Item 8.01 Other Events

- (1) The Company's copper mining operation has produced approximately 85 tons of Copper Ore. Once the ore is processed the Company will provided an update on the purity levels.
- (2) The Company's Board of Directors has decided to file a Form 15-12G with the United States Securities and Exchange Commission. The Company will continue to file its Quarterly, Annual and Periodic Reports through OTCMarkets.com. The Company made the decision for the following reasons:
 - a. The Company expenses related to its reporting requirements are approximately \$60,000 per year (or \$5,000 per month)
 - b. The OTC Markets new bid requirement of \$.01 for 30 days for OTCQB. The Company expects that it would have to do a reverse of the stock to obtain the \$.01 prior to the May 1 deadline. The Company currently has no plans to reverse the stock and as such has determined that it will not be able to meet the requirement of maintaining a bid of at least \$.01 for the 30 days prior to May 1.
 - c. The Company has made the decision not to seek convertible notes from Asher or other similar transactions. These transactions require the Company to be reporting to the SEC. As a result of deregistering, the Company will not be able to receive financing from Asher or any other 6 month convertible notes.

The Company's annual expenses to maintain reporting status are broken out as follows:

- i. Audit Expense: \$25,000 - \$30,000 (expected to increase to \$50,000 in next 12 months)
- ii. Legal Expenses: \$10,000
- iii. XBRL Fees: \$10,000 just to file 10-Qs and 10-K
- iv. OTC Markets New Fee: \$10,000
