
		Valuation ⁽²⁾	Shares ⁽³⁾	
Janet Kerr	\$52,500	\$100,000	1,638	\$ 152,500
James Peters	50,000	100,000	1,638	150,000
Andreas von Blottnitz	42,500	100,000	1,638	142,500

(1) Amounts in this column reflect the total cash retainer earned by each director for Board and committee service during 2018.

Amounts shown in this column do not necessarily reflect the actual value realized or to be realized by the directors or the amount of stock-based compensation expense reported within our consolidated financial statements. Instead, these amounts reflect the total grant date fair market value of each restricted stock grant computed in accordance

(2) with the provisions of Financial Accounting Standards Board's Accounting Standard Codification 718, or ASC 718.

Assumptions used in the calculation of these amounts are included in Note 2 of the notes to our consolidated financial statements included in our 2018 Annual Report. As required by SEC rules and regulations, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions.

(3) Amounts in this column reflect the aggregate number of shares of restricted stock granted to the directors during 2018 pursuant to our director compensation policy. Each of these shares of Class A Common Stock will vest in full on June 27, 2019, the one-year anniversary of the grant date, and are subject to repurchase until then.

Reviewed and discussed the audited financial statements with management and PwC;

Discussed with PwC the matters required to be discussed by the PCAOB Auditing Standard No. 1301, "Communication with Audit Committees"; and

Received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB, including Rule 3526 "Communication with Audit Committees Concerning Independence," regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with PwC its independence.

Based on the audit committee's review and discussions with management and PwC, the audit committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC.

Respectfully submitted by the members of the audit committee of the Board of Directors:

James Peters (Chairperson)

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis explains the compensation philosophy behind the elements that made up our named executive officer compensation program in 2018, or our NEO Compensation Program, and is intended to provide context for the considerations underlying the compensation paid to our NEOs in 2018. This Compensation Discussion and Analysis should be read together with the Summary Compensation Table and related compensation tables, notes and narrative discussion set forth below. This discussion is divided into the following parts:

I. Named Executive Officers

II. Compensation Philosophy

III. Elements of our NEO Compensation Program

IV. Other Compensation-Related Topics

I. Named Executive Officers

Our named executive officers, which we refer to as NEOs for purposes of this section, include our principal executive officer, our principal financial and accounting officer and our two other executive officers who were serving as executive officers as of December 31, 2018. For 2018, our NEOs were as follows:

Name	Position
Jason Randall	President, Chief Executive Officer, and Director (Principal Executive Officer)
Ida Kane	Chief Financial Officer (Principal Financial and Accounting Officer)
Klaus Schauser	Chief Strategist, Founder and Director
Jonathan Walker	Chief Technology Officer and Founder

II. Compensation Philosophy

We recognize that there is significant competition for qualified executives within our industry, especially in California where our headquarters are located, and it can be particularly challenging for companies to recruit executive officers of the caliber necessary to achieve our short-term and long-term strategic objectives. The primary objective of our NEO Compensation Program is to provide a total compensation package designed to attract, motivate and retain executive officers with the skills, energy and commitment required to achieve our short-term and long-term strategic objectives, which we believe will positively impact long-term value for our stockholders. Our NEO Compensation Program provides a total compensation package, composed of a mix of cash and equity compensation, as well as guaranteed and performance based compensation, that we believe is required and appropriate to attract, motivate and retain such executive officers. We promote a strong alignment of the interest of our executives with those of our stockholders by tying a significant portion of total compensation to the achievement of long-term strategic objectives which we believe will drive long-term value for our stockholders. From time to time, we consider appropriate changes to our NEO Compensation Program and applicable performance metrics to reflect the evolving needs of our business.

Guiding Principles of our NEO Compensation Program

When evaluating our NEO Compensation Program each year, the Compensation Committee, which we refer to as the Committee for purposes of this section, and our Board of Directors, or our Board, is generally guided by the following principles that they believe align closely with our compensation philosophy:

Goal	How Our Program Achieves That Goal
Attract, Motivate and Retain our NEOs	<p>Attract, motivate and retain executive officers with the skill, energy and commitment required to achieve our strategic objectives, which we believe will drive long-term value for our stockholders.</p> <p>Retain our qualified executive officers by offering compensation that is generally competitive with other companies in our industry and geographic region that are of a similar size and stage of growth.</p>
Align Interests with Stockholders	<p>Align the interests of our executive officers with those of our stockholders by tying a significant portion of total compensation to the achievement of long-term strategic objectives which we believe will drive long-term value for our stockholders.</p> <p>Offer a significant portion of the total compensation opportunity in the form of performance based compensation that is at-risk instead of guaranteed.</p>
Reward Achievement through Performance Based Compensation	<p>Ensure performance based compensation is directly correlated to the achievement of our short-term and long-term strategic objectives, and provide meaningful incentives for achieving those objectives.</p> <p>Ensure that the total compensation opportunity is appropriate for each executive given their respective scope of responsibilities and ability to impact results.</p>

Roles of our Compensation Committee and our Board of Directors

The Committee is comprised solely of independent directors under applicable SEC rules and regulations and NASDAQ Listing Rules. The Committee’s primary responsibility is to assist our Board in developing and reviewing our NEO Compensation Program and compensation considerations applicable to our directors and senior executives, and overseeing our overall compensation philosophy. In particular, the Committee is responsible for reviewing and recommending to our Board for approval the compensation and benefits paid to, and any other compensatory arrangements entered into with, our directors and senior executives, and for administering our cash and equity compensation plans and the awards granted under those plans. In discharging its responsibility to ensure that our NEO Compensation Program is effectively designed in light of our compensation philosophy, the Committee regularly assesses each element of, and considers changes to, our NEO Compensation Program.

All of the members of our Board, other than Messrs. Randall and Schausser, are independent directors under applicable SEC rules and regulations and NASDAQ Listing Rules. Our Board works with the Committee to develop our NEO Compensation Program, reviews the recommendations made by the Committee and provides final approval of the elements of our NEO Compensation Program. Both the Committee and our Board are comprised of several of our most significant stockholders, which makes them uniquely representative of the interests of our stockholders, providing even greater emphasis on aligning stockholder interests with those of management.

2018 Base Salaries

The following table sets forth the 2018 base salaries paid to our NEOs. There were no changes to NEO base salaries as compared to 2017, because we believe meaningful compensation opportunity has been provided through other elements of our NEO Compensation Program.

Ida Kane	\$340,000
Klaus Schauser	\$150,000

Short-Term Cash Incentive Plan

In 2018, our Board, upon recommendation of the Committee, adopted the 2018 Short-Term Cash Incentive Plan, in connection with which it established target cash bonuses for each NEO based on achievement relative to a

pre-established target related to a free cash flow metric for fiscal year 2018, or the Performance Target, and, with respect to Mr. Walker only, based on achievement of individual pre-determined MBOs.

The following is an overview of the at-risk, performance-based Short-Term Cash Incentive Plan for our NEOs in 2018, including the underlying philosophy and considerations that provide the basis for incorporating this element into our NEO Compensation Program:

Accordingly, 280% of the MBO portion of his bonus opportunity was earned.</p>

Target Cash Bonus Amount

Our Board established a target cash bonus amount for each NEO for 2018, which was determined by our Board by reference to a number of factors, including the executive’s responsibilities, base salary, our projected financial performance, and a review of compensation data in our industry. For 2018, each of our NEOs was eligible to receive a cash bonus as set forth in the following table (base salary provided for reference):

Name	Base Salary	Target Cash Bonus Amount
Jason Randall	\$360,000	\$360,000
Ida Kane	\$340,000	\$340,000
Klaus Schauer	\$150,000	\$87,500
Jonathan Walker ⁽¹⁾	\$250,000	\$150,000

⁽¹⁾ Represents \$100,000 target cash bonus with respect to achievement of the Performance Target and \$50,000 target cash bonus with respect to achievement of his MBOs.

Performance Target

Cash bonuses were earned under the 2018 Short-Term Cash Incentive Plan based entirely on our achievement of a pre-established Performance Target, except with respect to Mr. Walker, whose bonus opportunity was also based in part on his individual achievement of pre-determined MBOs. The portion of the short-term cash bonus opportunity that relates to the Performance Target could be earned based on our Company's actual performance relative to the Performance Target. For 2018, we selected a metric that related to free cash flow as our performance metric because our Board believed that it was important to focus on profitable growth. For 2018, the Performance Target was \$26.9 million.

For performance below 90% of the Performance Target (threshold), no cash bonus could be earned. For performance equal to 100% of the Performance Target (target), 100% of the target cash bonus was achievable. For performance equal to or greater than 150% of the Performance Target (maximum), 150% of the target cash bonus was achievable. For performance between 90% and 150% of the Performance Target, the cash bonus was determined by reference to a sliding payout scale that was established by our Board. Our Board determined our actual achievement of the Performance Target by reference to our audited financial statements for 2018, as adjusted by our Board to reflect certain pre-determined items, including the impact of changes in accounting standards and M&A-related transaction activity, which our Board believes do not reflect the core performance of our business. In addition, achievement relative to the Performance Target was calculated without taking into account the impact of over-performance, and the resulting bonus payouts.

Management by Objectives (MBOs)

The MBOs comprise a portion of the total short-term cash bonus opportunity for Mr. Walker. These objectives were individualized to Mr. Walker due to the nature of his role at our Company. For 2018, Mr. Walker's MBOs related to objectives designed to promote certain financial management goals related to customer growth from new technology offerings.

Calculation of Actual Payout under the 2018 Short-Term Cash Incentive Plan

Consistent with the application of the bonus payout formula described above, and upon completion of the 2018 annual audit and confirmation by our audit committee, our Board determined that we achieved 101% of the Performance Target, or \$26.93 million in 2018. As a result, each of our NEOs earned 101% of the total short-term cash bonus opportunity based on achievement relative to the Performance Target.

In addition, our Board determined that the MBOs were achieved by Mr. Walker significantly above the target level, which reflects the execution of his critical management objectives, significantly above expectations. Mr. Walker's MBO had a threshold and target performance level, but no maximum performance level. With respect to the total short-term cash bonus opportunity that was based on achievement of his MBOs, he earned 280% of target.

The target payout amount, as well as the actual payments made to each NEO pursuant to the 2018 Short-Term Cash Incentive Plan are as follows:

Name	Objective	Target Cash Bonus Amount	2018 Actual Payout
Jason Randall	Performance Target	\$360,000	\$363,600
Ida Kane	Performance Target	\$340,000	\$343,400
Klaus Schauser	Performance Target	\$87,500	\$88,375
Jonathan Walker	Performance Target	\$100,000	\$101,000
	MBO	\$50,000	\$140,000

Long-Term Executive Cash Incentive Plan

In February 2018, our Board, upon recommendation of the Committee, adopted the Long-Term Executive Cash Incentive Plan, in connection with which it granted performance awards, or the Long-Term Awards, pursuant to a Long-Term Executive Cash Incentive Award Offer entered into with Mr. Randall and Ms. Kane, or the Recipients. The Long-Term Executive Cash Incentive Plan is designed to reward the Recipients for their individual contributions to our achievement of one or more long-term

company performance objectives which our Board may adjust at its discretion under certain circumstances, over a specified period of time, or the Performance Period.

The following is an overview of the at-risk, performance-based Long-Term Executive Cash Incentive Plan and the Long-Term Awards including the underlying philosophy and considerations that provide the basis for incorporating this element into our NEO Compensation Program:

Long-Term Executive Cash Incentive Plan

At-Risk, Performance-Based Cash Compensation

Philosophy	Considerations	Performance Criteria	Pay for Performance
Retain Executives Long-term focus provides greater retention benefits over time, and consistent leadership from a team with a long-term vision and commitment to our Company.	Establishes the terms upon which long-term cash incentive bonuses may become payable to the Recipients. The plan is not applicable to any other of our executive officers or employees. Based on achievement of long-term Company performance targets to ensure the Recipients are focused on our long-term strategic objectives.	Designed to reward the Recipients for their contributions towards achieving profitable growth that results in increased "economic value" on a per share basis, or EVPS, over the next eight years. Bonus payout is based on actual increase in EVPS measured as of December 31, 2023, 2024 and 2025, so long as such increase reflects the achievement of a threshold internal rate of return.	Because bonus payout is dependent on our performance relative to an internal rate of return that results in increases in EVPS over a period of multiple years into the future, any bonus amounts that may become payable upon achievement of the pre-established performance objectives are highly speculative and we are currently unable to predict a reasonable range for the bonus amounts with any degree of certainty.
Reward Achievement through Performance Based Compensation Establish appropriate performance objectives that we believe will incentivize our NEOs to drive our Company to achieve our long-term strategic objectives.	Granted in lieu of additional equity incentive awards; the Board currently does not intend to issue additional equity awards to the Recipients while this plan is in effect.	If the actual increase in EVPS at the end of any Performance Period reflects the achievement of a low internal rate of return, no cash bonuses will be paid pursuant to the Long-Term Awards for that Performance Period. However, if the actual increase in EVPS as of the end of any Performance Period reflects the achievement of a high internal rate of return, and therefore significant economic value added, the cash bonuses paid to the Recipients would be significant.	No accrual has yet been made under the plan, as a result of this uncertainty.
Align Interests with Stockholders Align the interests of executives with those of our stockholders by tying bonus payout to Company performance which we believe will positively impact long-term value for our stockholders.	Payment of any cash bonus amount will be contingent upon the Recipient remaining continuously employed as our executive officer through the last day of the relevant Performance Period, subject to limited exceptions. Recipients are provided with significant additional motivation to contribute to our achievement of our long-term strategic objectives, which we		

believe will increase our economic value per share and ultimately the value of the equity held by our stockholders, including Recipients themselves.

Employee Benefits

The following table provides summary information regarding the key employee benefits available to our NEOs during 2018:

Employee Benefits

Guaranteed Other Compensation

Philosophy	Considerations	Performance Criteria
<p>Attract and Retain Executives Provide our NEOs with competitive broad-based employee benefits structured to attract and retain key executives.</p>	<p>Generally reflect benefits provided to all of our full-time employees.</p>	<p>401(k) plan for the benefit of our eligible employees, including our NEOs. In 2018, we increased the amount by which we match contributions made by participants in our 401(k) plan from (i) 50% of the first 4% of eligible compensation contributed by the employee to (ii) 50% of the first 6% of eligible compensation contributed by the employee. Employees who participate in the 401(k) plan are immediately vested in their own contributions while the employer match vests at a rate of 25% per year until they vest 100% after four years of service.</p> <p>Medical, dental, vision and other welfare benefit plans for all full-time employees, with certain enhanced health-related reimbursement benefits for certain executives, including our NEOs.</p> <p>Company-paid short and long-term disability insurance and life insurance for all full-time employees, with certain enhanced life insurance benefits for executives and vice presidents, including our NEOs.</p>

Relocation expenses for new hires.

Employment Agreements and Similar Arrangements

We currently do not have employment agreements or other similar types of arrangements with any of our NEOs.

Change in Control Provisions

The following are the only severance or change in control provisions that are applicable to our NEOs.

Optional Payments under Long-Term Awards

The Long-Term Awards provide that each Recipient has the option to receive a one-time cash payment in lieu of the Long-Term Award in the event that: (i) we undergo a "change in control", (ii) the Recipient has been continuously employed by us through the date of the change in control, and (iii) within one hundred and eighty (180) days after the change in control the Recipient is either involuntarily terminated by us, with or without cause, or voluntarily resigns from his or her employment with us. The amount of the cash bonus to be paid under these circumstances is dependent upon the year in which the change in control occurs (assuming the other conditions are met). If the change in control had occurred during 2018, each Recipient would have been entitled to a cash bonus, payable by our Company, of \$1,000,000, which amount will increase by \$1,000,000 per year for each year thereafter through 2022, with the amount payable in 2022 then continuing to be payable in 2023 with no additional increase. If a change in control occurs after a Performance Period ending December 31, 2023, 2024 or 2025, and the Recipient elects such one-time cash payment, in addition to such one-time payment, the Recipient will be entitled to retain any payments previously made to them under the Long-Term Awards for any Performance Period preceding such change in control.

A "change in control" will occur if, at any point in time, a stockholder, or a group of affiliated stockholders, have total combined voting power greater than the total combined voting power of the NEOs, and certain directors and certain other stockholders of the Company, and the affiliates of such directors and stockholders. The Board shall, in its sole discretion, determine if such point in time has occurred.

Equity Award Acceleration

Each of our 2015 Stock Incentive Plan, or our 2015 Plan, and 2007 Stock Incentive Plan, or our 2007 Plan, provides for acceleration of equity awards under the plan under certain circumstances in connection with a change in control.

Pursuant to our 2015 Plan, if we are party to a merger or consolidation, sale of all or substantially all our assets or similar change in control transaction, as further defined in our 2015 Plan, outstanding awards, including any vesting provisions, may be assumed or substituted by the successor company. In the alternative, outstanding awards may be cancelled in connection with a cash payment. Outstanding awards that are not assumed, substituted or cashed out will accelerate in full and expire upon the closing of the transaction. Awards held by non-employee directors will immediately vest as to all or any portion of the shares subject to the award and will become exercisable at such times and on such conditions as the Committee determines.

With respect to stock options and restricted stock awards previously granted under our 2007 Plan, our Board has the authority to provide that, in the event of a "change in control," as defined in our 2007 Plan, vesting of stock options and restricted stock will accelerate automatically, effective as of immediately prior to the change in control. Our Board has the discretion to provide other terms and conditions in individual equity award agreements that relate to the vesting of the stock options and restricted stock awards upon a change in control, or for the assumption of stock options or restricted stock awards in the event of a change in control. Outstanding stock options terminate upon a change in control except to the extent they are assumed upon a change in control.

IV. Other Compensation-Related Topics

Role of Executive Officers in Executive Compensation Discussions

The members of the Committee are in the best position to assist our Board in developing and reviewing our executive compensation programs and the compensation considerations applicable to our directors and executive officers, because each is an independent director under applicable SEC rules and regulations and NASDAQ Listing Rules, and a majority are significant stockholders of our Company. Nevertheless, the Committee may from time to time solicit the input of our CEO and CFO regarding compensation for our other executive officers, particularly with respect to salary, cash bonus opportunity and equity awards. While our CEO and CFO may participate in some deliberations regarding compensation for our other executive officers, they do not participate in, and are not present at, any deliberations regarding their own compensation. The Committee considers the information provided by our CEO and CFO in making recommendations regarding executive compensation to our Board.

Compensation Risk Considerations

In assessing our overall compensation philosophy and the elements of our executive compensation programs, we consider how our programs may encourage risk-taking by employees, taking into account a number of factors, including the following:

The Committee and our Board are comprised of significant stockholders and stockholder representatives who have significant influence on our compensation practices, which results in an alignment of our compensation practices with the interests of our stockholders.

We favor long-term incentive compensation over short-term incentive compensation in order to promote achievement of our long-term corporate objectives.

Our Long-Term Executive Cash Incentive Plan is directly aligned with, and designed to enhance, stockholder value, with the performance objectives focused on increased economic value over time as measured on a per share basis.

We focus on limiting equity dilution through conservative use of equity compensation. While we continue to grant equity to certain senior management, no grants of equity-based awards were made to our NEOs in 2018 because of our overall focus on limiting dilution, and the significant incentives already provided to our NEOs under our short-term and long-term cash incentive plans.

Our executive compensation programs consist of both guaranteed pay and at-risk pay, and the Committee reviews this mix regularly.

We regularly review data regarding the executive compensation programs of other companies in our industry of a similar size and stage, as well as larger companies headquartered in California, to ensure alignment with our

executive compensation programs and market competitiveness. While we did not engage a compensation consultant in 2018, we did review and consider data from both targeted and broader-based compensation surveys in order to gain a broader perspective on overall market trends. However, we did not set a peer group for 2018, and thus did not benchmark executive compensation against a peer group for purposes of setting any specific element of compensation or total compensation.

- Our performance based awards are earned based on the achievement of multiple Company strategic objectives over varying periods of time, as well as, in some cases, individual performance objectives.

By providing for potentially significant payouts to the Recipients, our Long-Term Executive Cash Incentive Plan encourages retention for so long as the Recipients perceive it to be reasonably possible to achieve the company performance objectives, as they may evolve over time. While such payouts could be substantial over time, they are limited to our two most senior executives, and will be closely correlated with increases in stockholder value.

Beginning this year, we are recommending that our stockholders choose to provide an advisory vote on our pay practices on an annual basis, and the Committee will consider the outcome of the vote when establishing our annual NEO Compensation Program.

• Our Insider Trading Policy prohibits our NEOs and other executive officers from hedging the economic interest in our securities, and from pledging our securities.

• We have not adopted formal stock ownership guidelines, but a significant portion of our Board and NEOs hold a substantial equity stake in our Company.

• Our change in control arrangements are designed to attract and retain executives without providing excessive benefits. Our Board believes that, although the majority of the compensation opportunity provided to our executives is at-risk pay that is determined based upon the achievement of our short-term and long-term strategic objectives, our executive compensation programs do not encourage excessive or unnecessary risk-taking. Our Board does not believe that our executive compensation programs are reasonably likely to have a material adverse effect on us.

Tax and Accounting Considerations

Among the factors it considers when making executive compensation recommendations, the Committee considers the anticipated tax and accounting impact to us (and to our executives) of various payments, equity awards and other benefits.

The Committee considers the impact of the provisions of Section 162(m) of the Code. That section generally limits the deductibility of compensation paid by a publicly-held company to "covered employees" for a taxable year to \$1.0 million, except for certain "performance-based compensation" payable pursuant to written contracts that were in effect on November 2, 2017 and that are not modified in any material respect on or after that date. "Covered employees" generally include our CEO, CFO and other highly compensated executive officers. Thus our tax deduction with regard to compensation of these officers is limited to \$1.0 million per taxable year with respect to each such officer, except for cash and equity awards that were in effect on November 2, 2017 and qualified for the aforementioned exception to non-deductibility under Section 162(m) of the Code. With respect to cash incentive and equity awards that may not qualify for such exception and those that we may grant in the future, we do not anticipate that the \$1.0 million deduction limitation set forth in Section 162(m) of the Code will have a material impact on our results of operations. The Committee also considers the impact of Section 409A of the Code, and in general, our executive plans and programs are designed to comply with the requirements of that section so as to avoid possible adverse tax consequences that may result from noncompliance.

Although we review and consider the tax and accounting laws, rules, and regulations that may impact our executive compensation programs, we believe it is not in the best interests of our stockholders to restrict our Board's and the Committee's discretion and flexibility in developing appropriate executive compensation programs.

Amounts in the "Estimated Possible Payouts Under Non-Equity Incentive Plan Awards" columns relate to a cash incentive compensation opportunity under our 2018 Short-Term Cash Incentive Plan. For performance below 90% of the pre-established target related to free cash flow for fiscal year 2018, or the Performance Target, no cash bonus could be earned. For performance equal to 100% of the Performance Target, 100% of the target cash bonus was achievable. For performance equal to or greater than 150% of the Performance Target, 150% of the target cash bonus was achievable. For performance between 90% and 150% of the Performance Target, the cash bonus was to be determined by reference to a sliding payout scale that was established by our compensation committee. The actual amounts paid to our named executive officers are set forth in the Summary Compensation Table above, and the calculation of the actual amounts paid is discussed more fully in the section of this Proxy Statement entitled "Compensation Discussion and Analysis - 2018 Short-Term Cash Incentive Plan."

In February 2018, our Board, upon recommendation of our compensation committee, adopted a Long-Term Executive Cash Incentive Plan which was designed to reward Mr. Randall and Ms. Kane for their individual contributions to our achievement of an increase in "economic value" on a per share basis, or EVPS, over time, which reflects an internal rate of return measured at December 31, 2023, 2024 and 2025. Because the actual amount of the cash bonuses to be paid under the Long-Term Executive Cash Incentive Plan, if any, is dependent on our performance relative to an internal rate of return that results in increases in EVPS over a period of multiple years into the future, any cash bonus amounts that may become payable upon achievement of the pre-established performance objectives are highly speculative and we are currently unable to predict a reasonable range for potential future payments under the plan with any degree of certainty. Please refer to the section of this Proxy Statement entitled "Compensation Discussion and Analysis - Long-Term Executive Cash Incentive Plan" for more information.

Reflects potential payouts under our 2018 Short-Term Cash Incentive Plan, which, for Mr. Walker, includes achievement relative to the Performance Target and individual MBOs. The Performance Target component of the bonus opportunity had a maximum payout of \$150,000, while the MBO portion of the bonus opportunity had no maximum payout amount.

Potential Payments upon Termination or Change in Control

We currently do not have employment agreements, severance agreements, change-in-control agreements or other similar types of arrangements that are unique to our named executive officers, except those that provide for acceleration of certain cash awards, as described above in the section of this Proxy Statement entitled "Compensation Discussion and Analysis - Change in Control." As set forth in that section, if we had undergone a change in control as of December 31, 2018, Mr. Randall and Ms. Kane would have each been entitled to an option to receive a one-time cash payment of \$1,000,000, payable by our Company. None of our other named executive officers are entitled to receive any payments upon a change in control, except those related to the acceleration of their outstanding equity awards, which acceleration would occur on the same terms as applicable to all employees holding equity awards under

our 2007 Plan and 2015 Plan.

EQUITY COMPENSATION PLAN INFORMATION

Our Board and stockholders previously adopted the 2015 Plan, our Employee Stock Purchase Plan, or the ESPP, and the 2007 Stock Incentive Plan, or the 2007 Plan. Our Board and stockholders adopted the ESPP in June 2015. However, as of December 31, 2018, the ESPP had not been implemented, and it is not expected to be implemented during 2019. Our Board and stockholders adopted the 2007 Plan in February 2007, and the 2007 Plan expired by its terms in February 2017.

We expect to continue to issue equity awards pursuant to our 2015 Plan, a summary of which is set forth below.
2015 Stock Incentive Plan

Plan Approval. Our Board and stockholders adopted the 2015 Plan in June 2015.

Authorized Shares. We originally reserved an aggregate of 2,000,000 shares of our Class A Common Stock for issuance under the 2015 Plan. The number of shares reserved for issuance will increase automatically on January 1 of each calendar year beginning in 2016 and continuing through 2025 by the lesser of (i) the number of shares of our Class A Common Stock subject to awards granted under the 2015 Plan during the preceding calendar year, or (ii) the number of shares of our Class A Common Stock determined by our Board. The number of shares of our Class A Common Stock is also subject to adjustment in the event of a recapitalization, stock split, reclassification, stock dividend or other change in our capitalization. As of January 1, 2019, 2,000,000 shares of our Class A Common Stock were reserved for issuance under the 2015 Plan. In addition, the following shares of our Class A Common Stock will be available for grant and issuance under the 2015 Plan:

shares subject to stock options or stock appreciation rights, or SARs, granted under the 2015 Plan that cease to be subject to the stock option or SAR for any reason other than exercise of the stock option or SAR;

shares subject to awards granted under the 2015 Plan that are subsequently forfeited or repurchased by us at the original issue price;

shares subject to awards granted under the 2015 Plan that otherwise terminate without shares being issued;

shares surrendered, canceled, or exchanged for cash or a different award (or combination thereof); and

shares subject to awards under the 2015 Plan that are used to pay the exercise price of an award or withheld to satisfy the tax withholding obligations related to any award.

Plan Administration. The 2015 Plan will be administered by our compensation committee, all of the members of which are independent directors under the applicable NASDAQ listing standards, or by our Board acting in place of our compensation committee. Our compensation committee will have the authority to construe and interpret the 2015 Plan, grant awards and make all other determinations necessary or advisable for the administration of the 2015 Plan.

Awards and Eligible Participants. The 2015 Plan authorizes the award of stock options, SARs, restricted stock awards or RSUs, performance awards and stock bonuses. The 2015 Plan provides for the grant of awards to our employees, directors, consultants and independent contractors, subject to certain exceptions. No person will be eligible to receive more than 500,000 shares of our Class A Common Stock under the 2015 Plan in any calendar year other than a new employee, who will be eligible to receive no more than 750,000 shares of our Class A Common Stock under the 2015 Plan in the calendar year in which the employee commences employment. No participant will be eligible to receive more than \$2,000,000 in performance awards in any calendar year under the 2015 Plan. No more than 5,000,000 shares of our Class A Common Stock will be issued under the 2015 Plan pursuant to the exercise of incentive stock options.

Stock Options. The 2015 Plan permits us to grant incentive stock options and non-qualified stock options. The exercise price of stock options will be determined by our compensation committee, and may not be less than 100% of the fair market value of our Class A Common Stock on the date of grant, subject to certain exceptions. Our compensation committee has the authority to reprice any outstanding stock option (by reducing the exercise price, or canceling the stock option in exchange for cash or another equity award) under the 2015 Plan without the approval of our stockholders. Stock options may vest based on the passage of time or the achievement of performance conditions in the discretion of our compensation committee. Our compensation committee may provide for stock options to be exercised only as they vest or to be immediately exercisable with any shares issued on exercise being subject to our

right of repurchase that lapses as the shares vest. The maximum term of stock options granted under the 2015 Plan is 10 years.

34

Stock Appreciation Rights. SARs provide for a payment to the holder, in cash or shares of our Class A Common Stock, based upon the difference between the fair market value of our Class A Common Stock on the date of exercise and the stated exercise price on the date of grant, up to a maximum amount of cash or number of shares. SARs may vest based on the passage of time or the achievement of performance conditions in the discretion of our compensation committee. Our compensation committee has the authority to reprice any outstanding SAR (by reducing the exercise price, or canceling the SAR in exchange for cash or another equity award) under the 2015 Plan without the approval of our stockholders.

Restricted Stock Awards. A restricted stock award represents the issuance to the holder of shares of our Class A Common Stock, subject to the forfeiture of those shares due to failure to achieve certain performance conditions or termination of employment. The purchase price, if any, for the shares will be determined by our compensation committee. Unless otherwise determined by the administrator at the time of award, vesting will cease on the date the holder no longer provides services to us and unvested shares will be forfeited to or repurchased by us.

Restricted Stock Units. RSUs represent the right on the part of the holder to receive shares of our Class A Common Stock at a specified date in the future, subject to forfeiture of that right due to failure to achieve certain performance conditions or termination of employment. If a RSU has not been forfeited, then, on the specified date, we will deliver to the holder of the RSU shares of our Class A Common Stock, cash or a combination of cash and shares of our Class A Common Stock.

Performance Awards. Performance awards cover a number of shares of our Class A Common Stock that may be settled upon achievement of performance conditions as provided in the 2015 Plan in cash or by issuance of the underlying common stock. These awards are subject to forfeiture prior to settlement due to failure to achieve certain performance conditions or termination of employment.

Stock Bonuses. Stock bonuses may be granted as additional compensation for past or future service or performance and, therefore, no payment will be required for any shares awarded under a stock bonus. Unless otherwise determined by our compensation committee at the time of award, vesting will cease on the date the holder no longer provides services to us and unvested shares will be forfeited to us.

Change in Control. If we are party to a merger or consolidation, sale of all or substantially all our assets or similar change-in-control transaction, outstanding awards, including any vesting provisions, may be assumed or substituted by the successor company. In the alternative, outstanding awards may be cancelled in connection with a cash payment. Outstanding awards that are not assumed, substituted or cashed out will accelerate in full and expire upon the closing of the transaction. Awards held by non-employee directors will immediately vest as to all or any portion of the shares subject to the award and will become exercisable at such times and on such conditions as our compensation committee determines.

Amendment; Termination. The 2015 Plan will terminate 10 years from the date our Board approved it, unless it is terminated earlier by our Board. Our Board may amend, suspend or terminate the 2015 Plan at any time, subject to compliance with applicable law.

Summary of Equity Compensation Plans

The following table sets forth information regarding our stock incentive plans as of December 31, 2018:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and RSUs	Weighted-average Exercise Price of Outstanding Options ⁽¹⁾	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans

Total	2,187,632	\$ 11.31	2,314,123
-------	-----------	----------	-----------

The weighted-average exercise price is calculated based solely on the exercise prices of the outstanding options to (1) purchase shares of our common stock. It does not reflect the shares of our common stock that will be issued upon the vesting of outstanding RSUs, which have no exercise price.

(2) These plans consist of the 2007 Plan, the 2015 Plan and the ESPP.

(3) Includes 532,978 shares of Class B Common Stock subject to outstanding awards granted under the 2007 Plan, all of which were outstanding options, and 1,654,654 shares of Class A Common Stock subject to outstanding awards granted under the 2015 Plan, of which 980,192 were outstanding options and 674,462 were outstanding RSUs.

(4) Includes 1,814,123 shares of Class A Common Stock available for issuance under the 2015 Plan and 500,000 shares of Class A Common Stock available for issuance under the ESPP. The number of shares available for issuance under the 2015 Plan increases automatically on January 1st of each year during the term of the 2015 Plan by an amount equal to the number of shares granted under the 2015 Plan during the preceding year or such lesser number that is approved by our Board. Accordingly, effective as of January 1, 2018, the aggregate number of shares available for issuance under the 2015 Plan was 2,000,000 shares. In addition, the number of shares available for issuance under the ESPP increases automatically on January 1st of each year during the term of the ESPP by an amount equal to the number of shares issued or transferred pursuant to rights granted under the ESPP during the preceding year or such lesser number that is approved by our Board. No shares have been issued or transferred pursuant to rights granted under the ESPP and as a result, the number of shares available for issuance under the ESPP did not increase as of January 1, 2018.

Section 16 of the Exchange Act requires our directors, executive officers and persons who own more than 10% of our Class A Common Stock or Class B Common Stock, which we collectively refer to as our reporting persons, to report to the SEC on a timely basis their initiation status as a reporting person and any changes in their respective beneficial ownership of our registered equity securities.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations from our reporting persons, we believe that during 2018, all of our reporting persons complied with all applicable SEC filing requirements under Section 16 of the Exchange Act.

RELATED PARTY TRANSACTIONS

Certain Relationships and Transactions

Other than the transactions discussed below, and the various compensation arrangements described in the section of this Proxy Statement entitled “Compensation Discussion and Analysis,” since January 1, 2018, there was not, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party for which the amount involved exceeds or will exceed \$120,000 and in which any director, director nominee, executive officer, holder of more than 5% of Class A Common Stock or Class B Common Stock, or any member of the immediate family of any of the foregoing, had or will have a direct or indirect material interest.

Amended and Restated Investors’ Rights Agreement

We are party to an amended and restated investors’ rights agreement that provides, among other things, certain stockholders, including certain of our executive officers, directors and principal stockholders, with demand registration rights, piggyback registration rights, and Form S-3 registration rights. All registration rights will terminate on the earlier of (i) the date that is five years after our IPO, or (ii) as to any stockholder, the first date after our IPO on which such stockholder is able to dispose of all of its registrable securities without restriction under Rule 144.

Limitation of Liability and Indemnification of Directors and Officers

Our Governing Documents, which became effective upon the completion of our IPO, provide that we will indemnify our directors and executive officers to the fullest extent permitted by law. In addition, as permitted by the laws of the State of Delaware, we have entered into indemnification agreements with each of our directors and executive officers. Under the terms of our indemnification agreements, we are required to indemnify each of our directors and executive officers to the fullest extent permitted by the laws of the State of Delaware if the indemnitee acted in good faith and in a manner the indemnitee reasonably believed to be in or not opposed to our best interests and, with respect to any criminal proceeding, had no reasonable cause to believe the indemnitee’s conduct was unlawful. We must indemnify our directors and executive officers against any and all (i) costs and expenses (including attorneys’ and experts’ fees, expenses and charges) actually and reasonably paid or incurred in connection with investigating, defending, being a witness in or participating in, or preparing to investigate, defend, be a witness in or participate in, and (ii) damages, losses, liabilities, judgments, fines, penalties (whether civil, criminal or other), excise taxes, and amounts paid or payable in settlement and all other charges paid or payable in connection with, in the case of either (i) or (ii), any threatened, pending or completed action, suit, proceeding, alternate dispute resolution mechanism, investigation or inquiry related to the fact that (a) such person is or was a director, officer, employee or agent of ours, or (b) such person is or was serving at our request as a director, officer, employee, member, manager, partner, trustee or agent of another corporation, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise. The indemnification agreements also require us, if so requested, to advance within 20 days of such request any and all costs and expenses that such director or executive officer incurs, provided that such person agrees to return any such advance if it is ultimately determined that such person is not entitled to be indemnified for such costs and expenses. Our Governing Documents also require that such person return any such advance if it is ultimately determined that such person is not entitled to indemnification by us as authorized by the laws of the State of Delaware. We are not required to provide indemnification under our indemnification agreements for certain matters, including: (i) indemnification in connection with certain proceedings or claims initiated or brought voluntarily by the director or executive officer, (ii) indemnification that is finally determined, under the procedures and subject to the presumptions set forth in the indemnification agreements, to be unlawful, (iii) indemnification related to disgorgement of profits made from the purchase or sale of our securities under Section 16(b) of the Exchange Act, or similar provisions of state statutory or common law, or (iv) indemnification for reimbursement to us of any bonus or other incentive-based or equity-based compensation previously received by the director or executive officer or payment of any profits realized by the director or executive officer from the purchase or sale of our securities, as required in each case under the Exchange Act (including any such reimbursements under Section 304 of the Sarbanes-Oxley Act) in connection with an accounting restatement or the payment to us of profits arising from the purchase or sale by the director or executive officer of our securities in violation of Section 306 of the Sarbanes-Oxley Act, our Governing Documents or otherwise, except with respect to any excess amount beyond the amount so received by the director or officer. The

indemnification agreements require us, to the extent that we maintain an insurance policy or policies providing liability insurance for our directors or executive officers, to cover such person by such policy or policies to the maximum extent available.

We have obtained insurance policies under which, subject to the limitations of the policies, coverage is provided to our directors and executive officers against loss arising from claims made by reason of breach of fiduciary duty or other wrongful acts as a director or executive officer, including claims relating to public securities matters, and to us with respect to payments that

may be made by us to these directors and executive officers pursuant to our indemnification obligations or otherwise as a matter of law.

Certain of our non-employee directors may, through their relationship with their employers, be insured and/or indemnified against certain liabilities incurred in their capacity as members of our Board.

We have also employed in our corporate support organization an immediate family member of an executive officer since September 2018. Their base salary, which is approximately \$200,000, along with their stock-based and other compensation, is commensurate with other similarly situated employees with similar skills and experience.

Policies and Procedures for Approval of Related Party Transactions

We have adopted a related party transaction policy. Pursuant to this policy, the Chairperson of our audit committee is charged with primary responsibility for determining whether, based on the particular facts and circumstances, a related person (as defined in the policy) has a direct or indirect material interest in a proposed or existing transaction involving us. Any director, officer or other employee who becomes aware of a transaction or relationship that could reasonably be expected to give rise to a conflict of interest is required to disclose the matter promptly to the Chairperson of our audit committee. To assist the Chairperson of our audit committee in making this determination, the policy sets forth certain categories of transactions that are deemed not to involve a direct or indirect material interest on behalf of the related person. If, after applying these categorical standards and weighing all of the facts and circumstances, the Chairperson of our audit committee determines that the related person would have a direct or indirect material interest in the transaction, he or she must present the transaction to our audit committee for review. Our audit committee must then either approve or reject the transaction in accordance with the terms of the policy and may only approve of the transaction if the audit committee determines that, based on all of the information presented, the related party transaction is not inconsistent with the best interests of AppFolio as a whole.
